#### 4) **Issuer's Business, Products and Services**

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on [www.OTCMarkets.com](http://www.OTCMarkets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Blue Water Petroleum (BWPC) is focused on creating value with graphene production and hydrogen techniques that converts hydrogen into fuels. It has regional operations in Switzerland and a graphene production facility in Italy.

B. List any subsidiaries, parent company, or affiliated companies.

1. Attimar SA (Switzerland)

C. Describe the issuers' principal products or services.

Blue Water Petroleum (BWPC) is focused on creating value with graphene production and hydrogen techniques that converts hydrogen into fuels.

#### 5) **Issuer's Facilities**

*The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.*

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

BWPC's subsidiary Attimar SA, of SA Rue Mercerie 12, 1003 Lausanne, is a worldwide leading graphene technologies, for the

production, capture, packaging and transport of graphene nanoparticles both in dry powder and in wet paste, making it a flagship for manufacturers within the Green innovation sectors. These applications are combined with technological transfers and in its cutting-edge production of various unique nanomaterials that can be used in combination with the various applications of graphene, vastly improving the quality of the final products. The company is differentiated from its competition in that it is an actual producer of graphene using very efficient and very high capacity industrial facilities in the Italian province of Umbria where it has a two year lease on a month to month basis. The company is currently in production of and will complete its mandate to produce twenty tons of graphene which will be third party audited and validated assets of Attimar, as part of a closing condition of its contract with Blue Water. This graphene will be translocated to a secure facility in Switzerland once the production cycle is complete.

## **BLUE WATER PETROLEUM CORPORATION**

### **Notes to Unaudited Condensed Consolidated Financial Statements JULY 31, 2024**

#### **Note 1 - Business**

Blue Water Petroleum Corporation. (“BWPC”, “we”, “us”, “our”, the “Company”) was incorporated in Nevada as Degaro Innovations Corporation. on December 08, 2009. In July 2013, we amended our Articles of Incorporation to change our name to Blue Water Petroleum Corporation (BWPC). BWPC is domiciled in the state of Nevada, and its corporate headquarter is in Cheyenne, WY. The Company selected July 31 as its fiscal year end.

Blue Water Petroleum Corporation is a holding company with the wholly owned subsidiary Blue Water Limited, LLC. Blue Water Limited, LLC holds the rights to the oil and gas mining claims in Montana and will hold future claims that are acquired. On December 04, 2020, the Company acquired Atakam Group, Inc. Atakam Group, Inc. provides a variety of remediation solutions to clean some of the world’s most urgent environmental pollution problems.

The company is focused on remediation of lagoons of oil sludge created during the drilling and refining of crude oil, crude oil spills on land and water from pipelines and drilling rigs, mountains of used automotive tires, air pollution and effluent run-off from animal feedlots, and lastly, blocked municipal sewers and odoriferous settling ponds. Atakam employs several technologies to combat these various pollution problems that are destroying the quality of our natural land, air, and water. These technologies can generate revenue from the cleanup services, and from the sale of products that are created as a result of the remediation processes.

On July 22, 2021, the Company acquired Aquora, Inc. This contract was canceled due to a lack of corporate records by Aquora.

On July 19, 2022, the Company acquired land in the Little Smoky, Alberta Canada area for purification processes of oilfield wastewater using its licensed technology, into water that can be released into the environment and used for farming purposes; all in compliance with the Alberta Energy Regulator’s guidelines. This transaction was canceled due to excessive Canadian SEDAR regulatory requirements and expenses.

The company canceled the Atakam Limited acquisition on November 10, 2023 due to a lack of corporate records, financial statements and represented business activity and ownership of the technologies presented due to the war in Ukraine and the inability to provide Blue Water a functioning business.

#### **Note 2 - Going Concern**

These unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern, which assumes that the Company will be able to meet its obligations and continue its operations for its next fiscal year. Realization values may be substantially different from carrying values as shown and these unaudited condensed consolidated financial statements do not give effect to adjustments that would be necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern. On JULY 31,

2024, the Company had not yet achieved profitable operations, has accumulated losses of \$1,351,104 since its inception and expects to incur further losses in the development of its business, all of which raise substantial doubt about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent upon its ability to generate future profitable operations and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management has no formal plan in place to address this concern but considers that the Company will be able to obtain additional funds by equity financing and/or related party advances, however there is no assurance of additional funding being available or on terms acceptable to the Company.

### Note 3 - Summary of Significant Accounting Policies

#### *Basis of Presentation of Interim Financial Statements*

The accompanying unaudited interim consolidated financial statements as of and for the Period Ending July 31, 2024, and July 31, 2023, have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") for interim financial information and in accordance with the instructions to Form 10-K.

Accordingly, they do not include all of the information and notes required by US GAAP for complete financial statements. In the opinion of management, all adjustments (consisting only of normal recurring accruals) considered necessary for a fair presentation have been included. All intercompany balances and transactions have been eliminated in consolidation. Operating results for the Period Ending JULY 31, 2024, are not necessarily indicative of the results that may be expected for any future periods.

### *Use of Estimates and Assumptions*

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from those estimates. It is reasonably possible that a change in the Company's estimates will occur in the near term and such change could be material as information becomes available. The Company's estimates include thoroughbreds reserve for potential impairment, and contingent liabilities.

### *Consolidation Policy*

The consolidated financial statements of the Company include the accounts of the Company and its wholly owned subsidiaries, Attimar AG. All significant intercompany balances and transactions have been eliminated in consolidation.

### *Recapitalization*

For financial accounting purposes, this transaction was treated as a reverse acquisition by Atakam Group, Inc., and BWPC resulted in a recapitalization with Atakam Group, Inc. being the accounting acquirer and Blue Water Petroleum Corporation as the acquired company. BWPC had outstanding liabilities, no assets, or operations on the date of merger. Accordingly, the historical financial statements prior to the acquisition are those of the accounting acquirer, Atakam Group, Inc. and have been prepared to give retroactive effect to the reverse acquisition completed on December 04, 2020, and now represent the consolidated operations of Atakam Group, Inc. and BWPC.

### *Long-Lived Assets*

Long-lived assets are evaluated for impairment whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable or that the useful lives of these assets are no longer appropriate. Each impairment test is based on a comparison of the undiscounted future cash flows to the recorded value of the asset. If impairment is indicated, the asset is written down to its estimated fair value.

### *Stock-Based Compensation*

ASC 718, "Compensation – Stock Compensation" prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities, or issuing or

offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the consolidated financial statements based on their fair values. That expense is recognized over the period during which an employee is required to provide services in exchange for the award, known as the requisite service period (usually the vesting period).

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50, *Equity – Based Payments to Non-Employees*. Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier of performance commitment date or performance completion date.

#### Revenue Recognition:

The Company recognizes sales revenues for Graphene based on the amount of each product sold to purchasers when delivery to the purchaser has occurred and title has transferred. This occurs when product has been delivered to the purchaser. The Company follows the sales method of accounting.

#### Recent Accounting Pronouncements

In June 2014, the FASB issued ASU 2014-10, Development Stage Entities (Topic 915): Elimination of Certain Financial Reporting Requirements. ASU 2014-10 eliminates the distinction of a development stage entity and certain related disclosure requirements, including the elimination of inception-to-date information on the statements of operations, cash flows and stockholders' equity. The amendments in ASU 2014-10 will be effective prospectively for annual reporting periods beginning after December 15, 2014, and interim periods within those annual periods, however early adoption is permitted. The Company evaluated and adopted ASU 2014-10 for the reporting period ended July 31, 2021.

#### *Revenue from Contracts with Customers*

In September 2017, the FASB has issued Accounting Standards Update (ASU) No. 2017-13, "Revenue Recognition (Topic 605), Revenue from Contracts with Customers (Topic 606), Leases (Topic 840), and Leases (Topic 842): Amendments to SEC Paragraphs Pursuant to the Staff Announcement at the July 20, 2017, EITF Meeting and Rescission of Prior SEC Staff Announcements and Observer Comments." The amendments in ASU No. 2017-13 amends the early adoption date option for certain companies related to the adoption of ASU No. 2014-09 and ASU No. 2016-02. Both of the below entities may still adopt using the public company adoption guidance in the related ASUs, as amended. The effective date is the same as the effective date and transition requirements for the amendments for ASU 2014-09 and ASU 2016-02.

In May 2014, the FASB issued accounting standards updates which modifies the requirements for identifying, allocating, and recognizing revenue related to the achievement of performance conditions under contracts with customers. This update also requires additional disclosure related to the nature, amount, timing, and uncertainty of revenue that is recognized under contracts with customers. This guidance is effective for fiscal and interim periods beginning after December 15, 2017 and is required to be applied retrospectively to all revenue arrangements. The adoption of this guidance is not expected to have a significant impact on the Company's consolidated financial statements.

