Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The holders of outstanding shares of Common Stock are entitled to receive dividends out of assets or funds legally available for the payment of dividends of such times and in such amounts as the board from time to time may determine. Holders of Common Stock are entitled to one vote for each share held on all matters submitted to a vote of shareholders. There is no cumulative voting of the election of directors then standing for election. The Common Stock is not entitled to pre-emptive rights and is not subject to conversion or redemption. Upon liquidation, dissolution or winding up of our company, the assets legally available for distribution to stockholders are distributable ratably among the holders of the Common Stock after payment of liquidation preferences, if any, on any outstanding payment of other claims of creditors.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Series C Preferred Stock

Preferred Series C Stock

The Company designated 9,996,000 shares of Series C Convertible Preferred Stock with a par value of \$0.0001 per share.

Initially, there will be no dividends due or payable on the Series C Preferred Stock. Any future terms with respect to dividends shall be determined by the Board consistent with the Corporation's Certificate of Incorporation. Any and all such future terms concerning dividends shall be reflected in an amendment to this Certificate, which the Board shall promptly file or cause to be filed.

All shares of the Series C Preferred Stock shall rank (i) senior to the Corporation's Common Stock and any other class or series of capital stock of the Corporation hereafter created, (ii) pari passu with any class or series of capital stock of the Corporation hereafter created and specifically ranking, by its terms, on par with the Series A Preferred Stock and (iii) junior to any class or series of capital stock of the Corporation hereafter created specifically ranking, by its terms, senior to the Series C Preferred Stock, in each case as to distribution of assets upon liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary.

The Series C Preferred shall have the following liquidation preferences over any other class of stock:

"In the event of a Liquidation Event, the Holders of the SERIES C PREFERRED STOCK shall have the same rights as holders of Common Stock, except that each share of outstanding SERIES C PREFERRED STOCK shall have one thousand (1,000) times the rights as each share of Common Stock ("Liquidation Ratio"). Collectively, the holders of the then outstanding shares of Common Stock and the holders of the then outstanding shares of SERIES C PREFERRED STOCK shall be entitled to receive all of the remaining assets of the Corporation available for distribution to such stockholders. The distribution shall be ratable, in proportion to the number of shares of the Common Stock and/or Series C Preferred Stock held by them, after giving effect to the Liquidation Ratio."

Each holder of outstanding shares of Series C Preferred Stock shall be entitled to the number of votes equal to twenty-five thousand (25,000) Common Shares. Except as provided by law, or by the provisions establishing any other series of Preferred Stock, holders of Series C Preferred Stock and of any other outstanding series of Preferred Stock shall vote together with the holders of Common Stock as a single class.

Each holder of shares of Series C Preferred Stock may, at any time and from time to time, convert (an "Optional Conversion") each of its shares of Series C Preferred Stock into a 25,000 of fully paid and non-assessable shares of Common Stock; provided, however, that any Optional Conversion must involve the issuance of at least 25,000 shares of Common Stock.

In the event of a reverse split the conversion ratio shall not be change. However, in the event a forward split shall occur then the conversion ratio shall be modified to be increased by the same ratio as the forward split.

The company has evaluated the Series C Preferred Stock in accordance with ASC 815 and has determined their conversion options were for equity and ASC 815 does not apply.

3. Describe any other material rights of common or preferred stockholders.

None.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None.

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any direct changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period**.

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

4) Issuer’s Business, Products and Services

The purpose of this section is to provide a clear description of the issuer’s current operations. In answering this item, please include the following:

A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

Vortex Brands Co., (“Vortex”, the “Company”) is a Colorado corporation incorporated on May 6, 2005. It is based in Sacramento, California. The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America, and the Company’s fiscal year end is February 28 (February 29 in leap years).

The Company is engaged in “Bitcoin Mining” – i.e. the process by which Bitcoins are created, resulting in new blocks being added to the blockchain and new Bitcoins being issued to the miners. Miners engage in a set of prescribed complex mathematical calculations to add a block to the blockchain and thereby confirm cryptocurrency transactions included in that block’s data. Miners that are successful in adding a block to the blockchain are automatically awarded a fixed number of Bitcoins for their effort.

