

Hiru Corporation (OTC: HIRU) TARGETED MINING PROJECT JOINT CO OPERATION JOINT VENTURE COOPERATION AND FORWARD GUIDANCE

Hiru Corp May 22, 2024 (OTCPINK: HIRU), www.otchiru.com Supplemental Filing targeting re cooperation mining project between Hiru Corp and Kalisma Resources.

THE FOLLOWING 55+ PAGE DOCUMENT IS FOR HIRU FOLLOWERS' INFORMATIVE PURPOSES ONLY.

HIRU management is providing the following mining update between HIRU and Kalisma resources.

1. HIRU intends to license from Kalisma part of the operations for a initial consideration of about \$500,000 throughout the 2024 fiscal year.
2. HIRU has secured sufficient financing commitments to proceed with this endeavor.
3. This is a multi-million Dollar DEVELOPMENT OF THE GOLD AND GREEN MINERAL PROJECTS IN LIBERIA, WEST AFRICA
4. Further updates will follow on this project as (Mining Operations) . The gold processing projects in the future will be announced as (Gold Processing Operations) for the ease of reference.
5. The Company has retained an additional corporate lawyer Morris etal to assist in certain corporate compliance and upcoming SEC filings to aid the company in reaching its objectives.
6. The HIRU mining venture and the corporate vision can be seen through the CEO address at this link <https://www.youtube.com/watch?v=Xb6kUZjxCag>

Additional updates will follow on a timely basis.

No Recommendations, Offerings, Advice, or Solicitation

Nothing on this website should be construed as, and may not be used in connection with, an offer to sell, or a solicitation of an offer to buy or hold, an interest in any security or investment product. Investments in investment products managed or sponsored by HIRU Corporation or its affiliates, are available only to clients with whom HIRU Corporation has an existing relationship, and that are both "accredited investors" and "qualified purchasers," as such terms are defined under Federal Securities laws. Information about investing in funds managed by or affiliated with HIRU Corporation is only available in the form of Private Placement Memoranda and other offering documents which are provided to qualified prospective investors as defined under the Federal Securities laws. HIRU Corporation does not offer any investment products to the general public

Forward-Looking Statements

This website contains certain statements, estimates and projections that are "forward-looking statements." All statements other than statements of historical fact on this website are forward-looking statements and include statements and assumptions relating to: plans and objectives of management for future operations or economic performance; conclusions and projections about

current and future economic and political trends and conditions; and targeted financial results and results of operations. These statements can generally be identified by the use of forward-looking terminology including "may," "believe," "will," "expect," "anticipate," "estimate," "continue", "rankings," "intend," "outlook," "potential," or other similar words. HIRU Corporation does not make any guarantees, representations or warranties (express or implied) about the accuracy of such forward-looking statements. Forward-looking statements involve certain risks, uncertainties, and assumptions and other factors that are difficult to predict. Readers are cautioned that actual results of the investments referenced in this website could differ materially from forward-looking statements; and readers of this website are cautioned not to view forward-looking statements as actual results or place undue reliance on forward-looking statements.

AND GREEN MINERAL
PROJECTS IN LIBERIA,
WEST AFRICA

**CORPORATE
PRESENTATION**

APRIL 2024

FORWARD-LOOKING INFORMATION

This presentation contains “forward-looking information” within the meaning of Canadian securities legislation. This information and these statements, referred to herein as “forward-looking statements” are made as of the date of this presentation or as of the date of the effective date of information described in this presentation, as applicable. Forward-looking statements relate to future events or future performance and reflect current estimates, predictions, expectations or beliefs regarding future events. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance (often, but not always, using words or phrases such as

“expects”, “anticipates”, “plans”, “projects”, “estimates”, “envisages”, “assumes”, “intends”, “strategy”, “goals”, “objectives” or variations thereof or stating that certain actions, events or results “may”, “can”, “could”, “would”, “might” or “will” be taken, occur or be achieved, or the negative of any of these terms and similar expressions) are not statements of historical fact and may be forward-looking statements. Such forward-looking statements are based on a number of assumptions that may prove to be incorrect, including, but not limited to the ability of the Corporation to obtain the necessary financing; the economy generally; anticipated and unanticipated costs; results of operations; business performance; and

business prospects and opportunities. All forward-looking statements are based on current beliefs as well as various assumptions made by, and information currently available to the Corporation. By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that estimates, forecasts, projections and other forward-looking statements will not be achieved or that assumptions do not reflect future experience. We caution any person reviewing this presentation not to place undue reliance on these forward-looking statements as a number of important factors could cause the actual outcomes to differ materially from the beliefs, plans, objectives, expectations,

anticipations, estimates assumptions and intentions expressed in such forward-looking statements. These risk factors may be generally stated as the risk that the assumptions and estimates expressed herein do not occur, but specifically include, without limitation, risks relating to the Corporation’s dependence on key personnel; access to capital; risk of investment in the business (including, without limitation, the risks inherent in the ownership and operation of mining assets, including fluctuations in interest rates); fluctuations in or volatility of commodity markets; risk of change in investment return; potential for conflict of interest; tax-related risks; the risk factors described under “Risk Factors” and the other risk factors that are inherent in the subject

transaction.

The foregoing list of factors that may affect future results is not exhaustive. When relying on our forward-looking statements, readers of this presentation should carefully consider the foregoing factors and other uncertainties and potential events. The Corporation does not undertake to update any forward-looking statement, whether written or oral, that may be made from time to time by the Corporation or on its behalf except as may be required by law.

DISCLOSURE

Information provided is for informational purposes only and does not constitute an offer or solicitation to sell shares or securities in the Company or any related or associated company. Any such offer or solicitation will be made only by means of the Company's confidential offering memorandum and in accordance with the terms of all applicable securities and other laws. None of the information or analyses presented are intended to form the basis for any investment decision, and no specific recommendations are intended. Accordingly, this document does not constitute investment advice or counsel or solicitation for investment in any security. This document does not constitute or form part of, and should not be construed as, any offer for sale or subscription of, or any invitation to offer to buy or subscribe for, any securities, nor should it or any part of it form the basis of, or be relied on in any connection with, any contract or commitment whatsoever. The Company expressly disclaims any and all responsibility for any direct or consequential loss or damage of any kind whatsoever arising directly or indirectly from: (i) reliance on any information contained herein, (ii) any error, omission or inaccuracy in any such information or (iii) any action resulting therefrom.

LOCATION, LOCATION, LOCATION

WEST AFRICA

- Hosts some of the largest gold deposits, owned and mined by large gold companies from the USA, Canada, and UK
- Enabling the political environment
- Trained workforce

CORPORATE AND PROJECT SUMMARY

EXPERIENCED CORPORATE
AND PROJECT LEADERSHIP

PROJECT LOCATED IN A
PROVEN GOLD JURISDICTION

OUR VISION, STRATEGY AND BUSINESS MODEL

- Global Entrepreneurship
- Local Leadership
- ISO 9001 Certification in the first year for better people, better economics, better performance, and better profits

