### Notes to unaudited interim condensed consolidated financial statements

[expressed in Canadian dollars]

For the three and six months ended June 30, 2024 and 2023

- [2] On September 30, 2019, the Company acquired 100% of the common shares of EP Homes, previously known as Bridge to Homeownership Investments Ltd., and all of its subsidiaries ("EP Homes Subsidiaries"). EP Homes was incorporated in Alberta, Canada on July 11, 2017. This acquisition brought the EP Homes' homeownership program under Everyday People allowing for a vertically integrated group of companies serving all of the financial needs of everyday people.

EP Homes Subsidiaries are as follows:

- EP Homes I Inc. ("EP Homes I"): EP Homes I, previously known as EAM Real Estate Investments Holdings Ltd. was incorporated in Alberta, Canada on December 6, 2016. EP Homes I is a Special Purpose Vehicle ("SPV") for EP Homes where a portion of EP Homes' inventory is held.
- EP Homes II Inc. ("EP Homes II"): EP Homes II, previously known as EAM Enterprises II Inc. was incorporated in Alberta, Canada on September 26, 2017. EP Homes II is an SPV for EP Homes where a portion of EP Homes' inventory is held.
- EP Homes III Inc. ("EP Homes III"): EP Homes III, previously known as EAM Enterprises III Inc. was incorporated in Alberta, Canada on March 1, 2018. EP Homes III is an SPV for EP Homes where a portion of EP Homes' inventory is held.
- EP Homes IV Inc. ("EP Homes IV"): EP Homes IV, previously known as EAM Enterprises IV Inc. was incorporated in Alberta, Canada on June 21, 2018. EP Homes IV is an SPV for EP Homes where a portion of EP Homes' inventory is held.
- EP Homes V Inc. ("EP Homes V"): EP Homes V was incorporated in Alberta, Canada on December 21, 2022. EP Homes V is an SPV for EP Homes, however, there is currently no inventory being held under EP Homes V.
- EP Homes Ontario I Inc. ("EP Homes ON I"): EP Homes ON I was incorporated in Ontario, Canada on April 13, 2023. EP Homes ON I is an SPV for EP Homes to expand the operations into Ontario.
- EP Ontario I Down Payment Program Inc. ("EP Homes Ontario DPP"): previously known as 2808533 Ontario Inc. was incorporated in Ontario, Canada on January 15, 2021, and the name subsequently changed on April 18, 2023 to EP Ontario I Down Payment Program Inc.

- [3] On May 18, 2022, the Company incorporated 14049888 Canada Inc. in Canada. On July 5, 2022, 14049888 Canada Inc.'s name was changed to Smart Everyday People Inc. SEP is a joint venture between EP Care and SEB Administrative Services Inc. The joint venture's focus is to provide workers and employers with a health care spending account called the Everyday HSA; a virtual prepaid card program.
- [4] On December 30, 2022, the Company acquired 100% of the shares of GCS incorporated in British Columbia, Canada. GCS is a provider of professional client management solutions executing debt collection services in Canada.
- [5] On March 31, 2023, the Company's wholly owned subsidiary, GCS, acquired 100% of the shares of Groupe Solution. Groupe Solution serves enterprise clients requiring accounts receivable management solutions and debt collection services predominantly in Quebec, Canada.
- [6] On October 31, 2023, the Company's wholly-owned subsidiary, BPO acquired 100% of the issued and outstanding shares of Everyday People Financial Solutions Limited ("EPFS") previously known as Arvato Financial Solutions Limited [note 4].
- [7] On January 1, 2024, the Company incorporated EP Supply Chain in Florida, USA. EP Supply Chain provides supply chains stronger cash flow and profitability, enhancing deliverables to their customers.

These unaudited interim condensed consolidated financial statements were authorized for issue by the Company's board of directors on August 13, 2024.

