IDW HOLDINGS, INC. NOTES TO CONDENDED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND SIX MONTHS ENDED APRIL 30, 2024 AND 2023 (Unaudited)

Note 1—Basis of Presentation and Summary of Significant Accounting Policies

Overview

IDW Media Holdings, Inc., a Delaware corporation, ("IDWMH") together with its subsidiaries (collectively, the "Company") is a diversified media company with operations in publishing and television entertainment. The terms "Company," "we," "us," and "our" are used in this report to refer collectively to IDWMH and its subsidiaries through which various businesses are conducted.

Basis of Presentation and Principles of Consolidation

The accompanying unaudited condensed consolidated financial statements have been prepared by management in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information. Accordingly, they do not include all information and footnotes required by U.S. GAAP for complete financial statements. Certain information and footnote disclosures normally included in our annual consolidated financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. In the opinion of management, all adjustments (consisting principally of normal recurring accruals) considered necessary for a fair presentation have been included. Interim results of operations are not necessarily indicative of the results for the full year or for any future period. These financial statements should be read in conjunction with the annual consolidated financial statements and notes thereto which were filed with the OTC Markets Group with our Annual Report for the fiscal year ended October 31, 2023. The unaudited condensed consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. All amounts in these unaudited condensed consolidated financial statements and notes to the consolidated financial statements are reflected on a consolidated basis for all periods presented.

The Company's fiscal year ends on October 31st. Each reference below to a fiscal year refers to the fiscal year ending in the calendar year indicated (e.g., fiscal 2023 refers to the fiscal year ended October 31, 2023).

Use of Estimates

The preparation of the unaudited condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues, and expenses as well as the disclosure of contingent assets and liabilities. Actual results may differ from those estimates. The Company has considered information available to it as of the date of issuance of these unaudited condensed consolidated financial statements and is not aware of any specific events or circumstances that would require an update to its estimates or judgements, or an adjustment to the carrying value of its assets or liabilities. The accounting estimates and other matters assessed include, but were not limited to the allowance for credit losses, valuation of long-lived assets including intangible assets with finite useful lives and ultimate revenues for television costs, impairment of goodwill and other long-lived assets, and revenue recognition. These estimates may change as new events occur and additional information becomes available. Actual results could differ materially from these estimates.

Risks and Uncertainties

In November 2023, Yemen-based Houthi militia attacks on commercial ships transiting the Red Sea increased significantly, causing some vessels to detour around the tip of Africa. Since a significant portion of our products are printed by Asia-based companies, these detours have resulted in increased shipping times and costs. The company has adapted by increasing the lead time before products are sent to printers. Widespread container-shipping detours are expected to extend well into the second half of 2024, and possibly into 2025. We continue to closely monitor the situation and work closely with our shipping partners to minimize the impact on operations.

Although the World Health Organization declared in May of 2023 that COVID-19 no longer constitutes a public health emergency, we continue to actively monitor the COVID-19 developments and potential impact on our employees, business and operations. The effects of COVID-19 did not have a material impact on our result of operations or financial condition for the three months ended April 30, 2024. However, given the evolution of the COVID-19 situation, and the global responses to curb its spread, we are not able to estimate the effects COVID-19 may have on our future results of operations or financial condition.

In February 2022, the Russian Federation and Belarus commenced a military action with the country of Ukraine. As a result of this action, various nations, including the United States of America, have instituted economic sanctions against the Russian Federation and Belarus. As the conflict enters the third year, sanctions remain, including the exclusion of Russian companies from the SWIFT international banking system. This has prevented us from entering into foreign license deals with Russian-based companies, and from hiring Russian-based freelancers. Neither has had a significant impact on our financials.

Segment Information

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 280, Segment Reporting, establishes standards for reporting information about operating segments. Operating segments are defined as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker, or decision-making group, in deciding how to allocate resources and in assessing performance.

The Company's chief operating decision maker is the Chief Executive Officer ("CEO"), who reviews the financial performance and the results of operations of the segments prepared in accordance with U.S. GAAP when making decisions about allocating resources and assessing performance of the Company (see Note 5).

The Company's principal business consists of the following segments:

- i. IDWP Publishing ("IDWP"), a publishing company that creates comic books, graphic novels and digital content through its imprints IDW, Top Shelf Productions and Artist's Editions; and
- ii. IDW Entertainment ("IDWE") a production company and studio that develops, produces, and distributes content based on IDWP's original copyrighted intellectual property ("IP"), published in the form of comic books, graphic novels and any other forms of print publication, for a variety of formats including film and television.

In the ordinary course of business, the Company's reportable segments enter into transactions with one another. The most common types of intersegment transactions include IDWE obtaining rights to produce television series based on content created by IDWP. All intersegment transactions are eliminated in consolidation and, therefore, do not affect consolidated results.

Trade Accounts Receivable. Net

Effective November 1, 2023, the Company adopted ASU No. 2016-13, Financial Instruments—Credit Losses (Topic 326), that changes the impairment model for most financial assets and certain other instruments. For receivables, loans and other instruments, entities will be required to use a new forward-looking "expected loss" model that generally will result in the earlier recognition of allowance for losses. For available-for-sale debt securities with unrealized losses, entities will measure credit losses in a manner similar to current practice, except the losses will be recognized as allowances instead of reductions in the amortized cost of the securities. In addition, an entity will have to disclose significantly more information about allowances, credit quality indicators and past due securities. The new provisions will be applied as a cumulative-effect adjustment to retained earnings. The adoption of the new standard didn't have a material effect on the Company unaudited condensed consolidated financial statements.

Trade accounts receivables are recorded at the invoiced amount and are generally unsecured as they are uncollateralized. The Company provides an allowance for doubtful accounts to reduce receivables to their estimated net realizable value. Judgment is exercised in establishing allowances and estimates are based on the customers' payment history and liquidity. Any amounts that were previously recognized as revenue and subsequently determined to be uncollectible are charged to bad debt expense included in selling, general and administrative expense in the accompanying unaudited condensed consolidated statements of operations. The Company had an allowance for credit losses of \$0 as of April 30, 2024 and October 31, 2023.

Inventory

Inventory consists of IDWP's graphic novels and comic books. Inventory is stated at the lower of cost or net realizable value determined by the first in, first out method.

Long-Lived Assets, Including Definite-Lived Intangible Assets

Intangible assets, which consist of licensing contracts and capitalized software, are recorded at cost, and are amortized on a straight-line basis over their contractual or estimated useful lives, whichever is shorter from 5 – 7 years.

In accordance with ASC 360, Accounting for the Impairment or Disposal of Long-Lived Assets, the Company tests the recoverability of its long-lived assets with finite useful lives whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. The Company tests for impairment based on the projected undiscounted cash flows to be derived from such assets. If the projected undiscounted future cash flows are less than the carrying value of the asset, the Company will record an impairment loss based on the difference between the estimated fair value and the carrying value of the asset. The Company generally measures fair value by considering sale prices for similar assets or by discounting estimated future cash flows from such assets using an appropriate discount rate. Cash flow projections and fair value estimates require significant estimates and assumptions by management. Should the estimates and assumptions prove to be incorrect, the Company may be required to record impairments in future periods and such impairments could be material. There was no impairment loss of long-lived assets for the three or six months ended April 30, 2024 or 2023.

Goodwill

Goodwill, which represents the excess of purchase prices over the fair value of nets assets acquired, is carried at cost. Goodwill is not amortized; rather, it is subject to a periodic assessment for impairment by applying a fair value-based test. Goodwill is evaluated for impairment on an annual basis at a level of reporting referred to as the reporting unit, and more frequently if adverse events or changes in circumstances indicate that the asset may be impaired.

