NOTE 2 – GOING CONCERN

The accompanying unaudited condensed consolidated financial statements have been prepared on the assumption that we will continue as a going concern. As reflected in the accompanying condensed consolidated financial statements, we had a loss of \$37,620 and we have no cash. Our expenses to date have been paid by Mr. Jianxing Li advances and owned Mr. Jianxing Li \$125,487.05 so far. There can be no assurance this will continue. We had a total deficit of \$91,740.43 and an accumulated deficit of \$56,440 even we made the divestiture for all the subsidiaries. These factors raise substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is dependent on our ability to change the business direction for AI related technology for increase sales and obtain external funding for our new projects under development. The financial statements do not include any adjustments that may result from the outcome of this uncertainty.

NOTE 3 – SUMMARY OF ACCOUNTING POLICIES

Principals of Consolidation

The unaudited condensed consolidated financial statements include the accounts of Sante Technology Holdings, Inc. (“SNTE”) and Sante (Shenzhen) Holdings Limited (“SNTE SZ”), but other subsidiaries accounts. All significant intercompany balances and transactions other than SNTE and SNTE SZ have been eliminated.

NOTE 3 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("US GAAP") and are presented in U.S. dollars.

Fiscal Year End

The Company has selected March 31 as its fiscal year-end.

Use of Estimates

The preparation of unaudited consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results when ultimately realized could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits in banks with maturities of three months or less, and all highly liquid investments which are unrestricted as to withdrawal or use, and which have original maturities of three months or less.

Foreign Currency Translation and Re-measurement

Items included in the unaudited condensed consolidated financial statements of each of the Company and its subsidiaries are measured using the currency of the primary economic environment in which the entity operates (the 'functional currency'). The Company's reporting currency is the U.S. dollar. The functional currency of subsidiaries based in Hong Kong is Hong Kong Dollars ("HKD") and in China is Chinese Yuan ("CNY"). Under ASC Topic 830-30, all assets and liabilities are translated into United States Dollars ("USD") using the current exchange rate at the end of each fiscal period. Revenues and expenses are translated using the average exchange rates prevailing throughout the period. Translation adjustments are included in other comprehensive income (loss).

Fair Value of Financial Instruments

The Company's financial instruments consist of cash, payables, and amounts due to related parties. The carrying amount of cash, receivables and payables approximates fair value because of the short-term nature of these items. The carrying amount of the notes payable approximate fair value as the individual borrowings bear interest at market interest rates.

Related parties

For the purposes of these unaudited consolidated financial statements, parties are considered to be related if one party has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

Comprehensive Income

FASB ASC 220, "Comprehensive Income", establishes standards for reporting and display of comprehensive income, its components and accumulated balances. Comprehensive income, as defined, includes all changes in equity during a period, exclusive of shareholder transactions. Accordingly, comprehensive income (loss) may include certain changes in shareholders' equity (deficit) that are excluded from net income (loss).

NOTE 3 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Basic and Diluted Loss per Share

The Company reports earnings per share in accordance with FASB ASC 260, "Earnings Per Share." FASB ASC 260 requires presentation of basic and diluted earnings per share in conjunction with the disclosure of the methodology used in computing such earnings per share. Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted earnings per share is computed similar to basic earnings per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive.

Income Taxes

The Company accounts for income taxes in accordance with FASB ASC 740, "Income Taxes", which requires the asset and liability approach for financial accounting and reporting for income taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance related to deferred tax assets is recorded when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The Company has a retained deficit from operations. Because there is no certainty that we will realize taxable income in the future, the Company did not record any deferred tax benefit as a result of these losses and recorded a valuation allowance offsetting the entire potential tax benefit.

Recently Issued Financial Accounting Standards

Management has considered all recent accounting pronouncements issued. The Company's management believes that these recent pronouncements will not have a material effect on the Company's financial statements.

NOTE 4 – DIVESTMENT

The Company determined to divest all its subsidiaries in the beginning of January, 2022.

NOTE 5 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events from the balance sheet date through the date that the financial statements were issued and determined that there are no subsequent events to disclose.
