# **PRODUCTIONS**

Whether you are a special event coordinator, producer, hotel, or audio-visual company, we offer the technology and equipment to help you meet and exceed your client's audio-visual expectations and needs.

We offer our technical expertise, equipment knowledge-base with high-end audio-visual equipment to make your event second to none.

## CONCERTS

Melody specializes in providing Audio-Visual Equipment Rentals and Staging solutions for shows of all size. We offer our technical expertise, equipment knowledge-base with high-end audio-visual equipment to make your event successful

## **HOTELS**

Melody works with local hotels and is an exclusive provider across Texas.

Whether Melody is in-house or not, we will provide what you need for your hotel event. Melody is able to work around any hotel trussing issues by using our patent-pending, ground-up screen-flying system.

## **CORPORATE MEETINGS**

Melody stages all corporate shows and events and will provide the turnkey staging services and show run needed for your event. Our event staging experts provide technical expertise along with our high-end technology to ensure that your event is second-to-none. In addition, we provide cross-rental support for other production and audio-visual companies.

# **SPORTS EVENTS**

Melody stages all corporate shows, sports and entertainment events and will provide the turnkey staging services and show run needed for your event.

## TRADE SHOWS

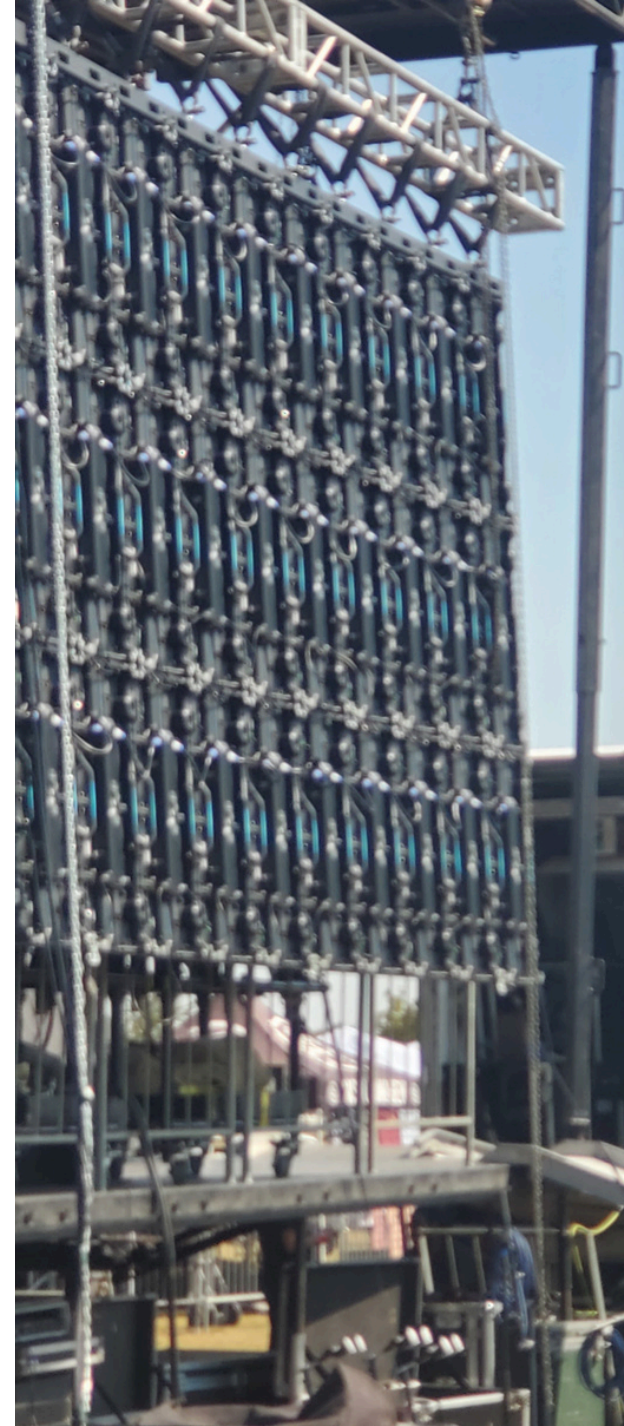

Melody will take care of all of your audio-visual needs for your trade show. We cover every detail and will provide a no-worry experience, so you can concentrate on your core competencies.

# EQUIPMENT RENTAL

Melody specializes in providing Audio-Visual Equipment Rentals and Staging solutions. We offer our technical expertise, equipment knowledge-base with high-end audio-visual equipment to make your event second to none. Even if you need to rent a few monitor screens and computers, or if you need the complete trussing structure from top to bottom, Melody has you covered.