The Company has purchased and maintains ASIC (application-specific integrated circuit) computers - computers that are specifically designed for cryptocurrency mining - that will be used for Bitcoin Mining. We place the Bitcoin Mining equipment with 3rd party datacenters or farms (often referred as a “Co-Location”) located in Kentucky and Texas that power and operate our Bitcoin Mining equipment for a fee. We generate revenues through receiving Bitcoin from our Bitcoin Mining equipment.

A link to the company’s wallet can be found below that shows all transactions related to the company’s mining operation.

<https://blockchair.com/bitcoin/address/38xnQP3mbWoDQTqLZy3GFMZyd2bwigvwCp>

The company has acquired Nineteen (19) Antminer S19j Pro (100th) that came on-line during 2022. Due to long delivery dates for equipment, the company had originally leased terrahash to act as a stop gap until the company’s machines came on-line, the last of those leases expired on October 28, 2022. In 2023 the company added 3 Antminer S19 (95T), 3 Antminer S19j Pro (100T), and 5 Antminer S19j Pro+ (120T).

B. Please list any subsidiaries, parents, or affiliated companies.

This is the current corporate organization:

C. Describe the issuers' principal products or services.

Bitcoin Mining.

5) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

The Company's mailing address is: 3511 Del Paso Rd., Ste. 160 PMB 432 Sacramento, CA 95835. The Company maintains no other offices. The Company's operations are conducted on the mining sites described above.

6) Officers, Directors, and Control Persons

Using the table below, please provide information, as of the period end date of this report, regarding any officers, or directors of the company, individuals or entities controlling more than 5% of any class of the issuers securities, or any person that performs a similar function, regardless of the number of shares they own. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.

Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

Vortex Brands Co.
Notes to the Financial Statements
August 31, 2023

NOTE 1. ORGANIZATION AND BUSINESS

Vortex Brands Co., (“Vortex”, the “Company”) is a Colorado corporation incorporated on May 6, 2005. It is based in Sacramento, California. The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America, and the Company’s fiscal year end is February 28 (February 29 in leap years).

The Company is engaged in “Bitcoin Mining” – i.e. the process by which Bitcoins are created, resulting in new blocks being added to the blockchain and new Bitcoins being issued to the miners. Miners engage in a set of prescribed complex mathematical calculations to add a block to the blockchain and thereby confirm cryptocurrency transactions included in that block’s data. Miners that are successful in adding a block to the blockchain are automatically awarded a fixed number of Bitcoins for their effort.

The Company has purchased and maintains ASIC (application-specific integrated circuit) computers - computers that are specifically designed for cryptocurrency mining - that will be used for Bitcoin Mining. We place the Bitcoin Mining equipment with 3rd party datacenters or farms (often referred as a “Co-Location”) located in Kentucky and Texas that power and operate our Bitcoin Mining equipment for a fee. We generate revenues through receiving Bitcoin from our Bitcoin Mining equipment.

A link to the company’s wallet can be found below that shows all transactions related to the company’s mining operation.

The company has acquired Nineteen (19) Antminer S19j Pro (100th) that came on-line during 2022. Due to long delivery dates for equipment, the company had originally leased terrahash to act as a stop gap until the company’s machines came on-line, the last of those leases expired on October 28, 2022. In 2023 the company added 3 Antminer S19 (95T), 3 Antminer S19j Pro (100T), and 5 Antminer S19j Pro+ (120T).

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

General principles

These consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“US GAAP”). The fiscal year end is November 30.

Related Party Transactions

Transactions between related parties are considered to be related party transactions even though they may not be given accounting recognition. FASB ASC 850, Related Party Disclosures (“FASB ASC 850”) requires that transactions with related parties that would make a difference in decision making shall be disclosed so that users of the financial statements can evaluate their significance. Related party transactions typically occur within the context of the following relationships:

- Affiliates of the entity;
- Entities for which investments in their equity securities is typically accounted for under the equity method by the investing entity;
- Trusts for the benefit of employees;
- Principal owners of the entity and members of their immediate families;
- Management of the entity and members of their immediate families.

that can significantly influence the management or operating policies of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

Consolidation Policy

These consolidated financial statements of the Company include the accounts of the Company and its wholly owned subsidiary, Blockchain Energy. All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

Cash equivalents are short-term highly liquid investments that are readily convertible to cash with original maturities of three months or less, at the date acquired.

