Icon Media Holdings Inc.
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
September 30, 2025
(Unaudited)

NOTE 1 - Development Stage Company

Icon Media Holdings, Inc., (“the Company”) was incorporated in the State of Nevada on September 14, 1998. Icon Media Holdings used to be a diversified global technology company that provides technical consulting services for the wireless industry. These services include small cell, distributed antenna systems (DAS) and Wi-Fi technical consulting, design and implementation services. The targeted customers for these services are wireless carriers, Real Estate Investment Trusts, public facilities, hospitals and other enterprise clients.

The Company had abandoned its business and failed to take steps to dissolve, liquidate and distribute its assets. It had also failed to meet the required reporting requirements with the Nevada Secretary of State, hold an annual meeting of stockholders and pay its annual franchise tax from September 2018 to 2021 which resulted in its Nevada charter being revoked. The Company also failed to provide adequate current public information as defined in Rule 144, promulgated under the Securities Act of 1933, and was thus subject to revocation by the Securities and Exchange Commission pursuant to Section 12(k) of the Exchange Act. On June 23, 2021, a shareholder filed a petition for custodianship, with the District Court, Clark County, Nevada and was appointed as the custodian of the Company on July 20, 2021. The Company’s Nevada charter was revived on July 21, 2021, and all required reports were filed with the State of Nevada soon after. The Company remains active as of the date of this report and is currently taking steps to provide adequate current public information to meet the requirements under the Securities Act of 1933. The custodian was not able to recover most of the Company’s accounting records from previous management but was able to get a balance sheet, debt schedules, and the shareholder information hence the Company’s outstanding common shares were reflected in the equity section of the accompanying unaudited financial statements for fiscal year ended 2021 and 2020, and for the quarters ending April 30, 2021, and July 31, 2021.

Icon Media Holdings, Inc. (the Company), known USA Signal Technology, Inc. until March 2011, was incorporated on September 14, 1998 pursuant to the laws of the State of Nevada. The company incurred operating losses over the years until it stopped reporting in August 2014, resulting in accumulated deficit of \$7,180,394 as at September 30, 2018. After their quarterly reports of September 30, 2018, the Company stopped all forms of making public report of its operation and financial results.

On June 1, 2021, Alpharidge Capital, LLC, a shareholder of the Company, served a demand to the Company, at last address of record, to comply with the Nevada Secretary of State statutes N. R.S. 78.710 and N. R.S. 78.150. On June 23, 2021, a petition was filed against the Company in the District Court of Clark County, Nevada, entitled “In the Matter of Icon Media Holdings Inc., a Nevada corporation” under case number A-20-836830-C by Alpharidge Capital, LLC, along with an Application for Appointment of Custodian, after several attempts to locate prior management and revive the Company’s Nevada charter, which had been permanently revoked.

On July 20, 2021, the District Court of Clark County, Nevada entered an Order Granting Application for Appointment of Alpharidge Capital, LLC (the “Order”), as Custodian of the Company. Pursuant to the Order, the Alpharidge Capital, LLC (the “Custodian”) has the authority to take any actions on behalf of the Company, that are reasonable, prudent or for the benefit of pursuant to, including, but not limited to, issuing shares of stock and issuing new classes of stock,

as well as entering in contracts on behalf of the Company. In addition, the Custodian, pursuant to the Order, is required to meet the requirements under the Nevada charter.

On July 20, 2021, pursuant to a Securities Purchase Agreement (SPA) the Custodian granted to Community Economic Development Capital, LLC. (CED Capital), 500 Series A preferred shares (convertible at 1 into 200,000,000 common shares, and super majority voting rights of all votes) in exchange for \$35,000 which the Company used to fund the reinstatement of the Company with the State of Nevada, settlement of the Stock Transfer Agent's balance. CED Capital also undertook to make all reasonable efforts to provide adequate current public information to meet the requirements under the Securities Act of 1933.

On July 20, 2021, the Custodian appointed Frank I Igwealor, who is associated to Alpharidge Capital, LLC., as the Company's sole officer, secretary, treasurer and director. The purchaser of the 500 Series A preferred shares has control of the Company through super majority voting rights over all classes of stock and the 500 Series A preferred shares are convertible into 100,000,000,000 (500 Series A preferred shares multiplied by 200,000,000) shares of the Company's common stock. However, the court appointed control still remains with the Custodian until the Custodian files a petition with the District Court of Clark County, Nevada to relinquish custodianship and control of the Company.

On July 21, 2021, the Company filed a Certificate of Revival with the Secretary State of the State of Nevada, which revived the Company's charter and appointed a new Resident Agent in Nevada. The company has recently engaged forensic accountants and assets recovery consultant to help recover the assets of the company from previous management to make shareholders whole again. The company is currently a non-operating holding company.

The Company intends to go after the Toxic lenders and predatory lenders that have been milking the corporation and depriving the shareholders of stability because of the nonstop dilutions they had subjected the company to these past years.

