#### **Cautionary Statement Regarding Forward-Looking Statements**

Certain statements contained in this letter and the attached report of Merchants' National Properties, Inc., and Subsidiaries ("MNP") may be considered forward-looking statements. Additionally, MNP or the executive officers on MNP's behalf, may from time to time make forward-looking statements in reports and other documents or in connection with written or oral statements made to the press, potential investors, or others.

Forward-looking statements can generally be identified by our use of forward-looking terminology such as "may," "will," "expect," "intend," "estimate," "continue," "anticipate" or other similar words. However, the absence of these or similar words or expressions do not mean that a statement is not forward-looking. Forward-looking statements are not guarantees of performance and are based on certain assumptions. Forward-looking statements may include the discussion of future expectations or description of plans and strategies and may contain projections of results of operations or of financial condition or other forward-looking information. Expected future net income (loss) depends on many factors including, among others, expected uses of cash generated from operations, expected sources and adequacy of capital resources and liquidity. Any deviation from these assumptions may lead to fluctuations in future net income (loss).

Any such forward-looking statements are based on various assumptions involving judgment and are subject to risks, uncertainties, and other factors that could cause actual results to differ materially from our historical experience and our present expectations. Accordingly, readers are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date of this report. MNP makes no representations or warranties (express or implied) about the accuracy of any such forward-looking statements contained in this report, and MNP does not intend to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by law.

#### To our Stockholders:

Attached are Merchants' National Properties, Inc.'s ("MNP" or the "Company") consolidated financial statements for the years ended December 31, 2024 and 2023. These statements have been filed with OTC Markets.

#### Financial Highlights:

For the year ended December 31, 2024, the Company reported grossed-up rental and other income of \$61.8 million, vs. \$60.1 million for the year ended December 31, 2023. For the year ended December 31, 2024, the Company reported grossed-up operating income of \$27.4 million, vs. \$28.2 million for the year ended December 31, 2023. For the year ended December 31, 2024, the Company reported grossed-up earnings before interest, taxes, depreciation and amortization ("EBITDA") of \$36.4 million, vs. \$39.6 million for the year ended December 31, 2023. EBITDA includes an increase in the value of marketable securities of \$3.3 million in 2024 vs. \$7.1 million in 2023. Finally, for the year ended December 31, 2024, the Company reported a net income attributable to Merchant's National Properties, Inc. of \$9.9 million, as compared to \$13.1 million for the year ended December 31, 2023, largely attributable to the variance in marketable securities and income taxes.

Including non-recurring gains and losses, net of taxes, the reportable earnings per share for the year ended December 31, 2024 was \$109.57, vs. \$144.08 for the year ended December 31, 2023. Excluding non-recurring gains and losses, the grossed-up earnings per share from operations for the year ended December 31, 2024 was \$302.41 vs. \$311.55 for the year ended December 31, 2023.

For the year ended December 31, 2024, stockholders' equity increased by \$3.2 million with a corresponding increase in book value per share to \$2,315 at December 31, 2024 from \$2,289 at December 31, 2023. The Company paid \$80.00 per share in dividends in both 2024 and 2023.

MNP purchased 48 of its shares during the year ended December 31, 2024 at an average cost of \$1,570 per share. As of December 31, 2024 and 2023, 90,975 and 90,623 shares of common stock were outstanding, respectively.

Accounting principles generally accepted in the United States of America ("GAAP") require unrealized gains and losses of marketable securities to be included in net income. This standard has driven substantial swings in earnings during the reporting periods. As a result of these influences, we believe the most useful metric for assessing our performance is "Operating Income As Grossed-Up."

The following table provides a side-by-side comparison of MNP's December 31, 2024 vs. December 31, 2023 consolidated statements of operations in accordance with GAAP and "As Grossed-Up", a non-GAAP measure, which provides more transparency to MNP's share of the underlying assets' revenues and expenses which flow up to MNP from various real estate investments.

The following is a description of some of the factors which impacted the As Audited and As Grossed-Up net income for the year ended December 31, 2024 and 2023, respectively.

- (A) Including the unrealized gains in marketable securities, as required under GAAP, the grossed-up income before taxes, depreciation and amortization was \$36.4 million for the year ended December 31, 2024, as compared to \$39.6 million for the year ended December 31, 2023.
- (B) In accordance with GAAP, the Company recognizes derivatives as either assets or liabilities in the consolidated balance sheets and measures those instruments at fair value. Changes in fair value will affect either accumulated other comprehensive income or loss, which is a component of equity, if the derivative qualifies as a hedge and is effective, or net income or loss, if the derivative does not qualify as a hedge or if the hedge is ineffective. For the year ended December 31, 2024, this change in fair value has resulted in decreasing grossed-up income before taxes by \$390 thousand, compared to a decrease of \$342 thousand for the year ended December 31, 2023.

