Security Description:

The information below provides a summary of the material rights and privileges for each class of the equity securities issued by the Company:

1. For common equity, describe any dividend, voting and preemption rights.

The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of the stockholders, including the election of directors. Except as otherwise provided by law, the holders of common stock vote as one class. Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all shares of common stock that are present in person or represented by proxy, subject to any voting rights granted to holders of any preferred stock. Except as otherwise provided by law, and subject to any voting rights granted to holders of any preferred stock, amendments to the articles of incorporation generally must be approved by a majority of the votes entitled to be cast by all outstanding shares of common stock. Subject to any preferential rights of any outstanding series of preferred stock created by our Board of Directors from time to time, the common stockholders will be entitled to share pro rata such cash dividends as may be declared from time to time by the Board from funds available. Subject to any preferential rights of any outstanding series of preferred stock, upon liquidation, dissolution or winding up of our Company, the common stockholders will be entitled to receive pro rata all assets available for distribution to such holders. There are no preemptive rights available to shareholders of our common stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

The Company is authorized to issue 25,000,000 shares of preferred stock, \$0.001 par value. Our Board of Directors is vested with authority to divide the shares of preferred stock into one or more classes or series with such distinctive designation or title as they may affix. Each such class or series of preferred stock shall have such voting rights, full or limited, or no voting powers, and such preferences and relative, participating, optional or other special rights and such qualifications, limitations or restrictions thereof, as shall be stated in such resolution or designation for issuance of such class or series as may be adopted by the Board of Directors prior to the issuance of any share thereof, all in accordance with applicable law.

Pursuant to a Certificate of Designation filed on July 16, 2014 with the Nevada Secretary of State, a series of preferred stock was designated by the Board of Directors as Series 2014A Preferred Stock which consists of 1,000 shares, all of which are currently issued and outstanding. For so long as any shares of the Series 2014A Preferred Stock remain issued and outstanding, the holders thereof shall have the right to vote on all shareholder matters with the number of votes being equal to all shares of common stock then issued and outstanding plus an additional ten thousand (10,000) shares. The Series 2014A Preferred Stock do not have any dividend rights, liquidation preference, conversion rights or preemptive rights. The holders of Series 2014A Preferred Stock have a right for the Company to redeem their respective shares only upon the consent and approval of the terms and conditions of redemption obtained from holders of at least 66-2/3% of all outstanding shares of Series 2014A Preferred Stock.

Pursuant to a Certificate of Designation filed on September 14, 2020 with the Nevada Secretary of State, a series of preferred stock was designated by the Board of Directors as Series B Preferred Stock which consists of 24,999,000 shares, of which 21,499,000 shares are currently issued and outstanding. Except as necessary for redemption, the holders of Series B Preferred Stock have no right to vote on any matter to be voted upon by shareholders of common stock. However, the holders of Series B Preferred Stock are entitled to receive cumulative dividends at the rate of 8% annually, are convertible into one share of common stock (subject to adjustment upon certain events) and upon liquidation have the right, if not converted into common stock, to receive an amount equal to any accrued but unpaid dividends and \$.001 per share for each share of Series B Preferred Stock then owned. Subject to majority approval by holders of Series B Preferred Stock, the Company shall have the right, at its option, commencing on the third anniversary of issuance to redeem, in whole or in part, any or all shares of outstanding Series B Preferred Stock by paying an amount equal to 110% of Stated Value (i.e., \$.001 per share) plus an amount equal to all accrued and unpaid dividends thereon until the date fixed for redemption.

3. Describe any other material rights of common or preferred stockholders.

In connection with the issuance of each share of Series B Preferred Stock, the holder received a Class A Warrant and a Class B Warrant. The original Class A Warrant entitles the holder to purchase one share of the Company's common stock at an exercise price of \$0.02 per share for a three-year term. As of February 10, 2024, a total of 312,500 Class A Warrants had been exercised and all remaining original Class A Warrants have expired. The original Class B Warrant entitles the holder to purchase one share of the Company's common stock at an exercise price of \$0.03 per share for a period ending on the earlier of (i) five (5) years after date of issuance of the holder's Class A Warrant or (ii) two (2) years after the last date on which the holder exercised rights under the holder's Class A Warrant. As of August 14, 2025, 749,950 of the original Class B Warrants remain outstanding and 500,000 have expired.

4. Describe any material modifications to the rights of the holders of the company's securities that have occurred over the reporting period covered by this report.

As a result of the market effectiveness of the 20-for-1 reverse stock split of the Company's common stock on August 2, 2023, the following modifications occurred with respect to rights of holders of certain securities of the Company:

- The holders of Series B Preferred Stock issued and outstanding received a new, adjusted conversion right whereby twenty (20) shares of Series B Preferred Stock are henceforth converted into one (1) share of the Company's common stock;
- The holders of the 18,749,000 Class A Warrants issued and outstanding had the number of Warrants shares decreased to 937,450 Class A Warrants and the Exercise Price for each such Warrant increased to \$0.40 per Warrant share. As of February 10, 2024 all remaining Class A warrants have expired; and
- The holders of the 24,999,000 Class B Warrants issued and outstanding had the number of Warrants shares decreased to 1,249,950 Class B Warrants and the Exercise Price for each such Warrant increased to \$0.60 per Warrant share. As of August 14, 2025, 749,950 of the original Class B Warrants remain outstanding and 500,000 have expired.

Item 4. Issuer's Business, Products and Services.

A. Summary of the Issuer's Business Operations.

Current Operations

The Company commenced a transition in its business focus and operations as a result of the sale of its eCommerce business on July 8, 2022 under the terms of an Asset Purchase Agreement entered into with Stonewall Enterprises, Inc. (an entity controlled by Brandon Vallorani, a former director of the Company). After the sale of its eCommerce business, the Company, through its wholly owned subsidiary DeDonato Enterprises, LLC, concentrated and focused upon those aspects of its business which were retained and not sold including, without limitation, providing website hosting, design, marketing/advertising and monetarization services, providing consulting services to a conservative/libertarian audience and continued operation of a marquis site www.flagandcross.com.

Commencing in early 2023, the Company evaluated business opportunities to purchase and acquire specific assets from existing companies which would provide the Company with the ability to focus upon aspects of the broadcast media business dealing with streaming news and conservative leaning editorial commentary via show hosts. Such efforts resulted in the Company entering into several asset purchase transactions with existing companies, each transaction being described in Item 1 above (acquisitions in last 12 months) and also described below under the "Material Contracts" heading of this Item 4A.

