The convertible note which was previously held by Craig Fischer/ BB Links was purchased by FireDream Resources, LLC. on February 11, 2025.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

⁵ The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any "blockers" or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.

The company is in the business of acquiring, leasing, exploring and developing oil and natural gas properties, primarily in the Permian Basin of Texas as well as the East Texas Basin.

B. List any subsidiaries, parent company, or affiliated companies.

MDM Energy, Inc.

C. Describe the issuers' principal products or services.

MDM Permian, Inc., and MDM Energy, Inc., are engaged in the exploration and drilling and production of oil and gas reserves in Texas.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized. The Company leases office space at 2122 Kidwell Street, #210, TX 75214,

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

7) Legal/Disciplinary History

- A. Identify and provide a brief explanation as to whether any of the persons or entities listed above in Section 6 have, <u>in</u> the past 10 years:
 - 1. Been the subject of an indictment or conviction in a criminal proceeding or plea agreement or named as a defendant in a pending criminal proceeding (excluding minor traffic violations);

No

 Been the subject of the entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, financial- or investment-related, insurance or banking activities;

No

Been the subject of a finding, disciplinary order or judgment by a court of competent jurisdiction (in a civil
action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, a state
securities regulator of a violation of federal or state securities or commodities law, or a foreign regulatory body
or court, which finding or judgment has not been reversed, suspended, or vacated;

No

4. Named as a defendant or a respondent in a regulatory complaint or proceeding that could result in a "yes" answer to part 3 above; or

No

5. Been the subject of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

No

6. Been the subject of a U.S Postal Service false representation order, or a temporary restraining order, or preliminary injunction with respect to conduct alleged to have violated the false representation statute that applies to U.S mail.

<u>No</u>

B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party to or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

The Company is currently involved in litigation involving a matter in which its wholly owned subsidiary, MDM Energy Inc, performed operating services on some oil and gas wells. The Plaintiff asserts that The Company was involved in convincing the Plaintiff to invest in an entity, separate and apart from The Company. The Separate Entity was neither owned nor controlled by The Company. The Company was unaware that the control persons of the Separate Entity had approached Plaintiff about investing in the Separate Entity, and at the time of Plaintiff's investment, The Company was unaware that Plaintiff had invested with the Separate Entity. The Plaintiff asserts that the individuals of the Separate Entity stole his investment and that The Company has secondary liability. The Company is aggressively defending this matter and counsel is of the opinion that this suit is frivolous and meritless, and the Company will be completely exonerated.

MDM PERMIAN, INC Notes to Financial Statements March 31, 2025 (Unaudited)

NOTE 1 -BASIS OF PRESENTATION

On March 26, 2018, the Company entered into reverse merger agreement with Pupco Brands, Inc. As a result of this agreement Pupco Brands, Inc. become a wholly owned subsidiary of Resolute Oncology, Inc. On March 26, 2018, Michael Parisi resigned as the sole officer of the company. The same day, the company appointed Mr. Paul Lien as President and Director, Mr. Thomas Elafros as Director and Mr. Pedro Pardo as Treasurer and Secretary. On March 29, 2018 the name of the company was changed to BestnPet, Inc. As a result, the company changed its symbol to "BPET" in the OTC market.

On February 15, 2019, the Company entered into a reverse merger agreement with MDM Permian, LLC, in which the Company issued 123,491,000 shares of common stock and 100,000 shares of Series A preferred stock to acquire 100% of the capital stock of MDM Permian, LLC which resulted in a change in control of the Company, with MDM Permian becoming the successor issuer to Best n Pet for both accounting and reporting purposes. As a result of this agreement, and concurrent with the closing thereof, Michael Rafael was appointed Director, Chief Executive and Chief Financial Officer. All other officers and directors of the Company resigned. The assets of Best n Pet, which consisted of some inventory, trade names, formulations, and product SKU's were sold to a third party that was controlled by Thomas Elafros, the Company's former Chairman and Chief Executive Officer, in exchange for the return of a control block of common stock that was immediately reissued to Mr. Rafael as merger consideration. The Company subsequently changed its name to MDM Permian, Inc.

For accounting purposes, the Cash Flows and Statement of Operations consists exclusively of the consolidated operations of MDM Permian, LLC. An adjustment to the Statement of Equity has been made in the year ended December 31, 2019 to reflect the impact of the reverse merger on Additional Paid in Capital and Retained Earnings.

Unaudited Financial Statements

The accompanying unaudited financial statements have been prepared in accordance with United States generally accepted accounting principles. They may not include all information and footnotes required by United States generally accepted accounting principles for complete financial statement disclosure. In the opinion of Management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made.

Going concern

These unaudited financial statements have been prepared in accordance with United States generally accepted accounting principles, on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. The continuing operations of the Company are dependent upon the ability of the Company to obtain necessary financing to fund its working capital requirements, and upon future profitable operations. The accompanying financial statements do not include any adjustments relative to the recoverability

issuances of additional equity securities by the Company may result in dilution in the equity interests of its current stockholders. Obtaining commercial loans, assuming those loans would be available, will increase the Company's liabilities and future cash commitments. If the Company is unable to obtain financing in the amounts and on terms deemed, there can be no assurance that capital will be available as necessary to meet the Company's working capital requirements or, if the capital is available, that it will be on terms acceptable to the Company. Management intends to finance operating costs over the next twelve months with private placement of capital stock and loans.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The accompanying financial statements represent the results of operations for the quarter ended March 31, 2025. The Company has adopted the US dollar as the reporting currency for accounting and reporting purposes.

This summary of accounting policies for MDM Permian, Inc. is presented to assist in understanding the Company's financial statements. The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Use of Estimates

The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. In preparing the financial statements, management is required to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the balance sheet and statement of operations for the year then ended. Actual results may differ from these estimates.

The Company's significant estimates include income taxes provision and valuation allowance of deferred tax assets, the fair value of financial instruments, the carrying value and recoverability of long-lived assets, and the assumption that the Company will continue as a going concern. Those significant accounting estimates or assumptions bear the risk of change since there are uncertainties attached to those estimates or assumptions, and certain estimates or assumptions are difficult to measure or value. Management regularly reviews its estimates utilizing currently available information, changes in facts and circumstances, historical experience and reasonable assumptions. After such reviews, and if deemed appropriate, those estimates are adjusted accordingly. Actual results could differ from those estimates.

Business Combinations and Acquisitions

The disclosure requirements for business combination and acquisitions are intended to enable users of financial statements to evaluate the nature and financial effects of:

- A business combination that occurs either during the current reporting period or after the reporting period, but before the financial statements are issued;
- Adjustments recognized in the current reporting period that relate to business combinations that occurred in current and previous reporting periods;
- The nature of the relationship between the parent and a subsidiary or investee when the parent does not have 100 percent ownership or control.

The Company discloses each material business combination in the period in which the business combination occurs. The Company also discloses information about acquisitions made after the balance sheet date, but before the financial statements are issued. Gains or losses arising from the deconsolidation of a business when the company loses control of that business are also disclosed. Acquisition costs incurred such as legal, advisory and consulting fees are expensed as incurred. In accordance with ASC 805-10-25-1, ASC 805-10-05-4 and IFRS 3.4, 5, the Company employs the Acquisition Method of accounting for routine acquisitions and combinations.

Recent Accounting Pronouncements

Recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the AICPA, and the SEC did not or are not believed by management to have a material impact on the Company's present or future financial statements.

Cash and cash equivalents

The Company considers all cash on hand, cash accounts not subject to withdrawal restrictions or penalties and all highly liquid investments with an original maturity of three months or less as cash equivalents.

Revenue recognition

The Company recognizes revenues when the sale and/or distribution of products is complete, risk of loss and title to the products have transferred to the customer, there is persuasive evidence of an agreement, acceptance has been approved by the customer, the fee is fixed or determinable based on the completion of stated terms and conditions, and collections of any related receivable is probable. Net sales are comprised of gross revenues less expected returns, trade accounts, and customer allowances that include costs associated with off-invoice markdowns and other price reductions, as well as trade promotions and coupons. Incentive costs are recognized at the later of the date on which the Company recognized the related revenue or the date on which the Company offers the incentive.

Income Taxes

The Company accounts for income taxes pursuant to ASC 740. Under ASC 740 deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss carry forwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases.

The Company maintains a valuation allowance with respect to deferred tax asset. The Company establishes a valuation allowance based upon the potential likelihood of realizing the deferred tax asset and taking into consideration the Company's financial position and results of operations for the current period. Future realization of the deferred tax benefit depends on the existence of sufficient taxable income within the carry-forward period under Federal tax laws. Changes in circumstances, such as the Company generating taxable income, could cause a change in judgment about the reliability of the related deferred tax asset. Any change in the valuation allowance will be included in income in the year of the change estimate.

Carrying Value, Recoverability and Impairment of Long-Lived Assets

The Company has adopted paragraph 360-10-35-17 of FASB Accounting Standards Codification for its long-lived assets. The Company's long-lived assets are reviewed for impairment whenever events

or changes in circumstances indicate the carrying amount of an asset may not be recoverable. The Company assesses the recoverability of its long-lived assets by comparing the projected unaccounted net cash flows associated with the related long-lived asset or group of assets over the remaining estimated useful lives against their respective carrying amounts. Impairment, if any, is based on the excess of the carrying amount over the fair value of those assets. Fair value is generally determined using the assets expected future accounted cash flows or market value, if readily determinable. If long-lived assets are determined to be recoverable, but the newly determined remaining estimated useful lives are shorter than originally estimated, the net book values of the long-lived assets are depreciated over the newly determined remaining estimated useful lives.

The Company considers the following to be some examples of important indicators that may trigger an impairment review; (i) significant under-performance or losses of assets relative to expected historical or projected future operating results;(ii) significant changes in the manner or use of assets or in the Company's overall strategy with respect to the industry or economic trends; (iv) increased competitive pressures; (v) a significant decline in the Company's stock price for a sustained period of time; and (vi) regulatory changes. The Company evaluates acquired assets for potential impairment indicators at least annually and more frequently upon the occurrence of such events.

The impairment charges, if any, are included in operating expenses in the accompanying statements of operations.

Stock-based Compensation

The Company accounts for stock-based compensation issued to employees based on FASB accounting standard for Share Based Payment. It requires an entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). That cost will be recognized over the period during which an employee is required to provide service in exchange for the award – the requisite service period (usually the vesting period). It requires that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. The scope of the FASB accounting standard includes a wide range of share-based compensation arrangements including share options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans.