The Company recently wrote down all of its assets to zero following a change of management because new management had doubts about the value of each assets and their availability for the Company's utilization. Following the management change, the Company has funded its operation with advances from the new management.

The company hopes to continue with this arrangement until it could raise sufficient capital to stand on its own feet. The company has also engaged with forensic accountants and assets recovery consultants to help recover the assets of the company from previous management and predatory lenders to make shareholders whole again.

On April 3, 2022, the Company's controlling shareholder, CED Capital LLC, for \$1, sold the 500 Series A preferred shares (convertible at 1 into 200,000,000 common shares, and super majority voting rights of all votes), to Eastwin8, Pte., Ltd., a Singaporean Company. Subsequently, on May 24, 2022, in a share exchange transaction between the directors of Eastwin8 and the Company, the 500 Series A preferred shares were distributed to the stakeholders of Eastwin8 pursuant to an executed Share Exchange Agreement.

On May 26, 2022, the Custodian's petition to the District Court of Clark County, Nevada, to discharge the custodianship was granted, validating all the actions of the custodian and turning over the management of the Company to its duly constituted board of directors.

On December 26th 2022, the Company through Eastwin8 Pte Ltd (Eastwin8), a Singapore subsidiary company 100% owned by Icon Media Holdings, Inc, entered into a definite agreement with Kuora Inc., formerly known as All American Pet Company Inc. (OTC: AAPT), a Nevada OTC Markets Group Inc.

Corporation, through which Eastwin8 will purchase 100% of the paid up capital of Kuora, Inc (China) (or, Xi'an Xiaohuangren Industrial Interconnect Data Technology Limited) and all its subsidiaries.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

This basis of accounting differs in certain material respects from that used for the preparation of the books of Eastwin8 Pte Ltd, which are prepared in accordance with the accounting principles and the relevant financial regulations applicable to enterprises with limited liabilities established in Singapore, the accounting standards used in the places of their domicile. The accompanying consolidated financial statements reflect necessary adjustments not recorded in the books of Eastwin8 Pte Ltd to present them in conformity with U.S. GAAP.

Principles of Consolidation

The accompanying consolidated financial statements consolidate the financial statements of Icon Media Holdings Inc., and its 100% owned subsidiary Eastwin8 Pte Ltd. All significant intercompany balances and transactions have been eliminated. The results of subsidiaries acquired or disposed of during the respective periods are included in the consolidated statements of income and comprehensive income from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Foreign Currency Translation

The accompanying consolidated financial statements are presented in United States dollar ("\$"), which is the reporting currency of the Company. The functional currency of Icon Media Holdings Inc is United States dollar. The functional currency of Eastwin8 Pte Ltd. is Singapore Dollar ("SGD"). For the subsidiaries whose functional currencies are SGD, results of operations and cash flows are translated at average exchange rates during the period, assets and liabilities are translated at the exchange rate at the end of the period, and equity is translated at historical exchange rates. The resulting translation adjustments are included in determining other comprehensive income or loss. Transaction gains and losses are reflected in the consolidated statements of income and comprehensive income.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and judgments that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company bases its estimates and judgments on historical experience and on various other assumptions and information that are believed to be reasonable under the circumstances. Estimates and assumptions of future events and their effects cannot be perceived with certainty and, accordingly, these estimates may change as new events occur, as more experience is acquired, as additional information is obtained and as operating environment changes.

Significant estimates and assumptions by management include, among others, estimated life and impairment of long-lived assets, allowance for doubtful accounts, contingencies and litigation, total costs in connection with service revenues, valuation of inventories and income taxes including the valuation allowance for deferred tax assets. While the Company believes that the estimates and assumptions used in the preparation of the financial statements are appropriate, actual results could differ from those

estimates. Estimates and assumptions are periodically reviewed and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and cash in time deposits, certificates of deposit and all other highly liquid instruments with original maturities of three months or less.

Fair values of financial instruments

The Company adopted ASC 820 "Fair Value Measurements," which defines fair value, establishes a three-level valuation hierarchy for disclosures of fair value measurement and enhances disclosures requirements for fair value measures. Current assets and current liabilities qualified as financial instruments and management believes their carrying amounts are a reasonable estimate of fair value because of the short period of time between the origination of such instruments and their expected realization and if applicable, their current interest rate is equivalent to interest rates currently available. The three levels are defined as follow:

- Level 1 — inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 — inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial instruments.
- Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value.

As of the balance sheet date, the estimated fair values of the financial instruments approximated their fair values due to the short-term nature of these instruments. Determining which category an asset or liability falls within the hierarchy requires significant judgment. The Company evaluates the hierarchy disclosures each year.

Concentration of Credit Risk

Financial instruments the Company holds that are subject to concentrations of credit risk are cash, restricted cash, notes receivables and accounts receivable arising from its normal business activities. The Company places its cash and restricted cash in what it believes to be credit-worthy financial institutions. The Company routinely assesses the credit status of its customers and, based upon factors surrounding the credit risks, establishes an allowance, if required, for uncollectible accounts. The company believes its notes receivable and accounts receivable credit risk exposure beyond such allowance is limited.