Currently, specific aspects of the Company's broadcast media business are being operated and conducted by separate recently formed, wholly owned subsidiaries of the Company as follows:

- AMP News, Inc. (a Nevada wholly owned subsidiary of the Company) was formed to conduct and operate the independent broadcast media, news and entertainment business promoting patriot and conservative values to a conservative audience as originally purchased and acquired from American Media Periscope LLC in late September, 2023. AMP News, Inc. currently has minimally, if any, business activities and no significant operations involving broadcast media assets previously acquired from American Media Periscope LLC.
- Patriot.TV, Inc. (a current Florida majority owned subsidiary of the Company) currently owns, conducts and operates the Patriot.TV streaming news network and related platforms which promote and provide media, news and entertainment to a Christian audience as purchased and acquired from LTV Streaming, Inc. in late December, 2023. Patriot.TV, Inc. now provides streaming talk shows via show hosts delivering news, analysis and commentary from a conservative perspective. Some of the talk shows are produced by Patriot.TV, Inc. while other talk shows are feeds accepted by Patriot.TV, Inc. to run on its platform. In addition, Patriot.TV.store has an e-commerce streaming site launched in the first quarter of 2024. This site can be accessed by clicking a button on Patriot.TV or going to the Patriot.TV.store web page.

On May 16, 2024, Mr. Brannon Howse's legal counsel advised the Company of Mr. Howse's resignation as President of Patriot.TV, Inc., effective immediately.

During July 2024, the Company completed the audit of the December 31, 2023 and 2022 financial statements and notes by a PCAOB registered auditing firm. The Company has elected to suspend auditing the financial statements and notes until such time as it is economically feasible for the Company.

The Company's CEO hosts a political and economic show called The Schaftlein Report. The show can be viewed each week on Saturday and Sunday at 3:00 p.m. EST at www.schaftleinreport.com. The report may also be viewed at 3:00 p.m. EST on www.facebook.com, www.rumble.com, www.youtube.com, Apple I tunes, Amazon Audible, Spotify and iHeartRadio. Material Contracts

Contracts Concerning the sale of eCommerce Business. Subsequent to the sale of its eCommerce business on July 8, 2022 to Stonewall Enterprises, Inc. (an entity controlled by Brandon Vallorani, a former director of the Company), the Company has entered into certain amendments and related agreements with Stonewall Enterprises, Inc. which are described below.

On April 5, 2023, the Company signed the Second Amended Purchase Agreement with Stonewall Enterprises (an entity controlled by Brandon Vallorani, a former director of the Company). The agreement modifies the July 8, 2022, Asset Purchase Agreement with Stonewall Enterprises Inc. to provide a credit against the \$40,000 payment due on January 9, 2023 in the form of 7,086,330 pre-split shares of the Company's common stock owned by Mr. Vallorani and assigned to the Company. The stock was valued at \$40,000 or \$0.005645 per share. The Company cancelled these shares in May 2023. The agreement extended the \$40,000 payment due on April 9, 2023 from Stonewall to April 9, 2024. In addition, the agreement extends the last \$6,909 monthly payments due on February 15, 2023 to September 15, 2023 and extends the March 15, 2023 and April 15, 2023 monthly payments of \$7,018 to October 15, 2023 and November 15, 2023, respectively. At December 31, 2023, the Company wrote off 90% or \$230,045 of the balance due to the Company as uncollectable. On September 30, 2024, the Company wrote off the remaining \$9,896 balance due to the Company as uncollectable.

Contracts Concerning the Purchase of Broadcast Media Businesses or Assets. The agreements pursuant to which the Company purchased and acquired broadcast media businesses and/or assets are described below.

American Media Periscope LLC Transaction and Subsequent Events. On September 22, 2023, the Company executed and entered into an Asset Purchase Agreement (the "Agreement") with AMP News, Inc. ("AMP News")(being newly formed, wholly owned Company subsidiary), American Media Periscope LLC ("American Media") and the two members of American Media. Under the Agreement, AMP News purchased and acquired all of the assets owned and employed by American Media in connection with its operation of an independent broadcast media, news and entertainment business promoting patriot and conservative values to its conservative audience (such assets included \$250,000 cash in American Media's bank account). As consideration for the acquired assets, AMP News issued and delivered a \$2,000,000 non-interest-bearing note payable to American Media over 4 years (the "\$2M Note"), which payment obligation was guaranteed by the Company. In addition, the Company issued 2,000,000 restricted shares of its common stock to American Media. As a result of this acquisition, AMP News would conduct and operate the subject broadcast media business devoted to providing political, financial, education, and related news to conservative and patriotic audiences.

On December 28, 2023, the \$2M Note was assigned by American Media to AMP, an irrevocable trust (John Chambers the control person). On January 19, 2024, all obligations due and owing under the \$2M Note were amended and restated in its entirety (the "Restated Note") which included, without limitation, a new monthly payment schedule extending maturity date to February 15, 2029.

During June 2024, the Company discovered the non-interest bearing note payable from the September 22, 2023, acquisition by AMP News, Inc. was improperly valued. The note payable for \$2,000,000 payable to American Media Periscope LLC was missing the debt discount for the imputed interest. As a result, the financial statements and notes were restated for September 30, 2023, December 31, 2023 and March 31, 2024. The discount was valued at \$443,459 and will be reported as interest expense over the term of the note payable.

The Company was delinquent in monthly payments due commencing in September, 2024 and thereafter while a \$1,890,00 balance was due and owing under the Restated Note. The note balance at February 19, 2025 was \$1,611,990 (net of discount of \$278,010). Effective as of February 19, 2025, a Settlement Agreement between the Company, AMP News, Inc., AMP, AMP LLC and John Chambers was entered into whereby, among other things, (a) \$1,611,990 (net of discount of \$278,010) balance was replaced by a new \$110,000 Note made by AMP News (obligations guaranteed by the Company) payable in monthly installments over approximately two years, (b) a \$50,000 cash payment was made on the Restated Note, (c) \$175,000 due and owing under the Restated Note was converted by AMP into 3,500,000 restricted shares of the Company's common stock, (d) an additional \$400,000 due on the Restated Note was reserved for assignment by AMP, without additional consideration, to person(s) and/or entities designated by the Company and (e) the remaining \$885,324 due under the Restated Note was cancelled and extinguished. The \$400,000 remaining under the Restated Note will be extinguished and/or assigned over the next six (6) months. On February 19, 2025, the Company announced that it had reduced its overall debt by approximately 44% as a result of the foregoing restructuring embodied in the terms of the foregoing Settlement Agreement.

On July 8, 2025 the Company announced that the Company's wholly owned subsidiary, Patriot.TV, is adding of two new broadcast programs: "The Wayne Dupree Show" and "This Is My Show with Drew Berquist". These two conservative voices bring decades of influence, military service, media credentials, and raw grassroots energy to the network. The expansion marks the first wave of programming under the leadership of new network president JD Rucker, a veteran media strategist and digital visionary who has vowed to make Patriot.TV the go-to platform for authentic, fearless, and unfiltered conservative media.

On July 31, 2025 the Company announced that the Company's majority owned subsidiary, Patriot.TV, Inc. entered into a strategic partnership with Evergreen Media Partners. Under the agreement, Evergreen Media Partners will have direct access to Patriot.TV's suite of conservative media channels and marquee programming as a Patriot.TV advertiser to enhance revenue growth.

If the Company's subsidiary Patriot.TV, Inc. is unable to secure additional advertising or sponsorship agreements, its ability to continue further operations will be severely impacted. This would require significant downsizing of operations and/or cessation of business operations for Patriot.TV, Inc.

Securities Purchase Agreements. The Company has entered into several agreements for the purchase and sale of its common stock and/or investment units which are described below.

During October and December 2023, three persons executed and delivered separate Securities Purchase Agreements to acquire 1,750,000 units of the Company's securities for an aggregate amount of \$175,000 or \$0.10 per unit. Each unit consists of one (1) share of the Company's restricted common stock and a warrant granting the holder the right to purchase one (1) share of the Company's common stock at \$0.20 per share. Each warrant expires on December 31, 2025.

On January 24, 2024, one person executed and delivered a Securities Purchase Agreement to acquire 1,000,000 units of the Company's securities for \$100,000 or \$0.10 per unit. Each unit consists of one (1) share of the Company's restricted common stock and a warrant granting the holder the opportunity to purchase one (1) share of the Company common stock at \$0.20 per share. The warrant expires on December 31, 2025.

During February 2024, an individual executed and delivered two separate Securities Purchase Agreements to acquire certain shares of the Company's common stock. Under the initial Securities Purchase Agreement, the individual acquired 2,000,000 restricted shares of the Company's common stock for \$250,000 or \$0.125 per share. Under the second Securities Purchase Agreement, the individual acquired 2,500,000 restricted shares of the Company's common stock for \$500,000 or \$0.20 per share.

Other Items.

On January 29, 2024, the Company granted a director 2,000,000 restricted shares of the Company's common stock for service to the Company, which stock was valued at \$376,000 or \$0.188 per share. In addition, the director received a Warrant to acquire up to 1,000,000 shares of the Company's common stock at \$0.135 per share. The warrant expires on July 31, 2025.

Subsequent to the sale, on July 8, 2022, of its eCommerce business to Stonewall Enterprises, Inc. (an entity controlled by Brandon Vallorani, a former director), the Company concentrates and focuses upon those aspects of its businesses which were retained. Thus, the Company will continue to provide website hosting, design, marketing/advertising and monetization services in addition to operating www.flagandcross.com. Finally, the Company continues to own an extensive email database that we periodically rent and/or sell a small portion thereof.

Patriot.TV, Inc., a majority owned subsidiary of the Company, now conducts and operates the streaming news network and other related assets (including, social and email assets, video-on-demand platform, various distribution assets) which promote and provide media, news and entertainment to a Christian audience as acquired on December 27, 2023 from LTV Streaming, Inc. Currently, Patriot.TV, Inc., through various show hosts, provides streaming talk shows delivering news, analysis and commentary from a conservative perspective. Some of the talk shows are produced by Patriot.TV, Inc. while other talk shows are feeds accepted by Patriot.TV, Inc. to run on its platform.

As it continues transitioning away from the eCommerce business sold in early July, 2022 and pursues its broadcast media business through its wholly owned subsidiary (Patriot.TV, Inc.), the Company envisions that it will continue to seek other business opportunities which are profitable and can be successfully integrated into our existing broadcast media operations and related business activities. There are no assurances as to when, or if, the Company may locate other business opportunities which it may pursue, the extent to which such business opportunities may be profitable, or how easy or difficult any potential business opportunity may be integrated into our retained business operations and activities.

Management's Discussion and Analysis or Plan of Operation.

A. Plan of Operation. For the six months ending June 30, 2025, we generated \$224,073 in revenues and produced a net loss of \$1,714,120. We have had an accumulated deficit since inception of \$20,765,625.

For the foreseeable future, we intend to focus on our broadcast media businesses conducted by Patriot.TV, Inc. However, our operating plan is dependent upon our ability to generate continued revenues from our business operations, conserve existing cash resources and the ability to obtain additional capital through equity financing and/or debt financing in an effort to provide the necessary funds and cash flow to meet our obligations on a timely basis and to operate our current broadcast media businesses in an efficient and economical manner. In the event that we are unable to generate revenues from our broadcast media business operations, conserve existing cash resources and/or obtain the additional and necessary capital, we may have to cease or significantly curtail various portions of our broadcast media business operations. This could materially impact on our ability to continue as a going concern for a reasonable period of time.

Liquidity and Capital Resources

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. Since our inception, we have had limited revenues until October 2020, and, accordingly, have incurred losses from our operations. At June 30, 2025, we have an accumulated deficit since inception of \$20,765,625. For the six months ending June 30, 2025, we achieved \$224,073 of revenues and a net loss of \$1,714,120. We anticipate being able to generate future annual revenues during 2025, but there are no assurances as to the amount of future revenues which may be generated.

As of June 30, 2025, we had cash of \$88,428 and a working capital deficit of \$1,445,206. This compares to cash of \$235,909 and a working capital deficit of \$1,073,876 at December 31, 2024.

B. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Results of Operations for the three months ended June 30, 2025 compared to the three months ended June 30, 2024:

Overview. We had \$30,913 and \$468,816 of revenues for the three months ending June 30, 2025 and 2024, respectively. There were net losses of \$1,714,120 and \$90,037 for the three months ending June 30, 2025 and 2024, respectively. The net loss for the three months ended June 30, 2025 includes income for \$10,380 from a non-controlling interest. The increase in net loss of \$1,623,813 is attributable to the factors discussed below.

Revenues. We generated revenues of \$30,913 and \$468,816 during the three months ending June 30, 2025 and 2024, respectively. The decrease of \$437,903 is attributable to the loss of a key customer during the three months ending September 30, 2024. With the appointment of JD Rucker as President and Chief Operating Officer of Patriot.TV. in June 2025, we are optimistic about the revenues to be generated during the balance of 2025 from Patriot.TV, Inc. in its conduct and operation of its TV streaming news network and other related assets.

Gross Margin. Once the cost of revenue and other expenses to generate revenue are considered, we had gross margins of \$3,103 (being 10% of revenue) and \$190,424 (being 41% of revenue) from our operations for the three months ended June 30, 2025 and 2024, respectively. The \$187,321 decrease in gross margin is attributable to our loss of a key customer during the three months ending September 30, 2024.

Expenses. Our operating expenses were \$225,561 and \$334,732 for the three months ending June 30, 2025 and 2024, respectively. The decrease of \$109,171 was primarily attributable approximate \$139,000 decrease in salaries from downsizing as a result of the loss of a key customer, general and administrative expenses decreased by approximately \$43,000, advertising expenses decreased by approximately \$65,000 and an approximate \$72,000 decrease in amortization and depreciation expense, offset by an approximate \$210,000 increase in profession fees primarily from an approximate \$400,000 decrease to stock-based compensation during the three months ended June 30, 2024 from the resignation of the former President of Patriot.TV, Inc. and a consultant

Other Income (Expense). Our total other income (expense) was (\$1,502,042) and \$54,001 for the three months ended June 30, 2025 and 2024, respectively. The increase of \$1,556,043 in other expense was attributable to a \$1,483,693 impairment charge for AMP Goodwill, AMP News and Patriot.TV intangible assets and AMP News fixed assets during the three months ended March 31, 2025 and a \$114,285 gain on debt extinguishment during the three months ended June 30, 2024, offset by a \$30,135 decrease in interest expense from our convertible notes payable and imputing interest on a note payable and a \$11,800 decrease in other expense related to the change in market value of our marketable securities.

Results of Operations for the six months ended June 30, 2025 compared to the six months ended June 30, 2024:

Overview. We had \$224,073 and \$852,872 of revenues for the six months ending June 30, 2025 and 2024, respectively. There were net losses of \$1,714,120 and \$1,513,081 for the six months ending June 30, 2025 and 2024, respectively. The net loss for the six months ended June 30, 2025 includes income for \$10,380 from a non-controlling interest. The increase in net loss of \$211,265 is attributable to the factors discussed below.

Revenues. We generated revenues of \$224,073 and \$852,872 during the six months ending June 30, 2025 and 2024, respectively. The decrease of \$628,799 is attributable to the loss of a key customer during the three months ending September 30, 2024. With the appointment of JD Rucker as President and Chief Operating Officer of Patriot.TV. in June 2025, we are optimistic about the revenues to be generated in 2025 from Patriot.TV, Inc. in its conduct and operation of its TV streaming news network and other related assets.

Gross Margin. Once the cost of revenue and other expenses to generate revenue are considered, we had gross margins of \$51,891 (being 23% of revenue) and \$381,160 (being 45% of revenue) from our operations for the six months ended June 30, 2025 and 2024, respectively. The \$329,269 decrease in gross margin is attributable to our loss of a key customer during the three months ending September 30, 2024.

Expenses. Our operating expenses were \$577,086 and \$1,898,390 for the six months ending June 30, 2025 and 2024, respectively. The decrease of \$1,321,304 was primarily attributable to an approximate \$332,000 decrease in salaries from downsizing as a result of the loss of a key customer, an approximate \$782,000 decrease in profession fees primarily from an approximate \$735,000 decrease in stock-based compensation from stock granted to new employees and warrant compensation, general and administrative expenses decreased by approximately \$59,000, advertising expenses decreased by approximately \$68,000 and an approximate \$80,000 decrease in amortization and depreciation expense.

Other Income (Expense). Our total other income (expense) was (\$1,209,531) and \$4,149 for the six months ended June 30, 2025 and 2024, respectively. The increase of \$1,213,680 in other expense was attributable to an \$885,324 gain on extinguishment of debt from our January 2025 debt settlement agreement between the Company, AMP News, Inc., AMP, AMP LLC and John Chambers and a \$114,285 gain on extinguishment of debt during the six month ended June 30, 2024 and a \$76,167 decrease in interest expense from our convertible notes payable and imputing interest on a note payable, offset by a \$1,100 decrease in other income related to the change in market value of our marketable securities and a \$2,059,786 impairment charge for AMP Goodwill, AMP News and Patriot.TV intangible assets and AMP News fixed assets.

Capital Structure and Resources

We had total assets of \$1,222,750 as of June 30, 2025, which consisted of \$88,428 cash, \$11,000 marketable securities received for our sale of an asset, accounts receivable of \$1,746, prepaid expenses of \$32,012, fixed assets of \$49,868 (net of accumulated depreciation), intangible assets of \$720,960 (net of accumulated amortization) and \$318,736 of goodwill.

We had total liabilities of \$1,648,658 as of June 30, 2025 consisting of accounts payable for \$97,250, accrued expenses for \$406,288, related party payable of \$248,724, notes payable of \$404,397, short-term convertible notes payable for \$82,500, related party short-term convertible notes payable for \$253,000, dividends payable of \$86,233 from our Class B Preferred Stock and a long term note payable of \$70,266. For further information and details on notes payable and convertible notes which have been issued, see Note 5 (Notes Payable) to the financial statements attached hereto as Exhibit A and information set forth in Item 3 B above. For further information and details on the accrued expenses, see Note 4 (Accrued Expenses) to the financial statements attached hereto as Exhibit A.

