products for specialized applications.

The manufacturing facility includes a modern CAD system, a test department with automated network analyzers to 50 GHz, a high capacity conveyor soldering oven and a fully compliant finishing operation. The Company's Quality Management System has been ISO 9001:2015 recognizing the Company as a quality vendor. Efficient Computer simulation, design and analysis software enhanced by proprietary MFC developed software, allow rapid and accurate filter development at reasonable cost. Automated network analyzers provide rigorous product testing and performance data storage on a serial number basis in most cases.

A network based CAD system allows the transfer of data and programs to the CNC turning and milling centers for fabrication of machined parts. Prototype PC boards are similarly produced by computer controlled PC board mills. A Grieve high capacity conveyor soldering oven is used for production of large quantity assemblies while smaller production quantities are assembled at hand soldering or brazing stations.

- B. List any subsidiaries, parent company, or affiliated companies.

Niagara Scientific, Inc. - Wholly owned subsidiary

- C. Describe the issuers' principal products or services.

MFC manufactures radio frequency (RF) filters and related components for eliminating interference and facilitating signal processing for such markets as Cable Television, Broadcast, Commercial and Military Communications, Avionics, Radar, Navigation and Defense. The Company designs waveguide, stripline/microstrip, transmission line, miniature/subminiature and lumped constant filters. Configurations include bandpass, highpass, lowpass, bandstop, multiplexers, tunable notch, tunable bandpass, high power filters, amplitude equalized, delay equalized and filter networks. The Company actively produces over 1,700 standard products and has designed more than 5,000 custom products for specialized applications.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. MICROWAVE FILTER COMPANY, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)
JUNE 30, 2025

Note 1. Summary of Significant Accounting Policies

In these notes, the terms “MFC” and “Company” mean Microwave Filter Company, Inc. and its subsidiary companies.

The following unaudited condensed balance sheet as of September 30, 2024 and the unaudited interim condensed consolidated financial statements for the nine months ended June 30, 2025 have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although the company believes that the disclosures made are adequate to make the information not misleading. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. The operating results for the nine month period ended June 30, 2025 are not necessarily indicative of the results that may be expected for the year ended September 30, 2025. It is suggested that these condensed financial statements be read in conjunction with the financial statements and the notes thereto included in the Company’s Financial Statements for the Fiscal Year Ended September 30, 2024.

Note 2. Industry Segment Data

The Company's primary business segment involves the operations of Microwave Filter Company, Inc. which designs, develops, manufactures and sells electronic filters, both for radio and microwave frequencies, to help process signal distribution and to prevent unwanted signals from disrupting transmit or receive operations. Markets served include 5G, cable television, television and radio broadcast, satellite broadcast, mobile radio, commercial communications and defense electronics.

Note 3. Inventories

Inventories are stated at the lower of cost determined on the first-in, first-out method or net realizable value. Net realizable value is determined as the estimated selling price in the normal course of business, minus the cost of completion, disposal and transportation.

The Company provides for a valuation reserve for certain inventory that is deemed to be obsolete, of excess quantity or otherwise impaired.

Note 4. Income Taxes

The Company accounts for income taxes under FASB ASC 740-10. Deferred tax assets and liabilities are based on the difference between the financial statement and tax basis of assets and liabilities as measured by the enacted tax rates which are anticipated to be in effect when these differences reverse. The deferred tax provision is the result of the net change in the deferred tax assets and liabilities. A valuation allowance is established when it is necessary to reduce deferred tax assets to amounts expected to be realized. The Company has provided a full valuation allowance against its net deferred tax assets.

The Company follows FASB ASC 740-10, clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a recognition threshold and measurement attributes for financial statement disclosure of tax positions taken or expected to be taken on a tax return. Additionally, it provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. The Company will include interest on income tax liabilities in interest expense and penalties in operations if such amounts arise. The Company determined it has no uncertain tax positions and therefore no amounts are recorded.

Note 5. Legal Matters

None.

Note 6. Fair Value of Financial Instruments

The carrying value of the Company's cash and cash equivalents, accounts receivable and accounts payable approximate fair value because of the short maturity of those instruments. The carrying value of the Company's note payable approximates its fair value.

The Company currently does not trade in or utilize derivative financial instruments.

Note 7. Earnings Per Share

The Company presents basic earnings per share (“EPS”), computed based on the weighted average number of common shares outstanding for the period, and when applicable diluted EPS, which gives the effect to all dilutive potential shares outstanding (i.e. options) during the period after restatement for any stock dividends. There were no dividends declared during the three months ended June 30, 2025 and 2024. Income (loss) used in the EPS calculation is net income (loss) for each period. There were no dilutive potential shares outstanding for the periods ended June 30, 2025 and 2024.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF OPERATIONS

Microwave Filter Company, Inc. (MFC) operates primarily in the United States and principally in one industry. The Company extends credit to business customers, including original equipment manufacturers (OEMs), distributors and other end users, based upon ongoing credit evaluations. MFC designs, develops, manufactures and sells electronic filters, both for radio and microwave frequencies, to help process signal distribution and to prevent unwanted signals from disrupting transmit or receive operations. Markets served include 5G, cable television, television and radio broadcast, satellite broadcast, mobile radio and commercial and defense electronics.

The Board of Directors and Management of Microwave Filter are evaluating the next steps for the company on how to go forward. With our largest customer losing a major government contract, our sales were significantly impacted. We are attempting to gain a subcontract from the new contract winner. We are exploring other opportunities to boost sales, cut costs and to better utilize our assets, including new distribution outlets and new partnerships.

MFC continues to carry no debt and cut expenses. Further, we have discontinued some nonperforming parts of our business. MFC has had real estate estimations of value of the building ranging from \$1.6M to \$2.3M. The management of MFC is particularly appreciative of our partners and employees as we continue to innovate into the future.

RESULTS OF OPERATION

Three months ended June 30, 2025 compared to three months ended June 30, 2024

The following table sets forth the Company's net sales by major group for the third quarter ended June 30, 2025 and 2024.

Other income was \$19,818 during the nine months ended June 30, 2025 compared to other income of \$28,292 during the nine months ended June 30, 2024 primarily due to a decrease in interest income.

LIQUIDITY AND CAPITAL RESOURCES

MFC defines liquidity as the ability to generate adequate funds to meet its operating and capital needs. The Company's primary source has been funds provided by operations and its existing cash balances.

	At 6/30/2025	At 9/30/2024
Cash & cash equivalents	\$616,086	\$707,036
Working capital	\$634,436	\$966,820
Current ratio	4.51 to 1	5.20 to 1
Long-term debt	\$ 0	\$ 0

Cash & cash equivalents decreased \$90,950 to \$616,086 at June 30, 2025 when compared to \$707,036 at September 30, 2024. The decrease was a result of \$52,011 in net cash used in operating activities, \$38,853 used to purchase capital equipment, and \$86 in net cash used to purchase treasury stock.

Net cash provided by operating activities fluctuates between periods primarily as a result of differences in sales and net income and the timing of the collection of accounts receivable, purchase of inventory and payment of accounts payable.

Off-Balance Sheet Arrangements

At June 30, 2025 and 2024, the Company did not have any unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or special entities, which might have been established for the purpose of facilitates off-balance sheet arrangements.
