**AMERICAN BLOCKCHAIN CORPORATION  
(FORMERLY GOOD VIBRATIONS SHOES, INC.)  
NOTES TO FINANCIAL STATEMENTS  
MARCH 31, 2025**

**NOTE 1- NATURE OF OPERATIONS**

**Nature of Operations**

American Blockchain Corporation (the "Company") was redomiciled to the State of Nevada on July 22, 1996. The Company amended its articles of incorporation on March 6, 2023 to change its name from Good Vibrations Shoes, Inc. to American Blockchain Corporation. The Company was a micro-brew, craft beer manufacturer. It ceased doing business after several reverse stock splits, and failed merger attempts in 2018.

On April 20, 2021, Mr. George Sharp filed his Complaint for Appointment of Custodian Pursuant to NRS 78.347 and for Injunctive Relief. At the same time as the filing of the Complaint, Mr. Sharp also filed an Emergency Motion for Appointment of Custodian Pursuant to NRS 78.347 and for Temporary Restraining Order for Mandatory Injunctive Relief and the Declaration of George Sharp in Support of Emergency Motion for Appointment of Custodian Pursuant to NRS 78.347 and for Temporary Restraining Order and mandatory Injunctive Relief Motion.

The Court entered its Order to File requiring Mr. Sharp's counsel to mail and email the Complaint, Motion, Declaration and Order to the registered agent for the Company on April 21, 2021, which was done, and on April 23, 2021, the filing occurred in response to the Court's Order to File. The defendants failed to respond to the Motion. On May 4, 2021, the Court entered its Order Appointing Custodian, appointing George Sharp as Custodian over the Company.

On July 8, 2022, Mr. Sharp reinstated the corporation with the Nevada Secretary of State and filed an Amendment to the Articles of Incorporation. In addition, Mr. Sharp unwound a series of corporate actions by previous management that had no documentary support with either the Nevada Secretary of State's Office or OTC Markets. Mr. Sharp paid all fees due and past debt to the Company's transfer agent. He also settled certain corporate debts. Mr. Sharp filed his Motion to Require Written Proof of Claim, seeking a court order requiring all claimants and creditors of the Company to submit written proofs of claim to him as Custodian so the Company could identify and resolve such claims against it and he as Custodian could form a plan for the Company moving forward. This Motion to Require Written Proof of Claim was unopposed and submitted to the Court for decision. On August 16, 2022, the Court entered its Order Granting Motion to Require Written Proof of Claim and a Notice of Entry of Order was filed that same day.

No written proofs of claim were submitted by the deadline of September 15, 2022. On September 26, 2022, Mr. Sharp filed his Motion to Bar Claims, seeking an order providing that any and all claims are barred and the claimants and creditors should be barred from later bringing any claims against the Company. The Motion to Bar Claims was unopposed. On October 13, 2022, the Court entered its Order Barring All Claims and a Notice of Entry of Order Barring All Claims was entered that same day. As a result of the foregoing, it was ordered, adjudged and decreed that the Motion was granted, Mr. Sharp had satisfactorily completed his duties as Custodian, the actions of Mr. Sharp as Custodian were approved, and the Custodianship of the Company was terminated as of November 30, 2022.

As a result of this action, the Company's financial statements have been retroactively adjusted for this action to not make them misleading. The only liabilities as of March 31, 2025 and December 31, 2024 relate to corporate expenditures incurred and paid for by the company's CEO, George Sharp above the \$50,000 previously provided for in May 2021 in 2022 and professional fees incurred in 2025 and 2024.

### **Going Concern**

Liquidity is the ability of a company to generate funds to support its current and future operations, satisfy its obligations, and otherwise operate on an ongoing basis. Significant factors in the management of liquidity are funds generated by operations, levels of accounts receivable and accounts payable and capital expenditures.

We have incurred nominal operations since custodianship and will actively search for suitable merger candidates to assist in the sustaining of operations. The Company is being funded solely by its CEO as of March 31, 2025, and has been since the custodianship was effective.