At June 30, 2025, we had a total stockholders' equity of \$433,576 and a non-controlling interest deficiency of \$859,484 for a total equity deficiency of \$425,908. The non-controlling interest is a result of the June 17, 2025 sale of a 40% equity interest in Patriot.TV, Inc. (the Company's then wholly owned subsidiary) to a third party. We have had net losses since inception and an accumulated deficit of \$20,765,625 at June 30, 2025.

For the six months ending June 30, 2025 and 2024, we used net cash of \$127,481 and \$342,109, respectively, from operating activities. The Company is experiencing a continuing cash flow deficiency from operating activities which, among other factors, raise substantial doubt about the Company's ability to continue as a going concern. See Note 3 (Going Concern) to the financial statements attached hereto as Exhibit A.

Cash of \$60,000 and (\$344,738) was provided (used) in investing activities for the six months ending June 30, 2025 and 2024, respectively, attributable to a \$60,000 sale of 40% equity interest in Patriot.TV, Inc. (the Company's then wholly owned subsidiary) to a third party for the six month ended June 30, 2025 and to the acquisition of fixed assets for \$94,738 and a \$250,000 investment in a money market fund during the six months ending June 30, 2024.

Cash of (\$80,000) and \$667,889 was provided (used) in by financing activities for the six months ending June 30, 2025 and 2024, respectively, attributable to the repayment of \$80,000 for notes payable during the six months ended June 30, 2025, and sales of three stock subscriptions for \$850,000 offset by repayment of convertible notes payable for \$102,111 and a repayment of \$80,000 for a note payable during the six months ended June 30, 2024.

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION BASIS

Nature of organization & business

Crownbutte Wind Power LLC (“Crownbutte ND”) was formed on May 11, 1999 with the strategy of addressing the requirements of regional utility companies to satisfy increasing renewable energy demands. On July 2, 2008, Crownbutte ND became a wholly owned subsidiary of Crownbutte Wind Power, Inc., a Nevada corporation, formerly ProMana Solutions, Inc. Thereafter, having obtained shareholder approval, Crownbutte Wind Power, Inc. filed a Certificate of Amendment, effective on September 22, 2014, which changed its name to “Canna Brands, Inc.” Thereafter, having obtained shareholder approval, Canna Brands, Inc. filed a Certificate of Amendment, effective on June 10, 2015, which changed its name to “Canna Consumer Goods, Inc.” Effective November 6, 2020, Canna Consumer Goods Inc. amended its Articles of Incorporation, and the Company changed its name to “Conservative Broadcast Media and Journalism”, Inc. (“CBMJ” or the “Company”).

Operations

On June 2, 2023, having received written consent of the Board of Directors and shareholders owning a majority of the shares entitled to vote, the Company filed a Certificate of Amendment to Articles of Incorporation whereby a 20-for-1 reverse stock split of its issued and outstanding common stock was authorized effective as of end of business on June 16, 2023. The Company’s authorized capital stock remained at 500,000,000 shares of common stock and 25,000,000 shares of preferred stock. During June 2023 and in accordance with SEC Rule 10b-17 and FINRA Rule 6490, the Company submitted documents and other information to FINRA in furtherance of pursuing and obtaining approval of the subject reverse stock split. After submitting additional documents and other information to address and respond to FINRA requests, the Company received notice from FINRA that the subject 20-for-1 reverse stock split would have a market effective date of August 2, 2023. Immediately after effectiveness of the subject 20-for-1 reverse stock split, the Company had 19,617,170 shares of common stock issued and outstanding. None of the 1,000 shares of Series 2014A preferred stock and 24,999,000 shares of Series B preferred stock issued and outstanding were reduced as a result of the foregoing reverse stock split.

On September 22, 2023, the Company executed and entered into an Asset Purchase Agreement (the “Agreement”) with AMP News, Inc. (“AMP News”)(being newly formed, wholly owned Company subsidiary), American Media Periscope LLC (“American Media”) and the two members of American Media. Under the Agreement, AMP News purchased and acquired all of the assets owned and employed by American Media in connection with its operation of an independent broadcast media, news and entertainment business promoting patriot and conservative values to its conservative audience (such assets included \$250,000 cash in American Media’s bank account). As consideration for the acquired assets, AMP News issued and delivered a \$2,000,000 non-interest-bearing note payable to American Media over 4 years, which payment obligation was guaranteed by the Company. In addition, the Company issued 2,000,000 restricted shares of its common stock to American Media. As a result of this acquisition, AMP News will now conduct and operate the subject broadcast media business devoted to providing political, financial, education, and related news to conservative and patriotic audiences.

On December 12, 2023, the Company executed and entered into an Agreement and Plan of Reorganization with LTV Streaming, Inc. (“LTV”), which owns and operates Patriot.TV streaming news network and other related assets (including, social and email assets, video-on-demand platform, various distribution assets) which promote and provide media, news and entertainment to a Christian audience. Floyd Brown, a director of the Company, indirectly owns LTV through his status as officer, director and 10+% stock ownership in Liftable Media, Inc., the parent of LTV. Under the Agreement, the Company purchased and acquired all of the assets owned and employed by LTV in connection with its operation. The agreement settled on December 27, 2023. As consideration, the Company issued 15,333,333 restricted shares of its common stock to LTV, of which shares were valued at \$2.511,600 or \$0.164 per share. The Agreement and Plan of Reorganization references an estimated value of \$0.15 per share, but the value on the transaction consummation date was \$0.164 per share.

On May 16, 2024, legal counsel for Brannon Howse advised the Company of Mr. Howse’s resignation as President of Patriot.TV, Inc., effective immediately.

During July 2024, the Company completed the audit of the December 31, 2023 and 2022 financial statements and notes by an auditing firm. The Company has elected to suspend auditing the financial statements and notes until such time as it is economically feasible for the Company.

As of March 31, 2025, the Company curtailed operations for AMP News.

On June 17, 2025 the Company announced that Patriot.TV, Inc. (the Company's then wholly owned subsidiary) sold a 40% equity interest to a non-related party for \$60,000. On June 26, 2025, the Company announced JD Rucker was appointed President and Chief Operating Officer of Patriot.TV, Inc. Mr. Rucker was granted a 9% equity interest in Patriot.TV, Inc. which vests at 3% per year beginning on June 17, 2026 through June 17, 2028. On June 17, 2028, the Company will own 51% of Patriot.TV, Inc. and the non-controlling interests will own 49%. As a result, all net assets of Patriot.TV, Inc. were valued at fair value and the 40% non-controlling interest of (\$909,103) was reported in the consolidated balance sheets.

