#### 4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on [www.OTCMarkets.com](http://www.OTCMarkets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Diguang International Development Company Ltd. pursued a transaction that would turn it into a holding company for select restaurant chains and franchises. Several issues have caused delay in the acquisition process including a stand-still order from the Nevada district court that enjoined the officers of the company from taking any actions until the court has resolved an issue brought about by the custodianship process and actions by the custodian.

B. List any subsidiaries, parent company, or affiliated companies.

None as at the time of this report.

C. Describe the issuers' principal products or services.

The company plans to pursue transactions that would turn it into a holding company for select restaurant chains and franchises.

#### 5) Issuer's Facilities

<sup>6</sup> The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any "blockers" or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.

*The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.*

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The company operated out of Torrance Tech Park at 370 Amapola Ave, Suite 200A, Torrance, CA 90501.

## 6) All Officers, Directors, and 5% Beneficial Owners of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

*The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.*

Individual Name (First, Last) or Entity Name (Include names of control person(s) if a corporate entity)	Position/Company Affiliation (ex: CEO, ≥ 5% beneficial owner)	City and State (Include Country if outside U.S.)	Number of Shares Owned (List common, preferred, warrants and options separately)	Class of Shares Owned	Percentage of Class of Shares Owned (undiluted)

## 7) Legal/Disciplinary History

A. Identify and provide a brief explanation as to whether any of the persons or entities listed above in Section 6 have, in the past 10 years:

1. Been the subject of an indictment or conviction in a criminal proceeding or plea agreement or named as a defendant in a pending criminal proceeding (excluding minor traffic violations);

No

2. Been the subject of the entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, financial- or investment-related, insurance or banking activities;

No

3. Been the subject of a finding, disciplinary order or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, a state securities regulator of a violation of federal or state securities or commodities law, or a foreign regulatory body or court, which finding or judgment has not been reversed, suspended, or vacated;

No

4. Named as a defendant or a respondent in a regulatory complaint or proceeding that could result in a "yes" answer to part 3 above; or

Yes.

On November 18, 2024, our officer and director was listed as a defendant in a Complaint filed by the U.S. Securities and Exchange Commission in the Central District of California. The lawsuit targets Givemepower Corporation ("GMPW"), along with individuals Frank Igwealor and Patience Ogbozor, and entities including Alpharidge Capital LLC ("Alpharidge"), American Community Capital, LP ("AMCC"), Los Angeles Community Capital ("LACC"), Kid Castle Educational Corporation ("KDCE"), and Diguang International Development Co., Ltd. ("NIHK"). The SEC is pursuing various injunctions, including an officer and director bar and a penny stock bar against Igwealor and Ogbozor. The Company's legal counsel is currently evaluating the complaint to determine the most effective strategy moving forward.

Mr. Igwealor is an officer and director of this company. Mr. Igwealor maintains that he is not guilty of the infractions claimed in the SEC Complaint dated November 18, 2024. Additionally, the company is actively seeking new management group to take over the management of the company's business plan to avoid distractions from aforementioned litigation.

5. Been the subject of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

No

6. Been the subject of a U.S Postal Service false representation order, or a temporary restraining order, or preliminary injunction with respect to conduct alleged to have violated the false representation statute that applies to U.S mail.

No

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party to or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties

thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

N/A

**Diguang International Development Company Ltd.**  
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS  
December 31, 2025  
(Unaudited)

**NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS**

Diguang International Development Co., Ltd., formerly known as Online Processing, Inc., “Online,” was established under the laws of the State of Nevada in 2000. On January 10, 2006, Online entered into a stock exchange agreement with Diguang International Holdings Limited., “Diguang Holdings.” On March 17, 2006, Online issued 2.4 million shares of its common stock in exchange for the gross proceeds of \$12 million and issued 18,250,000 shares of its common stock in exchange for 100% equity interest in Diguang Holdings, making Diguang Holdings a wholly owned subsidiary of Online. Consummating the above two transactions simultaneously, Online and Diguang Holdings successfully fulfilled their contractual obligations, respectively, under the stock exchange agreement on March 17, 2006. One of the conditions to closing the transaction was changing the name from Online Processing, Inc. to “Diguang International Development Co., Ltd.,” and the name was changed on February 28, 2006. Historically, the Company specializes in the design, production and distribution of Light Emitting Diode, “LED,” and Cold Cathode Fluorescent Lamp, “CCFL,” backlights for various Thin Film Transistor Liquid Crystal Displays, “TFT-LCD,” and Super-Twisted Nematic Liquid Crystal Display, “STN-LCD,” Twisted Nematic Liquid Crystal Display, “TN-LCD,” and Mono LCDs, taking together, these applications are referred to as “LCD” applications. Those applications include color displays for cell phones, car televisions and navigation systems, digital cameras, televisions, computer displays, camcorders, PDAs and DVDs, CD and MP3/MP4 players, appliance displays and the like. In late 2009, the Company started its trial run of producing LED TV sets with two sizes.

The Company had abandoned its business and failed to take steps to dissolve, liquidate and distribute its assets. It had also failed to meet the required reporting requirements with the Nevada Secretary of State, hold an annual meeting of stockholders and pay its annual franchise tax from 2011 to 2022 which resulted in its Nevada charter being permanently revoked and dissolved. The Company also failed to provide adequate current public information as defined in Rule 144, promulgated under the Securities Act of 1933, and was thus subject to revocation by the Securities and Exchange Commission pursuant to Section 12(k) of the Exchange Act. The company has never filed annual or quarterly reports; the Company has never made public report of its operation and financial results.

On March 7, 2022, Brandon Dean, a shareholder of the Company, petitioned the District Court of Clark County, Nevada, entitled “In the Matter of Diguang International Development Co., Ltd, a Nevada corporation” under case number A-22-849281-C, along with an Application for Appointment of Custodian, after several attempts to get prior management to comply with the Nevada Secretary of State statutes N.R.S. 78.710 and N.R.S. 78.150 and revive the Company’s Nevada charter, which had been revoked.

On April 27, 2022, the District Court of Clark County, Nevada entered an Order Granting Application for Appointment of Brandon Dean (the “Order”), as Custodian of the Company. Pursuant to the Order, the Brandon Dean (the “Custodian”) has the authority to take any actions on behalf of the Company, that are reasonable, prudent or for the benefit of pursuant to, including, but not limited to, issuing shares of stock and issuing new classes of stock, as well as entering in contracts on behalf of the Company. In addition, the Custodian, pursuant to the Order, is required to meet the requirements under the Nevada charter.

On April 27, 2022, the Custodian designated and granted to Brandon Dean, 5 Series A preferred shares (convertible at 1 into 200,000,000 common shares, and the converted shares have 1/1 voting rights similar to all common stock) in exchange for his services as custodian of the Company.

On August 11, 2022, pursuant to a Securities Purchase Agreement (SPA) the Custodian sold to American Community Capital LP (AMCCAP), 5 Series A preferred shares (convertible at 1 into 200,000,000 common shares, and the converted shares have 1/1 voting rights similar to all common stock) in exchange for \$15,000 in cash which the Company used to

fund the reinstatement of the Company with the State of Nevada, settlement of the Stock Transfer Agent's balance. Alpharidge also undertook to make all reasonable efforts to provide adequate current public information to meet the requirements under the Securities Act of 1933.

On August 12, 2022, the Custodian appointed Frank I Igwealor and Ambrose O Egbuonu, as the Company's officers and directors.

The purchaser of the 5 Series A preferred shares has control of the Company through super voting rights over all classes of stock and the 5 Series A preferred shares are convertible into 1,000,000,000 (5 Series A preferred shares multiplied by 200,000,000) shares of the Company's common stock. However, the court appointed control still remains with the Custodian until the Custodian files a petition with the District Court of Clark County, Nevada to relinquish custodianship and control of the Company.

On August 12, 2022,, the Company filed a Certificate of Revival with the Secretary State of the State of Nevada, which revived the Company's charter and appointed a new Resident Agent in Nevada.

On December 28, 2022, the Company sold 300,000,000 shares of the company's common stock to Frank I Igwealor in exchange for \$10,000.00. The proceed from the sales was used to pay the Company's Transfer Agent balances to access the shareholders' list to start the process of bringing the Company out of the Expert Market.

The company is currently engaged with forensic an assets recovery consultant to help recover the assets of the company from previous management to make shareholders whole again. The Company intends to go after the Toxic lenders and predatory lenders that have been milking the corporation and depriving the shareholders of stability because of the nonstop dilutions they had subjected the company to these past years.

The Company recently wrote down all of its assets to zero following a change of management because new management had doubts about the value of each assets and their availability for the Company's utilization. Following the management change, the Company has funded its operation with advances from the new management. The company hopes to continue with this arrangement until it could raise sufficient capital to stand on its own feet. The company has also engaged with forensic accountants and assets recovery consultants to help recover the assets of the company from previous management and predatory lenders to make shareholders whole again.

On December 2, 2022, the Company completed the preparation of its business plan to become a holding company for restaurant chains and commenced the implementation of the business plan. The Company presently has an agreement to acquire Supreme Foods Worldwide (<https://www.supremefoodsworldwide.com/>). This agreement does not look like we could close it soon. Several issues have caused delay in the process including a stand-still order from the Nevada district court that enjoined the officers of the company from taking any actions until the court has resolved an issue brought about by the custodianship process and actions by the custodian. Thus, all the acquisition/merger process has been suspended until a final resolution by the court.

On December 18, 2025, the Company re-domiciled in the State of Wyoming.

## **NOTE 2 – BASIS OF PRESENTATION AND GOING CONCERN**

### Basis of Presentation

The Company has earned insignificant revenues from limited principal operations. Accordingly, the Company's activities have been accounted for as those of a "Development Stage Enterprise" as set forth in Financial Accounting Standards Board Statement No. 7 ("SFAS 7"). Among the disclosures required by SFAS 7 are that the Company's financial statements be identified as those of a development stage company, and that the statements of operations, stockholders' equity (deficit) and cash flows disclose activity since the date of the Company's inception.

## Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries, in which the Company has a controlling voting interest and entities consolidated under the variable interest entities (“VIE”) provisions of ASC 810, “Consolidation” (“ASC 810”). Inter-company balances and transactions have been eliminated upon consolidation.

ASC 810 requires that the investor with the controlling financial interest should consolidate the investee/affiliate. ASC 810-10 requires that an equity interest investor consolidates a VIE when it retains an investment in the entity, is considered a variable interest investor in the entity, and is the primary beneficiary of the entity. An investor in a VIE is a “variable interest beneficiary” when, per an arrangement’s governing documents, the investor will absorb a portion of the VIE’s expected losses or will receive a portion of the entity’s “residual returns.” The variable interest beneficiary retaining a controlling financial interest in the VIE is designated as its “primary beneficiary” and must consolidate the VIE. A variable interest beneficiary retains a “controlling financial interest” in a VIE when that beneficiary retains the power to direct the activities of the VIE that have the greatest influence over the VIE’s economic performance and retains an obligation to absorb the VIE’s significant losses or the right to receive benefits from the VIE that could potentially be significant to the VIE. Based on the ASC 810 test above, DGNG is the primary beneficiary of Supreme Foods Worldwide (the “VIE”) because DGNG will retain a controlling financial interest in the VIE and has the power to direct the activities of the VIE, having the greatest influence over the VIE’s economic performance and retains an obligation to absorb the VIE’s significant losses and the right to determine and receive benefits from the VIE.

## Basis of Accounting

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. All intercompany transactions have been eliminated.

## Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company currently has no operations with \$13,845,047 accumulated as of December 31, 2025. The Company intends to commence operations as set out below and raise the necessary funds to carry out the aforementioned strategies. The Company cannot be certain that it will be successful in these strategies even with the required funding.

These factors, among others, raise substantial doubt about the Company’s ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## **NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES**

### Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include demand deposits, money market funds, and all highly liquid debt instruments with original maturities of three months or less.

### Financial Instruments

The FASB issued ASC 820-10, Fair Value Measurements and Disclosures, for financial assets and liabilities. ASC 820-10 provides a framework for measuring fair value and requires expanded disclosures regarding fair value measurements. ASC 820-10 defines fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. ASC 820-10 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required by the standard that the Company uses to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities
- Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the related assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

### Concentrations and Credit Risks

The Company's financial instruments that are exposed to concentrations and credit risk primarily consist of its cash, sales and accounts receivable. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. At times, its cash and cash equivalents with a particular financial institution may exceed any applicable government insurance limits. The Company's management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

### Foreign Currency Translation

The accounts of the Company are accounted for in accordance with the Statement of Financial Accounting Standards No. 52 ("SFAS 52"), "Foreign Currency Translation". The financial statements of the Company are translated into US dollars as follows: assets and liabilities at year-end exchange rates; income, expenses and cash flows at average exchange rates; and shareholders' equity at historical exchange rate.

Monetary assets and liabilities, and the related revenue, expense, gain and loss accounts, of the Company are re-measured at year-end exchange rates. Non-monetary assets and liabilities, and the related revenue, expense, gain and loss accounts are re-measured at historical rates. Adjustments which result from the re-measurement of the assets and liabilities of the Company are included in net income.

### Share-Based Compensation

ASC 718, Compensation – Stock Compensation, prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities, or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the financial statements based on their fair values. That expense is recognized in the period of grant.

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50, Equity – Based Payments to Non-Employees. Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier of performance commitment date or performance completion date.

as of December 31, 2025 and 2021, respectively, there was \$0.00 of unrecognized expense related to non-vested stock-based compensation arrangements granted. There have been no options granted during the year ended December 31, 2022 and 2021, respectively.

## Income Taxes

The Company accounts for income taxes under ASC 740, Income Taxes. Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations. Deferred tax assets or liabilities were offset by a 100% valuation allowance, therefore there has been no recognized benefit as of December 31, 2022 and 2021, respectively. Further it is unlikely with the change of control that the Company will have the ability to realize any future tax benefits that may exist.

## Commitments and Contingencies

The Company follows ASC 450-20, Loss Contingencies, to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

## Earnings Per Share

Net income (loss) per share is calculated in accordance with ASC 260, Earnings Per Share. The weighted-average number of common shares outstanding during each period is used to compute basic earnings or loss per share. Diluted earnings or loss per share is computed using the weighted average number of shares and diluted potential common shares outstanding. Dilutive potential common shares are additional common shares assumed to be exercised.

Basic net income (loss) per common share is based on the weighted average number of shares of common stock outstanding at December 31, 2023 and December 31, 2022. Due to net operating loss, there is no presentation of dilutive earnings per share, as it would be anti-dilutive.

## Forgiveness of Indebtedness

The Company follows the guidance of AS 470.10 related to debt forgiveness and extinguishment. Debts of the Company are considered extinguished when the statute of limitations in the applicable jurisdiction expires or when terminated by judicial authority such as the granting of a declaratory judgment. Debts to related parties or shareholders are treated as capital transactions when forgiven or extinguished and credited to additional paid in capital. Debts to non-related parties are treated as other income when forgiven or extinguished.

## Recent Accounting Pronouncements

We have reviewed all the recently issued, but not yet effective, accounting pronouncements and we do not believe any of these pronouncements will have a material impact on the Company.

In August 2017, the FASB issued ASU No. 2017-12, Derivatives and Hedging (Topic 815), which changes both the designation and measurement guidance for qualifying hedging relationships and the presentation of hedge results, in order to better align an entity's risk management activities and financial reporting for hedging relationships. The amendments expand and refine hedge accounting for both nonfinancial and financial risk components and align the recognition and presentation of the effects of the hedging instrument and the hedged item in the financial statements. FASB ASU No. 2017-12 is effective for annual reporting periods beginning after December 15, 2018, including interim periods within those annual reporting periods, with early adoption permitted. We are still evaluating the impact that this guidance will have on our financial position or results of operations, and we have not yet determined whether we will early adopt FASB ASU No. 2017-12.

In March 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2016-09, Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting. This guidance changes how companies account for certain aspects of share-based payments to employees. Among other things, under the new guidance, companies will no longer record excess tax benefits and certain tax deficiencies in additional paid-in-capital (“APIC”), but will instead record such items as income tax expense or benefit in the income statement, and APIC pools will be eliminated. Companies will apply this guidance prospectively. Another component of the new guidance allows companies to make an accounting policy election for the impact of forfeitures on the recognition of expense for share-based payment awards, whereby forfeitures can be estimated, as required today, or recognized when they occur. If elected, the change to recognize forfeitures when they occur needs to be adopted using a modified retrospective approach. All of the guidance will be effective for the Company in the fiscal year beginning January 1, 2018. Early adoption is permitted. The Company is currently evaluating the impact of this guidance, if any, on its financial statements and related disclosures.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which establishes new accounting and disclosure requirements for leases. FASB ASU No. 2016-02 requires lessees to classify most leases as either finance or operating leases and to initially recognize a lease liability and right-of-use asset. Entities may elect to account for certain short-term leases (with a term of 12 months or less) using a method similar to the current operating lease model. The statements of operations will include, for finance leases, separate recognition of interest on the lease liability and amortization of the right-of-use asset and for operating leases, a single lease cost, calculated so that the cost of the lease is allocated over the lease term on a straight-line basis. While we are in the early stages of our implementation process for FASB ASU No. 2016-02, and have not yet determined its impact on our financial position or results of operations, these leases would potentially be required to be presented on the balance sheet in accordance with the requirements of FASB ASU No. 2016-02. FASB ASU No. 2016-02 is effective for annual reporting periods beginning after December 15, 2018, including interim periods within those annual reporting periods, with early adoption permitted. FASB ASU No. 2016-02 must be applied using a modified retrospective approach, which requires recognition and measurement of leases at the beginning of the earliest period presented, with certain practical expedients available.

In July 2015, the FASB issued ASU No. 2015-11, Inventory (Topic 330): Simplifying the Measurement of Inventory. The guidance requires an entity to measure inventory at the lower of cost or net realizable value, which is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation, rather than the lower of cost or market in the previous guidance. This amendment applies to inventory that is measured using first-in, first-out (FIFO). This amendment is effective for public entities for fiscal years beginning after December 15, 2016, including interim periods within those years. A reporting entity should apply the amendments prospectively with earlier application permitted as of the beginning of an interim or annual reporting period. The Company is currently evaluating the impact of this guidance, if any, on its financial statements and related disclosures.

In June 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (“ASU 2014-09”), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU 2014-09 will replace most existing revenue recognition guidance in U.S. generally accepted accounting principles when it becomes effective. In July 2015, the FASB deferred the effective date of the standard by an additional year; however, it provided companies the option to adopt one year earlier, commensurate with the original effective date. Accordingly, the standard will be effective for the Company in the fiscal year beginning January 1, 2018, with an option to adopt the standard for the fiscal year beginning January 1, 2017. The Company is currently evaluating this standard and has not yet selected a transition method or the effective date on which it plans to adopt the standard, nor has it determined the effect of the standard on its financial statements and related disclosures.

#### **NOTE 4 - INCOME TAXES**

Income taxes are provided based upon the liability method. Under this approach, deferred income taxes are recorded to reflect the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end. A valuation allowance is recorded against deferred tax assets if management does not believe the Company has met the “more likely than not” standard imposed by accounting standards to allow recognition of such an asset. as of December 31, 2025, the Company expected \$0.00 net deferred tax assets to be recognized, resulting from net operating loss carry forwards.

The Company experienced a change in control during the year, and therefore no more than an insignificant portion of this net operating allowance will ever be used against future taxable income.

##### Risks and Uncertainties

The Company's operations are subject to significant risks and uncertainties including financial, operational and regulatory risks, including the potential risk of business failure.

The Company has entered into no contracts during the year as follows:

##### Legal and other matters

In the normal course of business, the Company may become a party to litigation matters involving claims against the Company.

On November 18, 2024, our officer and director was listed as a defendant in a Complaint filed by the U.S. Securities and Exchange Commission in the Central District of California. The lawsuit targets Givemepower Corporation ("GMPW"), along with individuals Frank Igwealor and Patience Ogbozor, and entities including Alpharidge Capital LLC ("Alpharidge"), American Community Capital, LP ("AMCC"), Los Angeles Community Capital ("LACC"), Kid Castle Educational Corporation ("KDCE"), and Video River Networks, Inc. ("NIHK"). The SEC is pursuing various injunctions, including an officer and director bar and a penny stock bar against Igwealor and Ogbozor. The Company's legal counsel is currently evaluating the complaint to determine the most effective strategy moving forward. Mr. Igwealor is an officer and director of this company. Mr. Igwealor maintains that he is not guilty of the infractions claimed in the SEC Complaint dated November 18, 2024. Additionally, the company is actively seeking new management group to take over the management of the company's business plan to avoid distractions from aforementioned litigation. Aside from the Complaint discussed above, The Company's management is unaware of any pending or threatened assertions and there are no current matters that would have a material effect on the Company's financial position or results of operations.

#### **NOTE 8 - SUBSEQUENT EVENTS**

Management has evaluated subsequent events through the date of filing the consolidated financial statements with OTC Markets, the date the consolidated financial statements were available to be issued. Management is not aware of any significant events that occurred subsequent to the balance sheet date that would have a material effect on the consolidated financial statements thereby requiring adjustment or disclosure, other than those noted below:
