## **Annual Information and Disclosure Statement**

### **For the Years Ended May 31, 2025 and 2024**

All information contained in this Annual Information and Disclosure Statement has been compiled to fulfill the disclosure requirements of OTC Markets Group, Inc. and Rule 15c2-11 under the Securities Exchange Act of 1934. The captions contained herein correspond to the sequential format as set forth in the applicable disclosure guidelines of OTC Markets Group, Inc. All dollar amounts are presented in thousands, except dividend and other per share data. Quantitative share data, among other non-dollar figures, are not presented in thousands.

#### ***Forward-Looking Statements***

*This Annual Information and Disclosure Statement contains "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995. All statements except historical statements contained herein constitute "forward-looking statements." Forward-looking statements are inherently uncertain and are based only on current expectations and assumptions that are subject to future developments that may cause results to differ materially. Readers should carefully consider: (i) economic, competitive, technological and governmental factors affecting operations, customers, markets, services, products and prices of National American University Holdings, Inc. ("NAUH"); (ii) risk factors affecting the private for-profit higher education industry; and (iii) other factors discussed in NAUH's annual reports, quarterly reports, Information and Disclosure Statements and other documents posted from time to time on the OTCQB website (available at [www.otcm Markets.com](http://www.otcm Markets.com)), including without limitation, the description of the nature of NAUH's business and its management discussion and analysis of financial condition and results of operations for reported periods. Except as required by law or the OTC Markets Group, Inc., NAUH undertakes no obligation to update, and is not responsible for updating, the information contained or incorporated by reference in this document beyond the publication date, whether as a result of new information or future events, or to conform this document to actual results or changes in NAUH's expectations, or otherwise or for changes made to this document by wire services or Internet services.*

Contact: Lindsey Fischer  
Email: [Lindsey.fischer@EQ-US.com](mailto:Lindsey.fischer@EQ-US.com)

Equiniti Trust Company is currently registered under the Securities Exchange Act of 1934 and is an authorized transfer agent subject to regulation by the U.S. Securities and Exchange Commission.

## **Part C Business Information**

### **Item 8 The nature of the issuer's business**

*Unless the context otherwise requires, the terms “we”, “us”, “our” and the “Company” used throughout this document refer to National American University Holdings, Inc., its wholly owned subsidiary, Dlorah, Inc., and National American University, sometimes referred to as “NAU” or the “University”, which is owned and operated by Dlorah, Inc.*

#### **A. Business Development**

##### **Business Overview**

National American University Holdings, Inc. (NAUH) is a provider of professional and technical postsecondary education primarily designed for working adults and other non-traditional students. We own and operate National American University (NAU) through our wholly owned subsidiary, Dlorah, Inc. National American University is an institutionally accredited, proprietary institution of higher learning founded in 1941.

In regard to real estate, Dlorah, Inc. acquired a one-third ownership interest and an approximately \$2.1 million related party receivable from Park West, LLC (Park West), the entity which acquired the majority of the Fairway Hills properties previously owned by Dlorah, Inc. During fiscal year 2021, Park West became a consolidated variable interest entity (VIE) of National American University Holdings, Inc. In August 2021, with a change in certain factors that occurred, the Company reevaluated whether Park West should continue to be consolidated as a VIE after that date and determined that Park West no longer qualified as a VIE, and thus Park West was not consolidated after August 31, 2021. Beginning September 1, 2021, Park West is reported as an equity investment.

The University executed a strategic shift to online instruction and has phased out on-ground campus locations. During the transition, the University experienced a considerable decline in student enrollment and revenue year over year. See the “University History” section below for more information on the shift to online only and the decline in enrollment.

For the fiscal years ended May 31, 2025 and 2024, NAUH realized net income of \$0.3 million and \$0.2 million, respectively. See the financial information in Item 12 for more detailed financial results.

##### **University History**

Founded in 1941, NAU, then operating under the name National School of Business, offered specialized business training designed primarily for women in western South Dakota wanting to work outside the home. During the late 1960s and early 1970s, the University progressed from a two-year business school to a four-year college of business and embarked on a recruitment of qualified graduates of one and two-year programs from accredited business schools in the eastern United States. Such programs allowed students to continue their education and receive appropriate transfer credits for their previous academic achievements. In 1974, the University, then known as National College, added its first branch campus in Sioux Falls, SD, followed later that year by branch campuses in Denver and Colorado Springs, CO, and Minneapolis and St. Paul, MN. The University offered conveniently scheduled courses that would lead to a degree appealing to working adults and other non-traditional students.

In 1998, the University began offering online degree programs. Through fully online instruction, the University now offers certificate, diploma, associate, baccalaureate, master's, and doctoral degrees in business-related disciplines, such as accounting, management, business administration, and information technology; in healthcare-related disciplines, such as healthcare management; in legal-related disciplines, such as paralegal, criminal justice, and professional legal studies; and in higher education. NAU's mission is to provide innovative

learning experiences in a caring and supportive environment for individuals of diverse backgrounds, cultures, and abilities, preparing them for success in competitive technical and professional fields.

In 2009, the Higher Learning Commission (“HLC”) approved the change of control request in which Dlorah, Inc. (“Dlorah”), a South Dakota corporation doing business as National American University, became a wholly owned subsidiary of NAUH, a publicly traded Delaware corporation. Following this transaction, NAU added 23 educational locations in growing communities with expanding workforce development needs, reaching approximately 35 locations at its peak. The largest expansion occurred from 2010 to 2012.

The University also developed 24 new undergraduate academic programs in health care, information technology, business, and management, as well as a certificate and Doctor of Education in Community College Leadership. In order to support this growth, the number of University faculty and staff more than doubled from 855 in 2007 to 1,766 by fall 2013. The financial data from this time period reflected that the University had experienced an 86% growth in total assets from fiscal year 2010 to fiscal year 2013. At the time of the re-accreditation site visit in September 2014, National American University’s development was characterized by consistent, planned growth in enrollment through the timely addition of educational locations; an enhanced distance delivery operation; new programming offerings; a strong and stable financial position; an action-oriented assessment program; the adoption and implementation of performance-based curricula; and the overall maturation and development of faculty, staff, administration, and governing board.

In the ensuing five years, a variety of external factors disrupted higher education in the United States, including declining enrollments across higher education, significant numbers of new regulations, increased scrutiny and regulation of for-profit institutions, and a steady shift of working adult students from ground to online learning. At NAU, student enrollments declined from a high of 11,683 students in fall quarter 2012 to 4,797 students in fall quarter 2018. During the same time period, the percentage of students registered in fully online courses increased from 59% to 78% and surpassed 83% in the winter quarter 2018-19. By summer 2019, only 15% of the student body was enrolled in campus-based nursing and allied health programs while 75% of the budget was being spent to support these programs. As of May 31, 2021, all NAU students were enrolled in online courses.

The University responded to the shift in demand from ground to online learning by preparing a strategic shift to become an online university. To support its strategic shift to an online university, the board and senior leaders identified, and continue to execute, on three carefully planned and coordinated strategies, which also addressed declining enrollments and escalating costs at NAU’s ground locations:

1. The creation of a consolidated student services support structure in July 2018;
2. Investment in distinctive and mission-brand online graduate and undergraduate programs with an orderly exit of ground-based programs and locations launched November 1, 2018; and
3. Reorganization of the academic structure to better align the educational enterprise and governance structures, while protecting students through the teach-out of discontinued ground-based programs and locations.

The consolidation of student services effectively integrates all marketing, admissions, student advising and mentoring, academic support, and instructional quality services into a single working group responsible for enrollment, retention, and student success. We believe that centralizing these functions promotes a student-focused entry into the University and a sustained focus on and collective commitment to retention and student success. Further, the strategy allows NAU to reduce duplicative admissions and financial services and respond to increasing student expectations for online services.

In October of 2018, the Board of Governors approved the decision to teach out all remaining ground programs and phase-out classes at physical locations, focusing the future on the distinctive online strategic security offerings and on long-standing online “mission brand” offerings in business, accounting, and health management in which enrollment has remained strong. On November 1, 2018, NAU announced the suspension of new enrollments in 34 of its 128 programs, including seven allied health, nursing, and other ground programs across

the system. The suspension of the new enrollments was a result of phasing out the on-ground classes at physical locations.

To ensure that NAU could focus simultaneously on investing and growing the distinctive and mission-brand programs while also effectively teaching out ground locations, the University created a separate division and operational plan focused on teach-out programs and discontinued operations. With goals for sustained quality and academic support, this division served students through the completion of the suspended programs or through transfer to other institutions if transfer proved to provide a superior teaching and learning environment than what NAU could provide. In many cases, the students remaining in programs numbered five or fewer. Larger institutions providing more peer-to-peer learning and degree flexibility, particularly for students recently enrolled, had the potential to serve the students more effectively.

The strategies detailed above required organizational restructuring. Thus, NAU began the academic reorganization and staffing changes in October 2018. These changes (a) aligned the ongoing educational strategies and (b) established a separate division dedicated to overseeing and supporting the teaching out of suspended programs and the phasing out of discontinued ground operations.

The financial plan supporting the strategies included (a) financial and personnel investment in core business and new strategic security programs; (b) consolidation of admissions, marketing, and student success staff (all student-facing services, retention, and support); (c) reduction or realignment of central and location operations personnel; and (d) process and other expenditure reductions as a result of the elimination of duplication at locations.

The decision to complete a strategic shift while also maintaining marginal student enrollments in suspended programs at closing locations had a negative effect on NAU's financial position during fiscal years 2018 through 2025. The decision to maintain locations with limited enrollments was specifically intended to ensure minimal impact on students in the suspended programs, while NAU also worked proactively to arrange suitable and seamless transfer or teach-out opportunities for students. NAU leadership chose this approach, which stands in stark contrast to the abrupt campus closures and displaced students that have occurred too often in the postsecondary sector in recent years (an approach NAU does not endorse because of the impact on displaced students). The complex plan addressed each program, location, and student individually. While this strategic shift has had negative financial impacts in the short-term, it is expected to have substantial positive benefits to the University's future financial position.

