#### **Security Description:**

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The Company has never declared any dividend on its common stock. Holders of the Company's common stock and holders of the Preferred Stock are entitled to vote on a common stock equivalent basis at the Annual Meeting.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

The Company has one class of cumulative convertible participating Preferred Stock currently outstanding, Series E (25,000 shares authorized). The Preferred Stock was authorized by the Board of Directors in April 2009. The Preferred Stock has a par value of \$0.05 per share and a stated value of \$1,000 per share. The Preferred Stock is currently entitled to receive cumulative dividends at the rate of four percent (4%) per year in preference to the holders of the Company's Common Stock with respect to dividends. These dividend are payable only upon a Liquidation Event (as defined) or when otherwise declared by the Board of Directors. A Liquidation Event is deemed to include certain merger, corporate reorganization, sale of more than 50% of voting power, and disposition of substantially all assets transactions that are approved by the Board, unless the holders of a majority of the outstanding shares of the Preferred Stock elect to the contrary. The Company cannot declare or pay any dividends on its Common Stock until the dividends on the Preferred Stock have been paid. The Preferred Stock holders are entitled to receive any dividends paid with respect to the Common Stock on an "as-converted" bases. The Preferred Stock may be converted by the holder at any time and from time to time into the Company's Common Stock by dividing the stated value of the Preferred Stock plus the aggregate amount of the accrued and unpaid dividends on the Preferred Stock by the conversion price established at the time of issuance, as such conversion price has been subsequently adjusted. Upon a Liquidation Event, including a deemed <u>Liquidation Event</u>, the holders of the Preferred Stock would be entitled to participate in any proceeds in preference to all Common Stock holders. The Preferred Stock would instead participate in any such Liquidation Event with the Common Stockholders on an as-converted basis, if and to the extent that the holder has exercised the option to convert the Preferred Stock into Common Stock. The Preferred Stock conversion price is subject to adjustment for certain transactions, including stock splits and certain issuances of equity securities below the conversion price.

As of May 30, 2025, Series E Preferred Stock was convertible at an exercise price of \$1.98 per shares equating to 6,124,567 shares of Common Stock, assuming cash payment of all accrued dividends. All Series E Preferred Stock dividends accrued through February 22, 2013 have been paid in cash. Preferred Stock dividends accrued during the period of February 23, 2013 through May 30, 2025, which totaled \$5,954,000 remained unpaid as of July 11, 2025.

Describe any other material rights of common or preferred stockholders.

#### None

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

#### 3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities in the past two completed fiscal years and any subsequent interim period.

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

A. Changes to the Number of Outstanding Shares for the two most recently completed fiscal years and any subsequent period.

Indicate by check mark whether there were any changes to the number of outstanding shares within the past two completed fiscal years:

No: ☐ Yes: x (If yes, you must complete the table below)

**Example:** A company with a fiscal year end of December 31<sup>st</sup> 2024, in addressing this item for its Annual Report, would include any events that resulted in changes to any class of its outstanding shares from the period beginning on January 1, 2023 through December 31, 2024 pursuant to the tabular format above.

Any additional material details, including footnotes to the table are below:

In accordance with provisions in the Company's Stock Plan, Environmental Tectonics provides for net exercise, where a holder of options can sell shares back to Environmental Tectonics to pay for the exercise with the remaining net shares belonging to the option holder as restricted stock. The shares "purchased" by the Company are recorded as Treasury Stock. 51,218 Treasury shares were purchased by the Company during the current quarter.

#### B. Convertible Debt

The following is a complete list of the Company's Convertible Debt which includes all promissory notes, convertible notes, convertible debentures, or any other debt instruments convertible into a class of the issuer's equity securities. The table includes all issued or outstanding convertible debt at any time during the last complete fiscal year and any interim period between the last fiscal year end and the date of this Certification.

[🗵] Check this box to confirm the Company had no Convertible Debt issued or outstanding at any point during this period.

Date of Note Issuance	Principal Amount at Issuance (\$)	Outstanding Balance (\$) (include accrued interest)	Maturity Date	Conversion Terms (e.g., pricing mechanism for determining conversion of instrument to shares)	# Shares Converted to Date	# of Potential Shares to be Issued Upon Conversion <sup>5</sup>	Name of Noteholder (entities must have individual with voting / investment control disclosed).	Reason for Issuance (e.g., Loan, Services, etc.)

<sup>&</sup>lt;sup>5</sup> The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any "blockers" or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.

