Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

One for one voting on all common stock, entitled to dividends as determined by the board of directors. No Pre-emptive rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Series A Convertible Preferred Stock- Voting Rights- Shall be entitled to the number of votes as shall be equal to the aggregate number of shares of Common Stock into which the Series A shall be convertible. Liquidation – Holders shall be entitled to receive out of the assets of the corporation an amount equal to the Holder's pro rata share of the assets and funds of the corporation to be distributed. Conversion- Convertible into fully paid and non- assessable shares of Common Stock in aggregate equal to 20% of the post conversion number of shares of Common Stock issued and outstanding. Individual shares of Preferred Stock shall be convertible into that pro-rata number of common shares equal to .00001 X the aggregate number of shares issuable. There are no redemption rights.

Series B Preferred Stock – The holders of outstanding shares of Series B Preferred Stock shall be entitled, while shares of the Series B Preferred stock are outstanding, to cash dividends consisting in the aggregate of \$3,375,000 (the "**Special Dividend Amount**") subject to certain conditions as set forth in the certificate of designation. The holders of Series B Preferred shall also be entitled to cumulative dividends. Liquidation- The holders of Series B Preferred shall be entitled to receive, pro rata based on the number of shares of Series B Preferred Stock held, pari passu with the payment or distribution of assets of the Company to the holders of Common Stock by reason of their ownership thereof, an amount per share equal to the sum of (A) the Purchase Price plus an annualized internal rate of return of 8% for the period from the issuance date of the issued and outstanding Series B Preferred Stock to the date when all amounts under this section are in full, and (B) an amount equal to all declared but unpaid dividends for each outstanding share of Series B Preferred Stock proportionally adjusted for recapitalizations. Conversion- shall be convertible into fully paid and non- assessable shares of Common Stock as is determined by dividing the Purchase Price by the conversion price. The initial conversion price shall be \$0.0909, which implies that each share of Series B Preferred Stock is initially convertible into Common Stock on a 1- to- 100 basis. Voting Rights- Series B Preferred shall have the right to such number of votes for each share of common stock into which such share of Series B Preferred stock may then be converted pursuant to Section 5 of the Certificate of Designation equal to fifty-one percent (51%) of the outstanding common stock on an as-converted basis, only with respect to a proposal to amend the Certificate of Incorporation to increase the number of shares of capital stock authorized thereunder. In addition, the holders of Series B preferred shall have the right to

two (2) votes for each share of common stock into which such share of Series B Preferred Stock could then be converted. There are no redemption rights.

Series C Preferred- Dividends- Shall not be entitled to receive any dividends. Voting- Shall vote together with the common stock as a single class on a one hundred (100) votes per share of Series C Preferred basis. No Preemption rights. Redemption rights: The corporation shall have the right to redeem the shares of Series C Preferred at any time after the date of issuance at a per share price equal to the per share price paid for such shares. In addition, the holder of Series C Preferred may also require the corporation to redeem shares of Series C Preferred at any time after the date of issuance at per share price equal to the price paid by the holder for such shares. Any such redemption shall occur ten days after written notice of the redemption is provided. There are no liquidated rights.

Series D Convertible Preferred Stock- Voting- Shall be entitled to the number of votes as shall be equal to the aggregate number of shares of Common Stock into which the Series D shall be convertible. Liquidation- Upon Liquidation, the Holders shall be entitled to receive an amount equal to the Holder's pro rata share of the assets and funds of the corporation to be distributed. Conversion- The number of shares of common stock to which a Holder of Preferred Stock shall, in aggregate, equal 75% of the post conversion number of shares of Common Stock issued and outstanding. Individual shares of Series D preferred stock shall be convertible into that pro-rata number of common shares equal to .00001 x the aggregate number of shares issuable. There are no redemption rights

3. **Describe any other material rights of common or preferred stockholders.**

N/A

4. **Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.**

Notes to Consolidated Financial Statements

NOTE 1 - DESCRIPTION OF BUSINESS AND GOING CONCERN

Description of Business

ProText Mobility Inc. (the “Company”) was incorporated in the State of Delaware on September 5, 2001 under the name SearchHelp, Inc. and completed its initial public offering on July 23, 2003. During the fiscal year ended December 31, 2008, the Company acquired 100% of the stock of EchoMetrix, Inc, which then became a wholly owned subsidiary, and in May of 2009 the Company filed a Certificate of Ownership and Merger with the State of Delaware pursuant to which EchoMetrix was merged with and into the Company, and the Company's corporate name was changed to EchoMetrix, Inc. In December 2010, the Company filed a Certificate of Ownership and Merger with the state of Delaware pursuant to which the Company's then wholly owned subsidiary, ProText Mobility, Inc., was merged with and into the Company, and the Company's corporate name was changed to Protext Mobility, Inc.