# Notes to unaudited interim condensed consolidated financial statements

[expressed in Canadian dollars]

For the three and six months ended June 30, 2024 and 2023

## 2. Basis of presentation and going concern

### Statement of compliance

The unaudited interim condensed consolidated financial statements of the Company for the six months ended June 30, 2024 and 2023 have been prepared in accordance with IAS 34 Interim Financial Reporting (“IAS 34”). The accounting policies adopted in preparing these condensed interim financial statements are consistent with those applied in the Company’s audited annual financial statements and notes as at and for the 12 months ended December 31, 2023. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

These unaudited interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company’s audited annual financial statements for the 12 months ended December 31, 2023.

### Basis of measurement

These unaudited interim condensed consolidated financial statements have been prepared on the historical cost basis, with the exception of certain financial instruments, which are measured at fair value [note 18]. The unaudited interim condensed consolidated financial statements are presented in Canadian dollars, which is the Company’s functional currency, and all amounts are rounded to the nearest dollar, except when otherwise indicated. The functional currency of each legal entity is in their local currency.

### Basis of consolidation

These unaudited interim condensed consolidated financial statements include the financial position and operating results, if any, of the Company and its wholly owned subsidiaries: EP Investments, BPO, EP UK, iKort, EP Climb, EP Care, EP Security, EP Travel, GCS, Groupe Solutions, EPFS, EP Supply Chain, and EP Homes and EP Homes’ subsidiaries (collectively the “Subsidiaries”). The Subsidiaries are entities controlled by the Company.

Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary.

All intercompany transactions and balances amongst consolidated entities have been eliminated in the unaudited interim condensed consolidated financial statements.

### Going concern

These unaudited interim condensed consolidated financial statements have been prepared assuming the Company will continue as a going concern. The going concern basis of presentation assumes the Company will continue in operation for the foreseeable future and can realize its assets and discharge its liabilities and commitments in the normal course of business as they come due. The Company has recurring losses from operations and has a deficit. The Company earned a net profit of \$939,338 (June 30, 2023 - \$1,712,568 net loss) for the six months ended June 30, 2024, including acquisition costs and depreciation and amortization expense, deficit of \$59,773,868 as at June 30, 2024 (December 31, 2023 - \$60,713,206) and cash provided by operating activities of \$2,324,352 for six months ended June 30, 2024 (June 30, 2023 – cash used in operating activities of \$1,390,777). These conditions indicate the existence of material uncertainties that may cast significant doubt regarding the Company’s ability to continue as a going concern and otherwise execute its business strategies.

The Company’s ability to continue as a going concern and realize its assets and discharge its liabilities in the normal course of business is dependent upon various risks and uncertainties affecting the Company’s future financial position and its performance including, but not limited to:

- Its ability to raise adequate equity and debt capital;
- Its ability to execute the business plan of achieving net profits in place of losses in some of the operating segments;

### Notes to unaudited interim condensed consolidated financial statements

[expressed in Canadian dollars]

For the three and six months ended June 30, 2024 and 2023

Failure to implement the Company's business plan and raise sufficient capital could have a material adverse effect on the Company's financial condition and/or financial performance. There is no assurance that the Company will be able to raise additional capital as they are required in the future. Accordingly, there are material risks and uncertainties that may cast significant doubt about the Company's ability to continue as a going concern.

These unaudited interim condensed consolidated financial statements do not include any adjustments that would be necessary if the going concern assumption were not appropriate. Failure to continue as a going concern would require adjustments to assets and liabilities, the reported revenues and expenses, and statement of financial position classifications used, which could differ materially from the going concern basis.

#### **Management judgment and estimation uncertainty**

The management judgment and estimation applied in the preparation of the unaudited condensed consolidated financial statements are consistent with those followed in the preparation of the Company's annual audited consolidated financial statements for the 12 months ended December 31, 2023.

#### **3. Summary of material accounting policies**

The policies applied in these unaudited interim condensed consolidated financial statements are based on IFRS issued and outstanding as of the date the Company's board of directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited interim condensed consolidated financial statements as compared with the most recent annual consolidated financial statements as at and for the 12 months ended December 31, 2023. Management believes there are no significant changes to the accounting policies in the Company's annual consolidated financial statements for the 12 months ended December 31, 2023 that could result in restatement of these unaudited interim condensed consolidated financial statements.