<b>Total Outstandin</b>	g Balance:	Total Shares:

Any additional material details, including footnotes to the table are below:

#### 4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

ETC was incorporated in 1969 in Pennsylvania. For over five decades, we have provided our customers with products, services, and support. Innovation, continuous technological improvement and enhancement, and product quality are core values that are critical to our success. We are a significant supplier and innovator in the following areas: (i) software driven products and services used to create and monitor the physiological effects of flight, including high performance jet tactical flight simulation, fixed and rotary wing upset prevention and recovery and spatial disorientation, and both suborbital and orbital commercial human spaceflight, collectively, Aircrew Training Systems ("ATS"); altitude (hypobaric) chambers; hyperbaric chambers for multiple persons (multiplace chambers), collectively, Aircrew Training Systems; (ii) Advanced Disaster Management Simulators ("ADMS"); (iii) steam and gas sterilizer systems; and (iv) Environmental Testing and Simulation Systems ("ETSS"). We operate in two primary business segments, Aerospace Solutions ("Aerospace") and Commercial/Industrial Systems ("CIS"). Aerospace encompasses the design, manufacture, and sale of: (i) ATS products; (ii) altitude (hypobaric) chambers; (iii) hyperbaric chambers for multiple persons (multiplace chambers); and (iv) ADMS, as well as integrated logistics support ("ILS") for customers who purchase these products or similar products manufactured by other parties. These products and services provide customers with an offering of comprehensive solutions for improved readiness and reduced operational costs. Sales of our Aerospace products are made principally to U.S. and foreign government agencies and to civil aviation organizations. CIS encompasses the design, manufacture, and sale of: (i) steam and gas (ethylene oxide) sterilizer systems; and (ii) ETSS; as well as parts and service support for customers who purchase these products or similar products manufactured by other parties. Sales of our CIS products are made principally to the healthcare, pharmaceutical, and automotive industries. We sell our sterilizer systems to medical device manufacturers, pharmaceutical manufacturers, and universities. We sell ETSS primarily to commercial automotive and heating, ventilation, and air conditioning ("HVAC") manufacturers.

B. List any subsidiaries, parent company, or affiliated companies.

ETC-PZL Aerospace Industries Sp. z o.o. ("ETC-PZL"), our wholly-owned subsidiary in Warsaw, Poland, is currently our only operating subsidiary. ETC-PZL manufactures certain simulators and provides software to support products manufactured domestically within our Aerospace segment.

C. Describe the issuers' principal products or services.

We sell integrated products and training services. Some of our products are customized using our proprietary software based on specifications provided by our customers. Some of our products take more than one year to manufacture and deliver to the customer.

#### Specific products within Aerospace include:

- Aeromedical Centers;
- Advanced Tactical Flight Simulator ("ATFS") Motion Platforms; o ATFS-400-31 High Performance Human Centrifuge o ATFS-400-25 High Performance Human Centrifuge
- · Interchangeable Cockpit Modules;
- · G-LAB Human Centrifuge and G Trainer;
- GYROLAB GL-6000 KRAKEN Advanced Spatial Disorientation Training and Research Device;
- GYROLAB GL-4000;
- GYROLAB GL-1500;
- GYRO IPT-III eFOV;
- · GYRO IPT-II Fixed and Rotary Wing Spatial Disorientation Trainer;
- · GAT-III Fixed Wing Aviation Trainer;
- · GAT HELO Rotary Wing Aviation Trainer;
- Night Vision Training System ("NVTS");
- Night Vision Goggle Training System ("NVGTS");
- FALCON Altitude (Hypobaric) Chambers;
- · Multiplace Hyperbaric Chambers;
- Ejection Seat Simulator ("ESS");
- Pilot Selection System ("PSS");
- Water Survival Training equipment; Uestibular Illusion Demonstrator ("VID"); and our
- ADMS line of products (primarily AIRBASE, COMMAND, CONTROL, DRIVE, FIRE, and the Aircraft Rescue and Firefighting ("ARFF") Vehicle Simulator).

#### Specific services within Aerospace include:

- · Tactical flight training;
- · High-G training;
- · Hypoxia training;
- Situational awareness and spatial disorientation training;
- · Aeromedical training;
- · Suborbital and orbital commercial human spaceflight training;
- Upset prevention and recovery training ("UPRT");
- Crew resource management ("CRM") training;
- · Advanced pilot training;
- · Basic pilot training;
- · Pilot selection;
- · Emergency response training; and
- Integrated logistics support.

CIS encompasses the design, manufacture, and sale of:

- Steam and gas (ethylene oxide) sterilizer systems;
- · Environmental testing and simulation systems ("ETSS"); and
- Parts and service support.

In the Aerospace segment, we offer integrated ATS products to commercial, governmental, and military defense agencies, and training devices, including altitude (hypobaric) and multiplace chambers ("Chambers"), to governmental and military defense agencies, universities and civil aviation organizations both in the United States and internationally. We sell our ADMS line of products to governmental organizations in both the United States and internationally, original equipment manufacturers in the global special fire truck market (including ARFF vehicles), fire and emergency training schools, universities, and airports. We also provide ILS for customers who purchase these products or similar products manufactured by other parties.