Income Taxes

The Company accounts for income taxes under the provision of FASB ASC 740-10, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each period end based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

Commitments and Contingencies

The Company follows ASC 450-20, Loss Contingencies, to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties

and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

Earnings Per Share

Net income (loss) per share is calculated in accordance with ASC 260, Earnings Per Share. The weighted-average number of common shares outstanding during each period is used to compute basic earnings or loss per share. Diluted earnings or loss per share is computed using the weighted average number of shares and diluted potential common shares outstanding. Dilutive potential common shares are additional common shares assumed to be exercised. Basic net income (loss) per common share is based on the weighted average number of shares of common stock outstanding on September 30, 2025 and December 31, 2024. Due to net operating loss, there is no presentation of dilutive earnings per share, as it would be anti-dilutive.

Recent Accounting Pronouncements

On October 1st, 2022, the Company adopted ASU No. 2021-10, Government Assistance (Topic 832): This ASU requires business entities to disclose information about government assistance they receive if the transactions were accounted for by analogy to either a grant or a contribution accounting model. The disclosure requirements include the nature of the transaction and the related accounting policy used, the line items on the balance sheets and statements of operations that are affected and the amounts applicable to each financial statement line item and the significant terms and conditions of the transactions. The ASU is effective for annual periods beginning after December 15, 2021. The disclosure requirements can be applied either retrospectively or prospectively to all transactions in the scope of the amendments that are reflected in the financial statements at the date of initial application and new transactions that are entered into after the date of initial application.

In June 2022, the FASB issued ASU 2022-03 Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions. The update clarifies that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value. The update also clarifies that an entity cannot, as a separate unit of account, recognize and measure a contractual sale restriction. The update also requires certain additional disclosures for equity securities subject to contractual sale restrictions. The amendments in this update are effective for the Group beginning January 1, 2024 on a prospective basis. Early adoption is permitted for both interim and annual financial statements that have not yet been issued or made available for issuance. The Company does not believe other recently issued but not yet effective accounting standards, if currently adopted, would have a material impact on its the consolidated financial position, statements of operations and cash flows.

NOTE 3 - GOING CONCERN

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company currently has an accumulated deficit of \$9,127,294 as of September 30, 2025 and net income of \$9,375 for the nine months ended September 30, 2025. The Company intends to commence operations as set out above and raise the necessary funds to carry out the aforementioned strategies. The Company cannot be certain that it will be successful in these strategies even with the required funding.

These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 4 - REVENUE AND COST OF REVENUE

Currently, the Company's China subsidiary undertakes the businesses of technical support, market promotion, equipment maintenance, research and development services, project management, etc, for iron & steel, coking, & smelting industries. Customers use the proprietary developed IoT online platform to issue purchase orders for the various services and the company uses the IoT online settlement platform to outsource part of the services to thirdparty professionals when they accept assignments from the platform. All payments by customers and to service providers take place over the online banking platform of the Company's commercial bankers.

Cost of revenue refers to the expenditure of outsourced services to the third-party individuals. The Company's Singapore subsidiary has not yet launched its commercial service for smart logistic platform which is still under development.

NOTE 5 - ADVANCE TO SUPPLIERS

The advance to suppliers balance of \$72,139 and \$170,722 as of September 30,2025 and December 31, 2024 represents the prepayment to suppliers for outsourcing service, such as Huamei Sugar (Chongqing) Network Technology Co., Ltd., Shaanxi Xinyu Surface Engineering Co. Ltd., and Hangzhou Shuntang Turbo Machinery Co., Ltd. etc.

NOTE 6 - INCOME TAXES

Income taxes are provided based upon the liability method. Under this approach, deferred income taxes are recorded to reflect the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end. A valuation allowance is recorded against deferred tax assets if management does not believe the Company has met the "more likely than not" standard imposed by accounting standards to allow recognition of such an asset.

Deferred tax assets/liabilities were as follows as of September 30, 2025 and December 31, 2024:

	September 30, 2025	December 31, 2024
Description	7,254,799	7,254,799
Net operating loss carry forward	(7,254,799)	(7,254,799)
Valuation allowance	\$ -	-
Total	<u>-</u>	<u>-</u>

As of September 30, 2025, the Company expected no net deferred tax assets to be recognized, resulting from net operating loss carry forwards. Deferred tax assets were offset by a corresponding allowance of 100%.

The Company experienced a change in control during the year, and therefore no more than an insignificant portion of this net operating allowance will ever be used against future taxable income.

NOTE 7 - RELATED PARTY TRANSACTION

The balance of \$0 and \$28,769 due from related party as of September 30, 2025 and December 31, 2024 respectively mainly refer to the balance due from Mr Lanwei Li, the CEO of the Company. This non-trade balance due from related parties are unsecured, interest free and repayable upon demand.

The balance of \$60,936 and \$49,299 due to related party as of September 30, 2025 and December 31, 2024 mainly refer to the balance due to shareholders. This non-trade balance due to related parties are unsecured, interest free and repayable upon demand.