## **Corporate Information**

National American University Holdings, Inc., formerly known as Camden Learning Corporation, was organized under the laws of the State of Delaware on April 10, 2007, as a blank check company to acquire one or more domestic or international assets in the education industry. On November 23, 2009, as a result of the merger transaction with Dlorah, which owns and operates NAU, Dlorah became our wholly owned subsidiary. For accounting purposes, Dlorah was the acquirer and accounted for the transaction as a recapitalization. Accordingly, the consolidated financial statements included in this annual report reflect the results of Dlorah. We conduct substantially all of our business and generate substantially all of our revenue through Dlorah. Our primary business is the operation of National American University.

The Company's common stock was listed as NAUH on Nasdaq Global Market. In January 2019, the Company voluntarily delisted and transferred its listing to the Over-the-Counter Quotation Bureau ("OTCQB") Market. The delisting and transfer was the result of the Company's market value of publicly held shares no longer meeting the requirement to maintain a minimum Market Value of Publicly Held Shares of \$5,000, as set forth in Nasdaq Listing Rule 5450(b)(1)(C), as well as consideration of the probability of regaining compliance, the common stock's current trading volume and price, and the costs of maintaining eligibility to list the Company's common stock on Nasdaq Global Market. As of June 5, 2019, the Company is no longer a reporting company under the Securities and Exchange Act of 1934, as amended.

## Our Core Values

NAU is guided by a set of core values, which we believe have contributed to our success in educating students. With the strategic shift to online from on-ground locations, NAU updated its mission and core values in fiscal year 2020. These core values are:

- Integrity
- Accountability
- Pursuit of excellence
- Courage to act
- Innovation

We promote understanding and support of our mission and core values through participation of students, faculty, staff, administrators and the Board of Governors in the governance and administrative structures of the University. We have adopted and implemented policies and procedures to ensure adherence to our core values and to operate with integrity as we fulfill our mission. Our commitment to these core values is evidenced in the daily interactions among our students, faculty, staff, and administrators.

## Approach to Academic Quality

We have identified several academic initiatives to promote a high level of academic quality, including:

- ❖ ***Student engagement, learning, academic achievement, persistence to credential, and career success.*** The urgency now is to assist working adults in getting the credit they deserve at NAU; to teach, assess, mentor, and support until every student acquires the skills, knowledge, and abilities they need; and to create policies, processes, programs, and learning experiences that exceed expectations.
- ❖ ***Comprehensive overhaul of all NAU course curricula, student educational experience, and learning management system.*** We design our curricula to address specific career-oriented objectives we believe working adult and other non-traditional students are seeking. We have added Artificial Intelligence skills to all programs and continue to update courses and programs to specifically address the employment skills needed in a competitive work environment. We have invested significant human and financial resources in the implementation of this curricula development to support faculty and students in achieving prescribed student learning outcomes. The performance-based curricula are designed and delivered by faculty members who are committed to delivering a high quality, current and relevant education to prepare students for their professions. New programming has been designed to reduce the time to completion for a bachelor's degree and decrease the cost associated with a credential, all while maintaining quality in the educational delivery of online coursework.
- ❖ ***Qualified faculty.*** NAU seeks to hire and retain highly qualified faculty members with relevant practical experience and the necessary skills to provide a high-quality education for our students. More than 90% of our faculty members hold graduate degrees, as well as the key professional positions to support the distinctive offerings in strategic security. We seek faculty members who can integrate relevant, practical experiences from their professional careers into the courses they teach. We also invest in the professional development of our faculty members by providing training in online teaching techniques, hosting events and discussion forums that foster sharing of best practices and continually assessing teaching effectiveness through administrative reviews and student evaluations.
- ❖ ***Standardized course design.*** We employ a standardized curriculum development process to promote consistent, authentic learning experiences in our online courses. We also regularly review student survey data to identify opportunities for course modifications and enhancements. NAU's courses are delivered via the online learning platform Brightspace, by D2L. The platform provides content management, assessment, and participation tracking and integrates with additional resources for engagement, interaction, and content delivery, such as tutoring, eBooks, library databases, and synchronous activities via Zoom. We have defined a curricular model that evaluates the competencies, learning outcomes, and related assignments and assessments across an academic program.

- ❖ **Effective student services.** NAU has established teams of academic and administrative personnel who act as the primary support for our students, beginning at the application stage and continuing through graduation. In recent years, we have also concentrated on improving the technology used to support student learning, including enhancing our online learning platform and student services. As a result, all support services, including academic, administrative, library and career services are accessible online, allowing users to access these services at a time and in a manner convenient to them.
- ❖ **Continual academic oversight.** The Provost's office, in conjunction with other academic offices, conducts academic oversight and assessment functions for all programs, and evaluates the content, delivery method, faculty performance and desired student learning outcomes. We continually assess outcomes data to determine whether students graduate with the knowledge and skills necessary to succeed in the workplace. The provost also initiates and manages periodic examinations of the curricula to evaluate and verify academic program quality and workplace applicability. The University seeks ongoing student, faculty, and external feedback to determine whether to create new programs, modify current programs, or discontinue those that do not meet our standards or market needs.
- ❖ **Board of Governors.** NAU maintains a separate Board of Governors to oversee the academic mission of the University. Among other things, the Board of Governors is responsible for determining the mission and purposes of the University, approving educational programs and ensuring the well-being of students, faculty, and staff. A majority of the Board of Governors' members are independent, experienced in education, administration, business, international business, government, communications, and medicine. The oversight and guidance of the Board of Governors has been critical to the development and the maintenance of academic standards.

## Industry and Outlook

NAU operates in the same market as for-profit and non-profit educational institutions, public and private institutions, professional and technical institutions, and community colleges. Competition is generally based on program offerings, modality, the quality of instruction, placement rates, selectivity of admissions, recruiting, transfer credit and credit for prior learning, and tuition rates. We compete for enrollments by offering more frequent start dates, more flexible hours, quality instructional resources, shorter program length and maximum transfer credit. We also compete with other institutions by focusing on offering career-oriented programs, providing individual attention to students and focusing on flexible degrees for working adults and other non-traditional students. We believe we can compete effectively because of the diversity of our program offerings, quality of instruction, strength of our brand, distinctive programs in strategic security, and success in awarding transfer credit and credit for prior learning.

Certain institutions have competitive advantages over NAU. Non-profit and public institutions receive substantial government subsidies, government and foundation grants and tax-deductible contributions and have other financial resources generally not available to for-profit schools. In addition, some of our for-profit competitors have a more extended or dense network of schools and campuses, which may enable them to recruit students more efficiently from a wider geographic area. Furthermore, some of our competitors, including both traditional colleges and universities and other for-profit schools, have substantially greater financial resources and name recognition, which may enable them to compete more effectively for potential students. We expect to face continued competition and regulatory pressures because of new entrants to the online education market with similar programmatic offerings.

## Competitive Strengths

We believe the following strengths enable us to compete effectively in the postsecondary education market:

- ❖ **Our diversified, technical, and professional program mix.** Programs target certificate, diploma, associate, baccalaureate, master's, and doctoral programs in professional and technical areas, including business, accounting, education, paralegal studies, criminal justice, strategic security, and information technology.

- ❖ ***Our multiple accreditations and regulatory approvals.*** NAU is institutionally accredited by the Higher Learning Commission. In addition, many of our programs maintain specialized or professional accreditation and approvals.
- ❖ ***Our commitment to high-demand professional and technical programs.*** We are committed to offering quality, performance-based educational programs to meet the needs of employers. Our programs are designed to help our students achieve their career objectives in a competitive job market. Students have the ability to ladder their coursework into micro-credentials (badges), certificates and degrees. Qualified faculty members, who often have practical experience in their respective fields, teach our programs and offer students “real-world experience” perspectives. We periodically review and assess our programs to ensure that our programs are current and meet the changing demands of employers. In addition, our faculty are continually evaluated on specific behaviors focused on student engagement and instructional quality.
- ❖ ***Our focus on individual attention to students.*** We believe in providing individual attention to our students to ensure an excellent educational experience. We provide student support services, including administrative, financial aid, library, career, and technology support, to help maximize their success. We also provide personal guidance to our students during the admissions process, academic advising, financial services, and learner support.
- ❖ ***Our focus on flexible scheduling.*** We have designed our program offerings and our online learning platform with flexible scheduling to meet the needs of working adults and other non-traditional students. We believe working adults and other non-traditional students are attracted to the convenience and flexibility of our programs because they can study and interact with faculty and classmates during times and at places that suit their needs.
- ❖ ***Our focus on improving processes.*** In collaboration with student support services, academic and other leaders have developed and implemented cloud-based comprehensive service points for math, writing, career, and library support, as well as 24/7 student support. The results from previous quarters indicate that retention continues to improve, and successful course completion is higher than previous years. Data informs curricular changes and enhanced student services to improve persistence and completion rates.
- ❖ ***Our focus on improving faculty-student engagement.*** All new faculty complete an orientation on new expectations for weekly faculty-student engagement in discussion boards, assignments, labs, and other support within every course.
- ❖ ***Our focus on faculty development and scholarship.*** Both graduate and undergraduate faculty are expected to participate in scholarship and development, whether through offerings provided by NAU, other institutions for which they teach, or documented attendance at professional conferences and trainings. Periodically, NAU sponsors trainings, mentoring, and professional development webinars focused on quality teaching and learning for working adults. In addition, NAU has a strategic initiative to assure faculty are using Artificial Intelligence in ways that improve productivity and provide students with competitive employment advantages.
- ❖ ***Our focus on the military.*** With the asset purchase of Henley-Putnam University in 2018, the University expanded its options for quality education and premier student service to the needs and demands of service members, their dependents, and veterans. NAU’s Henley-Putnam School of Strategic Security provides opportunities for serving active military, veterans, and their dependents.

- ❖ ***Our experienced executive management team.*** NAU's executive management team possesses extensive experience in the management and operation of postsecondary education institutions.
- ❖ Dr. Cynthia Mathena joined NAU in December 2019 as Provost and Chief Academic Officer. She now serves as the President and Provost. Prior to joining NAU, Dr. Mathena served as the Dean of the College of Health Sciences (2009-2019) and Vice President of Academic Affairs (2011-2016) for the University of St. Augustine for Health Sciences. While there, she facilitated teams across five campuses and launched more than a dozen new programs. She has experience in accreditation, outcomes assessment, curriculum design, product strategy, and has consulted with many schools and organizations in assisting them to develop programs and seek/maintain accreditation.
- ❖ Mr. Thomas Bickart, the Chief Financial Officer, joined NAU in February 2019. Mr. Bickart has over 25 years of financial and operational experience, the majority at dynamic educational organizations. Most recently, he assisted Edison Learning, Inc. restructure its operations and position the organization for new market growth. Mr. Bickart previously served as the Chief Financial Officer at TCI College of Technology from 2013 to 2016, where he executed a turnaround strategy. From 2008 through 2013, he was CFO at Neumont University where he was integral in assisting the school to become a highly recognized institution.
- ❖ Mr. Michael Trump is the General Counsel for NAU. During his 14 years at NAU, he has served the University in a broad range of capacities to include Associate General Counsel, Faculty, Founding Dean of the College of Legal Studies, Senior Accreditation Officer/Academic Regulatory Counsel and Paralegal Studies Director. As General Counsel, Mr. Trump assists with inter alia, corporate matters, contract review, all regulatory matters and also serves as the Corporate Secretary for NAUH.
- ❖ Mr. Brent Passey, the Chief Operating and Marketing Officer at NAU. He began working with NAU in September 2023 as a strategic marketing consultant and transitioned to a full-time leadership role in April 2024. Mr. Passey brings more than 20 years of experience in higher education operations, enrollment management, marketing, admissions, student advising, retention strategies, and academic program alignment. His career has been dedicated to developing innovative solutions that address the evolving challenges in higher education, with particular focus on supporting online and adult learners. He plays a critical role in shaping NAU's operational strategy and student-focused marketing initiatives.

## **Business Development**

There has been a fundamental shift in how our student population chooses to engage in their educational pursuits and in response, the University executed a strategy to become an online institution. There are several approaches to building the online operations of the University, including integrating online operations in one location, acquiring certain assets of Henley-Putnam University and integrating new mobile and online IT systems.

The asset purchase transaction with Henley-Putnam University in 2018, integrated programs, students, faculty, and staff into NAU. The acquisition of these assets provided eight new degree areas and more than 40 undergraduate and graduate certificates in the areas of strategic security, protection management, terrorism and counterterrorism, nuclear enterprise studies, cybersecurity, and intelligence management.

NAU began offering academic degree and diploma programs online in 1998. We were one of the first institutionally accredited universities to be approved by the HLC to offer full degree programs under an Internet-based delivery methodology. We have invested heavily in the creation and evolution of a sophisticated and reliable online delivery system. Earlier this year, HLC approved a three-year IT degree, which we believe is in high demand for tech students. Careful consideration was afforded to preserving the student-centered philosophy of the University while capitalizing on the technological advancements in online delivery. Since 2016, students have been able to access support services, tutoring, library, career services, courses, and program information via their smart phones. NAU conducts virtual graduation that allows for live streaming of graduates, faculty, and testimonials.

## Growth Opportunities

- ❖ ***Increase enrollment in existing academic programs.*** We focus on increasing enrollment in our core academic programs, by refining our marketing and recruiting efforts to identify, and enroll students seeking credentials in the academic programs we offer. We also focus on retaining students so they may achieve their educational goals. We believe that the depth and quality of our existing core programs will provide opportunity for growth.
- ❖ ***Expand relationships with private sector and government employers.*** We seek additional relationships with businesses and other employers, including governmental and military employers, through which we can market our program offerings to their employees. These relationships provide enrollment opportunities for the University's programs, build recognition among employers in our core disciplines, and enable us to identify new degree and diploma programs that are in demand by students and employers.
- ❖ ***Leverage infrastructure.*** Through the overhaul of the learning management, data analytics, and student support systems, NAU has developed an experience that refreshes and engages working adult learners, solidifying NAU as the place for our students to achieve a better life and more fulfilling work. We intend to leverage these investments as we seek to grow enrollment, which we believe will allow us to increase our operating margins over time.

## Legal Proceedings

No litigation was pending during the reporting period.

## **B. Business of Issuer**

1. The issuer's primary SIC Code.  
National American University Holdings Inc.'s primary SIC code is 822101.
2. If the issuer has never conducted operations, is in the development stage, or is currently conducting operations.  
National American University Holdings Inc. is currently conducting operations.
3. Whether the issuer has at any time been a "shell company."  
National American University Holdings, Inc. is not a shell company.
4. The names and contact information of any parent, subsidiary, or affiliate of the issuer, and its business purpose, its method of operation, its ownership, and whether it is included in the financial statements attached to this disclosure statement.  
National American University is a division of Dlorah and is included in the attached financial statements.
5. The effect of existing or probable governmental regulations on the business.  
There is no known pending or probable regulatory action that could have a negative impact to the operations of the Company.
6. An estimate of the amount spent during each of the last two fiscal years on research and development activities, and, if applicable, the extent to which the cost of such activities was borne directly by customers.  
Not applicable
7. Costs and effects of compliance with environmental laws (federal, state and local).  
Not applicable
8. The number of total employees and number of full-time employees.  
There were 172 total employees and 53 full-time employees on May 31, 2025.

## **Item 9 The nature of products or services offered**

The quality of our academic programs is evidenced by institutional and program-specific accreditations and approvals. The University received initial accreditation from the HLC in 1985 and has been institutionally accredited since that date. In addition to institutional accreditation, several programs are accredited or approved by national educational and professional associations, which signify that those programs have met the additional standards of those entities.

### **Programs and Areas of Study**

NAU offers areas of study in Doctoral, Master's, Undergraduate and Certificate levels of study. NAU's existing programs and details on its areas of study can be found on the NAU website at <https://www.national.edu>.

## **Item 10 The nature and extent of the issuer's facilities**

Our corporate headquarters are located in Rapid City, South Dakota.

## **Part D      Management Structure and Financial Information**

---

### **Item 11      The name of the chief executive officer, members of the board of directors, as well as control persons**

#### **A. Officers and Directors**

**Dr. Edward Buckingham** joined the NAUH Board in October 2016 and was elected as Chairman of the Board in August 2018. Mr. Buckingham is a medical doctor, and the founder, director and owner of the Buckingham Center for Facial Plastic Surgery in Austin, Texas. Dr. Buckingham started his professional career as an auditor with Coopers and Lybrand. He founded the Buckingham Center for Facial Plastic Surgery in July 2003 after completing his residency at the University of Texas, and fellowship at New England Laser and Cosmetic Surgery Center in June 2003. Dr. Buckingham is a current board member for the American Board of Facial Plastic and Reconstructive surgery, and is a frequent publisher and lecturer on facial plastic surgery. Dr. Buckingham is the son of Mr. Robert Buckingham, former chairman of the Company's Board, and the grandson of Mr. Harold Buckingham, the founder of NAU. Dr. Buckingham grew up in Rapid City, South Dakota following the growth and developments of his family business. Dr. Buckingham earned his accounting degree from Southern Methodist University, and his doctor of medicine degree from University of Texas Medical Branch at Galveston with highest honors. Dr. Buckingham's life-long involvement with NAU, his audit experience with Coopers and Lybrand, and management of his own medical practice brings in-depth knowledge and experience with respect to finance, management and NAU's business to the Board.

**Dr. Susan Murphy** joined the NAUH Board in December 2022. Dr. Murphy is retired from a career at the University of New Mexico (UNM) and Central New Mexico Community College (CNM). She taught in Campeche, Mexico at the Universidad Autonoma during a Fulbright assignment and has served in numerous administrative positions. At UNM she coordinated the operations of branch campuses for the Office of the Provost; at CNM she served as Dean of Arts and Sciences, Vice President for Academic Affairs and Vice President for External Affairs. She led CNM's work in assessment and institutional effectiveness spanning the liberal arts, career, and professional degree programs. Dr. Murphy has consulted widely on issues of accreditation and assessment guiding institutions in developing outcomes, mapping curricula, and designing viable assessment plans. She obtained her doctorate in Romance Languages from the University of New Mexico.

**Dr. Daisy Halvorson** joined the NAUH Board in April 2023. With 20 years of serving in higher education, Dr. Halvorson is fiscally-minded and brings passion for achieving goals, budget management, and innovative new ideas. Dr. Halvorson currently serves as the Vice President for Finance & Administration at Waldorf University in Forest City, Iowa. Dr. Halvorson has held similar roles at Marian University in Wisconsin, Presentation College in South Dakota, Briar Cliff University in Iowa, Clarke University in Iowa, and Mount Marty College in South Dakota. Dr. Halvorson earned a bachelor's in Business Administration in 1996 and a master's in Business Administration in 2001, both from the University of South Dakota. In 2017, she earned a doctorate in Educational Leadership from the University of St. Thomas in St. Paul, Minnesota.

#### **Executive Officers**

The following sets forth information about our executive officers as of the date of this filing.

The executive officers are:

- Dr. Cynthia Mathena, President
- Mr. Thomas Bickart, Chief Financial Officer
- Mr. Michael Trump, General Counsel and Corporate Secretary
- Mr. Brent Passey, Chief Operating and Marketing Officer

The directors' and executive officers' business address is 4020 Jackson Blvd, Suite 1, PO Box 677, Rapid City, SD 57709.

Our compensation program is designed to attract and retain highly qualified, ethical personnel and to encourage and reward superior company performance, with the best interests of our students in mind.

## Compensation Philosophy

Our executive compensation philosophy is to maintain a compensation program that is both fair and competitive and which rewards performance of our senior management. To that end, we seek to set base salaries of our executive officers at levels that are comparable with that of executive officers at comparable companies, who have similar job descriptions, responsibilities and qualifications, such as experience and education level. We may also adjust an executive officer's base salary from year-to-year based on his or her achievement of subjective performance factors, such as providing effective day-to-day leadership and management of the University's operations, developing strategic business plans, motivating and coordinating a high-performance management team, supervising quality control systems of the University's academic programs, and overseeing the ethical conduct of University personnel. We also consider whether such executive consistently met or exceeded his or her key operational targets, such as profit margins and net income. In considering these factors, we do not weigh any one factor over another in setting base salary, but rather takes the various factors and performance reviews into consideration as a whole. Through this process, we seek to set base salaries for our executive officers that are both competitive and fair.

We believe that our compensation programs are designed with an appropriate balance of risk and reward in relation to our overall objectives, and do not create risks that are reasonably likely to have a material adverse effect on the Company's business. In this regard, we believe that our mix of short and long-term compensation elements encourages our management to produce consistent, short-term financial results for the Company, but also encourages our management to increase long-term stockholder value.

## Role of Management in Determining Compensation

Dr. Cynthia Mathena, President, makes recommendations to the Board regarding the base salaries of the executive officers, other than for herself. The Board also consults with Dr. Mathena in identifying key operational targets of the Company and determining appropriate individual performance metrics for the executive officers for the following fiscal year.

## Summary Compensation Table

The following table and accompanying narrative disclosure explains compensation for the last two fiscal years for our President, and for the other most highly-compensated executive officers (collectively, the "named executive officers").

### Fiscal Year 2025 and 2024 Compensation of Executive Officers

Name and Title	Fiscal Year	Salary (\$)	Stock Awards (\$)	Option Awards (\$)	All Other Compensation (\$)	Total (\$)
Dr. Cynthia Mathena	2025	164,639	-	-	-	164,639
President	2024	165,475	-	-	-	165,475
Mr. Thomas Bickart	2025	71,100	-	-	-	71,100
Chief Financial Officer	2024	72,000	-	-	-	72,000
Mr. Brent Passey	2025	135,550	-	-	-	135,550
Chief Marketing Officer	2024	18,173	-	-	-	18,173
Mr. Michael Trump	2025	82,105	-	-	-	82,105
General Counsel	2024	86,276	-	-	-	86,276

## Discussion of Executive Compensation Decisions

### Base Salaries

Our named executive officers' compensation was determined, in part, by arrangements in effect between Dlorah and such named executive officer. The base salary of Dr. Mathena was determined pursuant to her employment agreement that is described below under the heading "Employment Agreements." In setting the annual base salary of our other senior executive officers, the Board considered base salaries of other officers of similar ranks at the Company and at companies that provide similar educational services in the markets we serve and compared responsibilities of the position, performance expectations, years of service, experience and education level. The Board also considered individual's performance and contribution to the long-range goals of the Company's recent operating results. Our Board does not have a predetermined formula or metric in comparing these factors, but generally sets a base salary it believes to be competitive but fair for each of our executive officers, based on the recommendations made by our President. As mutually agreed, certain executive salaries have been reduced in an effort to lower expenses. The base salaries paid to each named executive officer for the fiscal years ended May 31, 2025 and 2024, are reported in the column captioned "Salary" of the "Summary Compensation Table" above.

### Outstanding Equity Awards at Fiscal Year-End

Each named executive officer received zero share stock grant awards in fiscal years 2025 and 2024.

Name	Option Awards			
	Number of Securities Underlying Unexercised Options (#) Exercisable		Option Exercise Price (\$)	Option Expiration Date
Mr. Thomas Bickart	15,000	(1)	\$0.06	04/20/2029
	1,250	(2)	\$0.05	10/21/2029
	2,500	(3)	\$0.44	10/20/2030
Dr. Cynthia Mathena	20,000	(4)	\$0.02	01/16/2030

(1) These stock options were granted on April 20, 2019, and vested in full as of February 11, 2021.

(2) These stock options were granted on October 21, 2019, and vested in full as of May 31, 2021.

(3) These stock options were granted on October 21, 2020, and vested in full as of May 31, 2022.

(4) These stock options were granted on January 17, 2020, and vested in full as of December 16, 2021.

### Employment Agreements

National American University, a division of Dlorah, our wholly owned subsidiary, had an employment agreement with Dr. Shape, former president, which has expired. Other than the President's Employment Agreement with Dr. Mathena referenced below, there are no employment agreements or arrangements, whether written or unwritten, for the other executive management team members.

#### Dr. Cindy Mathena

NAU and Dr. Cindy Mathena entered into a President's Employment Agreement, effective June 1, 2025. The term of the agreement commences June 1, 2025 and expires May 31, 2026, unless sooner terminated in accordance with the provisions of the agreement. The Agreement provides for an annual base compensation of \$162,000 and other benefits as set forth in the Agreement.

## Director Compensation and Benefits

Our Board periodically reviews the total compensation paid to non-management directors. The purpose of the review is to ensure that the level of compensation is appropriate to attract and retain a diverse group of directors with the breadth of experience necessary to perform the Board's duties, and to fairly compensate directors for their service. The Board considers the time and effort required for service on the Board, a Board committee and as a committee chair, and to the extent available reviews Board compensation survey information for comparably sized public companies.

The directors have historically received a quarterly stipend as compensation for their services and participation on the NAUH Board. At the beginning of FY22, Dr. Buckingham voluntarily discontinued receiving his quarterly payment. The other NAUH Board of Directors receive a stipend unless opting out.

## Securities Authorized for Issuance under Equity Compensation Plans

The following table sets forth information about our common stock that may be issued upon the exercise of options, warrants and rights under all of our compensation plans (including individual compensation arrangements) under which our equity securities are authorized for issuance as of May 31, 2025, which includes our 2018 Stock Option and Compensation Plan.

Plan category:	(a)	(b)	
	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by stockholders <sup>(c)</sup>	53,375	0.46	1,429,514
Total	53,375	0.46	1,429,514

a) See "Notes to Consolidated Financial Statements—Note 9—Stockholders' Equity" for further description of our equity compensation plans.

b) Includes grants of stock options, time-based restricted stock awards, and performance based restricted stock units. For purposes of the table above, the number of shares to be issued under performance based restricted stock units reflects the maximum number of shares that may be issued; the actual number of shares to be issued will depend on the results of operations during the fiscal year ended May 31, 2025, and beyond.

c) Includes weighted average exercise price of stock options only.

## **B. Legal/Disciplinary History**

In the past five years, none of our officers, directors, or control persons have been subject of any of the following:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);
2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;
3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or
4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

## **C. Disclosure of Family Relationships**

Robert Buckingham, the former Chairman of the Board, is a beneficial owner, with approximately 55% of outstanding common stock owned by entities in which Mr. Buckingham has an interest.

## **D. Disclosure of Related Party Transactions**

See Note 16 in the Notes to Consolidated Financial Statements.

## **E. Disclosure of Conflicts of Interest**

National American University Holdings, Inc. does not currently have any known conflicts of interest to report.

## **Item 12 Financial information for the issuer's most recent fiscal period**

# TANNER

## Independent Auditors' Report

---

### **To the Board of Directors of National American University Holdings, Inc. and Subsidiary**

#### **Opinion**

We have audited the accompanying consolidated financial statements of National American University Holdings, Inc. and subsidiary (collectively, the Company), which comprise the consolidated balance sheets as of May 31, 2025 and 2024, and the related consolidated statements of income, stockholders' equity (deficit), and cash flows for the years then ended, and the related notes to consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of National American University Holdings, Inc. and subsidiary as of May 31, 2025 and 2024, and the results of their operations and their cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of National American University Holdings, Inc. and subsidiary and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

---

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**National American University Holdings, Inc. and Subsidiary**  
**Notes to Consolidated Financial Statements**  
**As of and for the Years Ended May 31, 2025 and 2024**

**1. Statement Presentation and Basis of Consolidation**

The accompanying financial statements are presented on a consolidated basis and include the accounts of National American University Holdings, Inc. ("NAUH"), its wholly owned subsidiary, Dlorah, Inc. ("Dlorah"), and its division, National American University ("NAU" or the "University").

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Throughout the notes to the consolidated financial statements, amounts in tables are in thousands of dollars, except for share and per share data or as otherwise designated. The Company's fiscal year-end is May 31. These financial statements include consideration of subsequent events through the date the financial statements were available for issuance. All intercompany transactions and balances have been eliminated in consolidation.

Unless the context otherwise requires, the terms "we", "us", "our" and the "Company" used throughout this document refer to National American University Holdings, Inc., and its wholly owned subsidiary, Dlorah, which operates National American University.

*Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. On an ongoing basis, the Company evaluates its estimates and assumptions. Actual results could differ from those estimates.

*Financial Condition and Liquidity*

For the years ended May 31, 2025 and 2024, net cash provided by operating activities was approximately \$2.2 million and \$1.2 million, respectively, and the operating income (loss) was approximately \$0.1 million and (\$0.02) million, respectively. As of May 31, 2025 and 2024, the working capital deficit was approximately \$3.3 million and \$3.7 million, respectively, and the stockholders' deficit was approximately \$1.1 million and \$1.5 million, respectively.

During the year ended May 31, 2025, the Company continued implementation of an operational plan that focuses on online postsecondary academic programs with a focus on students who have completed college courses and earned credits but have not completed their degree program. In an effort to manage cash flows and work toward recognizing increased positive cash flows from operating activities and operating income, the Company is continuing its efforts to increase the number of students enrolled in its programs while simultaneously trying to control operating expenses, including reducing expenses where possible. There is no assurance that these efforts will be successful.

**2. Nature of Operations**

National American University Holdings, Inc. was incorporated in the State of Delaware on April 10, 2007. On November 23, 2009, Dlorah became a wholly owned subsidiary of NAUH pursuant to an Agreement and Plan of Reorganization between NAUH and Dlorah.

The Company's common stock was listed as NAUH on Nasdaq Global Market through January 17, 2019, at which time the Company voluntarily delisted and transferred its listing to the Over the Counter Quotation Bureau ("OTCQB") Market. The delisting and transfer were the result of the Company's market value of publicly held shares no longer meeting the requirement to maintain a minimum Market Value of Publicly Held Shares of \$5,000, as set forth in Nasdaq Listing Rule 5450(b)(1)(C), as well as consideration of the probability of regaining compliance, the common stock's current trading volume and price, and the costs of maintaining

eligibility to list the Company's common stock on the Nasdaq Global Market. As of June 5, 2019, the Company ceased being a reporting company under the Securities and Exchange Act of 1934, as amended, and now reports under the OTCQB Market's Alternative Reporting Standards.

NAU is an accredited, proprietary institution of higher learning, offering diploma, associate, bachelor's, master's, and doctoral degree programs in many disciplines of study. NAU consists of a group of educators dedicated to serving its students to achieve success in attaining their educational goals to advance their career opportunities. A substantial portion of NAU's income is dependent upon federal student financial aid programs. To maintain eligibility for financial aid programs, NAU must comply with United States Department of Education requirements, including the maintenance of certain financial ratios.

