Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

Common shares vote as one vote per common share. We have not paid dividends. We do not anticipate that we will pay any cash dividends to holders of our common stock in the foreseeable future. There are no preemption rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Series A Preferred:

With respect to payment of assets upon liquidation, dissolution, or winding up of the Corporation, whether voluntary or involuntary, all Shares of the Series A Preferred Stock shall rank senior to all Junior Securities. Series A is not eligible to participate, receive or accrue dividends. Each holder of outstanding Shares of Series A Preferred Stock shall be entitled to vote with holders of outstanding shares of Common Stock, voting together as a single class, with respect to any and all matters presented to the stockholders of the Corporation for their action or consideration (whether at a meeting of stockholders of the Corporation, by written action of stockholders in lieu of a meeting or otherwise. Each Share of Series A Preferred Stock shall be entitled to fifty (50) votes for every Share of Series A Preferred Stock.

Series B Preferred:

Each share of Series B Preferred Stock will carry an annual dividend in the amount of eight percent (8%) of the Stated Value (the "Dividend Rate"), which shall be cumulative, payable solely upon redemption, liquidation, or conversion. The Series B is convertible into shares of common stock at a rate of 63% of the market price, based on the average of the two lowest trading prices during the previous 15 days. Additionally, the Series B Convertible Preferred Stock is mandatorily redeemable 16 months from the issuance date in cash. Upon the occurrence of an Event of Default (as defined herein), the Dividend Rate shall automatically increase to twenty two percent (22%).

Series C Preferred:

Whenever holders of Series "C" Preferred Stock are required or permitted to take any action by vote, such action may be taken without a meeting on written consent, setting forth the action so taken and signed by the holders of the outstanding shares of Series "C" Preferred Stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all such shares entitled to vote thereon were present and voted. For the avoidance of doubt, in any matter presented to the stockholders for their consideration and action, in a noticed meeting, special meeting or by written consent, the holder of the Series "C" Preferred Stock shall be entitled to cast that number of votes equal to the total number of votes cast, plus one share to equal to a majority of the shares eligible to vote on any matter, consistent with Section 2.8 of the Corporation's By Laws

3. Describe any other material rights of common or preferred stockholders.

None

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period.**

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. (Please ensure that these descriptions are updated on the Company's Profile on www.otcmarkets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Cannabis Global manufactures and distributes various cannabis products via its majority ownership of Natural Plant Extract, Inc., is developing the Ethos Comply Bag, and generally conducts research and development in the areas of hemp, cannabis and consumer food goods.

We recently announced our acquisition of a 56.5%, controlling interest in Natural Plant Extract (NPE), which operates a licensed cannabis manufacturing and distribution business in Lynwood, California, holding a Type 7 California Manufacturing and a distribution license, allowing for cannabis product distribution anywhere in the state. We plan to use the Lynwood NPE operation, combined with our internally developed technologies, as a testbed to launch multi-state operations as soon as possible if cannabis is removed as a Scheduled substance from the federal Controlled Substances Act ("CSA"), and interstate commerce in cannabis is approved by the federal government. As of the date of this filing, cannabis remains a Schedule 1 controlled substance and so illegal under the CSA.

Our operations at the Natural Plant Extract facility emphasizes regulated cannabis product manufacturing and distribution. In addition to business opportunities available from regulated cannabis product manufacturing and distribution to all parts of the State of California, we also see strong synergies between NPE operations and our developing technologies including the areas of cannabis infusions, and all-natural polymeric nanoparticle technologies.

We also have an active research and development program primarily focused on creating and commercializing engineered technologies that deliver hemp extracts and cannabinoids to the human body. Additionally, we invest, or provide managerial services, in specialized areas of the regulated hemp and cannabis industries. Thus far, the Company has filed six provisional patents, and has two non-provisional patents pending review. The Company recently announced its "Comply Bag" secure cannabis transport system with integrated track and trace capabilities via smartphones, which is in the early stages of market introduction.

On April 9, 2021, we entered into a distribution agreement with Lynwood Roads Delivery, LLC ("LDR"). LRD owns a regulatory permit issued by the City of Lynwood permitting commercial retailer non-storefront operation in Lynwood, California. Under the terms of the agreement, the Company's majority owned subsidiary, Natural Plant Extract of California, via its licensed Northern Lights Distribution, Inc. operation will distribute selected products for LDR. The Company derived approximately 65% of revenues during the fiscal year ending August 31, 2022 from LRD for which the Company provides distribution services for numerous manufactured cannabis brands.

On April 21, 2021, The Company began taking orders for its new product lines produced at the NPE facility, completing its initial product development phase. The Company is now active in distributing its products to licensed and permitted cannabis retailers through California.

On May 12, 2021, The Company and Marijuana Company of America (MCOA) agreed to operate a joint venture through a new Nevada corporation named MCOA Lynwood Services, Inc. The parties agreed to finance a regulated and licensed laboratory to produce various cannabis products under the legal framework outlined by the City of Lynwood, California, Los Angeles County, and the State of California. We own a controlling interest in Natural Plant Extract of California, Inc., which operates a licensed cannabis manufacturing operation in Lynwood, California. As its contribution to the joint venture, MCOA agreed to purchase and install equipment for joint venture operations, which will then be rented to the joint venture, and also provide funding relating to marketing the products produced by the capital equipment. We agreed to provide use of our

manufacturing and distribution licenses; access to the Lynwood, California facility; use of the specific areas within the Lynwood Facility suitable for the types of manufacturing selected by the joint venture; and, management expertise require to carry on the joint venture's operations. Our ownership of the joint venture was agreed to be 60% and 40% with MCOA. Royalties from profits realized as the result of sales of products from the joint venture were also agreed to be distributed as 60% to us and 40% to MCOA. MCOA contributed \$135,000 of cash to the joint venture for its operations. On January 26, 2022, the Company entered into a partial settlement agreement amendment to joint venture agreement with MCOA. Per the agreement, the Company issued 75,000,000 shares valued to settle the \$135,000 contributed by MCOA. As a result, the Company recorded a \$165,000 loss on settlement of joint venture. As of the date of this filing, the joint venture is in the development stage.

B. List any subsidiaries, parent company, or affiliated companies.

On February 16, 2021, we purchased 266,667 shares of common stock of Natural Plant Extract of California Inc. By virtue of the transaction, the Registrant acquired 18.8% of the outstanding capital stock of NPE, bringing its total beneficial ownership in NPE to 56.5%. NPE operates a licensed psychoactive cannabis manufacturing and distribution business operation in Lynwood, California. By virtue of its 56.5% ownership over NPE, the Company will control production, manufacturing and distribution of both NPE and Company products.

On April 18, 2020, we formed a subsidiary Hemp You Can Feel, Inc., a California corporation ("HYCF"), as a wholly owned subsidiary of the Company. HYCF is focused on the research and development of industrial hemp and industrial hemp-based CBD products. HYCF's operations are currently suspended pending regulatory guidance from the U.S. Food and Drug Administration regarding hemp and CBD.

On September 11, 2019, we formed a subsidiary Aidan & Co, Inc. ("Aidan") a California corporation as a wholly owned subsidiary of the Company. Aidan will be engaged in various related business opportunities. At this time Aidan has no operations.

C. Describe the issuers' principal products or services.

Natural Plant Extract of California, Inc.

The Company operates and manages Natural Plant Extract of California, Inc. (NPE) which holds two active California cannabis licenses: (i) a Type 7 Manufacturing License; and, (ii) a Distribution License. These licenses allow NPE to distribute cannabis products in the State of California. Our operations at the NPE facility emphasize product manufacturing and distribution. We began taking customer orders for products manufactured at the NPE facility on April 21, 2021. These products included several types of cannabis products, including:

- Cannabis flower packaged in various weights, which are sold to California licensed cannabis retailers and distributors;
- Cannabis Pre-rolls, which are sold to California licensed cannabis retailers and distributors; and,
- Cannabis edible products, which are sold to California licensed cannabis retailers and distributors

The cannabis products are Schedule 1 Controlled Substances under the Controlled Substances Act, and so are illegal under federal law. Our sales from the above product categories, in addition distribution services, amount to nearly all of our operating revenues. Our cannabis research and development efforts have not generated material revenue as of the date of this filing.

Comply Bag™

Comply Bag™ features a multi-layer, low-density polyethylene outer shell that protects valuable shipments and allows manufacturers, buyers, and processors full view of contents to assess quality. Each Comply Bag™ contains financial institution-grade tamper-evident seams, self-sealing closures, and sequential numbering to ensure what is sent is what is received. In addition, because all U.S. states have implemented specific regulations for the tracking and tracing of cannabis shipments from seed to sale, Comply Bags™ features regulator demanded tracking features, such as those required in the California Cannabis Track-and-Trace (CCTT) system, including Unique Identifier Tags (UID) mandated by California via its

contracted service provider, METRC, Inc. The Comply Bag™ is currently available for purchase. Marketing efforts relative to this new product are in the early stages. The Company has yet to produce any revenues from Comply Ba.

Cannabis-Related Research and Development

We also have an active research and development program primarily focused on creating and commercialize engineered technologies delivering hemp extracts and cannabinoids to the human body. Additionally, we invest, or provide managerial services, in specialized areas of the regulated hemp and cannabis industries.

5) Issuer's Facilities

Our headquarters are located at 520 S. Grand Avenue, Suite 320, Los Angeles, California 90071 where are we lease office space under a contract effective August 15, 2019, which expired on August 14, 2020. We now rent the office space on a month-to-month basis for no rent. On June 5, 2020, the Company entered into an Assignment and Amendment to Commercial Lease Agreement whereby it leased commercial property located at 11116 Wright Road, Lynwood, CA 90262. The monthly rent is \$6,500 per month. The lease terminates in April of 2028. The premises is used in connection with NPE's operations in accordance with applicable city, county and California state law including, but not limited to, the state cannabis licensing and program rules and local ordinances. We believe that our existing office facilities are adequate for our needs. Should we require additional space at that time, or prior thereto, we believe that such space can be secured on commercially reasonable terms.

6) Officers, Directors, and Control Persons

Note 1. Organization and Description of Business

Cannabis Global, Inc. is located at 520 S. Grand Avenue, Suite 320, Los Angeles, California 90071. Our telephone number is (310) 986-4929 and our website is accessible at www.cannabisglobalinc.com. Our shares of Common Stock are quoted on the OTC Markets Pink Tier, operated by OTC Markets Group, Inc., under the ticker symbol “CBGL.”

Historical Development

Cannabis Global, Inc. is located at 520 S. Grand Avenue, Suite 320, Los Angeles, California 90071. Our telephone number is (310) 986-4929 and our website is www.cannabisglobalinc.com. Our shares of Common Stock are quoted on the OTC Markets Pink Tier, operated by OTC Markets Group, Inc., under the ticker symbol “CBGL.”

The Company was incorporated on February 28, 2005 in Nevada as Multichannel Technologies, Inc. (“Multichannel”), a wholly owned subsidiary of Octillion Corp. (“Octillion”), a Canadian corporation traded on the OTC Markets under the symbol “OCTL”. On April 4, 2005, Multichannel changed its name to Microchannel Technologies Corporation (“Microchannel”). On June 24, 2008, Microchannel announced that it initiated trading of its stocks on the OTC Bulletin Board under the stock symbol “MCTC”.

On June 25, 2015, our majority shareholders and directors abandoned the Company, resulting in our corporate charter in Nevada to be revoked. On August 21, 2017, Custodial Management, LLC, a shareholder of the Company, filed a complaint with the Eighth Judicial District Court of Nevada for custodianship over the corporation (Case No. A-17-760130-P). The Court granted a receivership over the Company and Custodial Management brought the Company back into compliance with the State of Nevada and the 1934 Securities and Exchange Act.

On June 27, 2018, we changed domiciles from the State of Nevada to the State of Delaware, and thereafter reorganized under the Delaware Holding Company Statute. On or about July 12, 2018, we formed two subsidiaries for the purpose of effecting the reorganization. We incorporated MCTC Holdings, Inc. and MCTC Holdings Inc. incorporated Microchannel Corp. We then effected a merger involving the three constituent entities, and under the terms of the merger we were merged into Microchannel Corp., with MicroChannel Corp. surviving and our separate corporate existence ceasing. Following the merger, MCTC Holdings, Inc. became the surviving publicly traded issuer, and all of our assets and liabilities were merged into MCTC Holdings, Inc.’s wholly owned subsidiary MicroChannel Corp. Our shareholders became the shareholders of MCTC Holdings, Inc. on a one for one basis.

On May 25, 2019, Lauderdale Holdings, LLC, a Florida limited liability company, and beneficial owner 70.7% of our issued and outstanding common stock, sold 130,000,000 common shares, to Mr. Robert Hymers, Mr. Edward Manolos and Mr. Dan Nguyen, all of whom were previously unaffiliated parties of the Company. Each individual purchased 43,333,333 common shares for \$108,333 or an aggregate of \$325,000. These series of transactions constituted a change in control.

On July 1, 2019, the Company entered into a 100% business acquisition with Action Nutraceuticals, Inc., a company owned by our CEO, Arman Tabatabaei in exchange for \$1,000 (see “Related Party Transactions”).

On April 18, 2020, we formed a subsidiary Hemp You Can Feel, Inc., a California corporation (“HYCF”), as a wholly owned subsidiary of the Company. HYCF is focused on the research and development of industrial hemp and industrial hemp-based CBD products. HYCF’s operations are currently suspended pending regulatory guidance from the U.S. Food and Drug Administration regarding hemp and CBD, as is more fully discussed in this filing.

On September 11, 2019, we formed a subsidiary Aidan & Co, Inc. (“Aidan”) a California corporation as a wholly owned subsidiary of the Company. Aidan will be engaged in various related business opportunities. At this time Aidan has no operations.

On December 4, 2019, our shareholders approved and authorized (i) re-domiciling the Company from Delaware to Nevada; (ii) changing the name of the Company from MCTC Holdings, Inc. to Cannabis Global, Inc.; and, (iii) seeking a corresponding change of name and new trading symbol for the Company with FINRA.

On March 30, 2020, we filed Articles of Conversion with the Delaware Secretary of State, electing to convert and re-domicile the Company from a Delaware corporation to a newly formed Nevada corporation named Cannabis Global, Inc. Concurrently, the Registrant filed Articles of Incorporation and Articles of Domestication with the Nevada Secretary of State incorporating the Registrant in Nevada under the name Cannabis Global, Inc. and accepting the re-domicile of Registrant’s Delaware corporation. There was no change to the Registrant’s fiscal year end.

On September 30, 2020, the Company entered into a securities exchange agreement with Marijuana Company of America, Inc., a Utah corporation (“MCOA”). By virtue of the agreement, the Company issued 7,222,222 shares of its unregistered common stock to MCOA in exchange for 650,000,000 shares of MCOA unregistered common stock. The Company and MCOA also entered into a lock up leak out agreement which prevents either party from sales of the exchanged shares for a period of 12 months. Thereafter the parties may sell

not more than the quantity of shares equaling an aggregate maximum sale value of \$20,000 per week, or \$80,000 per month until all Shares and Exchange Shares are sold. On June 9, 2021, the parties amended their securities exchange agreement to delete the lock up leak out agreement, and the requirement to conduct quarterly reviews of each party's respective stock price for purposes of evaluating whether additional share issuances are required to maintain the value of exchanged common shares equal to \$650,000. As consideration for the amendment, we issued MCOA 618,000 shares of restricted common stock. We issued the common stock pursuant to the exemption from the registration requirements of the Securities Act of 1933, as amended, available to the Company by Section 4(a)(2) promulgated thereunder due to the fact that it was an isolated issuance and did not involve a public offering of securities.

On November 16, 2020, we entered into a business acquisition agreement with Ethos Technology LLC, dba Comply Bag, a California limited liability company ("Ethos"). Ethos is a development stage business in the process of entering the market for cannabis trackable storage bags. By virtue of the agreement, Ethos sold, assigned, and transferred to the Company all of Ethos' business, including all of its assets and associated liabilities, in exchange for the Company's issuance of an aggregate of 6,000,000 common shares. 3,000,000 shares were due at signing, with 1,500,000 shares being issued to Edward Manolos, and 1,500,000 shares being issued to Thang Nguyen. Mr. Manolos is our director and a related party. Mr. Nguyen is the brother of Dan Van Nguyen, our director and a related party. After Ethos ships orders for Ethos products equaling \$1,000,000 to unaffiliated parties, the Company will issue to Messrs. Manolos and Nguyen an additional 1,500,000 shares of common stock each. At the closing we sold an aggregate 3,000,000 shares of Company common stock, par value \$0.001, equal in value to \$177,000 based on closing price on November 16, 2020. Of the total sold, 1,500,000 shares of common stock were sold to Edward Manolos and 1,500,000 shares of common stock were sold to Thang Nguyen. We issued the above shares of its common stock pursuant to the exemption from the registration requirements of the Securities Act of 1933, as amended, available to the Company by Section 4(a)(2) promulgated thereunder due to the fact that it was an isolated issuance and did not involve a public offering of securities.

On January 27, 2021, we closed a material definitive agreement (MDA) with Edward Manolos, our director and related party. Pursuant to the MDA, the Company purchased from Mr. Manolos 266,667 shares of common stock in Natural Plant Extract of California Inc., a California corporation ("NPE"), representing 18.8% of the outstanding capital stock of NPE on a fully diluted basis. NPE operates a licensed psychoactive cannabis manufacturing and distribution business operation in Lynwood, California. NPE is a privately held corporation. Under the terms of the MDA, we acquired all beneficial ownership over the NPE shares in exchange for a purchase price of two million forty thousand dollars (\$2,040,000). In lieu of a cash payment, we agreed to issue Mr. Manolos 11,383,929 restricted common shares, valued for purposes of the MDA at \$0.1792 per share. In connection with the MDA, we became a party to a Shareholders Agreement by and among Alan Tsai, Hymers, Betterworld Ventures, LLC, Marijuana Company of America, Inc. and NPE. The Shareholders Agreement contains customary rights and obligations, including restrictions on the transfer of the Shares. Mr. Manolos is our director as well as a directly of Marijuana Company of America and is therefore a related party.

On February 16, 2021, we purchased 266,667 shares of common stock of Natural Plant Extract of California Inc., a California corporation ("NPE"), from Alan Tsai, in exchange for the issuance of 1,436,368 common shares. Other than with respect to the transaction, there was no material relationship between Mr. Tsai and the Registrant. By virtue of the transaction, the Registrant acquired 18.8% of the outstanding capital stock of NPE, bringing its total beneficial ownership in NPE to 56.5%. NPE operates a licensed psychoactive cannabis manufacturing and distribution business operation in Lynwood, California. By virtue of its 56.5% ownership over NPE, the Company will control production, manufacturing and distribution of both NPE and Company products. In connection with the MDA, the Registrant became a party to a Shareholders Agreement by and among Edward Manolos, a director of the Company, Robert L. Hymers III, Betterworld Ventures, LLC, Marijuana Company of America, Inc. and NPE. The Shareholders Agreement contains customary rights and obligations concerning operations, management, including restrictions on the transfer of the Shares. The Company now consolidates NPE in these financial statements.

Current Business Operations

Cannabis Global manufactures and distributes various cannabis products via its majority ownership of Natural Plant Extract, Inc., is developing the Ethos Comply Bag, and generally conducts research and development in the areas of hemp, cannabis and consumer food goods.

We recently announced our acquisition of a 56.5%, controlling interest in Natural Plant Extract (NPE), which operates a licensed cannabis manufacturing and distribution business in Lynwood, California, holding a Type 7 California Manufacturing and a distribution license, allowing for cannabis product distribution anywhere in the state. We plan to use the Lynwood NPE operation, combined with our internally developed technologies, as a testbed to launch multi-state operations as soon as possible if cannabis is removed as a Scheduled substance from the federal Controlled Substances Act ("CSA"), and interstate commerce in cannabis is approved by the federal government. As of the date of this filing, cannabis remains a Schedule 1 controlled substance and so illegal under the CSA.