In the CIS segment, we sell our sterilizer systems to medical device manufacturers, pharmaceutical manufacturers, and universities. We sell ETSS primarily to commercial automotive and heating, ventilation, and air conditioning ("HVAC") manufacturers. We also provide upgrade, maintenance, and repair services for our products and similar products manufactured by other parties

#### 5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

<u>Location</u>	Approximate Square Footage	<u>Function</u>	Owned/ Leased	Segment
Southampton, Pennsylvania	83,800	Manufacturing (36,000 sq. ft.), NASTAR Center (22,100 sq. ft.), and Corporate Headquarters (25,700 sq. ft.)	Leased	Aerospace CIS
Huntingdon Valley, Pennsylvania	13,087	Storage facility	Leased	Aerospace CIS
Orlando, Florida	6,656	Product development and administration	Leased	Aerospace
Warsaw, Poland	28,000	Manufacturing, product development, and administration	Leased	Aerospace
Ankara, Turkey	1,940	Software development	Leased	Aerospace CIS

#### 6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

#### 7) Legal/Disciplinary History

- A. Identify and provide a brief explanation as to whether any of the persons or entities listed above in Section 6 have, <u>in the past 10 years</u>:
  - 1. Been the subject of an indictment or conviction in a criminal proceeding or plea agreement or named as a defendant in a pending criminal proceeding (excluding minor traffic violations);

#### None Noted

2. Been the subject of the entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, financial- or investment-related, insurance or banking activities;

#### None Noted

3. Been the subject of a finding, disciplinary order or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, a state securities regulator of a violation of federal or state securities or commodities law, or a foreign regulatory body or court, which finding or judgment has not been reversed, suspended, or vacated;

#### None Noted

4. Named as a defendant or a respondent in a regulatory complaint or proceeding that could result in a "yes" answer to part 3 above; or

#### None Noted

5. Been the subject of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

#### None Noted

6. Been the subject of a U.S Postal Service false representation order, or a temporary restraining order, or preliminary injunction with respect to conduct alleged to have violated the false representation statute that applies to U.S mail.

#### None Noted

B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party to or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

#### None noted

#### 8) Third Party Service Providers

Provide the name, address, telephone number and email address of each of the following outside providers. You may add additional space as needed.

Confirm that the information in this table matches your public company profile on <a href="www.OTCMarkets.com">www.OTCMarkets.com</a>. If any updates are needed to your public company profile, update your company profile. Securities Counsel

#### **Item 2. Security Information**

Trading symbol: ETCC

CUSIP: 294092

Title of class of securities outstanding:

Common Stock

Par value:

\$0.05 50,000,000 as of May 30, 2025 Preferred Stock, Series E \$0.05 (Stated value of \$1,000) 25,000 as of May 30, 2025

Total shares authorized: Total shares outstanding:

9,578,567 as of May 30, 2025

12,127 as of May 30, 2025

#### Transfer Agent:

Equiniti Trust Company, LLC ("EQ") \* 55 Challenger Road, Floor 2 Ridgefield Park, NJ 07660 Telephone: (800) 468-9716

Telephone: (800) 468-9716 Website: www.equiniti.com

List any restrictions on the transfer of security: N/A

Describe any trading suspension: N/A

List any stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization either currently anticipated or that occurred within the past twelve months:

We have never paid any cash dividends on our Common Stock and do not anticipate that any cash dividends will be declared or paid on our Common Stock in the foreseeable future.

Dividends on the Company's Preferred Stock, as declared, are accrued according to the terms of the Preferred Stock and when paid, are paid in cash. The Preferred Stock is currently entitled to receive cumulative dividends at the rate of four percent (4%) per year in preference to the holders of the Company's Common Stock with respect to dividends. Series E Preferred Stock dividends accrued as of May 30, 2025, which totaled \$5,954 thousand, remained unpaid as of July 11, 2025, the date of issuance of the accompanying interim consolidated financial statements.

<sup>\*</sup> registered under the Exchange Act

#### **Item 3. Issuance History**

#### Item 5. Description of Business Operations

ETC was incorporated in 1969 in Pennsylvania. For over five decades, we have provided our customers with products, services, and support. Innovation, continuous technological improvement and enhancement, and product quality are core values that are critical to our success. We are a significant supplier and innovator in the following areas: (i) software driven products and services used to create and monitor the physiological effects of flight, including high performance jet tactical flight simulation, fixed and rotary wing upset prevention and recovery and spatial disorientation, and both suborbital and orbital commercial human spaceflight: altitude (hypobaric) chambers; hyperbaric chambers for multiple persons (multiplace chambers) collectively, Aircrew Training Systems ("ATS"); (ii) Advanced Disaster Management Simulators ("ADMS"); (iii) steam and gas (ethylene oxide) sterilizer systems ("Sterilizer Systems" or "Sterilizers"); and (iv) Environmental Testing and Simulation Systems ("ETSS"). We operate in two primary business segments, Aerospace Solutions ("Aerospace") and Commercial/Industrial Systems ("CIS").

