As all notes are in default, each note is convertible at the prices reflected above per terms of contractual agreements with the lenders. Management has begun negotiations to settle the notes on more favorable terms to the Company. There can be no assurances that favorable settlement terms will be reached.

² The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any "blockers" or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.
