Quarterly Report

For the period ending September 30, 2023 (the "Reporting Period")

Outstanding Shares

The number of shares outstanding of our Common Stock was:

262,744,142 as of September 30, 2023 (most recent quarter end)

138,004 as of December 31, 2022 (most recent fiscal year end) for WPF Holdings, Inc. and 27,660,500 as restated retroactively to reflect the reverse merger with Vezbi, Inc. with the latter as the accounting acquiring company

Shell Status

Indicate by check mark whether the company is a shell company (as defined in Rule 405 of the Securities Act of 1933, Rule 12b-2 of the Exchange Act of 1934 and Rule 15c2-11 of the Exchange Act of 1934):

Yes: No:

Indicate by check mark whether the company's shell status has changed since the previous reporting period:

Yes: No:

Change in Control

Indicate by check mark whether a Change in Control¹ of the company has occurred over this reporting period:

Yes: No:

1) Name and address(es) of the issuer and its predecessors (if any)

In answering this item, provide the current name of the issuer, any names used by predecessor entities, along with the dates of the name changes.

¹ "Change in Control" shall mean any events resulting in:

- (i) Any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becoming the "beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company's then outstanding voting securities;
- (ii) The consummation of the sale or disposition by the Company of all or substantially all of the Company's assets;
- (iii) A change in the composition of the Board occurring within a two (2)-year period, as a result of which fewer than a majority of the directors are directors immediately prior to such change; or
- (iv) The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such merger or consolidation.

WPF Holdings, Inc. is a Florida Corporation, which was originally formed as a New York corporation under the name Magic Communications Group, Inc. on January 16, 1997, and was then reincorporated in Delaware in November 2002. On September 24, 2007, the corporate name was changed to American Post Tension, Inc. as the result of an acquisition. On September 30, 2011, the Company acquired Crown City Pictures, Inc., a Florida corporation and changed its corporate name to Crown City Pictures, Inc. on that date as part of the acquisition. Effective November 21, 2014, the Company amended its Certificate of Incorporation to change its corporate name to World Poker Fund Holdings, Inc., as part of the acquisition of World Poker Fund, Inc., which closed in May 2015. The Company redomiciled to Florida and changed its name to WPF Holdings, Inc on September 27, 2022. In April 2023, shareholders of Vezbi, Inc., a California corporation, exchanged 87% of the outstanding common stock of Vezbi for 231,886,610 shares of common stock of WPF Holdings, Inc., representing 97% of the resulting outstanding common stock of WPF Holdings, Inc., effecting a reverse merger transaction. While the Issuer remains WPF Holdings, under applicable accounting rules, Vezbi, Inc. is treated as the accounting acquirer and the date of inception, financial reports and related accounting matters of the combined companies are treated as those of Vezbi, Inc. The financial reports included in this Amended Quarterly Report have been restated to reflect the same.

The state of incorporation or registration of the issuer and of each of its predecessors (if any) during the past five years; Please also include the issuer's current standing in its state of incorporation (e.g. active, default, inactive):

The Issuer had been a Delaware corporation from formation until September 27, 2022, when it redomiciled to Florida. It is current and active in Florida.

Describe any trading suspension orders issued by the SEC concerning the issuer or its predecessors since inception:

None

List any stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization either currently anticipated or that occurred within the past 12 months:

The issuer completed a 1 for 500 reverse split of its common stock in September 2022 resulting is 138,004 common shares outstanding

The Issuer completed the acquisition of the digital market of K-Pop in January 2023 for shares valued at \$250,000, The shares have not yet been issued and are included in Shares Issuable

The issuer completed the acquisition of control of Vezbi, Inc. in April 2023 by the exchange of 231,886,610 common shares of WPFH common stock for shares representing 86.7 percent of the outstanding stock of Vezbi. An additional 28,440,400 shares of WPFH common stock were issued at June 30, 2023 for 2,844,040, shares of Vezbi representing an additional 10 percent of Vezbi, with the remaining outstanding Vezbi shares reserved and included in Shares Issuable at June 30, 2023. in the amount of \$149,227,600, or 7,461,380 common shares

On September 4, 2023, 2,256,396 additional common shares of WPFH were issued to 39 Vezbi minority shareholders, resulting in 262,744,142 common shares outstanding at September 30, 2023.

The address(es) of the issuer's principal executive office:

1270 N. Wickham Road,
Suite 13, No 1019
Melbourne, FL 32935

The address(es) of the issuer's principal place of business:

Check if principal executive office and principal place of business are the same address:

680 E Colorado Blvd.
Suite 180 & 2nd Floor
Pasadena, California, 91101

Has the issuer or any of its predecessors been in bankruptcy, receivership, or any similar proceeding in the past five years?

No: Yes: If Yes, provide additional details below:

Use the space below to provide any additional details, including footnotes to the table above:

On October 11, 2022, the Company entered into a Settlement Agreement and Mutual Release with Maurice Mills and Performance Systems, Ltd. To resolve all issues relating to the failed acquisition of Real Deck, Incorporated. Under the terms of the settlement, the Company agreed to issue unregistered common stock valued at \$385,477 at the closing market price on October 14, 2022 plus \$100,000 in cash in installments to discharge in full an outstanding judgment and an additional \$331,500 shares of common stock at the same price in resolution of all other claims. The settlement shares have not yet been issued and the settlement date values are included in Shares Issuable at September 30, 2023

During the quarter ended September 30, 2023, the issuer issued 2,256,396 common shares to acquire additional outstanding minority shares of Vezbi at \$20.00 per share accrued as Shares Issuable at June 30, 2023, reducing the balance of Shares Issuable for the Vezbi acquisition to \$104,099,680, or 5,204,983 shares.

The September 30, 2023 consolidated balance sheet also reflects Common Shares Issuable of \$158,189,777, made up of the following:

Mills Settlement	\$ 962,177
Ingenia AI acquisition	8,000,000
Vezbi minority shares	<u>104,099,680</u>
Total	\$113,061,857

The remaining Vezbi minority shares are expected to be issued in the quarter ended December 21, 2023.

All of the offerings were private offerings under Section 4 or 5 of the '34 Act and were made without registration with the SEC or any state regulatory authority. The shares were issued as conversion shares under pre-existing convertible notes, and as consideration for acquisitions from unrelated parties. Some shares issued in the conversions of convertible notes may have been issued as free trading shares under Rule 144, with appropriate legal opinions acceptable to the Issuer and the transfer agent.

