On April 9, 2021, Howard L. Duran and Reinerio Linares entered into a Share Purchase Agreement to sell control of Bounce Mobile Systems, Inc. (BNCM) to Hatadi Shapiro Supaat. As part of the agreement, Hatadi Shapiro Supaat agreed to purchase 200,000 blocks of preferred shares, each priced at \$5,000 for every 100,000 shares, amounting to a total of \$10,000 for 200,000 shares of preferred stock. These preferred shares, which granted Hatadi Shapiro Supaat the right to control BNCM, were issued on April 20, 2021.

Following the issuance of the preferred shares, on April 21, 2021, BNCM accepted the resignation of Howard L. Duran as President and Director, and Dr. Rey Linares as Director of the company. Concurrently, the board of BNCM appointed Hatadi Shapiro Supaat as the new President of the company.

On May 4, 2021, Hatadi Shapiro Supaat was issued an additional 300,000 preferred shares, which brought his total holding of preferred shares to 500,000 preferred shares.

As of December 31, 2024, J. Ruyter holds 1,133,700,000 common shares in BNCM, making him the controlling shareholder of the company. This amount of common stock gives J. Ruyter significant control over the company, surpassing any previous control gained by other parties through the preferred stock issuance detailed above. The issuance of common shares to J. Ruyter establishes him as the predominant shareholder, with the voting power necessary to influence the major decisions of the company.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

⁵ The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any "blockers" or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.

BNCM is an asset management and consultancy company. BNCM manages the assets or shares of companies it currently owns. BNCM provides consultancy services to companies seeking to apply, register, quote, or list on the OTC and or NASDAQ markets, in partnership with experienced and qualified auditors, accountants, and attorneys.

B. List any subsidiaries, parent company, or affiliated companies.

Starfleet Innotech Inc. (SFIO)

C. Describe the issuers' principal products or services.

BNCM secures companies with experienced management, solid revenues, profits, asset value and business model with strong growth and potential for quotation and or listing on the OTC and or NASDAQ markets within the next 2 to 3 years. The growth of these companies will directly provide more employment opportunities to the communities, improve the economy of the country, and bring greater social change to humanity.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

BOUNCE MOBILE SYSTEMS, INC. CONSOLIDATED WITH DELEX HEALTHCARE GROUP

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024

NOTE 1 - GENERAL ORGANIZATION AND BUSINESS AND GOING CONCERN

The company was originally incorporated in North Carolina as Vital Living Products, Inc., in January, 1990.

On December 23, 1991, the company merged into Vital Living Products, Inc., a Delaware corporation and, thus, became a Delaware corporation.

On August 14, 2006, the company changed its domicile to Nevada and changed its name to Bounce Mobile Systems, Inc.

On February 19, 2020, Douglas DiSanti of Grassroots Advisory, LLC, was appointed Custodian of the corporation by order of the District Court of Nevada. On June 15, 2020, new management consisting of Marley Roldan, CEO, Secretary/Treasurer and Director; Howard Duran, President/Director, and: Reinerio Linares, CMO/Director, were elected by Mr. DiSantis. Mr. DiSanti continued as custodian until August 17, 2020, when he relinquished control to current management with court approval.

On April 9, 2021, Howard L. Duran and Reinerio Linares signed a Share Purchase Agreement to sell control of BNCM to Hatadi Shapiro Supaat who paid \$5,000 for each 100,000 shares block of preferred shares, or a total of \$10,000 for 200,000 shares block of preferred shares. The preferred shares granting Hatadi Shapiro Supaat control were then issued on April 20, 2021. On April 21, 2021, BNCM accepted the resignation of Howard L. Duran as President and Director and Dr. Rey Linares as Director. Simultaneously, the board appointed Hatadi Shapiro Supaat as President. On May 4, 2021, Hatadi Shapiro Supaat was issued 300,000 preferred shares, having a total of 500,000 preferred shares.

On September 30, 2021, Supplemental Information Report requesting the removal of "shell" flag of BNCM in OTC has been uploaded. The report reflected all the updated financial figures of the company resulting from the various acquisitions and activities for the quarter.

On July 02, 2024, BNCM (Bounce Mobile Systems, Inc.) signed an Asset Purchase Agreement (APA) with Delex Healthcare Group, Inc. (DELEX), which has a controlling interest in DLX Holdings, Inc. (DLX), a company based in the Philippines. The terms and conditions of the transaction under the APA support BNCM's ownership of Delex Healthcare Group (DHG). BNCM's ownership in DLX and its subsidiaries with the Philippine SEC is ongoing, as required by applicable regulations.

As of December 31, 2024, J. Ruyter holds 1,133,700,000 common shares in BNCM, making him the controlling shareholder of the company. This amount of common stock gives J. Ruyter significant control over the company, surpassing any previous control gained by other parties through the preferred stock issuance detailed above. The issuance of common shares to J. Ruyter establishes him as the predominant shareholder, with the voting power necessary to influence the major decisions of the company. The issuance of 1.185 billion shares to the Delex team, including J. Ruyter's shares, provides significant proof of BNCM's ownership in DELEX and its subsidiaries, with the registration process with the Philippine SEC currently in progress.

