4) Issuer’s Business, Products and Services

The purpose of this section is to provide a clear description of the issuer’s current operations. Ensure that these descriptions are updated on the Company’s Profile on www.OTCMarkets.com.

A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

Before change of control:

In connection with the change in control on February 23, 2023, the Company acquired a business entity operating under the name BadgerBloX Homes, Inc., a Wisconsin corporation (“BadgerBloX”). BadgerBloX specializes in the development of living and working space solutions crafted from repurposing shipping containers.

Operations will include working with customers to create a custom living/working space that will fit their needs. This will involve a design process that will be determined based on the client’s project location, timeline, budget, and local ordinances.

Manufacturing will consist of utilizing ‘select’ new or used shipping containers of various sizes, purchased from 3rd parties, and building it according to the specific plans and requirements laid out by the customers and the design drawings. This may or may not include custom built cabinetry, pre-manufactured cabinetry, composite or non composite materials. Electrical, plumbing and HVAC will also be completed in house using correct materials that will adhere to specific city, county, and state codes.

BadgerBloX will also offer post build services such as setup, or working with local contractors for water, sewer, power hookup as well as pre delivery support such as grading and landscaping.

BadgerBloX other operations of business will be to provide “for rent” storage solutions using “select” used shipping containers refurbished for commercial or general public storage needs. The Company will also provide delivery and pickup of the storage units.

⁶ The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any “blockers” or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.

BadgerBloX recognizes that the key to success lies in the Company's ability to effectively coordinate their sales and marketing activities. BadgerBloX will develop a comprehensive strategy to reach and engage potential customers, using a variety of channels and strategies.

The Company will establish a presence on multiple social media platforms, including Facebook, Twitter, and Instagram. By regularly posting updates on the Company's latest products and projects, showcasing customer testimonials, and sharing industry news and trends, BadgerBloX aims to build trust and credibility with their audience and generate leads and sales.

The Company plans to build a database of prospective customers and regularly send out targeted email campaigns to these individuals. These campaigns include information about new products, promotions, and upcoming events, as well as helpful resources like tips and advice for those interested in shipping container conversions. By nurturing these leads and providing valuable information, the Company hopes to convert interested prospects into satisfied customers.

In addition to social media and email marketing, the Company plans to leverage traditional advertising methods to raise awareness of their products and services. They will place ads in relevant industry publications and websites, as well as local newspapers and magazines. This approach will help to attract potential customers who may not have discovered BadgerBloX through other channels.

The Company is committed to developing a well-rounded approach to sales and marketing. By leveraging social media, email marketing, and traditional advertising methods, they hope to reach and engage with a wide audience of potential customers. Through their consistent efforts and commitment to quality, BadgerBloX aims to establish themselves as a trusted and reputable provider of shipping container conversions.

After change of control:

GEMZ Corp. is a B2B2C service provider built on AI and big data technologies. Through solutions such as digital humans, AI-driven traffic acquisition, intelligent lead matching, and SaaS-based tools, the company delivers digitalized franchising and growth solutions for chain brands and brick-and-mortar enterprises, significantly improving acquisition efficiency and reducing costs. Meanwhile, the company is expanding AI applications on the consumer side, including AI image analysis, intelligent outfit recommendations, and CPS aggregation services, further broadening its business model and application scenarios.

B. List any subsidiaries, parent company, or affiliated companies.

None.

C. Describe the issuers' principal products or services.

The company does not directly manufacture consumer goods; instead, it provides "efficiency tools." Primarily through its "Planet X Elf" platform, it offers digital investment attraction and growth solutions to major chain brands and physical enterprises.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The Company operates under a dual-headquarters model, with headquarters located in Haikou, Hainan, and Xiamen, Fujian, China. Additionally, it has established an independent operations and promotion center in Chengdu, Sichuan, to facilitate technology transfer and application.