B. Promissory and Convertible Notes

Indicate by check mark whether there are any outstanding promissory, convertible notes, convertible debentures, or any other debt instruments that may be converted into a class of the issuer's equity securities:

No: Yes: (If yes, you must complete the table below)

Date of Note Issuance	Outstanding Balance (\$)	Principal Amount at Issuance (\$)	Interest Accrued (\$)	Maturity Date	Conversion Terms (e.g. pricing mechanism for determining conversion of instrument to shares)	Name of Noteholder. *You must disclose the control person(s) for any entities listed.	Reason for Issuance (e.g. Loan, Services, etc.)
8-28-2023	35,000	35,000	\$31.00	8-28-2026	40% discount to 10 day average closing price prior to conversion	KGL Investments, LLC+Kyle Lowry	Loan

Use the space below to provide any additional details, including footnotes to the table above:

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. (Please ensure that these descriptions are updated on the Company's Profile on www.otcmarkets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

WPF Holdings, Inc. is a dynamic e-commerce and digital consultancy company that helps businesses navigate the ever-evolving digital landscape. With a team of experts in various fields such as web design, digital marketing, and e-commerce strategy, we provide a holistic approach to help businesses increase their online presence and revenue. Our goal is to empower businesses to take full advantage of the opportunities that the digital world has to offer. With the acquisition of Vezbi, our focus has become to expand the SuperApp operating model into new market segments, including healthcare, restaurants, finance and banking and other markets. Our initial market focus will be healthcare and we are targeting acquisitions in this market for acquisition during the Fourth Quarter. See, Note 6 to Financial Statements. In December of 2021, WPFH entered into an agreement with Kimco Industries Inc., the owner and operator of the retail chain KPOP 1004, a K-POP and K-Beauty specialty store. KPOP 1004 stores are currently located in the Ontario Mills Shopping Center of Ontario, CA; Westfield Valencia Town Center of Valencia, CA; and the Premium Outlets of Las Vegas, NV. This agreement was not closed during the fiscal year ended December 31, 2022, but on January 23, 2023, WPFH closed its Agreement with Kimco Industries and acquired the online and e-commerce assets from the KPOP 1004 operations. This reflects the more technology-focused direction of WPF Holdings and modifies the direction of the Company.

On April 27, 2023, we completed the acquisition of control of Vezbi, Inc ("Vezbi"), a California corporation. Under the terms of the acquisition agreement signed in January 2023, six shareholders holding a total of 23,429,611 common shares of Vezbi, representing 86.7% of the total Vezbi shares outstanding and a commitment to acquire the remaining minority shares, proposed to acquire control of WPFH by the exchange of 10 shares of WPFH common stock for each common share of Vezbi. At the initial closing, the Issuer issued a total of 234,296,110 new WPFH common shares, issued an additional 28,440,400 at September 30, 2023 and reserved an additional 7,461,380 shares to be issued. At a market price for WPFH common shares of \$20.00, the deal is valued at \$5,403,957,800.

On September 8, 2023, as previously announced, we completed the acquisition of Kimco Industries, Inc. (d/b/a KPOP 1004) a Florida Corporation. in exchange for 350,000 shares of WPFH unregistered common stock. Kimco currently has three retail locations (Ontario, CA; Las Vegas, NV; and San Francisco, CA) which includes the largest KPOP retail location in the United States (by square footage) and plans to open additional locations. Kimco reported gross revenues from operations of \$ 703,647 and \$ 1,490,793 for 2021 and 2022, respectively. Net profits before income taxes for

the same periods was reported as \$29,701 and \$349,534. Gross revenue of \$746,488 was reported for the six months ended June 30, 2023.

On September 28, 2023, as previously announced, we closed on the acquisition of Distrito Boyle Heights (DBA Distrito Catorce) a California Corporation. We acquired all of the outstanding stock in Distrito for 150,000 shares in WPFH. Distrito recently commenced operations but is fully operational.

These two acquisitions will be ground zero for testing new Vezbi technology and will give Vezbi complete control over active, live businesses with the opportunity to develop, test and perfect its latest features, programs and offerings. Both businesses are going concerns with an active customer-base. Combined they will add approximately \$3M in gross revenues to WPFH's consolidated financials.

Initial plans for the retail Tech Lab include the development of sales and ordering kiosks, more integrated rewards and coupons, Vezbi Pay POS cash loading, and [Andale Pay](#) (Vezbi's international remittance service to over 300,000 locations throughout Latin America). Initial plans for the restaurant Tech Lab include reservations, table management, POS integrations, and parking and valet technology.

2. A description of assets acquired and the names of the purchaser and seller of such assets (if applicable).

WPFH issued 231,886,610 restricted common shares to the six initial Vezbi shareholders and committed to extend the same acquisition offer to the remaining common shareholders of Vezbi, holding a total of 3,590,184 shares, or 13.3% of the outstanding Vezbi shares, at the same exchange ratio, with the goal to acquire all of the equity of Vezbi. As of September 30, 2023, an additional 2,844,046 common shares of Vezbi were acquired, representing another 10.5% of the outstanding common, and the remaining 2.8% have been reserved and are included in Shares Issuable at September 30, 2023. Under the existing capital structure of WPFH, voting control of WPFH remains with the Series A Preferred stock, which carries 51 percent of the total vote of all classes of stock, and the control of which has not changed. The WPFH common shares issued to the Vezbi control shareholders were issued as restricted, unregistered shares in a private transaction.

Vezbi, Inc is a technology company that developed and created the Vezbi Super App. A Super App is an all-in-one, multi-functional mobile app that combines multiple services with features that include various payment methods, other financial services and communication into a single ecosystem. Super Apps often use micro-apps, also known as "mini-apps," as a way to offer a wide range of services and functions within a single application.

List any subsidiaries, parent company, or affiliated companies.

Vezbi, Inc. currently is an active subsidiary of the Issuer, as are Kimco Industries, Inc., and Distrito Boyle Heights.. LinkDate is not currently active but management expects to establish an active business as soon as working capital is available,. Voting control of the Company is through ownership of one million shares of Series A Convertible Preferred stock, which carries total voting power equal to 51 percent of the total vote of all classes of stock entitled to vote on any matter. The preferred shares were acquired by World Casinos & Resorts, Inc in January 2016 and the latter is the control person of the Company. World Casinos & Resorts, Inc is controlled by Periodic Holdings, Inc., a Delaware corporation. The controlling owner of Periodic Holdings, Inc. is Travis Kasper a business owner and entrepreneur who has expertise in business continuity, business logistics, regulatory and legal compliance, working with businesses that are pushing boundaries, both geographically and technologically. Mr. Kasper was former CEO of the Issuer.

B. Describe the issuers' principal products or services.

WPF Holdings, Inc. acquired 97.2% control of Vezbi, Inc. during the Second Quarter and the remaining 2.8% of Vezbi was acquired in the Third Quarter of 2023 or has been reported as Shares Issuable. and we now operate Vezbi as a controlled subsidiary.

Vezbi is the creator and developer of the Vezbi Super App. A Super App is an all-in-one, multi-functional mobile app that combines multiple services with features that include various payment methods, other financial services and

communication into a single ecosystem. Super Apps often use micro-apps, also known as "mini-apps," as a way to offer a wide range of services and functions within a single app.

Micro-apps are small, specialized apps that are integrated into the Super App and can be accessed by users without the need to download additional apps or leave the Super App. With micro-apps, businesses are able to launch their own app at a fraction of the cost and time to develop a traditional app, all while tapping into the user base and ecosystem of a Super App. By design, a Super App should offer a seamless, integrated, and efficient experience that collates several single-purpose apps into one app, offering consumers a single portal through which they can access "everything" they typically need.