As of June 30, 2025, the Company suspended the operations for AMP News.

Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates

In preparing financial statements, management makes estimates and assumptions that affect the reported amounts of assets and liabilities in the balance sheet and revenue and expenses in the statement of expenses. Actual results could differ from those estimates.

Segment Reporting

The Company operates within a single reportable operating segment being operating a streaming news network and other related assets (including, social and email assets, video-on-demand platform, various distribution assets) which promote and provide media, news and entertainment to a Christian audience. The Company has identified its chief executive officer as its chief operating decision maker ("CODM"), who regularly reviews the Company's performance and allocates resources based on information reported at the consolidated entity level.

Reclassifications

Certain prior year amounts have been reclassified for comparative purposes to conform to the current year's financial statement presentation. These reclassifications had no effect on previously reported results of operations. In addition, certain prior year amounts from the restated amounts have been reclassified for consistency with the current period presentation.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, the Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Concentrations of Risk

Cash and cash equivalents deposited with financial institutions are insured by the Federal Deposit Insurance Corporation ("FDIC"). The Company did not hold cash in excess of FDIC insurance coverage at a financial institution as of June 30, 2025 and December 31, 2024.

Accounts Receivables

Accounts receivables are recorded at the invoiced amount and are stated net of an allowance for doubtful accounts. The allowance for doubtful accounts is the Company's best estimate of the amount of probable credit losses in the existing accounts receivable. The allowance is based on historical collection data and current franchisee information. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. At June 30, 2025, no allowance for doubtful accounts was deemed necessary. The accounts receivable balance was \$1,746 and \$3,034 at June 30, 2025 and December 31, 2024, respectively, in the accompanying balance sheets.

Prepaid Expenses

The Company considers all items incurred for future services to be prepaid expenses.

Prepaid expenses consist of the following:

	<u>June 30, 2025</u>	<u>December 31,</u> <u>2024</u>
Media Credits	\$ 29,000	29,000
OTC Market Fees/Other	3,012	2,364
Total	\$ 32,012	\$ 31,364

Property and equipment

Property and equipment are recorded at cost and depreciated on the straight-line method over the estimated useful lives. Expenditures for normal repairs and maintenance are charged to expense as incurred. The cost and related accumulated depreciation of assets sold or otherwise disposed of are removed from the accounts, and any gain or loss is included in operations. On March 31, 2025, the Company reported an impairment charge of \$38,836 for fixed assets in the accompanying statements of operations. On June 30, 2025, the Company reported an impairment charge of \$8,012 for fixed assets in the accompanying statements of operations. The assets were part of the Company's subsidiary, AMP News, which ceased operations. The total depreciation expense was \$7,155 and \$10,732 for the three months ended June 30, 2025 and 2024, respectively and \$21,942 and \$21,870 for the six months ended June 30, 2025 and 2024, respectively. The fixed asset balance net of accumulated depreciation was \$49,868 and \$128,658 at June 30, 2025 and December 31, 2024, respectively in the accompanying consolidated balance sheets.

Capitalization

Only assets with a cost over \$3,000 and a useful life of over 1 year are capitalized. All other costs are expensed in the period incurred.

Goodwill

The Company tests goodwill for impairment on an annual basis, or more frequently if circumstances, such as material deterioration in performance, indicate reporting unit carrying values may exceed their fair values. When evaluating goodwill for impairment, we may first perform a qualitative assessment to determine if the fair value of the reporting unit is more likely than not greater than its carrying amount. If we do not perform a qualitative assessment or if the fair value of the reporting unit is not more likely than not greater than its carrying amount, we calculate the implied estimated fair value of the reporting unit. If the carrying amount of goodwill exceeds the implied estimated fair value, an impairment charge to current operations is recorded to reduce the carrying value to the implied estimated fair value. On June 30, 2025, the Company reported an impairment charge of \$1,280,137 for the AMP News goodwill in the accompanying statements of operations. At June 30, 2025, no other impairment of goodwill was deemed necessary.

Intangible Assets

Definite-lived intangible assets, which mainly consist of acquired rights, customer lists and domain names, are amortized over their estimated useful lives, and are tested for impairment when facts and circumstances indicate that the carrying values may not be recoverable. On March 31, 2025, the Company reported an impairment charge of \$537,256 for intellectual property in the accompanying statements of operations. The assets were part of the Company's subsidiary, AMP News, Inc., which curtailed operations for \$119,167. In addition, on March 31, 2025, the Company reported an impairment charge of \$418,089 for intellectual property which were part of the Company's Patriot.TV, Inc. subsidiary. On June 30, 2025, the Company reported an impairment charge of \$195,544 for intellectual property which were part of the Company's Patriot.TV, Inc. subsidiary. There were no other intangible asset impairment charges recorded during the three and six months ended June 30, 2025 and 2024.

Valuation of Long-Lived and Intangible Assets

We assess the impairment of long-lived and intangible assets periodically, or at least annually, and whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors considered important, which could trigger an impairment review, include the following: significant underperformance relative to historical or projected future cash flows; significant changes in the manner of use of the assets or the strategy of the overall business; and significant negative industry trends. When management determines that the carrying value of long-lived and intangible assets may not be recoverable, impairment is measured as the excess of the assets' carrying value over the estimated fair value. Management is not aware of any other impairment changes that may currently be required; however, we cannot predict the occurrence of events that might adversely affect the reported values in the future.

Derivative Financial Instruments

The Company does not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. The Company evaluates all of its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported as charges or credits to income. For option-based derivative financial instruments, The Company uses the Black-Scholes option-pricing model to value the derivative instruments at inception and subsequent valuation dates. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is reassessed at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

Fair Value Measurements

In September 2006, the FASB issued ASC 820 (previously SFAS 157) which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The provisions of ASC 820 were effective January 1, 2008.

As defined in ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Company utilizes market data or assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable. The Company classifies fair value balances based on the observations of those inputs. ASC 820 establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the fair value hierarchy defined by ASC 820 are as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Level 1 primarily consists of financial instruments such as exchange-traded derivatives, marketable securities and listed equities.