Respectfully submitted,

Craig M. Deitelzweig

#### **Opinion**

We have audited the consolidated financial statements of Merchants' National Properties, Inc. and Subsidiaries (the "Company"), which comprise the consolidated balance sheet as of December 31, 2024, and the related consolidated statement of operations, changes in stockholders' equity, and cash flows for the year then ended, and the related notes to the consolidated financial statements (collectively referred to as the "financial statements").

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2024, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Dollar Land Associates, LLC, a joint venture, the investment in which, as discussed in Notes 6 to the financial statements, is accounted for by the equity method of accounting. The investment in Dollar Land Associates, LLC was \$51,578,481 as of December 31, 2024, and the equity in its net income was \$10,612,562 for the year then ended. Those statements, which were prepared in accordance with income tax basis of accounting, were audited by other auditors, whose report has been furnished to us. We have applied audit procedures on the conversion adjustments to the financial statements of Dollar Land Associates, LLC which conform those financial statements to accounting principles generally accepted in the United States of America. Our opinion, insofar as it relates to the amounts included for Dollar Land Associates, LLC, prior to these conversion adjustments, is based solely on the report of the other auditors.

#### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Prior Period Financial Statements**

The financial statements of the Company as of December 31, 2023 and for the year ended, were audited by Marcum LLP, whose report dated April 15, 2024, expressed an unmodified opinion on those statements, based on their audit and the report of the other auditors.

Marcum LLP did not audit the financial statements of Dollar Land Associates, LLC a joint venture investment. The investment in Dollar Land Associates, LLC was \$48,957,899, as of December 31, 2023, and the equity in its net income was \$9,489,008 for the year then ended. Those statements, which were prepared in accordance with income tax basis of accounting, were audited by other auditors, whose report was furnished to Marcum LLP. Marcum LLP applied audit procedures on the conversion adjustments to the financial statements of Dollar Land Associates, LLC which conformed those financial statements to accounting principles generally accepted in the United States of America. Marcum LLP's opinion, insofar as it related to the amounts included for Dollar Land Associates, LLC, prior to the conversion adjustments, was based solely on the report of the other auditors.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
  error, and design and perform audit procedures responsive to those risks. Such procedures include examining,
  on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

During 2020, Merchants consolidated its investment in Athens Joint Venture LLC ("Athens") pursuant to a Plan of Redemption and Partition whereby Merchants' ownership interest increased from 45.3332% to 90.6667%, when Athens took full ownership of the retail condominium unit at 819 7<sup>th</sup> Street NW, Washington, D.C. in exchange for its ownership interest in a commercial property in Pittsburgh, PA.

During 2020, Merchants consolidated its investment in Bell Blvd. Partners ("Bell") to reflect the increase in its ownership interest in Bell from 33.25% to 66.5% after the acquisition of the fifth-floor commercial condominium unit at 819 7th Street NW, Washington, D.C.

On February 2, 2022, Merchants acquired a 4-story office building, located at 2121 Wisconsin Avenue NW in Washington, D.C. ("Wisconsin"), for approximately \$27.7 million. This property was acquired through a newly formed tenancy-in-common ("TIC") between Lenox Avenue I, LLC owned by Orange Syndicate ("Orange"), with an 82% TIC interest and MNP 2121 Wisconsin Ave LLC ("MNP 2121"), with an 18% TIC interest. Orange acquired Wisconsin with the proceeds from the sale of property in Miami, FL. In 2022, Merchants' ownership interest in Orange increased from 48.5607% to 72.48%. Merchants' ownership interest in MNP 2121 is 52.25%. As a result, Merchants collectively owns 68.84% of Wisconsin (59.43% through Orange and 9.41% through MNP 2121).

subsidiary; Rier, a 94.64% owned subsidiary; Putnam, a 92.75% owned limited liability company (through the sale date of August 30, 2023); Madison Syndicate ("Madison"), a 52.93% owned partnership; Bethpage, a 95.70% owned limited liability company; Brahmin, a 59.40% owned limited liability company; University, a 57.88% owned limited liability company, Athens, a 90.67% owned limited liability company, Bell, a 66.5% owned partnership and Wisconsin, a 68.84% owned TIC interest. All significant intercompany balances and transactions have been eliminated.