Aerospace encompasses the design, manufacture, and sale of: (i) ATS products; and (ii) ADMS, as well as integrated logistics support ("ILS") for customers who purchase these products or similar products manufactured by other parties. These products and services provide customers with an offering of comprehensive solutions for improved readiness and reduced operational costs. Sales of our Aerospace products are made principally to U.S. and foreign government agencies and to civil aviation organizations. We offer integrated ATS products to commercial, governmental, and military defense agencies, and training devices, including altitude (hypobaric) and multiplace chambers ("Chambers"), to governmental and military defense agencies and civil aviation organizations both in the United States and internationally. We sell our ADMS line of products to governmental organizations both in the United States and internationally, original equipment manufacturers in the global special fire truck market (including Aircraft Rescue and Firefighting vehicles), fire and emergency training schools, universities, commercial operations, airports and the oil and gas industry. We also provide ILS for customers who purchase these products or similar products manufactured by other parties.

CIS encompasses the design, manufacture, and sale of: (i) steam and gas (ethylene oxide) sterilizer systems; and (ii) ETSS; as well as parts and service support for customers who purchase these products or similar products manufactured by other parties. Sales of our CIS products are made principally to the healthcare, pharmaceutical, and automotive industries. We sell our sterilizer systems to medical device manufacturers, pharmaceutical manufacturers, and universities. We sell ETSS primarily to commercial automotive and heating, ventilation, and air conditioning ("HVAC") manufacturers. We also provide upgrade, maintenance, and repair services for our products and similar products manufactured by other parties.

The Company's primary Standard Industrial Classification Code ("SIC Code") is 3569. The Company's fiscal year is the fifty-two week or fifty-three week annual accounting period ending the last Friday in February. References to the 2026 fiscal first quarter are references to the thirteen week period ended May 30, 2025. References to the 2025 fiscal first quarter are references to the thirteen week period ended May 24, 2024. References to fiscal 2026 are references to the fifty-two week period ending February 27, 2026. References to fiscal 2025 are references to the fifty-three week period ended February 28, 2025.

#### Note 1. Summary of Significant Accounting Policies

#### **Basis of Presentation**

The consolidated financial statements include the accounts of ETC and ETC-PZL Aerospace Industries Sp. z o.o. ("ETC-PZL"), our 100%-owned subsidiary in Warsaw, Poland. ETC-PZL manufactures certain simulators and provides software to support products manufactured domestically within our Aerospace segment. "ETC-SH" refers to the Company's corporate headquarters and main production plant located in Southampton, Pennsylvania. All significant intercompany accounts and transactions have been eliminated in consolidation.

The accompanying interim consolidated financial statements have been prepared by ETC, without audit, in conformity with accounting principles generally accepted in the United States of America, consistently applied, and reflect all adjustments which, in the opinion of management, are necessary for a fair presentation of the results for the interim periods presented. All such adjustments are of a normal recurring nature.

(Dollars in thousands, except per share information)

Certain information in footnote disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States of America has been condensed or omitted and the financial results for the periods presented may not be indicative of the full year's results; however, the Company believes that the disclosures are adequate to make the information presented not misleading. These interim consolidated financial statements should be read in conjunction with the audited financial statements and the notes thereto included in the Company's Annual Report to Shareholders for fiscal 2025 (the "2025 Annual Report").

#### Significant Accounting Policies Update

There have been no material changes in the Company's significant accounting policies during fiscal 2026 as compared to what was previously disclosed in the 2025 Annual Report.

#### Note 2. Earnings per Share

The Company utilizes the two-class method for computing and presenting earnings per share. The Company currently has one class of Common Stock (the "Common Stock") and one class of cumulative convertible participating Preferred Stock currently outstanding, Series E (the "Preferred Stock"). Under its terms, the Preferred Stock is entitled to participate in any cash dividends on a one-for-one basis for the equivalent converted common shares if the Preferred Stock were to be converted by the holder by the dividend record date; therefore, the Preferred Stock is considered a participating security requiring the two-class method for the computation and presentation of net income per share – basic.

The two-class computation method for each period segregates basic earnings per common and participating share into two categories: distributed earnings per share (i.e., the Preferred Stock stated dividend) and undistributed earnings per share, which allocates earnings after subtracting the Preferred Stock dividend to the total of weighted average common shares outstanding plus equivalent converted common shares related to the Preferred Stock. Basic earnings per common and participating share exclude the effect of Common Stock equivalents, and is computed using the two-class computation method.

Diluted earnings per share reflects the potential dilution that could result if securities or other contracts to issue Common Stock were exercised or converted into Common Stock. Diluted earnings per share continue to be computed using the if-converted method. Diluted earnings per share assumes the exercise of stock options and warrants using the treasury stock method. If the effect of the conversion of any financial instruments would be anti-dilutive, it is excluded from the diluted earnings per share calculation.