Effective November 1, 2023, the Company adopted ASU No. 2017-04, *Intangibles—Goodwill and Other (Topic 350):* Simplifying the Test for Goodwill Impairment, which simplifies the measurement of goodwill by eliminating the Step 2 impairment test. Step 2 measures a goodwill impairment loss by comparing the implied fair value of a reporting unit's goodwill with the carrying amount of that goodwill. The new guidance requires an entity to compare the fair value of a reporting unit with its carrying amount and recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit's fair value. Additionally, an entity should consider income tax effects from any tax-deductible goodwill on the carrying amount of the reporting unit when measuring the goodwill impairment loss, if applicable. The adoption of the new standard didn't have a material effect on the Company's financial statements.

There was no impairment loss of goodwill for the three or six months ended April 30, 2024 and 2023.

Television Costs

Television costs are stated at the lower of cost less accumulated amortization or fair value. The Company evaluates impairment by the fair value of television costs at the individual level by considering expected future revenue generation, when an event or change in circumstances indicates a change in the expected revenue of the television costs or that the fair value of a film or film group may be less than unamortized costs.

IDWE regularly enters into agreements for the production of its television shows. The agreements provide for the rights and obligations related to the agreement including timing, delivery, and payments. IDWE capitalizes the resulting production costs under the agreements in production cost inventory as payments are made or when the products or services are delivered. IDWE also enters into agreements that allow for the recoupment of expenses previously recorded as cost of revenue that could not be reasonably estimated in prior periods. Amortization (recoupment of cost) of television costs during the three months ended April 30, 2024 and 2023 were recoupments of \$7,000 and \$156,000, respectively. Amortization (recoupment of cost) of television costs during the six months ended April 30, 2024 and 2023 were recoupments of \$403,000 and \$322,000, respectively.

Revenue Recognition When Right of Return Exists

IDWP's book market distributors offer a right of return to retail customers with no expiration date in accordance with general industry practices. IDWP generally does not offer the right of return on the sale of comic books. Sales returns allowances represent a reserve for IDWP products that may be returned due to dating, competition or other marketing matters, or certain destruction in the field. Sales returns are generally estimated and recorded based on historical sales and returns experience and current trends that are expected to continue. As of April 30, 2024 and October 31, 2023, the Company's reserves for estimated returns were \$116,000 and \$114,000, respectively.

Deferred Revenue

The Company records deferred revenue upon invoicing for contracted commitments for products and services. Revenue is recognized on the date such product or service is provided or delivered in accordance with the contract.

Recognition of deferred revenue were \$194,000 and \$62,000 during the three months ended April 30, 2024, and 2023, respectively and \$205,000 and \$62,000 during the six months ended April 30, 2024, and 2023, respectively.

Stock-Based Compensation

The Company accounts for stock-based compensation granted to its employees in accordance with the fair value recognition provisions of ASC 718, *Stock Compensation*. Stock-based compensation expense is measured at the date of grant, based on the fair value of the award, and is recognized using the straight-line method over the employee's vesting period or requisite service period. Compensation for stock-based awards with vesting conditions other than service are recognized at the time that those conditions are achieved. Forfeitures are recognized as they are incurred. Stock-based compensation is included in selling, general and administrative expenses.

Concentration Risks

Financial instruments that potentially subject the Company to concentration of credit risk consist principally of cash and trade accounts receivable. The Company holds cash at major financial institutions, which often exceed Federal Deposit Insurance Corporation's insurance limits. Historically, the Company has not experienced any losses due to such concentration of credit risk.

IDWP has one significant customer, Penguin Random House ("PRH"), that poses a concentration risk.

Revenues from PRH, IDWP's book market and direct market distributor, represented 85.8% and 84.8% of IDW's total consolidated revenue for the three months ended April 30, 2024 and 2023, respectively, and 88.6% and 76.8% of IDW's total condensed consolidated revenue for the six months ended April 30, 2024 and 2023, respectively. The receivable balances from PRH represented 76.9% and 72.4% of IDW's consolidated receivables at April 30, 2024 and October 31, 2023, respectively.

IDWE has one significant customer, Fifth Season (formerly Endeavor Content LLC), that poses a concentration risk.

Revenue from Fifth Season, a leading production company, represented 0% and 0% of the total consolidated revenue for the three and six months ended April 30, 2024 and 2023, respectively. The receivable balances from Fifth Season represented 7.0% and 11.9% of consolidated receivables at April 30, 2024 and October 31, 2023, respectively.

Contingencies

The Company accrues for loss contingencies when both (a) information available prior to issuance of the unaudited condensed consolidated financial statements indicates that it is probable that a liability had been incurred at the date of the unaudited condensed consolidated financial statements and (b) the amount of loss can reasonably be estimated. When the Company accrues for loss contingencies and the reasonable estimate of the loss is within a range, the Company records its best estimate within the range. When no amount within the range is a better estimate than any other amount, the Company accrues the minimum amount in the range. The Company discloses an estimated possible loss or a range of loss when it is at least reasonably possible that a loss may have been incurred. Gain contingencies are not recorded until they are realized.

Fair Value of Financial Instruments

The estimated fair value of financial instruments has been determined using available market information or other appropriate valuation methodologies. However, considerable judgment is required in interpreting this data to develop estimates of fair value. Consequently, the estimates are not necessarily indicative of the amounts that could be realized or would be paid in a current market exchange.

At April 30, 2024 and October 31, 2023, the carrying value of the Company's current assets of trade accounts receivable, inventory, prepaid expenses and other current assets, trade accounts payable, accrued expenses, production costs payable, and deferred revenue approximated fair value because of the short period of time to maturity. At April 30, 2024 and October 31, 2023, the carrying value of the Company's operating lease obligations approximate fair value as the interest rates related to the financial instruments approximate market yields.

Recently Issued Accounting Pronouncements

Management does not believe that any other recently issued, but not yet effective, accounting standard, if currently adopted, would have a material effect on the accompanying unaudited condensed consolidated financial statements.

Note 2—(Loss) Earnings Per Share

Basic loss per share is computed by dividing net loss attributable to all classes of common stockholders by the weighted average number of shares of all classes of common stock outstanding during the applicable period. Diluted loss per share includes the effect from potential issuances of common stock, such as from stock options and warrants, when the effect of their inclusion is dilutive. The Company excluded 2,669,391 and 942,477 shares of unvested restricted Class B common stock, options to purchase 1,608,191 and 310,462 shares of Class B common stock and warrants to purchase 0 and 187,579 shares of Class B common stock from the calculation of diluted loss per share for the three and six months ended April 30, 2024 and 2023, respectively, as due to the Company's net loss during each of those periods, the effect of including them would have been anti-dilutive. Therefore, basic and diluted loss per share are the same for the three and six months ended April 30, 2024 and 2023.

Note 3—Equity

Voting Privileges

Each holder of outstanding shares of Class B common stock is entitled to cast the number of votes equal to one tenth of the whole shares of Class B common stock held by such holder. Each holder of outstanding shares of Class C common stock is entitled to cast the number of votes equal to three times the whole shares of Class C common stock held by such holder. Each series of preferred stock, if any, are designated and issued, will have such number of shares, designations, preferences, voting powers, qualifications and special or relative rights or privileges as shall be determined by the Company's Board of Directors, which may include, among others, dividends, voting rights, and liquidation preferences.

Note 4—Stock Based Compensation

2019 Stock Option and Incentive Plan

On March 14, 2019, the Company's Board of Directors adopted the 2019 IDW Stock Option and Incentive Plan ("2019 Incentive Plan") to provide incentives to executive officers, employees, directors, and consultants of the Company and/or its subsidiaries originally and reserved 300,000 shares of Class B common stock for the grant of awards under the 2019 Incentive Plan, subject to adjustment. Incentives available under the 2019 Incentive Plan may include stock options, stock appreciation rights, limited stock appreciation rights, restricted stock, and deferred stock units. The number of shares reserved has been increased several times and is currently 2,550,000 shares. Options are generally granted with an exercise price equal to the market price of the Company's stock at the date of grant; those options generally vest based on 3 years of continuous service and have 10-year contractual terms. As of April 30, 2024, 711,302 shares remained available to be awarded under the 2019 Incentive Plan.

