Note 1

The holder has agreed to convert for equity when suitable and possible.

Note 2

Fit For A King, Inc, the owner of record of approximately 30 million common shares, and Fit For A King's beneficial owner, Gerald Pettie, undertook to provide the issuer with working capital in 2020, and as possible thereafter. This was to be for the purpose of attaining OTC Markets current information designation, as well as for the issuer to attain good standing with any other applicable regulatory bodies and suppliers. Compensation to Mr. Pettie is to be eventual repayment in cash with bonus and/or shares, to be determined. Additional possible financial compensation to Mr. Pettie was to be linked to, and/or governed by, the success of business ventures that Mr. Pettie would bring to the issuer in the past, present or future. Such compensation can also either take the form of cash and/or shares. Compensation to Mr. Pettie for earlier assistance will be determined by the issuer's circumstances at the time(s) that compensation to Mr. Pettie is made. Determinations at such time(s) will also take into account compensation required for 3rd parties who are performing supportive roles in retaining OTC Markets good standing, paying other regulatory compliance costs, retiring creditor obligations, and funding or operating business projects. This accommodation of 3rd parties will include compensation to issuer management to market norm standards currently and retroactively, third-party consultants, and any other compensatory arrangements with parties, including staff, who contribute to attainment of the issuer's goals, or payment by them on behalf of the issuer for costs or processes needed to operate the issuer's business.

Note 3

At the time of the filing of this report, management believes that the creditor prefers to receive repayment in cash, rather than conversion.

Note 4

At the time of the filing of this report, management believes that the creditor prefers to receive repayment in cash, rather than conversion.

Note 5

At the time of the filing of this report, management believes that the creditor prefers to receive repayment in cash, rather than conversion and that the note has been purchased by Gerald Pettie, according to details to be confirmed.

Note 6

At the time of the filing of this report, management believes that the creditor prefers to receive repayment in cash, rather than conversion.

Note 7

At the time of the filing of this report, this note is in default. Remedying the default is being discussed with the creditor and involves special interest and/or penalties to be determined as conversions are effected. A restatement of the principal amount due may be required to reflect the specifics of such forbearance.

Note 8

At the time of the filing of this report, this note is in default. Remedying the default is being discussed with the creditor and involves special interest and/or penalties to be determined as conversion are effected. A restatement of the principal amount due may be required to reflect the specifics of such forbearance.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

CBD BEVERAGES LEADING TO THE CANNABIS SECTOR MORE BROADLY and ADDITIONAL OPPORTUNITIES

In earlier reporting periods, Health Advance Inc had taken steps to launch proprietary CBD infused dealcoholized wine beverage products and to investigate the viability of launching proprietary nutraceutical products.

Health Advance's test CBD beverage production took place via the operating entity Courtship Wines, a New York private company, of which Health Advance was 50% owner. Negotiations for the sale of this test production had been underway with a U.S. regional grocery chain operating approximately 400 stores. The prospective customer stipulated conditions which the issuer had been evaluating.

These conditions included repackaging the goods, guaranteed sale, etc. It was determined by the project management team that test marketing through a brand-owned website would be more fruitful because it could be carried out sooner, without changes to the product. Test sales to consumers were carried out.

By March 31, 2024, the date of the issuer's last annual report, management of the issuer derived the following conclusion from the aforementioned test marketing - Health Advance should seek a broader approach to cannabis related business opportunities, rather than exclusively through CBD infusion of wine, such as other substances, other beverages, new partnerships and alliances.

Accordingly, in 2024 Health Advance entered into joint venture negotiations with emergent cannabis processing operations, such as Coulson Cannabis, and the SoEquity Project.

Of the two, negotiations with the SoEquity Project are most advanced. This can be seen on the websites www.CourtshipWines.com and www.SoEquityCorporation.com.

Interest by Health Advance in this field continues to be justified by industry watchers, and in the popular press, such as this article by Newsweek, which is representative of the genre, LINK: <https://www.newsweek.com/what-are-cannabis-cocktails-will-they-replace-alcohol-2030717>

It is anticipated that Health Advance will benefit from the SoEquity Project through the provision of non-dilutional working capital and project resources from SoEquity's intended Regulation A+ Tier 2 public offering planned to begin in 2025.

B. List any subsidiaries, parent company, or affiliated companies.

Affiliated: Courtship Wines, Inc. New York State. 49% in the latest state of negotiation with the SoEquity Project. The entity is treated as separate for accounting purposes, as a JV, rather than being combined and consolidated for reporting purposes.

C. Describe the issuers' principal products or services.

- CBD or other cannabis derivatives infused into beverages where legal, subject to commercial customer vetting. Testing, likely new variants required.
- Immune boosting nutraceutical, and/or female health product(s) and/or medical equipment, in viability analysis. Market research stage.

5) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used, or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties, or facilities of the issuer, give the location of the principal plants and other property of the issuer, and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties, or facilities, clearly describe them as above and the terms of their leases.

Health Advance former management was in the past not local to the Company's official business address. Current management has rectified this situation, as shown below in the photograph of Health Advance Inc physical business address.

Health Advance occupies a modern shared-use office premises within reasonable proximity of management, consultants, and service providers.

The facility accommodates all foreseeable meeting and collaboration requirements at modest rent within industry norms.

