4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. (Please ensure that these descriptions are updated on the Company's Profile on www.otcm Markets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations"):

Valiant Eagle, Inc. (PSRU: OTC) is a publicly traded corporation focused on the energizing of entertainment in television, the Internet, and social media. It aims to achieve unparalleled advances in those media

through content featuring Music, Sports, Entertainment, and, with respect to the millennial generation, through Technology.

Technology is now an integral part of our lives. With its speed, accuracy, and virtually unlimited quantity of information, the Internet provides us all with many means of communication. However, that is all the Internet guarantees to provide — a means to convey information. Individuals, organizations and governments are freely using this platform, mostly to their own ends.

The Internet does not automatically provide fulfillment, opportunity, or happiness to all who use it, and so, with respect to entertainment program content, a high level of consumer satisfaction has yet to be reached.

Valiant Eagle, Inc. looks to fill this void by feeding high-quality, fulfilling program content to iPhones, Android phones, tablets, computers, and smart TVs.

2015 demarked the transition of the Information Age into the Communication Age. No longer is information, when delivered one-way (e.g. through traditional cinema, television, radio, and print such as newspapers and magazines) considered as valuable as it was.

Knowledge, intellectual or emotional, passed through these same media now includes a means of two-way-communication. Feedback, comments, questions, are now so commonplace that the average western person communicates up to a hundred times more per day than before social media existed. The majority spoke up, and the world changed once more.

It is now no longer necessary to use the traditional media to reach the public at large. Since their traditional role as gatekeepers to Information has disintegrated, the traditional print, TV and cinema media business models will gradually sunset and be at least partially subsumed into those of the Internet.

From statistical evidence, 2017 was the first year that the usage of digital video through smartphones, tablet devices and smart TVs superseded that of traditional TVs connected with network, satellite or cable services.

Specialized video content, whether on demand or by niche subscription, then provided their audiences with a truly discrete and satisfactory experience, tailored to their own individual tastes, by downloading or streaming video, and then allowed for those audiences to speak back to the media, and further tailor their own programming experiences to their wants and needs.

Thus, the need for viewers to consume specialized or niche-oriented online and broadcast content for entertainment and information has exploded, and is still growing exponentially, since each of these newer portable devices can be considered to be its own highly portable TV set with an audience of one. That individual is ever curious and searching for new, fulfilling content to watch and learn through, or watch and feel through.

With its access to its comprehensive set of programs, channels and stations, leading to the smooth and effortless delivery of both intellectually and emotionally satisfying program content, Valiant Eagle, Inc. allows its viewers to lock in on contemporary topics in Music, Sports, Entertainment and Technology in the most convenient and efficient way ever. It has its eye set in the new Communication Age and intends to reach and maintain its position at its very apex.

The note bears interest at 8% per annum, compounded annually, matures on February 26, 2026, and is convertible into BELR common shares at a 65% discount to market price at the time of conversion.

Implied Valuation (Unaudited, Off-Balance Sheet Insight)

Although the transaction did not trigger a revaluation of the Company's remaining interest under U.S. GAAP, it does imply a valuation of the underlying mining entity:

$$\$10,000,000 \div 0.025 = \$400,000,000$$

This transaction suggests an implied enterprise value of approximately \$400 million for the Congolese mining company. This indicative valuation is not recorded on the Company's balance sheet and should be regarded as an internal benchmark only. No fair value adjustment has been made to the Company's remaining 47.5% interest, which continues to be carried at historical cost.

This disclosure is intended to provide context for investors and stakeholders regarding the potential value of the Company's interest in the mining operations, subject to future verification and third-party valuation standards.

THE COMPANY

The Company was incorporated under the laws of Delaware on March 21, 2007, as International Medical Staffing Inc. which is in the business of developing, marketing, licensing, and contract manufacturing of lighting technology for use in residential, commercial, and industrial applications worldwide. In November, 2009, the Company changed its name to Purespectrum Inc

On February 20, 2015, the Company acquired as a wholly owned subsidiary, Nutrafill LLC, a Georgia corporation that is a nutraceutical manufacturer using only natural ingredients. The company encapsulates a variety of vitamins, and also packages, powders and liquids.