On January 7, 2024, the Company issued options to Davidi Jones, its CEO, to acquire 1,545,454 shares of its Class B common stock at a price of \$0.4342 per share. The options are exercisable as follows: (a) 230,308 on each of January 8, 2024, January 2, 2025, January 2, 2026, January 2, 2027, January 2, 2028 and January 2, 2029 and (b) 163,606 on January 2, 2030. If the options are exercised before they are vested (see discussion below), then the CEO will receive restricted shares of Class B common stock.

The options and/or restricted shares vest as follows: (1) 363,636 shares on the date that the Company's market capitalization (as defined) is equal to or over \$25,000,000; (2) an additional 454,545 shares on the date that the market capitalization is equal to or over \$50,000,000; and (3) an additional 727,273 shares on the date that the market capitalization is equal to or over \$110,000,000.

The options have been assigned di minimis value due to the market price-related vesting requirements compared to current market capitalization. As such, the value of the options is not currently being expensed. The Company will continue to monitor market capitalization and value the options appropriately as conditions warrant.

All exercisability of the options and vesting of the options and restricted stock is subject to the CEO remaining in continuous service through and on such date or dates.

Restricted Stock

The fair value of restricted shares of the Company's Class B common stock is determined based on the closing price of the Company's Class B common stock on the grant date. Share awards generally vest on a graded basis over three years of service.

A summary of the status of the Company's grants of restricted shares of Class B common stock is presented below:

Number of Non-vested	Average Grant Date
Shares	Fair Value
920,975	\$ 1.84
3,080,304	0.21
(1,331,888)	0.54
<u> </u>	<u> </u>
2,669,391	\$ 0.63
	Non-vested Shares 920,975 3,080,304 (1,331,888)

On January 5, 2024, 41,475 restricted shares of the Company's Class B common stock were issued to current members of the Company's Board of Directors which vested immediately upon grant.

On January 7, 2024, 2,727,273 restricted shares of the Company's Class B common stock were issued to the Company's CEO and shall vest, contingent on the CEO's remaining in continuous service to the Company, in substantially equal amounts on March 31, 2024, March 31, 2025, and March 31, 2026. These shares were issued in lieu of cash compensation for his employment services over the vesting period.

On January 18, 2024, 153,660 restricted shares of the Company's Class B common stock were issued to current members of the Company's Board of Directors which vested immediately upon grant.

On April 25, 2024, 157,896 restricted shares of the Company's Class B common stock were issued to the Company's CFO and shall vest, contingent on the CFO's remaining in continuous service to the Company, in substantially equal amounts on March 31, 2024, March 31, 2025, and March 31, 2026.

Non-cash compensation for stock options and restricted stock issued to employees and non-employees included in selling, general and administrative expenses was \$263,000 and \$196,000 during the three months ended April 30, 2024 and 2023, respectively, and \$530,000 and \$444,000 during the six months ended April 30, 2024 and 2023, respectively.

Note 5—Business Segment Information

The Company has the following reportable business segments: IDWP and IDWE.

The Company's reportable segments are distinguished by types of service, customers and methods used to provide their services. The operating results of these business segments are regularly reviewed by the Company's chief operating decision maker. The Company evaluates the performance of its business segments based primarily on operating income. The accounting policies of the segments are the same as the accounting policies of the Company as a whole.

Beginning in Fiscal 2024, the Company allocates its entire corporate overhead incurred by IDWMH to IDWP and IDWE, with 95% of IDWMH costs allocated to IDWP and 5% allocated to IDWE. The information for the three and six months ended April 30, 2023 has been reclassified to conform to the current period presentation.

Operating results and assets for the business segments of the Company are as follows:

(in thousands)	 IDWP		WE ^(a)	Total		
Three months ended April 30, 2024		_				
Revenues	\$ 5,603	\$	95	\$	5,698	
Loss from operations	(828)		(73)		(901)	
Net loss	(813)		(80)		(893)	
Three months ended April 30, 2023						
Revenues	\$ 5,443	\$	44	\$	5,487	
Loss from operations	(1,444)		(474)		(1,918)	
Net loss	(1,455)		(473)		(1,928)	
(in thousands)	 IDWP	<u>ID</u>	WE ^(a)	_	Total	
(in thousands) Six months ended April 30, 2024	 IDWP	ID	WE ^(a)	_	Total	
	 11,517		WE ^(a)	\$	Total 11,639

Six months ended April 30, 2024 Revenues	 11,517		122	\$	11,639	
Six months ended April 30, 2024 Revenues (Loss) income from operations	 11,517 (1,320)		122 183	\$	11,639 (1,137)	
Six months ended April 30, 2024 Revenues (Loss) income from operations Net (loss) income	 11,517 (1,320)		122 183	\$	11,639 (1,137)	
Six months ended April 30, 2024 Revenues (Loss) income from operations Net (loss) income Six months ended April 30, 2023	\$ 11,517 (1,320) (1,305)	\$	122 183 176	•	11,639 (1,137) (1,129)	

⁽a) IDWE includes Thought Bubble LLC and Word Balloon LLC which consist of only television costs.

Total Assets

At April 30, 2024 total assets were \$14,388,000 at IDWP, \$2,112,000 at IDWE, and \$4,334,000 at IDWMH.

At October 31, 2023 total assets were \$15,133,000 at IDWP, \$2,734,000 at IDWE, and \$4,885,000 at IDWMH.

Note 6—Trade Accounts Receivable and Deferred Revenue

Trade accounts receivable consists of the following:

(in thousands)	April 30, 2024	October 31, 2023		
Trade accounts receivable	\$ 5,549	\$ 7,378		
Less allowance for sales returns	(116)	(114)		
Trade accounts receivable, net	\$ 5,433	\$ 7,264		

The allowance for credit losses was \$0 as of April 30, 2024 and October 31, 2023.

The allowance for sales returns for the periods ended April 30, 2024 and October 31, 2023 are as follows:

(in thousands)	Six Months Ended April 30, 2024	Year Ended October 31, 2023	
Beginning Balance	\$ (114)	\$ (110)	
Charged to costs and expenses	(870)	(938)	
Deductions from allowance	868	934	
Ending Balance	\$ (116)) \$ (114)	

Changes in deferred revenue consist of the following:

(in thousands)		Six Months Ended April 30, 2024		Year Ended October 31, 2023	
Beginning Balance	\$	11	\$	_	
Performance obligations satisfied during the period that were included in the deferred revenue					
balance at the beginning of the year		(11)		-	
Increases due to invoicing prior to satisfaction of performance obligations		106		11	
Ending Balance	\$	106	\$	11	

Contract liabilities are recorded as deferred revenue when customer payments are received in advance of the Company meeting all the revenue recognition criteria under ASC 606. Generally, the remaining performance obligations will be satisfied within twelve months after prepayment. During the six months ended April 30, 2024, significant changes in the deferred revenue balances were the result of net cash received for comic books prior to their on-sale date.

Note 7— Inventory

Inventory consists of the following:

(in thousands)	April 30, 	2023
Work in progress	\$ 1,018	\$ 713
Finished goods	4,247	4,891
Total	\$ 5,265	\$ 5,604

Note 8—Prepaid Expenses and Other Current Assets

Prepaid expenses and other current assets consist of the following:

(in thousands)	April 30, 2024		October 31, 2023	
Royalties and deposits	\$	2,827	\$	2,160
Insurance		125		275
Tradeshows		61		-
Other prepaids		212		134
Total	\$	3,225	\$	2,569

Note 9—Property and Equipment

Property and equipment consist of the following:

(in thousands)	-	April 30, 2024		October 31, 2023	
Equipment	\$	329	\$	398	
Furniture and fixtures		305		305	
Leasehold improvements		222		202	
Total		856		905	
Less accumulated depreciation		(353)		(335)	
Property and equipment, net	\$	503	\$	570	

Depreciation expense totaled \$38,000 and \$39,000 for the three months ended April 30, 2024 and 2023, respectively, and \$78,000 and \$83,000 for the six months ended April 30, 2024 and 2023, respectively. During the six months ended April 30, 2024, the Company disposed of computers, furniture, and other equipment taken out of service, resulting in the removal of \$71,000 from gross property and equipment and \$59,000 from accumulated depreciation and a loss on the disposal of \$12,000 recorded in other expenses in the condensed consolidated statement of operations.

Note 10—Intangible Assets

Intangible assets consist of the following:

(in thousands)	Amortization Period	April 30, 2024		r · · · · · · · · · · · · · · · · · · ·		October 31, 2023	
Licensing contracts	7 years	\$	893	\$ 893			
Software	5 years		570	 547			
Total amortized intangible assets			1,463	 1,440			
Database and app development costs			76	 49			
Total in-process intangible assets			76	 49			
Less accumulated amortization			(1,158)	(1,080)			
Intangible assets, net		\$	381	\$ 409			

Amortization expense totaled \$39,000 and \$47,000 for the three months ended April 30, 2024 and 2023, respectively, and \$78,000 and \$205,000 for the six months ended April 30, 2024 and 2023, respectively.

As of April 30, 2024, the estimated amortization expense for intangible assets for each of the succeeding three years is as follows (excludes in process intangible assets):

(in	thousands)
1111	unousanus

Fiscal years ending October 31:	
Rest of 2024	\$ 90
2025	171
2026	105
2027	 15
Total	\$ 381

Note 11—Television Costs

Television costs consist of the following:

(in thousands)	April 30, 2024	October 31, 2023		
In-production	\$ -	\$ -		
In-development	1,611	1,608		
Total	\$ 1,611	\$ 1,608		

		Three Months Ended				s Ended				
(in thousands)	A	April 30, 2024		1 /		1 /		oril 30, 2023	April 30, 2024	April 30, 2023
Television cost (recoupment) amortization	\$	(7)	\$	(156)	(403)	(322)				
Television cost impairments		6		41	6	41				
Total	\$	(1)	\$	(115)	(397)	(281)				

During the three months ended April 30, 2024, and 2023, the Company recouped \$7,000 and \$156,000, respectively, of costs previously expensed. During the six months ended April 30, 2024, and 2023, the Company recouped \$403,000 and \$322,000, respectively, or costs previously expensed. Amortization expense for television costs is expected to be \$0 over the remaining six months of fiscal 2024. As a result of management's period assessment of in development projects, \$6,000 and \$0 of write-offs were recorded during the three months ended April 30, 2024 and 2023, respectively, and \$7,000 and \$41,000 of write-offs were recorded during the six months ended April 30, 2024 and 2023, respectively.

Note 12—Accrued Expenses

Accrued expenses consist of the following:

(in thousands)	April 30, 2024			2023	
Royalties	\$	428	\$	568	
Residuals		66		21	
Payroll, bonus, accrued vacation and payroll taxes		472		703	
Coop advertising		80		106	
Other		214		186	
Total	\$	1,260	\$	1,584	

The accrued payroll balance at April 30, 2024, and 2023 includes \$112,000 and \$435,000, respectively, of severance related to termination of the Company's former CEO on August 28, 2022. The Company expects to make these remaining severance payments through August 2024.

Note 13—Commitments

Lease Commitments

The Company has various lease agreements with remaining terms up to 3.25 years, including leases of office space and equipment. Some leases include options to purchase, terminate or extend for one or more years. These extension options are included in the lease term when it is reasonably certain that the option will be exercised.

The assets and liabilities from operating leases are recognized at the commencement date based on the present value of remaining lease payments over the lease term using the Company's secured incremental borrowing rates or implicit rates, when readily determinable. Short-term leases, which have an initial term of 12 months or less, are not recorded on the balance sheet.

The Company's operating leases do not provide an implicit rate that can readily be determined. Therefore, the Company estimated its incremental borrowing rate to discount the lease payments based on information available at either the implementation date of Topic 842 or at lease commencement for leases entered thereafter.

On April 5, 2022, the Company entered into an operating lease for 3,334 square feet of general office space at 2355 Northside Drive, Suite 140, San Diego, CA pursuant to a 39-month lease that commenced on June 1, 2022. The Company pays rent of \$130,000 annually, subject to annual escalations of 3%.

On June 27, 2022, the Company entered into an operating lease for 4,734 square feet of general office space at 14144 Ventura Blvd, Suite 210, Sherman Oaks, CA pursuant to a 60-month lease that commenced on August 1, 2022. The Company pays rent of \$183,000 annually, subject to annual escalations of 3%.

In addition, the Company is leasing various equipment under operating leases that expire through September 2025.

The Company's weighted-average remaining lease term relating to its operating leases is 2.73 years, with a weighted-average discount rate of 5.75% as of April 30, 2024.

The Company recognized lease expense for its operating leases of \$84,000 and \$86,000 for the three months ended April 30, 2024 and 2023, respectively, and \$169,000 and \$172,000 for the six months ended April 30, 2024 and 2023, respectively. The cash paid under operating leases was \$84,000 and \$84,000 for the three months ended April 30, 2024 and 2023, respectively, and \$171,000 and \$169,000 for the six months ended April 30, 2024 and 2023, respectively.

At April 30, 2024, the Company had a right-of-use-asset related to operating leases of \$2,028,000 and accumulated amortization related to operating leases of \$1,297,000, both of which are included as a component of operating lease right-of-use assets. At April 30, 2023, the Company had a right-of-use-asset related to operating leases of \$2,028,000 and accumulated amortization related to operating leases of \$1,010,000.

As of April 30, 2024, future minimum lease payments required under operating leases are as follows:

Maturity of Lease Liability (in thousands)	 <u> Fotal</u>
Fiscal years ending October 31:	
Rest of 2024	\$ 171
2025	320
2026	191
2027	 146
Total minimum lease payments	828
Less: imputed interest	(64)
Present value of future minimum lease payments	\$ 764
Current portion	\$ 342
Long-term portion	\$ 422

Note 14—Income Taxes

The Company recorded no income tax expense for the three and six months ended April 30, 2024 and 2023 because the estimated annual effective tax rate was zero. In determining the estimated annual effective income tax rate, the Company analyzes various factors, including projections of the Company's annual earnings and taxing jurisdictions in which the earnings will be generated, the impact of state and local income taxes, the ability to use tax credits and net operating loss carry forwards, and available tax planning alternatives.

As of April 30, 2024, and October 31, 2023, the Company provided a full valuation allowance against its net deferred tax assets since the Company believes it is more likely than not that its deferred tax assets will not be realized.

