4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations.
Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Autris,has a wholly owned subsidiary, Veritas Village Holdings Panama , S.A ("Veritas Village"), and a direct interest in parcels of agroforestry land under the Vida Verte Agroforestry S,A company as described below:

Veritas Village is an 87-unit community development situated on 19.2 hectares located in the Chame district of Pamana, which comprises of a mix of full-sized residences, tiny homes, rental units, commercial areas, community orchards and gardens, and a variety of on-site amenities. The spirit of the community is to bring together like-minded individuals, that have a desire to live with personal and financial freedom as a top priority.

The Veritas Village brand is heavily focused on self-sustainability and reducing your reliance on governments and other worldly events, bringing freedom back to individuals. These communities will be repeated throughout Latin America to provide opportunities for people in various regions to restore their personal freedoms.

Located just a short 10-minute drive up the mountain from the town of Coronado, Panama and the surrounding beautiful Pacific Ocean beaches, Veritas Village sits at a perfect 250 to 350 meters (roughly 1000 feet) above sea level. Making it not only the ideal location and climate to grow food year round, but is an excellent temperature for people to enjoy as well.

Vida Verde AgroForestry

Vida Verde AgroForestry is a teak and avocado farm that provides a long-term investment opportunity that also qualifies the investor for a second residency. The total size of the farm is 60 acres and has a total of 54 half-acre parcels available for investors. As of this statement, the available parcels are 92% sold out and Vida Verde AgroForestry has purchased the next farm and begun preparing it for teak and avocado. The mix of teak, with a long term return and avocado with a shorter term yield provides a steady income over the 20-25 year cycle of the teak trees. At which point, the trees can be harvested and replanted again.

A major benefit to those who invest in Vida Verde AgroForestry, is the second residency opportunity. Investment in a Vida Verde Agroforestry parcel qualifies an investor for a residency in the country of Nicaragua. A tranquil country with friendly people and beautiful tropical landscapes. Having a “plan-b” residency is highly beneficial in the political landscape of todays world.

The Vida Verde Agroforestry Cosiguina Farm location was chosen for this unique agroforestry opportunity for several reasons. The climate of the northern Nicaraguan Pacific coast has the ideal mix of wet and dry season required for both teak and avocado to flourish. Teak grown in climates that are too dry do not survive or have stunted growth. Teak grown in climates that are too wet do not produce the quality of wood desired. The volcanic soil in the area is rich in nitrogen and other nutrients making this location the perfect place for an avocado/teak agroforest. The village of El Rosario nearby desperately needs the employment offered by the farm. It is a spectacularly beautiful location to not only reforest a previous peanut field but to potentially live and enjoy the surroundings.

B. List any subsidiaries, parent company, or affiliated companies.

Veritas Village Holdings Panama, S,A, (100% wholly owned subsidiary) (Panama)
Vida Verte Agroforestry S.A (affiliate) (Nicaragua)

C. Describe the issuers’ principal products or services.

See above 4 (A)

5) Issuer’s Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

Autris is provided executive office space through Balboa Office Center
Apto 18C1
Avenida Balboa y Calle 27
Panama City, Republic of Panama 07096

The executive office space is shared with companies associated with our CEO, Mr. Arnold Patrick Hiebert, and is provided free of cost on a monthly basis. In addition, the company owns a 19.2 hectare development property located in the Chame

district of Panama where it is developing a 87 unit sustainable community, and owns agroforestry land located on the Pacific Coast of Nicaragua.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities.
If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

Autris

Notes to the Interim Condensed Consolidated Financial Statements

NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

Autris (the "Company") was incorporated in the State of Nevada on February 28, 2000 as Big Sky Productions, Inc. The Company filed a Certificate of Amendment with the Nevada Secretary of State on January 6, 2014 effecting the name change to Autris, Inc.

Autris has a fiscal year end of June 30 and trades on the OTC Markets under the trading symbol AUTR.