#### **Noncontrolling Interests**

Accounting principles generally accepted in the United States of America ("GAAP") require that noncontrolling interests in subsidiaries and affiliates be reported in the equity section of a company's balance sheet. In addition, the amounts attributable to the net income (loss) of these subsidiaries and affiliates are reported separately in the consolidated statements of operations and changes in stockholders' equity for all years presented.

#### **Use of Estimates**

The Company uses estimates and assumptions in preparing consolidated financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. The most significant estimates and assumptions relate to asset acquisition allocation, depreciable lives, impairment of long-lived assets and investments in real estate ventures and the recovery of receivables. Actual results could differ from those estimates.

#### **Rental Properties, Net**

Real estate is presented at cost net of accumulated depreciation. Costs related to the development or redevelopment of properties are capitalized. Ordinary repairs and maintenance are expensed as incurred; whereas, major replacements and betterments, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives. Upon the sale or other disposition of real estate, the cost and related accumulated depreciation are removed from the accounts and any resulting gain or loss is reflected in operations.

Properties are depreciated using the straight-line method over the estimated useful lives of the assets as follows:

Building and improvements Seven -39 years Equipment and furnishings Five years

Tenant improvements are depreciated over the shorter of the estimated useful life of the assets or the terms of the respective leases.

#### **Purchase Accounting**

The Company allocates the purchase price of asset acquisitions to the various components of the acquisition based upon the relative fair value of each component, which may be derived from various observable or unobservable inputs and assumptions.

In allocating the fair value of the identified intangible assets and liabilities of the acquired properties, below-market lease values were recorded based on the discounted difference between the current in-place rent and the Company's estimate of current market rents. Other intangible assets acquired include amounts for in-place lease values that were based on the Company's evaluation of specific characteristics of the tenants' leases. Factors considered included estimates of carrying costs during hypothetical expected lease-up periods, taking

into account current market conditions, and costs to execute similar leases. In estimating carrying costs, the Company included real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods, based on local market conditions.

In estimating costs to execute similar leases, the Company considered tenant improvement allowances, leasing commissions, legal and other related expenses. The below-market leases are amortized as a charge to rental revenues over the term of the leases. Amortization of the in-place lease values is included in amortization.

#### **Marketable Securities**

Marketable securities, which consist of equity securities, are carried at fair value in the consolidated financial statements. Realized gains and losses are included in net income based on the specific identification method; unrealized holding gains and losses are included in the accompanying consolidated statements of operations.

#### **In-Place Leases**

Amortization of acquired in-place leases for the years ended December 31, 2024 and 2023 was \$541,818 and \$1,082,483, respectively, and is included as a component of depreciation and amortization on the accompanying consolidated statements of operations. As of December 31, 2024, future amortization expense is as follows:

Year Ending December 31,	
2025	\$ 541,818
2026	496,686
2027	476,107
2028	449,243
2029	313,533
Thereafter	2,265,702
	\$ 4,543,089

#### **Below-Market Leases**

Amortization of acquired below-market leases for the year ended December 31, 2024 and 2023 was \$147,417 and \$231,044, respectively, and is included as a component of rental revenues in the accompanying consolidated statements of operations. As of December 31, 2024, future amortization of below-market leases is as follows:

Year Ending December 31,	
2025	\$ 147,416
2026	132,269
2027	130,892
2028	129,272
2029	123,460
Thereafter	 1,146,800
	\$ 1,810,109

The weighted average amortization period for below market leases and in-place lease costs were 9.20 years and 7.99 years, respectively.

## 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Investments in Real Estate Ventures**

Investments in unconsolidated affiliated companies, in which the Company has a less than 50% interest and significant influence, but not control, are accounted for using the equity method. Distributions declared but not paid are recorded as receivables from affiliated real estate ventures. On a periodic basis, management assesses whether there are any indicators that the carrying value of the Company's investments in real estate ventures may be impaired. An investment is impaired only if management's estimate of the fair value of the investment is less than the carrying value of the investment, and such decline in value is deemed to be other than temporary. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the investment over the fair value of the investment. The Company's estimates of fair value for each investment are based on various assumptions that are subject to economic and market uncertainties, including, among others, demand for space, competition for tenants, changes in market rental rates, and operating costs. As these factors are difficult to predict and are subject to future events that may alter management's assumptions, the fair values estimated by management in its impairment analyses may not be realized. No impairment of the recoverability of the carrying amount of the Company's investments has occurred as of December 31, 2024 or December 31, 2023.

