#### **4) Issuer's Business, Products and Services**

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on [www.OTCMarkets.com](http://www.OTCMarkets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

**Branded Legacy, Inc.** is a diversified holdings company with a primary focus on biotechnology and wellness product development. Over the past year, the company has made significant strides in expanding its operations, acquiring new businesses, and enhancing its product offerings.

**Business Operations:** Branded Legacy, Inc. specializes in the extraction, refinement, and synthesis of alkaloids, providing white/private label services, formulation, and co-packing solutions. The company's main business activities revolve around the commercial development of alkaloid-infused products such as vapes, tinctures, topicals, and gummies. Additionally, Branded Legacy engages in brand development, marketing, and promoting sustainability practices.

The company has expanded its portfolio through strategic acquisitions, including Sycamore BioPharma Inc. and MariJ Pharmaceuticals Inc. These acquisitions have significantly bolstered Branded Legacy's capabilities in botanical extractions and drug delivery systems, enhancing their product offerings and market reach.

**Product Development and Services:** Branded Legacy, Inc. operates through its subsidiaries, Royal Biotek and The Alcannabist, which focus on advancing biotechnical research and development. Royal Biotek, in particular, conducts in-house pre-clinical trials to ensure product efficacy and safety, thereby building consumer trust. The company's state-of-the-art facilities in Melbourne, FL, support the production and distribution of high-quality wellness products.

**Sycamore BioPharma**, recently acquired by Branded Legacy, is renowned for developing plant-based pharmaceuticals and wellness solutions, including gummies, tinctures, compression sleeves, and pain-relieving topical creams. The acquisition of Sycamore BioPharma has brought over \$500,000 in inventory of products and raw materials as well as key personnel for advancing clinical trials. Sycamore supports Branded Legacy's mission to deliver high-quality, innovative products.

**MariJ Pharmaceuticals**, another significant acquisition, specializes in the development and distribution of cannabinoid-based products. This acquisition has added substantial value to Branded Legacy's portfolio, with MariJ Pharmaceuticals valued at close to \$2,000,000. The integration of MariJ Pharmaceuticals has enabled Branded Legacy to expand its product lines and leverage MariJ's expertise in cannabinoid extraction and formulation, further strengthening the company's position in the biotech and wellness markets.

Branded Legacy has also secured exclusive extraction partnerships and developed proprietary delivery systems for various health supplements, further solidifying its position in the wellness industry. The company's innovative approach is evident in its diverse product lines, which include not only traditional botanical extracts but also novel formulations aimed at improving bioavailability and therapeutic effectiveness.

# BRANDED LEGACY

**Growth and Market Strategy:** Branded Legacy is committed to sustainable growth through continuous innovation and strategic partnerships. The company's recent moves include acquiring new facilities, enhancing production capabilities, and expanding its market reach. By integrating advanced biotechnology with robust branding and marketing strategies, Branded Legacy aims to set new benchmarks in the wellness and biotech sectors.

The company's forward-thinking approach and strategic acquisitions have positioned it as a leader in the industry, with a focus on delivering high-quality, sustainable products that meet the evolving needs of consumers (Sources: Branded Legacy website, Business Insider).

- B. List any subsidiaries, parent company, or affiliated companies  
**Total Refinement Solutions, LLC (DBA Royal Biotek)**  
**The Alcannabist, LLC**  
**MaryJ Pharmaceuticals, Inc.**  
**Sycamore Biopharma, Inc. (SBP)**

All Companies are included in this disclosure statement.

- C. Describe the issuers' principal products or services.