As a result of the barring of claims, the Company has only a liability due to George Sharp above the \$50,000 he agreed to for the issuance of the preferred stock as well as expenses incurred in 2025 and 2024 that are still outstanding.

As a result of the operating losses and accumulated deficit, management has determined that there is substantial doubt about the Company's ability to continue as a going concern.

The financial statements of the Company have been prepared assuming that the Company will continue as a going concern, which contemplates, among other things, the realization of assets and the satisfaction of liabilities in the normal course of business over a reasonable period. The consolidated financial statements of the Company do not include any adjustments that may result from the outcome of the uncertainties.

## **NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Presentation**

These financial statements are presented in accordance with generally accepted accounting principles in the United States of America. The Company believes that these financial statements present fairly, in all material respects, the financial position of the Company and the results of its operations and cash flows for the periods presented.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. These estimates include, but are not limited to, management's estimate of provisions required for permanent and temporary differences related to income taxes, liabilities to accrue, and determination of the fair value of stock awards. Actual results could differ from those estimates.

### **Cash**

Cash consists of cash and demand deposits with an original maturity of three months or less. The Company holds no cash equivalents as of March 31, 2025 and December 31, 2024, respectively. The Company maintains cash balances in excess of the FDIC insured limit at a single bank.

## **Revenue Recognition**

The Company will account for a contract with a customer that is within the scope of this Topic only when the five steps of revenue recognition under ASC 606 are met.

The five core principles will be evaluated for each service provided by the Company and is further supported by applicable guidance in ASC 606 to support the Company's recognition of revenue.

The Company has not recognized any revenue to date.

## **Income Taxes**

Income taxes are accounted under the asset and liability method. The current charge for income tax expense is calculated in accordance with the relevant tax regulations applicable to the entities. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Differences between statutory tax rates and effective tax rates relate to permanent tax differences.

## **Uncertain Tax Positions**

The Company follows ASC 740-10 Accounting for Uncertainty in Income Taxes. This requires recognition and measurement of uncertain income tax positions using a "more-likely-than-not" approach. Management evaluates their tax positions on an annual basis.

The Company files income tax returns in the U.S. federal tax jurisdiction and various state tax jurisdictions. The federal and state income tax returns of the Company are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed.

## **Fair Value of Financial Instruments**

ASC 825 Financial Instruments requires the Company to disclose estimated fair values for its financial instruments. Fair value estimates, methods, and assumptions are set forth below for the Company's financial instruments: The carrying amount of cash, accounts receivable, prepaid and other current assets, accounts payable and accrued liabilities, and amounts payable to related parties, approximate fair value because of the short-term maturity of those instruments. The Company does not utilize derivative instruments.

## **Earnings (Loss) Per Share of Common Stock**

Basic net income (loss) per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share ("EPS") include additional dilution from common stock equivalents, such as convertible notes, preferred stock, stock issuable pursuant to the exercise of stock options and warrants.

Common stock equivalents are not included in the computation of diluted earnings per share when the Company reports a loss because to do so would be anti-dilutive for periods presented, so only the basic weighted average number of common shares are used in the computations.

## **Fair Value Measurements**

ASC 820 Fair Value Measurements defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosure about fair value measurements. ASC 820 classifies these inputs into the following hierarchy:

Level 1 inputs: Quoted prices for identical instruments in active markets.

Level 2 inputs: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 inputs: Instruments with primarily unobservable value drivers.

## **NOTE 3- STOCKHOLDERS' DEFICIT**

There have been no common stock transactions since 2016. There were no stock options or warrants outstanding as of March 31, 2025 and December 31, 2024.

The Company issued 300,000 preferred shares to George Sharp in 2021 upon his being named as custodian on August 29, 2021 for the \$50,000 cash he invested and \$50,000 worth of consulting fees he incurred.

On November 9, 2023, the Nevada District Court for Clark County ordered the cancellation of an aggregate 287,910,893 of its common shares wrongfully issued to various parties.

## **NOTE 4 – SUBSEQUENT EVENTS**

The Company has evaluated subsequent events up through May 14, 2025, the date on which the financial statements were issued.
