4) Issuer's Business, Products and Services

A. Summary of the Issuer's business operations:

Originally, under the Company's name of AmerElite Solutions, Inc the Company was engaged in the business of developing, manufacturing, marketing and selling the Collesense™ Premium Skin Care Collection, a revolutionary skin care line combining next generation science with nature . On July 15, 2013 the Company acquired RegalWorks Inc as its wholly owned subsidiary. RegalWorks Inc. worked to develop (with the object of producing) quality motion pictures worthy of wide theatrical release, with its focus on family films with compelling, inspirational stories geared towards broad family audiences. However, RegalWorks was not able to successfully raise capital on acceptable terms sufficient to fully initiate this plan into actual movie production and discontinued this business model.

On March 1, 2022 the Company acquired 100% of Pure Rudi, LLC. a premium U.S. based business that includes the production and distribution of products that are plant-based nutraceuticals offering health and wellness to customers. Based in Maryland, Pure Rudi utilizes rare, organic all-natural ingredients in its proprietary dietary supplements and topical products. Pure Rudi has perfected a product that it believes offers customers relief from pain, inflammation, insomnia, stress, and anxiety caused by arthritis and other immunocompromised diseases and ailments. The Company operates as the holding company for Pure Rudi, LLC which operates as a wholly owned subsidiary. Accordingly, this latest acquisition brings the Company back to its original continuing business model of manufacturing and distributing health and wellness based products made from natural ingredients.

Through Pure Rudi, LLC the Company produces creams, solutions and tinctures of its product and has distributed samples of its products to a variety of potential customers, with very favorable results and interest. The Company has begun the process of rolling out its product for sale to consumers through local retail stores and nursing homes. During 2024 Pure Rudi LLC entered into several distributor agreements through which it anticipates will accelerate the sale of its products commencing fiscal 2025.

B. Description of subsidiaries, parents or affiliated companies

The Company owns 100% of RegalWorks, Inc. which it acquired with stock on July 27, 2013. Effective March 1, 2022 the Company also owns 100% of Pure Rudi, LLC. which it also acquired with stock. (See Section 7 for officers and directors etc).

C. Issuers' principal products or services, and their markets

Following the acquisition of Pure Rudi, LLC, the Company's business model is the growing, cultivation, manufacture and distribution of health and wellness products that are plant-based nutraceuticals from the Ruderalis plant that it believes offers customers relief from pain, inflammation, insomnia, stress, and anxiety caused by arthritis and other immunocompromised diseases and ailments. Presently, the primary market for the health and wellness products referred to above is the U.S., and in particular, Maryland. The Company therefore grows and cultivates Ruderalis whereby seeds are planted and the crops are harvested on an ongoing basis, and their extract creates creams, hair conditioners, solutions and tinctures for distribution and sale to local retail stores and business communities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE 3 MONTHS ENDED MARCH 31, 2025

(Unaudited)

NOTE 1 - GENERAL ORGANIZATION AND BUSINESS

RegalWorks Media, Inc. (the “Company”) was incorporated in the state of Nevada July 26, 1994, as ABC Home Care Specialists, Inc., and on May 18, 2005, changed its name to AmerElite Solutions, Inc. “AmerElite”.

On June 27, 2013, the Company entered into an agreement to acquire all of the outstanding shares of RegalWorks, Inc. a privately owned Nevada corporation (RWI). On July 15, 2013, the Company completed its reorganization with RWI, which then became a wholly owned subsidiary. The Company name was also changed on that date from AmerElite Solutions, Inc. to RegalWorks Media, Inc. to reflect an additional business operation of being an early-stage independent film studio led by a highly regarded team of media and business executives. Subsequent to the acquisition, the Company also began to develop feature films with a proprietary framework that matches audiences with film content through its wholly owned Regalworks subsidiary. It worked to produce quality motion pictures worthy of wide theatrical release, making a substantive contribution to the landscape of family films with compelling, inspirational stories geared towards broad family audiences, leading producers and directors to produce buzzworthy family films with memorable story lines and characters. Although the Company has had many meetings and negotiations for film financing, script acquisition, production and distribution planning, its Regalworks subsidiary has not been able to fully progress on its production objectives become development and planning. Difficulty in obtaining film finance by independent film companies has increased significantly with the rise of streaming services that tend to finance their own projects and, more recently, with the impact of the global pandemic that almost completely shut down entertainment production globally until recently. Therefore, to date, the Company has been unable to raise a meaningful portion of the funding for any of its intended film projects so that they can begin pre-production.

Because of the challenges raising film production financing in recent years, management has been pursuing a merger and acquisition strategy.. Management therefore believes that its operations and assets should not be considered “nominal” but rather reflect a business that is actively pursuing defined business plans. It should be noted that the SEC, as set forth in SEC Release 33-8869, note 172, did not intend to capture “start-up” companies within the definition of a “shell company”.

More recently, management decided to change its original business model and focused on acquiring businesses that manufacture and distribute health and wellness products. In accordance with this business approach, on March 1, 2022 the Company completed its acquisition of 100% of Pure Rudi, LLC, (“Pure Rudi”) a premium U.S. based business that includes the production and distribution of products that are plant-based nutraceuticals offering health and wellness to customers. Based in Maryland, Pure Rudi utilizes rare, organic all-natural ingredients in its proprietary dietary supplements and topical products.