**Total Refinement Solutions, LLC (Royal Biotek):** Total Refinement Solutions, LLC, also known as Royal Biotek, is at the forefront of alkaloid extraction, refinement, and synthesis. The company has developed no less than four potential standard operating procedures (SOPs) for handling any given target alkaloid, ensuring flexibility and precision in their processes. These SOPs cover a broad spectrum of extraction techniques, including solvent extraction, supercritical fluid extraction, and advanced distillation methods. Royal Biotek offers comprehensive white label services, enabling businesses to create custom-branded products. Their product range includes vapes infused with various alkaloids, designed for both recreational and therapeutic uses; tinctures, which are concentrated liquid extracts suitable for sublingual administration and offer rapid onset of effects; topicals, including creams, balms, and lotions infused with alkaloids for localized relief of pain and inflammation; and gummies, which are edible products infused with precise dosages of alkaloids, catering to both recreational and medicinal markets. In addition to white label services, TRS offers contract extraction and refinement services, including bulk processing of botanical materials, purification of extracts, and formulation of end products tailored to client specifications.

**The Alcannabist, LLC:** The Alcannabist, LLC, serves as the sales and distribution arm of Branded Legacy, managing both B2B and B2C sales channels. The company focuses on bringing in-house developed products to market, ensuring wide accessibility and customer satisfaction. Current product offerings include vapes, available in various formulations under the VapeRx brand, targeting different user needs such as relaxation, energy, and focus, and tinctures, sold under the ElixRx brand, which come in various strengths and formulations for different therapeutic applications. The Alcannabist is poised to expand its product line to include all items manufactured by Total Refinement Solutions. Upcoming product lines in production or development stages include GummyRx, a range of alkaloid-infused gummies tailored for specific effects such as sleep, anxiety relief, and energy, and MoodMix Elixir, products designed to enhance mood and wellbeing, available in liquid form.

# BRANDED LEGACY

**MariJ Pharmaceuticals, INC:** MariJ Pharmaceuticals, INC, is renowned for its on-site production of high-quality botanical extracts using supercritical CO2 extraction technology. This method ensures the purity and potency of the extracts while maintaining the natural balance of compounds. Key offerings include "soil to oil" services, enabling small farmers to produce high-quality tinctures and vapes, bringing farm-to-table products within reach, and botanical extracts, producing extracts from various botanicals, including hemp and other medicinal plants, for use in tinctures, vapes, and other formulations.

**Sycamore BioPharma Inc:** Sycamore BioPharma INC offers a diverse range of products under several brands, designed to support health and wellness. Their offerings include the Right Coast, Drift, Aligned and Game Day Relief brands, which provide products aimed at sports recovery, sleep, anxiety relief, and recreational use. Their product lineup includes gummies and tinctures infused with specific alkaloids to target various health concerns, as well as non-consumable products such as topical creams, lubricants, and compression sleeves designed for therapeutic and recreational purposes. Sycamore and Royal Biotek also work together to develop pharmaceuticals and support them through the process of clinical trials and FDA approval, through a partnership with the Medical University of South Carolina.

Overall, Branded Legacy, Inc. and its subsidiaries provide a comprehensive range of products and services designed to meet the diverse needs of their clients and consumers, driven by a commitment to quality, innovation, and sustainability.

## 5) Issuer's Facilities

## **NOTES TO FINANCIAL STATEMENTS**

### **NOTE 1 – Organization & Description of Business**

A. Branded Legacy is a publicly traded US Corporation, working towards horizontal and vertical integration within the agricultural and pharmaceutical biotechnology sectors. Its brands provide alkaloid extraction, refinement, and synthesis services; as well as formulation, white label co-packing, and marketing. Branded Legacy holds as intellectual property a long list of patentable trade secrets, proprietary products in development, SOPs for extraction, refinement, synthesis, in addition to formulations for various market ready products. The company is in development of no less than four families of therapeutics, gaining FDA approval for over the counter and prescription use.

B. At Total Refinement Solutions LLC (DBA Royal Biotek), the central mission is to pioneer the advancement of biotechnology through cutting-edge alkaloid extraction, refinement, and synthesis; forging a path towards healthier lives and a more sustainable future. It is dedicated to harnessing the power of medicinal ethnobotany transforming traditional ecological knowledge into high-quality solutions that enhance well-being, promote innovation, and contribute to the well-being of humanity.