Autris, through its wholly owned subsidiary, Veritas Village Holdings Panama, S.A is developing the Veritas Village community, an 87 unit housing development situated on 19.2 hectares in the Chame District of Panama. The company also owns agroforestry investments through its affiliated company, Vida Verte Agroforestry S.A.

On October 09, 2013, we acquired 100% of the membership interest of Nitroheat, LLC. Under a membership interest purchase agreement, Autris issued 20,000,000 shares of its common stock to Derek Naidoo (100% membership owner) in exchange for 100% of Nitroheat, LLC.

In September 2015, Mr. Derek Naidoo, the former CEO transferred the sole operating subsidiary, Nitroheat into his name. Mr. Naidoo returned 15,329,997 of the 20 million shares issued in connection with the acquisition The company therefore re-classified the subsidiary as "held for disposal" as it no longer controlled the subsidiary. The company wrote down the remaining investment in Nitroheat as at year end June 30th, 2016 and incurred a loss of $ 1,313,615.

By the year ended June 30th, 2016, the Company had abandoned its business and failed to take steps to dissolve, liquidate and distribute its assets. It had also failed to meet the required reporting requirements with the Nevada Secretary of State, hold an annual meeting of stockholders and pay its annual franchise tax which resulted in its Nevada charter being revoked.

On June 3rd, 2022, a shareholder, UMA LLC, represented by Ms. Nikki Lee filed a petition for custodianship, with the District Court, Clark County, Nevada (case number A-22-852240-C) and was appointed as the custodian of the Company. The Company's Nevada charter was reinstated on June 9th, 2022 , and all required reports were filed with the State of Nevada soon after.

On August 15th, 2023 the custodian appointed Mr. Arnold Patrick Hiebert as the companies new CEO. On September 9, 2023, the District Court of Clark County, Nevada entered an Order Granting UMA LLC's motion to terminate custodianship.

On September 30th, 2023 we acquired an investment in a Agroforestry Farm owned in part by our CEO, Mr. Patrick Hiebert for $132,000. In addition, we acquired effective October 1st, 2023 100% of Veritas Village Holdings Panama,S.A from Mr. Patrick Hiebert (our CEO) and Mr. Spencer Hiebert (Mr. Spencer Hiebert is the son of our CEO, Mr. Patrick Hiebert).

Note 2 –Accounting Policy, Basis of Presentation

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Autris and its wholly owned subsidiary Veritas Village Holdings, S.A. All significant inter-company accounts and transactions have been eliminated in consolidation.

Estimates

The preparation of financial statements in conformity with International Financial Reporing Standards (IFRS) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Areas requiring the use of estimates include impairment of long lived assets, valuation allowance applied to deferred tax assets and useful lives used in the depreciation of equipment. Actual results could differ from those estimates.

Cash and Cash Equivalents

All highly liquid investments with maturity of three months or less are considered to be cash equivalents. There were no cash equivalents as of December 31st, 2023 or June 30th, 2023.

Property, Plant and Equipment, Intangibles, and Investment Properties

Initial recognition

Property, plant and equipment, intangible assets and investment properties are initially recognized at cost.

Carrying Value

Property, plant and equipment, intangibles, and investment property assets (aside from land) have finite useful lives and are measured at cost less accumulated amortization, depreciation, and impairment losses.

Amortization and Depreciation

Amortization and depreciation are calculated using the straight-line method and is applied over the estimated useful lives of the assets when the asset is available for use, ranging from three to ten years. Land is not depreciated.

The estimated useful life and the depreciation and amortization methods are reviewed at the end of each annual reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis. The estimated useful lives of depreciable assets are:

	Estimated Useful Lives
Furniture and Fixtures	5 - 10 years
Computer Equipment	3 - 5 years
Vehicles	5 - 10 years

Impairment

Assets that are subject to depreciation are reviewed at each reporting date to assess whether there is any indication that an asset may be impaired. An asset's carrying amount is written down immediately to its recoverable amount if the carrying amount is greater than its estimated recoverable amount. The recoverable amount is the higher of the asset's fair value (less costs to sell) and value in use.