Our operations at the Natural Plant Extract facility emphasizes regulated cannabis product manufacturing and distribution. In addition to business opportunities available from regulated cannabis product manufacturing and distribution to all parts of the State of California,

we also see strong synergies between NPE operations and our developing technologies including the areas of cannabis infusions, and all-natural polymeric nanoparticle technologies.

We also have an active research and development program primarily focused on creating and commercializing engineered technologies that deliver hemp extracts and cannabinoids to the human body. Additionally, we invest, or provide managerial services, in specialized areas of the regulated hemp and cannabis industries. Thus far, the Company has filed six provisional patents, and has two non-provisional patents pending review. The Company recently announced its "Comply Bag" secure cannabis transport system with integrated track and trace capabilities via smartphones, which is in the early stages of market introduction.

On April 9, 2021, we entered into a distribution agreement with Lynwood Roads Delivery, LLC ("LDR"). LRD owns a regulatory permit issued by the City of Lynwood permitting commercial retailer non-storefront operation in Lynwood, California. Under the terms of the agreement, the Company's majority owned subsidiary, Natural Plant Extract of California, via its licensed Northern Lights Distribution, Inc. operation will distribute selected products for LDR. The Company derived approximately 65% of revenues during the fiscal year ending August 31, 2022 from LRD for which the Company provides distribution services for numerous manufactured cannabis brands.

On April 21, 2021, The Company began taking orders for its new product lines produced at the NPE facility, completing its initial product development phase. The Company is now active in distributing its products to licensed and permitted cannabis retailers through California.

On May 12, 2021, The Company and Marijuana Company of America (MCOA) agreed to operate a joint venture through a new Nevada corporation named MCOA Lynwood Services, Inc. The parties agreed to finance a regulated and licensed laboratory to produce various cannabis products under the legal framework outlined by the City of Lynwood, California, Los Angeles County, and the State of California. We own a controlling interest in Natural Plant Extract of California, Inc., which operates a licensed cannabis manufacturing operation in Lynwood, California. As its contribution to the joint venture, MCOA agreed to purchase and install equipment for joint venture operations, which will then be rented to the joint venture, and also provide funding relating to marketing the products produced by the capital equipment. We agreed to provide use of our manufacturing and distribution licenses; access to the Lynwood, California facility; use of the specific areas within the Lynwood Facility suitable for the types of manufacturing selected by the joint venture; and, management expertise required to carry on the joint venture's operations. Our ownership of the joint venture was agreed to be 60% and 40% with MCOA. Royalties from profits realized as the result of sales of products from the joint venture were also agreed to be distributed as 60% to us and 40% to MCOA. MCOA contributed \$135,000 of cash to the joint venture for its operations. On January 26, 2022, the Company entered into a partial settlement agreement amendment to joint venture agreement with MCOA. Per the agreement, the Company issued 75,000,000 shares valued to settle the \$135,000 contributed by MCOA. As a result, the Company recorded a \$165,000 loss on settlement of joint venture. As of the date of this filing, the joint venture is in the development stage.

Our research and development programs included the following:

1. Development of new routes and vehicles for hemp extract and cannabinoid delivery to the human body.
2. Production of unique polymeric nanoparticles and fibers for use in oral and dermal cannabinoid delivery.
3. Research and commercialization of new methodologies to isolate and/or concentrate various cannabinoids and other substances that comprise industrial hemp oil and other extracts.
4. Establishment of new methods to increase the bioavailability of cannabinoids to the human body utilizing nanoparticles and other proven bioenhancers, including naturally occurring and insect produced glycosides.
5. Development of other novel inventions for the delivery of cannabinoids to the human body, which at this time are considered trade secrets by the Company.

On March 11, 2022, our subsidiaries Natural Plant Extract of California, Inc. ("NPE"), and Northern Lights Distribution ("NLD"), entered into a material definitive agreement with Brand Packaging Factory, LLC, doing business as "Caliwanna," a California limited liability company, and Nicolas Bitzer and Daniel Afari (collectively, "Caliwanna"). Other than with respect to the material definitive agreement, no material relationship exists between the parties.

The parties agreed to form a joint venture operated through a Nevada corporation to be named "Caliwanna Cannabis Global, Inc." The purpose of the Joint Venture is to engage in business operations related to the manufacturing, distribution, sales, and marketing of cannabis products as permitted under California laws, codes, regulations, and issued permits and licenses held by NPE and NLD. The term of the joint venture is perpetual. The firm will initially have a board of directors consisting of three members, two of which are appointed by the Registrant and one by Caliwanna. The board will appoint a general manager who will be responsible for the day-to-

day operations of the joint venture. Based on this control, the Company determined that it should consolidate the joint venture entity under ASC 810. The parties intend to market and sell both “Caliwanna” branded products, and other cannabis products developed for sale by the Registrant, NPE and NLD. Subject to the completion of preliminary steps including making changes to the Caliwanna web site and marketing a variety of the Registrant’s current cannabis products, the Registrant agreed to issue to Messrs. Bitzer and Afari a number of common shares each equal to \$25,000 valued as of the closing price on the ninety first day after the closing of the material definitive agreement. One hundred and twenty days after the closing of the material definitive agreement, the Registrant will issue Messrs. Bitzer and Afari a number of common shares each equal to \$25,000 valued as of the closing price on the one hundred and twentieth day after closing. Additional incentive shares of preferred stock are eligible to be issued based upon revenues booked and collected by the joint venture for both sales of the Caliwanna products and the Registrant’s cannabis products in subsequent quarters.

The joint venture may be dissolved by mutual decision of the parties, or by Caliwanna in its discretion, within nine months from the effective date, or by the occurrence of any event beyond the reasonable control of the joint venture, which prevents it from operations consistent with the purpose of the joint venture, or the joint venture is otherwise unable to carry out its purpose, and such event or condition cannot be corrected within a reasonable time, at a reasonable expense.

On April 28, 2022, we entered into a material definitive agreement with Lemon Glow Company, Inc., a wholly owned subsidiary of Sugarmade, Inc. (OTC: "SGMD"). Other than with respect to the material definitive agreement, no material relationship exists between the parties. Pursuant to a Cultivation and Supply Agreement, Lemon Glow agreed to cultivate licensed cannabis for the Company during the 2022 Spring outdoor season. We expect to utilize the cannabis for its manufacture and production of cannabis products to be distributed by its wholly owned subsidiary, Northern Lights Distribution. As consideration for the Cultivation and Supply Agreement, we issued Lemon Glow a convertible promissory note in the principal amount of \$400,000. There is 8% interest. The maturity date is April 28, 2023. The outstanding principal and interest are convertible into the Registrant's common stock calculated at 75% of the average closing price of the Registrant's common shares during the ten (10) trading days prior to Lemon Glow's election to convert.