Revenue recognition

Effective January 1, 2018, the Company adopted ASC 606 — Revenue from Contracts with Customers. Under ASC 606, the Company recognizes revenue from the commercial sales of products by: (1) identify the contract (if any) with a customer; (2) identify the performance obligations in the contract (if any); (3) determine the transaction price; (4) allocate the transaction price to each performance obligation in the contract (if any); and (5) recognize revenue when each performance obligation is satisfied. Under ASC 606, revenue is recognized when the following criteria are met: (1) persuasive evidence of an arrangement exists; (2) the performance of service has been rendered to a customer or delivery has occurred; (3) the amount of fee to be paid by a customer is fixed and determinable; and (4) the collectability of the fee is reasonably assured. The Company has no outstanding contracts with any of its’ customers. The Company recognizes revenue when title, ownership, and risk of loss pass to the customer, all of which occurs upon shipment or delivery of the product and is based on the applicable shipping terms.

For contracts with customers, ownership of the goods and associated revenue are transferred to customers at a point in time, generally upon shipment of a product to the customer or receipt of the product by the customer and without significant judgments. Advance payments are typically required for commercial customers and are recorded as current liability until revenue is recognized. Advance payments are not required for government customers. The majority of contracts typically require payment within 30 to 60 days after transfer of ownership to the customer.

Advertising and marketing expenses

Advertising and marketing expenses are charged to the statement of operations and comprehensive income, as incurred.

Income taxes

The Company accounts for income taxes in accordance with ASC No. 740, "Income Taxes". This codification prescribes the use of the asset and liability method whereby deferred tax asset and liability account balances are determined based on differences between financial reporting and tax bases of assets and liabilities and for carry-forward tax losses. Deferred taxes are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company provides a valuation allowance, if necessary, to reduce deferred tax assets to their estimated realizable value if it is more likely than not that some portion or all of the deferred tax asset will not be realized.

Deferred tax liabilities and assets are classified as current or non-current based on the classification of the related asset or liability for financial reporting, or according to the expected reversal dates of the specific temporary differences, if not related to an asset or liability for financial reporting.

The Company accounts for uncertain tax positions in accordance with the provisions of ASC 740, "Income Taxes". Accounting guidance addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the consolidated financial statements, under which a company may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position.

The tax benefits recognized in the consolidated financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. Accordingly, the Company would report a liability for unrecognized tax benefits resulting from uncertain tax positions taken or expected to be taken in a tax return. The Company elects to recognize any interest and penalties, if any, related to unrecognized tax benefits in tax expense.

Share-Based Expense

ASC 718, "Compensation – Stock Compensation," prescribes accounting and reporting standards for all share-based payment transactions in which employee and non-employee services are acquired. Transactions include incurring liabilities, or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees and non-employees, including grants of employee stock options, are recognized as compensation expense in the financial statements based on their fair values. That expense is recognized over the period during which an employee is required to provide services in exchange for the award, known as the requisite service period (usually the vesting period).

Share-based expense totaled \$0 for the period ending August 31, 2023.

Earnings per Share

The Company computes basic and diluted earnings per share amounts in accordance with ASC Topic 260, "Earnings per Share." Basic earnings per share is computed by dividing net income (loss) available to common shareholders by the weighted average number of common shares outstanding during the reporting period. Diluted earnings per share reflects the potential dilution that could occur if stock options and other commitments to issue common stock were exercised or equity awards vest resulting in the issuance of common stock that could share in the earnings of the Company. As of August 31, 2023, there are no convertible shares that were dilutive instruments and are not included in the calculation of diluted loss per share as their effect would be antidilutive.

Fair value measurements

Fair value is defined as the price that the Company would receive to sell an investment or pay to transfer a liability in a timely transaction with an independent counter-party in the principal market or in the absence of a principal market, the most advantageous market for the investment or liability. A three-tier hierarchy is established to distinguish between (1) inputs that reflect the assumptions market participants would use in pricing an asset or liability developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (2) inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing an asset or liability developed based on the best information available in the circumstances (unobservable inputs); and establishes a classification of fair value measurements for disclosure purposes.

