WIALAN TECHNOLOGIES, INC.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE 9 MONTHS ENDED SEPTEMBER 30, 2025
(Unaudited)

1. History and Nature of Activities:

Wialan Technologies, Inc., was incorporated in the State of Delaware on February 25, 1985 under the name of Fortsbridge, Ltd. (“Fortsbridge”), a business involved in investing in various companies. The Company was a Reporting Issuer subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act until November 17, 1989, when it filed a Form 15-12G with the Securities and Exchange Commission to become an alternative reporting entity with unaudited financial statements. On April 27, 1987, the Company made a corporate name change to DTI, Inc. and on May 29, 2008 the Company then merged with Rockbands, LLC (acquiring 100% of the shareholders’ equity). At that time, the Issuer spun off the assets of DTI, Inc. and the Company made a further corporate name change to Rockbands, Inc. On February 5, 2010 the Company then made a name change to American Community Development Group, Inc. (“ACYD”). The transfer involved 9,000,000 restricted shares of the Company’s common stock being issued to the shareholders of ACYD.

On August 28, 2013 ACYD changed its business plan by acquiring all of the assets and business operations of Wialan Technologies, LLC (“Wialan”) as a business combination and tax-free reorganization. The name of the Company was then changed to Wialan Technologies, Inc. on January 22, 2014 and its trading symbol was changed from “ACYD” to “WLAN”. The former “ACYD” community assistance business ceased effective September 30, 2013. The terms of the acquisition of Wialan required, as consideration, the issuance to the owners of Wialan of a total of 1.9 billion common shares of the Company.

Since August 28, 2013 the Company’s new business focus has been the design, marketing, servicing and installation of industrial wireless access equipment (Wi-Fi Access Points) primarily for the corporate owners of marinas, municipal parks, and other public areas. In June 2024, the Company created a government programs division to explore (but not limited to) public sector projects, infrastructure and broadband enhancement programs and projects, rural and tribal community development as well as elevating and revitalizing urban and suburban communities. To date no revenue has been created to date from this initiative.

On January 23, 2024 the Company appointed Jose Schwank as President and as an additional Director, and he was also further elected the Company’s CEO and Chairman on September 20, 2024. Following this new appointment the Company pivoted its’ focus from not only on design, marketing, servicing, and installation of industrial wireless access equipment (Wi-Fi Access Points), but to becoming a full service and vertically integrated organization. The Company now offers a wide range of services, including project planning, modeling, budget estimating, cost management, project scheduling and installation/construction. The Company now has both internal distribution and external distribution of its products. The Company has partnered with larger professional general contractors, design-building teams and construction management firms. Manufacturing is performed by ISO certified manufacturers to ensure the highest quality products to our clients. The Company has streamlined its’ procurement process to ensure efficiency. On August 6, 2024 the Company formed Wialan Communications, Inc., a Florida wholly-owned subsidiary, to become the new operating subsidiary in the state of Florida and dissolved Wialan Technologies, LLC on November 24, 2024. All ongoing contracts, equipment and obligations were assumed by Wialan Communications, Inc upon the dissolution of Wialan Technologies, LLC.