Note 2. Going Concern Uncertainties

During this financial reporting period, the Company reported revenues representing a significant historical increase over previous fiscal periods which we do not consider nominal as compared to previously disclosed revenues. Although our revenues are now growing, we are still not generating positive operational cash flow.

The Company has an accumulated deficit of \$26,864,673 as of August 31, 2024, and the Company had a net loss attributable to itself less non-controlling interest during the year ended August 31, 2024 of 357,762 and cash used cash in operations of \$65,092. The Company expects to incur additional losses as it executes its business strategy in the cannabis and cannabinoid marketplaces. The Company will be subject to the risks, uncertainties, and difficulties frequently encountered by early-stage companies. The Company may not be able to successfully address any or all of these risks and uncertainties. Failure to adequately do so could cause the Company’s business, results of operations, and financial condition to suffer. These conditions raise substantial doubt about the Company’s ability to continue as a going concern for a period of one year from the issuance date of these financial statements.

The Company’s ability to continue as a going concern is an issue due to its net losses and negative cash flows from operations, and its need for additional financing to fund future operations. Management plans to obtain necessary funding from outside sources and through the sales of Company shares. There can be no assurance that such funds, if available, can be obtained on terms reasonable to the Company. The accompanying financial statements have been prepared assuming that the Company will continue as a going concern and do not include any adjustments that may result from the outcome of this uncertainty.

Based on the Company’s current level of expenditures, management believes that cash on hand is not adequate to fund operations for the next twelve months. Management of the Company is estimating approximately \$2,500,000 will be required over the next twelve months to fully execute its business strategy. There can be no assurance the Company will be able to obtain such funds.

Note 3. Summary of Significant Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with U.S. GAAP. The preparation of these consolidated financial statements requires us to make estimates and judgments that affect the amounts reported in those statements. We have made our best estimates of certain amounts contained in our consolidated financial statements. We base our estimates on historical experience and on various other assumptions that we believe are reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities. However, application of our accounting policies involves the exercise of judgment and use of assumptions as to future uncertainties, and, as a result, actual results could differ materially from these estimates. Management believes that the estimates, assumptions, and judgments involved in the accounting policies described below have the most significant impact on our consolidated financial statements.

We cannot predict what future laws and regulations might be passed that could have a material effect on our results of operations. We assess the impact of significant changes in laws and regulations on a regular basis and update the assumptions and estimates used to prepare our financial statements when we deem it necessary.

Derivative Instruments

The fair value of derivative instruments is recorded and shown separately under current liabilities. Changes in the fair value of derivatives liability are recorded in the consolidated statement of operations under non-operating income (expense).

We evaluate all of our financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the consolidated statements of operations. For stock-based derivative financial instruments, we use a weighted average Binomial option-pricing model to value the derivative instruments at inception and on subsequent valuation dates. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

Consolidation

The consolidated financial statements include the accounts of the Company, its wholly owned subsidiaries, NPE, in which the Company controls 56.4% of the common stock and Caliwanna Cannabis Global, Inc, the joint venture entity created pursuant to the March 11, 2022, agreement disclosed above. All intercompany balances and transactions have been eliminated in consolidation.

Cash and Cash Equivalents

We consider all highly liquid investments with original maturities of three months or less to be cash equivalents. Cash and cash equivalents are held in operating accounts at a major financial institution.

Inventory

Inventory is primarily comprised of work in progress. Inventory is valued at cost, based on the specific identification method, unless and until the market value for the inventory is lower than cost, in which case an allowance is established to reduce the valuation to market value. As of August 31, 2024, and August 31, 2023, market values of all of our inventory were at cost, and accordingly, no such valuation allowance was recognized.

Deposits

Deposits is comprised of advance payments made to third parties, primarily for inventory for which we have not yet taken title. When we take title to inventory for which deposits are made, the related amount is classified as inventory, then recognized as a cost of revenues upon sale (see "Costs of Revenues" below). There were no deposits as of August 31, 2024.

Prepaid Expenses and Other Current Assets

Prepaid expenses and other current assets is primarily comprised of advance payments made to third parties for independent contractors' services or other general expenses. Prepaid services and general expenses are amortized over the applicable periods, which approximate the life of the contract or service period.

Accounts Receivable

Accounts receivables are recorded at the net value of face amount less any allowance for doubtful accounts. On a periodic basis, we evaluate our accounts receivable and, based on a method of specific identification of any accounts receivable for which we deem the net realizable value to be less than the gross amount of accounts receivable recorded, we establish an allowance for doubtful accounts for those balances. In determining our need for an allowance for doubtful accounts, we consider historical experience, analysis of past due amounts, client creditworthiness and any other relevant available information. However, our actual experience may vary from our estimates. If the financial condition of our clients were to deteriorate, resulting in their inability or unwillingness to pay our fees, we may need to record additional allowances or write-offs in future periods. This risk is mitigated to the extent that we collect retainers from our clients prior to performing significant services.

The allowance for doubtful accounts, if any, is recorded as a reduction in revenue to the extent the provision relates to fee adjustments and other discretionary pricing adjustments. To the extent the provision relates to a client's inability to make required payments on accounts receivables, the provision is recorded in operating expenses. As of August 31, 2024 and August 31, 2023, we had \$0 allowance for doubtful accounts.

Property and Equipment, net

Property and Equipment is stated at net book value, cost less depreciation. Maintenance and repairs are expensed as incurred. Depreciation of owned equipment is provided using the straight-line method over the estimated useful lives of the assets, ranging from two to seven years. Depreciation of capitalized construction in progress costs, a component of property and equipment, net, begins once the underlying asset is placed into service and is recognized over the estimated useful life. Property and equipment are reviewed for impairment as discussed below under "Accounting for the Impairment of Long-Lived Assets."

Accounting for the Impairment of Long-Lived Assets

We evaluate long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Upon such an occurrence, recoverability of assets to be held and used is measured by comparing the carrying amount of an asset to forecasted undiscounted net cash flows expected to be generated by the asset. If the carrying amount of the asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. For long-lived assets held for sale, assets are written down to fair value, less cost to sell. Fair value is determined based on discounted cash flows, appraised values or management's estimates, depending upon the nature of the assets.

Beneficial Conversion Feature

If the conversion features of conventional convertible debt provide for a rate of conversion that is below market value at issuance, this feature is characterized as a beneficial conversion feature ("BCF"). We record a BCF as a debt discount pursuant to Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ACF") Topic 470-20 Debt with Conversion and Other Options. In those circumstances, the convertible debt is recorded net of the discount related to the BCF, and we amortize the discount to interest expense over the life of the debt using the effective interest method.