DLX holds a 60% direct controlling interest in Delex Pharma International, Inc. (DPI), as well as indirect controlling interests in JMN Brothers Pharma Limited, Inc., and MD Pharma, Inc. JMN Brothers Pharma Limited, Inc., and MD Pharma, Inc. are wholly owned subsidiaries of Delex Pharma International, Inc. This transaction was accounted for as a business combination in accordance with ASC 805.

Delex Pharma International, Inc. was incorporated and registered with the Securities and Exchange Commission (SEC) in the Philippines on July 13, 2009. The Company was established primarily to engage in the trading of goods such as medical supplies, equipment, pharmaceutical products and food supplements on a wholesale or retail basis. The Company is 60% owned by DLX Holdings, Inc. and 40% owned by High Everest Capital, Inc.

BNCM is an Asset Management Company that secures its assets by investing in companies with strong growth potentials, robust revenues, significant profits, proven track records, and promising business models with highly experienced management teams that will exceptionally qualify for quotation and or listing on the OTC and or NASDAQ Market within the next 2 to 3 years.

These consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary debt or equity financing to continue operations, and the attainment of profitable operations. There is no guarantee that the Company will be successful in these efforts. These consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

These consolidated financial statements present the balance sheets, statements of operations, stockholders' deficit and cash flows of the Company. These financial statements are presented in United States dollars and have been prepared in accordance with accounting principles generally accepted in the United States. The Company's financial statements are prepared using the accrual method of accounting. The Company has elected a December 31 fiscal year end.

Use of Estimates and Assumptions

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The results of operations and cash flows for the periods shown are not necessarily indicative of the results to be expected for the full year. The Company regularly evaluates estimates and assumptions related to valuation of license, stock-based compensation, and deferred income tax asset valuation allowances.

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents.

Digital Assets

The Company owns the following significant digital assets:

Financial Instruments and Fair Value Measures

ASC 820, "Fair Value Measurements and Disclosures" requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company's financial instruments consist principally of cash, accounts payable and accrued liabilities, convertible debenture, stock-settled debt obligation, and amounts due to related parties. Pursuant to ASC 820, the fair value of cash is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets. The recorded values of all other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations. Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest, currency or credit risks arising from these financial statements.

Gain / Loss on Investments

The Company used the fair value in recording each class of financial instruments including Investment - Acquired companies, Digital Assets (Tokens), Shares Receivable. The Fair Value is obtained from quoted market prices, discounted cash flow models and option pricing models, as appropriate.

There is a significant change in the value of asset due to cancellation of share receivable and due to the material decrease of the price / Fair Value of Starfleet Innotech Inc. (SFIO) shares.

Stock-based Compensation

The Company records stock-based compensation in accordance with ASC 718 "Compensation – Stock Compensation" and ASC 505, "Equity Based Payments to Non-Employees", using the fair value method. All transactions in which goods or services are the consideration received for the issuance of equity instruments are accounted for based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable.

Loss per Share

The Company computes net loss per share in accordance with ASC 260, "Earnings per Share", which requires presentation of both basic and diluted earnings per share ("EPS") on the face of the statements of operations. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive.

Comprehensive Loss

ASC 220, "Comprehensive Income", establishes standards for the reporting and display of comprehensive loss and its components in the consolidated financial statements. As of March 31, 2021 and at December 31, 2020, the Company had no items representing comprehensive income or loss.

Income Taxes

A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carry forwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

When required, the Company records a liability for unrecognized tax positions, defined as the aggregate tax effect of differences between positions taken on tax returns and the benefits recognized in the financial statements. Tax positions are measured at the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. No tax benefits are recognized for positions that do not meet this threshold. The Company has no uncertain tax positions that require the Company to record a liability. The Company's tax years ended December 31, 2020 and December 31, 2019 remain subject to examination by Federal and state jurisdictions.

The Company recognizes penalties and interest associated with tax matters as part of the income tax provision and includes accrued interest and penalties with the related tax liability in the balance sheet. The Company had no accrued penalties and interest as of December 31, 2020 or as of December 31, 2019.

Recently Issued Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 – STOCKHOLDERS' EQUITY

Authorized Shares

The Company is authorized to issue 2,000,000,000 shares of \$0.0001 par value common stock.

Common Stock

All common stock shares have equal voting rights, are non-assessable and have one vote per share.

Preferred Stock

The Company is authorized to issue 5,000,000 shares of \$0.0001 par value preferred shares.

NOTE 4 – CONFLICTS OF INTEREST

The officer and director of the Company is involved in other business activities and may, in the future, become involved in other business opportunities. If a specific business opportunity becomes available, such person may face a conflict in selecting between the Company and his other business interests. The Company has not formulated a policy for the resolution of such conflicts.