The hierarchy is summarized in the three broad levels listed below:

- Level 1 quoted prices in active markets for identical assets and liabilities
- Level 2 other significant observable inputs (including quoted prices for similar assets and liabilities, interest rates, credit risk, etc.)
- Level 3 significant unobservable inputs (including the Company's own assumptions in determining the fair value of assets and liabilities).

The Company's financial instruments consist primarily of cash and due to related parties. The carrying amounts of such financial instruments approximate their respective estimated fair value due to the short-term maturities and approximate market interest rates of these instruments.

There were no transfers between the levels of the fair value hierarchy during the period ended August 31, 2023.

Contingencies

Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the Company but which will only be resolved when one or more future events occur or fail to occur. The Company's management and legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies relating to legal proceedings that are pending against the Company or unasserted claims that may result in such proceedings, the Company's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought. If the assessment of the contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, the estimated liability would be accrued in the Company's financial statements.

Recently Issued Accounting Standards

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, Leases. Under the new guidance, lessees will be required to recognize a lease liability and a right-of-use asset for all leases (with the exception of short-term leases) at the commencement date. The ASU is effective for fiscal years and interim periods within those years beginning after December 15, 2018.

In January 2017, the FASB issued ASU No. 2017-04, Intangibles - Goodwill and Other: Simplifying the Test for Goodwill Impairment. The amendments simplify the subsequent measurement of goodwill and eliminate the two-step goodwill impairment test. The Company will perform its annual, or interim, goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount. An entity should recognize a goodwill impairment charge for the amount by which the reporting unit's carrying amount exceeds its fair value. If fair value exceeds the carrying amount, no impairment should be recorded. Any loss recognized should not exceed the total amount of goodwill allocated to that reporting unit. Impairment losses on goodwill cannot be reversed once recognized. The ASU is effective prospectively for fiscal years and interim periods within those years beginning after December 15, 2019. Early adoption is permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. We do not anticipate any material impact on the condensed consolidated financial statements.

Management has considered all recent accounting pronouncements issued. The Company's management believes that recent pronouncements will not have a material effect on the Company's financial statements.

NOTE 3 – GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. As of August 31, 2023, the Company has a loss from operations, an accumulated deficit, no revenue, and a working capital deficiency. The Company intends to fund operations through equity financing arrangements, which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the period ending August 31, 2023.

Management intends to raise additional funds through public or private placement offerings.

These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 4. STOCKHOLDERS' DEFICIT

General

We have authorized capital stock consisting of 9,000,000,000 shares of common stock, \$0.0001 par value per share ("Common Stock") and 20,000,000 shares of preferred stock, \$0.0001 par value per share ("Preferred Stock"). As of the date of this filing, we have 1,212,750,000 shares of Common Stock, 6,059,600 shares of Preferred Series C Stock issued and outstanding.

Common Stock

The holders of outstanding shares of Common Stock are entitled to receive dividends out of assets or funds legally available for the payment of dividends of such times and in such amounts as the board from time to time may determine. Holders of Common Stock are entitled to one vote for each share held on all matters submitted to a vote of shareholders. There is no cumulative voting of the election of directors then standing for election. The Common Stock is not entitled to pre-emptive rights and is not subject to conversion or redemption. Upon liquidation, dissolution or winding up of our company, the assets legally available for distribution to stockholders are distributable ratably among the holders of the Common Stock after payment of liquidation preferences, if any, on any outstanding payment of other claims of creditors.

During the period ended August 31, 2023, there were issuances 240,000,000 shares of common stock.

During the period ended February 28, 2023, there were issuances 263,000,000 shares of common stock.

Preferred Stock

Series C Preferred Stock

The Company designated 9,996,000 shares of Series C Convertible Preferred Stock with a par value of \$0.0001 per share.

Initially, there will be no dividends due or payable on the Series C Preferred Stock. Any future terms with respect to dividends shall be determined by the Board consistent with the Corporation's Certificate of Incorporation. Any and all such future terms concerning dividends shall be reflected in an amendment to this Certificate, which the Board shall promptly file or cause to be filed.

All shares of the Series C Preferred Stock shall rank (i) senior to the Corporation's Common Stock and any other class or series of capital stock of the Corporation hereafter created, (ii) *pari passu* with any class or series of capital stock of the Corporation hereafter created and specifically ranking, by its terms, on par with the Series A Preferred Stock and (iii) junior to any class or series of capital stock of the Corporation hereafter created specifically ranking, by its terms, senior to the Series C Preferred Stock, in each case as to distribution of assets upon liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary.