Subsequent valuation

valuations of the company's properties, excluding investment properties, are carried out annually with subsequent additions included at cost and provisions made for depreciation. Any surplus arising on revaluation is recognized directly in a Revaluation Reserve within Equity, except to the extent the surplus reverses a previous revaluation deficit on the same asset recognized in profit or loss in which case the credit is to the income statement.

Impairment of non-financial assets.

Non-financial assets are reviewed annually for impairment and whenever events or changes in circumstances indicate that the carrying amount exceeds their recoverable amounts.

Revenue Recognition

The Company's financial statements are prepared under the accrual method of accounting. Revenues are recognized when evidence of an agreement exists, the price is fixed or determinable, collect-ability is reasonably assured and goods have been delivered or services performed.

Fair Value of Financial Instruments

The Company's financial instruments as defined by FASB ASC 825-10-50 include cash, accounts receivable, related party payable and accounts payable. The fair value of accounts receivable, related party payable and accounts payable approximate the financial statement carrying amounts due to the short-term maturities of these instruments.

ASB ASC 820 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. ASC 820 establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

- Level 1. Observable inputs such as quoted prices in active markets;

- Level 2. Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and

- Level 3. Unobservable inputs in which there is little or no market data, which requires the reporting entity to develop its own assumptions.

Earnings (Loss) Per Share Information

FASB ASC 260, " *Earnings Per Share"* provides for calculation of "basic" and "diluted" earnings (loss) per share. Basic earnings per share includes no dilution and is computed by dividing net income (loss) available to common shareholders by the weighted average common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of an entity similar to fully diluted earnings per share. Basic and diluted loss per share were the same, at the reporting dates, as there were no common stock equivalents outstanding.

Share Based Expenses

ASC 718 *"Compensation - Stock Compensation"* prescribes accounting and reporting standards for all stock-based payments award to employees, including employee stock options, restricted stock, employee stock purchase plans and stock appreciation rights. , may be classified as either equity or liabilities. The Company should determine if a present obligation to settle the share-based payment transaction in cash or other assets exists. A present obligation to settle in cash or other assets exists if: (*a*) the option to settle by issuing equity instruments lacks commercial substance or (*b*) the present obligation is implied because of an entity's past practices or stated policies. If a present obligation exists, the transaction should be recognized as a liability; otherwise, the transaction should be recognized as equity.

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50 *"Equity - Based Payments to Non-Employees".* Measurement of share-based payment transactions with non-employees shall be based on the fair value of whichever is more reliably measurable: (*a*) the goods or services received; or (*b*) the

equity instruments issued. The fair value of the share-based payment transaction should be determined at the earlier of performance commitment date or performance completion date.

Net loss per common share

Net loss per share is calculated in accordance with FASB ASC 260, " *Earnings Per Share.* " The weighted-average number of common shares outstanding during each period is used to compute basic loss per share. Diluted loss per share is computed using the weighted average number of shares and dilutive potential common shares outstanding. Dilutive potential common shares are additional common shares assumed to be exercised.

Recent Accounting Pronouncements

The Company has evaluated recent accounting pronouncements and their adoption has not had or is not expected to have a material impact on the Company's financial position, or statements.

