Any additional material details, including footnotes to the table are below:

NOTE 1 – In the event that the Company issues and sells shares of its common stock to investors while this Note remains outstanding in an equity financing with total proceeds to the Company of not less than \$7,500,000, then the outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.80.

NOTE 2 – On May 14, 2021, The Company entered into a Senior Secured Convertible Promissory Note with Golden Triangle Ventures, Inc. (or “GTV”) which is a publicly traded company listed on the OTC Markets under the stock symbol GTVH. This promissory note agreement was executed for \$500,000. The outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.50. The note earns a simple interest rate of 8% per annum starting January 1, 2022. As of March 31, 2025, there is \$8,400 and \$117,910 of principal and interest, respectively, due on the note.

NOTE 3 – On July 2, 2023, The Company entered into a Senior Secured Convertible Credit Facility with Golden Triangle Ventures, Inc. (or “GTV”) which is a publicly traded company listed on the OTC Markets under the stock symbol GTVH. This agreement was executed for a \$5,000,000 credit facility. The outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.50. The note earns a simple interest rate of 10% per annum starting July 2, 2023. As of December 31, 2024, there is \$358,500 and \$47,278 of principal and interest, respectively, due on the note.

4) Issuer’s Business, Products and Services

The purpose of this section is to provide a clear description of the issuer’s current operations. Ensure that these descriptions are updated on the Company’s Profile on www.OTCMarkets.com.

A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

Vision

With a focus on sustainable energy, Lelantos Holdings has the vision of being at the forefront of innovation in a dynamic industry as well as providing solutions that overcome the traditional obstacles within the sector, including:

1. Finance Barriers
2. Bifurcated Providers
3. Complete Logistics Issues
4. Incomplete Solutions Under One House

The Company’s overall vision has been collectively developed by a seasoned management team over the past decade to culminate its current operations.

Mission

Our mission is to operate under a forward-thinking business structure to provide comprehensive offerings within the sectors we operate in at the lowest cost possible. To accomplish this we have actively sought out partnerships with entities and providers that allow the company to operate as a “vertically integrated” entity.

Current Material Operations

To expedite the company's growth, company leadership has sought assets and partnerships with other companies to build its infrastructure, rather than building these from the ground up. To date, the company has acquired a fleet of semi-trucks to generate revenue through a lease-to-own program and has acquired two companies as subsidiaries within the renewable energy space to expand its footprint and operations within the market.

- **Lelantos Energy**

In March 2023, Lelantos Holdings acquired Lelantos Energy as a wholly-owned subsidiary to solely focus on renewable energy projects. While the revenue the entity has generated has not been significant, it has been operating to develop the infrastructure needed to do so. Activities the company is currently involved in to generate revenue or assist with business activities include:

- Establishing a pipeline of commercial solar projects - Lelantos Energy has coalesced a set of projects totaling more than 2 MW that are in various stages of development from proposal generation to permitting. These projects represent a potential opportunity for significant revenue generation through sales commissions earned.
- Connecting Vendors and Lending Institutions - Over the past year Lelantos Energy has created relationships with several large vendors and lending institutions to establish an ecosystem that allows for commercial solar projects to be executed. Notable relationships include, but are not limited to:
 - Novitium Energy (financing/commercial project development)
 - Aveyo (commercial project developer)
 - Sunnova (financing)
 - Eco Smart (financing)
 - Sunstone (financing)
 - BayWa R.E. (equipment distribution)
 - Silfab (solar panel provider)
 - Hyperion (electric energy storage and solar panel provider)
- Free Solar Program for Veterans
 - The program's mission is to give back to those who have dedicated their lives to serving our country, and the widows of those who have fallen doing so with the intention of offering donated solar systems to qualifying veterans, subject to program capacity and funding. More information on the program can be found here: <https://www.freesolar4vets.org/>
- Strategic Joint Venture for RFP Funded Solar Projects
 - Lelantos Energy is in the process of entering into a strategic Joint Venture with a large-scale solar installer and a GSA-certified entity to promulgate the development of government-funded solar projects through the RFP process. The expansion into the government sector may allow the Company to explore opportunities within an expanding pool of government-funded solar projects.
- Renewable Energy Tax Credit Monetization –
 - Lelantos Energy has become the exclusive sales arm for a tax-credit brokerage firm to develop a pipeline of buyer and sellers for the monetization of renewable energy tax credits. Lelantos Energy will receive commissions on all deals sold through the pipeline they have established.

