4) Issuer's Business, Products and Services

A. Company is a media production and distribution enterprise, involved in book publishing, feature film and video production, and distribution of feature films and videos through various media platforms and territories worldwide.

B. Wholly-owned subsidiaries are Medallion Releasing, Inc. (for handling non-Hannover House producer clients), Vodwiz, Inc. and Bookworks, Inc. Both Medallion Releasing, Inc., and Vodwiz, Inc. are Arkansas domiciled corporations. Bookworks, Inc., as the Screen Actors Guild signatory entity, was previously registered in Arkansas, but is being moved to a registration in Oklahoma to conform to film incentive requirements. Income, assets and costs (if any) from these three subsidiaries are incorporated into the Company's consolidated financial statements.

C. Company publishes fiction and non-fiction books; Company's media distribution includes the release of films to theatres, home video, digital streaming formats, television outlets and international licensors. Company is working with MyFlix, LLC for the development and launch of a new digital streaming site to be named "MyFlix." The business model for MyFlix is to consolidate feature films and television series programming owned by a wide range of studios and content owners, into a single destination digital streaming site. The revenue model for MyFlix will be tailored after the hugely successful sites of TUBI and ROKU, both of which are generating hundreds-of-millions-of-dollars from "Advertising Supported Video On Demand" (AVOD) models – in which consumers can watch films for "free" but subject to seeing paid ads. This model is not only more attractive to customers than a "subscription" model, but it also avoids the complications of dealing with consumer credit cards, disputes, billings and such operational issues that add costs, but do not contribute positively to a company's bottom line. As of the date of this filing, forty-three

program suppliers, collectively representing over 12,000 titles, had agreed to participate in the MyFlix service, which would position the site as one of the largest sources for total streaming programming. The growth of digital streaming services has created both a boom and bust in the independent film sectors. Consumers are less likely now to purchase DVDs of unknown movies knowing that the same ten-dollar cost could cover a month's subscription to a service such as Netflix with over 1,000 titles at any given time. As other studios scramble to open "studio specific" streaming services, Hannover House believes that the MyFlix model is more like the successful Walmart retail strategy of offering a wider selection of programming at everyday low prices. The success of TUBI.TV (a Disney-Fox owned streaming service) supports the validity of the MyFlix business model. Hannover House has an option to purchase MyFlix subject to the achievement of obtainable corporate benchmarks which include the filing of the Form 10 Registration and the resolution or dismissal of four foreign judgments for which the Company has meritorious defenses and legal strategies to oppose.

5). Issuer's Facilities

As of the date of this filing, the Company is leasing a combination office-warehouse-production center facility in Fayetteville, Arkansas, located at 1275 Sunchase Circle. This facility has over 3,200 square feet of space that is being used for general offices, storage and as a motion-picture "cyclorama" stage for production activities. Additionally, the company has closed out its prior storage facilities and moved the DVD and book inventories to this new office-warehouse location. The principal assets for the company are the intellectual property rights granted to the company through distribution licenses or sales agency agreements, none of which are transferrable under the terms of the agreements. The granting of sales rights to film and television programs is very specialized and dependent upon the quality of long-standing relationships between the company as seller, and the outlets (which for HHSE products range from USA based retail stores, to digital streaming platforms, television broadcasters and international licensors). As of the applicable filing period of this report, the company has approximately 19,686 units of DVD and BluRay inventory. Inventory of viable book products is 1,466 units. DVD and BluRay replication equipment, and motion picture related support equipment is also being stored at the new office-warehouse in Arkansas, along with standard office furnishings, desktop computers and fixtures customarily needed for a staff of up to ten persons. Most of the equipment, fixtures and other gear are aged at greater than ten years, and as a result, the Company has elected to significantly reduce the valuation of these items by increasing the reserve for depreciation as of this reporting period.

6) All Officers, Directors, and Control Persons of the Company

*** Notes to Officer, Directors, and Control Persons – stock ownership** – former company President Don Frederick Shefte retired in March of 2021 due to health issues, and passed away on April 18, 2022. Per the bylaws and other internal agreements with officers, upon cessation of employment for any reason, An officer (in this case, Shefte), is required to surrender "Preferred" (voting) shares. As of the date of this report, Shefte's estate was still the legal owner of 1,600,000 Preferred shares that the company is moving to cancel and return to treasury stock for that class of shares. Separately, Christian K. Large and Kyle Martens have provided board consultation services to the Company.