#### **New standards, interpretations and amendments adopted by the Company**

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Company's annual consolidated financial statements for the 12 months ended December 31, 2023, with the exception of the following:

##### *Revenue recognition*

Revenue from EP Supply Chain is recorded in accordance with IFRS 15. Revenue is recorded at the point in time when the delivery arrives at its destination, as that is the point in time when performance obligations are satisfied, and the risks and rewards are transferred.

#### 4. Business combinations

##### Everyday People Financial Solutions Limited

On October 31, 2023, the Company's wholly owned subsidiary, BPO acquired 100% of the issued and outstanding shares of Everyday People Financial Solutions Limited, previously owned by Bertelsmann UK Limited. EPFS is a provider of accounts receivable management services in the United Kingdom. EPFS primarily focuses on providing financial and collection management services in a regulated environment overseen by the UK's Financial Conduct Authority ("FCA"). EPFS caters to major creditors operating within the financial services, utilities, telecommunications, and debt purchase sectors. The primary reason for the business acquisition was to expand the Company's revenue cycle management division. The proposed transaction is an arm's-length transaction, where BPO will not assume any debt, and no finder's fees are to be paid in connection with the acquisition.

From the date of acquisition, EPFS contributed \$1,481,863 of revenue and \$1,402,390 of profit before tax from continuing operations for the Company, for the 12 months ended December 31, 2023. If the acquisition occurred on January 1, 2023, revenue from continuing operations for the 12 months ending December 31, 2023 would have been approximately \$14,424,954 and a loss before tax from continuing operations for EPFS would have been approximately \$10,580,698.

The following table summarizes the allocation of the purchase price consideration to the assets acquired as at October 31, 2023, based on their fair values:

Purchase price consideration	Amount in GBP	Amount in CAD
	£	\$

<b>Bargain purchase gain [1]</b>	<b>3,463,153</b>	<b>5,818,791</b>

[1] The acquisition of EPFS resulted in a bargain purchase gain of \$5,818,791 (£3,463,153 GBP), which was recorded in other income in the statements of profit and loss and comprehensive profit and loss. The bargain purchase gain occurred as the transaction was a distressed sale.

##### Groupe Solution Collect Solu Inc.

On March 31, 2023, the Company's wholly-owned subsidiary, GCS, acquired 100% of the shares of Groupe Solution. Groupe Solution serves enterprise clients requiring accounts receivable management solutions and debt collection services in Quebec, Canada. The primary reason for the business acquisition was to expand accounts receivable collection services in Canada and to leverage the customer base, relationships, and collection services of Groupe Solution to EP Financial services.

From the date of acquisition, Groupe Solution contributed \$4,223,925 of revenue and \$327,098 of profit before tax from continuing operations for the Company, for the 12 months ended December 31, 2023. If the acquisition occurred on January 1, 2023, revenue from continuing operations for the 12 months ended December 31, 2023 would have been approximately

\$5,761,215 and a profit before tax from continuing operations for Groupe Solution would have been approximately \$609,048 including shareholders' compensation of \$215,682.

The following table summarizes the allocation of the purchase price consideration to the assets acquired as at March 31, 2023 based on their fair values:

<b>Purchase price consideration</b>	<b>Amount in CAD</b>

<b>Net fair value of assets acquired</b>	<b>5,088,358</b>

- [1] The Company issued a non-interest bearing promissory note, in the principal amount of \$800,000 and consists of:
- \$700,000 repayable 6 months after the acquisition date in cash or by way of issuance of 700,000 common shares at the discretion of the founders of Groupe Solution, and,
  - \$100,000 repayable 18 months after the acquisition date in cash.

