Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

Voting Rights: Except as otherwise required by law or as may be provided by the resolutions of the board of directors authorizing the issuance of Common Stock, all rights to vote and all voting power shall be vested in the holders of Common Stock. Each share of Common Stock shall entitle the holder thereof to one vote.

No Cumulative Voting: Except as may be provided by the resolutions of the board of directors authorizing the issuance of Common Stock, cumulative voting by any shareholder is expressly denied.

No Preemptive Rights: Preemptive rights shall not exist with respect to shares of Common Stock or securities convertible into shares of Common Stock of the Company.

Dividends: We have not paid any cash dividends on our Common Stock since inception and presently anticipate that all earnings, if any, will be retained for development of our business and that no dividends on our Common Stock will be declared in the foreseeable future. Any future dividends will be subject to the discretion of our Board of Directors and will depend upon, among other things, future earnings, operating and financial condition, capital requirements, general business conditions and other pertinent facts. Therefore, there can be no assurance that any dividends on our Common Stock will be paid in the future.

Rights upon Liquidation, Dissolution or Winding-Up of the Company: Upon any liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, the remaining net assets of the Company shall be distributed pro rata to the holders of the Common Stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Not applicable.

3. Describe any other material rights of common or preferred stockholders.

Not applicable.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

Not applicable.

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities in the past two completed fiscal years and any subsequent interim period.

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Tego Cyber Inc. ("Tego") delivers Ai-driven threat intelligence and managed security solutions that help security teams detect, understand, and respond to threats faster. Its proprietary Threat Intelligence Feed enriches raw indicators with context, while its correlation engine integrates directly with SIEM and data lake platforms to proactively identify threats and reduce time to remediation. Building on this foundation, Tego has launched VigilAigent - a next-generation MSSP operating at the intersection of human vigilance and Agentic Ai. Currently in stealth mode, VigilAigent represents the future of managed detection and response: scalable, intelligent, and always evolving.

For more information, visit www.tegocyber.com and register for updates at www.vigilaigent.com.

B. List any subsidiaries, parent company, or affiliated companies.

OW Cyber LLC
FortiComm LLC

C. Describe the issuers' principal products or services.

Tego Threat Intelligence Feed (Tego TI) - Tego TI compiles cyber threat intelligence from 50+ high level sources including a number of government agencies, then analyzes, deduplicates, enriches, and delivers this data to cyber security operations teams. Capable of integrating with most systems, Tego TI enables early detection of suspicious activities and anomalies that could indicate an imminent breach. By leveraging this high fidelity and highly contextualized threat intelligence, organizations can fortify their defenses, stay one step ahead of threat actors and protect their assets from lurking threats. Tego TI is currently available for download on the following marketplaces: Query.ai, Cribl, Databricks and AWS Marketplace.

Threat Detection & Correlation Engine - Tego has developed a cyber threat detection and correlation application for integration with leading Security Information and Event Management (SIEM) and data lake platforms. Tego's application uses Tego TI combined with customer security logs to automate correlation searches between the two data sets. Tego provides a prioritized list of matched threats to give cybersecurity teams a real-time 'who, what, when and where' of any potential cyber threat within their cyber environment. What makes Tego's application different from other cyber threat applications is that it is the first commercially available solution developed specifically to operate within a client's SIEM or data lake platform so cybersecurity teams do not have to use multiple tools or leave the platform to correlate or research threats. Tego has developed integrations of its detection & correlation for the following platforms: Splunk, elastic and AWS Marketplace.

OW Cyber LLC, dba VigilAgent Managed Security offers organizations end-to-end protection for networks, data, endpoints, and users via multiyear recurring revenue contracts in this fast-growing technology segment. This segment is nearly 100% recurring revenue with multi-year contracts. VigilAgent delivers services through Managed Service Providers (MSPs), strategic partnerships and alliances, Value Added Resellers (VARs), Distributors, and Network Service Providers.

FortiComm LLC, is a wholesale network services provider with network footprint in the Northeast United States. This network carries VoIP and other traffic for other service providers revenue.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

Tego's executive offices are located at 8565 South Eastern Avenue, Suite 150 Las Vegas, Nevada 89123. This space is sufficient to meet the current requirement, however, once the business grows to a significant degree, Tego will have to find a larger space and does not foresee any significant difficulties in obtaining any additional required space. Tego does not currently own any real property. Tego leases its corporate office on a month-to-month basis and may terminate the agreement at any time by providing 30 days written notice.

6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

TEGO CYBER INC.
NOTES TO THE CONDENSED FINANCIAL STATEMENTS
(Unaudited)
(Expressed in US Dollars)

NOTE 1 – ORGANIZATION AND DESCRIPTION OF BUSINESS

Tego Cyber Inc. is an early-stage company which was incorporated in the State of Nevada on September 6, 2019. Our year end is June 30. We are a development stage enterprise. We are engaged in the business of the development and commercialization of innovative cybersecurity applications that help enterprises reduce risk, remediate cyber-attacks, and protect intellectual property and data.

Our principal office is located at 8565 South Eastern Avenue, Suite 150, Las Vegas, Nevada, 89123. Our telephone number is (855) 939-0100 and our general e-mail contact is info@tego cyber.com. Our website can be viewed at www.tego cyber.com.

NOTE 2 – BASIS OF PRESENTATION

The accompanying audited financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (“US GAAP”). In the opinion of management, the financial statements include all adjustments of a normal recurring nature necessary for a fair statement of the results for the period presented.

The accompanying financial statements have been prepared to present the balance sheets, the statements of operations, statements of changes in shareholders’ equity and the statements of cash flows of the Company for the years ended June 30, 2025, and 2024. The accompanying audited financial statements have been prepared in accordance with US GAAP using Company-specific information where available and allocations and estimates where data is not maintained on a Company-specific basis within its books and records. Due to the allocations and estimates used to prepare the financial statements, they may not reflect the financial position, cash flows and results of operations of the Company in the future or its operations, cash flows and financial position.

The preparation of financial statements in accordance with US GAAP requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities known to exist as of the date the financial statements are published, and the reported amounts of revenues and expenses during the reporting period. Uncertainties with respect to such estimates and assumptions are inherent in the preparation of the Company’s financial statements; accordingly, it is possible that the actual results could differ from these estimates and assumptions and could have a material effect on the reported amounts of the Company’s financial position and results of operations.

NOTE 3 – GOING CONCERN UNCERTAINTY

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of the business. The Company has incurred material losses from operations and has an accumulated deficit. As of June 30, 2025, the Company had a working capital deficit of \$2,570,277. For the year ended June 30, 2025, 2025, the Company sustained net losses of \$2,892,353 and generated negative cash flows from operations of \$443,383. These factors, among others, raise substantial doubt about the Company’s ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that may be necessary should the Company be unable to continue as a going concern. These adjustments could be material. The Company’s continuation as a going concern is contingent upon its ability to earn adequate revenues from operations and to obtain additional financing. There is no assurance that the Company will be able to obtain such financings or obtain them on favorable terms.

NOTE 4 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Company’s management, who are responsible for their integrity and objectivity. These accounting policies conform to US GAAP and have been consistently applied in the preparation of the financial statements.

Basis of Preparation

The accompanying financial statements have been prepared to present the balance sheets, the statements of operations, statements of changes in shareholders’ equity and statements of cash flows of the Company for the years ended June 30, 2025, and 2024 and have been prepared in accordance with US GAAP.

Use of Estimates

In preparing financial statements in conformity with US GAAP, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the dates of the financial statements, as well as the reported amounts of revenues and expenses during the reporting periods. Management makes these estimates using the best information available at the time the estimates are made. However, actual results could differ materially from those estimates.

Reclassification

Certain prior period amounts have been reclassified to conform to current period presentation.

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash and accounts receivable. As at June 30, 2025, substantially all of the Company's cash was held by major financial institutions located in the United States, which management believes are of high credit quality. With respect to accounts receivable, the Company extended credit based on an evaluation of the customer's financial condition. The Company generally did not require collateral for accounts receivable and maintained an allowance for doubtful accounts of accounts receivable if necessary.

Cash

Cash consists of cash held at major financial institutions and is subject to insignificant risk of changes in value.

Receivables and Allowance for Doubtful Accounts

Trade accounts receivables are recorded at net realizable value and do not bear interest. No allowance for doubtful accounts was made during the years ended June 30, 2025, and 2024, based on management's best estimate of the amount of probable credit losses in accounts receivable. The Company evaluates its allowance for doubtful accounts based upon knowledge of its customers and their compliance with credit terms. The evaluation process includes a review of customers' accounts on a regular basis. The review process evaluates all account balances with amounts outstanding for more than 60 days and other specific amounts for which information obtained indicates that the balance may be uncollectible. As of June 30, 2025, and 2024, there was no allowance for doubtful accounts and the Company does not have any off-balance-sheet credit exposure related to its customers.

Leases

The Company determines if an arrangement is a lease at inception. Operating and financing right-of-use assets and lease liabilities are included on the balance sheet. Right-of-use assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Right-of-use assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. The Company uses its incremental borrowing rate, based on the information available at the commencement date, in determining the present value of future lease payments. Right-of-use assets include any prepaid lease payments and exclude any lease incentives and initial direct costs incurred. Operating lease expenses are recognized on a straight-line basis over the term of the lease, consisting of interest accrued on the lease liability and depreciation of the right-of-use asset. The lease terms may include options to extend or terminate the lease if it is reasonably certain the Company will exercise that option. The Company leases its corporate office located at 8565 S. Eastern Ave. #150, Las Vegas, Nevada. The initial lease term is for 12 months commencing on September 8, 2019, after which the term is on a month-to-month basis. After the initial term, the Company may cancel the lease agreement at any time by providing 30 days written notice. The Company has elected the short-term lease practical expedient of 12 months and has not recorded a lease.

Fair Value of Financial Instruments

Accounting Standards Codification ("ASC") 820 "Fair Value Measurements and Disclosures", adopted January 1, 2008, defines fair value, establishes a three-level valuation hierarchy for disclosures of fair value measurement and enhances disclosure requirements for fair value measures. The Company's financial instruments include cash, current receivables and payables. These financial instruments are measured at their respective fair values. The three levels are defined as follows:

Level 1 - inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets.

Level 2 - inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial instruments.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value.

For cash, accounts receivable, accounts payable and accrued liabilities and due to related parties, it is management's opinion that the carrying values are a reasonable estimate of fair value because of the short period of time between the origination of such instruments and their expected realization and if applicable, their stated interest rate approximates current rates available.

For convertible debts, the carrying values, excluding any unamortized discounts, approximate the respective fair value. The convertible debts have been discounted to reflect their net present value as of June 30, 2025. The carrying values of embedded conversion features not considered to be derivative instruments were determined by allocating the remaining carrying value of the convertible debt after deducting the estimated carrying value of the liability portion.

Estimating fair value for warrants requires determining the most appropriate valuation model which is dependent on the terms and conditions of the grant. This estimate requires determining the most appropriate inputs to the valuation model including the expected life of the warrant, volatility, dividend yield, and rate of forfeitures and making assumptions about them.

Revenue Recognition

We derive revenue from the sale of software subscriptions, and data feed subscriptions. We enter into contracts with customers that include promises to transfer various products and services, which are generally capable of being distinct and accounted for as separate performance obligations. Revenue is recognized when the promised goods or services are transferred to customers, in an amount that reflects the consideration allocated to the respective performance obligation.

Income Taxes

The Company uses the asset and liability method of accounting for income taxes pursuant to ASC 740 "Income Taxes". ASC 740 requires an asset and liability approach for financial accounting and reporting for income taxes and allows recognition and measurement of deferred tax assets based upon the likelihood of realization of tax benefits in future years. Under the asset and liability approach, deferred taxes are provided for the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Valuation allowances are provided for deferred tax assets if it is more likely than not these items will either expire before the Company is able to realize their benefits, or that future deductibility is uncertain. The provision for income taxes represents current taxes payable net of the change during the period in deferred tax assets and liabilities.

Earnings (Loss) per Share

Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. If applicable, diluted earnings (loss) per share assume the conversion, exercise or issuance of all common stock instruments unless the effect is to reduce a loss or increase earnings (loss) per share. Dilutive securities are not included in the weighted average number of shares when inclusion would be anti-dilutive. The following table summarizes the securities outstanding and exercisable, (regardless of exercise price) as of June 30, 2025 and 2024 that were excluded from the diluted net loss per share calculation because the effect of including these potential shares was antidilutive due to the Company's net loss.

	2025	2024
Potentially dilutive common share equivalents		
Options	1,200,000	1,200,000
Warrants	26,943,740	7,000,000
Performance Stock Units	2,700,000	2,700,000
Total potentially dilutive shares outstanding	30,843,740	10,900,000

Recently Issued Accounting Pronouncements

In August 2020, the FASB issued ASU 2020-06, *Debt—Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging—Contracts in Entity’s Own Equity (Subtopic 815-40)—Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity*. ASU 2020-06 reduces the number of accounting models for convertible debt instruments and convertible preferred stock. For convertible instruments with conversion features that are not required to be accounted for as derivatives under Topic 815, *Derivatives and Hedging*, or that do not result in substantial premiums accounted for as paid-in capital, the embedded conversion features no longer are separated from the host contract. ASU 2020-06 also removes certain conditions that should be considered in the derivatives scope exception evaluation under Subtopic 815-40, *Derivatives and Hedging—Contracts in Entity’s Own Equity*, and clarify the scope and certain requirements under Subtopic 815-40. In addition, ASU 2020-06 improves the guidance related to the disclosures and earnings-per-share (EPS) for convertible instruments and contracts in the entity’s own equity. ASU 2020-06 is effective for public business entities that meet the definition of a SEC filer, excluding entities eligible to be smaller reporting companies as defined by the SEC, for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. Early adoption is permitted, but no earlier than fiscal years beginning after December 15, 2020, including interim periods within those fiscal years. The Board specified that an entity should adopt the guidance as of the beginning of its annual fiscal year. The Company’s management is currently evaluating the impact this ASU will have on its financial statements.

Management does not believe that any recently issued, but not yet effective, accounting standards could have a material effect on the accompanying financial statements. As new accounting pronouncements are issued, we will adopt those that are applicable under the circumstances.

NOTE 5 – RELATED PARTY TRANSACTIONS

Related party transactions are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties. Related parties are natural persons or other entities that have the ability, directly, or indirectly, to control another party or exercise significant influence over the party in making financial and operating decisions. Related parties include other parties that are subject to common control or that are subject to common significant influences.

During the year ended June 30, 2025, there were transactions incurred between the Company and Shannon Wilkinson, a director, and Chief Technology Officer of the Company for gross wages of \$Nil (June 30, 2024 - \$15,000) and management fees of \$36,390 (June 30, 2024 - \$116,904). Subject to an employment agreement Mrs. Wilkinsons was issued the following common stock of the Company during the year ended June 30, 2025: July 31, 2024 - 50,000 restricted common shares valued at \$5,000; August 31, 2024 - 50,000 restricted common shares valued at \$4,890; September 30, 2024 - 50,000 restricted common shares valued at \$4,740; October 31, 2024 - 50,000 restricted common shares valued at \$4,895; November 30, 2024 - 50,000 restricted common shares valued at \$5,493; and December 31, 2024 - 50,000 restricted common shares valued at \$4,495.

During the year ended June 30, 2025, there were transactions incurred between the Company and Robert Mikkelsen, Chief Executive Officer and Chief Financial Officer of the Company, for management fees of \$66,800 (June 30, 2024 - \$75,500). Subject to an employment agreement Mr. Mikkelsen was issued the following common stock of the Company during the year ended June 30, 2025: July 31, 2024 - 50,000 restricted common shares valued at \$5,000; August 31, 2024 - 50,000 restricted common shares valued at \$4,890; September 30, 2024 - 50,000 restricted common shares valued at \$4,740; October 31, 2024 - 50,000 restricted common shares valued at \$4,895; November 30, 2024 - 50,000 restricted common shares valued at \$5,493; December 31, 2024 - 50,000 restricted common shares valued at \$4,495; January 1, 2025 - 2,000,000 restricted shares valued at \$160,000; January 1, 2025 - 50,000 restricted shares valued at \$5,000; February 1, 2025 - 50,000 restricted common shares valued at \$3,000; March 31, 2025 - 50,000 restricted shares valued at \$2,500; April 1, 2025 - 50,000 restricted shares valued at \$2,350; May 1, 2025 - 50,000 restricted common shares valued at \$2,155; and June 1, 2025 - 50,000 restricted shares valued at \$2,495.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

The Company leases its corporate office located at 8565 S. Eastern Ave. #150, Las Vegas, Nevada. The initial lease term is for 12 months commencing on September 8, 2019, after which the term is on a month-to-month basis. After the initial term, the Company may

cancel the lease agreement at any time by providing 30 days written notice. The Company has elected the short-term lease practical expedient of 12 months and has not recorded a lease.

