Any additional material details, including footnotes to the table are below :

<sup>2</sup> The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any “blockers” or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.