The fair value of the promissory note was estimated to be \$759,889 (\$671,588 repayable in 6 months after the acquisition date and \$88,311 repayable in 18 months after the acquisition date), which was determined by using the discounted cash flow ("DCF") method. However, on December 5, 2023, the Company agreed to pay the \$800,000 in cash, therefore, the payment was accounted against the carrying value of \$759,889 and the difference of \$40,111 was recorded as an expense in the consolidated statements of profit and loss and comprehensive profit and loss.

- [2] Per the purchase agreement with Groupe Solution, the Company is required to pay an additional \$1,400,000, either in cash or by way of issuance of 1,400,000 common shares of the Company, at the discretion of Groupe Solution's founders, if Groupe Solution's Earnings before interest, taxes, depreciation, and amortization ("EBITDA") is equal to or greater than \$1,080,000 in any one year before March 31, 2025. However, if the Groupe Solution's EBITDA does not reach \$1,080,000 and is higher than \$852,500, a portion of \$1,400,000 will be granted to Groupe Solution founders. The fair value of the contingent consideration was estimated to be \$664,469 using the Monte Carlo simulation and following a Geometric Brownian motion model.

The fair value of the contingent consideration is determined by discounting the future payment to the present value. The key valuation inputs used were:

- Forecasted EBITDA;
- The Company's closing stock price at acquisition date;
- Stock volatility;
- Risk-free rate: Based on the average yield of Government of Canada's 1-3 year marketable bonds at the acquisition date; and
- Discount rate of 21.5%.

Goodwill is tested for impairment annually or more frequently if events or circumstances indicate that the asset might be impaired. The Company tested goodwill for impairment as at December 31, 2023, in accordance with the Company's policy.

- [1] The Company tested BPO Revenue Cycle Management ("RCM") services (formerly UK collection services) CGU, which is part of the RCM services operating segment, for impairment for the 12 months ended December 31, 2023. BPO RCM services CGU's recoverable amount of \$28,660,000 as at December 31, 2023 (December 31, 2022 - \$29,031,000) is higher than the carrying amount, as a result, no impairment charge was recorded for the BPO RCM services CGU.

For the period ended December 31, 2023 and 2022, the recoverable amount as estimated based on the value in use, using discounted cash flow projections to the BPO RCM services CGU. The Company used level 3 fair value techniques to assess the impairment of goodwill. The cash flows used in determining the fair value for the BPO RCM services CGU were based on the following key assumptions:

- Five-year projections, based on management's expectations of the Company's operations.
- Estimates of revenue, financial services' profit, working capital and operating cash flows are based on historical results, and future expectations of operating performance.
- Discount rate of 20.18% (December 31, 2022 – 18.05%).
- Average revenue growth rate of 12.1% (December 31, 2022 – 18.05%).
- Long-term growth rate of 2.00% (December 31, 2022 – 3.32%). The long-term growth rate is the yield on the 10-year benchmark Government bond issued by the Government of Canada as of the valuation date.
- The total revenue from operations is expected to increase by 19.02% in fiscal year 2024 (13.18% in fiscal year 2023).

- [2] The Company tested GCS RCM services (formerly Canada collection services) CGU, which is part of the RCM services operating segment, for impairment for the 12 months ended December 31, 2023. GCS RCM services CGU's recoverable amount of \$6,480,000 as at December 31, 2023 is higher than the carrying amount, as a result, no impairment charge was recorded for the GCS RCM services CGU.

For the period ended December 31, 2023, the recoverable amount as estimated based on fair value less cost of disposal, using discounted cash flow projections to the GCS RCM services CGU. The Company used level 3 fair value techniques to assess the impairment of goodwill. The cash flows used in determining the fair value for the GCS RCM services CGU were based on the following key assumptions:

- Five-year projections, based on management's expectations of the Company's operations.
- Estimates of revenue and EBITDA are based on historical results, and future expectations of operating performance.
- Discount rate of 20.24%.
- Average revenue growth rate of 3.99%.
- Average EBITDA growth rate of 18.00%.
- Long-term growth rate of 2.00%. The long-term growth rate is the yield on the 10-year benchmark Government bond issued by the Government of Canada as of the valuation date.
- The total revenue from operations is expected to decrease by 0.3% in fiscal year 2024.

- [3] Due to marginal revenue growth which was lower than management's expectations, the Company tested Groupe Solution RCM services CGU, which is part of the RCM services operating segment, for impairment for the 12 months ended December 31, 2023. Groupe Solution RCM services CGU's recoverable amount of \$4,190,000 as at December 31, 2023 is lower than the carrying amount, as a result, an impairment charge of \$130,000 was recorded for the Groupe Solution RCM services CGU.

[1] On August 31, 2022, the Company issued RSUs as part of the RTO. For each RSU granted, compensation expense is recognized equal to the market value of one common share at the date of grant based on the number of RSUs expected to vest, recognized over the term of the vesting period. The market value of \$0.34 was used as the closing share price on the first trading day after the RTO. For the six months ended June 30, 2024, the Company has recorded an expense of \$113,453 (December 31, 2023 - \$518,344) in share-based compensation expense related to the RSUs in the consolidated statements of profit and loss and comprehensive profit and loss, with a corresponding credit to reserves.

[2] On April 10, 2024, the Company issued 300,000 RSUs to consultants with a 1-year vesting period, in accordance with their consultancy agreements. The 300,000 RSUs were approved by the board of directors on May 22, 2024. For each RSU granted, compensation expense is recognized equal to the market value of one common share at the grant date based on the number of RSUs expected to vest, recognized over the term of the vesting period. The market value of \$0.375 was used at the closing share price on the grant date. For the six months ended June 30, 2024, the Company has recorded an expense of \$28,125 (12 months ended December 31, 2023 - \$32,900) in the share-based compensation expense related to the RSUs issued to consultants with 1-year vesting period in the unaudited interim condensed consolidated statements of profit and loss and comprehensive profit and loss, with a corresponding credit to reserves.

[3] The Company accrued the share-based compensation expenses for each RSU committed and outstanding but not granted to consultants. For the six months ended June 30, 2024, the Company accrued for 125,000 RSUs. On August 22, 2023 and November 22, 2023, the board of directors approved the issuance of 520,000 and 160,000 RSUs, respectively for \$184,298. The expense was calculated at the market value of one common share at December 31, 2023 and recognized the expenses over the term of the vesting period, with a corresponding credit to reserves.

[4] On January 19, 2024, 1,170,000 RSUs were exercised by the board of directors and management, for a total cost of \$256,360. On October 24, 2023, a consultant exercised 100,000 RSUs and the cost of \$34,000 is accounted in reserves.

[5] For the six months ended June 30, 2024, the Company cancelled Nil (December 31, 2023 – 876,000) RSUs that were issued or committed to directors and consultants for a total value of \$Nil (December 31, 2023 – \$132,598).

#### 18. Financial instruments

The Company's principal financial liabilities include trade payables, customer payables, due to related parties, promissory notes, credit facilities, government loans, lease liabilities, convertible debentures, and customer deposits. The Company's financial assets include cash and cash equivalents, cash – restricted, customer funds, loan receivables, due from related parties, investments, and trade receivables. The Company's financial instruments have been classified as either assets or liabilities at amortized cost or fair value through other comprehensive income. The following table illustrates how the financial instruments in the unaudited interim condensed consolidated statements of financial position are classified and measured:

<b>Financial asset/liability</b>	<b>Classification and measurement</b>
Cash and cash equivalents	Amortized cost
Cash – restricted	Amortized cost
Customer funds	Amortized cost
Trade receivables	Amortized cost
Loan receivables	FVTPL
Due from related parties	Amortized cost
Investments	Amortized cost
Trade payables	Amortized cost
Customer payables	Amortized cost
Current portion of customer deposits	Amortized cost
Lease liabilities	Amortized cost
Due to related parties	Amortized cost
Promissory notes	Amortized cost
Credit facilities	Amortized cost
Government loans	Amortized cost
Customer deposits	Amortized cost
Convertible debentures	Amortized cost

The risks arising from the Company's financial instruments are equity price risk, interest rate risk, foreign currency risk, and liquidity risk.