Our operating plan is to adapt and develop the Super App model to specific industry market segments where the Super App concept is well adapted for market growth and penetration. Kimco Industries, Inc. (d/b/a KPOP 1004) a Florida Corporation. in exchange for 350,000 shares of WPFH unregistered common stock. Kimco currently has three retail locations (Ontario, CA; Las Vegas, NV; and San Francisco, CA) which includes the largest KPOP retail location in the United States (by square footage) and plans to open additional locations. Kimco reported gross revenues from operations of \$ 703,647 and \$ 1,490,793 for 2021 and 2022, respectively. Net profits before income taxes for the same periods was reported as \$29,701 and \$349,534. Gross revenue of \$746,488 was reported for the six months ended June 30, 2023.

On September 28, 2023, as previously announced, we closed on the acquisition of Distrito Boyle Heights (DBA Distrito Catorce) a California Corporation. We acquired all of the outstanding stock in Distrito for 150,000 shares in WPFH. Distrito recently commenced operations but is fully operational.

These two acquisitions will be ground zero for testing new Vezbi technology and will give Vezbi complete control over active, live businesses with the opportunity to develop, test and perfect its latest features, programs and offerings. Both businesses are going concerns with an active customer-base. Combined they will add approximately \$3M annual gross revenues to WPFH's consolidated financials.

Initial plans for the retail Tech Lab include the development of sales and ordering kiosks, more integrated rewards and coupons, Vezbi Pay POS cash loading, and [Andale Pay](#) (Vezbi's international remittance service to over 300,000 locations throughout Latin America). Initial plans for the restaurant Tech Lab include reservations, table management, POS integrations, and parking and valet technology.

Our initial market focus will be the healthcare market and we have identified specific acquisition targets and commenced negotiations toward potential acquisition agreements that will allow for a more rapid development in technology, specific market sectors and overall growth. The majority of these companies are under acquisition letters of intent, but definitive agreements are still only in the final stages. While there can be no assurances that we will be successful in closing all of these potential acquisitions, the Company anticipates signing final definitive agreements within the next 2-4 weeks with closings to follow relatively quickly. We expect all agreements to be closed in the Fourth Quarter of 2023.

The companies under negotiation range from pre-revenue start-ups to one with nearly 30 years of operational history. The combined actual gross revenues (unaudited) for the companies on their 2022 financial results is approximately \$70 million US. Due to the sensitive and ongoing nature of the negotiations we have refrained from disclosing the names of the target companies. As noted, our initial focus is on the healthcare market and some of the target companies in that market are:

TELEMEDICINE

On September 16, 2023, as previously announced, we signed a definitive agreement to acquire Virtual Health Holdings, Inc ("VHHI"), a Florida Corporation, in exchange for 6 million shares of restricted WPFH common stock, with an additional 4 million shares issuable based on certain milestones over the subsequent 24 months to acquire the control vote of VHHI. VHHI has telemedicine operations in all 50 states and 37 countries, being the largest provider

of telemedicine services in the Middle East [VHHI is a holding company which controls.

WPF Holdings has chosen to make healthcare one of the first market sectors it develops under the Vezbi Super App, and has made agreements to acquire in whole or part several other healthcare companies. The healthcare industry is one of the largest industries in the United States and we believe the Vezbi Super App can simplify and integrate medical information and services for consumers. Which will, in turn, help medical providers, insurers and related companies be able to focus more on patient care and remain bogged down by the technical hang-ups that have plagued the industry for years. Through the Vezbi Super App and the power of its cohesive integrations, we will be able to break through the “log jam” that the healthcare industry has struggled with as it tries to adapt to our growing digital world.

VHHI currently operates as a global virtual healthcare ecosystem centered around the CareClix Group of companies to provide the complete telehealth solution. The CareClix Group of companies consists of: CareClix Inc., CareClix Services, Inc., MyCareClix, Inc., CareClix Network PA and CareClix RPM. Inc., which are each a wholly owned subsidiary of VHHI”), Inc. VHHI and the CareClix Group of Companies have audited financial statements for each of the fiscal years ended December 31, 2019, 2020, 2021 and 2022.

The CareClix Group

We acquired the CareClix Group in order to expand into the telemedicine and medical software services industry. The group of companies under the CareClix Group will operate as our wholly owned subsidiaries and include a telemedicine medical services company, a direct-to-consumer company, a software-as-a- platform company, and an RPM (remote patient monitoring) company.

CARECLIX, INC.

CareClix Inc is a cloud-based enterprise telehealth software development company which develops and supports the CareClix® Anywhere Virtual Care Management Platform. CareClix Inc mission is to improve healthcare delivery through increased ease, interoperability, data management, and patient engagement. The CareClix® Anywhere Telemedicine platform was first developed in 2012 by practicing physicians; and development continues to be overseen by active licensed physicians. This differentiates CareClix® from its competitors. Our doctor focused approach drives our success in creating a suite of tools that improve care access, coordination, cost and quality. The CareClix® platform seamlessly and modularly integrates popular EHRs, claims systems, e-prescription, diagnostic laboratories, payer eligibility, medical devices and patient education. Currently the CareClix® virtual care platform has been recognized worldwide as one of the most complete telehealth platforms for medical service providers. It has been ranked by KLAS and was selected as the premiere virtual care platform by the New York Medical Society, Dallas Medical Society, Northern Virginia Medical Society, San Bernadino Medical Society, and International Medical Society. CareClix, Inc provides the technical platform for the CareClix Group of companies and sells it as Software-As-A-Service (SaaS) globally.

CARECLIX SERVICES, INC.

CareClix Services, Inc is a virtual healthcare delivery company. CareClix Services Inc combines the CareClix software with our multinational, multispecialty medical network to offer virtual healthcare services to a wide variety of health care services such as insurers, employers, affinity groups, healthcare systems, provider groups and independent physicians. CareClix Services, Inc is a leader in custom multinational virtual medicine. Our customers mix-and-match from our portfolio of technologies, medical services, and integrations. CareClix® also matches the transparency to our customers or partner’s comfort level allowing them to seamlessly grow their practice, their brand, and their revenue. CareClix Services is trusted by some of the best names in healthcare with more than 20 million individuals in the U.S. and over 35 other countries having access to CareClix' platform or services. Medical services are provided by our affiliate medical group CareClix Network PA. CareClix Network PA is a well-established network of primary care

and specialist physicians, and hospitals – including mental health – both in the US and internationally.

MYCARECLIX, INC.

My CareClix, Inc operates as a direct-to-consumer healthcare delivery company providing affordable care with concentration on patient safety and healthcare equity. MyCareClix is launching under the brand MyGuardianDoc™.™subscription fee, consumers in the US can have access to these services. We believe MyGuardianDoc™ can help reduce the healthcare equity gap and improve patient safety by providing a medical chaperone in an affordable and convenient way. MyCareClix has formed a Patient Safety and Care Equity Counsel whose purpose is to help relieve the pains caused by the current healthcare system leading to improved healthcare outcomes. By providing our Subscriber Households access to a physician, they can receive guidance, oversight, and care from a provider who has been trained to be sensitive to the needs of societal and racial minorities. Integration of the MyGuardianDoc™ medical delivery and medical chaperone system with the Vezbi Super App represents a potentially revolutionary innovation in medical care. An analysis of the MyGuardianDoc™ business model by an independent sales and marketing company projects that that company alone can generate more than a million subscribers within the first 12 months, or a total monthly recurring revenue of more than \$25 million.