On December 31, 2016, the Company acquired Plandaí Biotechnology South Africa (Pty) Ltd. (Plandaí), a South African company headquartered in the Mpumalanga province of South Africa through a share exchange agreement, and changed the corporate name to Protext Pharma, Inc. Plandaí was formed in 2014 and focuses on the development of pharmaceutical applications for botanical drugs and has the worldwide exclusive license to develop Phytofare® in botanical drug applications. Phytofare® is a highly bioavailable extract produced from live green tea leaves that has been clinically proven in double-blind human trials to have ten-times greater bioavailability over generic extract. The Company plans to commence human clinical trials to determine the effectiveness of using Phytofare® catechin complex in regulating insulin levels in Type II Diabetes patients. Under the terms of acquisition, the Company issued 100,000 shares of Series D Preferred Stock in exchange for all of the issued and outstanding shares of Plandaí. The Series D Preferred have the right to convert into 75% of the post-conversion issued and outstanding common stock of the Company. The Series D Preferred have voting rights equal to the number of shares issuable on conversion on all shareholder matters. On May 1, 2020, Plandaí Biotechnology, Inc., the entity from which Plandaí Biotechnology South Africa was acquired, agreed to return and cancel all Series D shares due to breach of contract.

As a result of the acquisition of Plandaí, the former shareholders of Plandaí became the control entity, having voting and conversion rights equal to 75%. Plandaí elected to become the successor issuer to the Company for accounting and reporting purposes. Accordingly, the accompanying financial statements represent the results of operations of Plandaí Biotechnology South Africa exclusive of those of ProText Mobility. The balance sheet contains the consolidated assets and liabilities of both entities for all periods presented while the retained deficit is that of Plandaí exclusively. The shares of common stock of ProText Mobility outstanding as of the acquisition date are shown as issued as of the acquisition date while the shares issued to acquire Plandaí are shown as outstanding for all periods presented.

On March 14, 2017, the Company acquired 100% of the capital stock of Cannabis Biosciences, Inc., in exchange for 50,000,000 shares of the Company's restricted common stock. Cannabis Biosciences is engaged in the development of a non-psychoactive, full-profile cannabis extract using the Phytofare® technology for pharmaceutical applications. The operations of Cannabis Biosciences from the date of the acquisition forward have been consolidated in these financial statements.

On June 3, 2022, the Company acquired 100% of the capital stock of RSAMMD Acquisition LLC, a Delaware corporation (“RSAMMDA”), in exchange for 100,000 shares of Series D Preferred Stock and 50,000 shares of Series A Preferred Stock (the “Acquisition Agreement”). The Series D Preferred have the right to convert into 75% of the post-conversion issued and outstanding common stock of the Company. The Series D Preferred have voting rights equal to the number of shares issuable on conversion on all shareholder matters. The Series A Preferred issued have conversion rights equal to 10% of the post-conversion issued and outstanding shares of common stock and

voting rights equivalent to the total shares issuable on conversion. This transaction resulted in a change of control with the shareholders of RSAMMDA controlling over 85% of the total voting stock of the Company.

The sole shareholders of RSAMMDA were Mr. Dylan Du Plooy and Dr. Ahmed Jamalooden who also served as the chief financial officer and chief executive officers, respectively, of RSAMMDA. Both assumed similar roles at the Company. RSAMMDA had no operations or assets prior to the acquisition. The acquisition of RSAMMDA was accounted for as a capital transaction. The Company recorded the issuance of the Series D Preferred Stock and the Series A Preferred Stock at the par value of the with an equal amount recorded in APIC.

As a condition of the Acquisition Agreement, all accrued and unpaid expenses and loans, which primarily consisted of accrued and unpaid consulting fees to the Company's prior chief executive officer, were cancelled and forgiven. The cancelled obligations were approximately \$708,677.