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the AICPA and the SEC did not or are not believed by management to have a material impact on the Company's present or future consolidated financial statements.

#### Note 4- Commitments and Contingencies

##### *Dividend policy*

The Company intends to distribute cash dividends to the shareholders from the proceeds of its mining operations. However, our ability to pay dividends is subject to limitations imposed by Nevada law. Pursuant to Nevada Revised

Statute 78.288, dividends may be paid to the extent that a corporation's assets exceed its liabilities and it is able to pay its debts as they become due in the usual course of business.

### *Commitments*

#### Note 5- Loan Payable

On August 15, 2013, the Company issued a \$100,000 promissory note to Universal Contrarian Ltd to evidence funds previously lent by the Noteholder to the Company. Under the terms of the note, the amount is unsecured, bears interest at 8.5% per annum, and due on December 31, 2013. Outstanding accrued interest balance for the period ended on July 31, 2021, is \$136,151. The Company has defaulted on the note, and default interest rate as of July 31, 2021, is 16% per annum. The note has been re-negotiated to \$150,000 including interest and principal and is due March 31, 2024.

On October 18, 2013, the Company issued a \$100,000 promissory note to Kor Energy Holdings Limited. Under the terms of the note, the amount is unsecured, bears interest at 8.5% per annum, and due on demand October 18, 2014. Outstanding accrued interest balance for the period ended on July 31, 2021, is \$127,715. The company has defaulted on the note, and default interest rate as of July 31, 2021, is 16% per annum. The note has been re-negotiated to \$300,000 including interest and principal and is due March 31, 2024.

Vladimir Ivanov, CEO and Director lent the company \$487,024 during fiscal 2024 for operations and General and Administrative purposes. The loan is a short term demand loan at 6% per annum with no conversion features.

### **Note 6 - Equity**

***Preferred Stock*** None

***Common Stock***

The Company has authorized 950,000,000 shares of common stock with a par value of \$0.0001 per share.

As of July 31, 2024, and July 31, 2023, the Company had 208,215,191 and 208,089,231 shares of common stock issued and outstanding, respectively.

### **Note 7 - Loss Per Common Share**

Basic earnings per share ("EPS") is computed by dividing earnings (loss) attributable to common shareholders by the weighted average number of common shares outstanding for the periods. Diluted EPS reflects the potential dilution of securities that could share in the earnings. As of July 31, 2024, the Company did not have any dilutions.

### **Note 8– Subsequent Events**

The Company has analyzed its operations subsequent to July 31, 2024, to the date these financial statements were issued, and have the following events to disclose:

The company has canceled the Little Smoky Alberta land purchase as of August 1, 2023 and will be returning 3,000,000 shares to treasury to reflect in Q1 2024.

The company canceled the Atakam Limited acquisition on November 10, 2023 which includes a return to treasury of certain securities and an extension of notes due to Alexander Dekhtyar, Andrew Osichnuk to January 31, 2023 both for \$50,000 respectively and Atakam Limited to December 20, 2023 for \$28,000. All consulting contracts and stock related to the Atakam transaction and management and third party contracts signed by Messrs. Dekhtyar and Osichnuk have also been canceled retroactively including with Dmytro Yankovi, Jose Kreidler, Yevgeniy Grinberg and Vandrico Consulting. Certificates issued to the aforementioned parties have been tendered to the Courts in Nevada by the parties and Blue Water Petroleum Corp. for cancellation upon receipt of judgement.

The company is still engaged in active litigation with Atakam Limited and its directors Alexander Dekhtyar, Andrew Osichnuk and Jose Kreidler in the state of Nevada. This is related to the breach of contract and cancellation of the Atakam and Aquora failed acquisitions due to the companies not having and presenting any financial statements, true ownership of represented patents and non-conveyance of the common share ownership of Atakam and Aquora to Blue Water. The case is expected to go to trial in Q3 2025.

The company's transfer agent, NATCO, tendered its resignation in 2024 due to the litigation risk and the company is now in the process of interviewing candidates and moving to a new transfer agent. Bluewater and Endeavor Trust Corporation, the proposed new transfer agent, are in the process of completing the onboarding documents which should be finalized shortly.