OUR VISION IS TO BE A MULTI-ASSET WEST AFRICA GOLD COMPANY

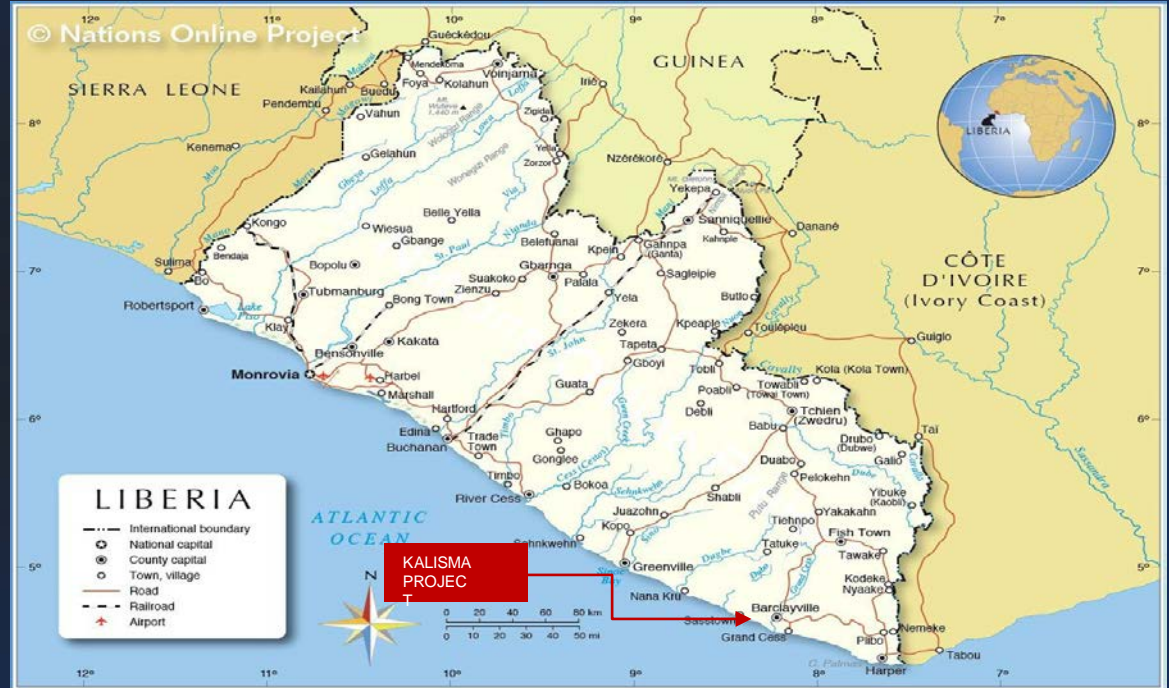

OUR STRATEGY is to be an exploration-led enterprise that acquires greenfield mineral claims with placer and lode gold potentials, commissions placer mining (far less capital- and time-intensive than lode - hard rock - gold mining) for a robust near-term cashflow to accelerate exploration and development of lode assets for a longer-term growth

OUR BUSINESS MODEL draws upon our diverse global business experience and skillsets to seamlessly integrate our vision and strategy to create a successful enterprise. Specifically, we bring to bear our experienced management and operational teams, our knowledge of the geological environment and mineral resources, corporate governance framework for controls and processes, skilled workforce, prudent financial strategy, commitment to sustainability, collaborative learning and education of our cohesive team members and above all, safety and welfare of all people, including our staff, visitors and the surrounding communities

KALISMA MINERAL CLAIMS BOUNDARY MAP

240,000 ACRES

KALISMA MINERAL CLAIMS ARE LOCATED IN SINOE AND GRAND KRU COUNTIES

EXPATRIATE AND LOCAL WORKFORCE RESOURCES

- Expatriate managers will rotate as per project needs
- Our local workforce has and continues to train on our exploration development programs
- Liberia has an established mining culture and trained workers are readily available e.g., [Stella Maria Polytechnic](#) is one of the schools producing graduates majoring in geology and mining engineering

KALISMA RESOURCES, INC

OUR COMPOUND IN MONROVIA

PLACER DEPOSITS AT NIFO, DUBO & SOBOE

- Low capex/opex investment
- Low production cost
- Short gestation period
- Strong cashflow for organic growth

SUMMARY FINANCIALS FOR PLACER GOLD

- Life of mine (LoM) 8YRS
- Financial Performance
- E/Y, PwC to audit the books periodically

NEW CAPITAL \$80M +

ANNUAL PRODUCTION: 203Koz

- Q1 2026 IPO

GEOLOGICAL SETTING

919 km² of the licensed area falls within the (Birimian Greenstone, home to large gold deposits across West Africa, e.g. Ghana, Mali, Burkina Faso, and Liberia.