RSAMMDA was formed on January 14 2022 to facilitate a working relationship to commercialize the Company's proprietary live plant extraction system. Management is developing a sustainable business to leverage the same, including distribution.

Going Concern

The Company's consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

The Company generated a net loss of \$28,966 for the Nine months ended September 30, 2025 and a net loss of \$38,462 for the year ended December 31, 2024.

As of September 30, 2025, the Company had stockholders' equity of \$510,602,676 and total liabilities of \$702,954. The Company had working capital of \$510,595,176 Company's primary asset is comprised of Genus Cannabis Sativa seeds and Active Pharmaceutical Ingredients donated by the Company's major shareholder.

These conditions raise substantial doubt regarding the Company's ability to continue as a going concern for the twelve months following the issuance of its financial statements for the nine months ended September 30, 2025. The Company's ability to continue as a going concern is dependent upon its ability to utilize the resources in place to generate future profitable operations and to obtain the necessary financing to meet its debt obligations and repay its liabilities arising from business operations when they come due. Management believes that with the recent acquisition of RSAMMDA and the change in management, the Company will be able to leverage the expertise and relationships of Management to develop its proprietary live plant extraction technology as well as its distribution network.

Although the Company believes that it will be successful, these conditions continue to raise substantial doubt regarding the Company's ability to continue as a going concern.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of net revenue and expenses in the reporting period. We regularly evaluate our estimates and assumptions related to the useful life and recoverability of long-lived assets, stock-based compensation and deferred income tax asset valuation allowances. We base our estimates and assumptions on current facts, historical experience and various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results

experienced by us may differ materially and adversely from our estimates. To the extent there are material differences between our estimates and the actual results, our future results of operations will be affected.

Cash and Cash Equivalents

The Company considers all highly liquid instruments with original maturities of three months or less when acquired, to be cash equivalents.

Income Taxes

The Company accounts for income taxes under the provisions issued by the FASB which requires recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the consolidated financial statements or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. The Company computes tax asset benefits for net operating losses carried forward. The potential benefit of net operating losses has not been recognized in these financial statements because the Company cannot be assured it is more likely than not it will utilize the net operating losses carried forward in future years.

Fair Value of Financial Instruments

Pursuant to ASC No. 820, "Fair Value Measurements and Disclosures", the Company is required to estimate the fair value of all financial instruments included on its balance sheet as of September 30, 2025 and December 31, 2024. The Company does not have any financial instruments as of those dates. The Company considers the carrying value of such amounts in the financial statements to approximate their fair value due to the short-term nature of these financial instruments.

The Company adopted ASC No. 820-10 (ASC 820-10), Fair Value Measurements. ASC 820-10 relates to financial assets and financial liabilities. ASC 820-10 defines fair value, establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (GAAP), and expands disclosures about fair value measurements. The provisions of this standard apply to other accounting pronouncements that require or permit fair value measurements and are to be applied prospectively with limited exceptions.

ASC 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This standard is now the single source in GAAP for the definition of fair value, except for the fair value of leased property as defined in SFAS 13. ASC 820-10 establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions, about market participant assumptions, that are developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820-10 are described below:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates); and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs that are both significant to the fair value measurement and unobservable. These inputs rely on management's own assumptions about the assumptions that market participants would use in pricing

the asset or liability. (The unobservable inputs are developed based on the best information available in the circumstances and July include the Company's own data.)

There are no assets and liabilities measured at fair value on a non-recurring basis as of September 30, 2024 and December 31, 2024.

Inventory-Genus Cannabis Sativa Seeds

Inventory consists of 1,250,000,000 genus cannabis sativa seeds (the “Seeds”) and is recorded at the lower of estimated historical cost or net realizable value. The Seeds were contributed to the Company by Company’s President and Chairman of the Board. Historical cost was determined based on the historical cost of the Seeds to the Company’s President and Chairman of the Board which included the cost of acquisition, growing, cultivating and harvesting the Seeds. (See Note 4 -Related Party – Inventory- Genus Cannabis Sativa Seeds)