6) Officers, Directors, and Control Persons

Using the table below, please provide information, as of the period end date of this report, regarding any officers, or directors of the company, individuals or entities controlling more than 5% of any class of the issuer's securities, or any person that performs a similar function, regardless of the number of shares they own. **If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.** Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer. The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling, or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

NO
 3. Been the subject of a finding, disciplinary order, or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, a state securities regulator of a violation of federal or state securities or commodities law, or a foreign regulator body or court, which finding, or judgment, has not been reversed, suspended, or vacated;
NO
 4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities;
NO
 5. Been the subject of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities;
NO
 6. Been the subject of a U.S. Postal Service false representation order, or a temporary restraining order, or preliminary injunction with respect to conduct alleged to have violated the false representation statute that applies to U.S. mail;
NO
- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

NOTES TO THE FINANCIAL STATEMENTS OF HEALTH ADVANCE INC

For the Three Months Ending Dec 31, 2024

1. NATURE OF OPERATIONS AND ORGANIZATION

Health Advance Inc. (the “Company” or “Health Advance”) was incorporated on April 14, 2010 in the State of Wyoming. The Company was originally a development stage online retailer of home medical products. Since that time, the Company has pursued broader business opportunities in the field of human wellness. The Company is in good standing with the State of Wyoming.

2. BASIS OF PRESENTATION

The condensed financial statements have been prepared by the Company in accordance with accounting principles generally accepted in the USA for the Alternative Reporting Guidelines of OTC Markets. All adjustments, consisting of normal recurring accruals, considered necessary for a fair presentation have been included. Restatement of capital stock attributed value, and additional paid in contributions, will be made when required in future financial statements, without amendment of prior reporting, in order to reflect the interest impact of negotiated settlement of loans in forbearance, or changes to the convertibility of promissory notes and other obligations, when applicable negotiations are completed.

3. GOING CONCERN

These financial statements have been prepared assuming the Company will continue on a going concern basis. The Company has incurred losses, historically, and the ability of the Company to continue as a going concern depends upon its ability to develop profitable operations and to continue to raise adequate financing. Management seeks sources of additional financing to provide continuation of the Company's operations. In order for the Company to meet its liabilities as they come due and to continue its operations, the Company is solely dependent upon its ability to generate such financing.

There can be no assurance that the Company will be able to continue to raise funds, in which case the Company may be unable to meet its obligations. Should the Company be unable to realize its assets and discharge its liabilities in the normal course of business, the net realizable value of its assets may be materially less than the amounts recorded in these financial statements. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

4. PROFIT / LOSS PER SHARE

The Company has not yet adopted the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 260-10 which provides for calculation of "basic" and "diluted" earnings per share. Basic earnings per share includes no dilution and is computed by dividing net income or loss available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of an entity. Diluted earnings per share exclude all potentially dilutive shares if their effect is anti-dilutive.

5. ACCOUNTING PRONOUNCEMENTS

Periodically Issued Accounting Standards

The Company has not yet adopted all accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") that would apply to SEC reporting issuers, which Health Advance is not. For illustration only, the guidance on how companies account for certain aspects of share-based payments to employees, This pronouncement, for illustration, became effective for fiscal years beginning after December 15, 2016. This guidance called for income tax effects of awards to be recognized in the income statement when the awards vest or are settled and changes the presentation of excess tax benefits on the statement of cash flows. In addition, this pronouncement changes guidance on: (a) accounting for forfeitures of share-based awards and (b) employers' accounting for an employee's use of shares to satisfy the employer's statutory income tax withholding obligation. In the opinion of management adoption of this pronouncement in particular, and similar pronouncements in general, would not have a material impact on Company's financial position and/or results of operations until such time that the scale of the Company's operation expands considerably. The cost and complexity of applying such measures are not feasible, or material, for the Company at the present time. Readers are therefore cautioned that these unaudited internal financial statements may not be suitable for their purposes, notwithstanding the attempt within these statements to present fairly the material conditions of the Company.

6. RELATED PARTY TRANSACTIONS AND BALANCES

The transactions with any related parties are kept within standards that would apply to arm's length transactions unless otherwise specified in the Company's disclosures. Principal amongst non-arm's length transactions are the compensation agreements between the sole director representing shareholders and the president, who are the same person. To mitigate this, compensation is kept within reasonable norms for public company service of this nature, with similar responsibilities and similar risk associated with the exercise of fiduciary responsibilities, including public and regulatory accountability.

7. CONTINUITY

The financial statements of Health Advance were audited up to and including the 2016 fiscal year. Former management undertook to vend in business projects that would have required international auditing that exceeded the company's financial resources relative to the potential value of the vend-in. Former management did not therefore carry on with auditing. The current information disclosure filed with OTC Markets under the Alternative Reporting Guidelines resets to the present from the last audited trial balance, rather than from the unaudited EDGAR Q filings, and does not merge largely non-cash subsequent activity in the interests of present clarity and reality. Only known assets are recorded. Liabilities which are statute-barred or forgiven are reflected as recoveries. This serves the cause of accuracy of the current information by avoiding unsubstantiated presumptions, and restoring simple, materially reliable and up-to-date presentation of the present conditions. Management believes that no taxes are payable due to the absence of profit to-date and substantial tax loss carry-forwards. The Company may amend any aspect of the financial statements and other disclosure if new information calls for restatement of any fact.