On September 7th, 2018, pursuant to an Acquisition and Merger Agreement, the Company fully divested itself of Nutrafill LLC, and acquired all of the membership interest in Opportunity Knocks Television LLC, a Californian Limited Liability Company.

Opportunity Knocks Television is a variety network created with you and your family in mind. OKTV is television with a purpose. It air shows to inspire and motivate, not only entertain you; whatever your interests. This network is designed with a very specific aim in mind.... "Bringing Families Back together". It is developed to engage people to rethink community. It speaks to the children, the tweens, young adults and the grandparents.

As of February 12, 2020, the Company performed a name change to Valiant Eagle, Inc. to better reflect the Company's strategic focus on the energizing of entertainment in television, the internet, and social media. In addition, it received FINRA approval simultaneously as the name change for a 5000-1 reverse stock split.

The Company fully owns Providence Films LLC and Providence Film Group LLC, which are full-service production companies creating content for performing arts, new media, film, TV, radio, comics, interactive arts, video games, websites, and video.

The Company also owns Franchise X Entertainment LLC, managing brands, trademarks, and the production, marketing, and promotion of sound recordings and music videos, as well as talent scouting and artist development.

The Company acquired Edwardo Sheldon LLC, which owns Sherman Oaks Newsstand.

The Company owns Xavier Media Group (XMG), which operates over two dozen niche streaming and broadcast channels covering sports, cannabis, music, children's entertainment, fitness, horror, and more.

Under a Share Option Agreement, the Company acquired 8% of ABA Sports Realty Group (ASRG). Through a Joint Venture, it also controls American Basketball Association Canada Inc.

The Company owns two basketball teams, Hollywood Action and Beverly Hills Majestics, via ABA Team Reservation Agreements with the American Basketball Association.

The Company acquired a non-dilutable 15% stake in Americas Next Investment (ANI), a hybrid TV show and equity crowdfunding platform, and initially acquired a 5% stake in Sumer Technologies Inc., later increased to 15%, before selling it for a \$500,000 convertible note.

The Company sold 40% of Fungy, an NFT Marketplace, to Net Savings Link Inc. for a \$500,000 convertible note, which was later mutually rescinded on January 8, 2024.

During the 4th quarter of 2024, the Company sold its ASRG assets (\$50,000) and a partial amount of its Providence Films (\$4,000,000) and VE Gaming assets (\$450,000) to Medican Enterprises Inc., (MDCN).

Truestone Trading LLC and Valiant Eagle Inc. entered into a partnership agreement to jointly develop and operate three mining sites in the Democratic Republic of Congo through the formation of a Congolese company, with each party owning 50%. It was signed on November 27, 2024. Valiant Eagle will be responsible for raising funds and providing access to public markets, while Truestone will manage geological assessments and ensure project timelines. Both parties will share equal representation on the board of directors, and key decisions require joint approval. The agreement, governed by Delaware law, outlines confidentiality terms, operational roles, site visit coordination, and revenue allocation.

Pursuant to a Purchase and Sale Agreement dated February 26, 2025, between the Company and Bell Rose Capital Inc. (OTC: BELR), the Company sold a 5% interest in its 50% ownership stake (i.e., a 2.5% total interest) in a Congolese company that holds three mining sites located in the Democratic Republic of Congo.

As consideration for the sale, the Company received a \$10,000,000 convertible promissory note issued by Bell Rose Capital Inc. The note bears interest at 8% per annum, compounded annually, matures on February 26, 2026, and is convertible into BELR common shares at a 65% discount to market price at the time of conversion.

Implied Valuation (Unaudited, Off-Balance Sheet Insight)

Although the transaction did not trigger a revaluation of the Company's remaining interest under U.S. GAAP, it does imply a valuation of the underlying mining entity:

$$\$10,000,000 \div 0.025 = \$400,000,000$$

This transaction suggests an implied enterprise value of approximately \$400 million for the Congolese mining company. This indicative valuation is not recorded on the Company's balance sheet and should be regarded as an internal benchmark only. No fair value adjustment has been made to the Company's remaining 47.5% interest, which continues to be carried at historical cost.

This disclosure is intended to provide context for investors and stakeholders regarding the potential value of the Company's interest in the mining operations, subject to future verification and third-party valuation standards.