Level 2 – Pricing inputs are other than quoted prices in active markets included in level 1, which are either directly or indirectly observable as of the reported date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including quoted forward prices for commodities, time value, volatility factors, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures. Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace. Instruments in this category generally include non-exchange-traded derivatives such as commodity swaps, interest rate swaps, options and collars.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value.

For the three months ended June 30, 2025, the Company reported an impairment charge of \$1,280,137 for goodwill, an impairment charge of \$8,012 for fixed assets and an impairment charge of \$195,544 for intellectual property in the accompanying statements of operations. For the three months ended March 31, 2025, the Company reported an impairment charge of \$38,836 for fixed assets, an impairment charge of \$537,256 for intellectual property and an \$885,324 gain on extinguishment of debt in the accompanying statements of operations. For the year ended December 31, 2024, the Company reported a \$9,896 impairment charge for an amount due from a former executive and a \$114,285 gain of the extinguishment of a convertible note payable and a receivable extinguishment for \$230,045 from our July 8, 2022 sale of our eCommerce business to Stonewall Enterprises Inc. The Company did not identify any other assets or liabilities that are required to be presented on the balance sheet at fair value in accordance with ASC 820 as of June 30, 2025 and December 31, 2024.

Revenue Recognition

Revenue is recognized when a customer obtains control of promised goods or services and is recognized in an amount that reflects the consideration that an entity expects to receive in exchange for those goods or services. In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The amount of revenue that is recorded reflects the consideration that the Company expects to receive in exchange for those goods. The Company applies the following five-step model in order to determine this amount: (i) identification of the promised goods in the contract; (ii) determination of whether the promised goods are performance obligations, including whether they are distinct in the context of the contract; (iii) measurement of the transaction price, including the constraint on variable consideration; (iv) allocation of the transaction price to the performance obligations; and (v) recognition of revenue when (or as) the Company satisfies each performance obligation.

The Company only applies the five-step model to contracts when it is probable that the entity will collect the consideration it is entitled to in exchange for the goods and service transfers to the customer. Once a contract is determined to be within the scope of ASC 606 at contract inception, the Company reviews the contract to determine which performance obligations the Company must deliver and which of these performance obligations are distinct. The Company recognizes as revenues the amount of the transaction price that is allocated to the respective performance obligation when the performance obligation is satisfied or as it is satisfied. Generally, the Company's performance obligations are transferred to customers at a point in time, typically upon delivery.

Income taxes

The Company's policy is to provide for deferred income taxes based on the difference between the financial statement and tax bases of assets and liabilities using enacted tax rates that will be in effect when the differences are expected to reverse. As of June 30, 2025, the U.S. federal corporate income tax rate is 21% and no state income tax is applicable in states the Company operates. We did not provide any current or deferred U.S. federal income tax provision or benefit for any of the periods presented because we have experienced operating losses since inception. When it is more likely than not that a tax asset cannot be realized through future income the Company must allow for this future tax benefit. We provided a full valuation allowance on the net deferred tax asset, consisting of net operating loss carryforwards, because management has determined that it is more likely than not that we will not earn sufficient income to realize the deferred tax assets during the carryforward period.

The Company is not aware of any uncertain tax position that, if challenged, would have a material effect on the financial statements for the six months ended June 30, 2025 or during the prior three years applicable under FASB ASC 740. We did not recognize any adjustment to the liability for uncertain tax position and therefore did not record any adjustment to the beginning balance of accumulated deficit on the consolidated balance sheet. The Company has filed all tax returns and is current with all taxing authorities. All tax returns for the last three years remain open for examination.

Basic and diluted net income per share

Basic net loss per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share (EPS) include additional dilution from common stock equivalents, such as stock issuable pursuant to convertible notes. Common stock equivalents are not included in the computation of diluted earnings per share when the Company reports a loss because to do so would be anti-dilutive for the periods presented. At June 30, 2025, the total shares issuable upon conversion of convertible notes payable, shares issuable to consultants, Series B Preferred Stock, stock options and stock warrants would be approximately 85,014,000 shares of the Company's common stock.

Dividends

As discussed in *Note 6 – Equity Transactions*, the Company issued preferred stock which accrues dividends at a rate of 8% annually. There was \$86,233 and \$77,703 of dividends payable at June 30, 2025 and December 31, 2024, respectively. The dividends have not been declared and are accrued in the accompanying consolidated balance sheets as a result of a contractual obligation in the Company's preferred stock offering.

Stock Compensation

The Company accounts for share-based compensation in accordance with the fair value recognition provisions of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") No. 718. The Company issues restricted stock to employees and consultants for their services. Cost for these transactions are measured at the fair value of the equity instruments issued at the date of grant. These shares are considered fully vested, and the fair market value is recognized as an expense in the period granted. The Company recognized consulting expenses and a corresponding increase to additional paid-in-capital related to stock issued for services. For agreements requiring future services, the consulting expense is to be recognized ratably over the requisite service period.

The Company uses the Black-Scholes-Merton valuation model for estimating the fair value of traded options and stock warrants. This valuation model requires the input of highly subjective assumptions including the expected stock price volatility. The number of stock options outstanding was -0- unregistered shares of the Company's common stock at June 30, 2025 and December 31, 2024. The number of stock warrants outstanding was 9,649,950 and 6,799,950 unregistered shares of the Company's common stock at June 30, 2025 and December 31, 2024, respectively.

The Company recorded stock-based compensation of \$1,881 and (\$238,588) for the three months ending June 30, 2025 and 2024, respectively, and \$4,742 and \$740,045 for the six months ending June 30, 2025 and 2024, respectively. The stock-based compensation of (\$238,588) for the three months ended June 30, 2024 was primarily a result of the resignation of the former President of Patriot.TV, Inc. and a consultant, which reduced stock-based compensation by \$400,000. The stock-based compensation of \$740,045 for the six months ended June 30, 2024 was primarily a result of compensating employees, directors and consultant associated with the acquisition of media assets owned by American Media Periscope LLC on September 22, 2023 and the December 27, 2023 acquisition of streaming assets owned by LTV Streaming, Inc.

Recently Issued Accounting Standards

During the six months ending June 30, 2025, there were several new accounting pronouncements issued by the FASB. Each of these pronouncements, as applicable, has been or will be adopted by the Company. Management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Company's financial statements.