Inventory- Active Pharmaceutical Ingredients

- Inventory also consists of 125,959,995 mg of Active Pharmaceutical Ingredients (“APIs”) and is recorded at the lower of estimated historical cost or net realizable value. The APIs were contributed to the Company by True Leaf Holdings (“TruLeaf”) with an estimated fair market value of \$10,710,000. TruLeaf is wholly owned and controlled by Dr. RS Hurley, who is the spouse of the President and Chairman of the Board of Directors of the Company. Accordingly, by the wife of the Company’s President and Chairman of the Board. Historical cost was determined based on the historical cost of the APIs to TruLeaf (See Note 4 -Related Party – Active Pharmaceutical Ingredients)

NOTE 3 - EQUITY

The Company has authorized 3,900,000 shares of Series C Preferred stock, par value \$0.001. As of September 30, 2025 and December 31, 2024 there were 2,675,000 Series C shares outstanding. The Series C have voting rights equal to 200 votes per share on all shareholder matters.

Series D Preferred

On June 3, 2022, the Company issued 100,000 shares of Series D Preferred stock as partial consideration for the Acquisition Agreement. The Series D Preferred stock has conversion rights equal to 75% of the post-conversion common stock and voting rights equivalent to the number of shares issuable on conversion.

NOTE 4 RELATED PARTY TRANSACTIONS

Borrowings

During 2022, Company's President and Chairman of the Board paid certain bills including registration fees and legal fees on behalf of the Company. Such payments aggregated approximately \$8,644. On December 31, 2022, Company's President and Chairman of the Board offered and the board of directors agreed to extend the Company a line of credit in the amount of \$100,000 with interest of 4% per annum. The \$8,644 payable to Company's President and Chairman of the Board was converted into the line of credit. During the three month periods ended September 30, 2025 and 2024, the Company's President and Chairman of the Board made payments on behalf of the Company in the amount of \$2,224 and \$9,893 respectively. During the nine month periods ended September 30, 2025 and 2024, the Company's President and Chairman of the Board made payments on behalf of the Company in the amount of \$21,663 and 22,346, respectively. The Balance of the line of credit as of September 30, 2025 and December 31, 2024 was \$133,445 and \$108,129, respectively. During the three month periods ended September 30, 2025 and 2024, the Company recognized \$1,313 and \$789 in interest expense relating to the line of credit. During the nine month periods ended September 30, 2025 and 2024, the Company recognized \$1,653 and \$2,173 in interest expense relating to the line of credit.

The Company's CEO, and the Company's President and Chairman of the Board each earn a salary of \$1.00 per year.

During the year ended December 31, 2024, Dr. A Jamaloodeen purchased 112,500,000 shares from another shareholder in a private sale transaction. In addition, Dr. A Jamaloodeen (chairman and president) has implemented, with consent of additional shareholders, an open ended, discretionary, stock purchase program. To date, Dr Jamaloodeen has purchased 97,036,949 shares in the open market under the program. The purchases had no impact on the Company's financial statements.

Inventory- Genus Cannabis Sativa Seeds

On December 15, 2022, the Company's President and Chairman of the Board contributed approximately 15,000,000 Genus Cannabis Sativa Seeds (the "Seeds") to the Company as an equity contribution (the "Contribution"). The Contribution was recorded as Genus Cannabis Sativa Seed inventory at historical cost to the Company's President and Chairman of the Board of approximately \$1 per seed (R17.0301 per seed at December 15, 2022).

During 2024, the Company's President and Chairman of the Board contributed a total of 240,000,000 Seeds to the Company as equity contributions. All contributions were recorded at historical cost to the Company's President and Chairman of the Board of approximately \$1 per seed (R18.3996 per seed at May 15, 2024).

In October, 2023, the Company entered into a seed multiplication agreement with a related party ("Grower") to plant, germinate and process the Company's seed inventory. In exchange, the upon harvesting, the Grower will deliver new seeds to the Company in the amount of approximately four times the number of seeds delivered under the program. The agreement is subject to customary representations and warranties, including specifications of the new seed quality.

On April 1, 2024, and on October 1, 2024 Seeds were delivered to Grower to plant and germinate. During the planting cycle rotation, the seeds were successfully germinated, harvested and processed. On June 28, 2024, and December 30, 2024, the Grower delivered to the Company the agreed upon new Seeds. No consideration was exchanged in the multiplication agreement and the 60,000,000 seeds received were recorded at the historical cost of the original contribution.