Note 15—Related Party Transactions

On April 5, 2022, the Company entered into an employment agreement with Howard S. Jonas, Chairman of the Board, which provides, among other things, the following: (i) an annual base salary of \$400,000 for a term of five years (the "Initial Term") that was paid through the issuance of 1,104,972 restricted shares of Class B Common Stock with the value of the shares based upon the closing price of Class B Common Stock on the NYSE American on April 4, 2022, the trading day immediately preceding the issuance equal to \$2 million representing Howard S. Jonas' base salary for the entire Initial Term; (ii) such shares shall vest, contingent on Howard S. Jonas' remaining in continuous service to the Company, in substantially equal amounts on April 5, 2023, April 5, 2024, April 5, 2025, April 5, 2026 and April 5, 2027; (iii) if Howard S. Jonas' employment is terminated without cause (as such term is defined the Employment Agreement), or if Howard S. Jonas resigns for good reason (as such term is defined the Employment Agreement) or upon Howard S. Jonas's death or disability (as such term is defined in the Employment Agreement) and upon other conditions set forth in the Employment Agreement, Howard S. Jonas will be entitled to (1) severance in the amount equal to twelve (12) months of any cash portion of his base salary; and (2) any restrictions with respect to any equity grants shall lapse, and any unvested equity grants in the Company or its subsidiaries shall vest. The Company and Howard S. Jonas also entered into a Restricted Stock Agreement on April 5, 2022 in connection with the issuance to him of such 1,104,972 restricted shares of Class B Common Stock.

In connection with Allan I. Grafman's election as Chief Executive Officer, the Company entered into an Employment Agreement, dated August 21, 2022, with Mr. Grafman that provides, among other things: (i) an annual base salary of \$410,000 per year, (ii) an annual bonus of \$50,000, in addition to being eligible to receive an annual discretionary bonus, (iii) pursuant to the IDW Media Holdings, Inc. 2019 Stock Option and Incentive Plan, as amended and restated, a grant of Incentive Stock Options ("Options") to purchase 67,671 shares of the Company's Class B Common Stock (which represents one-half of one percent (0.5%) of the issued and outstanding stock of the Company) with the exercise price of all Options being \$1.77 per share, the closing price of the Class B Common Stock on the trading day immediately prior to grant. The Options shall vest (i) with respect to one-fourth (1/4) of the underlying shares on the six-month anniversary of the Effective Date and (ii) in equal tranches (in each case, rounded to a whole number of shares) of the underlying shares on each quarterly anniversary of the six-month anniversary, and all unvested Options shall vest on the day immediately preceding the second anniversary of the Effective Date. Mr. Grafman served as a director of the Company from May 2019 through August 2022 and as an *Ex-Officio* (non-voting) member of the Board from August 2022 through March 2023. The Employment Agreement was terminated in connection with a reduction in force. Upon termination, all unvested options granted pursuant to the Option Agreement were terminated.

The Company leases office space on a month-to-month basis and receives consulting services from an affiliate of the Company's Chairman and principal stockholder. The Company incurred \$1,000 and \$5,000 of expenses for these services in the three months ended April 30, 2024 and 2023, respectively, and \$2,000 and \$10,000 for the six months ended April 30, 2024 and 2023, respectively.

Note 16—Subsequent Events

The Company has evaluated subsequent events through June 13, 2024, the date on which the unaudited condensed consolidated financial statements were issued. There were no material subsequent events that require recognition or additional disclosures in these unaudited condensed consolidated financial statements, except as follows:

On May 9, 2024, the Company's Board of Directors approved an increase to the number of authorized shares of Class B common stock, par value \$0.01 per share, from 20.0 million shares to 35.0 million shares.

On May 15, 2024, the Company announced a non-brokered private placement pursuant to which the Company proposed to issue to certain existing shareholders shares of its Class B common stock at a price of \$0.32 per share for a total of \$2.3 million. The Company reserves the right to accept investments of up to \$3.0 million in its discretion. The initial round of the offering closed June 12, 2024 and the Company issued 6,076,572 shares for gross proceeds of \$1,944,503. The follow on round to determine and allocate any potential unsubscribed shares is currently ongoing.

Item 4 Management's Discussion and Analysis or Plan of Operation

The following information should be read in conjunction with accompanying unaudited condensed consolidated financial statements and the associated notes thereto of this report, and our Management's Discussion and Analysis of Financial Condition and Results of Operations which were filed with the OTC Markets Group with our Annual Report for the fiscal year ended October 31, 2023.

OVERVIEW

We were incorporated in the State of Delaware in May 2009.

In 2009, IDT Corporation, our former parent corporation, completed a tax-free spinoff of the Company through a pro rata distribution of our common stock to IDT's stockholders.

Our Class B common stock is quoted on the OTCQB Venture Market on the OTC Markets.

Our principal businesses include:

- IDW Publishing ("IDWP") creates comic books, graphic novels and digital content through its imprints IDW, Top Shelf Productions and Artist's Editions; and
- IDW Entertainment ("IDWE") is a production company and studio that develops, produces and distributes content based on IDWP's original, copyrighted intellectual property ("IP"), published in the form of comic books, graphic novels and any other forms of print publication, for a variety of formats including film and television.

IDWP is an award-winning publisher of comic books, original graphic novels, and art books. Founded in 1999, IDWP has a long tradition of supporting original, powerful creator-driven titles as well as creating content from licensed franchises.

IDWE leverages IDWP original IP into television series, features, and other forms of media by developing and producing original content. IDWE maintains a development slate of properties based on IDWP properties for the adult series/features marketplace and the kids, family, and animation spaces.

Reclassification of prior year presentation

Beginning with the three months ended January 31, 2024, all IDWMH costs are allocated to IDWP and IDWE. Prior year allocations of IDWMH overhead have been reclassified to conform to the current year's presentation.

Business Description

IDW Publishing

There are two primary sources of the content that IDWP develops, publishes, and exploits across a range of distribution channels:

- Third-Party content that has already been successfully exploited in other media with partners such as Paramount (*Teenage Mutant Ninja Turtles, Star Trek*), Hasbro (*My Little Pony*), Sega (*Sonic*), Toho (*Godzilla*) and with companies including DC Comics and Marvel on our Artist's Editions ("Licensed Content").
- Original, creator-owned material that marks its debut to the consuming public via IDWP's published products, inclusive of IDW Originals and Top Shelf ("Creator Content"); and

IDWP's largest product group is the publication of comic book and trade paperback products. Its comics and graphic novels are primarily distributed through four channels: (i) to comic book specialty stores (the "direct market"); (ii) to traditional retail outlets, including bookstores and mass market stores, on a returnable basis (the "book market"); and (iii) direct-to-consumer sales sale through the Company's website, and (iv) to E-book distributors ("digital publishers"). IDWP's publications are widely available digitally through popular distributors such as Amazon, Apple iBooks, Google Play, Hoopla, Overdrive, and via IDWP's own webstore at idwpublishing.com. Through the direct market and book market, IDWP, including its imprints, sold over 4.3 million units in fiscal 2023 and is regularly recognized as one of the nation's largest publishers in the comics & graphic novels category.

IDWP is an award-winning publisher of comic books, original graphic novels, and art books. Founded in 1999, IDWP has a long tradition of supporting original, powerful creator-driven titles. In 2002, IDWP published 30 Days of Night by Steve Niles and Ben Templesmith followed by other horror titles that helped kickstart a resurgence in horror-comic publishing across the industry. Since then, IDWP has significantly diversified its publications. Joe Hill and Gabriel Rodríguez's Locke & Key, Jonathan Maberry's V Wars, Beau Smith's Wynonna Earp, Alan Robert's The Beauty of Horror adult coloring books, and Darwyn Cooke's graphic novel adaptations of Richard Stark's Parker novels are just a few of the hundreds of award-winning titles published since its inception.