NOTES TO FINANCIAL STATEMENTS – The financials contained in the OTC Markets Annual Report are management provided and are not audited. The Company has engaged a PCAOB Certified auditing company to review and opine on the financials for this same applicable period, ending 12-31-2024. There will be differences between the OTC Markets filing hereunder (based on a hybrid of both cash accounting and contract revenue accruals), and the cash-only basis statements that are the subject of the 12-31-2024 audit. Most notably, futures contract revenues for film presales and for mastering costs of MyFlix titles, will not be listed as revenues on the cash basis statements, but will be footnoted for clarity and accuracy. Another item that will be impacted is the balance sheet entry for the company's "Film & Television Rights Library." At present – and in compliance with industry practices – this film library has been valued based upon a reasonable and obtainable futures projection of revenues, which are forecasted based on each title's historic sales results and industry comps. However, under the cash-basis financials, only the direct costs expended by HHSE will be reflected on the balance sheets (*e.g., recoupable sums paid for marketing of films, recoupable sums paid as royalty advances and other "capitalized" costs under G.A.A.P. rules*).

7) Legal/Disciplinary History

3. Been the subject of a finding, disciplinary order or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, a state securities regulator of a violation of federal or state securities or commodities law, or a foreign regulatory body or court, which finding or judgment has not been reversed, suspended, or vacated;

NOT APPLICABLE

4. Named as a defendant or a respondent in a regulatory complaint or proceeding that could result in a "yes" answer to part 3 above; or

NOT APPLICABLE

5. Been the subject of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

NOT APPLICABLE

6. Been the subject of a U.S Postal Service false representation order, or a temporary restraining order, or preliminary injunction with respect to conduct alleged to have violated the false representation statute that applies to U.S mail.

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party to or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

NOT APPLICABLE – the Issuer has not been involved in any litigation for the past six years.

NOTE REGARDING HISTORIC LITIGATION MATTERS – Truman Press, Inc., now known as Hannover House, Inc., was founded in 1993 in California, reincorporated into Arkansas in 2002, and renamed as Hanover House, Inc. in April 2011 following a full review of the company's history by FINRA. From 1993 until 2007 (*over 14 years*), the company did not have a single lawsuit from a producer or rights licensor.

In 2007, Don Frederick Shefte joined the company in the capacity as President, from a prior position as Senior Trust Officer at the Bank of Fayetteville. As an attorney with banking and accounting reporting experience, Hannover House felt that Shefte's expertise in these arenas would improve the company's efficiency in providing accounting reports to program suppliers / producers. Unfortunately, perhaps in part due to a rapid expansion of the company's release slate of third-party programs to DVD, Hannover House fell consistently late on providing accounting reports to program suppliers. As a result, the company faced seventeen (17) lawsuits from producers, covering accounting and other disputes for releases that occurred between the years of 2007 and 2018.

In the summer of 2018, Shefte took his first extended medical leave-of-absence from the company, due to hospitalization and a deteriorating health condition. His departure pushed the accounting obligations (*and communications with program suppliers*) back onto the desk of C.E.O. Eric Parkinson, who has handled these duties since that date.

It should be noted that Hannover House has faced zero lawsuits from program rights suppliers in the past six-and-one-half years, which is an unprecedented achievement in the media distribution industries (*where companies such as Warner Brothers face hundreds of lawsuits annually*). It is Parkinson's mandate to avoid amateur or problematic (*and inexperienced*) producers, authors or venture partners, and to promptly comply with all applicable contractual obligations with producers – while maintaining an open line of communication to avoid the need or desire for litigation against Hannover House.

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDING 12-31-2024

The following notes refer to those items marked on Item F1 (consolidated balance sheets) as indicated with red note reference markers.

- (1) Accounts Receivable has been adjusted to include newly invoiced on-boarding & metadata services performed for MyFlix program suppliers. It is relevant to note that the majority of Accounts Receivable are for deferred on-boarding / mastering fees on MyFlix supplier titles, which must be earned-out from digital deliveries of titles in a first position priority payment. The other receivables, the majority of which are to Cinedigm (*as principal wholesaler to Walmart, Target & Best Buy*) are disputed by Cinedigm due to a claim of offset for marketing fees;
- (2) The majority of the category of NOTES RECEIVABLE reference funds that Company has provided for productions, including WILDFIRE, INDIAN TERRITORY and NATIVE FABLES – these have been set-up as notes (Loans) instead of as prepaid advances or investments, in order to give the Company greater latitude in financial structuring and securitizing of these sums.
- (3) Film & Television Library line-item will be significantly revised for the OTC Markets Uplist Application and Audit report, due to restructuring the financials into a purely “cash basis” reporting. Under industry practices, Film & Television libraries are based on realistic and obtainable sales FORECASTS of future income during the life of each property. However, with changing media delivery platforms, worldwide economic uncertainties and other factors that could impact future revenues, Company has elected to convert to a CASH BASIS accounting on future audited statements.
- (4) Long Term Payables may be substantially reduced (over \$350,000) due to negotiated reductions in the balances which will not occur until after the OTC Markets uplist – and which may include a partial conversion into shares. Company will not pursue this opportunity until the HHSE Share Price has significantly recovered from the pressures of low volume in the trading.
- (5) Officer Notes Payable reflect actual cash loans to the Company; however, the line item for Officer Deferred salary may be significantly reduced and forgiven by HHSE C.E.O. Eric Parkinson, with some portion converted into Common Stock Shares. Again, this would not occur until the HHSE stock price returns to its fair-market value and trading volume (e.g., \$.03 to \$.05 per share and 1+million shares traded daily).

