As of September 30, 2024, Grillit has completed its merger with Primior Inc., a real estate development management company that specializes in luxury properties including custom homes, apartments and hotels, and changed its name to Primior Holdings Inc.

On July 1, 2024, The Pretzel Haus was fully divested to the original owners in preparation for the merger with Primior Inc.

On March 31, 2024, GRILLiT announced the termination of the Global A Brands Stock Purchase Agreement and voided the merger due to a previously undiscovered Material Adverse Change (MAC). The MAC clause granted GRILLiT the right to exercise the termination right outlined in the merger agreement, consequently voiding the merger. As a result, all previous debts and obligations of Global A Brands remain the responsibility of Global A Brands, per the terms of the MAC clause exercised under the merger agreement.

Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

One vote per share.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Series A Preferred Stock shall not be convertible into Common Stock. The holders of the Series A Preferred Stock vote 25,000 votes for every share held. Series A Preferred Stock has a \$0.001 par value per share (the "Series A Preferred Stock").

Series B Preferred Stock, \$0.001 par value per share, is convertible to common stock or redeemable in cash at the option of the Company one year after issuance. If converted, the series B preferred stock is converted at a conversion price of 80% of the market price of the Company's common stock at the time of conversion, with a floor of \$0.50 and a ceiling of \$1,000. If redeemed, the Company pays 1.15 times the face value of the series B preferred stock (\$1.00/share).

Series C Preferred Stock is convertible to common stock or redeemable in cash at the option of the Company eighteen months after issuance. If converted, the Series C Preferred Stock is converted at a conversion price of 75% of the market price of the Company's common stock at the time of conversion, multiplied by 1.12 (12% coupon). If redeemed, the Company pays 1.12 times the face value of the Series C Preferred Stock (\$5.00/share).

Series D Preferred Stock, \$0.001 par value per share is convertible to common stock such that one half of the holder's shares are convertible to common stock one year after issuance, and the remaining half are convertible 15 months after issuance. If Series D Preferred Stock is converted, it uses a conversion price of 75% of the market price of the Company's common stock at the time of conversion. The face value is \$5.00 per share.

Series E Preferred Stock, \$0.0001 par value with the face value of \$3.00 per share. Each share of Series E Preferred Stock may be converted into such number of shares of the Corporation's authorized but unissued Common Stock calculated by taking the face value of the shares, divided by the average of the volume weighted average price for the Common Stock for the five business days immediately prior to the date of conversion.

3. Describe any other material rights of common or preferred stockholders.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer’s securities **in the past two completed fiscal years and any subsequent interim period.**

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. C. Describe the issuers' principal products or services.

Primior Holdings Inc. (formerly known as Grillit, Inc.) is an innovative real estate investment and development firm focused on delivering long-term value through strategic investment and financial innovation. Our core platform, **Gaia**, is transforming access to U.S. real estate by enabling fractional ownership through blockchain—allowing anyone in the world to invest with no minimums.

At Primior, we combine real estate fundamentals with cutting-edge technology to maximize returns and democratize real estate investing.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

Primior Holdings Inc. (formerly known as Grillit, Inc.) owns and operates high-quality real estate assets across the U.S., with a core concentration in Southern California. Our strategy is simple: acquire undervalued properties, create value through development or repositioning, and hold for long-term cash flow.

Through **Gaia**, our tokenized investment platform, we are opening access to these stabilized assets—allowing investors worldwide to own a fractional share with no minimums. This model combines real estate fundamentals with technology to drive consistent returns and global accessibility.

We invest with discipline, operate with integrity, and build for the long term.

Primior Holdings Inc.
(Formally GRILLiT Inc.)

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS

SEPTEMBER 30, 2025

NOTE 1 — ORGANIZATION AND OPERATIONS

Primior Holdings Inc (“Company”, “Primior”) (Formally GRILLiT Inc.) was incorporated in the State of Nevada on May 21, 2002. Primior is a leading real estate development, investment, and advisory firm known for its innovative approach and focus on value creation. With a forward-thinking strategy, Primior integrates technology into its investment and development practices, positioning itself at the forefront of real estate and financial innovation.

As of September 30, 2024, the Company completed its merger with Primior Inc., and changed its name to Primior Holdings Inc. We accounted for the Merger transaction as a recapitalization resulting from the acquisition by a non-operating public company that is not a shell company (as defined in Rule 12b-2 under the Securities Exchange Act of 1934). This accounting treatment as a recapitalization is consistent with Commission guidance promulgated in staff speeches and the SEC Reporting Manual, Topic 12 on Reverse Acquisitions and Recapitalizations. As such, the transaction is outside the scope of FASB ASC 805. Specifically, the Merger transaction was treated as a reverse recapitalization in which the entity that issues securities (the legal acquirer) is determined to be the accounting acquiree, while the entity receiving securities (the legal acquiree) is the accounting acquirer.

Under reverse merger accounting (i.e., recapitalization), historical financial statements of Primior Inc (the legal acquiree, accounting acquirer), are presented with one adjustment, which is to retroactively adjust the accounting acquirer’s legal capital to reflect the legal capital of the accounting acquiree. That adjustment is required to reflect the capital of the legal parent (the accounting acquiree). Comparative information presented in the financial statements also is retroactively adjusted to reflect the legal capital of the legal parent (accounting acquiree).

Effective September 30, 2024, Greg Mitchell resigned his position as CEO. He will remain as a Director of the Company.

Effective September 30, 2024, Johnney Zhang was appointed as the Company’s CEO.

Effective October 3, 2024, the Company Amended its Articles of Incorporation, changing its name from GRILLiT Inc. to Primior Holdings Inc.

In December 2024, \$750,000 was invested in the development of Gaia, a cutting-edge tokenization investment platform that represents the future of real estate and asset investment. Gaia leverages blockchain technology to democratize access to high-value assets, enabling fractional ownership, enhancing liquidity, and ensuring transparent, secure transactions. This platform is designed to empower a new generation of investors by breaking down traditional barriers and making premium investment opportunities accessible to all.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company have been prepared in accordance with United States generally accepted accounting principles (“US GAAP”) and are reported in United States dollars.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Concentration of credit risk

Financial instruments which potentially subject the Company to concentration of credit risk consist of cash deposits and customer receivables. The Company maintains cash with various major financial institutions. The Company performs periodic evaluations of the

relative credit standing of these institutions. To reduce risk, the Company performs credit evaluations of its customers and maintains reserves when necessary for potential credit losses.

Cash and cash equivalents

We consider all highly liquid securities with original maturities of three months or less when acquired to be cash equivalents. There were no cash equivalents as of December 31, 2024 and 2023.

Stock-based Compensation

We account for equity-based transactions with employees and non-employees under the provisions of ASC 718, Compensation - Stock Compensation, which establishes that equity awards issued to employees and non-employees for services are valued at the grant date fair value of the equity award. An expense is recognized over the requisite service or vesting period. The fair value of stock options issued as compensation shall be estimated by using a valuation technique or model that complies with the measurement objective, as described in ASC 718.

Goodwill

The Company accounts for business combinations under the acquisition method of accounting in accordance with Accounting Standards Codification (“ASC”) 805, Business Combinations, where the total purchase price is allocated to the tangible and identified intangible assets acquired and liabilities assumed based on their estimated fair values. The purchase price is allocated using the information currently available, and may be adjusted, up to one year from acquisition date, after obtaining more information regarding, among other things, asset valuations, liabilities assumed and revisions to preliminary estimates. The purchase price in excess of the fair value of the tangible and identified intangible assets acquired less liabilities assumed is recognized as goodwill.

In accordance with ASU 2017-04, Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment, the Company will test for indefinite-lived intangibles and goodwill impairment in the fourth quarter of each year and whenever events or circumstances indicate that the carrying amount of the asset exceeds its fair value and may not be recoverable.

Fair Value of Financial Instruments

The Company follows paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of its financial instruments and paragraph 820-10-35-37 of the FASB Accounting Standards Codification (“Paragraph 820-10-35-37”) to measure the fair value of its financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in accordance with US GAAP and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three (3) broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three (3) levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.

Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.

Level 3: Pricing inputs that are generally unobservable inputs and not corroborated by market data.

The carrying amount of the Company’s financial assets and liabilities, such as cash and accrued expenses, approximate their fair value because of the short maturity of those instruments. The Company’s related party debt approximates the fair value of such instruments based upon management’s best estimate of interest rates that would be available to the Company for similar financial arrangements at December 31, 2024 and 2023.

Revenue Recognition

The Company recognizes revenue under ASC 606, “Revenue from Contracts with Customers” (“ASC 606”). The Company determines revenue recognition through the following steps:

- Identification of a contract with a customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when or as the performance obligations are satisfied.

Revenue is recognized when control of the promised goods or services is transferred to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services. Shipping and handling activities associated with outbound freight after control over a product has transferred to a customer are accounted for as a fulfillment activity and recognized as revenue at the point in time at which control of the goods transfers to the customer. As a practical expedient, the Company does not adjust the transaction price for the effects of a significant financing component if, at contract inception, the period between customer payment and the transfer of goods or services is expected to be one year or less.

Recent Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 2 — COMMON STOCK

Effective October 3, 2024, the Company Amended its Articles of Incorporation, increasing its authorized common stock to 5,000,000,000 (5 billion) shares.

NOTE 3 — PREFERRED STOCK

Effective October 3, 2024, the Company Amended its Articles of Incorporation. The total number of shares of preferred stock which the Corporation shall have authority to issue is: 225,000 Class A shares of Preferred Stock; 21,720 Class C shares of Preferred Stock; 268,829; Class D shares of Preferred Stock; and 100,000 Series E shares of Preferred Stock.

Series A Preferred Stock shall not be convertible into Common Stock. The holders of the Series A Preferred Stock vote 25,000 votes for every share held. Series A Preferred Stock has a \$0.001 par value per share (the “SeriesA Preferred Stock”).

Series B Preferred Stock, \$0.001 par value per share, is convertible to common stock or redeemable in cash at the option of the Company one year after issuance. If converted, the series B preferred stock is converted at a conversion price of 75% of the market price of the Company’s common stock. If redeemed, the Company pays 1.12 times the face value of the series B preferred stock (\$1.00/share).

Series C Preferred Stock is convertible to common stock or redeemable in cash at the option of the Company eighteen months after issuance. If converted, the Series C Preferred Stock is converted at a conversion price of 75% of the market price of the Company’s common stock at the time of conversion, multiplied by 1.12 (12% coupon). If redeemed, the Company pays 1.12 times the face value of the Series C Preferred Stock (\$5.00/share).

Series D Preferred Stock, \$0.001 par value per share is convertible to common stock such that one half of the holder’s shares are convertible to common stock one year after issuance, and the remaining half are convertible 15 months after issuance. If Series D Preferred Stock is converted; it uses a conversion price of 75% of the market price of the Company’s common stock at the time of conversion. The face value is \$5.00 per share.

Series E Preferred Stock, \$0.0001 par value with the face value of \$3.00 per share. Each share of Series E Preferred Stock may be converted into such number of shares of the Corporation’s authorized but unissued Common Stock calculated by taking the face value of the shares; divided by the average of the volume weighted average price for the Common Stock for the five business days immediately prior to the date of conversion.

NOTE 4 — CONVERTIBLE NOTE PAYABLE – RELATED PARTY

On September 30, 2024, the Company issued a Convertible Promissory Note for \$27,000,000 to Zhang Capital LLC. The note was issued in conjunction with the merger agreement. The note matures in twelve months, bears interest at 6% and is convertible into shares of common stock at \$0.00035. As of December 31, 2024, there is \$405,000 of accrued interest on this note.

NOTE 5 — LOANS AND CREDIT ADVANCES (of the former GRILLiT Inc.)

On February 3, 2022, the Company closed on a fixed rate note of \$140,000 with BHG. The majority of these proceeds were used to refinance and consolidate the debt accumulated during the construction and buildout of the Palm Harbor location and Carrollwood locations that took place in Q3 & Q4 2021.

On January 19, 2022, the Company closed out the Crowd Funding campaign from Honeycomb Credit. The final note from Honeycomb was \$20,430. Since February 2022, payments have been made by the personal guarantor, Greg Mitchell, since the closing of the Pretzel Haus at the end of 2022 due to challenges with staffing related to COVID. To date, the personal guarantor has paid \$18,795 of which \$6,040 was in interest to the noteholders secured through the Honeycomb Credit Crowd Funding campaign.

On June 8, 2021, the Company closed on a fixed rate \$500,000 note with Mammoth Corporation. The Company received the initial tranche of \$50,000 on June 3, 2021, and, upon consent of the lender, the Company will be able to access additional funds on the same terms up to \$500,000. This note is not convertible into common stock unless there is a default on the monthly installment payments. The Company also negotiated that with each tranche, the installment payments are deferred 90 days to allow for a buildout period of each future Pretzel Haus location.

The management of the Company has reviewed the \$700,000 loan with TCA Global Credit Fund. TCA Global Credit Fund was placed under the receivership of Jonathan E Perlman for the estates of the Receivership Entities and retained Genovese Joblove & Battista as counsel. The Company provide information to the SEC related to the distribution of the TCA funds. It is the opinion of the current management of the Company that TCA Management is responsible for not performing their due diligence and distributed funds to individuals and companies who did not contribute to future growth of the Company as the use of proceeds paid previous debts and would not create a viable pathway to build a business with the ability to repay the debt. It is the opinion of the current Management that the debt should be eliminated, and Genovese Joblove & Battista pursue legal action to recover the funds distributed from the TCA note from the entities identified in the disbursement letter dated June 14, 2016. The \$700,000 will remain as a debt until this is resolved with a formal elimination of the Debt by TCA Global Fund and their receivers per GAAP. It is estimated that of the \$700,000, \$54,458 of the proceeds were used to fund the ongoing and future operations of the Company and could be reasonably estimated to be a debt of the Company. As was communicated in previous press releases, the Company will continue to work with the SEC, State Attorney Generals, and any additional legal and official requests for information.