IDWP owns Top Shelf Productions, an award-winning critically acclaimed publisher of graphic novels. Top Shelf Productions is renowned for publishing works of literary significance including the #1 New York Times and Washington Post bestselling trilogy, March, by Congressman John Lewis, Andrew Aydin, and Nate Powell. March is the only graphic novel to have won the National Book Award and is one of the most taught graphic novels in schools. In July 2019, Top Shelf Productions released George Takei's graphic memoir, They Called Us Enemy, which debuted at #2 on the New York Times Paperback Nonfiction Best Sellers list and as a #1 bestseller on Amazon. Both titles are now perennial bestsellers and considered two of the finest non-fiction graphic novels. Other iconic Top Shelf Productions titles include Kim Dwinell's Surfside Girls, Jeff Lemire's Essex County and The Underwater Welder, Hannah Templer's Cosmoknights, and Alan Moore and Eddie Campbell's From Hell

In addition to its core of creator-driven franchises, IDWP has also partnered with the owners of major licensed brands to publish many successful licensed titles, including Paramount Global's *Teenage Mutant Ninja Turtles and Star Trek;* Hasbro's *My Little Pony*; Sega's *Sonic The Hedgehog*; and Toho's *Godzilla*. These licensed titles bring with them diverse built-in audiences and build cache and retailer support for IDWP. With licensed franchises, IDWP's strategy is to focus not only on licenses that have eager, built-in fan followings, but also ongoing licensor support through other channels, such as toys, animation, and film. This strategy enables IDWP to expand its audience reach and to pursue sub-license opportunities with foreign publishers. IDWP also collaborates with other comic book publishers to co-publish certain titles, including *Batman vs. Teenage Mutant Ninja Turtles and Locke & Key/The Sandman Universe: Hell & Gone* (with DC Comics), *Rick & Morty vs. Dungeons & Dragons* (with Oni Press, Inc.) and *Godzilla vs. Power Rangers* (with Boom Studios).

IDW Originals, launched in July 2022, is a line of original comics and graphic novels from a diverse lineup of writers and artists creating content across all genres and for all age groups. IDW Originals works with top-tier talent including *New York Times* bestselling writers like Scott Snyder on *Dark Spaces: Wildfire*, Stephen Graham Jones on *Earthdivers*, and G. Willow Wilson on *The Hunger and the Dusk*, in addition to up-and-coming talent with the goal of creating the bestsellers of tomorrow. IDW Originals is also focused on creating IP that can be exploited across multiple media platforms.

IDWP is also home to Artist's Editions, which publishes oversized deluxe hardcovers featuring scans of original art printed at the same size they were drawn with the distinctive creative nuances that make original art unique. Some of the standout Artist's Editions titles include Jim Lee's *X-Men*, Mike Mignola's *Hellboy*, Todd McFarlane's *Spider-Man*, David Mazzucchelli's *Daredevil Born Again* and Dave Stevens' *The Rocketeer*.

Many of IDWP's titles are available worldwide through foreign licensing with 642 titles available in approximately 62 territories in approximately 24 languages. Penguin Random House ("PRH") serves as the exclusive worldwide distributor for all IDWP products. Since June 2022, PRH has served as the exclusive worldwide multi-year sales and distributor for IDWP's newly published and backlist comic book periodicals, trade collections, and graphic novels to the direct market comic shops.

To further expand and build creator-owned properties beyond publishing, IDWP works with IDWE, as well as other outside partners, to bring Creator Content franchises to television and film through licensing arrangements.

To expand its business and compete with other industry participants, IDWP continues to focus on launching new Creator Content and Licensed Content. IDWP is expanding the reach of existing and new products through the development of specialty, library, and education markets; increased direct-to-consumer initiatives; and broadening the reach of Creator Content series through licensing opportunities.

IDWP's revenues represented 98.3% and 99.2% of our condensed consolidated revenues in the three months ended April 30, 2024 and 2023, respectively and 99.0% and 99.5% in the six months ended April 30, 2024 and 2023, respectively.

IDW Entertainment

IDWE develops, produces and distributes content based on IDWP's original, copyrighted IP for a variety of formats including film and television.

IDWE was formed on September 20, 2013 to leverage IDWP properties into television series, features, and other forms of media by developing and producing original content. IDWE maintains a development slate of properties based on IDWP properties for the adult series/features marketplace and the kids, family, and animation spaces.

IDWE has developed and/or produced a number of series for television:

- Locke & Key premiered on Netflix on February 7, 2020. The show is based on the critically acclaimed graphic novels of the same name of Joe Hill and Gabriel Rodriguez published by IDWP. Season two premiered October 22, 2021, landing in the Top 10 on Netflix's global TV charts in over 81 countries, and season three premiered August 10, 2022 on Netflix.
- Surfside Girls is based on the Top Shelf graphic novel of the same name and premiered on August 19, 2022 on Apple
 TV+. All ten episodes of the live action kids' series premiered in over 80 countries worldwide on the Apple TV
 platform.

Some historical series include:

- Wynonna Earp which aired four seasons on SyFy from 2016 to 2021. The show was created by Emily Andras and starred Melanie Scrofano and was based on the IDWP comics of Beau Smith of the same name. Cineflix Studios is the co-producer and global distributor for the series. On February 8, 2024, the streaming service Tubi announced a new 90-minute scripted special, expected to premiere in 2024.
- Wars debuted on Netflix on December 5, 2019. The 10-episode vampire thriller stars Ian Somerhalder and was produced by High Park Entertainment. The series was based upon Jonathan Maberry's IDWP comic book series of the same name. Some streaming rights reverted back to IDWE in 2022; as a result, we will be exploring opportunities to monetize the past season and potential opportunities to continue the story with a new partner.
- October Faction premiered on Netflix on January 23, 2020. The 10-episode show was based on the IDWP comics of Steve Niles and Damien Worm of the same name and was adapted by showrunner Damian Kindler and starred Tamara Taylor and J.C. MacKenzie. It was also produced by High Park Entertainment.

In the past 18 months, IDWE announced a slate of titles with optioned deals with major studios, streamers, and distributors. As a part of these deals, IDWE will work closely to develop these properties as narrative television series, with the ultimate goal of securing a greenlight to production. These titles include:

- Dark Spaces with Universal Cable Productions ("UCP")
- The Delicacy with Warner Bros. Television Studios
- Brutal Nature with leading Mexico-based animation studio Anima Studios
- A Radical Shift of Gravity with award winning film producer Todd Lieberman/Hidden Pictures and Lionsgate

Business Model

While in the past, IDWE focused on television development and financing production opportunities, a broadening of our strategic goals has evolved to focus on lower risk investments as well as developing IP for feature film and podcast opportunities. As was the case with *Surfside Girls*, IDWE provided co-studio services which enabled us to utilize our studio partners' infrastructure to support the needs of productions while reducing our own risk. We have also diversified our position by acting as non-writing executive producers on current and future projects which allows us to secure fees for our services while minimizing costs.

The path to greenlighting a project can take many routes, but the two most common include internal development and partnering with established studios and streamers. For internal development, IDWE partners with established television and film talent to develop pitches based on our IP, then takes those pitches to buyers. Buyers who want to partner on IDWE's pitches will enter into a deal to commission a pilot script or feature screenplay, which will be the determining factor of a series or feature film being greenlit. In the second scenario, IDWE may option what's called clean IP (projects without any attachments or development with talent) to a buyer/production partner and develop/package a series or feature. While this scenario may require more work between IDWE and the buyer to develop a concept for adaptation, the advantage is that IDWE is doing this in tandem with the buyer or platform – guaranteeing that what is developed is strategically what they are looking for.

Due to the Writers Guild of America and Screen Actors Guild strikes in 2023, nearly all film & television production halted for the majority of 2023. Both strikes were some of the longest in the history of the media industry. Given the wide-ranging impacts of the work stoppages, many US media companies have cut budgets on scripted content. While the strikes had minimal impact in the current fiscal period, if media companies continue to cut budgets and reduce costs further as a response to the work stoppages, IDWE's ability to sell additional series and secure greenlights may be impacted. Both strikes ended on November 9, 2023.

