Demand Brands, Inc.
Notes to the Consolidated Financial Statement
June 30, 2025

NOTE 1: NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

The Company

Demand Brands, Inc. (the “Company”) was incorporated on March 8, 2005, under the laws of the State of Washington. The Company identifies, develops, and acquires business in emerging sectors. The Company transformed itself into a vertically integrated Cannabis US Based organization in the 2nd quarter of 2021.

In the 1st quarter of 2022, the Company acquired CF3 SPV I, LLC, (“CF3”) which included an existing cannabis consultancy; marketing rights to an Agricultural Technology intellectual property for both nutrients and mold defense, and national brand management including a best-in-class Standard Operating Procedure, (“SOP”) implementation business. The Company transacted via of a new Series E preferred share class issuance. As part of the transaction, a new management and board was elected and appointed.

On March 7, 2022, the Company announced it had completed the acquisition of CF3 SPV I, LLC, (“CF3”), in an all-stock transaction. CF3's unit holders received convertible Series E Preferred shares.

On March 18, 2022, the Company announced a new incoming management team and four new board members. The Company operated the cannabis business through fiscal 2022 and 2023 with some success and growth however given ongoing issues within the legal cannabis industry, particularly in California, the Board of the Company in close consultation with the majority shareholder ultimately decided that a complete new change of direction was necessary to create shareholder value and it was decided the Company would spin out a majority of the cannabis businesses and redeem the consideration paid.

In connection with the spin out and operational changes on Oct. 15, 2024, the Board and CEO of the Company resigned electing a new CEO and sole Director to change the direction and trajectory of the Company. On Nov. 15, 2024 the Company filed Amended Articles of Incorporation with the Washington Secretary of State changing its name to Biojet Ventures, Inc. The Company has divested the cannabis focused assets acquired from CF3 and cancelled the Preferred Series E Shares. The Company holds a 10% interest in Viridi Farms, a farm management and support services company. The Company filed a Corporate Action with FINRA for a name change, a symbol change and a reverse split of 1:5000. FINRA is reviewing and processing the requested corporate actions.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (“SEC”). In the opinion of management, all adjustments necessary for the financial statements to be not misleading have been reflected herein as the data has been presented to present management.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. The actual results could differ from the estimates.

Cash Equivalents

The Company considers marketable securities, bank certificates of deposit and other readily liquid instruments as cash equivalents. Securities, if held, are valued at the market price as of the end of the accounting period.

Property and Equipment

The Company owns certain equipment related to its business and the capital assets are being depreciated over their estimated useful lives using the straight-line method of depreciation on an annualized basis.

Demand Brands, Inc.
Notes to the Consolidated Financial Statement
June 30, 2025

Fair Value of Financial Instruments

The Company's financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued interest. The carrying amount of these financial instruments approximates fair value given prevailing market rates or a reasonable estimate of market value unless otherwise disclosed in these financial statements. The Company has hired Stanton Park Advisors to conduct a third-party valuation of the acquired CF3 business interests and enterprise value. The valuation was subsequently completed.

Income Taxes

The Company uses the asset and liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statements carrying amounts of assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. We evaluate deferred tax assets to determine whether it is more likely than not that they will be realized.

Basic and Diluted Income (Loss) Per Share

Basic earnings (loss) per common share is computed by dividing net income or (loss) available to common stockholders by the weighted average number of common shares outstanding and are calculated to a maximum of .00000 percent. Diluted earnings per common share is computed similar to basic earnings per common share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. On June 30, 2025, the Company had no stock equivalents that were anti-dilutive and excluded in the earnings per share computation and the Company's earnings and loss per share are only calculated and published on an annual basis.

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the results of its operations, financial position, or cash flows.