#### Fair value

The fair values of cash and cash equivalents, restricted cash, customer funds, loan receivables, trade receivables, trade payables, promissory notes, credit facilities, customer payables, customer deposits, and government loans approximate their carrying values due to the short-term maturity of these financial instruments. The fair value of convertible debentures, due to related parties and due from related parties approximates their carrying value due to the market-based rates. The Company uses a fair value hierarchy, based on the relative objectivity of inputs used to measure fair value, with Level 1 representing inputs with the highest level of objectivity and Level 3 representing the lowest level of objectivity.

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk arising from fluctuations in interest rates arising in the Company's borrowings in credit facilities. Interest rate risk is minimized through management's decision to primarily obtain fixed rate interest for the time period the asset is held per the business plan. The impact of interest rate sensitivity on the Company's profit (loss) before tax is due to the changes in the bank prime rates [note 12]. With all other variables held constant, the increase or decrease in interest rate by 2.7% or 270 basis points will result in change in the Company's profit before tax by \$132,392 (December 31, 2023 - \$168,975). The assumed movement in basis point for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

#### Foreign currency risk

Foreign currency risk is the risk to earnings or capital arising from changes in foreign exchange rates. The Company has transactional currency exposures that arise from loans and receivables in currencies other than its functional currency. The Company has transactional currency exposures that arise from purchases in currencies other than their functional currency, including British Pounds and United States Dollar. The Company does not enter into derivatives to hedge the exposure.

### Notes to unaudited interim condensed consolidated financial statements

[expressed in Canadian dollars]

For the three and six months ended June 30, 2024 and 2023

The impact of foreign currency sensitivity on the Company's profit before tax is due to the changes in the fair value of monetary assets and liabilities as at the date of financial position. With all other variables held constant the increase or decrease in exchange rates by 10% will result in below mentioned decrease or increase respectively in net profit before tax for the period ended June 30, 2024 by \$390,285 (December 31, 2023 - \$159,180) on account of change in the GBP and USD exchange rates.

The financial assets and liabilities exposed to foreign currency risk are detailed as follows:

	June 30, 2024	December 31, 2023
	\$	\$
Cash and cash equivalents	823,276	1,199,327
Customer funds	11,458,189	10,678,401
Trade receivables	10,673,806	4,404,598
<b>Total financial assets</b>	<b>22,955,271</b>	<b>16,282,326</b>
Trade payables	3,783,996	5,085,312
Customer payables	11,458,189	10,678,401
Credit facilities	182,656	43,620
<b>Total financial liabilities</b>	<b>15,424,841</b>	<b>15,807,333</b>

#### Liquidity risk

Liquidity risk represents the risk that the Company will have difficulty meeting obligations of financial liabilities. There can be significant fluctuation in the timing of the Company's cash receipts due to various external factors. The Company monitors the liquidity and capital resource for every reportable operating segment. The Company's collection services segment has been generating sufficient cash to support its current operations and planned growth. Management mitigates this risk by working closely with the board to monitor the Company's operations, monthly revenue and expenses of the collection services, financial services, and EP Homes facilitation services segments to ensure the Company has sufficient working capital to execute its strategic business plan. Appropriate adjustments to projections and to the monthly expenses are made when necessary.

Liquidity risk is also related to the possibility of insufficient debt and equity financing available to fund the desired growth of the Company and to refinance the current and long-term debt and trade payables as they become due. The Company's financial condition and results of operations could be adversely affected if it were not able to obtain appropriate levels of debt or equity financing. Liquidity risk also relates to the potential for early demand of credit facilities prior to the sale of EP Homes inventory.

#### Credit risk

Credit risk arises from cash and cash equivalents, as well as credit exposure to customers, including outstanding trade receivables, loan receivables, and due from related parties. The Company manages credit risk on cash and cash equivalents by ensuring the counterparties are banks, governments and government agencies with high credit ratings.