IDWE's revenues represented 1.7% and 0.8% of our consolidated revenues in the three months ended April 30, 2024 and 2023, respectively and 1.0% and 0.5% in the six months ended April 30, 2024 and 2023, respectively.

Critical Accounting Policies and Estimates

Our unaudited condensed consolidated financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses as well as the disclosure of contingent assets and liabilities. Critical accounting policies are those that require application of management's most subjective or complex judgments, often as a result of matters that are inherently uncertain and may change in subsequent periods. Our critical accounting policies include those related to the valuation of long-lived assets including intangible assets with finite useful lives and ultimate revenues for television costs. Management bases its estimates and judgments on historical experience and other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. See Note 1 to the consolidated financial statements included our Annual Report filed on January 29, 2024 for a full description of our significant accounting policies.

Results of Operations

We evaluate the performance of our operating business segments based primarily on (loss) income from operations. Accordingly, the income and expense line items below loss from operations are only included in our discussion of the unaudited condensed consolidated results of operations.

Revenues. IDWP revenues increased by \$160,000 in the three months ended April 30, 2024, compared to the three months ended April 30, 2023, due to increases in comic book market publishing revenue of \$396,000 driven by *Teenage Mutant Ninja Turtles: Re-Evolution* and *Teenage Mutant Ninja Turtles #150*, direct-to-consumer sales of \$273,000 due primarily to increased marketing efforts, and direct billing revenue of \$129,000 driven mostly by increased Retail Exclusive orders, offset by an increase in sales returns and discounts on book sales of \$333,000, and decreases in book market publishing revenue of \$143,000, digital sales of \$136,000 driven by a decrease in Amazon and Comixology activity, and other revenue of \$26,000.

IDWP revenues decreased by \$503,000 in the six months ended April 30, 2024, compared to the six months ended April 30, 2023, due to decreases in direct billing revenue of \$675,000 driven mostly by decreased orders from Scholastic Book Fairs, an increase in sales returns and discounts on book sales of \$514,000, and decreases in digital sales of \$357,000 driven by a decrease in Amazon and Comixology activity, games revenue of \$307,000 due to no current games activity, and other licensing and royalty revenues of \$49,000, offset by increases in book market publishing revenue of \$871,000 driven by strong *Teenage Mutant Ninja Turtles: The Last Ronin* and *Teenage Mutant Ninja Turtles: Lost Years*, direct-to-consumer sales of \$388,000 due primarily to increased marketing efforts, and comic book market publishing revenue of \$140,000.

Direct cost of revenues. IDWP direct cost of revenues increased by \$503,000 in the three months ended April 30, 2024, compared to the three months ended April 30, 2023, primarily due to increases in publishing printing costs of \$543,000 due to write downs and write offs of slow-moving inventory, licensing costs of \$57,000 due primarily to the outsourcing of foreign licensing management, and creative costs of \$28,000, offset by decreases royalty expenses of \$125,000. Royalty expense as a percentage of sales is dependent on product and title mix as different revenue streams and titles have different royalty rates.

IDWP direct cost of revenues increased by \$275,000 in the six months ended April 30, 2024, compared to the six months ended April 30, 2023, primarily due to increases in publishing printing costs of \$302,000 due to write downs and write offs of slow-moving inventory, licensing costs of \$102,000 due primarily to the outsourcing of foreign licensing management, and creative costs of \$98,000, offset by decreases in games printing costs of \$207,000 due to no current games activity, and royalty expenses of \$20,000. Royalty expense as a percentage of sales is dependent on product and title mix as different revenue streams and titles have different royalty rates.

Gross Margin. IDWP gross margin decreased to 38.6% for the three months ended April 30, 2024, compared to 45.2% for the three months ended April 30, 2023. Gross margin for the six months ended April 30, 2024 decreased to 41.4% compared to 45.7% for the six months ended April 30, 2023. The decreases are primarily set forth in the direct cost of revenues discussion above, specifically write downs and write offs of slowing-moving inventory.

Selling, General and Administrative. IDWP selling, general and administrative expenses decreased by \$934,000 in the three months ended April 30, 2024, compared to the three months ended April 30, 2023, primarily due to decreases in overhead allocations of \$635,000, severance of \$412,000, direct-to-consumer costs of \$41,000 due to decreases in shipping costs, salaries and benefits of \$37,000 due primarily to the reduction in force associated with changes in leadership positions and other team members on April 27, 2023 offset by an increase due to the ERC recorded last year as a result of the CARES act, and IT costs of \$23,000, offset by increases in marketing costs of \$69,000 due primarily to increased co-op fees and direct-to-consumer marketing efforts, legal and consulting fees of \$53,000 due to outside counsel costs related to recent reductions in force, occupancy expenses of \$37,000 due mostly to changes in internal allocation methodology, travel expenses of \$33,000 and other net charges of \$22,000. The decreases in overhead and severance are also directly related to the reduction in force on April 27, 2023.

IDWP selling, general and administrative expenses decreased by \$2,225,000 in the six months ended April 30, 2024, compared to the six months ended April 30, 2023, primarily due to decreases in overhead allocations of \$1,461,000, salaries and benefits of \$461,000, severance of \$412,000, direct-to-consumer costs of \$58,000 due to decreases in shipping costs, IT costs of \$49,000 due to reduction of licenses related to reductions in force, and marketing expenses of \$32,000, offset by increases in occupancy expenses of \$67,000 due mostly to changes in internal allocation methodology, legal and consulting fees of \$63,000 due to outside counsel costs related to recent reductions in force, travel expenses of \$49,000, and other net charges of \$69,000. The decreases in overhead, salaries and benefits, and severance are also directly related to the reduction in force on April 27, 2023.

As a percentage of IDWP revenues, selling, general and administrative expenses were 52.3% in the three months ended April 30, 2024, compared to 71.0% in the three months ended April 30, 2023, and 51.9% in the six months ended April 30, 2024, compared to 68.2% in the six months ended April 30, 2023.

Revenues. IDWE revenues increased by \$51,000 in the three months ended April 30, 2024, compared to the three months ended April 30, 2023. Revenues in three months ended April 30, 2024 and 2023 both consisted of optioned project revenue.

IDWE revenues increased by \$62,000 in the six months ended April 30, 2024, compared to the six months ended April 30, 2023. Revenues in six months ended April 30, 2024 and 2023 both consisted of optioned project revenue.

Recoupment of costs of revenues. IDWE direct cost of revenues consists primarily of the amortization of production costs that were capitalized during the production of the television episodes and direct costs related to revenue recognized during related periods. Direct recoupment of costs consists of recoupment of expenses previously recorded as cost of revenue that could not be reasonably estimated in prior periods.

IDWE direct cost of revenues increased by \$93,000 in the three months ended April 30, 2024, compared to the three months ended April 30, 2023. The amortized television costs for the three months ended April 30, 2024 included residuals of \$55,000 and television cost impairments of \$6,000, offset by cost recoupment from *Wynonna* Earp of \$7,000. The amortized television costs for the three months ended April 30, 2023, included cost recoupment from *Wynonna* Earp of \$166,000 and tax credits for *V Wars* of \$7,000, offset by residuals of \$88,000.

IDWE direct cost of revenues decreased by \$174,000 in the six months ended April 30, 2024, compared to the six months ended April 30, 2023. The amortized television costs for the six months ended April 30, 2024, included cost recoupment from *Wynonna* Earp of \$403,000, offset by residuals of \$99,000 and television cost impairments of \$6,000. The amortized television costs for the six months ended April 30, 2023, included cost recoupment from *Wynonna* Earp of \$166,000 and tax credits for *V Wars* of \$7,000, offset by residuals of \$88,000.