GEMZ CORP.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2025
(Unaudited)

NOTE 1 – ORGANIZATION AND BUSINESS

GEMZ Corp. (the “Company”, “we”, “us” or “our”), a Nevada corporation, has a fiscal year end of December 31 and is listed on the OTC ID Markets under the trading symbol GMZP. The Company had abandoned its business and failed to take steps to dissolve, liquidate and distribute its assets. It had also failed to meet the required reporting requirements with the Nevada Secretary of State, hold an annual meeting of stockholders and pay its annual franchise tax from 2008 to 2021 which resulted in its Nevada charter being revoked. The Company also failed to provide adequate current public information as defined in Rule 144, promulgated under the Securities Act of 1933, and was thus subject to revocation by the Securities and Exchange Commission pursuant to Section 12(k) of the Exchange Act. On May 18, 2021, a shareholder filed a petition for custodianship, with the District Court, Clark County, Nevada and was appointed as the custodian of the Company on June 3, 2021. The Company’s Nevada charter was reinstated on June 21, 2021, and all required reports were filed with the State of Nevada soon after. The Company remains inactive as of the date of this report and is currently taking steps to provide adequate current public information to meet the requirements under the Securities Act of 1933. The custodian was not able to recover any of the Company’s accounting records from previous management but was able to get the shareholder information hence the Company’s outstanding common shares were reflected in the equity section of the unaudited financial statements for the years ended December 31, 2022 and 2021.

The issuer was incorporated in the State of Colorado as Advanced Ceiling Supplies Corp. on August 9, 1995. The issuer completed a reverse merger with United Ventures Group, Inc., a Nevada corporation, on April 7, 2000, and changed its name to United Ventures Group, Inc. United Ventures Group, Inc. was originally incorporated as Travelnet International Corp, in the State of Nevada in May 1996 and changed its name to United Ventures Group, Inc. in October 1998. In October 2000, the issuer amended its Articles of Incorporation to change its name to American Jewelry Corp. In July 2002, the issuer amended its Articles of Incorporation to change its name to MSM Jewelry Corp. In October 2002, the issuer amended its Articles of Incorporation to change its name to GEMZ Corp. in October 2003.

On April 27, 2021, SSM Monopoly Corporation, a shareholder of the Company, served a demand to the Company, at the last address of record, to comply with the Nevada Secretary of State statutes N.R.S. 78.710 and N.R.S. 78.150. On May 18, 2021, a petition was filed against the Company in the District Court of Clark County, Nevada, entitled “In the Matter of GEMZ CORP., a Nevada corporation” under case number A-21-834775-C by SSM Monopoly Corporation, along with an Application for Appointment of Custodian, after several attempts to locate prior management and reinstate the Company’s Nevada charter, which had been revoked.

On June 3, 2021, the District Court of Clark County, Nevada entered an Order Granting Application for Appointment of SSM Monopoly Corporation LLC (the “Order”), as Custodian of the Company. Pursuant to the Order, the SSM Monopoly Corporation (the “Custodian”) has the authority to take any actions on behalf of the Company, that are reasonable, prudent or for the benefit of pursuant to, including, but not limited to, issuing shares of stock and issuing new classes of stock, as well as entering in contracts on behalf of the Company. In addition, the Custodian, pursuant to the Order, is required to meet the requirements under the Nevada charter.

On June 4, 2021, the Custodian appointed Kareem Mansour as the Company’s sole officer and director. On February 23, 2023, Kareem Mansour sold his controlling interest in a private transaction to Stephen W. Carnes, the now current sole director and president and CEO of the Company.

In connection with the change in control on February 23, 2023, the Company acquired a business entity operating under the name BadgerBloX Homes, Inc., a Wisconsin corporation (“BadgerBloX”). BadgerBloX specializes in the development of living and working space solutions crafted from repurposing shipping containers.

Operations will include working with customers to create a custom living/working space that will fit their needs. This will involve a design process that will be determined based on the client’s project location, timeline, budget, and local ordinances.

Manufacturing will consist of utilizing ‘select’ new or used shipping containers of various sizes, purchased from 3rd parties, and building it according to the specific plans and requirements laid out by the customers and the design drawings. This may or may not include custom built cabinetry, pre-manufactured cabinetry, composite or non composite materials. Electrical, plumbing and HVAC will also be completed in-house using correct materials that will adhere to specific city, county, and state codes.

BadgerBloX will also offer post build services such as setup, or working with local contractors for water, sewer, power hookup as well as pre delivery support such as grading and landscaping.