As of both May 30, 2025 and May 24, 2024, there was \$12,127 of cumulative convertible participating Series E Preferred Stock convertible at an exercise price of \$1.98 per share, equating to 6,124,567 shares of Common Stock, originally issued in July 2009.

As of May 30, 2025 and May 24, 2024, there were outstanding options to purchase the Company's Common Stock at an average price of \$1.08 and \$0.88 totaling 1,706,950 and 717,950 shares, respectively. Due to the conversion price of Common Stock options, 0 and 224,500 shares were excluded from the calculation of diluted earnings per share as of May 30, 2025 and May 24, 2024, respectively, because the effect of their conversion would be anti-dilutive.

In accordance with provisions in the Company's Stock Plan, Environmental Tectonics provides for net exercise, where a holder of options can sell shares back to Environmental Tectonics to pay for the exercise with the remaining net shares belonging to the option holder as restricted stock. The shares "purchased" by the Company are recorded as Treasury Stock. 51,218 Treasury shares were purchased by the Company during the current quarter.

#### Note 3. Revenue

The majority of our net sales are generated from long-term contracts with foreign and U.S. governments and agencies (including foreign military sales ("FMS") contracted through the U.S. Government) for the research, design, development, manufacture, integration, and sustainment of ATS products, including Chambers and the simulators manufactured and sold through ETC-PZL, collectively, ATS as well as long-term contracts with domestic and international customers for the sale of Sterilizer systems. The Company also enters into long-term contracts with domestic customers for the sale of ETSS. Net sales of ADMS are generally much shorter term in nature and vary between domestic and international customers. We generally provide our products and services under fixed-price contracts.

Sales backlog (i.e., unfulfilled or remaining performance obligations) represents the sales we expect to recognize for our products and services for which control has not yet transferred to the customer. The estimated consideration is determined at the outset of the contract and considers the risks related to the technical, schedule, and cost impacts to complete the contract and an estimate of any variable consideration. We review these risks on a quarterly basis and may increase or decrease backlog accordingly. As the risks

(Dollars in thousands, except per share information)

on such contracts are successfully retired, the estimated consideration from customers may be reduced, resulting in a reduction of backlog without a corresponding recognition of sales. As of May 30, 2025, our ending sales backlog was \$72.5 million. We expect to recognize approximately 78% over the next twelve (12) months and approximately 95% over the next twenty-four (24) months as revenue, with the remainder recognized thereafter.

Comparability of our segment sales, operating income, and operating margin may be impacted favorably or unfavorably by changes in profit booking rates on our contracts for which we recognize revenue over a period of time using the percentage-of-completion cost-to-cost method to measure progress towards completion. Increases in the profit booking rates, typically referred to as risk retirements, usually relate to revisions in the estimated total costs to fulfill the performance obligations that reflect improved conditions on a particular contract. Conversely, conditions on a particular contract may deteriorate, resulting in an increase in the estimated total costs to fulfill the performance obligations and a reduction in the profit booking rate. Increases or decreases in profit booking rates are recognized in the current period and reflect the inception-to-date effect of such changes.

The aggregate impact of adjustments in contract estimates to net income are presented below:

	Thirtee	en wee	ks en	ided May	y <b>30</b> ,	2025	Т	hirteen v	week	s ended N	May 2	4, 2024
	Aerospa	ice	(	CIS	-	Γotal	Ae	rospace		CIS	,	Total
Net income attributable to												
adjustments in contract estimates	\$	39	\$	(102)	\$	(63)	\$	(313)	\$	(33)	\$	(346)

The following schedule presents the Company's net sales by segment, business unit, and geographic area flux report:

		Thir	5	Thirteen weeks ended May 24, 2024																																									
	Do	mestic		U.S. Gov't												Inter- national		Inter- national										Total		Total		Domestic		Domestic		Domestic		Domestic		.S. ov't	Inter- national			Total	
Aerospace Solutions																																													
Aircrew Training Solutions (ATS)	\$	158	\$	551	\$	10,435	\$	11,144	\$	221	\$	276	\$	5,874	\$	6,371																													
Simulation (ADMS)		49		327		467		843		8		-		778		786

The Company's percentage of total recognized revenue by type of revenue was as follows:

Type of Revenue	Thirteen weeks ended May 30, 2025	Thirteen weeks ended May 24, 2024
Products	90.6%	85.7%
Maintenance and support agreements	5.8%	9.6%
Services	2.0%	3.2%
Spare parts	1.6%	1.5%
Total	100.0%	100.0%

(Dollars in thousands, except per share information)

#### Note 4. Leases

The Company determines if an arrangement is a lease at the inception date. On the Consolidated Balance Sheets, operating leases are included in Right-of-use asset, with the related liabilities included in either Current portion of lease obligations or Lease obligations, non-current. Also on the Consolidated Balance Sheets, finance leases are included in Property, plant, and equipment, at cost, net, with the related liabilities included in either Other accrued liabilities, current, or Other accrued liabilities, non-current.

Right-of-use assets and operating lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at commencement date. If a lease does not implicitly state a rate, the Company uses its incremental borrowing rate based on the information available at commencement date in determining the present value of future payments. Variable components of the lease payments such as fair market value adjustments, utilities, and maintenance costs are expensed as incurred and not included in determining the present value. Lease expense for minimum lease payments are recognized on a straight-line basis over the lease term.

The Company leases certain premises and office equipment under operating leases. As of May 30, 2025, these leases have remaining lease terms of five (5) months to forty-nine (49) months, with a weighted average remaining lease term of approximately thirty (30) months. Maturities of operating lease liabilities are as follows:

Fiscal Year	<b>Amount</b>
2026	\$ 2,205
2027	2,267
2028	788
2029	490
2030	 142
Total lease payments	5,892
Less: imputed interest	 (532)
Total future long-term debt obligations	5,360
Less: current portion	(2,436)
Total future long-term debt obligations, less current portion	\$ 2,924

Total operating lease expense was \$738 for the 2026 first fiscal quarter. For the 2026 first fiscal quarter, cash payments against operating lease liabilities totaled \$625.

#### Note 5. Long-Term Obligations

On May 23, 2023, the Company entered into an amendment to the September 28, 2012 Loan Agreement with PNC Bank that provided for, among other things, the following:

- (i) The maturity date of the 2016 PNC Credit Facilities was extended from June 30, 2023 to June 30, 2024.
- (ii) Loans under the Line of Credit shall bear interest at a variable rate per annum equal to the sum of (A) Daily Simple SOFR plus (B) an unadjusted spread of two hundred seventy five basis points (2.75%) plus (C) a SOFR adjustment of ten basis points (0.10%).
- (iii) Provided the ability for ETC to utilize our accounts receivable and inventory as collateral for additional borrowings with alternative lenders.

On May 6, 2024, the Company entered into an amendment to the September 28, 2012 Loan Agreement with PNC Bank that extended the maturity date of the 2016 PNC Credit Facilities from June 30, 2024 to June 30, 2025.

On May 13, 2025, the Company entered into an amendment to the September 28, 2012 Loan Agreement with PNC Bank that extended the maturity date of the 2016 PNC Credit Facilities from June 30, 2025 to June 30, 2026.

(Dollars in thousands, except per share information)

#### Summary of Long-Term Debt Obligations

Long-term debt obligations consist of the following:

	May 30, 2025	Febr	uary 28, 2025
Credit facility payable to PNC Bank	\$ 14,885	\$	14,240
Automobile Loan	44		45
Credit facility payable to Spoldzielczy Bank	 499		190
Total long-term debt obligations, net of debt issuance costs	15,428		14,475
Less: current portion	 (7)		(7)
Total long-term debt obligations, less current portion, net of debt issuance costs	\$ 15,421	\$	14,468

#### **Note 6. Income Taxes**

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial and tax reporting purposes, as well as the valuation of net operating loss ("NOL") carryforwards and research and development tax credits. Valuation allowances are reviewed each fiscal period to determine whether there is sufficient positive or negative evidence to support a change in judgment about the potential realization of the related deferred tax asset. Deferred tax assets and liabilities are offset and presented as a single non-current asset.

Generally, accounting standards require companies to provide for income taxes each quarter based on their estimate of the effective tax rate for the full year. The authoritative guidance for accounting for income taxes allows use of the discrete method when, in certain situations, the actual interim period effective tax rate may be used if it provides a better estimate of income tax expense.

An income tax provision of \$390 thousand and \$20 thousand was recorded in the 2026 first quarter and the 2025 first quarter, respectively. Effective tax rates were 23.2% and 1.4% for the 2026 first quarter and the 2025 first quarter, respectively. As of May 30, 2025, the Company had approximately \$8,300 of federal NOL carryforwards available to offset future income tax liabilities, \$1,766 of which will expire at various dates through 2045. As of February 28, 2025 the Company reviewed the components of its deferred tax assets and determined, based upon all available information, that it is more likely than not that deferred tax assets relating to its federal deferred tax assets and certain state deferred tax assets will be realized. Accordingly, during the 4<sup>th</sup> quarter of fiscal 2025 we reversed the previously recorded valuation allowance against these deferred tax assets. If in the future there is a change in our ability to realize these deferred tax assets, then our tax valuation allowance may increase in the period in which we determine that realization is less likely than not.

#### Note 7. Commitments and Contingencies

#### **Other Matters**

Certain other claims, suits, and complaints arising in the ordinary course of business have been filed or are pending against us. We believe, after consultation with legal counsel handling these specific matters, all such matters are reserved for or adequately covered by insurance or, if not so covered, are without merit or are of such kind, or involve such amounts, as would not be expected to have a significant effect on our financial position or results of operations if determined adversely against us.