Revenue Recognition

Under Financial Accounting Standards Board issued Accounting Standards Update No. 2014-09, Revenue from Contracts with Customers ("ASU 2014-09") or ("ASC Topic 606"), the Company recognizes revenues when its customer obtains control of promised goods or services, in an amount that reflects the consideration which it expects to receive in exchange for those goods. The Company recognizes revenues following the five-step model prescribed under Accounting Standards Update ("ASU") 2014-09: (i) identify contract(s) with a customer; (ii) identify the performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract; and (v) recognize revenues when (or as) we satisfy the performance obligation. The Company's contracts for services or products do not contain significant financing components that require revenue adjustment.

Revenues from product sales are recognized when the customer obtains control of the Company's product, which occurs at a point in time, typically upon delivery to the customer. The Company expenses incremental costs of obtaining a contract as and when incurred if the expected amortization period of the asset that it would have recognized is one year or less or the amount is immaterial.

Costs of Revenues

Our policy is to recognize the costs of revenue in the same manner in conjunction with revenue recognition. Costs of revenues include the costs directly attributable to revenue recognition and include compensation and fees for services, travel and other expenses for services and costs of products and equipment. Selling, general and administrative expenses are charged to expense as incurred.

Stock-Based Compensation

Restricted shares are awarded to employees and entitle the grantee to receive shares of restricted common stock at the end of the established vesting period. The fair value of the grant is based on the stock price on the date of grant. We recognize related compensation costs on a straight-line basis over the requisite vesting period of the award, which to date has been one year from the grant date. Stock-based compensation during the year ended August 31, 2024, and August 31, 2023 was \$0 and \$12,875 respectively.

Income Taxes

We recognize deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns in accordance with applicable accounting guidance for accounting for income taxes, using currently enacted tax rates in effect for the year in which the differences are expected to reverse. We record a valuation allowance when necessary to reduce deferred tax assets to the amount expected to be realized. For the year ending August 31, 2024, and August 31, 2023, we incurred no income taxes and had no liabilities related to federal or state income taxes.

Loss Contingencies

From time to time the Company is subject to various legal proceedings and claims that arise in the ordinary course of business. On at least a quarterly basis, consistent with ASC 450-20-50-1C, if the Company determines that there is a reasonable possibility that a material loss may have been incurred, or is reasonably estimable, regardless of whether the Company accrued for such a loss (or any portion of that loss), the Company will confer with its legal counsel, consistent with ASC 450. If the material loss is determinable or reasonably estimable, the Company will record it in its accounts and as a liability on the balance sheet. If the Company determines that such an estimate cannot be made, the Company's policy is to disclose a demonstration of its attempt to estimate the loss or range of losses before concluding that an estimate cannot be made, and to disclose it in the notes to the financial statements under Contingent Liabilities.

Net Income (Loss) Per Common Share

We report net income (loss) per common share in accordance with FASB ASC 260, "Earnings per Share". This statement requires dual presentation of basic and diluted earnings with a reconciliation of the numerator and denominator of the earnings per share computations. Basic net income (loss) per share is computed by dividing net income attributable to common stockholders by the weighted average number of shares of common stock outstanding during the period and excludes the effects of any potentially dilutive securities. Diluted net income (loss) per share gives effect to any dilutive potential common stock outstanding during the period. The computation does not assume conversion, exercise or contingent exercise of securities that would have an anti-dilutive effect on earnings.

Reclassification

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

Note 4. Notes Payable to Shareholders

Note Payable to Shareholders

On May 25, 2019, we issued two notes payable to Company directors Edward Manolos and Dan Nguyen, each in the amount of \$16,667. The notes, which do not have a defined due date, outline a 5% per annum interest rate. These notes are additionally described herein in Footnote 4- Notes Payable, Related Party and in the footnote outlining Related Party Transactions. Because of Mr. Manolos' and Mr. Nguyen's associations as directors, we consider these transactions with related persons, promoters and certain control persons.

Related party Transactions

In March 2018 and May 2018, a legal custodian of the Company funded the Company \$600 in advances. On August 31, 2018, this amount was reclassified as a note payable, that bears interest at an annual rate of 10% and is payable upon demand.

On August 31, 2020, the Company issued a convertible note payable and a note payable to Robert L. Hymers III in connection with the acquisition of an 18.8% equity interest in NPE. See Note 6.

On November 16, 2020, we entered into a business acquisition agreement with Ethos Technology LLC, dba Comply Bag, a California limited liability company ("Ethos"). Ethos is a development stage business in the process of entering the market for cannabis trackable storage bags. By virtue of the agreement, Ethos sold, assigned, and transferred to the Company all of Ethos' business, including all of its assets and associated liabilities, in exchange for the Company's issuance of an aggregate of 6,000,000 common shares. 3,000,000 shares were due at signing, with 1,500,000 shares being issued to Edward Manolos, and 1,500,000 shares being issued to Thang Nguyen. Mr. Manolos is a director of the Company and a related party. Mr. Nguyen is the brother of Dan Van Nguyen, a director of the Company and a related party. After Ethos ships orders for Ethos products equaling \$1,000,000 to unaffiliated parties, the Company will issue to Messrs. Manolos and Nguyen an additional 1,500,000 shares of common stock each.

On November 16, 2020, the Company sold an aggregate 3,000,000 shares of Company common stock, par value \$0.001, equal in value to \$177,000 based on the closing price on November 16, 2020. Of the total sold, 1,500,000 shares of common stock were sold to Edward Manolos and 1,500,000 shares of common stock were sold to Thang Nguyen. The sales were made in regards to the Company's

acquisition of Ethos, and its disclosures under Item 1.01 are incorporated herein by reference. The Company issued the above shares of its common stock pursuant to the exemption from the registration requirements of the Securities Act of 1933, as amended, available to the Company by Section 4(a)(2) promulgated thereunder due to the fact that it was an isolated issuance and did not involve a public offering of securities. Messrs. Manolos and Nguyen were “accredited investors” and/or “sophisticated investors” pursuant to Section 501(a)(b) of the Securities Act, who provided the Company with representations, warranties and information concerning their qualifications as “sophisticated investors” and/or “accredited investors.” The Company provided and made available to Messrs. Manolos and Nguyen full information regarding its business and operations. There was no general solicitation in connection with the offer or sale of the restricted securities. Messrs. Manolos and Nguyen acquired the restricted common stock for their own accounts, for investment purposes and not with a view to public resale or distribution thereof within the meaning of the Securities Act. The restricted shares cannot be sold unless subject to an effective registration statement by the Company, or by an exemption from registration requirements of Section 5 of the Securities Act—the existence of any such exemption subject to legal review and approval by the Company.

