

## Alternative Reporting Standard: Disclosure Guidelines for the Pink<sup>®</sup> Market

Federal and state securities laws require issuers to provide *current information* to the public markets. With a view to facilitating compliance with these laws, OTC Markets Group has created these Disclosure Guidelines (“Guidelines”)<sup>1</sup> that set forth the disclosure obligations that make up the “Alternative Reporting Standard” for Pink companies. Companies on the Pink Market that do not make disclosure directly to the SEC (via EDGAR), a banking regulator, or a non-U.S. regulatory authority may provide disclosure under our “Alternative Reporting Standard.” We use information provided by companies under these Guidelines to designate the appropriate tier in the Pink Market: Current Information or Limited Information.<sup>2</sup>

### Pink Current Information Tier

To qualify for the Current Information Tier:

<sup>1</sup> These Guidelines have been designed to encompass the “current information” requirements under state and federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws. However, these Guidelines have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator. These Guidelines do not constitute legal advice, and OTC Markets Group makes no assurance that compliance with our disclosure requirements will satisfy any legal requirements. These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice.

<sup>2</sup> OTC Markets Group may require companies with securities designated as “Caveat Emptor” or other compliance flags to make additional disclosures to qualify for the Pink Current Information tier.

3. **Publish Attorney Letter:** If financial statements are not audited by a PCAOB registered firm, companies must retain U.S. counsel to review their disclosure and provide a letter to OTC Markets Group with respect to adequate current information by providing the following:

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party to or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

During April 2021 the Company received a Plaintiff’s Petition, in the State of Texas, District Court, Tarrant County, from Word of God Fellowship, Inc., naming former officers of the Company as well as the Company in connection with funds the Plaintiff had invested with Power it Perfect. Power it Perfect was previously a related party but is no longer a related party. The Company currently has a note payable in the amount of \$1,114,207 owed to Power it Perfect. The claim against the Company is that the Company benefitted from fraudulent actions by previous officers of the Company. The Company is accused of conspiracy and of holding \$400,000 that allegedly belongs to the plaintiff. This litigation matter is in its early stage, and more discovery will have to be conducted; but at this stage the claims against The Company appear to be weak. The primary claims are against the other defendants. We plan to vigorously contest the lawsuit, and we believe any alleged damages can be significantly reduced or eliminated altogether.

On July 24, 2024, the Company was notified of an action against the Company and James Katzaroff, CEO, related to incomplete Regulation D filings by the State of Washington Department of Financial Institutions Securities Division. The Company was assessed a \$30,000 fine and James Katzaroff was fined \$60,000. The Company intends to vigorously defend this action.

**Basis of Presentation**

These consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for annual financial statements and with Form 10-K and article 8 of the Regulation S-X of the United States Securities and Exchange Commission (“SEC”). Under this basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred.

The consolidated financial statements include the accounts of VirExit Technologies, Inc., My Power Solutions, Inc., Africhise, Inc., and My Power Solutions Bahamas, Inc. All significant intercompany accounts and transactions have been eliminated in consolidation. These entities are collectively referred to herein as VirExit, or the Company.

**Par Value Change**

A majority of the company’s shareholders voted on October 4, 2019 to amend the company’s certificate of incorporation to increase the par value of its common stock to \$0.001 from \$0.0001. Due to this change \$555 and \$64,400 was shifted from the Additional Paid-in Capital account to the Common Stock account for the six months ending February 28, 2025 and 2024, respectively.

**NOTE 2 - GOING CONCERN AND PLAN OF OPERATION**

**Going Concern**

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As of February 28, 2025, the Company had cash of \$0, a working capital deficit of \$4,487,634 and a stockholders’ deficit of \$4,477,634. The Company has incurred net losses from start-up costs and minimal operations since inception to February 28, 2025 and has ceased operations of its subsidiary, My Power Solutions, Inc. in South Africa, Africhise, Inc. and My Power Solutions Bahamas, Inc. As a result, as of November 30, 2024, these issues raise substantial doubt about the Company’s ability to continue as a going concern. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of asset amounts or the classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

The Company needs to generate revenues or must raise additional capital, reduce expenses and curtail cash outflows in order to be able to accomplish its business plan. In the interim, the Company will continue to borrow funds from affiliates as needed and will accrue for management salaries and defer certain payments. The Company's \$4,487,634 of total liabilities at February 28, 2025 includes \$1,114,207 of notes payable to a related party and \$365,665 of accrued interest, and \$2,107,432 of accrued payroll expenses due to Company management.

### **Plan of Operation**

A new Board of Directors and Officers took charge of the Company during the fourth quarter of the year ending August 31, 2020. During this time the Company acquired VirExit (r), VirExit.com, along with other related intellectual property owned and developed by marketing expert, Patrick Netter and the VirExit brand is to stand for innovative, effective, ethical and safe products within the antiviral space. Also during the year ending August 31, 2020, PDI purchased Safer Place Technologies, LLC. to complement and whose purpose is to create a primary sales and marketing platform as a vertical on-line marketplace to provide a single source for buyers and sellers of protective products and services which resonate with the VirExit mission statement: Making the world a safer place with innovative, ethical and effective technologies.

### **NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Use of Estimates**

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and reported amounts of expenses in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

#### **Cash**

The Company maintains funds in financial institutions that are members of the Federal Deposit Insurance Corporation ("FDIC"). As such, funds are insured based on Federal Reserve limits. The Company has not experienced any losses in the past, and management believes it is not exposed to any significant credit risk on the current account balances. At times, cash balances may exceed insured limits.

#### **Accrued Expenses**

Accrued expenses are recorded when incurred and primarily consist of accrued interest on notes payable and amounts due for supplies and travel. Accrued payroll consists of salary amounts earned but deferred by the Company's management team.