CARECLIX RPM, INC.

CareClix RPM, Inc will develop and support technologies and services related to expanding the reach of medical services through Remote Patient Monitoring and Remote Therapeutic Monitoring. CareClix RPM will distribute and monitor FDA approved healthcare devices for remote patient monitoring, remote therapeutic monitoring, and chronic care management. Utilizing the CareClix platform to track and report monitored patient data, CareClix RPM, Inc will create turnkey solutions for providers seeking to start or expand their remote patient monitoring, data integration, remote therapeutic monitoring, or chronic care management programs. Anticipated to begin the second quarter of 2023, CareClix RPM will procure and distribute devices and offer a multi-lingual patient engagement team with qualified medical oversight and thorough reporting for billing and care plan administration.

CARECLIX NETWORK, PA is a Florida professional medical association affiliated with CareClix, Inc.. which has contracted with medical professionals to provide virtual healthcare consultations to patients on a global basis.

DIGITAL MARKETING

We have signed a binding term sheet to acquire all of the outstanding stock of as previously announced BH Marketing Group d/b/a US Marketing Group (USMG), a California Corporation; for a combination of cash and common stock. The agreed upon purchase price will be 12 times USMG's 2023 EBITDA, which the parties estimate to be an amount equal to \$84 million. We will pay \$30 million in cash to the shareholders of USMG when we have completed a planned secondary stock offering early in 2024. with the remainder of the total purchase price to be issued as restricted stock of WPFH, which is estimated to be 2.7 to 3.2 million shares.

USMG, based out of Encino, California, has established itself as one of digital marketing's most innovative full-service data marketing agencies offering fully compliant live leads, aged leads, Internet leads, marketing lists, mailing lists, opt-in email marketing, data append, telephone append, and customer database hygiene. They boast over 40 years of combined marketing experience. USMG has generated nearly \$12 million in total revenue with approximately \$7 million in profits for the last two years and expects to exceed that in 2023

Our plan for USMG is two-fold: 1) give WPFH “in-house” digital marketing to market the various products and services of its subsidiaries and particularly the VHHI telemedicine and MyGuardianDoc™ offerings; and 2) use the USMG technology and expertise to build an enhanced marketing platform within the Vezbi Super App that complies with our commitment to never sell customer data. USMG's expertise in digital marketing, usage of proprietary software and commitment to high standards will allow Vezbi to create a sophisticated and seamless marketing platform

within the Super App ecosystem. This marketing platform will allow for additional revenue generation from multiple revenue streams.

Joint Ventures and Partnerships.

On October 3, 2023, as previously announced, we signed a joint agreement for the purposes of expanding the Vezbi Pay/Digital Payment System and money remittance system into Andale Pay™ with 300,000 locations throughout Latin America.

On October 4, 2023, we entered into a partnership agreement with Woohoo (aka Social Bank) to private label their digital payment system and allow for the use of Woohoo's backend and banking relationships. The partnership profits will be divided, with the exact split to be determined on several factors to be agreed..

With Andale Pay, Vezbi Super App users will be able to load and send funds from the United States to hundreds of thousands of pick-up locations throughout Latin America. This is the first step of many to help us create a comprehensive payment solution that fits the wants and needs of Latinos as well as other customer groups, both in the US and abroad.

From inception, we have developed Vezbi with the business owner in mind. Along with offering micro-apps, we have built business features for them. Currently, business owners can take advantage of the following features:

Micro-Apps: Business owners can have access to their own micro-app on Vezbi at a fraction of the cost of developing their native own app. Not only can business owners offer the app to their own customers, they can also promote to the user-base of a Super App.

For example, restaurants with micro-apps currently have access to loyalty programs, deal notifications, online menu, order tracking/status, and waitlist.

Marketplace: We have implemented a multi-vender marketplace in Vezbi. 3rd party sellers are able to list their products and market them to our users. Although we are currently testing our B2C marketplace, we are also in the process of developing our B2B marketplace. Through the B2B marketplace, businesses will be able to order supplies directly from our app.

Shop Now: Our users can currently market their product or service through short videos on Vezbi. This often gives a more detailed description of products and services being promoted, as the videos are recorded live and linked directly to their own shopping cart/website.

Shared Tasks: This feature allows businesses to create and manage to-do lists and tasks and share them with other employees. Businesses can prioritize tasks, set due dates, and track their progress to stay organized and on top of their responsibilities. This feature can also integrate with calendars and reminders to ensure that tasks are completed on time.

Messaging: Businesses can stay connected with their customers or employees with our messaging feature. Through our Group messaging feature, users can upload digital assets and stay connected within their own Company infrastructure.

Video Marketing: Through Micro-Apps and SnipBits, businesses can post short videos to promote their product and services while linking their micro-apps or business website. Through video marketing, businesses can grow their following and indirectly/directly convert them to customers.

Event Listings: This feature allows businesses, organizations, and all users to share and promote their upcoming events directly to users. This feature benefits both the event organizers and the app users, as it provides a convenient and easily accessible platform to discover and attend events. Users can browse through a variety of events, such as

concerts, conferences, festivals, and more, and can easily purchase tickets or register for events through the app. This feature can also include personalized event recommendations based on the user's interests and location. Additionally, businesses can use this feature to promote their own events and drive traffic to their physical locations or online stores.

As a Super App we are in a unique position, as we must not only onboard consumers to use the various marketplaces, services, etc., but we must, at the same time, bring on business for the consumers to buy from. We have approached this 'chicken or the egg' problem by focusing on community clusters and building out and filling in from there.

In September of 2022, we launched in Southern California by partnering with cities, local chambers of commerce and the local business community to gain business and consumer users. This has allowed us to show the concept and feasibility of the micro-apps and the municipality dashboard features, which has made onboarding easier across the board.

With this base as a springboard, we have recently focused on the consumer user more, by bringing on partnerships to allow for faster and easier growth. We are focusing on those who have not developed technology as a core component to their ventures or who would benefit from a more cohesive digital ecosystem.

For example, we have partnered with local organizations, businesses and promoters and are looking to expand becoming the event app for events, night markets and farmers markets, where there is typically no centralized app for consumers to go to experience these real-world events. These markets will benefit from being able to better understand their users/attendees, providing new and better services, and allowing them to have more sophisticated interactions with the market vendors.

In October 2022, we started offering restaurants their own micro-apps. Within a few months, over 500 restaurants have signed up for their own micro-apps, giving them access to their own loyalty program, online menu, deal notifications, waitlist, and order status. By providing restaurants with technology, we are able to gain users through their patrons.

We are currently available for download on the Apple App Store and Google Play Store. Through our developmental period, we have integrated over 180+ APIs, 800+ micro-apps, and 230k+ downloads.

