**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
For the Year ended December 31, 2025

**NOTE 1 – NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES**

Oliveda International, Inc. ("the Company" or "Oliveda") was incorporated in the state of Iowa on May 5, 1987 as Heritage Media Corp and re-domiciled in Nevada on March 17, 1996. Heritage Media changed its name to Oliveda International, Inc. on February 27, 2017. On March 31, 2017, the Company completed its merger with Oliveda International, Inc., a Colorado company, and Oliveda International Inc. (Nevada) became the successor issuer. After completion of the merger, the Company owned 100% of Oliveda Group Inc., a California corporation, which in turn owns 100% of its operating subsidiary, Oliveda Deutschland GmbH, a company based in Germany. The Company's acquisition of Oliveda International, Inc. allowed it to develop a basis of business operations that focuses on manufacturing and distribution of cosmetic and holistic products built around the pure essence of the olive tree and its oils and any other related business activities as of the date of these financial statements. The Company currently trades on the over-the-counter market under the symbol "OLVI" and posts material disclosure on the OTC Markets Group platform.

On April 1, 2020, the Board of Directors of Oliveda International determined that, due to market opportunities, it was in the best interests of the company to acquire shares of LA Dope, a Wyoming corporation, and the trademark "Olive Tree People" EU IPO Trademark #015746688. Oliveda International planned to exchange 70% of its shares of Oliveda Group Common Stock, representing 70% of the total issued and outstanding shares of the company, with Oliveda founder Thomas Lommel in exchange for 100% of the shares of LA Dope and the trademark rights to "Olive Tree People." The Board subsequently determined that the exchange should not be undertaken and was cancelled.

As a result, the current subsidiary structure of the Company is that it owns 100% of Oliveda Group Inc., which in turn owns 100% of Oliveda Deutschland GmbH.

With over 20 years' experience manufacturing and distribution of cosmetic and holistic products built around the pure essence of the olive tree and its oils, Oliveda Deutschland GmbH operates in several European countries. Oliveda Deutschland GmbH has a complete line of products for the face, body, and hair as well as products for inside-the- body holistic benefits. The product lines are extensive: the face care line includes face washes, serums, eye care products, and face oils; the body line consists of body washes, body oils, hand and foot care, and other bathing products; the haircare line encompasses shampoos, conditioners, and scalp treatments; and the holistic product line includes those based on the wholesome essence of extra virgin olive oil, with mouth curing oils, ORAC and Camu Camu Concentrate, Hydroxytyrosol Molecule, Tea Olivematcha, and other products that have been shown to help the body perform more efficiently.

The Company has successfully sold its products through various channels, including traditional retail and online distribution channels and through its own corporate-owned stores. The Company intends to open more corporate-owned stores, with a target of 60 stores worldwide in 5 years. With its current stronghold in Europe, the company intends to extend its reach into the United States and Asian markets.

The Company's fiscal year end is December 31<sup>st</sup>.

**Merger**

On March 31, 2017, the Company issued 100,000,000 shares of common stock in exchange for assets acquired from Oliveda International, Inc. (Colorado), a company controlled by Thomas Lommel. The transaction was accounted for as a "reverse merger" for accounting and reporting purposes with Oliveda International, Inc. (Nevada) electing to become the successor issuer. As part of the transaction consideration, 1,000,000 shares of Series A Preferred stock were issued to Mr. Lommel, 1,000,000 shares of Series B Preferred stock were issued to a third-party creditor, and 8,000 shares of Series C Preferred stock were issued to Mr. Lommel and a third party for services rendered.

**Change in Control**

As a result of the acquisition of Oliveda International, Inc., the Company experienced a change in control with Thomas Lommel becoming the majority shareholder.

**OLIVEDA INTERNATIONAL, INC.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
For the Year ended December 31, 2025

**NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**

**Basis of Presentation**

The Company's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The accompanying consolidated financial statements represent the results of operations for the years ended December 31, 2025 and 2024. The Company has adopted the US dollar as the reporting currency for accounting and reporting purposes.