The Series C Preferred shall have the following liquidation preferences over any other class of stock:

"In the event of a Liquidation Event, the Holders of the SERIES C PREFERRED STOCK shall have the same rights as holders of Common Stock, except that each share of outstanding SERIES C PREFERRED STOCK shall have one thousand (1,000) times the rights as each share of Common Stock ("Liquidation Ratio"). Collectively, the holders of the then outstanding shares of Common Stock and the holders of the then outstanding shares of SERIES C PREFERRED STOCK shall be entitled to receive all of the remaining assets of the Corporation available for distribution to such stockholders. The distribution shall be ratable, in proportion to the number of shares of the Common Stock and/or Series C Preferred Stock held by them, after giving effect to the Liquidation Ratio."

Each holder of outstanding shares of Series C Preferred Stock shall be entitled to the number of votes equal to twenty-five thousand (25,000) Common Shares. Except as provided by law, or by the provisions establishing any other series of Preferred Stock, holders of Series C Preferred Stock and of any other outstanding series of Preferred Stock shall vote together with the holders of Common Stock as a single class.

Each holder of shares of Series C Preferred Stock may, at any time and from time to time, convert (an "Optional Conversion") each of its shares of Series C Preferred Stock into 25,000 of fully paid and non-assessable shares of Common Stock; provided, however, that any Optional Conversion must involve the issuance of at least 25,000 shares of Common Stock.

In the event of a reverse split the conversion ratio shall not be changed. However, in the event a forward split shall occur then the conversion ratio shall be modified to be increased by the same ratio as the forward split.

The company has evaluated the Series C Preferred Stock in accordance with ASC 815 and has determined their conversion options were for equity and ASC 815 does not apply.

The Series C Preferred Stock is non-redeemable.

On October 29, 2018, as part of the resignation of two of our directors, they agreed to cancel and return to the Company 4,000,000 shares of Series C preferred stock. There was no consideration given for the 4,000,000 shares that were returned. Another director resigned on January 24, 2023 and cancelled 2,000,000 Series C preferred stock shares with no consideration given.

During the period ended August 31, 2023 there were no issuances of preferred stock.

During the period ended February 28, 2021, there were issuances of 1,500,000 shares of Series C Preferred Stock.

As of August 31, 2023, there was 6,050,000 shares of Series C Preferred Stock were issued and outstanding, respectively.

NOTE 5. PROVISION FOR INCOME TAXES

The Company provides for income taxes under ASC 740, "Income Taxes." Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recorded based on the differences between the financial statement and tax basis of assets and liabilities and the tax rates in effect when these differences are expected to reverse. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations.

The provision for income taxes differs from the amounts which would be provided by applying the statutory federal income tax rate of 21% to the net loss before provision for income taxes for the following reasons:

Net deferred tax assets consist of the following components as of:

	August 31, 2023
NOL carry forward	\$ (21,546.76)
Valuation allowance	21,546.76
Net deferred tax asset	\$ -

Utilization of the NOL carry forwards, which expire 20 years from when incurred, may be subject to an annual limitation due to ownership change limitations that may have occurred or that could occur in the future, as required by Section 382 of the Internal Revenue Code of 1986, as amended (the "Code"). These ownership changes may limit the amount of the NOL carry forwards that can be utilized annually to offset future taxable income and tax, respectively. In general, an "ownership change" as defined by Section 382 of the Code results from a transaction or series of transactions over a three-year period resulting in an ownership change of more than 50 percentage points of the outstanding stock of a company by certain stockholders.

NOTE 8. RELATED PARTY CONSIDERATIONS

The officer and director have agreed to receive stock as compensation for their employment. Mr. Higley has agreed to \$100,000 in annual compensation. This is paid \$60,000 per year and \$40,000 is deferred.

On January 1, 2022, the Company issued 1,250,000 shares of Series C Preferred Stock to Mr. Higley in exchange for \$150,000 of accrued expenses.

NOTE 9. SUBSEQUENT EVENTS

Management has evaluated events occurring between the end of the fiscal quarter, August 31, 2023 to the date when the financial statements were issued, with no significant events to report.
