

## **Alternative Reporting Standard: Disclosure Guidelines for the Pink<sup>®</sup> Market**

Federal and state securities laws require issuers to provide *current information* to the public markets. With a view to facilitating compliance with these laws, OTC Markets Group has created these Disclosure Guidelines (“Guidelines”)<sup>1</sup> that set forth the disclosure obligations that make up the “Alternative Reporting Standard” for Pink companies. Companies on the Pink Market that do not make disclosure directly to the SEC (via EDGAR), a banking regulator, or a non-U.S. regulatory authority may provide disclosure under our “Alternative Reporting Standard.” We use information provided by companies under these Guidelines to designate the appropriate tier in the Pink Market: Current Information or Limited Information.<sup>2</sup>

### **Pink Current Information Tier**

To qualify for the Current Information Tier:

1. **Subscribe to the OTC Disclosure & News Service:** To submit an application, visit [Gateway](#) to sign in or create a new account. Allow OTC Markets Group 2-4 weeks to process your application and provide authorized user credentials to OTCIQ.

2. **Publish Initial Disclosure:** Upload the following documents through OTCIQ:

- *Annual Report* for the most recently completed fiscal year.
- *All Quarterly Reports* for the Current Fiscal Year.

*Annual or Quarterly Reports are composed of:*

- **Disclosure Statements:** Disclosure information pursuant to these Guidelines for the applicable period. Available as a fillable form beginning on page 4 of these Guidelines.
- **Financial Statements:** Qualifying Financial Statements in accordance with the Financial Statement Requirements specified in Item 9 of these Guidelines.

*Qualifying Financial Statements include:*

- Audit Letter, if audited
- Balance Sheet
- Statement of Income
- Statement of Cash Flows
- Statement of Retained Earnings (Statement of Changes in Stockholders’ Equity)
- Notes to Financial Statements

3. **Publish the annual Management Certification:** Companies must certify basic company information initially and annually within forty five (45) days of a company’s annual report due date.

---

<sup>1</sup> These Guidelines have been designed to encompass the “current information” requirements under state and federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws. However, these Guidelines have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator. These Guidelines do not constitute legal advice, and OTC Markets Group makes no assurance that compliance with our disclosure requirements will satisfy any legal requirements. These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice.

<sup>2</sup> OTC Markets Group may require companies with securities designated as “Caveat Emptor” or other compliance flags to make additional disclosures to qualify for the Pink Current Information tier.

4. **Verify Profile:** Verify the Company Profile through OTCIQ. This includes the complete list of current officers, directors, and service providers; outstanding shares; a business description; contact information; and the names of all company insiders and beneficial owners of 10% or more of the outstanding units or shares of any class of any equity security of the issuer.
5. **OTC Markets Group Processing of Reports:** Allow OTC Markets Group to process the posted documents (typically three to five business days) and provide any comments. Companies will only be evaluated for Current Information once all required documentation has been submitted.

**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2025**  
**(Unaudited)**

**NOTE 1 - ORGANIZATION AND OPERATIONS**

Yiyou Holdings Inc. (the "Company") was formed in the State of Nevada on December 31, 2015 as Mon Space Net, Inc., its previous name. The Company is an investment company planning to acquire liquor Companies in China.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of presentation*

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing and maintaining a system of internal accounting control and preventing and detecting fraud. The Company's system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented.

*Income Taxes*

The Company follows FASB ASC Subtopic 740, Income Taxes, for recording the provision for income taxes. Deferred tax assets and liabilities are computed based upon the difference between the financial statement and income tax basis of assets and liabilities using the enacted marginal tax rate applicable when the related asset or liability is expected to be realized or settled.

Deferred income tax expenses or benefits are based on the changes in the asset or liability each period. If available evidence suggests that it is more likely than not that some portion or all of the deferred tax assets will not be realized, a valuation allowance is required to reduce the deferred tax assets to the amount that is more likely than not to be realized. Future changes in such valuation allowance are included in the provision for deferred income taxes in the period of change.

*Stock-based Compensation*

The Company follows FASB ASC Subtopic 718, Stock Compensation, for accounting for stock-based compensation. The guidance requires that new, modified and unvested share-based payment transactions with employees, such as grants of stock options and restricted stock, be recognized in the consolidated financial statements based on their fair value at the grant date and recognized as compensation expense over their vesting periods. The Company also follows the guidance for equity instruments issued to consultants.

*Basic Loss Per Share*

FASB ASC Subtopic 260, Earnings Per Share, provides for the calculation of "Basic" and "Diluted" earnings per share. Basic earnings per share is computed by dividing net loss available to common shareholders by the weighted average number of common shares outstanding for the period. All potentially dilutive securities have been excluded from the computations since they would be antidilutive. However, these dilutive securities could potentially dilute earnings per share in the future.

### Cash and Cash Equivalents

Cash equivalents consist of highly liquid investments with maturities of three months or less when purchased. Cash and cash equivalents are on deposit with financial institutions without any restrictions. As of September 30, 2025, cash amounted to \$4,682.

### **NOTE 3 – GOING CONCERN**

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business.

As reflected in the accompanying financial statements, the Company had a net loss for the three months ended September 30, 2025 of \$4,000. This factor among others raise substantial doubt about the Company's ability to continue as a going concern.

While the Company is attempting to commence operations and generate revenues, the Company's cash position may not be significant enough to support the Company's daily operations. Management intends to raise additional funds by way of a public or private offering. Management believes that the actions presently being taken to further implement its business plan and generate revenues provide the opportunity for the Company to continue as a going concern. While the Company believes in the viability of its strategy to generate revenues and in its ability to raise additional funds, there can be no assurances to that effect. The ability of the Company to continue as a going concern is dependent upon the Company's ability to further implement its business plan and generate revenues.

The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.