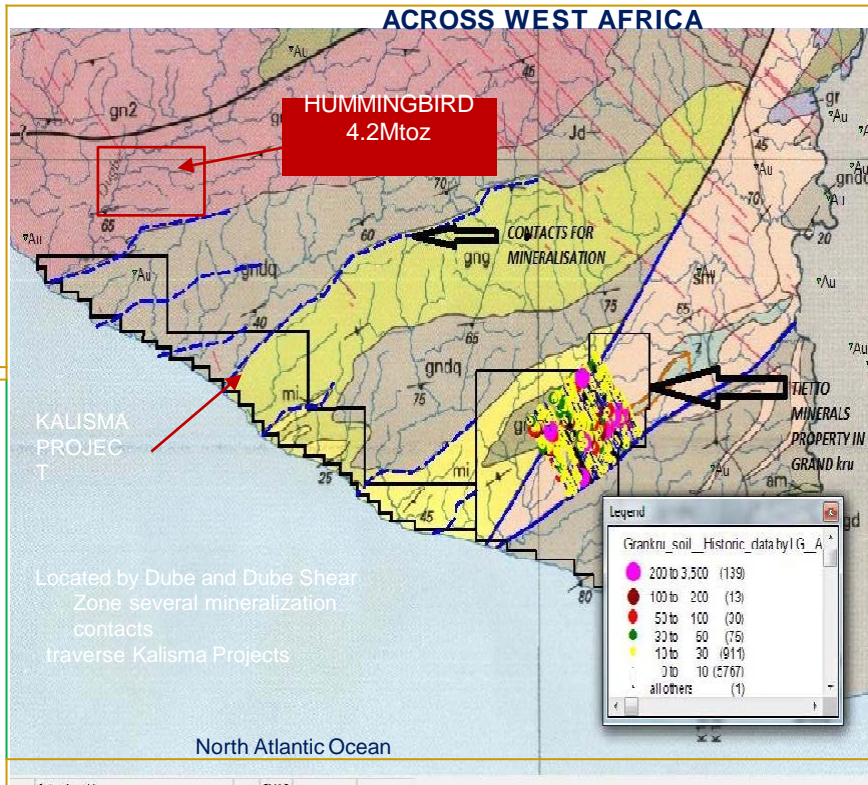

Structural deformation resulting from the collision between the eastern margin of West African Craton and the Nigerian Shield created perfect conduits for mineralized fluids; these fluids reacted with trapped meta-sediments to precipitate gold at varying scales within the Birimian.

PROVEN GOLD JURISDICTION

[Hummingbird](#) to the north has signed an MDA for two mineral resource deposits (Dugbe Shear Zone): 4.2 Moz gold resource with 4Moz; mine construction soon.

[Avesoro](#) has been producing since May 2015

BIRIMIAN GREENSTONE HOSTS LARGE GOLD MINES ACROSS WEST AFRICA

CORPORATE SOCIAL RESPONSIBILITY

LASTING POSITIVE
MINING LEGACY
SECURING FUTURE OF
NEXT GENERATIONS

CORPORATE SOCIAL RESPONSIBILITY

CREATING A POSITIVE LEGACY FOR OUR HOST COMMUNITIES AND LIBERIA

ZERO HARM POLICY

WE ARE 100% COMMITTED TO: Zero Harm Policy to ensure the safety of our employees, vendors, visitors, and host communities. Continued investment in education and training of our employees, and in welfare projects of the host communities.

ENVIRONMENT

We are 100% committed to: **Preserving, repairing improving & enhancing the environment diversity throughout the mine and around it, with a special focus on water stewardship, reforestation, sustainable energy, bird and marine lives, zero use of chemicals in placer gold mining and processing, employing innovative technologies to minimize environmental impact**

PEOPLE

WE ARE 100% COMMITTED TO: Operate responsibly and ethically at the highest levels, with special attention to: Investment in the growth of our people, both working for us and living in the communities around us -people are our chief source of strength and we have been training 100s of workers, some to the supervisory levels, during our extended exploration campaigns, boosting local and regional economies

ETHICS

WE ARE 100% COMMITTED TO: Committed to building a lasting positive legacy for those living in the communities where we operate. Focus on: Water and sanitation, Education, Health, Alternative Livelihoods

ESSENTIAL COMMUNITY INVOLVEMENT

KALISMA'S EARLY OUTREACH INITIATIVES: DIALOGUE WITH THE SURROUNDING COMMUNITIES

LEONARD AT NIFO CHURCH MEETING COMMUNITY LEADERS

KALISMA HOSTS ELDERS FROM BETU AND NIFO

KALISMA HAS COME A LONG WAY – CROSSING BETU RIVER

A LASTING POSITIVE MINING LEGACY

KALISMA FUTURE CSR INITIATIVES

The community welfare fund will be channeled through Kalisma Foundation, which, together with leaders of the surrounding communities, will plan and fund a variety of CSR initiatives

KALISMA CSR INITIATIVES TO DATE

Paid for the construction of surgical ward at Sasstown Hospital and a community road

Arranged air ambulance for a toddler to St. Louise, USA Bought canoes for crossing rivers

Two outboard boats for commute

locally Paid for a medical dispensary

Paid for a primary school

building Installed several

water pumps

Regularly conduct environmental impact

studies Partafile in the annual malaria

sprays

Sponsored education of foster children –from primary to college level

REHABILITATION

The intended mining technology is unique in that it will extract gold and leave behind a farming-ready land, an initiative the farmers are

excited about

ENVIRONMENTAL STEWARDSHIP

Preservation and reforestation of trees on and around mining sites

Primary schools will be built and operated for the surrounding communities. A model school featuring teachers training will be the first initiative

GENDER EMPOWERMENT

Initiatives aimed at female empowerment will be prioritized

ENTREPRENEURSHIP

Projects such as modern farming and farm management, new high- value crops (e.g., moringa), embroidery, production of soap and honey are among the initial CSR initiatives

WATER

Installation of water pumps, water towers and toilets

FRESH PRODUCE MARKETING

Sale at weefily farm marfiets and shipping fresh produce to larger cities are planned

MEDICAL CARE

Small-scale dispensaries for the surrounding communities will be constructed with a public-private partnership

INFRASTRUCTURE

Small community commute roads, culverts and canoes for river crossings