OTHER NOTES: Company incurred some set-up costs for a production office in MALTA, in anticipation of the 2025 production of TEMPUS PORTA. Although the office space was not formally leased until Jan. 1, 2025, there were payments made in Q4 for the first month’s rent, plus set-up fees and a security deposit to the St. Julians Business Center in Malta. A production secretary and Manager, Alessandra Di Caterino, was put onto a monthly retainer starting November 1st, and she will continue to be employed through the production and post-production of the TEMPUS PORTA movie.

Although the HHSE Board has approved the issuance of 5-million (restricted) Common Stock shares to Trump Media and Technology Group – in conjunction with the release and promotion of the Barr McClellan book, “AMERICAN MANIFESTO,” these shares have not yet been issued until Trump Media approves the revised manuscript of the book (now delivered to HHSE from the author – which includes new chapters on the inaugural week and first 100-days of the second Trump presidency). The E-Book is now planned for release in April, 2025 (including major media support) and the print edition book is slated for release to bookstores and on-line sellers in June, 2025.

Although the initial theatrical release of UNHOLY SONG was limited to 25 locations, there has been a request for the release of DVD and BluRay versions for WALMART and BEST BUY. Accordingly, HHSE will be releasing the Company’s first “physical DVD” goods since 2019 with this title (*coming to retail stores in August, 2025*).

FOOTNOTES TO YEAR OVER YEAR COMPARISONS:

1). Significant INCREASE in REVENUES for current reporting period is due primarily to the addition of new titles onto various Video-On-Demand platforms in the North American market.

2). Significant DECREASE in G&A for the 2024 year is due primarily to staff reductions from 2023, and the reassignment of the majority of workload onto CEO Eric Parkinson.

3). Modest INCREASE in ASSETS is due to a careful review of the program rights still in effect from the company's film and television library, as well as a general write-down of costs erroneously listed as both "recoupable notes" and "production loans" (since reclassified solely as recoupable notes).

4). Significant INCREASE in LIABILITIES is due primarily to a recalculation of applicable INTEREST due to long-term (and short-term) note holders, as directed by counsel to conform to third party audit verifications.

5). Significant INCREASE in RETAINED EARNINGS is a result of the restatement and recalculation of the other key items as described in this year-end report. .

6). Modest INCREASE in SHAREHOLDER EQUITY is the net result of all of the results of operations, including the recognition of revenues, costs and other items as disclosed in this year-end report.

TRAIL OF TEARS: THE HYMN

A Dramatic Short Film for 2025 Academy Award Eligibility
And Lead Title for the TUBI feature Anthology **NATIVE FABLES**

“**TRAIL OF TEARS: THE HYMN**” is a 20-minute dramatic and historic film that tells the True Story of a lost piece of Cherokee culture. A Native American man loses his Grandmother’s hymnbook – and his life – on the Trail of Tears; but the book is found and 100-years later is adapted into an inspiring, musical hymn.

THIS IS THE FIRST FILM THAT HAS BEEN SHOT “ON THE ACTUAL TRAIL OF TEARS” – via a segment that goes through the Prairie Grove Battlefield State Park. This film is being produced with Historical and Cultural assistance of the UNITED KEETOWAH BAND OF CHEROKEE INDIANS – and includes three tribal council members in our cast (two from UKB and one from Cherokee Nation).

ABOUT THE FILM & ACADEMY AWARD’S ELIGIBILITY

Writer-Director CHRIS COURSEY is making this film the lead segment of the upcoming Hanover House - TUBI release called “**NATIVE FABLES**” – an 80-minute anthology of five Native American short films by Chris Coursey, and produced by Eric Parkinson and Hannover House, Inc. The anthology is slated to launch onto TUBI in October, following the first-window theatrical release on Sept. 19, 2025 of “**TRAIL OF TEARS: THE HYMN**” at the Laemmle Royal Theatre in Los Angeles (*to qualify for the Academy Awards*). The theatrical release guarantee is what elevates this from being “just” an important film, into becoming an “ELIGIBLE” title for an Academy Award in the Best Dramatic Short Film category. Most producers of short films do not have the ability to meet the theatrical release requirements for eligibility – which is a distinct advantage for “**TRAIL OF TEARS: THE HYMN.**” Additionally, the Native American historic theme – *and the subject matter of minority oppression and abuse* – are strong emotional hot-buttons for Academy voters.