In addition to the University operations, the Company had owned and operated a real estate business known as Fairway Hills Developments, or Fairway Hills. The real estate business rented apartment units and developed and sold condominium units in the Fairway Hills Planned Development area of Rapid City, South Dakota. In August 2020, the Company sold Fairway Hills and its assets to Park West.

### 3. Summary of Significant Accounting Policies

**Cash and Cash Equivalents** - The Company considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. Cash is held in bank accounts that periodically exceeds insured limits; however, no losses have occurred and the Company does not believe the risk of loss is significant.

**Student Receivables, Other Receivable, and Allowance for Credit Losses** - Student receivables are recorded at estimated net realizable value and the allowance for credit losses is revised periodically based on estimates derived from historical experience, current market conditions, and reasonable and supportable forecasts. Interest and service charges are applied to all past due student receivables; however, collections are first applied to principal balances until such time that the entire principal balance has been received. Student accounts are charged off and sent to collections after being outstanding for 90 days. Bad debt expense is included in selling, general and administrative expenses in the consolidated statements of income.

Other receivables include financial aid amounts due from the federal government, and the current portion of institutional receivables, which are amounts due from students and are stated at net realizable value. The long-term portion of these institutional receivables is included in other assets. As of May 31, 2024, other receivables also included approximately \$2.07 million related to Employee Retention Tax Credits ("ERTCs"), under the Cares Act. This amount was received in December 2024.

**Property and Equipment** - Property and equipment are stated at cost. Renewals and improvements exceeding five thousand dollars with an expected life of greater than one year are capitalized, while repairs and maintenance are expensed when incurred. Upon the retirement, sale or disposition of assets, costs and related accumulated depreciation are eliminated from the accounts and any gain or loss is reflected in the consolidated statement of income. Depreciation is computed using the straight-line method over the following estimated useful lives:

	Years
Leasehold Improvements	4 - 15
Furniture, Vehicles, and Equipment	5 - 15

For tax purposes, depreciation is computed using straight-line and accelerated methods. Property and equipment – net consists of the following as of May 31:

	2025	2024
Furniture, Vehicles, and Equipment	\$ -	\$ 383
Leasehold Improvements	9	-
Total Gross Property and Equipment	9	383
Less Accumulated Depreciation	(1)	(383)
Net Property and Equipment	\$ 8	\$ -

**Capitalized Course Development Costs** - The University internally develops curriculum and electronic instructional materials for certain courses. The curriculum is primarily developed by employees and contractors. The curriculum is integral to the learning system. Customers do not acquire the curriculum or future rights to it. Accumulated amortization is \$1,321 and \$1,545 as of May 31, 2025 and 2024, respectively.

**Goodwill and Intangible Assets** - Goodwill represents the excess of the acquisition cost over the fair value of the net assets acquired and is not subject to amortization. Other identified intangible assets are amortized over their estimated useful lives of four to five years. Goodwill and other intangible assets are evaluated annually for impairment or when events or circumstances indicate potential impairment.

**Impairment of Long-Lived Assets** - Long-lived assets are reviewed for impairment when circumstances indicate the carrying value of an asset may not be recoverable. For assets that are held and used, impairment exists when the estimated undiscounted cash flows associated with the asset or group of assets is less than carrying value. If impairment exists, an adjustment is made to write the asset down to its fair value, and a loss is recorded as the difference between the carrying and fair value. Fair values are determined based on quoted market values, discounted cash flows, or internal and external appraisals, as applicable.

**Deferred Income Taxes** - Deferred income taxes are provided using the asset and liability method whereby deferred tax assets and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The Company recognizes a valuation allowance if, based on the weight of available evidence, it is more likely than not that some portion, or all, of a deferred tax asset will not be realized.

**Leases** - Management determines if a contract is or contains a lease at inception or modification of a contract. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. Control over the use of the identified asset means the lessee has both (a) the right to obtain substantially all of the economic benefits from the use of the asset and (b) the right to direct the use of the asset. Such assets are classified as right-of-use (ROU) assets with a corresponding lease liability.

Operating lease ROU assets and liabilities are recorded at commencement at the present value of future minimum lease payments over the expected lease term. As a practical expedient, management uses the risk-free rate as the discount rate in its lease calculations.

Lease expense for minimum lease payments is recognized on a straight-line basis over the expected lease term. Leases with an expected term of 12 months or less are not accounted for on the consolidated balance sheet and the related lease expense is recognized on a straight-line basis over the expected lease term. Fixed non-lease costs, for example common-area maintenance costs, taxes, insurance, and maintenance, are excluded from the measurement of the right-of-use asset and lease liability as the Company separates lease and non-lease components.

**Advertising** - The University follows the policy of expensing the cost of advertising as incurred. Advertising costs of approximately \$2.0 million and \$1.7 million are included in selling, general, and administrative expenses in the consolidated statements of income for the years ended May 31, 2025 and 2024, respectively.

**Reclassification** - Certain reclassifications have been made to the 2024 financial presentation to conform with current year presentation.

## 4. Revenue

### Revenue Recognition

The following table presents the Company's revenue from contracts with customers, disaggregated by material revenue category, for the years ended May 31:

	2025	2024
Academic Revenue	\$ 8,773	\$ 8,952
Auxiliary Revenue	944	687
Consolidated Revenue	\$ 9,717	\$ 9,639

Revenue is recognized when control of the promised goods or services are transferred to customers in an amount that reflects the consideration the Company expects to be entitled to receive in exchange for those goods and services. The Company applies the five-step revenue model under *ASC Topic 606* to determine when revenue is earned and recognized. The Company had no capitalizable costs associated with obtaining and fulfilling a revenue contract.

#### *Academic Revenue*

Academic revenue consists of tuition revenue, other fee revenue and the revenue generated through NAU's teaching relationships with other non-related party institutions. The Company's academic programs are typically offered on a three-month term basis that commence monthly.

Tuition revenue represents amounts charged for course instruction. For tuition revenue, the Company performs an assessment at the beginning of each student contract and, subsequently thereafter, if new information indicates there has been a significant change in facts and circumstances. Each student contract contains a single performance obligation which is the Company's promise to the student to provide knowledge and skills through course instruction, which may include a combination of on-demand tutoring and online instruction.

Tuition revenue is reported net of adjustments for discounts, refunds and scholarships. Tuition rates per student vary by educational site, the number of credit hours the student is enrolled in for the term, the program, and the degree level of the program. The portion of tuition and registration fees received but not earned, less estimated student withdrawals, is recorded as deferred revenue and reflected as a current liability on the Company's consolidated balance sheet, as such amount represents revenue the Company expects to earn from terms that are not complete as of the date of the financial statements.

Tuition revenue is deferred and recognized as revenue ratably over the term of instruction (typically three months). Tuition revenue is recognized over time as the students obtain control of the educational services provided by the Company subsequent to enrollment and on a ratably basis over the term of the course beginning on the course start date through the last day of classes.

If a student withdraws prior to the completion of the academic term, the respective portion of tuition and registration fees the Company already received and is not entitled to retain are refunded back to the students and the Department of Education. Students are no longer entitled to a refund once 60% of the term has been completed. For students that have withdrawn from all classes during an academic term, the Company estimates the expected receivable balance due from such students and records a provision to reduce academic revenue for that amount, less estimated collections calculated based on historical collection trends and adjusted for known current factors.

#### *Auxiliary Revenue*

Auxiliary revenue primarily consists of revenue from the Company's Resource Fees and Technology Fees. Revenue is recognized when resource and technology fees are charged to the student. Auxiliary revenue is recorded net of any applicable sales tax.

The following presents the Company's net revenue disaggregated based on the timing of revenue recognition for the years ended May 31:

	2025	2024
<u>Services transferred over time:</u>		
Academic Revenue (transferred over academic term)	\$ 8,773	\$ 8,952
	<u>8,773</u>	<u>8,952</u>
<u>Services transferred at a point in time:</u>		
Auxiliary Revenue	944	687
	<u>944</u>	<u>687</u>
 Total revenue	 <u>\$ 9,717</u>	 <u>\$ 9,639</u>

The Company does not have any unsatisfied performance obligations for contracts with customers that have an expected duration of more than one year.

## 5. Student Receivables, Net

Student receivables consist primarily of amounts due related to tuition and educational services. Student receivables, net, consist of the following as of May 31:

	2025	2024	2023
Student accounts receivable	\$ 351	\$ 500	\$ 1,180
Less allowance for doubtful accounts	(108)	(96)	(194)
Student receivables, net	<u>\$ 243</u>	<u>\$ 404</u>	<u>\$ 986</u>

## 6. Impairment of Long-Lived Assets

Long-lived assets are reviewed for impairment when events or circumstances indicate the carrying value of an asset may not be recoverable. For assets that are held and used, impairment exists when the estimated undiscounted cash flows associated with the asset or group of assets is less than carrying value. If impairment exists, an adjustment is made to write the asset down to its fair value, and a loss is recorded as the difference between the carrying and fair value. Fair values are determined based on quoted market values, discounted cash flows, or internal and external appraisals, as applicable.

## 7. Letter of Credit and Debt

A letter of credit ("LOC") was issued on May 10, 2019 by Black Hills Community Bank N.A. for the benefit of the United States Department of Education (the "Department") in the amount of \$7.331 million. It was secured by a restricted certificate of deposit ("CD") totaling \$7.375 million. An update to the letter of credit was received from the Department on April 9, 2020. The LOC requirement was reduced to approximately \$4.8 million, thus allowing for a reduction in the certificate of deposit that is collateralizing the LOC. In January 2022, the Department reduced the LOC requirement to approximately \$1.992 million, thus reducing the collateralized CD that secures the LOC. This LOC was renewed for \$2.007 million in September 2024.

As of May 31, 2025, the restricted certificates of deposit on the consolidated balance sheet include \$2.1 million held as a certificate of deposit for the Black Hills Community Bank N.A. letters of credit. In addition, the following collateralized items are also included in certificates of deposit: \$0.05 million State of Alabama, \$0.05 million State of Missouri, and \$0.06 million State of New Mexico. The \$0.16 million held as a certificate of deposit by First Interstate Bank to collateralize the consolidated Company's purchasing card was refunded in July 2024, when the purchasing card was moved to a different source with no collateral required.

In January 2023, the Company entered into a commercial line of credit with a related party. The line of credit has a borrowing capacity of \$0.46 million. Outstanding principal amounts accrue interest at an annual rate of 8%. The line of credit balance totaling \$0.317 million of principal and interest was paid in full December 12, 2024, upon receipt of the ERTCs disclosed in Note 3.

In June 2023, the Company executed a promissory note in which it promised to pay certain related parties the principal sum of \$2.3 million, plus interest accruing at the rate of 8.0% per annum. One of the related parties forgave their total interest accrued of \$.047 million in December 2024. The remaining promissory note balance totaling approximately \$1.485 million of principal and remaining interest was paid in full December 2024, upon receipt of the receipt of the ERTCs disclosed in Note 3.

In January 2024, the Company and the landlord of the terminated operating lease of the Company's headquarters referenced in Note 8 below, entered into an agreement in which the Company agreed to pay the previous landlord the balance of prior rent of \$1.35 million due under the security agreement, plus interest accruing at the rate of 5.0% per annum, payable in 79 monthly installments of \$0.02 million. All monthly payments to date have been made timely.

## 8. Leases

Effective November 1, 2011, the Company entered into a 20-year capital lease arrangement for additional space that housed the corporate headquarters, distance learning operations, and the Rapid City campus operations. Effective September 1, 2021, the Company entered into an amendment to the lease, which resulted in a gain on the sale of approximately \$4.4 million, approximately \$3.2 million of which was recognized immediately in fiscal year 2022 and the remaining approximately \$1.2 million was deferred and was to be recognized over the remaining term of the amended lease agreement, which was scheduled to expire May 31, 2026. Under the amended lease, the continuing monthly payments were \$0.025 million per month through May 2026, and the lease designation was remeasured to be an operating lease. In November 2023, the Company and the landlord entered into an agreement terminating the lease after the premises were sold to a third party by the landlord. The Company and the landlord subsequently entered into an agreement for payment of the balance of the prior rent as described in Note 7 above. Additionally, the remaining amount of the deferred gains were immediately recognized and are included in the gain on sale-leaseback on the consolidated statement of income for the year ended May 31, 2024.

In January 2024, the Company entered into a noncancelable agreement to lease office space at 4020 Jackson Blvd., Suite 1, Rapid City, South Dakota to house its corporate headquarters after the prior landlord's sale of the previous location at 5301 Mt. Rushmore Road, Rapid City, South Dakota. The two-year lease agreement includes an option to extend the lease term for two subsequent 12-month periods. The monthly base rent is \$5,250, plus the proportional share of real estate taxes and insurance.

The following table reconciles the undiscounted future cash flows for the next year through current maturity dates, to the operating lease liabilities recorded within the consolidated balance sheet as of May 31, 2025:

### Maturities of Operating Lease Liability

Fiscal Year 2026	\$	36.7
Total Lease Payments	\$	36.7
Less Amount Representing Interest		(0.5)
Present Value of Lease Liability	\$	<u>36.2</u>

As of May 31, 2025, the weighted average remaining lease term was seven months, and the weighted average discount rate was 4.26%.

Rental expense under the Company's operating leases for the years ended May 31, 2025 and 2024 was approximately \$0.06 million and \$0.2 million respectively.

## 9. Stockholders' Equity

The authorized capital stock for the Company is 51,100,000 shares, consisting of (a) 50,000,000 shares of common stock, par value \$0.0001 (b) 1,000,000 shares of preferred stock, par value \$0.0001, and (c) 100,000 shares of class A common stock, par value \$0.0001. Of the authorized shares, 24,715,070 and 24,733,917 shares of common stock were outstanding as of May 31, 2025 and 2024, respectively. No shares of preferred stock or Class A common stock were outstanding as of May 31, 2025 and 2024.

### *Stock-Based Compensation*

As of May 31, 2025 and 2024, the Company had 1,429,514 shares available for future grants under its 2018 Stock Option and Compensation Plan (the "2018 Plan"), respectively. The Company may grant restricted stock awards, restricted stock units and stock options to aid in recruiting and retaining employees, officers, directors, and other consultants under the 2018 Plan.

### *Restricted stock*

The Company had no restricted stock awards outstanding as of May 31, 2025 and 2024.

### *Unrestricted stock*

Unrestricted stock is issued to certain employees in settlement of a portion of their salaries and bonuses. For the years ended May 31, 2025 and May 31, 2024, there were no shares of stock issued to employees.

### *Stock options*

The Company accounts for stock option-based compensation by estimating the fair value of options granted using a Black-Scholes option valuation model. The Company recognizes the expense for grants of stock options on a straight-line basis in the consolidated statement of income as operating expense based on their fair value over the requisite service period.

For the years ended May 31, 2025 and 2024, no stock options were issued and no outstanding options were exercised. No expense associated with stock options was recorded for the years ended May 31, 2025 or 2024. At June 1, 2022, all stock options expense was fully amortized.

Stock options are valued using the expected volatilities based on historic volatilities from the Company's traded shares. The expected term of options granted follows the plain vanilla method. The risk-free interest rate for periods matching the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. The expected dividend is based on the historic dividends of the Company.

A summary of option activity under the Plan as of May 31, 2025 and 2024, and changes during the years then ended, is presented below:

Stock Options	Shares	Weighted Average Exercise Price	Average Life (years)	Intrinsic Value (thousands)
Outstanding at June 1, 2023	127,329	\$ 1.72	4.2	\$ 1.8
Granted	-	-		
Exercised	-	-		
Forfeited	(73,954)	2.63		
Outstanding at June 1, 2024	53,375	0.46	4.9	\$ 0.6
Granted	-	-		
Exercised	-	-		
Forfeited	-	-		-
Outstanding at May 31, 2025	53,375	\$ 0.46	3.9	\$ 0.2
Exercisable at May 31, 2025	53,375	\$ 0.46	3.9	\$ 0.2

### *Dividends*

No dividends have been declared or paid since October 6, 2017.

## 10. Employee Compensation Plan

**Employee Benefit Plan Payable** - The Company sponsors a 401(k) plan for its employees, which provides for a discretionary match, net of forfeitures, of up to 5%. The University uses certain consistently applied operating ratios to determine contributions. No matching contributions were paid or accrued by the University as of and for the years ended May 31, 2025 and 2024.

## 11. Income Taxes

Components of the provision for income taxes for the fiscal years ended May 31, were as follows:

	2025	2024
<i>Current tax expense (benefit):</i>		
Federal	\$ 73	\$ (2)
State	26	(28)
Total current tax expense (benefit):	99	(30)
<i>Deferred tax expense (benefit):</i>		
Federal	(73)	2
State	(15)	39
Total deferred tax expense (benefit):	(88)	41
Total tax expense (benefit)	\$ 11	\$ 11

The effective tax rate varies from the statutory federal income tax rate for the following reasons:

	2025	2024
Statutory	21.00%	21.00%
State income taxes - net of federal benefit	2.77%	5.79%
Deferred tax asset valuation	-20.45%	1.35%
Permanent differences and other	-0.28%	-0.18%
Effective income tax rate	3.04%	27.96%

Deferred income taxes reflect the tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's deferred income tax assets (liabilities) as of May 31, 2025 and 2024 were as follows:

	2025	2024
Deferred Income Tax Assets:		
Account Receivable Allowances	\$ 44	\$ 30
Bad Debt Write-Offs	114	158
Other	122	125
Accrued Salaries	159	146
Start-up Costs	-	8
Fixed assets and capitalized course development	67	39
Contribution Carryforwards	1	13
Federal Net Operating Loss Carryforwards	5,319	5,424
State Net Operating Loss Carryforwards	1,410	1,435
Total deferred income tax assets	7,236	7,378
Valuation allowance	(7,166)	(7,315)
Net deferred income tax assets	70	63
Deferred income tax liabilities:		
Fixed assets and course development	(42)	(37)
Prepaid expenses	(28)	(26)
Total deferred income tax liabilities	(70)	(63)
Net deferred income tax assets (liabilities)	\$ -	\$ -

For the fiscal year ended May 31, 2025, the Company has taxable income of \$0.357 million for book purposes, and of \$0.294 million for tax purposes. As of May 31, 2025 and 2024, the Company had net operating loss (“NOL”) carryforwards of approximately \$25.3 million and \$25.8 million federal, respectively, and \$25.0 million and \$25.5 million state, respectively. The federal NOL carryforwards have no expiration.

The change in the valuation allowance for deferred tax assets for the years ended May 31, 2025 and 2024 was approximately -\$0.2 million and -\$0.1 million, respectively. In assessing the recovery of the deferred tax assets, management considers whether it is more likely than not, that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon generation of future taxable income in the periods in which those temporary differences become deductible. Management considers the scheduled reversals of future deferred tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. As a result, management determined it was more likely than not that the net deferred tax assets would not be realized as of May 31, 2025 and 2024, and recorded a valuation allowance accordingly.

The Company follows the guidance of ASC Topic 740, *Income Taxes, Accounting for Uncertainty in Income Taxes* – an interpretation of FASB Statement No. 109, which requires that income tax positions must be more likely than not to be sustained based solely on their technical merits in order to be recognized. The Company has recorded no liability for uncertain tax positions. In the event the Company had uncertain tax positions, the Company would elect to record interest and penalties from unrecognized tax benefits in the tax provision.

## 12. Earnings (Losses) per Share

Basic earnings per share (“EPS”) is computed by dividing net income by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per share reflect the potential dilution that could occur assuming vesting, conversion, or exercise of all dilutive unexercised options and restricted stock.

The following is a reconciliation of the numerator and denominator for the basic and diluted EPS computations:

	2025	2024
<b>Numerator:</b>		
Net income	\$ 346	\$ 160
	<u>\$ 346</u>	<u>\$ 160</u>
<b>Denominator:</b>		
Weighted average shares outstanding used to compute basic net income per common share	24,715,070	24,733,917
Weighted average shares outstanding used to compute fully diluted net income per common share	-	-
Common shares used to compute diluted net income per share	<u>24,715,070</u>	<u>24,733,917</u>
Basic net income per common share	\$ 0.01	\$ 0.01
Diluted net income per common share	\$ 0.01	\$ 0.01

A total of 53,375 shares of common stock subject to issuance upon exercise of stock options for years ended May 31, 2025 and 2024, have been excluded from the calculation of diluted EPS, as the effect is immaterial.

### 13. Regulatory Matters

The University extends unsecured credit to a portion of the students for tuition and other educational costs. A substantial portion of credit extended to students is repaid through the students' participation in various federal financial aid programs authorized by Title IV Higher Education Act of 1965, as amended (the "Higher Education Act" or "HEA"). The University is required under 34 CFR 600.5(d) to maintain at least 10% of its revenues (calculated on a cash basis) from non-federal program funds, commonly referred to as the "90/10 Rule". An institution is subject to loss of eligibility to participate in federal fund programs if it fails to meet the 10% threshold for two consecutive fiscal years. If the University were to violate the 90/10 Rule, it would become ineligible to participate in federal fund programs as of the first day of the fiscal year following the second consecutive fiscal year in which we exceeded the 90% federal program funds threshold and would be unable to regain eligibility for two fiscal years thereafter. The University believes it is in compliance with this requirement for the years ended May 31, 2025 and 2024, as shown in the underlying calculation:

	2025	2024
Federal HEA funds received	\$ 8,567	\$ 8,271
Academic revenue (cash basis)	\$ 9,930	\$ 9,859
	<u>          </u> = 86.28%	<u>          </u> = 83.90%

To participate in Title IV Programs, a school must be authorized to offer its programs of instruction by relevant state education agencies, be accredited by an accrediting commission recognized by the U.S. Department of Education (the "Department"), and be certified as an eligible institution by the Department. For this reason, educational institutions are subject to extensive regulatory requirements imposed by all of these entities. After an educational institution receives the required certifications by the appropriate entities, the educational institution must demonstrate compliance with the Department's regulations pertaining to Title IV Programs on an ongoing basis. Included in these regulations is the requirement that the Company must satisfy specific standards of financial responsibility.

#### *Financial Responsibility Composite Score*

The Department of Education evaluates educational institutions for compliance with these standards each year, based upon an educational institution's annual audited financial statements, as well as following any

changes in ownership. Department regulations specify that an eligible institution of higher education must satisfy specific measures of financial responsibility prescribed by the Department, or post a letter of credit in favor of the Department and accept other conditions on its participation in Title IV programs. Pursuant to the Title IV program regulations, each eligible institution must satisfy a measure of financial responsibility that is based on a weighted average of the following three annual ratios, which assess the financial condition of the institution:

- Primary Reserve Ratio – measure of an institution’s financial viability and liquidity;
- Equity Ratio – measure of an institution’s capital resources and its ability to borrow; and
- Net Income Ratio – measure of an institution’s profitability.

These ratios provide three individual scores, which are converted into a single composite score. The maximum composite score is 3.0. If an institution’s composite score is at least 1.5, it is considered financially responsible. If an institution’s composite score is less than 1.5 but is 1.0 or higher, it is still considered financially responsible, and the institution may continue to participate as a financially responsible institution for up to three years under the Department’s “zone” alternative. Under the zone alternative, the Department may require an institution to comply with various additional operating, monitoring or other requirements, agree to receive Title IV program funds under an arrangement other than the Department of Education’s standard advance funding arrangement, such as the reimbursement method of payment or heightened cash monitoring, or comply with or accept other limitations on the institution’s ability to increase the number of programs it offers or the number of students it enrolls.

If an institution does not achieve a composite score of at least 1.0, it is subject to additional requirements in order to continue its participation in the Title IV programs, including submitting to the Department a letter of credit in an amount equal to at least ten percent, and at the Department’s discretion up to 50%, of the Title IV funds received by the institution during its most recently completed fiscal year, and being placed on provisional certification status, under which the institution must receive Department approval before implementing new locations or educational programs and comply with other restrictions, including reduced due process rights in subsequent proceedings before the Department.

In addition, under regulations that took effect on July 1, 2016, institutions placed on either the heightened cash monitoring payment method or the reimbursement payment method must pay Title IV credit balances to students or parents before requesting Title IV funds from the Department and may not hold Title IV credit balances on behalf of students or parents, even if such balances are expected to be applied to future tuition payments.

Additionally, as part of the 2016 Borrower Defense Final Rule, the Department of Education revised its general standards of financial responsibility to include various actions and events that would require institutions to provide the Department of Education with irrevocable letters of credit. On March 8, 2019, NAU received a letter from the Department of Education which noted several financial matters described in the notes to the Company’s audited financial statements for the fiscal year ended May 31, 2018 and its Form 10-Q filed with the Securities and Exchange Commission on January 22, 2019, and the Company’s delisting from Nasdaq Global Market and transfer of shares to the OTCQB Market, and determined that NAU did not meet its financial responsibility standards for institutions that participate in Title IV programs. As a result, the Department of Education’s letter of March 8, 2019 imposed additional reporting requirements on NAU with respect to its financial condition including bi-weekly cash balance submissions and monthly submissions of actual and projected cash flow statements, and notification requirements regarding certain enumerated events should they occur in the future; required NAU to process Title IV program funds under the Heightened Cash Monitoring Type 1 method of payment; and informed NAU that it could continue to participate in Title IV programs by either (1) posting a letter of credit to the Department of Education in the amount of \$36.6 million representing 50% of the Title IV program funds awarded during the Company’s fiscal year ended May 31, 2018, or (2) posting a letter of credit to the Department of Education in the amount of \$10.9 million, representing 15% of the Title IV program funds awarded during the Company’s fiscal year ended May 31, 2018, accompanied by the provisional form of certification to participate in the Title IV programs. On March

22, 2019, the Company submitted a request to the Department of Education for reconsideration of its imposition of the letter of credit, as well as the amount and timing for any required letter of credit. In response to the request, the Department of Education provided two additional options for a letter of credit accompanied by provisional certification: (1) posting of an irrevocable letter of credit in the amount of \$7.3 million, representing 10% of Title IV program funds for its fiscal year ended May 31, 2018, or (2) placement on the Heightened Cash Monitoring Type 2 payment method, with a percentage of each payment withheld until an account equal to the required letter of credit amount can be funded. On April 30, 2019, the Company responded to the Department's letter and selected the posting of an irrevocable letter of credit in the amount of \$7.3 million for the benefit of the Department. The letter of credit was issued on May 10, 2019 and in May 2020, reduced by the Department of Education to approximately \$4.8 million. In January 2020, the Department reduced the letter of credit to approximately \$2.0 million. The letter of credit amount from August 17, 2023 to September 18, 2024 was increased by \$14,813, to its current amount.

The audited financial statements for the fiscal years ended May 31, 2025 and 2024 resulted in financial responsibility composite scores of 0.0 and -0.2, respectively.

Finally, to remain eligible to participate in Title IV programs, an educational institution's student loan cohort default rates must remain below certain specified levels. An educational institution loses eligibility to participate in Title IV programs if its cohort default rate equals or exceeds 40% for any given year or 30% for three consecutive years. The official cohort default rates for federal fiscal year 2019 was 4.0%. Due to COVID-19, repayment of student loans was temporarily suspended. As a result, the 2020 official cohort default rate was 0.1%, the 2021 draft cohort default rate was 0.0%, and the 2022 draft cohort default rate was 0.0%, which is the latest calculation for the three-year cohort default rate

#### NC-SARA (National Council of State Authorization Reciprocity Agreements)

The Company is a former participant of NC-SARA, commonly known as SARA, which allowed NAU to enroll online students from participating states. With the USDOE's determination of a May 31, 2019 composite score of (1.0), the Company was notified in April 2020 that it would become ineligible in July 2020 to participate in SARA. As a result, NAU has sought individual state authorization and approval to operate in each individual state. NAU is currently approved to accept students to enroll in all but ten states and the District of Columbia.

Below is the underlying calculation of the 90/10 ratio:

		2025	
		Amount Adjusted (Net)	Disbursed Amount (Net)

## 14. Commitments and Contingencies

From time to time, the Company is a party to various claims, lawsuits or other proceedings relating to the conduct of its business. Although the outcome of litigation cannot be predicted with certainty and some claims, lawsuits or other proceedings, if any, may be disposed of unfavorably, management believes, based on facts presently known, that the outcome of any outstanding legal proceedings and claims, lawsuits or other proceedings will not have a material adverse effect on the Company's consolidated financial position, cash flows or future results of operations.

## 15. Fair Value Measurements

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Following is a description of each category in the fair value hierarchy and the financial assets and liabilities of the Company that are included in each category at May 31, 2025 and 2024:

*Level 1* – Quoted prices in active markets for identical assets or liabilities. The types of assets and liabilities included in Level 1 are highly liquid and actively traded instruments with quoted market prices.

*Level 2* – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. The type of assets and liabilities included in Level 2 are typically either comparable to actively traded securities or contracts or priced with models using observable inputs. Level 2 assets consist of certificates of deposit that are valued at cost, which approximates fair value. Level 2 instruments require more management judgment and subjectivity as compared to Level 1 instruments. For instance:

- Determining which instruments are most similar to the instrument being priced requires management to identify a sample of similar securities based on the coupon rates, maturity, issuer, credit rating and instrument type, and subjectively selecting an individual security or multiple securities that are deemed most similar to the security being priced; and
- Determining whether a market is considered active requires management judgment.

*Level 3* – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. The type of assets and liabilities included in Level 3 are those with inputs requiring significant management judgment or estimation. The Company does not have any Level 3 assets or liabilities.

The following table summarizes certain information for assets and liabilities measured at fair value on a recurring basis at May 31, 2025 and 2024:

<b>2025</b>	Quoted prices in active markets (level 1)	Other observable inputs (level 2)	Unobservable inputs (level 3)	Fair value
<b>Investments:</b>				
Restricted certificates of deposit	\$ -	\$ 2,267	\$ -	\$ 2,267
Total assets at fair value	\$ -	\$ 2,267	\$ -	\$ 2,267
<b>2024</b>				
<b>Investments:</b>				
Restricted certificates of deposit	\$ -	\$ 2,459	\$ -	\$ 2,459
Total assets at fair value	\$ -	\$ 2,459	\$ -	\$ 2,459

Following is a summary of the valuation techniques for assets and liabilities recorded in the consolidated balance sheets at fair value on a recurring basis:

*Certificates of deposit ("CDs"):* Market prices for certain CDs are obtained from quoted prices for similar assets. The Company classifies these investments as level 2. The certificates of deposit at May 31, 2025 and 2024 were restricted by borrowing arrangements. See further information in Note 7 to these consolidated financial statements.

*Fair value of financial instruments:* The Company's financial instruments include cash and cash equivalents, CDs, receivables, payables, and debt. The carrying values approximate fair values for cash and cash equivalents, receivables, and payables because of the short-term nature of these instruments. CDs are recorded at fair values as indicated in the preceding disclosures. Debt approximates fair value due to interest rates that approximate current market rates.

## 16. Related Parties

The University has a 33.3% equity investment in Park West, LLC, a real estate company (Park West). The University shares even ownership (33.3% each) with two other parties that are also shareholders in NAUH. During the years ended May 31, 2025 and 2024, Park West recorded net income (loss) of approximately -\$0.037 million and \$0.861 million respectively. This resulted in an ending investment balance in this unconsolidated subsidiary of approximately \$0.008 million and \$0.020 million as of May 31, 2025 and 2024, respectively, and gain (loss) recognized of (\$0.012) million and \$0.02 million, respectively, during the years then ended.

During the year ended May 31, 2024, the University entered into a loan agreement with Park West and several other shareholders of NAUH for \$2.3 million which was used to settle the former Minnesota lease. The debt accrued interest at a rate of 8% per annum. As of May 31, 2024, the outstanding balance was approximately \$1.471 million. In December 2024, the loan was paid in full, and as of May 31, 2025, the outstanding balance was \$0. The University reimbursed Park West and another party that is also a shareholder in NAUH \$0.111 million for the legal fees paid for their portion of the Minnesota lessor lawsuit.

During the years ended May 31, 2025 and 2024, the University applied certain tuition amounts from three students, who are related to a shareholder, against an outstanding liability to that shareholder, in the combined amount of \$0.008 million and \$0.010 million, respectively. As of May 31, 2025 and 2024, the remaining liability

totaled approximately \$0.408 million and \$0.416 million, respectively. Effective May 31, 2025, any unpaid balance accrues interest at an annual rate of 8.0%.

In June 2023, the Company executed a promissory note in which it promised to pay certain related parties the principal sum of \$2.3 million, plus interest accruing at the rate of 8.0% per annum. One of the related parties forgave their total interest accrued of \$.047 million in December 2024. The remaining promissory note balance totaling approximately \$1.485 million of principal and remaining interest was paid in full December 2024, upon receipt of the receipt of the ERTCs disclosed in Note 3.

In January 2023, the Company executed a promissory note in which it promised to pay a related party the principal sum of \$0.275 million, plus interest accruing at the rate of 8.0% per annum. The promissory note balance totaling approximately \$0.317 million of principal and remaining interest was paid in full December 2024, upon receipt of the receipt of the ERTCs disclosed in Note 3.

## **17. Subsequent Events**

Management has evaluated events and transactions for potential recognition or disclosure through August 28, 2025, which is the date the financial statements were available to be issued.

## Item 16 Management's Discussion and Analysis or Plan of Operation

*The following discussion and analysis of our financial condition and results of operations should be read together with, and is qualified in its entirety by reference to, our audited financial statements and related notes included elsewhere in this Annual Report, which have been prepared in accordance with U.S. GAAP. The following discussion may contain forward-looking statements based on current expectations that involve risks and uncertainties. Our actual results could differ materially from those discussed in these forward-looking statements as a result of various factors, including those set forth under "Risk Factors," "Cautionary Note Regarding Forward-Looking Statements" or in other sections of this Annual Report.*

### Background

National American University, or NAU, is an institutionally accredited, for-profit institution of higher learning offering certificate, diploma, associate, bachelor's, master's, and doctoral degree programs in business-related disciplines, such as accounting, applied management, business administration and information technology; legal-related disciplines, such as paralegal and criminal justice; in healthcare-related disciplines; and higher education. Courses are offered online via the internet. As of May 31, 2025, NAU operated one location: Rapid City, South Dakota.

### Key Financial Results Metrics

**Revenue.** Revenue is derived mostly from NAU's operations. Tuition revenue is reported net of adjustments for refunds and scholarships and is recognized on a daily basis over the length of the term. During the second quarter of fiscal year 2018, we began allowing students to take classes in the second and third month within a term rather than waiting to enroll the following term. Upon withdrawal, students generally are refunded tuition based on the uncompleted portion of the term, unless they have already finished 60% or more of the term. Auxiliary revenue is recognized as items are sold and services are performed and is net of any applicable sales tax.

Factors affecting revenue include:

- the number of students who are enrolled and who remain enrolled in courses throughout the term;
- the number of credit hours per student;
- the student's degree and program mix;
- changes in tuition rates;
- the affiliates with which NAU is working as well as the number of students at the affiliates; and
- the amount of scholarships for which students qualify.

The Company records unearned tuition for academic services to be provided in future periods. Similarly, we record a tuition receivable for the portion of the tuition that has not been paid. Tuition receivable at the end of any calendar quarter largely represents student tuition due for the prior academic quarter. Based upon past experience and judgment, we establish an allowance for doubtful accounts to recognize those receivables we anticipate will not be paid. Any uncollected account more than 90 days past due on students who have left NAU is charged against the allowance.

The Company defines enrollments for a particular reporting period as the number of students registered in a course on the last day of the reporting period. Enrollments are a function of the number of continuing students registered and the number of new enrollments registered during the specified period. Enrollment numbers are offset by inactive students, graduations and withdrawals occurring during the period. Inactive students for a particular period are students who are not registered in a class and, therefore, are not generating net revenue for that period.

The Company believes the principal factors affecting NAU's enrollments and net revenue are the number and breadth of the programs being offered; the effectiveness of our marketing, recruiting and retention efforts; the quality of our academic programs and student services; the convenience and flexibility of our online delivery platform; the availability and amount of federal and other funding sources for student financial assistance; and general economic conditions.

Our ability to maintain or increase enrollment will depend on how economic factors are perceived by our target student market in relation to the advantages of pursuing higher education. If current market conditions continue, we believe that the extent to which we are able to maintain or increase enrollment will be correlated with the effectiveness of the online student service platform and the delivery of online academic programming.

**Expenses.** Operating expenses consist of cost of educational services, selling, general and administrative, and auxiliary expenses. Cost of educational services expenses contain expenditures attributable to the educational activity of NAU. This expense category includes salaries and benefits of faculty and academic administrators, costs of educational supplies, faculty reference and support material and related academic costs, and facility costs. Selling, general and administrative expenses include the salaries of the learner services positions (and other expenses related to support of students), salaries and benefits of admissions staff, marketing expenditures, salaries of other support and leadership services (including finance, human resources, compliance and other corporate functions), as well as depreciation and amortization, bad debt expenses and other related costs associated with student support functions. Auxiliary expenses include expenses for the cost of goods sold, including costs associated with books.

#### **Factors affecting comparability**

Set forth below are selected factors we believe have had, or which we expect to have, a significant effect on the comparability of our recent or future results of operations:

**Seasonality.** Our operations are generally subject to seasonal trends. While we enroll students throughout the year, summer and winter quarter new enrollments and revenue are generally lower than enrollments and revenue in other quarters due to the traditional custom of summer breaks and the holiday break in December and January. In addition, we generally experience an increase in enrollments in the fall of each year when most students seek to begin their postsecondary education.

#### **Critical Accounting Policies and Estimates**

The discussion of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with U.S. GAAP. The preparation of these consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, costs and expenses and related disclosures. Management evaluates its estimates and judgments, including those discussed below, on an ongoing basis. These estimates are based on historical experience and on various other assumptions that management believes to be reasonable under the circumstances. The results of our analysis form the basis for making assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions, and the impact of such differences may be material to the consolidated financial statements. We believe the following critical accounting policies involve more significant judgments and estimates than others used in the preparation of our consolidated financial statements:

**Allowance for Doubtful Accounts.** We maintain an allowance for doubtful accounts for estimated losses resulting from the inability, failure or refusal of the students to make required payments. We determine the adequacy of the allowance for doubtful accounts based on an analysis of aging of the accounts receivable and with regard to historical bad debt experience, current market conditions, and reasonable and supportable forecasts. Bad debt expense is recorded as a selling, general and administrative expense.

**Accounting for Income Taxes.** The objectives of accounting for income taxes are to recognize the amount of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequences of events that have been recognized in an entity's financial statements or tax returns. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary

differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in earnings in the period when the new rate is enacted. We recognize a valuation allowance if, based on the weight of available evidence, it is more likely than not that some portion, or all, of a deferred tax asset will not be realized.

We evaluate and account for uncertain tax positions using a two-step approach. Recognition (step one) occurs when we conclude that a tax position, based solely on its technical merits, is more-likely-than-not to be sustained upon examination. Measurement (step two) determines the amount of benefit that is greater than 50% likely to be realized upon ultimate settlement with a taxing authority that has full knowledge of all relevant information. De-recognition of a tax position that was previously recognized would occur when we subsequently determine that a tax position no longer meets the more-likely-than-not threshold of being sustained.

***Impairment of Long-Lived Assets.*** Long-lived assets are reviewed for impairment when events or circumstances indicate the carrying value of an asset may not be recoverable. For assets that are held and used, impairment exists when the estimated undiscounted cash flows associated with the asset or group of assets is less than carrying value. If impairment exists, an adjustment is made to write the asset down to its fair value, and a loss is recorded as the difference between the carrying and fair value. Fair values are determined based on quoted market values, discounted cash flows, or internal and external appraisals, as applicable. All impairment charges are recorded within loss on impairment and disposition of property and equipment in the consolidated financial statements.

#### **Regulation and Oversight**

The Company is subject to extensive regulation by state education agencies, accrediting commissions and federal government agencies, particularly by the Department of Education under the Higher Education Act and the regulations promulgated thereunder by the Department of Education. The regulations, standards and policies of these agencies cover substantially all of our operations.

Any regulations that reduce or eliminate our students' access to Title IV program funds, that require us to change or eliminate programs or that increase our costs of compliance could have an adverse effect on NAU's student enrollment.

## **Part E Issuance History**

### **Item 17 List of securities offerings and shares issued for services in the past two years**

National American University Holdings, Inc. has not had any changes to their securities offerings or shares issued for services in the past two years.