The vision is to be a global leader in alkaloid extraction and refinement, recognized for unwavering commitment to scientific excellence and sustainability. The focus is to unlock the full potential of medicinal ethnobotany, revolutionizing the pharmaceutical and agricultural industries, while nurturing a culture of innovation and environmental responsibility. Royal Biotek envisions a world where nature's gifts are harnessed to address the most pressing challenges of our time, creating a brighter and healthier future for all. "Natural solutions to national problems"

C. The Alcannabist, LLC, is a pioneering company specializing in branding and distributing proprietary formulations. Its offerings encompass a wide range of wellness products containing CBD, Mitragynine, Kavaltones, and functional mushrooms. Its mission is to provide effective, natural solutions for various health concerns while also serving as an open market hub for marketing and distributing related products.

A subsidiary of Branded Legacy, it is revolutionizing our digital capabilities with its bespoke web development and comprehensive digital marketing solutions. This strategic integration not only enhances our subsidiaries' online presence but also extends these advanced services to our clients, promising a significant boost in digital engagement and market reach.

F. The primary service currently and ultimately provided by MariJ Pharmaceuticals, Inc., is a full-service mobile provider in the Medicinal Marijuana & HEMP industry. This would include everything from portable extraction, packaging, HIPPA compliant RFID tracking from seed to sale, delivery services, white labeling, retail products and research & development. Just prior to Covid-19 MariJ serviced growers in CO, IL, NC and TN which generated processing revenue of approximately \$2,000,000 in which the end product for growers exceeded more than 20 times at retail and chose to close down due to COVID-19 March 2020. With the acquisition in Dec 2023, MaryJ Pharmaceuticals, Inc. will again resume operations helping farms across the US, with their extraction and processing needs.

G. In 1981 Blue Ridge, Inc., a publicly traded company, was incorporated in the State of Utah. Blue Ridge, Inc. bred champion horses. In 1984, Vencor Corporation was incorporated as a private company to produce and market DiDeeSnug Diaper, an environmentally responsible cloth diaper that was both washable and reusable. In 2016 the entity changed its name to Elev8 Brands, Inc. As of May 22, 2020 the Company changed its name to Branded Legacy, Inc.

H. The Company's fiscal year end is December 31.

### **NOTE 2 – Summary of Significant Accounting Policies**

#### **Method of Accounting**

The Company's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

### **Cash and Cash Equivalents**

Cash and cash equivalents include time deposits, certificates of deposit, and all highly liquid debt instruments with original maturities of three months or less.

### **Accounts Receivable**

The Company considers accounts receivable to be fully collectible. Accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

### **Earnings (Loss) per Share**

Earnings (loss) per share of common stock are computed in accordance with FASB ASC 260 "Earnings per Share". Basic earnings (loss) per share are computed by dividing income or loss available to common shareholders by the weighted-average number of common shares outstanding for each period. Diluted earnings per share are calculated by adjusting the weighted average number of shares outstanding assuming conversion of all potentially dilutive stock options, warrants and convertible securities, if dilutive. Common stock equivalents that are anti-dilutive are excluded from both diluted weighted average number of common shares outstanding and diluted earnings (loss) per share.

### **Fair Value of Financial Instruments**

The estimated fair values for financial instruments are determined at discrete points in time based on relevant market information. These estimates involve uncertainties and cannot be determined with precision. The carrying amounts of accounts payable, accrued liabilities, and notes payable approximate fair value given their short-term nature or effective interest rates.

### **Inventories**

Inventories consist of VapeRx migraine formula vapes and tinctures, MoodMix mitragynine elixir oral solution and gel caps, VapeRx anxiety formula vapes and tinctures, Right Coast D9 and D8 gummies, Game Day Relief gummies and lotion, Align gummies, tinctures, and gelcaps, Drift gummies, tinctures, and gelcaps, Embrace sleeve systems, Enhance lubricant, Star Hill THC and kratom gummies, Nature Station Mitragynine dosing syrup, Kava dosing syrup and raw materials necessary to formulate all other product offerings. Raw materials here include alkaloids, stabilizers, flavorings, and hardware such as bottles, and packaging, etc. The shelf life of all inventories is a minimum of one year. We expect this inventory to last a minimum of one quarter, up to a year.

### **Depreciation**

Assets are depreciated over 5 years using straight-line depreciation. Assets consist of computer equipment. Depreciation started in 2018 when purchases were made.

## **NOTE 3 – Summary of Significant Accounting Policies - continued**

### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## **Revenue Recognition**

The Company sales consist of natural hemp, CBD, mitragynine, cannabinoid, functional mushroom and kavalactone infused products. The raw hemp, kratom, kava, and mushrooms used in formulations are procured from outside vendors, and are extracted in house. When the price for these extracts are favorable, at times these extracts are purchased from trusted providers. The Company sells products to consumers, wholesalers and distributors.

The Company recognizes revenue in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 606, Revenue from Contracts with Customers, which requires that five basic steps be followed to recognize revenue: (1) a legally enforceable contract that meets criterial standards as to composition and substance is identified; (2) performance obligations relating to provision of goods or services to the customer are identified; (3) the transaction price, with consideration given to any variable, noncash, or other relevant consideration, is determined; (4) the transaction price is allocated to the performance obligations; and (5) revenue is recognized when control of goods or services is transferred to the customer with consideration given, whether that control happens over time or not. Determination of criteria (3) and (4) are based on our management's judgments regarding the fixed nature of the selling prices of the products and services delivered and the collectability of those amounts.

Private Label Customers are wholesale distributors of the Company's product, under their own wholesale private label brand. The products are made to Company specifications and shipped directly to the wholesaler. The pricing is predicated upon a volume discount negotiated at the time of the placement of the orders. Product is produced and labeled in the Longwood manufacturing facility and shipped directly to the Private Label customer who re-distributes to their retail and other customers. The products are fully paid when shipped.

Revenue from product sales is recognized when an order has been obtained, the price is fixed and determinable, the product is shipped, the title has transferred, and collectibility is reasonably assured.

### **NOTE 4 – Leasing**

The Company's corporate office is located at 751 North Drive Suite 9, Melbourne, FL 32934. It leases 14,000 square feet of space for \$14,000 a month. Its current lease ends August of 2030.

### **NOTE 5 – Related Party Transactions**

As of 12 October 2023, Branded Legacy Inc. has successfully acquired The Alcannabist LLC. This acquisition represents a crucial step forward in the mission to expand and diversify our presence within the biotechnology sector. One noteworthy aspect of this acquisition is the involvement of Joseph Holladay and Doug Holladay, co-founders and owners of Alcannabist, in the management of Branded Legacy. Joseph Holladay and Doug Holladay are Chief Marketing Officer and Chief Operations Officer (respectively) at Branded Legacy Inc. Their inclusion on the management team enriches the organization's strategic vision and strengthens its position in the market. Joseph Holladay and Doug Holladay's insights and guidance are invaluable as Branded Legacy, Inc. navigates the dynamic landscape of the biotechnology sector and drives its business forward. We want to assure our stakeholders that the integration of The Alcannabist into Branded Legacy has been executed with meticulous planning and consideration. We are committed to ensuring a seamless transition that enhances our overall capabilities, synergies, and, most importantly, shareholder value. Branded Legacy remains fully dedicated to upholding the highest standards of corporate governance, compliance, and transparency. We will continue to operate with integrity and adherence to regulatory requirements, ensuring that all decisions are made in the best interests of our shareholders and stakeholders. For the Acquisition of The Alcannabist, Joseph Holladay was compensated roughly \$105,000 in restricted shares and Doug Holladay was compensated roughly \$45,000 in restricted shares. The issuance of these shares has been delayed pending formation of an appropriate preferred class.

## **NOTE 6 – Discontinued Operations**

Following that, Mr. Oswald began his multidisciplinary STEM education with a Bachelor of Sciences in Environmental Science and Micro and Molecular Biology at the University of Central Florida. Oswald continued down this path with a graduate education in Biology, Political Science, and Sociology (also at UCF). Oswald has participated in lab work on nearly every scale from DNA modification to population genetics and has worked in research and development in fields including biology, chemistry, and engineering. Oswald's previous endeavors have included minimal input-controlled environment crop production, sustainable energy production, and ecosystem engineering for climate change mitigation. This led to partnerships with several non-profits, universities, and departments of government. Oswald's background in Environmental Science has brought the concept of sustainability to the core of every project, increasing efficiency, and lowering operating costs in ways that benefit our environment and society as well as the bottom line. A longtime activist and proponent of the legal cannabis industry, Oswald has been pushing technological developments in the field and setting standards in legacy markets for connoisseur-grade cannabis products since the early 2000s.

## **Amanda Kucker**

Amanda Kucker brings a wealth of diverse scientific expertise to the Board. Her academic journey began at the University of Central Florida, where she earned a Bachelor of Science degree, with honors, in biology, with a secondary focus on environmental studies. Early in her professional career, Amanda studied the freshwater ecosystems of central Florida, pioneering innovative approaches to utilizing waste products. Her groundbreaking research yielded proprietary techniques for extracting algae oil for biofuel, converting biomass to energy via gasification, and collaborating with governmental agencies to advance understanding of aquatic microorganisms crucial for biofuel production.

Driven by her fascination with microbiology, water chemistry, and brewing, Amanda pursued certification in brewing sciences from the Siebel Institute of Technology. She then distinguished herself as one of Central Florida's pioneering female brewers, garnering recognition with gold medals for her meticulous diligence and dedication to consistently delivering top-quality products.

Transitioning from brewing, Amanda found a new passion in nutrition science. Motivated by firsthand experiences of the transformative power of food as medicine, she obtained a second Bachelor of Science degree in Nutrition and Dietetics from Keiser University, graduating summa cum laude. Her profound understanding of nutrition, metabolism, and bioactive compounds makes her an asset to our board, poised to contribute strategic insights and drive innovation in the burgeoning field of biotechnology.

## **Andrew Joseph Seelund**

Andrew Seelund has a diverse professional background encompassing small startups, medium-sized businesses, corporate franchises, and even Fortune 100 companies, Andrew has left an indelible mark on the industry. He has lent his expertise to esteemed organizations such as accesso, ChannelMix, Darden Restaurants, AMC Theatres, Claire's, AutoZone, and Sprint. Collaborating with these teams, Andrew played a pivotal role in developing front-end software solutions, supporting marketing programs such as A/B Testing and Enterprise Class Analytics, and validating data insights that propelled revenues for these companies into the realm of tens of millions.

Through his visionary leadership, Andrew continues to narrow the gap between Marketing and "the IT Department", forging a new era of collaboration where data-driven insights and innovative marketing strategies converge seamlessly. His unwavering commitment to excellence and his uncanny ability to harmonize the realms of technology and marketing make him a true luminary in the digital landscape.

## **Phillip Michael White**

Mr. Phillip White's academic journey began at a young age when he developed a fascination for the natural world and a strong interest in understanding the fundamental principles that govern it. This curiosity led him to pursue a degree in chemistry with a math minor, where he excelled in his studies and demonstrated exceptional aptitude for research. He's a highly accomplished scientist with a passion for chemistry and a distinguished career as a lead lab director. His expertise and contributions to the field have made him a prominent figure in the scientific community, and his research has had a profound impact on various industries. Mr. White then began his journey into the workforce for various companies leading the way in environmental impact studies and sustainability before transitioning to the role of lead lab director. Mr. White has almost a decade of hands-on experience managing greenhouses and extraction facilities following a strict set of operating procedures and safety protocols, maintaining the highest quality extracts and products available. Mr. White was essential in maintaining market trends and bringing several popular concentrate varieties to market while maintaining the lowest possible overhead. As a lead lab director, Mr. White oversees a team of talented scientists and technicians, ensuring the smooth operation of the laboratory and driving research projects forward.