(Dollars in thousands, except per share information)

#### **Note 8. Subsequent Events**

The Company has evaluated subsequent events through July 11, 2025 the date of issuance of its consolidated financial statements, and determined that there were no material subsequent events other than disclosed below requiring adjustment to, or disclosure in, the consolidated financial statements for the thirteen weeks ended May 30, 2025.

#### Sales Leaseback

On June 16, 2025, the Company closed a transaction to sell and lease back finished goods inventory located in Southampton, Pennsylvania. Under the terms of the sale agreement, the finished goods inventory, with a net book value of \$1,080 were sold for pretax net proceeds of \$2,000, resulting in a net gain on the sale of approximately \$920. In connection with the sale, the Company entered into an Agreement of Lease ("Lease") with VFI Corporate Finance ("Lessor") for Lessor to lease back to the Company the assets sold. The assets have been leased back for an initial term of forty-eight (48) months ("Initial Term"), and the Lease includes specified end of initial lease term provisions including extending the lease for an additional year, return of the equipment to the Lessor or purchase the equipment at a pre-negotiated price. Net rent expense for the Lease is \$600 annually. Proceeds from the sale are being used for additional working capital financing to perform the backlog of existing projects.

#### Management's Discussion and Analysis

#### **Forward-looking Statements**

Discussions of some of the matters contained in this Annual Report to Shareholders include forward-looking statements that may involve risks and uncertainties. Some of these discussions are contained in the Letter to the Shareholders, and some are contained under the caption "Management's Discussion and Analysis of Financial Condition and Results of Operations". We have based these forward-looking statements on our current expectations and projections about future events or future financial performance, which include implementing our business strategy, developing and introducing new technologies, obtaining, maintaining and expanding market acceptance of the technologies we offer, and competition in our markets. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about ETC, the economy and other factors, that may cause actual results, levels of activity, performance, or achievements to be materially different from any future results, levels of activity, performance, or achievements expressed or implied by these forward-looking statements.

These forward-looking statements include statements with respect to the Company's vision, mission, strategies, goals, beliefs, plans, objectives, expectations, anticipations, estimates, intentions, financial condition, results of operations, future performance, and business of the Company, including, but not limited to, (i) projections of revenues, costs of materials, income or loss, earnings or loss per share, capital expenditures, growth prospects, dividends, capital structure, other financial items, and the effects of foreign currency fluctuations, (ii) statements of our plans and objectives of the Company or its management or the Company's Board of Directors (the "Board of Directors"), including the introduction of new products, or estimates or predictions of actions of customers, suppliers, competitors, or regulatory authorities, (iii) statements of future economic performance, (iv) statements of assumptions and other statements about the Company or its business, (v) statements made about the possible outcomes of litigation involving the Company, (vi) statements regarding the Company's ability to obtain financing to support its operations and other expenses, and (vii) statements preceded by, followed by, or, that include, words such as "may", "will", "should", "expect", "plan", "anticipate", "believe", estimate", "future", "predict", "potential", "intend", or "continue", and similar expressions. These forward-looking statements involve risks and uncertainties that are subject to change based on various important factors. Some of these risks and uncertainties, in whole or in part, are beyond the Company's control.

#### **Results of Operations**

#### Thirteen weeks ended May 30, 2025 compared to thirteen weeks ended May 24, 2024

Due to the nature of our business, we have historically experienced significant variability in our quarterly revenues, earnings, and other operating results, and our performance may fluctuate significantly in the future.

#### Summary Table of Results

(unaudited)

		Thirteen we	eeks				
(in thousands, except per share information)	Ma	y 30, 2025		May 24, 2024	1	Variance (\$)	Variance (%)

Diluted earnings per share	\$	0.07	\$	0.08	\$	(0.01)	

#### Net Income

Net income was \$1.3 million, or \$0.07 diluted earnings per share, in the 2026 first fiscal quarter, compared to net income of \$1.4 million during the 2025 first fiscal quarter, or \$0.08 diluted earnings per share. The \$0.1 million decrease is primarily attributable to a \$0.4 million, or 385.3% increase in interest expense, net and a \$0.4 million, or 1850.0% increase in income tax provision in the 2026 first fiscal quarter as compared to 2025 first fiscal quarter partially offset by the net effect of a \$0.9 million increase in ATS net sales, excluding the Aeromedical center building revenue, and a \$0.7 million decrease in Commercial/Industrial Systems ("CIS") net sales, and a \$0.5 million decrease in operating expenses.

