MANAGEMENT'S DISCUSSION AND ANALYSIS

On August 6, 2020, the Company entered into an Asset Purchase Agreement with Hempstract, LLC, a Washington limited liability company, pursuant to which the Company acquired all of Hempstract's assets, including licenses, equipment, materials, inventory, assignment of all leases, services, and vendor contracts for the purchase price of 36,800,000 common shares of the Company.

At the time of its acquisition of the Hempstract business, the Company discontinued and spun off its oil and gas interests and put into place a new business plan to develop and sell hemp-based products.

The Company was in the process of renovating a historic ICBM Titan Missile facility site in eastern Washington state to produce high quality THC-Free products that are derived from non-GMO industrial hemp grown with natural farming practices. The planned products included CBD Isolate & distillate oil, nutritional whole plant extract for topicals, lotions, bath bombs, pills and pet products. Focused on hemp, the laboratory continues isolating novel cannabinoids and developing new processes for the isolation of CBD. In addition, the lab developed many new formulations and applications for CBD and related cannabinoids.

Since the acquisition there has been a lawsuit between the parties involved in the asset purchase related to trademark infringement. In January of 2023 the parties agreed to a mutual dismissal of the complaints. On January 11, 2023 Hempstract, Inc., plaintiff, and defendants Gregory Haynes and Kim Melbye agreed to a mutual dismissal of a lawsuit and complaints related to trademark infringement. The action was dismissed in its entirety, without prejudice, with each party bearing its own attorney fees and costs.

On September 19, 2023, the Majority shareholder and control person of Hempstract, Inc. ("HPST") and MarGran LLC, a Wyoming Limited Liability Company, executed a Stock Purchase Agreement. In the transaction MarGran, LLC purchased 100,000,000 common shares of HPST and purchased 100 Series A Preferred shares of HPST. The transaction closed on October 2, 2023, retroactively effective to September 19, 2023. Further pursuant to the transaction, the Company's Board of Directors approved an amendment to the Company's Articles of Incorporation to increase the total number of common shares of the company to 2,000,000,000. On September 28, 2023, by majority written consent of the shareholders eligible to vote, the shareholders approved an amendment to the Company's Articles of Incorporation increasing the Company's authorized shares to 2,000,000,000 shares. As a result of this agreement, MarGran, LLC held 714,000,000 Common shares of the company representing 83.86% of the issued and outstanding common shares, and 100 Series "A" Preferred shares of the Company representing 100% of the issued and outstanding Series "A" Preferred class of shares.

On May 13, 2025, the Company received notice from FINRA that the change in the Company's name and ticker symbol would be effective on May 15, 2025. The name Parliament House Enterprises, Inc. and the ticker symbol PHSE is effective May 15, 2025.

On June 26, 2025, MarGran LLC transferred 357,000,000 common shares to Guildford Investment LLC. Each LLC controls 39.12% of the issued and outstanding common shares as of the date of transfer.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRACTICES

Accounting policies and procedures are listed below. The Company has adopted a December 31 year-end.

Accounting Basis

We have prepared the consolidated financial statements according to generally accepted accounting principles (US-GAAP).

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. As of June 30, 2025 and December 31, 2024, the Company held cash and cash equivalents of \$31,578 and \$367,094, respectively.

Earnings per share

The company adopted the provisions of SFAS No. 128, "Earnings per Share." SFAS No. 128 requires the presentation of basic and diluted earnings per share ("EPS"). Basic EPS is computed by dividing income available to common stockholders by the weighted-average number of common shares outstanding for the period. Diluted EPS includes the potential dilution that could occur if options or other contracts to issue common stock were exercised or converted.

The Company has issued warrants in connection with financing. See Footnote 7.

Stock Based Compensation

As permitted by statement of Financial Accounting Standards ("SFAS") No. 148, "Accounting Based Compensation", the company has elected to continue to follow the intrinsic value method in accounting for its' stock-based compensation arrangements as defined by Accounting Principles Board Opinion (APB") No. 25, "Accounting for Stock Issued Employees", and related Interpretations including "Financial Accounting Standards Board Interpretations" No. 44, "Accounting for Certain Transactions Involving Stock Compensation", and interpretation of APB No. 25. As of June 30, 2025, the company has not formed a Stock Option Plan and has not issued any options.

Fixed Assets

Fixed assets are carried at cost. Depreciation is computed using the straight-line method of depreciation over the assets' estimated useful lives. Maintenance and repairs are charged to expense as incurred; major renewals and improvements are capitalized. When items of fixed assets are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in income. All remaining fixed assets have been removed from the Company's balance sheet as of December 31, 2023, as the Company's management has deemed them to hold no value. On June 30, 2024, the Company recorded a long-term license for operations.

Income Taxes

The provision for income taxes is the total of the current taxes payable and the net of the change in the deferred income taxes. Provision is made for deferred income taxes where differences exist between the period in which transactions affect current taxable income and the period in which they enter into the determination of net income in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Goodwill

Goodwill is created when we acquire a business. It is calculated by deducting the fair value of the net assets acquired from the consideration given and represents the value of factors that contribute to greater earning power, such as a good reputation, customer loyalty or intellectual capital.

We assess the goodwill of individual subsidiaries for impairment in the fourth quarter of every year, and when circumstances indicate that goodwill might be impaired.

NOTE 2. GOING CONCERN AND MANAGEMENT'S LIQUIDITY PLANS

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying financial statements as of June 30, 2025, the Company had an accumulated deficit of \$14,963,287. These factors among others may indicate that the Company will be unable to continue as a going concern for a reasonable period of time.

The Company's primary source of operating funds in 2024 has been derived from funds received from notes payable. The Company has experienced net losses from operations since inception but expects these conditions to improve in future years as its new business model is implemented.

The Company has stockholders' deficits at June 30, 2025 and December 31, 2024 and requires additional financing to fund future growth and support operations.

The Company's existence is dependent upon management's ability to develop profitable operations and to obtain additional funding sources. There can be no assurance that the Company's financing efforts will result in profitable operations or the resolution of the Company's liquidity problems. The accompanying statements do not include any adjustments that might result should the Company be unable to continue as a going concern.

NOTE 3. RECENTLY ISSUED ACCOUNTING STANDARDS

Management does not believe that any recently issued but not yet adopted accounting will have a material effect on the Company's results of operation or on the reported amount of its assets and liabilities upon adoption.

NOTE 4. PROVISION FOR INCOME TAXES

Deferred income tax assets and liabilities are determined based on the estimated future tax effects of net operating loss and credit carry forwards and temporary differences between the tax basis of assets and liabilities and their respective financial reporting amounts measured at the current enacted tax rates. The Company records an estimated valuation allowance on its deferred income tax assets if it is not more likely than not that these deferred income tax assets will be realized.

The Company recognizes a tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the consolidated financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. As of December 31, 2024 and as of December 31, 2023, 2022, 2021, 2020, and 2019, the Company has not recorded any unrecognized tax benefits.

NOTE 5. INVENTORY

Prior to 2023, the Company was involved in the production of CBD. As of September 30, 2023, the Company had discontinued those operations and subsequently, management decided to impair all remaining fixed assets and inventory as it has no value to the company i.e., we have no assets of value following this impairment.

The new business model will require close management of the inventory of food and beverages, as well as inventory connected with hotel and hospitality-related services.
