Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of the shareholders, including the election of directors. Generally, all matters to be voted on by shareholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all shares of our common stock that are present in person or represented by proxy. Except as otherwise provided by law, amendments to our Articles of Incorporation generally must be approved by a majority of the votes entitled to be cast by all outstanding shares of our common stock. Our Article of Incorporation does not provide for cumulative voting in the election of directors. Holders of our common stock will be entitled to such cash dividends as may be declared from time to time by the Board from funds available. Holders of our common stock have no preemptive rights to purchase shares of our common stock. The issued and outstanding shares of our common stock are not subject to any redemption provisions and are not convertible into any other shares of our capital stock. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to receive pro rata all assets available for distribution to such holders. We have never declared or paid any cash dividends on our common stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Series A Preferred Stock.

Voting. On June 13, 2019, the Company designated 100,000,000 shares of Preferred Stock to be Series A Preferred Stock, par value \$0.0001. The par value was changed to \$0.00001 on June 11, 2024. The Series A Preferred Stock has the following voting rights: each share of Series A Preferred Stock shall entitle the holder thereof to 100 votes on all matters submitted to a vote of our shareholders.

Dividends and Distributions. Subject to the rights of the holders of any shares of any series of our preferred stock ranking prior and superior to the Series A Preferred Stock with respect to dividends, the holders of shares of Series A Preferred Stock, in preference to the holders of shares of our common stock and of any other junior stock, shall be entitled to receive, when, as and if declared by our Board of Directors out of funds legally available for the purpose, quarterly dividends payable in cash on or about the first day of January, April, July and October in each year. To date, no such dividend has been declared by our Board of Directors.

Liquidation Preference. Upon any liquidation (voluntary or otherwise), dissolution or winding up of the Corporation, no distribution shall be made to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred Stock unless, prior thereto, the holders of shares of Series A Preferred Stock shall have received \$1.00 per share, plus an amount equal to accrued and unpaid dividends and distributions thereon, whether or not declared, to the date of such payment (the "Series A Liquidation Preference"). Following the payment of the full amount of the Series A Liquidation Preference, holders of Series A Preferred Stock and holders of shares of our common stock shall receive their ratable and proportionate share of the remaining assets of our company.

Conversion. At any time after a holding period of one day from the date of issuance, the Series A Preferred Stock may be converted to shares of our common stock at a ratio of one (1) share of Series A Preferred Stock to 100 shares of common stock.

Series B Preferred Stock.

Voting. On June 10, 2020, the Company designated 50,000,000 shares of Preferred Stock to be Series B Preferred Stock, par value \$0.001. The par value was changed to \$0.00001 on June 11, 2024. Because there are an insufficient amount of authorized Preferred Stock, no shares of Series B Preferred Stock were ever issued. The Series B Preferred Stock has the following voting rights: holders of Series B Preferred Stock are not entitled to vote on matters submitted to a vote of our shareholders.

Dividends and Distributions. Subject to the rights of the holders of any shares of any series of our preferred stock ranking prior and superior to the Series B Preferred Stock with respect to dividends, the holders of shares of Series B Preferred Stock, in preference to the holders of shares of our common stock and of any other junior stock, shall be entitled to receive, when, as and if declared by our Board of Directors, dividends out of funds legally available for the purpose. To date, no such dividend has been declared by our Board of Directors.

Liquidation Preference. Upon any liquidation (voluntary or otherwise), dissolution or winding up of the Corporation, the holders of Series B Preferred Stock shall be entitled to \$0.001 per share, plus accrued and unpaid dividends, if any. No distribution shall be made to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series B Preferred Stock unless, prior thereto, the holders of shares of Series A Preferred Stock shall have received their liquidation preference payments. Following the payment of the full amount of the Series A Liquidation preference payments and the payments to due to the holders of the Series B Preferred Stock, holders of shares of our common stock shall receive their ratable and proportionate share of the remaining assets of our company.

Conversion. At any time after a holding period of one day from the date of issuance, the Series B Preferred Stock may be converted to shares of our common stock at a ratio of one (1) share of Series B Preferred Stock to 4 shares of common stock. This conversion ratio is subject to adjustment upon the issuance by the Company of

common stock or securities convertible into common stock at a price that is below the then current market price, as more fully described in the Certificate of Designation of the Series B Convertible Preferred Stock.

3. Describe any other material rights of common or preferred stockholders.

NONE

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

NONE

ZICIX CORPORATION AND SUBSIDIARY
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2025

NOTE 1 – ORGANIZATION AND OPERATIONS

The unaudited condensed consolidated financial statements include the accounts of ZICIX Corporation (the “Company”), which was incorporated in Nevada on February 29, 1979. The Company changed its name from Bederra Corporation to ZiCIX Corporation on January 24, 2011. The primary business is the development and launch of a coupon redemption app for customers to download on smartphones and other devices.

On July 25, 2024, the Company entered into that certain Stock Purchase Agreement (the “Stock Purchase Agreement”) pursuant to which the Company agreed to purchase from Lo Yiu Kwok (“Seller”) 10,000 shares of ordinary stock of ASN Zone One Limited, a Hong Kong private limited company (“ASN”), constituting all of the issued and outstanding securities of ASN (the “ASN Securities”). The consideration for ASN Securities was Five Thousand Dollars and up to an aggregate amount of Six Hundred Thirty Million (630,000,000) shares of the Corporation’s common stock, par value \$0.00001, which shares are issuable upon the achievement of certain revenue based milestones (the “Earn Out Shares”) occurring during the three year period following July 25, 2024 (the “Earn Out Period”).

The Company has evaluated subsequent events through the date the unaudited condensed consolidated financial statements were issued. Except as set forth above, there have been no events that would require disclosure or adjustments to the unaudited condensed consolidated financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The Company’s unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The preparation of unaudited condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the unaudited condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing and maintaining a system of internal accounting control and preventing and detecting fraud. The Company’s system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce unaudited condensed consolidated financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented.

Basis of consolidation

The unaudited condensed consolidated financial statements include the financial statements of the Company and its subsidiary. All significant inter-company balances and transactions within the Company have been eliminated upon consolidation.

Income Taxes

The Company follows FASB ASC Topic 740, Income Taxes, for recording the provision for income taxes. Deferred tax assets and liabilities are computed based upon the difference between the unaudited condensed consolidated financial statement and income tax basis of assets and liabilities using the enacted marginal tax rate applicable when the related asset or liability is expected to be realized or settled.

Deferred income tax expenses or benefits are based on the changes in the asset or liability each period. If available evidence suggests that it is more likely than not that some portion or all of the deferred tax assets will not be realized, a valuation allowance is required to reduce the deferred tax assets to the amount that is more likely than not to be realized. Future changes in such valuation allowance are included in the provision for deferred income taxes in the period of change.

Comprehensive Income

FASB ASC Topic 220, Comprehensive Income, establishes standards for reporting and display of comprehensive income, its

components and accumulated balances. Comprehensive income as defined includes all changes in equity during a period from non-owner sources. Accumulated other comprehensive income, as presented in the accompanying condensed consolidated statements of changes in stockholders' equity, consists of changes in unrealized gains and losses on foreign currency translation. This comprehensive income is not included in the computation of income tax expense or benefit.

Basic Loss Per Share

FASB ASC Topic 260, Earnings Per Share, provides for the calculation of "Basic" and "Diluted" earnings per share. Basic earnings per share is computed by dividing net loss available to common shareholders by the weighted average number of common shares outstanding for the period. All potentially dilutive securities have been excluded from the computations since they would be antidilutive. However, these dilutive securities could potentially dilute earnings per share in the future.

Cash and Cash Equivalents

Cash equivalents consist of highly liquid investments with maturities of three months or less when purchased. Cash and cash equivalents are on deposit with financial institutions without any restrictions. At March 31, 2025 and December 31, 2024, cash equivalents amounted to \$89,980 and \$21,608 respectively.

Segment Reporting

The Company operates in one segment for the sale of precious stones. In accordance with the ASC Topic 280, "Segment Reporting", the Company's chief operating decision maker ("CODM") has been identified as the Chief Executive Officer and President, who reviews operating results to make decisions about allocating resources and assessing performance for the entire Company. Since the Company operates in one segment, all financial information required by "Segment Reporting" are presented in the accompanying unaudited condensed consolidated financial statements.

Equipment

Equipment is stated at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation is calculated on the straight-line basis over the following expected useful lives from the date on which they become fully operational and after taking into account their estimated residual values.

Expenditure for maintenance and repairs, which do not materially extend the useful lives of the assets, are charged to expense as incurred. Expenditures for major renewals and betterment which substantially extend the useful life of assets are capitalized. The cost and related accumulated depreciation of assets retired or sold are removed from the respective accounts, and any gain or loss is recognized as other income or expense in the unaudited condensed consolidated statements of operations.

Bonds payable

The Company issued bonds to third parties, for which the proceeds were used for operations. The bonds are interest bearing at 8% per annum and in terms of 3 to 5 years. At March 31, 2025 and December 31, 2024, bonds payable amounted to \$1,477,027 and 1,498,197, respectively.

Convertible promissory note payable

The Company issued convertible promissory note to third parties, for which the proceeds were used for operations. The convertible promissory note interest bearing at 10% per annum and in terms of 2 years. At March 31, 2025 and December 31, 2024, convertible promissory note payable amounted to \$210,808 and \$205,808, respectively.

Related Parties

The Company follows ASC 850, "Related Party Disclosures," for the identification of related parties and disclosure of related party transactions.

Financial Instruments

"Fair Value Measurements and Disclosures," defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own

assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates); and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are both significant to the fair value measurement and unobservable.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2024.

The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values due to the short-term nature of these instruments. The Company does not have any assets or liabilities measured at fair value on a recurring basis.

NOTE 3 – GOING CONCERN

The accompanying unaudited condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business.

As reflected in the accompanying unaudited condensed consolidated financial statements, the Company reported an accumulated deficit of \$4,062,544 at March 31, 2025. These factors among others raise substantial doubt about the Company's ability to continue as a going concern.

The Company's cash position may not be significant enough to support the Company's daily operations. Management believes that the Company's capital requirement will depend on many factors including the success of the Company's development efforts and its efforts to raise capital. Management also believes the Company needs to raise additional capital for working capital purposes. There is no assurance that such financing will be available in the future. The conditions described above raise substantial doubt about our ability to continue as a going concern. The unaudited condensed consolidated financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amount and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

The unaudited condensed consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 4 – STOCKHOLDERS' EQUITY