#### Net Sales

Net sales in the 2026 first fiscal quarter were \$17.6 million, an increase of \$4.1 million, or 30.5%, compared to 2025 first fiscal quarter net sales of \$13.5 million. The increase in net sales was mainly a result of a \$4.8 million, or 74.9% increase in ATS sales, \$3.9 million of which relates to aeromedical center building revenue, slightly offset by a \$0.8 million, or 14.2% decrease in Sterilizer Systems sales in the 2026 first fiscal quarter as compared to 2025 first fiscal quarter.

#### **Gross Profit**

Gross profit for the 2026 first fiscal quarter was \$4.7 million (26.5% of net sales) compared to \$4.5 million in 2025 first fiscal quarter (33.6% of net sales). The decrease in gross profit margin as a percentage of sales was a direct result of the increase in aeromedical center building revenue within the ATS business unit, which is lower margin than ETC's core businesses as the work is being performed by a sub-contracted construction firm. Excluding the impact of the aeromedical center building revenue, gross profit margin was 34.3% for first fiscal quarter 2026 as compared to 33.9% for first fiscal quarter 2025.

## **Environmental Tectonics Corporation Management's Discussion and Analysis, continued**

#### **Operating Expenses**

Operating expenses, including sales and marketing, general and administrative, and research and development, for the 2026 first fiscal quarter were \$2.5 million, a decrease of \$0.5 million, or 16.0%, compared to \$3.0 million for the 2025 first fiscal quarter. The decrease in operating expenses was due primarily to lower research and development expense at ETC-PZL in 2026 first fiscal quarter as compared to 2025 first fiscal quarter. In 2025 first fiscal quarter, ETC-PZL had limited sales which resulted in employees working on non-chargeable research and development projects.

#### **Operating Income**

Operating income for the 2026 fiscal first quarter was \$2.2 million, an increase of \$0.6 million, or 39.4%, compared to \$1.6 million for the 2025 first fiscal quarter. The increase in operating income is attributable to the net effect of a \$0.9 million increase in ATS net sales, excluding the Aeromedical center building revenue, and a \$0.7 million decrease in Commercial/Industrial Systems ("CIS") net sales, and a \$0.5 million decrease in operating expenses.

#### Interest Expense, Net

Interest expense, net, for the 2026 first fiscal quarter was \$0.6 million compared to \$0.1 million in the 2025 first fiscal quarter, an increase of \$0.4 million, or 385.3%, reflecting increased borrowing attributable to the leaseback of the demonstration equipment in 2025 fourth fiscal quarter.

#### **Income Tax Provision**

Income tax provision for the 2026 first fiscal quarter was \$0.4 million compared to \$0.0 million in the 2025 first fiscal quarter, an increase of \$0.4 million, or 1850.0%. The increase is a non-cash tax expense attributable to the utilization of our Net Operating Loss (NOL) carryforward for which a deferred tax asset was established in the fourth quarter of fiscal 2025.

#### Cash Flows from Operating, Investing, and Financing Activities

During the 2026 first fiscal quarter, cash flows used in operating activities were \$2.7 million, a decrease of \$5.6 million compared to cash flows provided by operating activities of \$2.9 million during 2025 first fiscal quarter. Cash flows during the 2026 first fiscal quarter primarily decreased as a result of an increase in accounts receivable, net, slightly offset by an increase in accounts payable, trade for 2026 first fiscal quarter as compared to 2025 first fiscal quarter.

Cash used for investing activities primarily relates to funds used for capital expenditures of equipment and software development. The Company's investing activities used \$0.1 million during the 2026 and 2025 first fiscal quarter.

The Company's financing activities provided \$1.0 million of cash during the 2026 first fiscal quarter from borrowings under the Company's credit facility as compared to repayments under the Company's credit facility of \$3.1 during the 2025 first fiscal quarter.

#### Item 6. Description of Facilities

We are an ISO 9001 certified manufacturer. We operate in four major locations consisting of manufacturing facilities, product development, and administration. A summary of square footage and use is presented below:

	Approximate		Owned/	
Location	Square Footage	Function	Leased	Segment
Southampton, Pennsylvania	83,800	Manufacturing (36,000 sq. ft.), NASTAR Center (22,100 sq. ft.), and Corporate Headquarters (25,700 sq. ft.)	Leased	Aerospace CIS
Huntingdon Valley, Pennsylvania	13,087	Storage facility	Leased	Aerospace CIS
Orlando, Florida	6,656	Product development and administration	Leased	Aerospace
Warsaw, Poland	28,000	Manufacturing, product development, and administration	Leased	Aerospace
Ankara, Turkey	1,940	Software development	Leased	Aerospace CIS
Total	133,483			

We consider our machinery and plant to be in satisfactory operating condition, and adequate given our expected operations. Significant increases in the level of operations beyond what we expect in the current fiscal year might require us to obtain additional facilities and equipment.

Item 7. Officers, Directors, and Control Persons

	Name / Address **	Title	Ownership Percentage
Directors and Executive Officers:	George K. Anderson, M.D.	Chairman of the Board of Directors	1.3%