Pure Rudi has perfected a product that it believes offers customers relief from pain, inflammation, insomnia, stress, and anxiety caused by arthritis and other immunocompromised diseases and ailments

and has developed a marketing plan and has made sales introductions with a variety of natural health and nutraceutical stores, as well as with senior assisted living establishments nursing homes, which have expressed strong interest in Pure Rudi creams as a remedy for many ailments, including but not limited to reducing swelling and body pains, as well as assisting in reducing dementia, Alheimers and autism. Beginning May, 2023 the Company began to launch its creams and tinctures for sale at selected retail outlets and it is planning to expand its sales to nursing homes in the Maryland area.

The Company will remain the parent company, operating as a holding company for Pure Rudi LLC, which operates as a wholly owned subsidiary. The Company plans to continue to develop a variety of health based nutraceutical products, such as hair shampoo, developed, marketed and patented under its "Pure Rudi" brand.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates - Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Ultimate realization of assets and settlement of liabilities in the future could materially differ from those estimates. Significant estimates include the realization of receivables, the method of depreciation and useful lives assigned to fixed assets, and the revenue to be recognized from services performed.

Accounts receivable –There were no accounts receivable at March 31, 2025 and at December 31, 2024

Prepaid expense. Prepaid expense represents the Company's prepaid OTCMarkets annual subscription, which is being amortized to expense on a monthly basis through February, 2026.

Goodwill arising on the acquisition of Pure Rudi, LLC. Goodwill totaling \$235,639 arising from the acquisition of Pure Rudi, LLC is supported by the value of cultivated plants, seeds and roots at March 31, 2025 and at December 31, 2024. We perform a fair value-based impairment test of the carrying value of goodwill on an annual basis and also between annual tests if an event occurs or if circumstances change that would more likely than not reduce the fair value of goodwill below its carrying value. For our annual impairment test, we perform qualitative assessments of our business operations to verify that such operations have fair values that meet or exceed the carrying value of goodwill. We weigh the relative impact of factors that are specific to our business as well as industry and macroeconomic factors.

Earnings (Loss) per Share - Basic earnings (loss) per share is calculated by dividing the Company's net income available to common shareholders by the weighted average number of common shares during the year or period presented. The diluted earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year or period presented. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity. Diluted earnings (loss) per share are the same as basic earnings (loss) per share due to the lack of dilutive items.

Income Taxes - Income taxes are provided in accordance with ASC 740, Income Taxes. A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carry forwards. Deferred tax expense (benefit) results from the net change during the year for deferred tax assets and liabilities.

Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all the deferred tax assets may not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. No provision was made for Federal income taxes

At December 31, 2025 the Company had net operating loss carry-forwards of approximately \$1.67 million that begin to expire in 2033.

NOTE 3 - GOING CONCERN

Until the acquisition of Pure Rudi, LLC the Company had suffered recurring losses from operations and presently has only achieved minimal revenue. Without an infusion of capital, these conditions raise substantial doubt about the Company's ability to continue as a going concern. The Company intends to raise new capital as a health and wellness business through a Regulation A equity offering and/or through short-term financing arrangements, including additional interest free advances from the Company's CEO. By way of example, to support the working capital needs of the Company's CEO has provided interest free advances totaling \$95,000 through March 31, 2025 and has been issued 36,104,590 preferred shares to settle a portion of these interest free advances of \$36,105 (leaving remaining interest free advances of \$58,895 at March 31, 2025), and one current Director and one former Director provided financing totaling \$50,000 to date which are evidenced by Promissory Notes which matured on April 1, 2024 and which carry interest of 6% per annum. The current CEO has also indicated his willingness to continue to provide short-term financing to cover the Company's ongoing corporate operating until more longer-term equity financing is obtained or until an acquisition or merger candidate materialize. However, until more definitive financing is obtained there is no guarantee that the Company will succeed to operate beyond the next 12 months and accordingly this "going concern" comment remains.

NOTE 4 - STOCKHOLDERS' EQUITY

On January 1, 2022 the Company had a total of 15,408,484 issued and outstanding common shares. On March 1, 2022 the Company issued a total of 20,610,000 restricted common shares in payment of certain corporate reorganization services, issued a total of 8,457,743 restricted common shares in payment of certain corporate acquisition services and issued a total of 15,751,516 restricted common shares in full settlement of certain accounts payable previously incurred and/or paid by its officers for general and administrative expenses. As discussed in Note 1 on March 1, 2022, with the acquisition of Pure Rudi, LLC, the Company also issued a total of 240,000,000 shares of its restricted common stock to the Members of Pure Rudi LLC in exchange for 100% of each of their Membership interests. On August 12, 2023 a Director returned 227,943 common shares for cancellation and on November 18, 2023 the Company issued 1,000,000 common shares in payment for services, so that, collectively, the foregoing resulted in total issued and outstanding common shares at December 31, 2024 and at December 31, 2023 of 300,999,800. On January 13, 2022 the Company increased its authorized common share capital from 100,000,000 shares to 500,000,000 shares of \$0.001 par value each. There was no change to the Company's preferred stock. On February 13, 2024 the Company further increased its authorized common share capital from 500,000,000 shares to 750,000,000 shares of \$0.001 par value each and increased its authorized preferred share capital from 10,000,000 shares to 75,000,000 shares of \$0.001 par value each

On May 15, 2024 the Company issued 36,104,590 Preferred shares to the Company's CEO in settlement of short-term loans to the Company totaling \$36,104.59 (see Note 3). Since each Preferred share carries 10 votes at any meeting of the Company's shareholders this issuance of Preferred shares carries the right to a total of 361,045,900 votes, compared to a maximum of 300,999,800 votes attributable to all of

the present common shareholders. This therefore constitutes a change in control over the affairs and operations of the Company.