#### **Derivative Liabilities**

The Company evaluates all its financial instruments to determine if those contracts or any potential embedded components of those contracts qualify as derivatives to be accounted for separately. This accounting treatment requires that the carrying amount of any embedded derivatives be recorded at fair value at issuance and marked-to-market at each balance sheet date. In the event that the fair value is recorded as a liability, as is the case with the Company, the change in the fair value during the period is recorded as either income or expense. Upon conversion, exercise or repayment, the respective derivative liability is marked to fair value at the conversion, repayment or exercise date and then the related fair value amount is reclassified to income or expense as part of gain or loss on extinguishment.

#### **Advertising**

Advertising expenditures are charged to expense as incurred and are included in general and administrative expense. Total advertising expense for the six months ended February 28, 2025 and 2024 was \$0 and \$0 respectively.

#### **Research and Development**

Research and development expenditures are charged to expense as incurred.

#### **Fair Value of Financial Instruments**

The Company's financial instruments consist primarily of cash, prepaid expenses and other current assets, current assets of discontinued operation, accounts payable, accrued payroll expenses, accrued expenses, current liabilities of discontinued operation, derivative liabilities, convertible notes and notes payable. The carrying amounts of such financial instruments approximate their respective estimated fair value due to the short-term maturities and approximate market interest rates of these instruments.

The Company adopted ASC Topic 820, *Fair Value Measurements* (“ASC Topic 820”), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The standard provides a consistent definition of fair value which focuses on an exit price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The standard also prioritizes, within the measurement of fair value, the use of market-based information over entity specific information and establishes a three-level hierarchy for fair value measurements based on the nature of inputs used in the valuation of an asset or liability as of the measurement date.

## **Income Taxes**

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. The benefit of a tax position is recognized in the consolidated financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions taken are not offset or aggregated with other positions. Tax positions that meet the more-likely-than-not recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely of being realized upon settlement with the applicable taxing authority.

The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying consolidated balance sheets along with any associated interest and penalties that would be payable to the taxing authorities upon examination. Interest and penalties associated with unrecognized tax benefits would be classified as additional income taxes in the consolidated statements of income. No interest or penalties were recognized for the six months ended February 28, 2025 or 2024.

Tax years 2019 and forward remain open to examination under United States statute of limitations. Management is not aware of any material uncertain tax positions and no liability has been recognized at February 28, 2025 or 2024.

## **Earnings Per Share**

Basic loss per share is computed by dividing the net loss applicable to common stockholders by the weighted average number of outstanding common shares during the period. Diluted loss per share is computed by dividing net loss applicable to common stockholders by the weighted average number of common shares outstanding plus the number of additional common shares that would have been outstanding if all dilutive potential common shares had been issued. Diluted loss per share excludes all potential common shares if their effect is anti-dilutive.

## **Reclassifications**

Certain amounts in the prior period have been reclassified to conform to the current period presentation, including those of the discontinued operation. These reclassifications had no impact on previously reported stockholders’ deficit or net loss.

## **Recent Accounting Pronouncements**

The Company has reviewed all recently issued, but not yet effective, Accounting Standards Updates (ASU) issued by the Financial Accounting Standards Board (FASB) and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on its financial condition or the results of operations.

VirExit’s Board of Directors had made the decision to withdraw all operations of its wholly owned subsidiary, My Power Solutions, Inc., in South Africa. As a result, My Power Solutions South African employees and consultants filed a dispute with The Commission for Conciliation, Mediation and Arbitration (CCMA) in South Africa during the year ending August 31, 2018. As the Company was winding down its local operations in South Africa, legal counsel has confirmed that the creditors of the Company will only have claims against the insolvent estate of the local external company and not against My Power Solutions, Inc. or VirExit in the United States. It is therefore management’s position that there is no probable recourse that will have an adverse effect on VirExit.

During April 2021 the Company received a Plaintiff’s Petition naming former officers of the Company as well as the Company in connection with funds the Plaintiff had invested with Power it Perfect. Power it Perfect was previously a related party but is no longer a related party. The Company currently has a note payable in the amount of \$1,114,207 owed to Power it Perfect. The claim against the Company is that the Company benefitted from fraudulent actions by previous officers of the Company. The Company is accused of conspiracy and of holding \$400,000 that allegedly belongs to the plaintiff. This litigation matter is in its early stage, and more discovery will have to be conducted; but at this stage the claims against The Company appear to be weak. The primary claims are against the other defendants. We plan to vigorously contest the lawsuit, and we believe any alleged damages can be significantly reduced or eliminated altogether.

On July 24, 2024, the Company was notified of an action against the Company related to incomplete Regulation D filings by the State of Washington Department of Financial Institutions Securities Division. The Company was assessed a \$30,000 fine. The Company intends to vigorously defend this action.

During August 2023 the Company signed a Distributor License Agreement with Passive Security Scan (“PSSI”), a subsidiary of Defense Technologies International Corp, and made the required \$10,000 deposit. The \$10,000 deposit remains on the books as a current asset however the Distributor License Agreement ended due to the Company not fulfilling additional requirements under Addendum B of the Agreement in a timely manner. Effective December 16, 2024, PSSI waived the requirements under Addendum B of the August 2023 Distributor License Agreement, replacing it with the agreement to extend the Companies option for exclusive distributorship for Washington, Oregon, California, Texas, New York, and New Jersey. This extension is subject to the purchase of 10 Passive Portals at an agreed upon discounted price within 120 days of December 16, 2024.

During October 2024 the Company entered into a Consulting Service Agreement with Oaktree Solutions Ltd.