## **Long-Lived Assets**

The Company reviews the carrying values of its long-lived assets, such as rental properties, whenever events or changes in circumstances indicate that the carrying values may no longer be appropriate. Recoverability of carrying values is assessed by estimating future net cash flows from the assets. Impairment assessment inherently involves judgment as to assumptions about expected future cash flows and the impact of market conditions on those assumptions. Future events and changing market conditions may impact management's assumptions relating to rental rates, costs, holding periods or other factors that may result in changes in the Company's estimates of future cash flows. Although management believes the assumptions used in testing for impairment are reasonable, changes in any one of the assumptions could produce a significantly different result. No impairment was noted at December 31, 2024 or December 31, 2023.

## **Cash and Cash Equivalents**

The Company considers cash and cash equivalents to include cash on hand, cash in banks, and short-term investments in institutional money market funds with initial maturities of three months or less. Cash balances in banks in the United States of America are insured by the Federal Deposit Insurance Corporation subject to certain limitations. Cash balances in institutional money market funds are insured by the Securities Investor Protection Corporation subject to certain limitations. At times, the balances may exceed federally insured limits; however, no losses have been incurred.

#### **Restricted Cash**

Restricted cash represents funds held in escrow for tenant and capital improvements and leasing commissions as required by the lenders.

#### **Debt Issuance Costs**

Debt issuance costs represent amounts incurred in connection with obtaining debt financing and are recorded as a direct reduction of the related debt obligation. These costs are amortized on a straight-line basis over the term of the related loans, which approximates the effective interest method. For the years ended December 31, 2024 and 2023, amortization of deferred financing costs was \$63,325 and \$114,634, respectively. These amounts are included in financing expenses on the consolidated statements of operations.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Derivative Instruments**

In accordance with GAAP, the Company recognizes derivatives as either assets or liabilities in the consolidated balance sheets and measures those instruments at fair value. Changes in fair value will affect either accumulated other comprehensive income or loss, which is a component of equity, if the derivative qualifies as a hedge and is effective, or net income or loss, if the derivative does not qualify as a hedge or if the hedge is ineffective. The Company has not designated the interest rate derivatives as hedges, based on its assessment of market conditions. Therefore, changes in the fair value have been recorded in the results of operations for the years ended December 31, 2024 and 2023.

For the year ended December 31, 2024 the Company recorded a loss of \$330,935 on the fair value of the interest rate swap agreements, compared to a loss of \$326,854 for the year ended December 31, 2023.

#### **Income Taxes**

The Company applies the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 740: Income Taxes ("ASC Topic 740"). The Company files income tax returns in the U.S. federal jurisdiction and in various states.

Merchants and Marx file a consolidated federal income tax return and separate income tax returns for all states except New York. Guest, Maryland and Rier file separate federal income tax returns and for all states except New York. Putnam, Bethpage, Brahmin, Madison, University, Athens, Bell, Orange, and MNP 2121 file separate federal and state income tax returns. The Company files combined income tax returns for New Jersey, New York State and New York City except for Putnam, Bethpage, Brahmin, Madison, University, Athens, Bell, Orange and MNP 2121.

The Company does not have any uncertain tax positions. As a result, there are no unrecognized tax benefits in the consolidated balance sheets.

#### **Deferred Income Taxes**

The Company uses the asset and liability method of accounting for income taxes in accordance with ASC Topic 740. Under the asset and liability method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts and the tax bases of existing assets and liabilities.

## **Revenue Recognition**

The Company recognizes base rental revenue on a straight-line basis over the terms of the respective leases which are accounted for under Accounting Standards Codification 842, Leases ("ASC 842"). Unbilled rents receivable represents the amount by which straight-line rental revenue exceeds rents currently billed in accordance with lease agreements. Revenue recognition commences from lease agreements at the date the leased premise is ready for its intended use by the tenant and the tenant takes possession or controls the physical use of the leased premise. In addition to base rents, tenants are also charged for their pro rata share of increases in real estate taxes and certain operating expenses for the Property over a base year.

The Company provides its tenants with certain customary services for lease contracts such as common area maintenance and general security. The Company has utilized the practical expedient in ASC 842 and has elected to combine the non-lease components with the lease components of operating lease agreements and account for them as a single lease component in accordance with ASC 842. Receivables from tenants are stated

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

at the amount management expects to collect. Account balances are written off after all means of collection have been exhausted and the potential for recovery is considered remote. Accounts are considered past due or delinquent based on contractual terms and how recently payments have been received. No allowance was considered necessary at December 31, 2024 or December 31, 2023.