Trade receivables are mainly for whom the Company provides collection services on their default accounts. The Company manages its customers' bank accounts, and the receivable amounts are based on a portion of the amounts collected for its customers. Since the Company manages collection on behalf of its customers and receives the funds directly to the Company's bank account, credit risk on trade receivables is not material.

With reference to breakdown of accounts receivable in note 6, there is exposure to credit risk owing on trade receivable balances. Management actively mitigates the risk by ensuring receivables remain current. The policy to calculate the allowance is disclosed in note 3 of the consolidated financial statements for the 12 months ended December 31, 2023. Set out below is the information about the credit risk exposure on the Company's trade receivables with customers using a provision matrix for June 30, 2024:

#### 26. Commitments

On August 8, 2018, the Company signed a letter of intent (the "LOI") with Directcash Bank ("DC Bank") for a 7-year term, where DC Bank agreed to provide card issuing, loan processing and adjudication system, and transaction processing services for a Visa credit card product marketed and funded by the Company. Per the LOI, DC Bank agrees to enable the Company to procure the distribution of cards for purposes of the Company's card program and DC Bank will provide and operate a credit card platform to set up and charge fees for the credit cards.

On January 31, 2020, the Company entered into a processing agreement (the "DC Bank Processing Agreement") with DC Bank for a 7-year term maturing January 31, 2028. Pursuant to the terms of the DC Bank Processing Agreement, DC Bank has agreed to provide transaction processing services to the Company. The DC Bank Processing Agreement grants the Company a limited, non-transferable, non-exclusive, revocable license to access and use DC Bank's processor software solely for the purpose of utilizing the processing services. DC Bank owns all intellectual property, and the DC Bank Processing Agreement grants the Company a limited license to use the intellectual property. The DC Bank Processing Agreement does not transfer ownership of the intellectual property to the Company.

Effective January 31, 2021, the Company entered into a BIN sponsorship agreement (the "DC Bank BIN Sponsorship Agreement") with DC Bank for an initial 7-year term maturing January 31, 2028. Pursuant to the DC Bank BIN Sponsorship Agreement, the Company is to provide DC Bank program management and marketing services with respect to each card program implemented by the Company in Canada pursuant to which cards issued by DC Bank will be sold by the Company or any EP Financial distributor. The Company is responsible to promote and market programs to prospective customers in Canada, and the Company will be responsible for any costs and expenses that it incurs in promoting and marketing the programs.

On August 24, 2022, the Company entered into an Issuer Trading Services Agreement with Generation IACP Inc. ("Generation IACP") with initial term of 6 months and shall be renewed for subsequent 6-month periods unless the Company provides written notice of termination to Generation IACP. Pursuant to the Issuer Trading Services Agreement, Generation IACP is to provide trading services with respect to the common shares of the Company, with the primary objective of contributing to market liquidity of the shares in Canada.

#### 27. Segmented information

The Company has four reportable operating segments based on the products and services provided. The reportable operating segments are as follows:

- (1) Financial services – This segment issues secured / prepaid credit cards and provides solutions to supply chains. The CODM reviews the results of all card services in Canada and UK collectively. The UK card services, and Canada card services have been aggregated to form the financial services reporting segment.
- (2) EP Homes facilitation services – This segment acquires homes and offers eligible clients the ability to purchase a home through a structured lease and dedicated down payment accumulation program.
- (3) Revenue cycle management services (formerly collection services) – This segment provides debt collection services for corporations that have past due and default accounts.
- (4) Contract receivable services – This segment acquires residential and commercial security contracts between the consumer and the alarm companies at a certain discount. Full ownership of the contracts are transferred to EP Security, however, the alarm companies have continued obligations to services customers pursuant to their service agreements with the customer.

The Chief Executive Officer is the CODM and monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on the following metrics:

- Financial services:
  - Average revenue per user.
  - Profit or loss for the segment.
- EP Homes facilitation services:
  - Average loan-to-value for the EP Homes inventory.
  - Profit or loss for the segment.
