Total number of shareholders of record(if applicable):	<u>2</u> as of date: <u>9/30/2025</u>

Please provide the above-referenced information for all other classes of authorized or outstanding equity securities.

N/A

Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

One share of TONR common stock is equal to one vote. No dividends. No preemption rights associated with the common stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

No dividends are associated with the preferred stock. One share of TONR Series AA convertible preferred stock is equal to 1,000,000 shares of common stock. Voting rights are equal to the number of common shares represented by each share of preferred stock. There is no redemption or sinking fund provisions.

No dividends are associated with the preferred stock. One share of TONR Series BB convertible preferred stock is equal to 10,000 shares of common stock. Voting rights are equal to the number of common shares represented by each share of preferred stock. There is no redemption or sinking fund provisions.

3. Describe any other material rights of common or preferred stockholders.

None

4. Describe any material modifications to the rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

3) Issuance History

*The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period.***

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

- A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

We are a Development stage Company. Tonner-One World is currently focused on research and development of Tradescore software to assist individual traders in automating their trading experience for purchasing stocks.

-
- B. List any subsidiaries, parent company, or affiliated companies.

N/A

- C. Describe the issuers' principal products or services.

The company is currently in the design and development phase of its Tradescore software and the launch of its tradescorepro.com website.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The Company's current place of business is 6725 S Fry Rd Suite 321, Katy, TX 77494

6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all the officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities.

If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business

development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

Names of All Officers, Directors, and Control Persons	Affiliation with Company (e.g. Officer Title /Director/Owner of 5% or more)	Residential Address (City / State Only)	Number of shares owned	Share type/class	Ownership Percentage of Class Outstanding	Names of control person(s) if a corporate entity
<u>Corinda Joanne Melton</u>	<u>President, CEO, Treasurer, Secretary, Director</u>	<u>Katy, TX</u>	<u>126,000</u>	<u>Series BB Preferred</u>	<u>67.74</u>	_____
<u>Corinda Joanne Melton</u>	<u>President, CEO, Treasurer, Secretary, Director</u>	<u>Katy, TX</u>	<u>100,000</u>	<u>Series AA Preferred</u>	<u>Super Voting shares</u>	_____

Confirm that the information in this table matches your public company profile on www.OTCMarkets.com. If any updates are needed to your public company profile, log in to www.OTCIQ.com to update your company profile.

7) Legal/Disciplinary History

A. Identify and provide a brief explanation as to whether any of the persons or entities listed above in Section 6 have, in the past 10 years:

1. Been the subject of an indictment or conviction in a criminal proceeding or plea agreement or named as a defendant in a pending criminal proceeding (excluding minor traffic violations);

N/A

2. Been the subject of the entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, financial- or investment-related, insurance or banking activities;

N/A

3. Been the subject of a finding, disciplinary order or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, a state securities regulator of a violation of federal or state securities or commodities law, or a foreign regulatory body or court, which finding or judgment has not been reversed, suspended, or vacated;

N/A

4. Named as a defendant or a respondent in a regulatory complaint or proceeding that could result in a “yes” answer to part 3 above; or

N/A

5. Been the subject of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person’s involvement in any type of business or securities activities.

N/A

6. Been the subject of a U.S Postal Service false representation order, or a temporary restraining order, or preliminary injunction with respect to conduct alleged to have violated the false representation statute that applies to U.S mail.

N/A

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party to or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding, and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

N/A

8) Third Party Service Providers

Provide the name, address, telephone number and email address of each of the following outside providers. You may add additional space as needed.

Confirm that the information in this table matches your public company profile on www.OTCMarkets.com. If any updates are needed to your public company profile, update your company profile.

TONNER-ONE WORLD HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2025

(Unaudited)

NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

Tonner-One World Holdings, INC. (the "Company", "we", "us" or "our"), a Nevada corporation, has a fiscal year end of December 31 and is listed on the OTC Pink Markets under the trading symbol TONR.

The Company has current revenues of \$349,061 for the nine months ended September 30, 2025.

On May 24, 2021, the corporation's charter was reinstated, and all required reports were filed with the state of Nevada soon after, and the par value of the Company's common stock was changed from \$0.0025 to \$0.001. The Company remains active as of the date of this report and is currently taking steps to provide adequate current public information to meet the requirements under the Securities Act of 1933.

Tonner-One World Holdings, Inc. (the "Company"), a Nevada Corporation, is a Houston-based company. Effective April 8, 2016, the name of the Company was changed from One World Holdings, Inc. to Tonner-One World Holdings, Inc.

On May 30, 2025, The Company acquired 100% of Pro Marketing Leads, LLC for 100,000 a note payable for \$100,000 which is convertible into 1,000 shares of Preferred Stock which will be convertible into 1,000,000,000 shares of the Company's Common Stock at maturity of the note. The initial stock will be issued as restricted.

The company incurred operating losses through September 30,2025 resulting in an accumulated deficit of \$25,221,256 at September 30,2025. The Company had revenue of \$203,771 and \$349,061 and an operating profit of \$8,818 and 54,120 for the three and nine months ended September 30, 2025. The Company determined in the three months ended 30 that notes payable and the related accrued interest of \$6,382,910 exceeded the statute of limitations and the board of directors extinguished this amount in the three months ended June 30,2025.As a result, the income in the three months ended was \$6,149.347..

In addition this canceled approximately \$64,000,000,000 shares of common stock issuable under these notes.

The company intends to acquire and manage operating businesses in the Software Development A.I. enhanced technology space.

NOTE 2 – BASIS OF PRESENTATION AND GOING CONCERN

Basis of Presentation

The Company has earned insignificant revenues from limited principal operations. Accordingly, the Company's activities have been accounted for as those of a "Development Stage Enterprise" as set forth in Financial Accounting Standards Board Statement No. 7 ("SFAS 7"). Among the disclosures required by SFAS 7 are that the Company's financial statements be identified as those of a development stage company, and that the

statements of operations, stockholders' equity (deficit) and cash flows disclose activity since the date of the Company's inception.

Basis of Accounting

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. All intercompany transactions have been eliminated.

Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company currently has minimal revenues with an accumulated deficit of \$25,221,256 and Stockholders' Deficit of 1,875,970 as of September 30, 2025. The Company extinguished notes payable and accrued interest of intends to commence operations as set out below and raise the necessary funds to carry out the aforementioned strategies. The Company cannot be certain that it will be successful in these strategies even with the required funding.

These factors, among others, raise doubt about the Company's ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. The company is confident that its new direction into the A>I> technology will be successful

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include demand deposits, money market funds, and all highly liquid debt instructions with original maturities of three months or less.

Financial Instruments

The FASB issued ASC 820-10, Fair Value Measurements and Disclosures, for financial assets and liabilities. ASC 820-10 provides a framework for measuring fair value and requires expanded disclosures regarding fair value measurements. ASC 820-10 defines fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. ASC 820-10 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required by the standard that the Company uses to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities

- Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the related assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Concentrations and Credit Risks

The Company's financial instruments that are exposed to concentrations and credit risk primarily consist of its cash, sales and accounts receivable. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. At times, its cash and cash equivalents with a particular financial institution may exceed any applicable government insurance limits. The Company's management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

Foreign Currency Translation

The accounts of the Company are accounted for in accordance with the Statement of Financial Accounting Standards No. 52 ("SFAS 52"), "Foreign Currency Translation". The financial statements of the Company are translated into US dollars as follows: assets and liabilities at year-end exchange rates; income, expenses and cash flows at average exchange rates; and shareholders' equity at historical exchange rate.

Monetary assets and liabilities, and the related revenue, expense, gain and loss accounts, of the Company are remeasured at year-end exchange rates. Non-monetary assets and liabilities, and the related revenue, expense, gain and loss accounts are re-measured at historical rates. Adjustments which result from the re-measurement of the assets and liabilities of the Company are included in net income.

