ZITTO INC
NOTES TO FINANCIAL STATEMENTS
FOR THE QUARTER ENDING NOVEMBER 30, 2025
(UNAUDITED)

NOTE 1- BASIS OF PRESENTATION

The accompanying financial statements of Company have been prepared in accordance with accounting principles generally accepted in the United State of America (U.S. GAAP) under the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing, and maintaining a system of internal accounting control and preventing and detecting fraud. The Company's system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented.

The Company has adopted an August 31st year end.

NOTE 2- ORGANIZATION AND BUSINESS BACKGROUND

LAREDO RESOURCES CORP. (the “Company”) was originally incorporated on August 7, 2010, in the State of Nevada and its name was changed to Zitto, Inc on September 8, 2023 after Laredo Resources Corp acquired Zitto, Inc (Subsidiary), which was formed in California. Zitto, Inc (Subsidiary) is in wholesale women apparel industry.

NOTE 3- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Management’s use of estimates. The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. These principles require the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported

amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents.

Cash and cash equivalents include investments and interest-bearing instruments with maturities of 90 days or less at the date of acquisition. Such investments are carried at cost, which approximates market value. Book overdraft balances resulting from the Company's cash management program are recorded as accounts payable, construction payable, or other accrued liabilities, as applicable.

Fixed assets.

Fixed assets are stated at cost. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets.

Reimbursed expenses.

The Company recognizes costs reimbursed pursuant to management services as revenue in the period it incurs the costs.

Stock-based Compensation.

The Company follows FASB ASC Subtopic 718, Stock Compensation, for accounting for stock-based compensation. The guidance requires that new, modified, and unvested share-based payment transactions with employees, such as grants of stock options and restricted stock, be recognized in the consolidated financial statements based on their fair value at the grant date and recognized as compensation expense over their vesting periods. The Company also follows the guidance for equity instruments issued to consultants.

Income Taxes.

The Company follows FASB ASC Subtopic 740, Income Taxes, for recording the provision for income taxes. Deferred tax assets and liabilities are computed based upon the difference between the financial statement and income tax basis of assets and liabilities using the enacted marginal tax rate applicable when the related asset or liability is expected to be realized or settled.

Deferred income tax expenses or benefits are based on the changes in the asset or liability each period. If available evidence suggests that it is more likely than not that some portion or all the deferred tax assets will not be realized, a valuation allowance is required to reduce the deferred tax assets to the amount that is more likely than not to be realized. Future changes in such valuation allowance are included in the provision for deferred income taxes in the period of change.

Net loss per share.

The Company reports earnings (loss) per share in accordance with FASB Accounting Standards. Basic net income (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period.

The Company has not issued any options or warrants or similar securities since inception.