Anticipated Future Material Operations

Lelantos Holdings is in the process of further expanding its operations within the renewable energy sector. The activities listed below are currently under negotiation and are not guaranteed to become operational.

- **No-Credit-Check Power Purchase Agreement (PPA) Program**

The most exciting program Lelantos is attempting to bring to the table is a groundbreaking No-Credit-Check Power Purchase Agreement (PPA) to offer the opportunity of solar to a much broader audience in the US

market. The PPA provides a financing option through a non-recourse, secured line of credit in order to provide consumers a financing mechanism that takes into account their historical ability to pay their electric bills on time, rather than arcanelly relying upon their FICO score alone.

On March 7, 2023, the Company expanded into the sustainable energy market through its acquisition of Lelantos Energy, LLC, which is a wholly owned subsidiary of Lelantos Holdings, Inc. Lelantos Energy currently provides vertically integrated renewable energy solutions from residential solar to utility-scale microgrid design.

On March 23, 2023, the Company executed an Asset Purchase Agreement and acquired fifteen (15) Semi-Trucks in exchange for a convertible note payable for \$1,363,540. The value of the trucks was calculated by equally splitting the total average market valuation and the retail valuation numbers that have been provided and reported through bumper.com, a third-party vehicle reporting agency. The fifteen (15) semi-trucks were acquired by Lelantos Holdings, Inc.

On March 26, 2024, Lelantos announced that they successfully expanded their stock offering through the filing of a Tier 1 Registration A Offering Statement (Reg. A) and an Employee Stock Ownership Program (ESOP). Collectively, the two programs will open up the Company's current float and trading pool with up to 160,000,000 free trading shares. The Reg. A can potentially provide new investment funds into the company to support operations and expansion efforts, and the ESOP allows Lelantos to provide key employees, consultants, and advisors additional benefits within the public company for substantive efforts that advance the goals and growth of the entity.

On March 27, 2024 Lelantos Holdings finalized the partial acquisition of Eco Management Systems ("Eco" or "Eco Management"), a full-service commercial and residential solar contractor ("EPC") that is licensed in Arizona, California, Illinois, and Texas with its primary corporate headquarters located in Scottsdale, Arizona. Lelantos began this process by formally executing a memorandum of understanding with Eco on Feb. 13, 2024, and finalized the process by executing an equity acquisition agreement on March 27, 2024. This new addition to the Company will allow it to greatly expand operations, including the introduction of a residential solar program, and directly install Company projects in the states where Eco is licensed.

On January 1, 2025 Lelantos Holdings (the "Company" or "Lelantos") mutually rescinded their Asset Purchase Agreement and the Convertible Note entered into on March 22, 2023 to purchase a assets from TK Zarro in the form of 15 semi-trucks with an aggregate value of \$1,363,540.00, subject to the terms and conditions included in the two agreements. The mutual rescission was made to remove the promissory debt from the Company's books and to focus on new strategic initiatives that better fit the Company's business model.

On March 31, 2025 Lelantos Holdings (the "Company" or "Lelantos") mutually rescinded the agreement for the partial acquisition of Eco Management Systems ("Eco" or "Eco Management"), a full-service commercial and residential solar contractor ("EPC") that is licensed in Arizona, California, Illinois, and Texas with its primary corporate headquarters located in Scottsdale, Arizona. The agreement rescinds the equity position Lelantos was granted in exchange for restricted shares in the Company. The decision to rescind the agreement was made after working with Eco for more than a year and encountering numerous difficulties in making the relationship succeed as well as recognizing other preferred opportunities. Lelantos is currently negotiating a joint venture with a nationally recognized solar installer to supplant the Eco relationship.

LELANTOS HOLDINGS, INC.
Notes to Unaudited Consolidated Financial Statements
March 31, 2025

NOTE 1 - MATERIAL DESCRIPTION OF BUSINESS AND HISTORY

Lelantos Holdings, Inc. (Formerly ProConcept Marketing Group, Inc.) (the “Company”) was incorporated in the State of Florida in 1988.

With a focus on sustainable energy, Lelantos Holdings has a mission of being at the forefront of innovation in a dynamic industry. Its forward-thinking business structure is purpose-built to joint venture with established entities in strategic sectors of the renewable energy space to reduce overhead, increase service offerings, and operate as a vertically integrated entity.

On April 2, 2021, 9,900,000 shares of the Series A preferred stock were sold to Infinity Group Holdings LLC, an entity controlled by Betty Sytner.

On August 2, 2021, Infinity Group Holdings, LLC sold their 9,900,000 shares of Series A preferred stock to Nathan Puente, resulting in a change of control of the Company.

On November 14, 2022, Lelantos Holdings Inc., a Florida entity, filed the required articles of merger, merging Lelantos Holdings Incorporated, a Nevada corporation, into the Company with a requested effective date of November 22, 2022. Following a three-month delay due to a backlog of processing requests, the articles of merger have now been processed, and management announced the official merger on March 7, 2023.

On March 7, 2023, the Company expanded into the sustainable energy market through its acquisition of Lelantos Energy, LLC, which is a wholly owned subsidiary of Lelantos Holdings, Inc. Lelantos Energy currently provides vertically integrated renewable energy solutions from residential solar to utility-scale microgrid design.

On March 23, 2023, the Company executed an Asset Purchase Agreement and acquired fifteen Semi-Trucks which hold an approximate asset value of \$1,363,540. These fifteen Semi-Trucks were acquired by Lelantos Holdings, Inc. and are operational in an owner/operator lease model that has generated income for the company.

On March 26, 2024, Lelantos announced that they successfully expanded their stock offering through the filing of a Tier 1 Registration A Offering Statement (Reg. A) and an Employee Stock Ownership Program (ESOP). Collectively, the two programs will open up the Company’s current float and trading pool with up to 160,000,000 free trading shares. The Reg. A can potentially provide new investment funds into the company to support operations and expansion efforts, and the ESOP allows Lelantos to provide key employees, consultants, and advisors additional benefits within the public company for substantive efforts that advance the goals and growth of the entity.

On March 27, 2024 Lelantos Holdings finalized the partial acquisition of Eco Management Systems (“Eco” or “Eco Management”), a full-service commercial and residential solar contractor (“EPC”) that is licensed in Arizona, California, Illinois, and Texas with its primary corporate headquarters located in Scottsdale, Arizona. Lelantos began this process by formally executing a memorandum of understanding with Eco on Feb. 13, 2024, and finalized the process by executing an equity acquisition agreement on March 27, 2024. This new addition to the Company will allow it to greatly expand operations, including the introduction of a residential solar program, and directly install Company projects in the states where Eco is licensed. The Company has structured plans to fully acquire Eco after the successful completion of milestones that the Company and Eco have mutually agreed on.

On January 1, 2025 Lelantos Holdings (the “Company” or “Lelantos”) mutually rescinded their Asset Purchase Agreement and the Convertible Note entered into on March 22, 2023 to purchase a assets from TK Zarro in the form of 15

semi-trucks with an aggregate value of \$1,363,540.00, subject to the terms and conditions included in the two agreements. The mutual rescission was made to remove the promissory debt from the Company's books and to focus on new strategic initiatives that better fit the Company's business model.

On March 31, 2025 Lelantos Holdings (the "Company" or "Lelantos") mutually rescinded the agreement for the partial acquisition of Eco Management Systems ("Eco" or "Eco Management"), a full-service commercial and residential solar contractor ("EPC") that is licensed in Arizona, California, Illinois, and Texas with its primary corporate headquarters located in Scottsdale, Arizona. The agreement rescinds the equity position Lelantos was granted in exchange for restricted shares in the Company. The decision to rescind the agreement was made after working with Eco for more than a year and encountering numerous difficulties in making the relationship succeed as well as recognizing other preferred opportunities. Lelantos is currently negotiating a joint venture with a nationally recognized solar installer to supplant the Eco relationship.

NOTE 2 - SUMMARY OF SIGNIFICANT POLICIES

Basis of presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP"), and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). These financial statements and the notes attached hereto should be read in conjunction with the financial statements for the year ended December 31, 2022 which have been included in the chart as a comparison. In the opinion of our management, all adjustments, including normal recurring adjustments necessary to present fairly our financial position, as of December 31, 2023, and the results of our operations and cash flows for the three months then ended have been included.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Company to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. These estimates and judgments are based on historical information, information that is currently available to the Company and on various other assumptions that the Company believes to be reasonable under the circumstances. Actual results could differ from those estimates.

Principles of Consolidation

The accompanying unaudited consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Lelantos Energy, LLC. All intercompany balances and transactions have been eliminated on consolidation.

Recent Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 - GOING CONCERN

The accompanying unaudited financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has suffered recurring losses since its inception and has insufficient current operations to cover their recurring operating costs. The Company will continue to require financing from external sources to finance its operating and investing activities until sufficient positive cash flows from operations can be generated. There is no assurance that financing or profitability will be achieved, accordingly, there is substantial doubt about the Company's ability to continue as a going concern. The financial statements of the Company do not include any adjustments that may result from the outcome of these uncertainties.

