Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The Common Stock of the Company is eligible for dividends and has full voting rights on all corporate matters, but it does not contain any rights or privileges with regards to preemptive rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

The Preferred Stock Series "A" is convertible into 60% of the then issued outstanding Common Stock of the Company and votes together with the Company's Common Stock at twice the number of shares of Common Stock it would convert into upon proper exercise as the holder thereof. The Series "A" Convertible Preferred Stock does not have any rights of redemption and is not entitled to receive any dividends to be issued by the Company. On June 4, 2021, the Company filed an amended designation with the Nevada Secretary of State increasing the authorized Series "A" Convertible Preferred Stock to 20,000,000 shares of stock.

The Preferred Stock Series "B" has no conversion rights into the Common Stock of the Company. The sole material right of this class of securities is the holders of the Preferred Series "B" Stock shall have voting rights (e.g., entitled to vote on any corporate matters or on matters effecting the rights of all shareholders) equivalent to sixty-seven (67%) of the then outstanding common stock of the Company inclusive of any conversion rights of other shareholders. The rights, preferences, and privileges attached to the Preferred Series "B" Stock shall be operative for a term of five (5) years calendar years or until April 30, 2026. On this date, the Preferred Series "B" Stock shall either expire and be returned to the treasury stock of the Company or the Company shall file a subsequent amendment of the voting rights to be filed with the State of Nevada. On May 10, 2021, the Company filed an initial designation with the Nevada Secretary of State authorizing the Preferred Series "B" stock.

The Preferred Series "C" Stock carries neither common stock voting rights nor will the holders thereof be entitled to receive dividends of any kind from the Company. The holders of the Preferred Series "C" Stock shall be entitled to convert into the Common Stock of the Company at a conversion rate to one (1) share of the Preferred Series "C" Stock to five (5) shares of Common Stock. The conversion rate of the Preferred Series "C" Stock is not affected by a forward or reverse split of the Common Stock of the Company. The Company may not alter the rights and privileges of this class of securities (e.g., by amendment to the Company's articles of incorporation or by the filing of an amended designation for this security) without a majority vote of the holders the then current outstanding Preferred Series "C" Stock. On May 10, 2021, the Company filed an initial designation with the Nevada Secretary of State authorizing the Preferred Series "C" stock.

The Preferred Series "D" Stock carries neither common stock voting rights nor will the holders thereof be entitled to receive dividends of any kind from the Company. The holders of the Preferred Series "D" Stock shall be entitled to convert into the Common Stock of the Company at a conversion rate to one (1) share of the Preferred Series "D" Stock to fifteen (15) shares of Common Stock. The conversion rate of the Preferred Series "D" Stock is not affected by a forward or reverse split of the Common Stock of the Company. The Company may not alter

the rights and privileges of this class of securities (e.g., by amendment to the Company's articles of incorporation or by the filing of an amended designation for this security) without a majority vote of the holders the then current outstanding Preferred Series "D" Stock. On April 18, 2025, the Company filed an initial designation with the Nevada Secretary of State authorizing the Preferred Series "D" stock.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

The Company acquired assets to become a producer of oxygen-enhanced water products intended to help improve one's health, wellness, and lifestyle. The company's products will be produced using a proprietary O4 molecule that is BPA-free and contains higher oxygen content than regular water and is packed with post-consumer recycled plastic bottles, enabling consumers to increase stamina, improve focus and promote faster recovery. Additionally, the Company plans on becoming a regional co-packer of water products for large clients.

B. List any subsidiaries, parent company, or affiliated companies.

AICPG, LLC, a Nevada limited liability company; Consumer Event Packaging, Inc., an Ontario limited liability company.

C. Describe the issuers' principal products or services.

The Company plans on commercially producing water bottle products for sale to big box retail stores and related type customers. Additionally, based upon the equipment acquisition announced earlier this year, we also plan on manufacturing oxygen-enhanced water products intended to help improve one's health, wellness, and lifestyle to the same customers. These products will be produced using a proprietary O4 molecule that is BPA-free and contained higher oxygen content than regular water and will be packed with post-consumer recycled plastic bottles, enabling consumers to increase stamina, improve focus and promote faster recovery.

⁵ The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any "blockers" or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The Company has professional offices at 1601 E. Steel Road, Colton, California 92324 which is included in the cost of the commercial lease on the property. On December 14, 2024, The Company also signed a commercial lease for the production facility at 4500 Eastgate Pkwy, Mississauga, ON L4W 3W6, Canada which begins on January 1, 2025.

6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

A1 GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2025 (Unaudited)

NOTE 1-ORGANIZATION AND GOING CONCERN

A1 Group, Inc. (the "Company") was incorporated on November 27, 2006, under the laws of the State of Nevada and extra-provincially registered under the laws of the Province of Ontario on February 2, 2007. The Company changed its name several times and on June 23, 2014, the Company changed its name to A1 Group, Inc.

The Company is in the process of bringing in new management as per the court order (order date: January 2, 2020) of custodianship granted to Ian Dixon; at present Ian Dixon is complying with the court order on behalf of all the other shareholders to bring the company current on the OTC Markets platform and re-establish some value for the shareholders. Currently, the Company is preparing new financial statements with disclosures for OTC markets with the intention of removing the stop sign. At this point, the company is evaluating the next step of bringing in either an existing business into the company via a merger or starting from scratch under the new management with the intention of generating revenue for the company.

On January 2, 2020, the Company recorded 412,226,498 Common shares and 5,000,000 series A Preferred shares for the par values of \$412,226 and \$5,000, respectively and the same amounts as negative additional paid-in capital.

Going Concern

The Company's financial statements are prepared, using the accounting principles generally accepted in the United States of America applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business.

Currently, the Company does not have significant cash or other material assets, nor does it have operations or a source of revenue sufficient to cover its operating costs and allow it to continue as a going concern.

The Company intends to raise additional capital (besides its intended public offering) through the sale of equity securities, an offering of debt securities, or borrowings from financial institutions and possibly from related and nonrelated parties who may, in fact, lend to the Company on reasonable terms. Management believes that its actions to secure additional funding will likely provide the Company with the opportunity to continue as a going concern.

NOTE 2-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") and include all the notes required by the GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the financial statements have been included.

Cash and cash equivalents

For the purpose of the statements of cash flows, all highly liquid investments with an original maturity of three months or

less are considered to be cash equivalents. The carrying value of these investments approximates fair value.

Property and Equipment Capitalization Policies

Property and equipment is stated at cost and depreciated over estimated useful life of the asset using the straight-line method. Maintenance and repairs are charged to operations as incurred. When assets are sold, or otherwise disposed of, cost and related accumulated depreciation are removed from the accounts, and any gain or loss is included in operations.

Impairment of long-lived assets

The Company continually monitors events and changes in circumstances that could indicate that carrying amounts of long-lived assets may not be recoverable. When such events or changes in circumstances are present, the Company assesses the recoverability of long-lived assets by determining whether the carrying value of such assets will be recovered through undiscounted expected future cash flows. If the total of the future cash flows is less than the carrying amount of those assets, the Company recognizes an impairment loss based on the excess of the carrying amount over the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or the fair value less costs to sell.

Revenue recognition

The Company recognizes revenue in accordance with the Financial Accounting Standard Board (“FASB”) issued Accounting Standards Codification (“ASC”) ASC 605, Revenue Recognition. ASC 605 requires that four basic criteria are met: (1) persuasive evidence of an arrangement exists, (2) delivery of products and services has occurred, (3) the price is fixed or determinable and (4) collectability is reasonably assured. The Company will recognize revenue during the month in which products are shipped, or fees are earned.

Fair value of financial instruments

Fair value measurements are determined under a three-level hierarchy for fair value measurements that prioritizes the inputs to valuation techniques used to measure fair value, distinguishing between market participant assumptions developed based on market data obtained from sources independent of the reporting entity (“observable inputs”) and the reporting entity’s own assumptions about market participant assumptions developed based on the best information available in the circumstances (“unobservable inputs”).

Fair value is the price that would be received to sell an asset or would be paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. In determining fair value, the Company primarily uses prices and other relevant information generated by market transactions involving identical or comparable assets (“market approach”). The Company also considers the impact of a decrease in volume and level of activity for an asset or liability when compared with normal activity to identify transactions that are not orderly.

The highest priority is given to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Securities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The three hierarchy levels are defined as follows:

Level 1 - Quoted prices in active markets that is unadjusted and accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices for identical assets and liabilities in markets that are not active, quoted prices for similar assets and liabilities in active markets or financial instruments for which significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Credit risk adjustments are applied to reflect the Company's own credit risk when valuing all liabilities measured at fair value. The methodology is consistent with that applied in developing counterparty credit risk adjustments but incorporates the Company's own credit risk as observed in the credit default swap market.

Financial instruments consist primarily of cash, prepaid expense, accounts payable and accrued expenses, and notes payable. The carrying amounts of such financial instruments approximate their respective estimated fair value due to the short-term maturities and approximate market interest rates of these instruments. The estimated fair value is not necessarily indicative of the amounts the Company would realize in a current market exchange or from future earnings or cash flows.

Stock-based compensation

The Company accounts for stock awards issued to non-employees in accordance with ASC 505-50, Equity-Based Payments to Non-Employees. The measurement date is the earlier of (1) the date at which a commitment for performance by the counterparty to earn the equity instruments is reached, or (2) the date at which the counterparty's performance is complete. Stock awards granted to non-employees are valued at their respective measurement dates based on the trading price of the Company's common stock and recognized as expenses during the period in which services are provided.

Earnings per share

Earnings (loss) per share are computed in accordance with *ASC 260, Earnings per Share*. Basic earnings (loss) per share are computed by dividing net income (loss), after deducting preferred stock dividends accumulated during the period, by the weighted-average number of shares of common stock outstanding during each period. Diluted earnings per share are computed by dividing net income by the weighted-average number of shares of common stock, common stock equivalents and other potentially dilutive securities if any, outstanding during the period.

Income taxes

The Company accounts for income taxes in accordance with *ASC 740-10, Income Taxes*. Deferred tax assets and liabilities are recognized to reflect the estimated future tax effects, calculated at the tax rate expected to be in effect at the time of realization. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some portion of the deferred tax asset will not be realized. Deferred tax assets and liabilities are adjusted for the effects of the changes in tax laws and rates of the date of enactment.

ASC 740-10 prescribes a recognition threshold that a tax position is required to meet before being recognized in the financial statements and provides guidance on recognition, measurement, classification, interest, and penalties, accounting in interim periods, disclosure and transition issues. Interest and penalties are classified as a component of interest and other expenses.

Uncertain tax positions are measured and recorded by establishing a threshold for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. Only tax positions meeting the more-likely-than-not recognition threshold at the effective date may be recognized or continue to be recognized.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reported period. Actual results could differ from those estimates.

Recent accounting standards pronouncements or updates

Accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on the financial statements upon adoption.