In November 2023, the FASB issued ASU 2023 - 07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures" ("ASU 2023 - 07"). The amendments in ASU 2023 - 07 require disclosures, on an annual and interim basis, of significant segment expenses that are regularly provided to the chief operating officer decision maker ("CODM"), as well as the aggregate amount of other segment items included in the reported measure of segment profit or loss. ASU 2023 - 07 requires that a public entity disclose the title and position of the CODM and an explanation of how the CODM uses the reported measure (s) of segment profit or loss in assessing segment performance and deciding how to allocate resources. Public entities will be required to provide all annual disclosures currently required by FASB ASC Topic 280, "Segment Reporting," ("ASC 280") in interim periods, and entities with a single reportable segment are required to provide all the disclosures required by the amendments in ASU 2023 - 07 and existing segment disclosures in ASC 280. ASU 2023 - 07 is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, with early adoption permitted. The Company adopted ASU 2023 - 07 as required for the year ended December 31, 2024. The adoption required the Company to provide additional disclosures, but otherwise it does not materially impact the accompanying financial statements.

In December 2023, the FASB issued ASU No. 2023-09 "Income Taxes (Topic 740): Improvements to Income Tax Disclosures" which requires two primary enhancements of 1) disaggregated information on a reporting entity's effective tax rate reconciliation, and 2) information on cash income taxes paid. Additionally, specific disclosures related to unrecognized tax benefits and indefinite reinvestment assertions were removed. For public business entities, the new requirements will be effective for annual periods beginning after December 15, 2024. The guidance will be applied on a prospective basis with the option to apply the standard retrospectively. Early adoption is permitted. The Company is currently evaluating the effect of adopting this ASU.

NOTE 2 – ACQUISITIONS, INTANGIBLES AND SALE ASSETS

Republican Database Acquisitions:

The Company acquired databases of registered republicans for marketing. The purchase price was \$176,054 cash. The fair value of the Intangible asset was calculated using the net present value of the projected gross profit to be generated over the next 36 months beginning in December 20, 2020 with annual amortization of \$58,685. The assets were fully amortized at June 30, 2025.

AMP News, Inc. Acquisition:

On September 22, 2023, the Company executed and entered into an Asset Purchase Agreement (the “Agreement”) with AMP News, Inc. (“AMP News”)(the newly formed, wholly owned Company subsidiary), American Media Periscope LLC (“American Media”) and the two members of American Media. Under the Agreement, AMP News purchased and acquired all of the assets owned and employed by American Media in connection with its operation of an independent broadcast media, news and entertainment business promoting patriot and conservative values to its conservative audience. As consideration for the acquired assets, AMP News issued and delivered a \$2,000,000 non-interest-bearing note payable to American Media over 4 years, which payment obligation was guaranteed by the Company. In addition, the Company issued 2,000,000 restricted shares of its common stock to American Media valued at \$200,000 or \$0.10 per share.

During June 2024, the Company discovered the non-interest bearing note payable from the September 22, 2023, acquisition of media assets owned by American Media Periscope LLC. was improperly valued. The note payable for \$2,000,000 payable to American Media Periscope LLC was missing the debt discount for the imputed interest expense. In addition, on December 27, 2023, the Company signed an Allonge to the promissory note to modify the terms effective on January 19, 2024 and included increasing the principal balance to \$2,010,000 and changing the repayment schedule to favorable terms for the Company. As a result, the financial statements and notes were restated for September 30, 2023, December 31, 2023 and March 31, 2024. The final debt discount was valued at \$443,459 and reported as interest expense over the term of the note payable. On February 19, 2025, the note was restructured to favorable terms for the Company. For a further discussion of the restructuring see *Note 5 – Notes Payable*.

The purchase price has been allocated to the net assets acquired based upon their estimated fair values as follows:

Cash	\$ 250,000
Fixed assets	76,404
Intellectual property rights	100,000
Non-compete	50,000
Goodwill	1,280,137
Total	\$1,756,541

The fair value of the intellectual property assets was calculated using the net present value of the projected gross profit to be generated over the next 120 months beginning on September 22, 2023 and the non-compete will be amortized over the 60-month term of the agreement. The annual amortization is \$20,000 for the intangible assets. On March 31, 2025, the Company reported an impairment charge of \$119,167 for the remaining intellectual property.

Patriot.TV Acquisition:

On December 12, 2023, the Company executed and entered into an Agreement and Plan of Reorganization with LTV Streaming, Inc. (“LTV”), which owns and operates Patriot.TV streaming news network and other related assets (including, social and email assets, video-on-demand platform, various distribution assets) which promote and provide media, news and entertainment to a Christian audience. Floyd Brown, a director of the Company, indirectly owns LTV through his status as officer, director and 10+% stock ownership in Lifiable Media, Inc., the parent of LTV. Under the Agreement, the Company purchased and acquired all of the assets owned and employed by LTV in connection with its streaming business operations. The agreement was settled on December 27, 2023. As consideration, the Company issued 15,333,333 restricted shares of its common stock to LTV, which shares were valued at \$2,511,600 or \$0.164 per share.

The purchase price has been allocated to the net assets acquired based upon their estimated fair values as follows:

Intellectual property rights	\$ 2,192,864
Goodwill	318,736
Total	\$2,511,600

The fair value of the intellectual property assets was calculated using the net present value of the projected gross profit to be generated over the next 36 to 60 months beginning on December 27, 2023. The annual amortization is \$608,570 for the intangible assets. On March 31, 2025, the Company reported an impairment charge of \$418,089 for a portion of the intellectual property. On June 30, 2025, the Company reported an impairment charge of \$195,544 for a portion of the intellectual property. The annual amortization is \$325,121 for the remaining intangible assets.

Amortization Expense:

The Company recorded amortization of intangible assets of \$102,306 and \$170,962 for the three months ended June 30, 2025 and 2024, respectively, and \$264,814 and \$344,926 for the six months ended June 30, 2025 and 2024, respectively, in the accompanying statements of operations.

NOTE 3 - GOING CONCERN

The Company generated \$224,073 revenues and a net loss of \$1,714,120 during the six months ending June 30, 2025. In addition, the Company is experiencing a continuing operating cash flow deficiency. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern.

The consolidated financial statements do not contain any adjustments to reflect the possible future effects on the classification of assets or the amounts and classification of liability that may result should the Company be unable to continue as a going concern.

NOTE 4 – ACCRUED EXPENSES