On January 27, 2021, the Company closed a material definitive agreement (MDA) with Edward Manolos, a director and related party. Pursuant to the MDA, the Company purchased from Mr. Manolos 266,667 shares of common stock in Natural Plant Extract of California Inc., a California corporation (“NPE”), representing 18.8% of the outstanding capital stock of NPE on a fully diluted basis. NPE operates a licensed psychoactive cannabis manufacturing and distribution business operation in Lynwood, California. NPE is a privately held corporation. Under the terms of the MDA, the Registrant acquired all beneficial ownership over the NPE shares in exchange for a purchase price of two million forty thousand dollars (\$2,040,000). In lieu of a cash payment, the Registrant agreed to issue Mr. Manolos 11,383,929 restricted common shares, valued for purposes of the MDA at \$0.1792 per share. In connection with the MDA, the Registrant became a party to a Shareholders Agreement by and among Alan Tsai, Hymers, Betterworld Ventures, LLC, Marijuana Company of America, Inc. and NPE. The Shareholders Agreement contains customary rights and obligations, including restrictions on the transfer of the Shares. Additionally, the Registrant intends, upon completion of the terms and conditions of the Material Definitive Agreement, to control the production, manufacturing and distribution of both NPE and the Registrant’s products.

On May 12, 2021, we entered into an agreement to operate a joint venture through a new Nevada corporation named MCOA Lynwood Services, Inc. Mr. Edward Manolos is a director of both parties to the agreement and this the agreement was an agreement between related parties. The parties agreed to finance a regulated and licensed laboratory to produce various cannabis products under the legal framework outlined by the City of Lynwood, California, Los Angeles County and the State of California. We own a controlling interest in Natural Plant Extract of California, Inc., which operates a licensed cannabis manufacturing operation in Lynwood, California. As its contribution the joint venture, MCOA agreed to purchase and install equipment for joint venture operations, which will then be rented to the joint venture, and also provide funding relating to marketing the products produced by the capital equipment. We agreed to provide use of its manufacturing and distribution licenses; access to its Lynwood, California facility; use of the specific areas within the Lynwood Facility suitable for the types of manufacturing selected by the joint venture; and, management expertise require to carry on the joint venture’s operations. Ownership of the joint venture was agreed to be 60% in us and 40% with MCOA. Royalties from profits realized as the result of sales of products from the joint venture was also agreed to be distributed as 60% in us and 40% to MCOA. Development of the joint venture is ongoing and is considered in the development stage. In January 2022, the Company agreed to issue 75,000,000 shares of common stock related to its obligations under the joint venture, and recognized a loss of \$165,000 related to the issuance.

On May 12, 2021, we entered into a material definitive agreement not made in the ordinary course of its business. The parties to the material definitive agreement are the Registrant and Marijuana Company of America, Inc., a Utah corporation (“MCOA”). Mr. Edward Manolos is a director of both the Company and MCOA, and thus agreement is between related parties. Previously, on September 30, 2020, the Registrant and MCOA entered into a Share Exchange Agreement whereby the Registrant acquired that number of shares of MCOA’s common stock, par value \$0.001, equal in value to \$650,000 based on the closing price for the trading day immediately preceding the effective date, in exchange for the number of shares of the Registrant’s common stock, par value \$0.001, equal in value to \$650,000 based on the closing price for the trading day immediately preceding the effective date. For both parties, the Share Exchange Agreement contained a “true-up” provision requiring the issuance of additional common stock in the event that a decline in the market value of the parties’ common stock should cause the aggregate value of the stock acquired pursuant to the Share Exchange Agreement to fall below \$650,000.

Complementary to the Share Exchange Agreement, Registrant and MCOA entered into a Lock-Up Agreement dated September 30, 2020 (the “Lock-Up Agreement”), providing that the shares of common stock acquired pursuant to the Share Exchange Agreement shall be subject to a lock-up period preventing its sale for a period of 12 months following issuance, and limiting the subsequent sale to aggregate maximum sale value of \$20,000 per week, or \$80,000 per month. On June 9, 2021, the parties amended their securities exchange agreement to delete the lock up leak out agreement, and the requirement to conduct quarterly reviews of each party’s respective stock price for purposes of evaluating whether additional share issuances are required to maintain the value of exchanged common shares equal to \$650,000. As consideration for the amendment, we issued MCOA 618,000 shares of restricted common stock. During the year ended August 31, 2022, the Company sold a total of 533,000,000 shares of common stock of MCOA for cash proceeds of \$406,918 and recognized a loss on sale of investment \$2,128,082.

Note 5. Notes Payable

On February 12, 2020, the Company issued three Sellers Acquisition promissory notes having an aggregate principal amount of \$500,000 pursuant to an Acquisition Agreement to acquire Lelantos Biotech. The notes mature May 31, 2020; \$450,000 (two tranches of \$225,000) and \$50,000 of the notes bear interest at the rate of 8% and 5% per annum, respectively. In the event, the notes are not paid within the Cash Repayment Period (prior to the Maturity Date), the notes specify the holder shall have two options for repayment

including: [a] an Alternative Payment Stake Option equal to a 6.75%, 6.75% and 1.5% (or a pro-rated amount if the debt has been partially paid) fully diluted ownership position in the Company after August 4, 2020, August 12, 2020 and August 30, 2020, respectively; or [b] a Buy Out Option, any time after the note has been outstanding for at least one year, equal to the total outstanding shares of the Company on the day of election, times 6.75%, 6.75% and 1.5%, respectively, times the average closing price of the Company's common stock over the preceding 30 trading days, times 40% (due and payable within 90 days). Anti-dilution rights are provided for five years on the Sellers Acquisition notes and for 182 days after conversion to an Alternative Payment Stake. The notes include a Leak Out provision, should the Alternative Payment Stake option be elected, whereby no more than 30% of the holdings may be sold during the first 30 days after clearance for trading and no more than 25% of the remaining shares sold during any subsequent 30-day period. The notes are secured by a Security Agreement, require common shares to be reserved, are transferrable and are Senior to other debt of the Company. At maturity, on May 31, 2020, (i) the Company received forbearance agreements for the two tranches of \$225,000 each whereby the maturity date was extended to July 15, 2020 and the interest rate was increased to 9%; and (ii) the \$50,000 note and all accrued interest thereon, in the amount of \$747, was forgiven. Accordingly, the Company recognized a gain for debt forgiveness of \$50,747. On June 15, 2020, the Company entered into a modification agreement relative to the February 12, 2020 issued notes. Pursuant to the modification agreement, the Company issued a promissory note to Lantos in the amount of five hundred thousand dollars (\$500,000). The Company may prepay the note in whole or in part at any time or from time to time without penalty or premium by paying the principal amount to be prepaid. The aggregate unpaid principal amount of the note is paid in monthly payments of seven thousand, five hundred dollars (\$7,500) beginning on September 1, 2020, terminating on February 1, 2025. There is no interest on the note or on the unpaid balance. As of August 31, 2022, the carrying value of the notes was \$450,000 and accrued interest payable was \$91,824. On November 30, 2022, the Company entered into a settlement agreement with the noteholders to settle \$450,000 of principal, accounts payable of \$26,526 and accrued interest payable \$103,560, and recognized a gain of \$702,858. As of May 31, 2023, the notes were settled in full.