Currently queued for development include technology for real estate services (*i.e.* real estate listings & rental properties), healthcare services (*i.e.* telemedicine & pharmaceutical), and digital publishing & distribution services (*i.e.* music & books).

Over the next two years, we will focus on gaining market share through strategic partnerships and our micro-app usage. We plan to file a Form 10 and S-1 registration over the next few months to become fully reporting with the SEC and also raise funds from the capital markets to further our technology development and to market our app.

Revenues:

Although our focus is primarily on gaining market share and awareness, we have positioned ourselves to generate revenues from various features and services throughout the app. Because we offer a wide spectrum of services, we do not need to charge a premium for every transaction, as we will earn fees throughout the app on multiple features.

Revenue streams include:

In-App Purchases

We earn revenue through in-app purchases from both consumers, businesses, and content creators.

Businesses: These include business subscription services, push notifications, promotions, and ad buys.

Consumers: These include FAVRS, stickers/emoji packs, and branded content.

Social Media: These include video boosts, featured video, subscription fees, and promotions.

Financial Services & Transactions Fees

We will earn transaction fees throughout the app. We will earn fees through our payment features along with our selling platforms. These fees include merchant services and online sales through Micro-apps. Financial services will vary depending on what partnerships and integrations we add. Any transaction within our ecosystem will be fee free, but we will charge appropriate fees when funds are needed to be moved outside of our ecosystem.

Marketplace & Shop Now Revenues

As with other multi- vendor marketplaces, we charge a small fee for every transaction sold within our platform. We believe we can be extremely competitive in commission fees as our Marketplace is not our sole source of revenues.

Subscriptions & Premium Features

Some of the features will be available only through subscriptions. We plan to offer content creators a subscription model to earn income. Depending on the feature, we will be offering a revenue split from fees earned. We will also offer premium business & tech support to businesses on the Micro-apps as well as on our Marketplace.

Events & Ticketing

As part of our events listings, those who wish to charge for their event will be able to do so through our ticketing system. Depending on the business we will earn fees from revenue shares of ticket sales, transaction fees, etc. as is appropriate for the event and partnership.

Ad Revenues

We will generate ad revenue from various locations, inserts within our ecosystem, media ads, banner ads, etc. As we gain market share with businesses and consumers, we will be turning on native advertising. Through the data points accumulated from our users through their app usage (i.e., shopping, restaurant, etc), our business owners will be able to market to the users more effectively. Again, we do not need to use “shared data” from 3rd party apps for marketing purposes. Additional Ad revenue will be generated from custom marketing campaigns, promotions, and branded content.

TECHNOLOGY & VEZBI

Our platform consists of Android and IOS client interfaces developed with technologies including Kotlin, Java, and Swift. We utilize technologies including PHP, Laravel, CodeIgniter, Scala, as well as database technologies such as MariaDB, Postgresql, and Cassandra for our server-side web app/API platforms. We are hosted on Amazon Web Services and have the capability of autoscaling. Our marketplace holds PCI DSS, GDPR certifications for security. For security monitoring, we utilize SSL and Amazon Cloudwatch. Our platform integrates with third party single sign-on and other services. The use and set of technologies we use will consistently be evolving as we improve and develop our platform.

PROJECT SEVA & VEZBI

Henry Jan, the founder of our Super App platform developed Vezbi with the philosophy of Altruistic egoism at its core. Altruistic egoism is a term that refers to the idea that one can act in an altruistic manner, or in a manner that aims to benefit others, while still acting in one’s own self-interest or said another way, the act of benefiting or

improving others lives can also be an act to improve one’s own life.

Altruistic egoism is the economic model in which Vezbi was created. Vezbi’s actions can be seen as altruistic egoism, as it is motivated by a desire to benefit both the Company and others. For example, Vezbi launched *Project Seva*, a donation and partnership program for qualifying nonprofits who focus on (but not limited to) medical research, education, children & family services, immigration assistance, animal rights, disaster relief, community support and homelessness support.

Seva is the concept of selfless service that is performed without any expectation of result or award for performing it, an act of compassion and care for others above oneself. Vezbi will reward and work with these organizations to help carry out their mission and goals by utilizing our Super App platform or resources to assist them. At the closing of the Vezbi acquisition transaction, our founder stepped down from the Company to focus on his passion to work with nonprofit organizations and foundations. Jan will have a limited advisory role moving forward with Vezbi.

5) Issuer’s Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

The Issuer has no owned properties or facilities. The Company now operates from leased office space in Pasadena, CA.

6) Officers, Directors, and Control Persons

Using the table below, please provide information, as of the period end date of this report, regarding any officers, or directors of the company, individuals or entities controlling more than 5% of any class of the issuer’s securities, or any person that performs a similar function, regardless of the number of shares they own. **If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.**

Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders. 260.486.506

7) Legal/Disciplinary History

A. Identify whether any of the persons or entities listed above have, in the past 10 years, been the subject of:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

No

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

No

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

No

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

No

B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

None

8) Third Party Service Providers

Provide the name, address, telephone number and email address of each of the following outside providers. You may add additional space as needed.

Securities Counsel (must include Counsel preparing Attorney Letters).

Name: Donald Richards, Esq
Address 1: 333 S. Grande Ave-Suite 3590
Address 2: Los Angeles, CA 90071
Phone: (714) 860-2232
Email: lawlogic@yahoo.com

Accountant or Auditor

9) Financial Statements

A. The following financial statements were prepared in accordance with:

- IFRS
- U.S. GAAP

B. The following financial statements were prepared by (name of individual)²:

² The financial statements requested pursuant to this item must be prepared in accordance with US GAAP or IFRS and by persons with sufficient financial skills.

Name: **Eddie Kwong**
Title: **President/Secretary**
Relationship to Issuer: **Officer**

Describe the qualifications of the person or persons who prepared the financial statements: **Years of business and financial experience**

Provide the following financial statements for the most recent fiscal year or quarter. For the initial disclosure statement (qualifying for Pink Current Information for the first time) please provide reports for the two previous fiscal years and any subsequent interim periods.

- a. Audit letter, if audited;
- b. Balance Sheet;
- c. Statement of Income;
- d. Statement of Cash Flows;
- e. Statement of Retained Earnings (Statement of Changes in Stockholders' Equity)
- f. Financial Notes

Important Notes:

- Financial statements must be “machine readable”. Do not publish images/scans of financial statements.
- All financial statements for a fiscal period must be published together with the disclosure statement in one Annual or Quarterly Report.

10) Issuer Certification

Principal Executive and Financial Officer:

The issuer shall include certifications by the chief executive officer and chief financial officer of the issuer (or any other persons with different titles but having the same responsibilities) in each Quarterly Report or Annual Report.

The certifications shall follow the format below:

I, Eddie Kwong acting as Principal Executive Officer and Principal Accounting Officer, certify that:

1. I have reviewed this Amended Disclosure Statement for WPF Holdings, Inc. for the quarter ended September 30, 2023
2. Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this disclosure statement; and
3. Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present in all material respects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this disclosure statement.