NOTE 4 - CONVERTIBLE NOTES PAYABLE

On May 14, 2021, The Company entered into a Senior Secured Convertible Promissory Note with Golden Triangle Ventures, Inc. (or "GTV") which is a publicly-traded company listed on the OTC Markets under the stock symbol GTVH. This promissory note agreement was executed for \$500,000. The outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.50. The note earns a simple interest rate of 8% per annum starting January 1, 2022. As of March 31, 2025, there is \$8,400 and \$117,910 of principal and interest, respectively, due on the note.

On November 7, 2022, the Company issued a convertible promissory note for \$50,000, to SJL Services, LLC. The note bears interest at 15% and matures May 7, 2023. In addition, the Company is to issue 20,000 shares of common stock to SJL Services, LLC. In the event that the Company issues and sells shares of its common stock to investors while this Note remains outstanding in an equity financing with total proceeds to the Company of not less than \$7,500,000, then the outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.80. As of March 31, 2025, there is \$50,000 and \$44,527 of principal and interest, respectively, due on the note.

On November 9, 2022, the Company issued a convertible promissory note for \$50,000, to Mark Gaalass. The note bears interest at 15% and matures May 7, 2023. In addition, the Company is to issue 20,000 shares of common stock to SJL Services, LLC. In the event that the Company issues and sells shares of its common stock to investors while this Note remains outstanding in an equity financing with total proceeds to the Company of not less than \$7,500,000, then the outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.80. As of March 31, 2025, there is \$50,000 and \$44,527 of principal and interest, respectively, due on the note.

On July 2, 2023, The Company entered into a Senior Secured Convertible Credit Facility with Golden Triangle Ventures, Inc. (or "GTV") which is a publicly-traded company listed on the OTC Markets under the stock symbol GTVH. This agreement was executed for a \$5,000,000 credit facility. The outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.50. The note earns a simple interest rate of 10% annually starting July 2, 2023. As of March 31, 2025, there is \$358,500 and \$47,278 of principal and interest, respectively, due on the note.

On November 27, 2024, the Company issued a convertible promissory note for \$5,000, to Raymond Hines. The note bears interest at 15% and matures January 15, 2025. In the event that the Company issues and sells shares of its common stock to investors while this Note remains outstanding in an equity financing with total proceeds to the Company of not less than \$7,500,000, then the outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.80. As of March 31, 2025, there is \$5,000 and \$253 of principal and interest, respectively, due on the note.

NOTE 5 – RELATED PARTY TRANSACTIONS

As of September 30, 2023, the Company has a balance due to GTV for a loan to the Company of \$10,000. The loan is non-interest-bearing and due on demand.

As of December 31, 2023, the Company has a balance due to a related party of \$2,000. The loan is non-interest-bearing and due on demand.

On July 2, 2023, The Company entered into a Senior Secured Convertible Credit Facility with Golden Triangle Ventures, Inc. (or "GTV") which is a publicly-traded company listed on the OTC Markets under the stock symbol GTVH. This agreement was executed for a \$5,000,000 credit facility. The outstanding principal amount of this Note and any unpaid accrued interest shall, upon the mutual election of the Company and the Holder, convert in whole without any further action by the Holder into common stock at a conversion price equal to the cash price paid per share multiplied by 0.50. The note earns a simple interest rate of 10% annually starting July 2, 2023. As of December 31, 2024, there is \$358,500 and \$45,608 of principal and interest, respectively, due on the note.

During the year ended December 31, 2023, the Company received proceeds of \$66,780 from other related party loans. The loans are non-interest bearing and due on demand.

NOTE 6 – COMMON STOCK

On June 8, 2022, the Company effectuated a 1 for 100 reverse stock split. All shares throughout these financial statements have been retroactively adjusted to reflect the reverse split.

NOTE 7 – PREFERRED STOCK

The Company has authorized 10,000,000 shares of Series A preferred stock. Each share of Series A preferred stock is entitled to votes equal to ten times the number of common shares outstanding divided by the number of preferred shares outstanding at the time of a vote. Each share of Series A is convertible into ten shares of common stock at any time at the option of the holder.

The company has submitted a letter of designation to the Florida Secretary of State for the formation of a preferred series B and C class of shares which will hold the following capital structures:

Preferred B