On February 12, 2020, the Company entered into an Independent Consulting Agreement with a consultant to provide services from February 12, 2020 through December 14, 2020 (the "Consulting Agreement"). Pursuant to the Consulting Agreement, the Company issued to the consultant a Compensation promissory note having a principal amount of \$100,000 for the Deferred Compensation portion of the Consulting Agreement. The note matures August 4, 2020 and bears interest at the rate of 8% per annum. In the event, the note is not paid within the Cash Repayment Period (prior to the Maturity Date), the note specifies the holder shall have two options for repayment including: [a] an Alternative Payment Stake Option equal to a 8.5% (or a pro-rated amount if the debt has been partially paid) fully diluted ownership position in the Company after August 4, 2020; or [b] a Buy Out Option, any time after the note has been outstanding for at least one year, equal to the total outstanding shares of the Company on the day of election, times 8.5% times the average closing price of the Company's common stock over the preceding 30 trading days, times 40% (due and payable within 90 days). Anti-dilution rights are provided for five years on the Compensation note and for 182 days after conversion to an Alternative Payment Stake. The note includes a Leak Out provision, should the Alternative Payment Stake option be elected, whereby no more than 30% of the holdings may be sold during the first 30 days after clearance for trading and no more than 25% of the remaining shares sold during any subsequent 30-day period. The note is secured by a Security Agreement, requires common shares to be reserved, is transferrable and is Senior to other debt of the Company. As of August 31, 2022, the carrying value of the note was \$100,000 and accrued interest payable was \$20,405. On November 30, 2022, the Company entered into a settlement agreement with the noteholder to settle \$100,000 of principal and accrued interest payable of \$23,014. As of May 31, 2023, the note was settled in full.

Note 6. Convertible Notes Payable

On September 22, 2021, the Company entered into a \$25,000 convertible promissory note with a vendor to settled approximately \$21,000 of outstanding accounts payable. The note matures on March 22, 2022, is non-interest bearing, and can be converted at the holders option into common stock of the Company at 65% of the lowest trading price of the common stock for the 20 days prior to conversion. As of August 31, 2022, the carrying value of the note was \$25,000 and accrued interest was \$2,349. As of November 30, 2023, the carrying value of the note was \$25,000 and accrued interest was \$5,678.

On January 3, 2022, the Company entered into a Securities Purchase Agreement in connection with the issuance of a 10% convertible note with the principal amount of \$100,000, with an accredited investor. Related Parties

On August 21, 2020 the Company, issued a convertible note pursuant to a Stock Purchase Agreement (the “SPA”) to acquire 266,667 shares of common stock of Natural Plant Extract of California Inc., a California corporation (“NPE”), representing 18.8% of the outstanding capital stock of NPE on a fully diluted basis. With the exception of the entry into the subject material definitive agreements, no material relationship exists between the Registrant, or any of the Registrant’s affiliates or control persons and Hymers. Under the terms of the SPA, the Registrant acquired all rights and responsibilities of the equity stake for a purchase price of Two Million Forty Thousand United States Dollars (\$2,040,000) (the “Purchase Price”). Relative to the payment of the Purchase Price, the registrant agreed to: 1) pay Hymers Twenty Thousand United States Dollars (\$20,000) each month for a period of twenty-seven (27) months, with the first payment commencing September 1, 2020 and the remaining payments due and payable on the first day of each subsequent month until has received Five Hundred Forty Thousand United States Dollars (\$540,000), and 2) issue Hymers a convertible promissory note in the amount of One Million Five Hundred Thousand United States Dollars (\$1,500,000) (the “Note”). The Note bears interest at ten percent (10%) per annum. The Holder shall have the right at any time six (6) months after the Issuance Date to convert all or any part of the outstanding and unpaid principal, interest, fees, or any other obligation owed pursuant to the note. calculated as follows: 60% of the lowest Trading Price of the common shares during the ten (10) days preceding the date the Company receive a notice of conversion. Unless permitted by the applicable rules and regulations of the principal securities market on which the Common Stock is then listed or traded, in no event shall the Registrant issue upon conversion of or otherwise pursuant to the note and the other notes issued more than the maximum number of shares of Common Stock that the Company can issue pursuant to any rule of the principal United States securities market on which the Common Stock is then traded, which shall be 4.99% of the total shares outstanding at any time. A debt discount of \$54,212 on the note payable at issuance was calculated based on the present value of the note using an implied interest rate of 10%. A debt discount of \$270,886 was recognized. Accordingly, the Company recorded an initial value of its investment in NPE of \$1,714,903. Prior to these transactions, Robert Hymers III and Alan Tsai each sold equity interest representing a total of 18.8% of the outstanding equity interest of NPE to Edward Manolos, a Director and preferred stockholder of the Company in a private transaction. As a result of these two transactions, the Company beneficially controls approximately 37% of the equity of NPE. The Company Acquired an additional 18% control from Alan Tsai in February 2021, resulting in the Company consolidating NPE as discussed in Note 5. On June 11, 2021, the Company amended the \$540,000 note agreement with Hymers. The amendment relieved us from having to make monthly payments of \$20,000 to Hymers in exchange for our issuing a convertible promissory note to Hymers for the balance owed of \$440,000. The note is due June 11, 2022, bears interest at 10% and is convertible at a fixed price of \$0.004 per share. As of November 30, 2023, the balance was \$361,240 and accrued interest was \$93,987.

During the three months ended May 31, 2021, Robert Hymers elected to converted \$576,000 of the principal on the \$1,500,000 note into 9,600,000 shares of common stock in accordance with the terms of the agreement. On February 11, 2022, the Company authorized and entered into an exchange agreement with Mr. Hymers to exchange the remaining \$690,000 principal and \$164,156 of accrued interest into a new \$854,156 note (“exchange note”). The exchange note is convertible at a fixed price of \$0.0025 per share and matures on February 11, 2023. During the year ended August 31, 2022, the lender converted principal of \$187,500 into 75,000,000 shares of common stock. As of August 31, 2022, the principal balance on the note payable to Mr. Hymers was \$666,656 and accrued interest was \$2,476. During the six months ended February 28, 2023, the lender converted \$100,000 in principal into 40,000,000 share of common stock. As of November 30, 2023, the principal balance on the note payable to Mr. Hymers was \$397,376 and accrued interest was \$52,121.