Gross Margin. IDWE gross margin was 43.5% for the three months ended April 30, 2024, compared to 188.6% for the three months ended April 30, 2023, and 343.9% for the six months ended April 30, 2024, compared to 306.7% for the six months ended April 30, 2023. These gross margin figures are aligned with the explanations provided for revenues and direct cost of revenues.

Selling, General and Administrative. IDWE selling, general and administrative expenses decreased by \$442,000 during the three months ended April 30, 2024, compared to the three months ended April 30, 2023 primarily due to decreases in salaries and benefits of \$214,000, overhead allocations of \$123,000, legal and consulting expenses of \$52,000 due primarily to a reduced reliance on outside counsel, occupancy expenses of \$18,000 due mostly to changes in internal allocation methodology, IT costs of \$14,000, and other net charges of \$21,000. The decreases in salaries and benefits and overhead are directly related to the reduction in force on April 27, 2023.

IDWE selling, general and administrative expenses decreased by \$920,000 during the six months ended April 30, 2024, compared to the six months ended April 30, 2023 primarily due to decreases in salaries and benefits of \$519,000, overhead allocations of \$230,000, legal and consulting expenses of \$81,000 due primarily to a reduced reliance on outside counsel, occupancy expenses of \$36,000 due mostly to changes in internal allocation methodology, IT costs of \$16,000, and other net charges of \$38,000. The decreases in salaries and benefits and overhead are directly related to the reduction in force on April 27, 2023.

Consolidated Net Loss IDW Media Holdings, Inc.

(in thousands)		_	Chan	ge
Three months ended April 30,	 2024	2023	\$	%

Loss from operations. Loss from operations decreased by \$1,017,000 in the three months ended April 30, 2024 compared to the three months ended April 30, 2023, due to a decrease in corporate overhead of \$1,402,000, offset by negative changes in operational performance from IDWP of \$343,000 and negative changes in operational performance from IDWE of \$42,000. These changes are described in the separate segment analyses above.

Loss from operations decreased by \$2,771,000 in the six months ended April 30, 2024 compared to the six months ended April 30, 2023, due to a decrease in corporate overhead of \$3,312,000 and positive changes in operational performance from IDWE of \$236,000, offset by negative changes in operational performance from IDWP of \$777,000. These changes are described in the separate segment analyses above.

Interest income (expense), net. Interest income earned on bank deposits was \$20,000 in the three months ended April 30, 2024 compared to \$2,000 in the three months ended April 30, 2023.

Interest income was \$20,000 in the six months ended April 30, 2024 compared to \$30,000 in the three months ended April 30, 2023 due to interest income earned on the ERC cash received in the six months ended April 30, 2023.

Other expense, net. Other expense due to the loss on the disposal of property and equipment was \$12,000 in the three months ended April 30, 2024 compared to \$12,000 in the three months ended April 30, 2023.

Other expense due to the loss on the disposal of property and equipment was \$12,000 in the six months ended April 30, 2024 compared to \$48,000 in the six months ended April 30, 2023.

Liquidity and Capital Resources

General

At April 30, 2024, the Company had cash of \$3,432,000 and working capital (current assets in excess of current liabilities) of \$14,186,000, compared to cash of \$3,599,000 and working capital of \$14,703,000 at October 31, 2023. The decrease in cash is a result of production spending on future titles at IDWP as well as ongoing operating expenses across the Company. To reduce spending, on April 5, 2024, the Company announced a reduction in force with respect to five employees, or 9.4% of its then current workforce.

We anticipate that our expected cash flow from operations during the next twelve months together with our working capital, including the balance of cash held as of April 30, 2024, as well as capital raised during our current offering of additional shares to existing shareholders will be sufficient to sustain our operations for at least the twelve months following the date of this report. While the Company has experienced negative operating cash flow during previous years, we anticipate recent operating expense changes, primarily as a result of reductions in force in April 2023 and April 2024, will result in future positive operating cash flow.

We satisfy our cash requirements primarily through cash provided by the Company's operating activities, which fluctuates each quarter.

	-	Six months ended April 30,					
(in thousands)	2024		2023				
Cash flows used in:							
Operating activities	\$ (9.	5) \$	(4,305)				
Investing activities	(7:	2)	(106)				
Net decrease in cash	\$ (16)) <u>\$</u>	(4,411)				

Operating Activities

Cash used in operating activities was \$95,000 for the six months ended April 30, 2024, compared to cash used in operating activities of \$4,305,000 in the six months ended April 30, 2023. For the six months ended April 30, 2024, net decrease in cash was primarily a result of the net loss for the period of \$1,130,000, adjusted for non-cash items included in the determination of net loss, and \$264,000 of cash inflow related to the effect of changes in operating assets and liabilities. Reduction in cash expenditures for the six months ended April 30, 2024 compared to the six months ended April 30, 2023 was primarily due to reduced salaries and benefits.

For the six months ended April 30, 2023, net use of cash for operations was primarily a result of the net loss for the period of \$3,926,000, adjusted for non-cash items included in the determination of net loss, offset by \$1,197,000 cash inflow related to the effect of changes in operating assets and liabilities. Cash flows generated at IDWE vary widely year to year due to timing of productions.

Investing Activities

Our capital expenditures were approximately \$72,000 and \$106,000 in the six months ended April 30, 2024, and 2023, respectively.

Recent Accounting Pronouncements

For a description of recently issued accounting pronouncements, including the respective dates of adoption, and expected effects on our results of operations and financial condition, see Note 1 to the unaudited condensed consolidated financial statements included in this report.

Changes in Trade Accounts Receivables and Allowance for Credit Losses

Trade accounts receivable decreased to approximately \$5,433,000 at April 30, 2024, compared to \$7,263,000 at October 31, 2023 principally due to decreased sales volume with PRH. The allowance for credit losses as a percentage of gross trade accounts receivable was 0% at April 30, 2024 and October 31, 2023, reflecting the Company's collectible receivable experience.

Off- Balance Sheet Arrangements

We do not have any "off-balance sheet arrangements," as defined in relevant SEC regulations that are reasonably likely to have a current or future effect on our financial condition, results of operations, liquidity, capital expenditures or capital resources.

Other Sources and Uses of Resources

Where appropriate, we evaluate strategic investments and acquisitions to complement, expand, and/or enter into new businesses. In considering acquisitions and investments, we search for opportunities to profitably grow our existing businesses, to add qualitatively to the range of businesses in our portfolio, and to achieve operational synergies. At this time, we cannot guarantee that we will be presented with acquisition opportunities that meet our return-on-investment criteria, or that our efforts to make acquisitions that meet our criteria will be successful.

In the fourth quarter of fiscal 2020 we paid "pull down" costs pursuant to a previously announced, multi-year agreement with Cineflix related to international sales of Wynonna Earp. Specifically, under this agreement, IDWE purchased the distribution rights to seasons one and two of *Wynonna Earp* from the current licensor (Netflix) and had agreed to transfer those rights to Cineflix. Cineflix is now the international distributor of all four seasons of *Wynonna Earp*. Due to changes in competition as well as the COVID-19 pandemic, the Cineflix deal did not contribute revenue and operating cash flow in fiscal year 2021 at the levels originally anticipated at the inception of the deal, however we began recouping some of our cash outlays in the third quarter of 2022, which continued through the three and six months ended April 30, 2024.

Dividends

We have never declared or paid any cash dividends on our capital stock. The Company does not currently anticipate paying any cash dividends in the foreseeable future and is using cash flows to invest in the growth of the business.

Item 5 Legal Proceedings.

The Company is currently involved in three separate matters involving former employees alleging wrongful termination, discrimination, and harassment. We believe each claim to be without merit and have engaged counsel to defend the Company, and are acting in accordance with the terms of our Employment Practices liability insurance. The Company currently believes each matter will be resolved without material negative impact on the Company