BadgerBloX other operations of business will be to provide “for rent” storage solutions using “select” used shipping containers refurbished for commercial or general public storage needs. The Company will also provide delivery and pickup of the storage units.

BadgerBloX recognizes that the key to success lies in the Company’s ability to effectively coordinate their sales and marketing activities. BadgerBloX will develop a comprehensive strategy to reach and engage potential customers, using a variety of channels and strategies.

The Company will establish a presence on multiple social media platforms, including Facebook, Twitter, and Instagram. By regularly posting updates on the Company’s latest products and projects, showcasing customer testimonials, and sharing industry news and trends, BadgerBloX aims to build trust and credibility with their audience and generate leads and sales.

The Company plans to build a database of prospective customers and regularly send out targeted email campaigns to these individuals. These campaigns include information about new products, promotions, and upcoming events, as well as helpful resources like tips and advice for those interested in shipping container conversions. By nurturing these leads and providing valuable information, the Company hopes to convert interested prospects into satisfied customers.

In addition to social media and email marketing, the Company plans to leverage traditional advertising methods to raise awareness of their products and services. They will place ads in relevant industry publications and websites, as well as local newspapers and magazines. This approach will help to attract potential customers who may not have discovered BadgerBloX through other channels.

The Company is committed to developing a well-rounded approach to sales and marketing. By leveraging social media, email marketing, and traditional advertising methods, they hope to reach and engage with a wide audience of potential customers. Through their consistent efforts and commitment to quality, BadgerBloX aims to establish themselves as a trusted and reputable provider of shipping container conversions.

On May 18, 2023, the Company’s wholly owned subsidiary BadgerBloX entered into a real estate purchase agreement to acquire a property in Gillett, Wisconsin. The property consists of both land and building which contains both office space and warehouse production space. The Company anticipates utilizing the property as BadgerBloX’s headquarters and primary production facility. The purchase agreement is conditional upon local government regulatory approval of intended use at an upcoming review committee hearing.

On December 10, 2025, the Company announced a strategic ownership transition. Stephen W. Carnes resigned as an officer and director of GEMZ Corp., and Chen Wei was appointed as the Company’s new officer and director. Mr. Chen also became the controlling shareholder of the Company.

Chen Wei is the founder of Xiamen Custom Elf Technology Co., Ltd., a technology company focused on AI-driven enterprise solutions and data-efficiency tools. Xiamen Custom Elf Technology Co., Ltd. operates as a B2B2C service provider specializing in big data, artificial intelligence, digital human technology, and digital marketing solutions designed to improve operational efficiency for traditional brick-and-mortar businesses.

NOTE 2 – GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis. For the years ended December 31, 2025, the Company had a net loss of \$0, had \$0 in negative working capital, accumulated deficit of \$72,540,857 and stockholders’ equity of \$0. These matters raise substantial doubt about the Company’s ability to continue as a going concern for a period of one year from the date of this filing. The Company’s ability to continue as a going concern is dependent upon its ability to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due, to fund possible future acquisitions, and to generate profitable operations in the future. Management plans to provide for the Company’s capital requirements by continuing to issue additional equity and debt securities. The outcome of these matters cannot be predicted at this time and there are no assurances that, if achieved, the Company will have sufficient funds to execute its business plan or generate positive operating results.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing and maintaining a system of internal accounting control and preventing and detecting fraud. The Company's system of internal accounting control is designed to assure, among other items, that (1) recorded transactions are valid; (2) valid transactions are recorded; and (3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Principals of Consolidation

The consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP). The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated.

Cash and Cash Equivalents

The Company accounts for cash and cash equivalents under FASB ASC 305, "*Cash and Cash Equivalents*", and considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Convertible Instruments

The Company evaluates and accounts for conversion options embedded in convertible instruments in accordance with ASC 815 "Derivatives and Hedging Activities".

Applicable GAAP requires companies to bifurcate conversion options from their host instruments and account for them as free standing derivative financial instruments according to certain criteria. The criteria include circumstances in which (a) the economic characteristics and risks of the embedded derivative instrument are not clearly and closely related to the economic characteristics and risks of the host contract, (b) the hybrid instrument that embodies both the embedded derivative instrument and the host contract is not re-measured at fair value under other GAAP with changes in fair value reported in earnings as they occur and (c) a separate instrument with the same terms as the embedded derivative instrument would be considered a derivative instrument.

The Company accounts for convertible instruments (when it has been determined that the embedded conversion options should not be bifurcated from their host instruments) as follows: The Company records when necessary, discounts to convertible notes for the intrinsic value of conversion options embedded in debt instruments based upon the differences between the fair value of the underlying common stock at the commitment date of the note transaction and the effective conversion price embedded in the note. Debt discounts under these arrangements are amortized over the term of the related debt to their stated date of redemption.

Deferred Income Taxes and Valuation Allowance

The Company accounts for income taxes under ASC 740 Income Taxes. Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment

occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations. No deferred tax assets or liabilities were recognized at December 31, 2025.

Financial Instruments

“Fair Value Measurements and Disclosures,” defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity’s own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates); and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are both significant to the fair value measurement and unobservable.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2025. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values due to the short-term nature of these instruments.

The Company does not have any assets or liabilities measured at fair value on a recurring basis.

Long-lived Assets

Long-lived assets such as property, equipment and identifiable intangibles are reviewed for impairment whenever facts and circumstances indicate that the carrying value may not be recoverable. When required impairment losses on assets to be held and used are recognized based on the fair value of the asset. The fair value is determined based on estimates of future cash flows, market value of similar assets, if available, or independent appraisals, if required. If the carrying amount of the long-lived asset is not recoverable from its undiscounted cash flows, an impairment loss is recognized for the difference between the carrying amount and fair value of the asset. When fair values are not available, the Company estimates fair value using the expected future cash flows discounted at a rate commensurate with the risk associated with the recovery of the assets. We did not recognize any impairment losses for any periods presented.

Property and Equipment

The Company follows ASC 360, *Property, Plant, and Equipment*, for its fixed assets. Equipment is stated at cost less accumulated depreciation. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets (3 years). As of December 31, 2025, the Company did not have any Fixed Assets.

Related Parties

The Company follows ASC 850, *“Related Party Disclosures,”* for the identification of related parties and disclosure of related party transactions. The Company leases office space from an entity that is controlled by the CEO and a Director of the Company.

Stock-Based Compensation

FASB ASC 718 *“Compensation – Stock Compensation,”* prescribes accounting and reporting standards for all stock-based payments award to employees, including employee stock options, restricted stock, employee stock purchase plans and stock appreciation rights, may be classified as either equity or liabilities. The Company determines if a present obligation to settle the share-based payment transaction in cash or other assets exists. A present obligation to settle in cash or other assets exists if: (a) the option to settle by issuing equity instruments lacks commercial substance or (b) the present obligation is implied because of an entity’s past practices or stated policies. If a present obligation exists, the transaction should be recognized as a liability; otherwise, the transaction should be recognized as equity.

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of FASB ASC 505-50 “Equity – Based Payments to Non-Employees.” Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier of performance commitment date or performance completion date. As of December 31, 2025, the Company did not have any stock-based transactions.

Earnings (loss) per share

Basic income (loss) per share is computed by dividing net income (loss) attributable to common stockholders by the weighted average common shares outstanding for the period. Diluted income (loss) per share is computed giving effect to all potentially dilutive common shares. Potentially dilutive common shares may consist of incremental shares issuable upon the exercise of stock options and warrants and upon the conversion of notes. In periods in which a net loss has been incurred, all potentially dilutive common shares are considered anti-dilutive and thus are excluded from the calculation.

Recently Issued Accounting Pronouncements

We have reviewed the FASB issued Accounting Standards Update (“ASU”) accounting pronouncements and interpretations thereof that have effectiveness dates during the periods reported and in future periods. The Company has carefully considered the new pronouncements that alter previous generally accepted accounting principles and does not believe that any new or modified principles will have a material impact on the corporation’s reported financial position or operations in the near term. The applicability of any standard is subject to the formal review of our financial management and certain standards are under consideration.

NOTE 4 – INVESTMENT IN CONSOLIDATED SUBSIDIARY

On February 23, 2023, coincidental to the change of control, the Company made an investment to acquire 100% of the assets of BadgerBloX, now a wholly-owned subsidiary of the Company. On December 10, 2025, the Company announced a change in control. Stephen W. Carnes resigned as an officer and director of GEMZ Corp., and Chen Wei was appointed as the Company’s new officer and director and became the controlling shareholder. Mr. Chen is the founder of Xiamen Custom Elf Technology Co., Ltd., a company focused on AI, big data, and digital technology solutions for enterprise marketing and operational efficiency. This developmental stage business, as described in Note 1, is working to fulfill its business plan.

NOTE 5 – NOTES PAYABLE – RELATED PARTY

Beginning on February 23, 2023, the Company issued a demand note to an officer of the Company who will periodically advance monies to the Company for operating expenses. This demand note will accumulate as monies are advanced. The note has no interest obligations and is not convertible into the Company’s stock and does not have a maturity date. During the year ended December 31, 2023, the officer has advanced a total of \$128,195, and during this same year, the Company has repaid the officer \$40,000. During the year ended December 31, 2024, this entity extended an additional \$10,000, to cover operating expenses for the Company; in addition, during the year ended December 31, 2024, the Company repaid \$20,000 to this entity. During the nine months ended December 31, 2025, this entity extended an additional \$20,000, to cover operating expenses for the Company. The Company will continue to repay this related party as is economically feasible for the Company to do so without it causing significant burden to the Company. At December 31, 2025, the balance due this related party is \$0.

On December 4, 2023, the Company issued a demand note to a related party, an entity controlled by the director of the Company, in the amount of \$10,000. During the year ended December 31, 2024, this entity extended an additional \$8,500 to cover operating expenses for the Company. The note has no interest obligations and is not convertible into the Company’s stock and does not have a maturity date. At December 31, 2025, the balance due to this related party is \$0.

NOTE 6 – NOTES PAYABLE

On May 18, 2023, the Company’s wholly owned subsidiary BadgerBloX entered into a real estate purchase agreement to acquire a property in Gillett, Wisconsin. The property consists of both land and building which contains both office space and warehouse production space. On August 11, 2023, the Company completed the purchase of the property. The acquisition price of the property was \$240,000, and the Company has been provided title to this property. The prior owner is holding a note on the land, and the Company has agreed to make interest only payments for 18 months with a maturity date in February 2025. At closing the prior deposit of \$10,000 was credited to the note balance, and the Company paid an additional \$40,000 towards the principal amount due. During the years ended December 31, 2025, the Company reached an agreement with the lender to make a payment towards the principal of \$20,002, thereby extending the maturity date by one year to February 2026. On July 11, 2025, the Company sold this property satisfying the obligation to the seller of \$169,998, and recorded the corresponding loss on disposition of property of \$70,002. At December 31, 2025, the total outstanding principal balance is \$0.

On May 24, 2023, the Company issued a demand note to Leo's New Company in the amount of \$15,000 used for operating capital to include making the deposit for a land acquisition. The note has no interest obligations and is not convertible into the Company's stock and does not have a maturity date. The Company will repay the party at such time as is economically feasible for the Company to do so without it causing significant burden to the Company. During the year ended December 31, 2024, the Company repaid \$15,000. At December 31, 2025, the balance due is \$0.

NOTE 7 – SHAREHOLDERS' EQUITY

Common Stock

The Company has 10,000,000,000 authorized common shares with a par value of \$0.001 per share. Each common share entitles the holder to one vote, in person or proxy, on any matter on which action of the stockholders of the corporation is sought.

On May 11, 2022, the custodianship was discharged in Clark County District Court. Upon the discharge, 5,282,630,000 shares were ordered cancelled by the Court Order. On July 21, 2022, the 5,282,630,000 common shares were cancelled and removed by Pacific Stock Transfer, the Company's transfer agent.

On August 14, 2023, the Company sold a total 140,000,000 shares of its common stock to two parties (70,000,000 shares each) for a total of \$70,000 (\$35,000 each party), on subscription agreements associated with the Company's Reg A offering.