In accordance with ASC 606, Revenue from Contracts with Customers, management fees, accounting fees and development fees are recognized ratably over the period that the services are performed. Leasing commissions are recognized when the leases are executed. Asset acquisition/dispositions fees and mortgage financing fees are recognized when the transactions are entered into.

#### **Credit Losses on Financial Instruments**

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments ("ASU 2016-13"), the objective of which is to provide financial statements users with more information about the expected credit losses on consolidated financial instruments and other commitments to extend credit held by an entity, except for tenant receivables. Prior U.S. GAAP required an "incurred loss" methodology for recognizing credit losses that delayed recognition until it was probable that a loss had been incurred. Because this methodology restricted the recognition of credit losses that were expected but did not yet meet the "probable" threshold, ASU 2016-13 was issued to require the consideration of a broader range of reasonable and supportable information when determining estimates of credit losses. ASU 2016-13 was required to be adopted in the first interim period of the fiscal year beginning after December 15, 2022. Accordingly, the Company adopted ASU 2016-13 on January 1, 2023. The Company evaluates and determines credit losses based on historical losses, the aging of receivables, the quality and liquidity of collateral that secures receivables and the cash flow generated by the entities that owe receivables. The adoption of ASU 2016-13 did not have a material impact on the Company's results of operations and cash flows.

#### **Sales of Real Estate**

Gains on sales of real estate are recognized pursuant to the provisions included in ASC 610-20. Under ASC 610-20, the Company must first determine whether the transaction is a sale to a customer or non-customer. The Company typically sells real estate on a selective basis and not within the ordinary course of its business and therefore expects that its sale transactions will not be contracts with customers. The Company next determines whether it has a controlling financial interest in the property after the sale, consistent with the consolidation model in ASC 810 "Consolidation" ("ASC 810"). If the Company determines that it does not have a controlling financial interest in the real estate, it evaluates whether a contract exists under ASC 606 and whether the buyer has obtained control of the asset that was sold. The Company recognizes a full gain on sale of real estate when the derecognition criteria under ASC 610-20 have been met.

#### **Earnings Per Share**

The Company computes basic earnings per share by dividing the net income attributable to Merchants by the weighted average number of shares outstanding for the year. Diluted earnings per share are calculated utilizing the weighted average number of common shares outstanding adjusted for the effect of any common stock equivalents.

#### Reference Rate Reform

In March 2020, the FASB issued Accounting Standards Update ("ASU") 2020-04, "Reference Rate Reform (Topic 848)". ASU 2020-04 applies to contracts, hedging relationships, and other transactions that reference LIBOR or another reference rate expected to be discontinued because of reference rate reform. ASU 2020-14

#### **Reference Rate Reform** (continued)

is effective for all entities as of March 12, 2020 through December 31, 2022. At December 31, 2022, the Company replaced one of its contracts from LIBOR to SOFR. The other index was replaced in March 2023. The adoption of ASC 848 did not have a material impact on the Company's results of operation and cash flows. See Note 9.

#### **Risk and Uncertainties**

The Company is subject to risks incidental to the ownership, development and management of real estate. These include the risks normally associated with the changes in the general economic climate, trends in the real estate industry, availability of land for development, changes in tax laws and interest rates, availability of financing, and the potential liability under environmental and other laws.

The Company's investments include marketable equity securities. Due to the risks associated with equity securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect the value of investments reported in the consolidated financial statements.

#### 3 – FAIR VALUE MEASUREMENTS

The Company follows the provisions of ASC Topic 820, "Fair Value Measurements and Disclosures", which establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

The three levels are defined as follows:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active and model-derived valuations whose inputs or significant value drivers are observable.
- Level 3: Unobservable inputs are used when little or no market data is available.

Financial assets measured at fair value on a recurring basis are summarized below:

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## 3 – FAIR VALUE MEASUREMENTS (Continued)

The Company values investments in marketable securities that are freely tradable and are listed on a national securities exchange at their last quoted sales price as of the valuation date.

The interest rate swap agreements are valued at fair value using a swap valuation model that utilizes an income approach using observable market inputs including interest rates London Interbank Offered Rate ("LIBOR"), Secured Overnight Financing Rate ("SOFR") and credit default swap rates.

The carrying values of cash and cash equivalents, restricted cash, receivables, loans payable and accounts payable and accrued expenses approximate their fair values due to their short-term nature. It was not practicable to reasonably estimate the fair value of the loans receivable from real estate ventures, the line of credit and mortgages payable as there are no quoted market prices of similar products and management has not developed a valuation model necessary to make such estimates.

#### 4 – RENTAL PROPERTIES, NET

Rental properties consist of the following:
