NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Integrated Cannabis Solutions, Inc. (“Integrated” or the “Company”) have been prepared in accordance with Generally Accepted Accounting Principles in the United States of America (“GAAP”) and should be read in conjunction with the audited financial statements and notes thereto. Changes in estimates and assumptions are reflected in reported results in the period in which they become known. Significant estimates made by management include but are not limited to, the valuation allowance associated with deferred tax assets. Basic and Diluted Income Per Share

Integrated presents both basic and diluted earnings per share (EPS) on the face of the statements of operations. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period including convertible debt, stock options, and warrants, using the treasury stock method, and convertible debt instruments, using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive.

The anti-dilutive shares of common stock outstanding on March 31, 2025, and December 31, 2024, were as follows: All shares of preferred stock that were not converted have been returned to the Company, and all options were canceled as a result of the merger being completed.