9/26/2023 [Date]

Notes to Consolidated Financial Statements

Three and Nine Months ended September 30, 2023

(Unaudited)

Note 1. BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

In the quarter ended June 30, 2023, control of WPF Holdings, Inc. (the "Company") was acquired by six shareholders of Vezbi, Inc., a California corporation, by the exchange of ten shares of WPF Holdings, Inc. common stock for each share of Vezbi, resulting in the issue of 231,886,610, shares of WPF Holdings, Inc. to the six Vezbi shareholders, representing more than 85 percent of the resulting common stock outstanding. An additional 28,440,400 shares of WPFH common stock were issued at September 30, 2023 for 2,844,040 shares of Vezbi representing an additional 10 percent of Vezbi, with the remaining outstanding Vezbi shares reserved and included in Shares Issuable at September 30, 2023. Vezbi, Inc. became first a controlled subsidiary and eventually will be a wholly owned subsidiary of WPF Holdings, Inc.

The acquisition of Vezbi, Inc. has been treated for financial reporting purposes as a business combination and reverse merger under ASC-10, ASC 805-20 and ASC 805-30., with Vezbi, Inc. considered as the acquirer; accordingly, the date of inception and financial statements of Vezbi, Inc. are treated as those of the Company. The accompanying financial statements therefore are reported as those of Vezbi, Inc., modified as required to incorporate the previous equity of WPF Holdings, Inc. As a result, the financial statements previously reported by WPF Holdings, Inc. through the quarter ended March 31, 2023, including the financial statements for fiscal years ended December 31, 2021 and 2022 previously filed by WPF Holdings, Inc., are no longer the financial statements of the Company.

The financial statements to which these footnotes are attached were prepared by management based on a \$20.00 market value per share for the common shares issued in the acquisition, resulting in a deal value of \$5,403,957,800. The total deal value was then allocated to the assets and liabilities assumed in the transaction in management's best judgment. Under ASC 80 the Issuer has completed the accounting for the transaction on a provisional basis pending the planned retention of an independent expert to value the transaction and allocate the resulting acquisition values in accordance with ASC 805. Management expects to file any required adjustments to these provisional amounts by the end of the permitted one year measurement period.

ORGANIZATION AND NATURE OF BUSINESS

WPF Holdings, Inc. prior to the reverse merger with Vezbi, Inc., was originally formed as a New York corporation under the name Magic Communications, Inc. on January 16, 1997, and was then reincorporated in Delaware in November 2002. On September 24, 2007, the corporate name was changed to American Post Tension, Inc. as the result of an acquisition. On December 31, 2011, the Company acquired Crown City Pictures, Inc., a Florida corporation and changed its corporate name to Crown City Pictures, Inc. on that date as part of the acquisition. The Company operated under that name through January 2015, when the corporate name was changed to World Poker Fund Holdings, Inc. On October 10, 2014, the Company and the shareholders of World Poker Fund, Inc. agreed to exchange their shares in that company for stock of the Company. Under the Exchange Agreement, the outstanding preferred stock of the Company remained issued and outstanding, the current issued and outstanding common stock of the Company, after giving effect to conversions of convertible securities then outstanding, was reduced on a 1 for 150 basis, the authorized stock of the Company was set at 250 million shares of common stock and 5 million shares of preferred stock. and 1,000,000 Series A Preferred Stock remained outstanding, as of December 31, 2015. In January 2016, World Casinos & Resorts, Inc. acquired the Series A Preferred Stock and became the controlling owner of the Company. Periodic Holdings, Inc., a Delaware corporation in which the former Chairman and CEO of the Company is a principal, acquired the controlling interest in World Casinos & Resorts, Inc. during 2017. As of December 31, 2022, WPFH wrote off its earlier investments in several operating companies, retaining only its interest in LinkDate.

Vezbi, Inc. was incorporated in California on July 25, 2016, and was a development stage company from inception until late in 2022 when it completed development and began testing of its super-app technology. Henry Jan was the incorporator and primary principal of Vezbi and developer of the super app from inception until the shareholders of Vezbi acquired control of WPF Holdings, Inc. in April 2023, when he removed himself from Vezbi for personal reasons. Vezbi was funded by Mr. Jan personally and through sales of notes and common stock by Vezbi in exempt private transactions.

In December of 2021, WPFH entered into an agreement with Kimco Industries Inc., the owner and operator of the retail chain KPOP 1004, a K-POP and K-Beauty specialty store. KPOP 1004 stores are currently located in the Ontario Mills Shopping Center of Ontario, CA; Westfield Valencia Town Center of Valencia, CA; and the Premium Outlets of Las Vegas,

NV. This agreement was not closed during the fiscal year ended December 31, 2022, but on January 23, 2023, WPFH closed its Agreement with Kimco Industries and acquired the online and e-commerce assets from the KPOP 1004 operations. The remainder of Kimco was acquired in the Third Quarter of 2023. This reflects the more technology-focused direction of WPF Holdings and modifies the direction of the Company. The transaction was treated as an acquisition of assets.

On October 11, 2022, the Company entered into a Settlement Agreement and Mutual Release with Maurice Mills and Performance Systems, Ltd. to resolve all issues relating to the failed acquisition of Real Deck, Incorporated by WPFH. Under the terms of the settlement, the Company agreed to issue unregistered common stock valued at \$385,477 at the closing market price on October 14, 2022, plus \$100,000 in cash in installments to discharge in full an outstanding judgment and an additional \$331,500 shares of common stock at the same price in resolution of all other claims. The settlement shares have not yet been issued and the settlement date values are included in Shares Issuable at March 31, 2023

In September 2022, the Company changed its corporate name to WPF Holdings, Inc., changed its domicile to Florida and undertook a 1 for 500 reverse split of its common stock, leaving only 138,004 common shares outstanding. The Company also wrote off as impaired its investments in Real Deck, virtual gaming assets and other assets, retaining only the LinkDate operations as of December 31, 2022. At year end December 2022, WPFH determined that all of the prior acquisitions were impaired except the LinkDate and pending Kimco transactions and accordingly wrote off the investments as of December 31, 2022. in anticipation of the acquisition of control of WPFH by the Vezbi shareholders.

At the end of the Third Quarter, the Company closed on the acquisition of Distrito, which had just commenced operations. At September 30, 2023, the Company had a 95+percent interest in Vezbi and had two wholly owner operating subsidiaries, Kimcoi and Distrito.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company as of September 30, 2023, include the financial statements of Vezbi, Inc. and the consolidated operations of World Poker Fund, Inc., WPF Interactive, Inc., LinkDate LLC and WPFH Hospitality, Inc. as a reverse merger transaction. In management's opinion, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation to make the Company's financial statements not misleading have been included. The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The consolidated financial statements include the accounts of the Company and our wholly owned subsidiaries. All significant inter-company balances and transactions have been eliminated in consolidation.

Cash and Cash Equivalents

Cash includes all cash and highly liquid investments with original maturities of three months or less. The Company maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses on these accounts.

Property and Equipment

Property and equipment are recorded at cost less accumulated depreciation. Depreciation and amortization on property and equipment are determined using the straight-line method over the three to seven year estimated useful lives of the assets.