Note 3 – Going Concern

These unaudited interim condensed consolidated financial statements have been prepared on a going-concern basis, which implies that the Corporation will continue realizing its assets and discharging its liabilities in the normal course of business for the foreseeable future. As reflected in the unaudited interim condensed consolidated financial statements, the Corporation is in the process of ramping up its activities and has not yet achieved profitability. During the three-month period ended December 31st, 2023 the Corporation incurred a net loss of $11,162. As at December 31, 2023, the Corporation had a working capital deficit of $828,431. This raises significant doubt about the Corporation's ability to continue as a going concern. Accordingly, the ability of the Corporation to realize the carrying value of its assets and continue operations as a going concern is dependent upon its ability to obtain additional financing or on generating future profitable operations. Management anticipates that the generation of revenues from its planned development community located in Chame District, Panama will enable the Corporation to achieve profitability. There is no assurance that any of these initiatives will be successful. Factors within and outside the Corporation's control could have a significant bearing on its ability to obtain additional financing or on the generation of revenues. These unaudited interim condensed consolidated financial statements do not include any adjustments related to the carrying values and classifications of assets and liabilities that would be necessary should the Corporation be unable to continue as a going concern. Such adjustments could be material.

Note 4 – Property and Equipment

At December 31st, 2023 and June 30th, 2023, the Company had the following property and equipment.

		December 31st, 2023	June 30th, 2023
Furniture and Fixtures	$	5,857	0
Machinery and Equipment		5,171	0
Solar Power Systems		7,298	0
Vehicles		39,240	0
		57,566	0
Less accumulated Depreciation		(2,878)	
	$	54,688	0

Capitalized Development Costs

Under IFRS the company capitalizes certain costs related to the development of the Veritas Village community including architectural fees, permitting, appraisals, environmental studies, etc. As at December 31st, 2023 the company had capitalized development costs of $ 129,765.

Land Held for Development

The company, through its wholly owned subsidiary, Veritas Village Holdings Panama. S.A owns a 19.2 hectare site in the Chame district of Panama. The company is in the permitting phase and intends to develop a 87 unit sustainable community.

Note 5 - Investments

The company owns 3 titled parcels of land planted with a mix of Teak and Avocados located on the Vide Verta Agroforestry S.A Cosiguina Farm located in Nicaragua on the Pacific Coast. The purchase price was $132,000.

Note 6 – Related Party Transactions

During the 6 month period ending December 31st, 2023 our wholly owned subsidiary, Veritas Village Holdings, Panama S.A company borrowed $76,043 from a company affiliated with our CEO, Mr. Patrick Hiebert. As at December 31st, 2023 the total advances were $621,644 to our subsidiary and directly to Autris, $ 6,787. As at December 31st, 2023 the total advances to Autris and subsidiaries was $ 628,431.

Note 7 – Income Taxes

The Company follows FASB Codification Topic 740-10-25 (ASC 740-10-25) for recording the provision for income taxes. Deferred tax assets and liabilities are computed based upon the difference between the financial statement and income tax basis of assets and liabilities using the enacted marginal tax rate applicable when the related asset or liability is expected to be realized or settled. Deferred income tax expenses or benefits are based on the changes in the asset or liability each period. If available evidence suggests that it is more likely than not that some portion or all of the deferred tax assets will not be realized, a valuation allowance is required to reduce the deferred tax assets to the amount that is more likely than not to be realized. Future changes in such valuation allowance are included in the provision for deferred income taxes in the period of change.

Deferred income taxes may arise from temporary differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred taxes are classified as current or non-current, depending on the classification of assets and liabilities to which they relate. Deferred taxes arising from temporary differences that are not related to an asset or liability are classified as current or non-current depending on the periods in which the temporary differences are expected to reverse.

The Company recognized no increase in the liability for unrecognized tax benefits. The Company has no tax positions at December 31st , 2023 for which the ultimate deductibility is highly certain but for which there is uncertainty about the timing of such deductibility. The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. No such interest or penalties were recognized during the periods presented. The Company had no accruals for interest and penalties at December 31st, 2023 or June 30th, 2023.

Note 8 – Stockholders' Deficit

As at December 31st, 2023 the Company was authorized to issue up to 200,000,000 shares of $0.001 par value common stock, and 1 Special 2022 Series "A" Preferred Share, par value $.001.