On April 6, 2025, the Company delivered 600,000,000 seeds to Grower to plant and germinate. The Company considers seeds planted under the germination program to be Company seed inventory. On June 26, 2025, the Grower returned the original 600,000,000 Seed inventory plus 400,000, for a total of 1 billion seeds in inventory.

On June 30, 2025, the Company's President and Chairman of the Board contributed an additional 250,000,000 Seeds to the Company as an equity contribution. The contribution was recorded as Genus Cannabis Sativa Seed inventory at historical cost to the Company's President and Chairman of the Board of approximately \$1 per seed.

A roll forward of the seed inventory as of September 30, 2025 is as follows:

Date	Description	Number of Seeds	Cost of Seeds (Equity contribution)
Ending Balance December 31, 2023		15,000,000	\$15,000,000

6/30/2025	Equity contribution	250,000,000	250,000,000
Seed Inventory - September 30, 2025		1,250,000,000	\$ 505,000,000

The Company estimates the fair value of the seeds is substantially in excess of the recorded value of \$505,000,000. The spot price for similar seeds had a retail market price in the range of 15-25 euro per seed, excluding, but not limited to shipping, customs duty (if applicable), VAT, clearing agent fees, in-land haulage and other variable costs.

As of September 30, 2025, the Company has 1,250,000,000 seeds in inventory.

Supply Agreement

As part of the Company's general business, it plans to fulfill orders and ship products to end customers around the world, including biomass derived from hemp, raw or processed CBD, and/or finished health and wellness products containing CBD (derived from Genus Cannabis Sativa). The end products are anticipated to be shipped as partial shipments (LCL) to the end customer in compliance with the rules and regulations of each jurisdiction involved by the responsible parties. Such that the Company can fulfill orders for its 1,250,000,000 seeds, the Company entered into a Supply Agreement with its President and Chairman of the Board in his capacity as an independent fourth generation farmer who controls, among other things, a 5,000 hectare farm in the jurisdiction of New Castle, South Africa. The Company's President and Chairman of the Board in his individual capacity as an independent farmer controls certain permits related to activities such as cultivation, import/export of various agricultural products including but not limited to genus cannabis sativa. The Company does not plant, own or control any farm, and has no permit.

The Company's President and Chairman of the Board, in his capacity as an independent farmer and a team, managed by the Company's CEO- Dylon Du Plooy, in his individual capacity, are responsible for planting hemp crops derived from Genus Cannabis Sativa seeds at a farm controlled by the Company's President and Chairman of the Board. In the future, the Company's President and Chairman of the Board may provide the Company with access to, and/or the Company may receive benefit from, permits controlled by the Chairman. There are no guarantees that this will occur. Furthermore, the Company does not need such access, specifically to permits held

by its President and Chairman of the Board in his individual capacity as a private citizen and independent farmer within jurisdiction of South Africa, to carry out its business endeavors such as fulfilling and shipping product to end customers.

Inventory -Active Pharmaceutical Ingredients

On September 17, 2025, True Leaf Holdings (“TruLeaf”) made a non-cash contribution to the Company consisting of 125,959,995 mg of APIs with an estimated fair market value of \$10,710,000. TruLeaf is wholly owned and controlled by Dr RS Hurley (Dr. H), who is the spouse of Company’s President and Chairman of the Board. Accordingly, this transaction was recoded as an equity contribution at TruLeaf’s historical cost of approximately \$6,298,000.

The contributed APIs were provided pursuant to a non-binding Letter of Intent designed to support the Company’s medical, nutraceutical, and wellness research and development initiatives. The Company evaluated the substance of the transaction and determined that the contribution was made without preferential terms, did not involve any cash consideration, and was completed in the normal course of the parties’ independent commercial operations.

Upon receipt, the APIs were recognized at their estimated fair market value as an increase in inventory (or R&D materials) with a corresponding recognition of non-cash contribution income in accordance with IFRS/GAAP. Management believes the valuation reflects an orderly market price for comparable pharmaceutical-grade materials at the measurement date.