Impairment of Long-Lived Assets

The Company reviews our long-lived assets for impairment when events or changes in circumstances indicate that the book value of an asset may not be recoverable. The Company evaluates, at each balance sheet date, whether events and circumstances have occurred which indicate possible impairment. The Company uses an estimate of future undiscounted net cash flows of the related asset or group of assets over the estimated remaining life in measuring whether the assets are recoverable. If it is determined that an impairment loss has occurred based on expected cash flows, such loss is recognized in the statement of operations.

Accounts Receivable

Trade accounts receivable are recorded at the invoiced amount and do not bear interest. The Company extends unsecured credit to our customers in the ordinary course of business but mitigates the associated risks by performing credit checks

and actively pursuing past due accounts. An allowance for doubtful accounts is established and determined based on managements' assessment of known requirements, aging of receivables, payment history, the customer's current credit worthiness and the economic environment. Trade receivables are written off when deemed uncollectible. Recoveries of trade receivables previously written off are recorded when received. The receivable of \$2,500,000 was evaluated by management as of December 31, 2022 and management has determined that collection of the receivables was no longer possible.

Income Taxes

Income taxes are accounted for in accordance with the provisions of FASB ASC Topic 740-10. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the quarters in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized as income in the period that includes the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amounts expected to be realized, but no less than quarterly. Due to the uncertainty whether the accumulated losses will be available to offset future revenues, no deferred tax asset has been reported.

The Company follows the provisions of FASB ASC 740-10-50 and has performed a comprehensive review of our uncertain tax positions in accordance with recognition and measurement standards established by the codification. In this regard, an uncertain tax position represents the Company's expected treatment of a tax position taken in a filed tax return, or expected to be taken in a tax return, that has not been reflected in measuring income tax expense for financial reporting purposes. The Company does not expect any reasonably possible material changes to the estimated amount of liability associated with uncertain tax position. The Company's continuing policy is to recognize accrued interest and penalties related to income tax matters in income tax expense.

Related Parties

For the purposes of these financial statements, parties are considered to be related if one party has the ability, directly or indirectly, to control the party or exercise significant influence over the other party in making financial and operating decisions, or vice versa, or where the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities. Currently, World Casino Resorts, our majority shareholder by virtue of its ownership of the Series A Convertible Preferred Stock, is considered to be a related party.

As a result of the Vezbi acquisition, the Vezbi Family Trust acquired the majority of the common stock of the Company as well and is considered a related party.

On October 11, 2022, the Company entered into a Settlement Agreement and Mutual Release with Maurice Mills and Performance Systems, Ltd. to resolve all issues relating to the failed acquisition of Real Deck, Incorporated. Under the terms of the settlement, the Company agreed to issue unregistered common stock valued at \$385,477 at the closing market price on October 14, 2022, plus \$100,000 in cash in installments to discharge in full an outstanding judgment and an additional \$331,500 shares of common stock at the same price in resolution of all other claims. The settlement shares have not yet been issued.

At December 31, 2022, there were 138,400 common shares of WPF Holdings outstanding after the 1 for 500 reverse split with additional shares issuable for the Mills settlement and certain debt conversions. A total of 260,486,506 common shares are outstanding at September 30, 2023 as a result of note conversions and the Vezbi acquisition.

Revenue Recognition

The Company recognizes revenue in accordance with FASB ASC 926-605 on revenue recognition for entertainment films. Revenue from the sale of film and television programming rights and license arrangements will be recognized only when persuasive evidence of a sale or arrangement with a customer exists, the project is complete, the contractual delivery arrangements have been satisfied, the license period has commenced if applicable, the arrangement fee is fixed or determinable, collection of the arrangement fee is reasonably assured, and other conditions as specified in the respective agreements have been met.

Revenue from production services for third parties is recognized when the production is completed and delivered. All associated production costs are deferred and charged against income when the film is delivered, and the related revenue is recognized.

Fees for other services provided to third parties are recognized as revenues when the services are performed and there is reasonable assurance over the collection of the fees. Cash received in advance of meeting the revenue recognition criteria described above is recorded as deferred revenue.

Basic and Diluted Earnings/ (Loss) Per Share

Net earnings and loss per share is computed in accordance with FASB ASC 260-10 and requires the presentation of both basic and diluted earnings per share. Basic net earnings and loss per common share is computed using the weighted average number of common shares outstanding during the period. Diluted loss per share reflects the potential dilution that could occur through the potential effect of common shares issuable upon the exercise of stock options, warrants and convertible securities. The calculation assumes: (i) the exercise of stock options and warrants based on the treasury stock method; and (ii) the conversion of convertible preferred stock only if an entity records earnings from continuing operations, as such adjustments would otherwise be anti-dilutive to earnings per share from continuing operations.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting periods. Actual results could differ from those estimates and those differences could be material.

Going Concern

The accompanying consolidated financial statements of the Company have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The Company has suffered an operating loss, has operating cash outflows, and negative working capital and positive stockholders' equity. Our ability to continue as a going concern is dependent upon achieving profitable operations and generating positive cash flows. The previous level of operations may not sustain the Company's expenses and it may have to borrow additional funds to meet cash needs. These factors, among others, could affect our ability to continue as a going concern; however, pending acquisitions and business growth are expected to provide sufficient capital to meet our working capital needs for more than the next 12 months.

There can be no assurances that the Company will be able to achieve profitable operations or obtain additional funding. These factors create substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of the uncertainty.

Other Comprehensive Income

The Company has no components of other comprehensive income and, accordingly, no Statement of Comprehensive Income has been included in the accompanying consolidated financial statements.

Recent Accounting Pronouncements

The Company has reviewed all recently issued, but not yet effective, accounting pronouncements and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on our financial condition or the results of our operations.

Note 2. FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Additionally, the inputs used to measure fair value are prioritized based on a three-level hierarchy. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 — Quoted prices in active markets for identical assets or liabilities.

Level 2 — Observable inputs other than quoted prices included in Level 1. We value assets and liabilities included in this level using dealer and broker quotations, bid prices, quoted prices for similar assets and liabilities in active markets, or other inputs that are observable or can be corroborated by observable market data.

Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Initial valuations of recent acquisitions have been valued based on the trading price of the stock consideration given by the Company plus any related cash consideration.

Recurring Fair Value Measurements

In accordance with accounting principles generally accepted in the United States, certain assets and liabilities are required to be recorded at fair value on a recurring basis. During the nine months ended September 30, 2023, no adjustments were required.

Note 3. INCOME TAXES

The Company accounts for income taxes in accordance with accounting standards for Accounting for Income Taxes which require the recognition of deferred tax assets and liabilities for both the expected impact of differences between the financial statements and tax basis of assets and liabilities, and for the expected future tax benefit to be derived from tax loss and tax credit carryforwards. Additionally, the standards require the establishment of a valuation allowance to reflect the likelihood of realization of deferred tax assets.

