4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations.

Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

The Company ceased development of its EZ365, EZ Win and EZACADEMY operations in fiscal 2022, leaving management free to try to expand its NFT assets and continue operations in the NFT space during fiscal 2023. As a result, the Company determined in the first quarter of fiscal 2023 to commence a marketing program surrounding certain NFT assets available for purchase, and on March 28, 2023, pursuant to an agreement originally entered into on July 9, 2021, the Company acquired \$75,000 in NFT's including both original art and replicas by way of issuance of shares of common stock.

During 2023 the Company continued its plan of operations through division EZ NFT, however, despite engaging an aggressive marketing program during fiscal 2023, the Company has not yet been able to generate revenues through the sale of NFTs. The Company continues to be hampered by a lack of suitable financing and ongoing volatility in the NFT markets, which having experienced robust growth previously, has declined considerably following its initial surge. This drop is attributed to various factors, including market saturation, decreased speculative trading and shifts in the broader economic environment. The Company is currently seeking additional acquisition opportunities and to raise financing in order to complete acquisitions to grow its business. During this time the Company continues to operate in the NFT space and seek opportunities to cost effectively monetize its existing NFT assets.

On October 31, 2024, the Company (or "WCIG") and the shareholders of Booze in a Box Inc. (O/A Distill Brands International) ("DBI"), an Ontario based corporation, entered into a Letter of Intent ("LOI") whereunder the Company will purchase a 100% interest in DBI by way of the issuance of shares of restricted common stock of WCIG (the "WCIG Common Stock"), and other terms and conditions.

The LOI contemplates that WCIG and DBI shall execute a definitive Share Purchase Agreement and/or Share Exchange Agreement (the "Agreement"), such terms agreed to be negotiated and finalized following a due diligence period and upon provision of audited financial reports from each of the Company and DBI for the fiscal years ended December 31, 2024, and 2023. It is further contemplated that DBI shareholders, consultants and/or their assigns, shall receive Seventy-Seven Million Five Hundred Thousand (77,500,000) shares of the restricted common stock of WCIG (the "Consideration Shares") in exchange for 100 percent (100%) of the ownership of DBI, after which time, DBI shall operate as a controlled subsidiary of WCIG. Such Consideration Shares shall represent 25% equity ownership in WCIG as of the date of closing of a definitive agreement. It is further agreed that following Closing, the DBI Shareholders shall be entitled to certain Earn Out Consideration as set out in a definitive Agreement. The shareholders of DBI shall also be subject to a Lock up/Leak Out Agreement (the "Lock up Agreement"), which agreement shall be entered into concurrent with the execution of the Agreement and shall provide for a lock up period of twenty-four (24) months following the closing of the Agreement. Thereafter, shareholders of DBI shall be permitted to sell shares on a quarterly basis in such amounts as to be agreed in the definitive Lock Up Agreement and in accordance with any applicable securities laws.

Further, concurrent with closing of the Agreement, a cumulative total of One Hundred and Seventy-Five million (175,000,000) shares of unregistered, restricted common stock shall be issued to Mr. Efraim Babayov (100,000,000 Common Shares) and Mr. Ruben Yakubov (75,000,000 Common Shares). Concurrently with closing, it is agreed that Mr. Ruben Yakubov and Mr. Paul Neelin shall be appointed to the Board of directors of WCIG and further Mr. Ruben Yakubov shall be appointed Chief Financial Officer and Treasurer of WCIG. Mr. Efraim Babayov shall continue in his

role as CEO, President and Secretary. Mr. Paul Neelin shall continue to manage the affairs of DBI in his capacity as officer and director.

The LOI further contemplates that the Company will immediately undertake a reverse stock split on the basis of 100 for 1, following the closing of the Agreement and that the Company shall agree on a best-efforts basis to immediately undertake a financing on such terms and conditions as may be negotiated with lenders and or equity investors, such that a minimum of Three Hundred Thousand (\$300,000) United States Dollars shall be allocated to DBI for ongoing operations in tranches as determined by the financing agreement, over a term of months, commencing 90 days after the effective date of a proposed reverse split having been processed by FINRA.

DBI is a distributor of spirits with an advantaged portfolio of brands. DBI's portfolio reaches across attractive categories and price points, positioning DBI to capture large consumer growth opportunities and providing resilience to international trading stability. DBI will be introducing "Eco-Friendly Paper Bottles" in 2025 that have been designed, developed, and tested to hold 40% ABV / 80 Proof and be 100% eco-friendly, lightweight, shatterproof, and convenient to both retailers and consumers.

The Company and DBI expect the Agreement to close in the second quarter of fiscal 2025.

B. List any subsidiaries, parent company, or affiliated companies.

NOTES TO CONDENSED FINANCIAL STATEMENTS
FOR THREE MONTHS
ENDED MARCH 31, 2025, AND 2024

Note 1 – Organization and Description of Business

Wee-Cig International Corporation (formerly Platinum Group Inc.) (the “Company”) was incorporated on February 19, 1999, in the State of Nevada.

On December 14, 2020, with an effective date of November 30, 2020, the Company entered into an acquisition agreement and exchange of shares with the shareholders of EZ Exchange OU (“EZ Exchange”), a corporation incorporated under the laws of Estonia, whereby the Company acquired 100% of the issued and outstanding shares of EZ Exchange for 21,000,000 restricted common shares of the Company. The transaction closed effective November 30, 2020, and the shares were administratively issued effective November 30, 2020, making EZ Exchange a wholly owned subsidiary of the Company.

Concurrent with the acquisition of EZ Exchange, Domenic Minichiello resigned as officer and director of the Company and Russell Korus was appointed CEO, President and Director and Efraim Babayov was appointed CFO, Treasurer, Secretary and Director of the Company. The aforementioned transactions effected a change in control.

Additionally, during the third quarter of fiscal 2021, the Company entered the NFT market (“EZ NFT”) with its first contracts for purchase and sale of digital artwork. Offering new and expert traders an opportunity to participate in the non-fungible tokens (NFT) space in a number of revolutionary ways, EZ NFT serves as an easy on-ramp to the digital renaissance. WeeCig directly operates the NFT (non-fungible token) business of the Company under a division called NFT. The Company intended to focus its efforts in fiscal 2022 on the expansion of its NFT operations and the development of its planned collaboration with Matrix Mortgage Global to launch the shared vision of digitizing the mortgage process on the blockchain by building a system to mint key real estate documentation, including mortgage deeds, identification, appraisals and inspection reports as NFTs, making the documentation proven, immutable and non-fungible. In addition, the Company was developing other assets including: EZ365 (“EZ365”), a conceptual blockchain digital ecosystem. EZ Win (“EZ Win”), a blockchain based eSports/gaming platform; and EZ Academy (“EZACADEMY”), a conceptual blockchain/digital asset educational platform.

On July 9, 2021, the Company entered into certain agreements whereunder it has the right to acquire up to \$500,000 in NFT’s including both original art and replicas by way of issuance of shares of common stock at a discount of 25% to the to the lowest published market closing price of the shares of the Company as reported by OTC Markets within the ten (10) trading days immediately preceding the date of the Agreement.

During the quarter ended March 31, 2022, the Company and an officer and director of controlled subsidiary EZ Exchange entered into an agreement whereby the Company divested its ownership of the Estonian subsidiary retroactive to December 31, 2021. The shares of EZ Exchange were transferred to Mr. Edward Kotler, who assumed all current liabilities and assets of the Company, save certain assets currently under development by the Company which include: EZ365 (“EZ365”), a conceptual blockchain digital ecosystem; EZ Win (“EZ Win”), a blockchain based eSports/gaming platform; and EZ Academy (“EZACADEMY”), a conceptual blockchain/digital asset educational platform. As part of the terms of the divestiture agreement, the Company and Mr. Kotler agreed that Wee-Cig would reimburse certain expenses through March 31, 2022, which amounts were accrued at the year ended December 31, 2021. Subsequently, in October 2022 it was also agreed that Mr. Kotler and certain third parties who received shares of the Company as consideration for the original acquisition of EZ Exchange in November 2020 would return their shares to the Company without consideration. A total of 12,425,000 shares returned during October and November 2022 and canceled.

Concurrent with the divestiture of EZ Exchange, Mr. Russell Korus resigned as an officer and director of EZ Exchange and the Company received the rights to the tradenames EZ365, EZ Win and EZ Academy.

Pursuant to news announcements issued on the 12th of January, 2023 and the 6th of February, 2023, the Company disclosed entry into a definitive agreement to acquire a controlling interest in The Jamaican Brew House, a company which has pioneered development, through a patent pending technology, of a neutral liquid base made from cannabis that can be used in a range of food and beverage applications with plans to begin commercial sales of its products in fiscal 2023. As part of the terms of the definitive agreement as of February 6, 2023, the Company agreed to issue up to 100,000,000 shares of its unregistered, restricted, common stock, settle certain outstanding debt, complete a change in management and secure financing of \$15 million over

three years. Mr. Russell Korus, former CEO, President and Director resigned all positions with the Company concurrent with the execution of the initial Letter of Intent with JBH, effective January 10, 2023.

During the month of March 2023, prior to closing, the parties agreed mutually to terminate the agreement when the Company was unable to secure the required financing in order to meet the minimum proceeds for the initial cash requirements of the target, JBH. Mr. Efraim Babayov, sole officer and director of the Company as of the date of the termination of the agreement, remained the Company's sole officer and director.

The Company had been unable to finalize the originally planned collaboration with Matrix Mortgage Global by the close of Q1 2023, and as a result, due to financial considerations, the Company ceased development of the EZ365, EZ Win and EZACADEMY leaving management free to try to expand its NFT assets and continue operations in the NFT space. The Company determined to commence a marketing program surrounding certain NFT assets available for purchase, and on March 28, 2023, pursuant to an agreement originally entered into on July 9, 2021, the Company acquired \$75,000 in NFT's including both original art and replicas by way of issuance of shares of common stock at a discount of 25% to the lowest published market closing price of the shares of the Company as reported by OTC Markets in the ten (10) trading days immediately preceding the date of the purchase, or \$0.007875 per share, for a total of 9,523,810 shares of the Company's unregistered, restricted common stock.

The Company continues to focus its efforts on the expansion of its operations through division EZ NFT, however, despite engaging in an aggressive marketing program during fiscal 2023, the Company was not able to generate revenues through the sale of its NFTs. The Company continues to be hampered by a lack of suitable financing and ongoing volatility in the NFT markets, which having experienced robust growth previously, has declined considerably following its initial surge. This drop is attributed to various factors, including market saturation, decreased speculative trading and shifts in the broader economic environment. The Company is currently seeking additional acquisition opportunities and to raise financing in order to complete acquisitions to grow its business.

Going Concern

The Company reported a net loss from operations of \$8,013 as of March 31, 2025. The Company had a working capital deficit of \$14.4 million as of March 31, 2025, with cash on hand of \$0. The working capital deficit and net loss is predominantly attributed to the valuation of certain discounted convertible notes and the associated derivative liability. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability to raise equity or debt financing, and the attainment of profitable operations from the Company's future business. During May 2021 the Company entered into a loan treaty for operating capital of up to \$500,000 in order to assist the Company in executing its business plan, however, the funds received to date of \$108,739 under the treaty have not been sufficient to meet all of the ongoing capital requirements. During the three months ended March 31, 2025, the Company received advances from third parties of \$820 which only allowed the Company to meet ongoing operational overhead. There can be no guarantee the Company will be successful in continuing to raise capital as required to allow ongoing operations. These factors raise substantial doubt regarding the Company's ability to continue as a going concern.

Note 2 – Summary of Significant Accounting Policies

Financial Statements

The unaudited financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and

disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant items subject to estimates and assumptions include the timing of recognition of commission revenue on insurance policy renewals and expenses related thereto, along with costs associated with policy acquisition and our allowance for doubtful accounts. Actual results could differ from those estimates.

Cash and Cash Equivalents

For financial accounting purposes, cash and cash equivalents are considered to be all highly liquid investments with a maturity of three (3) months or less at the time of purchase.

Intangible Assets

Intangible assets represent both indefinite-lived and definite-lived assets. Trademarks are deemed to have definite useful lives of ten years, are amortized, and are tested annually for impairment. Intangible assets are reported on the balance sheet at cost less accumulated amortization. At March 31, 2025 and December 31, 2024 the Company had capitalized indefinite lived intangible assets of \$75,000 related to NFT's, including both original art and replicas.

Fair Value of Financial Instruments

Statement of financial accounting standard FASB Topic 820, Disclosures about Fair Value of Financial Instruments, requires that the Company disclose estimated fair values of financial instruments. The carrying amounts reported in the statements of financial position for assets and liabilities qualifying as financial instruments are a reasonable estimate of fair value.

Research and Development Costs

We charge research and development costs to operations as incurred in accordance with ASC 730-Research and Development.

Stock-Based Compensation

We account for stock-based transactions in which the Company receives services from employees, directors or others in exchange for equity instruments based on the fair value of the award at the grant date in accordance with ASC 718 – Compensation-Stock Compensation. Stock-based compensation cost for stock options or warrants is estimated at the grant date based on each instrument's fair value as calculated by the Black-Scholes option pricing model. We recognize stock-based compensation cost as expense ratably on a straight-line basis over the requisite service period for the award.

Stock Settled Debt

In certain instances, the Company will issue convertible notes which contain a provision in which the price of the conversion feature is priced at a fixed discount to the trading price of the Company's common shares as traded in the over-the-counter market. In these instances, the Company records a liability, in addition to the principal amount of the convertible note, as stock-settled debt for the fixed value transferred to the convertible note holder from the fixed discount conversion feature. During each of the three months ended March 31, 2025, and 2024, the Company recorded stock settled debt of \$0.

Revenue Recognition

The Company applies ASC 606 — Revenue from Contracts with Customers. Under ASC 606, the Company recognizes revenue from the sales of products by applying the following steps: (1) identify the contract with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to each performance obligation in the contract; and (5) recognize revenue when each performance obligation is satisfied.

Note 2 – Summary of Significant Accounting Policies (continued)

Revenue Recognition (Cont'd)

The Company recognizes revenue when the earnings process is complete and persuasive evidence of an arrangement exists. This generally occurs when a purchased product has been delivered to a customer, at which time both title and the risks and rewards of ownership are transferred to and accepted by the customer, and the selling price has been collected.

Income taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and net operating loss and credit carryforwards. Deferred tax assets and liabilities are measured at rates expected to apply to taxable income in the years in which those temporary differences and carryforwards are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statement of operations in the period that includes the enactment date. A valuation allowance is recorded when it is not more likely than not that all or a portion of the net deferred tax assets will be realized.

Basic and Diluted Net Income (Loss) Per Share

The Company computes net income (loss) per share in accordance with ASC 260, *Earning per Share*. ASC 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the income statement. Basic EPS is computed by dividing net income (loss) available to common shareholders (numerators) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing Diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. As the Company has continued to report operating losses for the periods covered by this report, the impact of potentially dilutive securities would be anti-dilutive and therefore is not presented.

Recently issued accounting pronouncements

The Company has reviewed other recently issued accounting pronouncements and plans to adopt those that are applicable to it. The Company does not expect the adoption of any other pronouncements to have an impact on its results of operations or financial position.

Note 3 – Intangible Assets

On March 28, 2023, pursuant to an agreement originally entered into on July 9, 2021, the Company acquired \$75,000 in indefinite lived NFT's including both original art and replicas by way of issuance of shares of common stock at a discount of 25% to the lowest published market closing price of the shares of the Company as reported by OTC Markets in the ten (10) trading days immediately preceding the date of the purchase, or \$0.007875 per share, for a total of 9,523,810 shares of the Company's unregistered, restricted common stock. At the year ended December 31, 2024, management assessed the fair market value of the assets for impairment and determined the market value was in excess of the present book value of the acquired NFT's and original artwork and therefore, no impairment was required.

Note 4 – Debt

Convertible Notes

On January 3, 2021, certain of these third-party debt holders entered into non-interest-bearing convertible notes with the Company in respect to aggregated debt totaling \$594,049. Under the terms of the notes the Holder has the right, in its sole discretion, at any time, with three (3) days written notice, to convert any part of the notes into shares of the Company's common

stock at a conversion rate of a 50% discount to the lowest market close in the most recent thirty-one (31) days, which was \$0.01 per share. The discount recognized in respect of the stock settled debt on the issuance of the aforementioned notes totaled \$13,069,084, which amount was expensed immediately as interest expense. As of December 31, 2024, and 2023, the unamortized balance of the debt discount was \$nil, the carrying value of the convertible notes was \$13,663,133.

Loan Treaty Agreement:

On May 12, 2021, the Company entered into a loan treaty agreement (“Treaty”) with a current shareholder of the Company (“Lender”). Under this agreement, the Lender was to provide loans up to Five Hundred Thousand US Dollars (\$500,000) in tranches over a period of one (1) year as agreed between the Company and the Lender from time to time. Each amount deposited shall have a term of 12 months for repayment. All amounts paid to third parties on behalf of the Company, and/or deposited to any corporate bank accounts or other accounts under control of the Company as at the date of the agreement shall make up a part of the agreement, under the same terms and conditions and the Company shall retroactively apply interest at 8% per annum to all amounts back to the date of disbursement. The loan amount or any portion thereof is convertible into restricted, unregistered shares of the Common Stock of the Company at a fixed rate of \$0.026 per share, being a 50% discount to the lowest published trading price of the shares of the Company by OTC Markets within the thirty days immediately preceding the date of the Treaty, provided that at no time may the Lender hold more than 9.99% of the outstanding Common Stock of the Company.

As of December 31, 2021, the Company had received aggregate proceeds of \$108,739 under the terms of the Treaty. The discount recognized in respect of the stock settled debt on the issuance of the aforementioned notes totaled \$404,310, which amount was amortized over the term. The unamortized balance of debt discount totaled \$nil as of March 31, 2025, and December 31, 2024. The carrying value of the convertible notes under this loan treaty agreement were \$513,049 as of March 31, 2025 and December 31, 2024. As of March 31, 2025, the balances outstanding with respect to the Treaty were in default.

Interest payable included in accounts payable as of March 31, 2025, totaled \$33,858 (December 31, 2024 - \$31,716).

Due to Third Parties

At December 31, 2021, third parties had advanced the Company an aggregate of \$31,447. During the year ended December 31, 2022, third parties advanced an additional \$31,938, net a foreign exchange adjustment of \$262, for ongoing operational costs. During the year ended December 31, 2023, third parties advanced an additional \$20,805 for ongoing operations. During the year ended December 31, 2024, third parties advanced an additional \$14,076. During the three months ended March 31, 2025, third parties advanced an additional \$820. The amounts are non-interest bearing and have no specific terms of repayment. At March 31, 2025, amounts payable to third parties totaled \$106,875 (December 31, 2023 - \$106,055).

Note 5 – NFT sales

During the quarter ended September 30, 2021, the Company launched EZ NFT, a new division of the Company’s blockchain-based ecosystem focused on creating diverse opportunities to invest in the NFT market. EZ NFT buys, sells and trades digital art, collectibles and virtual real estate.

During the fiscal year ended December 31, 2021, under the terms of an NFT purchase and resale agreement, the Company received gross proceeds from commissions from the sale of certain digital artwork totaling \$11,880, offset by applicable fees and expenses of \$281 for total gross profit of \$11,599.

There were no sales of NFTs during the three months ended March 31, 2025 and 2024, despite additional acquisitions of NFT’s valued at \$75,000 during fiscal 2023, and engagement of a marketing program with a cost of \$1,250 per month for the remainder of fiscal 2023, as the Company undertook efforts to revise its marketing portal. Despite revisions to its marketing efforts, the NFT market has declined considerably since the close of fiscal 2021. The Company is evaluating its current NFT assets to determine how best to maximize value.

Note 6 – Capital Stock

The Company has authorized a total of 500,000,000 common shares with a par value of \$0.0001 per share.

There were no shares issued in the three months ended March 31, 2025 and 2024, respectively.

There were 55,578,463 shares issued and outstanding as of March 31, 2025 and December 31, 2024.

Note 7 – Other Events

On October 31, 2024, the Company (or “WCIG”) and the shareholders of Booze in a Box Inc. (O/A Distill Brands International) (“DBI”), an Ontario based corporation, entered into a Letter of Intent (“LOI”) whereunder the Company agreed to purchase a 100% interest in DBI by way of the issuance of shares of restricted common stock of WCIG (the “WCIG Common Stock”), and other terms and conditions.

The LOI contemplates that WCIG and DBI shall execute a definitive Share Purchase Agreement and/or Share Exchange Agreement (the “Agreement”), such terms agreed to be negotiated and finalized following a due diligence period and upon provision of audited financial reports from each of the Company and DBI for the fiscal years ended December 31, 2024 and 2023. It is further contemplated that DBI shareholders, consultants and/or their assigns, shall receive Seventy-Seven Million Five Hundred Thousand (77,500,000) shares of the restricted common stock of WCIG (the “Consideration Shares”) in exchange for 100 percent (100%) of the ownership of DBI, after which time, DBI shall operate as a controlled subsidiary of WCIG. Such Consideration Shares shall represent 25% equity ownership in WCIG as of the date of closing of a definitive agreement. It is further agreed that following Closing, the DBI Shareholders shall be entitled to certain Earn Out Consideration as set out in a definitive Agreement. The shareholders of DBI shall also be subject to a Lock up/Leak Out Agreement (the “Lock up Agreement”), which agreement shall be entered into concurrent with the execution of the Agreement and shall provide for a lock up period of twenty-four (24) months following the closing of the Agreement. Thereafter, shareholders of DBI shall be permitted to sell shares on a quarterly basis in such amounts as to be agreed in the definitive Lock Up Agreement and in accordance with any applicable securities laws.

Further, concurrent with closing of the Agreement, a cumulative total of One Hundred and Seventy-Five million (175,000,000) shares of unregistered, restricted common stock shall be issued to Mr. Efraim Babayov (100,000,000 Common Shares) and Mr. Ruben Yakubov (75,000,000 Common Shares). Concurrently with closing, it is agreed that Mr. Ruben Yakubov and Mr. Paul Neelin shall be appointed to the Board of directors of WCIG and further Mr. Ruben Yakubov shall be appointed Chief Financial Officer and Treasurer of WCIG. Mr. Efraim Babayov shall continue in his role as CEO, President and Secretary. Mr. Paul Neelin shall continue to manage the affairs of DBI in his capacity as officer and director.

The LOI further contemplates that the Company will immediately undertake a reverse stock split on the basis of 100 for 1, following the closing of the Agreement and that the Company shall agree on a best-efforts basis to immediately undertake a financing on such terms and conditions as may be negotiated with lenders and or equity investors, such that a minimum of Three Hundred Thousand (\$300,000) United States Dollars shall be allocated to DBI for ongoing operations in tranches as determined by the financing agreement, over a term of months, commencing 90 days after the effective date of a proposed reverse split having been processed by FINRA.

DBI is a distributor of spirits with an advantaged portfolio of brands. DBI’s portfolio reaches across attractive categories and price points, positioning DBI to capture large consumer growth opportunities and providing resilience to international trading stability. DBI will be introducing “Eco-Friendly Paper Bottles” in 2025 that have been designed, developed, and tested to hold 40% ABV / 80 Proof and be 100% eco-friendly, lightweight, shatterproof, and convenient to both retailers and consumers.

As of March 31, 2025 the parties continued to work to close their respective audited financial statements.