NOTE 6 STRATEGIC TOKENIZATION INITIATIVE AND PILOT PROGRAM

The Company’s President and Chief Executive Officer, in his personal capacity and through Leeds Investments and its assigns, has entered into a pilot-program Letter of Intent with ABSA Bank in South Africa. This initiative is in development and represents one of the first pilot programs of its kind within the region.

The contemplated framework includes real-world asset tokenization, the creation of a Stablecoins, and associated custodial walleting solutions. These digital assets are intended to serve as collateral within the pilot program, with the potential to attract fixed-return investment products.

The proposed model integrates API connectivity, token issuance, liquidity pathways, and revenue-recognition mechanics. It is anticipated that the program may also encompass additional asset classes, including carbon credits.

While conducted outside the Company, the Company’s President and Chairman of the Board, and management believes that expertise gained through this initiative could be strategically beneficial to the Company. In particular, it may inform future opportunities for the tokenization of certain real-world assets held or developed by TXTM — such as its rare, stabilized, high-value Cannabis sativa seed genetics — subject to applicable regulatory, technical, and commercial considerations.

ABSA Bank incorporates Ripple/XRP-based settlement technologies in certain systems, and the initiative may explore compatible digital-asset infrastructure. Splendor Labs’ existing engagement with the African Union may also offer complementary strategic alignment with broader regional initiatives, including those associated with the African Continental Free Trade Area (ACFTA).

On April 8, 2022, the Company filed in the District Court, Southern District of New York for the United States of America a Motion to Set Aside the Judgment, which was denied and the Company has filed for review the United States Appellate Courts overseeing the Southern District of New York. In addition, the Company has filed against Mr. Canouse and the Company’s former CEO Steve Berman (who assigned claims to Mr. Canouse that are the basis of the Judgment). The Company filed the action against Mr. Berman and Mr. Canouse in the 11th Judicial District in and for Miami-Dade County, Florida on or about April 8, 2022. The case against Mr. Canouse and Mr. Berman was dismissed without prejudice on or about October 10, 2023. The Company’s estimate of the loss associated with the judgment is \$563,396 and is recorded as accrued expenses.

On May 6, 2022, RSAMMD and Mr. David Lewis, the Company's former chief executive officer and principal shareholder entered into an agreement whereby Mr. Lewis reserved up to 250,000,000 of his common shares to satisfy up to \$500,000 of the judgement, plus interest and costs as may be required under a settlement. Until such time as the judgement obligation is settled, whether settled by Mr. Lewis in shares or other settlement, the Company is the primary obligor and continues to reflect the obligation in its balance sheet.

NOTE 7 - SUBSEQUENT EVENTS

The Company reviewed transactions through November 19, 2025 and noted the following material events.

Letter of Intent

Subsequent to quarter-end, the Company entered into a non-binding Letter of Intent with TruLeaf South Africa to explore a potential strategic transaction. Discussions remain preliminary, and there can be no assurance that a transaction will be completed.

Financial Statements and Audit Status

The Company had previously completed International Financial Reporting Standards ("IFRS") audited financial statements for the years 2022 and 2023. The 2024 IFRS audit is in progress. Management intends to utilize these audited financials to support potential future PCAOB- and SEC-compliant Form 10 filings. As an OTC-listed issuer, the Company is not required to provide PCAOB-level audits; IFRS continues to be the internationally recognized accounting framework used across most global exchanges..

Technical and Digital Infrastructure Progress

The Company continues to advance its technical and digital initiatives. An updated Investor Relations (IR) portal, hosted on WordPress, is scheduled for completion by the end of November. In parallel, development of a new corporate website is underway to improve information accessibility and enhance overall transparency for shareholders. The Company also intends to begin voluntary EDGAR submissions, initially including Forms 4 and 8, to align future disclosures more closely with SEC reporting standards.

Advisory Board Update

The Company intends to announce its next advisory board member in due course. The previously appointed advisor — the current South African Ambassador to Chad — continues to provide valuable strategic insight, particularly with respect to global trade dynamics, BRICS initiatives, and the African Continental Free Trade Area (AfCFTA)

Currency Impact

Subsequent to quarter end, the Company continued to benefit from a strengthening South African Rand relative to the U.S. dollar, with the exchange rate reaching 16.95. This favorable movement positively impacts the Company's balance sheet under foreign exchange gains and is expected to continue contributing to improved financial positioning.