The following is a reconciliation of income taxes computed using the statutory Federal rate to the income tax expense in the financial statements September 30 2023:

Income tax provision at the federal statutory rate	34%
Income tax provision at the state statutory rate	4%
Effect of operating losses	(38%)

Under Sections 382 and 269 (the 'shell corporation' rule) of the Code following an 'ownership change,' special limitations ('Section 382 Limitations') apply to the use by a corporation of its net operating loss, or NOL, carryforwards arising before the ownership change and various other carryforwards of tax attributes (referred to collectively as the 'Applicable Tax Attributes'). It is anticipated that these Attributes will apply to the Company as a result of the acquisition of control of the Company by the Vezbi shareholders.

Note 4. OPERATING LEASES

On September 30, 2023, the Company occupied leased office space in Pasadena, California as its operating offices.

There were a total of 138,400 common shares of WPFH issued and outstanding as of December 31, 2022 and 260,486, at September 30, 2023 as a result of the Vezbi acquisition.

Note 6. CONVERTIBLE DEBTS

As of December 31, 2022, the Company had short term convertible notes outstanding in the total principal amount of \$110,000 held by non-affiliates. These notes were all converted into common stock in May 2023. In September 2023 the Company issued a single convertible note in the principal amount of \$35,000 for a cash investment. The note matures in 2024 bears interest at 8 percent and is convertible at the election of the holder into common stock at a conversion price of 60 percent of the 10 day average closing price ending with the date of conversion.

NOTE 7. SUBSEQUENT EVENTS

WPF Holdings has entered into several agreements to acquire companies that will allow for a more rapid development in technology, specific market sectors and overall growth. The majority of the companies are under letters of intent but definitive agreements are in final stages and the Company anticipates signing the definitive agreements within the next 4-6 weeks with closings to follow relatively quickly and expect all agreements to be closed in the Fourth Quarter of 2023.

The companies under these agreements range from pre-revenue start-ups to nearly 30 years of operational history. The combined gross revenues (unaudited) for the companies based on their 2022 financials, is approximately \$70 million US. Due to the sensitive and ongoing nature of the agreements, we will refrain from disclosing the names of the companies until definitive agreements have been executed and announced.

The companies under negotiation range from pre-revenue start-ups to one with nearly 30 years of operational history. The combined actual gross revenues (unaudited) for the companies on their 2022 financial results is approximately \$70 million US. Due to the sensitive and ongoing nature of the negotiations we have refrained from disclosing the names of the target companies. As noted, our initial focus is on the healthcare market and some of the target companies in that market are: TELEMEDICINE

On September 16, 2023, as previously announced, we signed a definitive agreement to acquire Virtual Health Holdings, Inc (“VHHI”), a Florida Corporation, in exchange for 6 million shares of restricted WPFH common stock, with an additional 4 million shares issuable based on certain milestones over the subsequent 24 months to acquire the control vote of VHHI. VHHI has telemedicine operations in all 50 states and 37 countries, being the largest provider of telemedicine services in the Middle East VHHI currently operates as a global virtual healthcare ecosystem centered around the CareClix Group of companies to provide the complete telehealth solution. The CareClix Group of companies consists of: CareClix Inc., CareClix Services, Inc., MyCareClix, Inc., CareClix Network PA and CareClix RPM, Inc., which are each a wholly owned subsidiary of VHHI”), Inc. VHHI and the CareClix Group of Companies have audited financial statements for each of the fiscal years ended December 31, 2019, 2020, 2021 and 2022.

WPF Holdings has chosen to make healthcare one of the first market sectors it develops under the Vezbi Super App, and has made agreements to acquire in whole or part several other healthcare companies. The healthcare industry is one of the largest industries in the United States and we believe the Vezbi Super App can simplify and integrate medical information and services for consumers. Which will, in turn, help medical providers, insurers and related companies be able to focus more on patient care and remain bogged down by the technical hang-ups that have plagued the industry for years. Through the Vezbi Super App and the power of its cohesive integrations, we will be able to break through the “log jam” that the healthcare industry has struggled with as it tries to adapt to our growing digital world.

DIGITAL MARKETING

We have signed a binding term sheet to acquire all of the outstanding stock of as previously announced BHMarketing Group d/b/a US Marketing Group (USMG), a California Corporation; for a combination of cash and common stock. The agreed upon purchase price will be 12 times USMG’s 2023 EBITDA, which the parties estimate to be an amount equal to \$84 million. We will pay \$30 million in cash to the shareholders of USMG when we have completed a planned secondary stock offering early in 2024. with the remainder of the total purchase price to be issued as restricted stock of WPFH, which is estimated to be 2.7 to 3.2 million shares.

USMG, based out of Encino, California, has established itself as one of digital marketing's most innovative full-service data marketing agencies offering fully compliant live leads, aged leads, Internet leads, marketing lists, mailing lists, opt-in email marketing, data append, telephone append, and customer database hygiene. They boast over 40 years of combined marketing experience. USMG has generated nearly \$12 million in total revenue with approximately \$7 million in profits for the last two years and expects to exceed that in 2023

Our plan for USMG is two-fold: 1) give WPFH “in-house” digital marketing to market the various products and services of its subsidiaries and particularly the VHHI telemedicine and MyGuardianDoc™ offerings; and 2) use the USMG technology and expertise to build an enhanced marketing platform within the Vezbi Super App that complies with our commitment to never sell customer data. USMG’s expertise in digital marketing, usage of proprietary software and commitment to high standards will allow Vezbi to create a sophisticated and seamless marketing platform within the Super App ecosystem. This marketing platform will allow for additional revenue generation from multiple revenue streams.

JOINT VENTURES AND PARTNERSHIPS.

On October 3, 2023, as previously announced, we signed a joint agreement for the purposes of expanding the Vezbi Pay/Digital Payment System and money remittance system into Andale Pay™ with 300,000 locations throughout Latin

America.

On October 4, 2023, we entered into a partnership agreement with Woohoo (aka Social Bank) to privately label their digital payment system and allow for the use of Woohoo's backend and banking relationships. The partnership profits will be divided, with the exact split to be determined on several factors to be agreed.

With Andale Pay, Vezbi Super App users will be able to load and send funds from the United States to hundreds of thousands of pick-up locations throughout Latin America. This is the first step of many to help us create a comprehensive payment solution that fits the wants and needs of Latinos as well as other customer groups, both in the US and abroad,

WPF Holdings has chosen to make healthcare one of the first market sectors it develops under the Vezbi Super App and has made agreements to acquire in whole or part several healthcare companies. The healthcare industry is one of the largest industries in the United States and Company believes that it can simplify and integrate medical information and services for consumers. Which will, in turn, help medical providers, insurers and related companies be able to focus more on patient care and not be bogged down by the technical hang-ups that have plagued the industry for years. Through the Vezbi Super App and the power of its cohesive integrations, the Company expects it will be able to break through the "log jam" that the healthcare industry has struggled with as it tries to adapt to our growing digital world.

The key to these acquisitions is obtaining additional funding and with that intent, the Company has signed an engagement letter and term sheet for \$5 million in bridge funding in anticipation of a large secondary offering in early 2024 simultaneously on the filing of an application to list the Company common shares on NASDAQ or the NYSE.