Share-Based Compensation

ASC 718, Compensation – Stock Compensation, prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities, or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the financial statements based on their fair values. That expense is recognized in the period of grant.

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50, Equity – Based Payments to Non-Employees. Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier of performance commitment date or performance completion date.

Income Taxes

The Company accounts for income taxes under ASC 740, Income Taxes. Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations. Deferred tax assets or liabilities were offset by a 100% valuation allowance, therefore there has been no recognized benefit as of June 30, 2025 and 2024, respectively

Commitments and Contingencies

The Company follows ASC 450-20, Loss Contingencies, to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

Earnings Per Share

Net income (loss) per share is calculated in accordance with ASC 260, Earnings Per Share. The weighted-average number of common shares outstanding during each period is used to compute basic earnings or loss per share. Diluted earnings or loss per share is computed using the weighted average number of shares and diluted potential common shares outstanding. Dilutive potential common shares are additional common shares assumed to be exercised.

Basic net income (loss) per common share is based on the weighted average number of shares of common stock outstanding at September 30, 2025 and 2024. The shares issuable upon conversion of notes payable an interest of 15,784,689,120 shares are not included in periods when the company recognizes net operating loss, as it would be anti-dilutive.

Forgiveness of Indebtedness

The Company follows the guidance of AS 470.10 related to debt forgiveness and extinguishment. Debts of the Company are considered extinguished when the statute of limitations in the applicable jurisdiction expires or when terminated by judicial authority such as the granting of a declaratory judgment. Debts to related parties or shareholders are treated as capital transactions when forgiven or extinguished and credited to additional paid in capital. Debts to non-related parties are treated as other income when forgiven or extinguished.

Recent Accounting Pronouncements

We have reviewed all the recently issued, but not yet effective, accounting pronouncements and we do not believe any of these pronouncements will have a material impact on the Company.

In August 2017, the FASB issued ASU No. 2017-12, Derivatives and Hedging (Topic 815), which changes both the designation and measurement guidance for qualifying hedging relationships and the presentation of hedge results, in order to better align an entity's risk management activities and financial reporting for hedging relationships. The amendments expand and refine hedge accounting for both nonfinancial and financial risk components and align the recognition and presentation of the effects of the hedging instrument and the hedged item in the financial statements. FASB ASU No. 2017-12 is effective for annual reporting periods beginning after December 15, 2018, including interim periods within those annual reporting periods, with early adoption permitted. We are still evaluating the impact that this guidance will have on our financial position or results of operations, and we have not yet determined whether we will early adopt FASB ASU No. 2017-12.

In March 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-09, Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting. This guidance changes how companies account for certain aspects of share-based

payments to employees. Among other things, under the new guidance, companies will no longer record excess tax benefits and certain tax deficiencies in additional paid-in-capital ("APIC") but will instead record such items as income tax expense or benefit in the income statement, and APIC pools will be eliminated. Companies will apply this guidance prospectively. Another component of the new guidance allows companies to make an accounting policy election for the impact of forfeitures on the recognition of expense for share-based payment awards, whereby forfeitures can be estimated, as required today, or recognized when they occur. If elected, the change to recognize forfeitures when they occur needs to be adopted using a modified retrospective approach. All of the guidance will be effective for the Company in the fiscal year beginning January 1, 2018. Early adoption is permitted. The Company is currently evaluating the impact of this guidance, if any, on its financial statements and related disclosures.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which establishes new accounting and disclosure requirements for leases. FASB ASU No. 2016-02 requires lessees to classify most leases as either finance or operating leases and to initially recognize a lease liability and right-of-use asset. Entities may elect to account for certain short-term leases (with a term of 12 months or less) using a method similar to the current operating lease model. The statements of operations will include, for finance leases, separate recognition of interest on the lease liability and amortization of the right-of-use asset and for operating leases, a single lease cost, calculated so that the cost of the lease is allocated over the lease term on a straight-line basis. While we are in the early stages of our implementation process for FASB ASU No. 2016-02, and have not yet determined its impact on our financial position or results of operations, these leases would potentially be required to be presented on the balance sheet in accordance with the requirements of FASB ASU No. 2016-02. FASB ASU No. 2016-02 is effective for annual reporting periods beginning after December 15, 2018, including interim periods within those annual reporting periods, with early adoption permitted. FASB ASU No. 2016-02 must be applied using a modified retrospective approach, which requires recognition and measurement of leases at the beginning of the earliest period presented, with certain practical expedients available.

In July 2015, the FASB issued ASU No. 2015-11, Inventory (Topic 330): Simplifying the Measurement of Inventory. The guidance requires an entity to measure inventory at the lower of cost or net realizable value, which is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation, rather than the lower of cost or market in the previous guidance. This amendment applies to inventory that is measured using first-in, first-out (FIFO). This amendment is effective for public entities for fiscal years beginning after December 15, 2016, including interim periods within those years. A reporting entity should apply the amendments prospectively with earlier application permitted as of the beginning of an interim or annual reporting period. The Company is currently evaluating the impact of this guidance, if any, on its financial statements and related disclosures.

In June 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers ("ASU 2014-09"), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU 2014-09 will replace most existing revenue recognition guidance in U.S. generally accepted accounting principles when it becomes effective. In July 2015, the FASB deferred the effective date of the standard by an additional year; however, it provided companies the option to adopt one year earlier, commensurate with the original effective date. Accordingly, the standard will be effective for the Company in the fiscal year beginning January 1, 2018, with an option to adopt the standard for the fiscal year beginning January 1, 2017. The Company is currently evaluating this standard and has not yet selected a transition method or the effective date on which it plans to adopt the standard, nor has it determined the effect of the standard on its financial statements and related disclosures.

NOTE 4 - INCOME TAXES

Income taxes are provided based upon the liability method. Under this approach, deferred income taxes are recorded to reflect the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end. A valuation allowance is recorded against deferred tax assets if management does not believe the Company has met the “more likely than not” standard imposed by accounting standards to allow recognition of such an asset.

Deferred tax assets/liabilities were as follows as of June 30, 2025 and December 31, 2024

<u>Description</u>	<u>September 30, 2025</u>	<u>December 31 2024</u>
Net operating loss carry-forward	(\$25,221.270)	(\$31,350,680)
Valuation allowance	(\$25,221,270)	(\$31,350.680),
Total	\$ -	\$ -

As of September 30, 2025, the Company expected no net deferred tax assets to be recognized, resulting from net operating loss carry forwards. Deferred tax assets were offset by a corresponding allowance of 100%.

NOTE 5 – NOTES PAYABLE – RELATED PARTIES

The following notes payable were from related parties: None

NOTE 6 – NOTES PAYABLE

Except for \$166,798 of the convertible notes payable, the rest are in default. Approximately \$,1,614,246 of the notes payable and accrued interest liabilities are in default and in other delinquent status. The company is currently negotiating with the creditors to find ways to resolve the indebtedness.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Risks and Uncertainties

The Company’s operations are subject to significant risks and uncertainties including financial, operational and regulatory risks, including the potential risk of business failure.

The Company has entered into no contracts during the year.

Legal and other matters

In the normal course of business, the Company may become a party to litigation matters involving claims against the Company. The Company's management is aware of a garnishment order that was previously served to the Company's Stock Transfer Agents. The Company's attorneys are reviewing the garnishment order to ascertain its implication to the company's financial statements. Aside from the court order discussed above, The Company's management is unaware of any pending or threatened assertions and there are no current matters that would have a material effect on the Company's financial position or results of operations.

NOTE 8 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of filing the consolidated financial statements with OTC Markets, the date the consolidated financial statements were available to be issued. Management is not aware of any significant events that occurred subsequent to the balance sheet date that would have a material effect on the consolidated financial statements thereby requiring adjustment or disclosure, other than

On October 29, 2025, Vera Group LLC converted \$7,091 principal and \$17, 887.03 interest of its \$26,000 convertible promissory note dated January 21, 2014 As a result, 499,560,600 common shares were issued.