NOTE 9 – INCOME TAXES

As of June 30, 2025, the Company was in a loss position; therefore, no deferred tax liability was recognized related to the undistributed earnings subject to withholding tax. Net operating loss carry forward for the Company approximated \$9,000,000 (June 30, 2024 - \$7,900,000) for the year ended June 30, 2025. The net operating loss carry forwards are available to be utilized against future taxable income for years through calendar year 2045. In assessing the reliability of deferred income tax assets, management considers whether it is more likely than not that some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled projected future taxable income, and tax planning strategies in making this assessment.

NOTE 10 – SUBSEQUENT EVENTS

On August 13, 2025, the Company through its wholly owned subsidiaries OW Cyber LLC and Secure Voice LLC, entered into definitive asset purchase agreements to acquire substantially all operating assets of two divisions formerly owned by High Wire Networks Inc. (“High Wire”) and its subsidiaries. These transactions were executed as part of Tego Cyber’s strategic expansion of its managed cybersecurity and secure communications platforms. OW Cyber LLC acquired substantially all assets of HWN, Inc., the managed cybersecurity services business unit of High Wire, for total consideration of approximately \$3.0 million, payable in Series B Preferred Stock of Tego Cyber Inc. Secure Voice LLC acquired substantially all assets of Secure Voice Corp., a wholesale network services subsidiary of High Wire, for total consideration of approximately \$1.0 million, also payable in Series B Preferred Stock of Tego Cyber Inc. The acquisitions were conducted pursuant to a foreclosure and liquidation process initiated by Helena Global Investment Opportunities 1 Ltd. (“Helena”), High Wire’s senior secured lender. On July 1, 2025, Helena issued a formal demand notice requiring High Wire to complete an asset sale by August 15, 2025, to satisfy its defaulted loan obligations or face foreclosure proceedings. To enable the transactions, Helena provided Tego Cyber with a limited release of its perfected security interest over the purchased assets and accepted \$150,000 of Series A Preferred Stock of Tego Cyber Inc. as partial satisfaction of High Wire’s secured debt. Helena retained its senior lien on High Wire’s remaining assets until the balance of \$150,000 is repaid in full. These acquisitions expand Tego Cyber’s Managed Security Service Provider (MSSP) capabilities and introduce recurring revenue streams in both cyber operations and secure voice communications. The transactions closed subsequent to the reporting period and represent material events requiring disclosure under ASC 855, Subsequent Events. Management has evaluated these events through the date these financial statements were issued and determined that disclosure rather than adjustment is appropriate.

On August 29, 2025, the Company created and authorized “Series A Redeemable Convertible Preferred Stock” (the “Series A Preferred Stock”). The total number of authorized shares constituting the Series A Preferred Stock is 1,000,000. The number of shares constituting this series of preferred stock of the Corporation may be increased or decreased at any time, from time to time, per applicable law up to the maximum number of shares of preferred stock authorized under the Articles of the Company, less all shares at the time approved of any other series of preferred stock of the Corporation; provided, however, that no decrease shall reduce the number of shares of this series to a number less than that of the then-outstanding shares of Series A Preferred Stock. The stated Face value of the Series A Preferred Stock is \$5.00 per share.

On August 29, 2025, the Company created and authorized “Series B Redeemable Convertible Preferred Stock” (the “Series B Preferred Stock”). The total number of authorized shares constituting the Series B Preferred Stock is 2,000,000. The number of shares constituting this series of preferred stock of the Corporation may be increased or decreased at any time, from time to time, per applicable law up to the maximum number of shares of preferred stock authorized under the Articles of the Company, less all shares at the time approved of any other series of preferred stock of the Corporation; provided, however, that no decrease shall reduce the number of shares of this series to a number less than that of the then-outstanding shares of Series B Preferred Stock. The stated Face value of the Series B Preferred Stock is \$4.00 per share.

On September 8, 2025, 4,700,000 common share warrants were exercised at a price of \$0.05 per share.

On September 10, 2025, the Company issued 3,000,000 restricted common shares at a price of \$0.05 per share to a non-related party in settlement of debt.

On September 20, 2025, the Company completed a private placement whereby a total of 100,000 restricted common shares were sold for cash at a price of \$0.05 per share.

On September 20, 2025, 200,000 common share warrants were exercised at a price of \$0.05 per share.