This summary of accounting policies for Oliveda International, Inc., its wholly-owned subsidiaries, is presented to assist in understanding the Company's financial statements. The accounting policies conform to U.S. GAAP and have been consistently applied in the preparation of the financial statements.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

The Company's significant estimates include income taxes provision and valuation allowance of deferred tax assets, the carrying value and recoverability of long-lived assets, and the assumption that the Company will continue as a going concern. Those significant accounting estimates or assumptions bear the risk of change due to the fact that there are uncertainties attached to those estimates or assumptions, and certain estimates or assumptions are difficult to measure or value. Management regularly reviews its estimates utilizing currently available information, changes in facts and circumstances, historical experience and reasonable assumptions. After such reviews, and if deemed appropriate, those estimates are adjusted accordingly.

**Cash and Cash Equivalents**

The Company considers all highly liquid instruments with a maturity of nine months or less at the time of issuance to be cash and cash equivalents. The Company maintains cash balances at major financial institutions in excess of the insured limits and management considers the risk of loss to be minimal due to the creditworthiness of the financial institutions in which the funds are held.

**Accounts Receivable**

Accounts receivable consists of amounts due from customers, which are typically collected within 30 days. Receivables are recorded at their net realizable value and do not bear interest. As of December 31, 2025 and 2024, management believes all amounts are collectible and no allowance for doubtful accounts was recorded.

**Inventory**

The Company's inventory includes a variety of finished products including beauty products for face, body, hair and internal holistic benefits. The product lines are extensive with facial washes and oils, serums, mouth washes, eye care products, body washes and oils, foot care products, shampoo, conditioners, and other bathing products.

**Property and Equipment**

Property and equipment are stated at cost. Depreciation expense is calculated for plant and equipment on a straight-line basis over the estimated useful lives of the assets (generally 5 to 10 years).

**OLIVEDA INTERNATIONAL, INC.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
For the Year ended December 31, 2025

**NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)**

**Revenue Recognition**

The Company recognizes revenues when the sale and/or distribution of products is complete, risk of loss and title to the products have transferred to the customer, there is persuasive evidence of an agreement, acceptance has been approved by the customer, the fee is fixed or determinable based on the completion of stated terms and conditions, and collections of any related receivable is probable. Net revenues are comprised of gross revenues less expected returns and customer allowances that include costs associated with off-invoice markdowns and other price reductions, as well as trade promotions and coupons.

**Income Taxes**

Management accounts for income taxes using the asset and liability method. Under this method, deferred tax assets and liabilities are recorded based on the estimated future tax effects of differences between the financial statements and income tax basis of assets and liabilities. In addition, deferred tax assets are recorded for the future benefit of utilizing net operating loss and credit carryovers. Deferred tax assets and liabilities are measured using the enacted tax rates applied to taxable income. The effect of deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enacted date. A valuation allowance is provided against the deferred tax assets when it is more likely than not that the asset will be realized.

Significant judgment is required in determining any valuation allowance recorded against deferred tax assets. In assessing the need for a valuation allowance, the Company considers all available evidence, including past operating results, estimates of future taxable income and the feasibility of tax planning strategies. In the event that the Company changes its determination as to the amount of deferred tax assets that are more likely than not to be realized, the Company will adjust its valuation allowance with a corresponding impact to the provision for income taxes in the period in which such determination is made.

The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. The Company has no uncertain tax positions that would, if recognized, affect the effective tax rate.

**Impairment of Long-Lived Assets**

The Company's long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. The Company assesses the recoverability of its long-lived assets by comparing the projected unaccounted net cash flows associated with the related long-lived asset or group of assets over the remaining estimated useful lives against their respective carrying amounts. Impairment, if any, is based on the excess of the carrying amount over the fair value of those assets. Fair value is generally determined using the assets expected future accounted cash flows or market value, if readily determinable. If long-lived assets are determined to be recoverable, but the newly determined remaining estimated useful lives are shorter than originally estimated, the net book values of the long-lived assets are depreciated over the newly determined remaining estimated useful lives.

The Company considers the following to be some examples of important indicators that may trigger an impairment review; (i) significant under-performance or losses of assets relative to expected historical or projected future operating results; (ii) significant changes in the manner or use of assets or in the Company's overall strategy with respect to the industry or economic trends; (iv) increased competitive pressures; (v) a significant decline in the Company's stock price for a sustained period of time; and (vi) regulatory changes. The Company evaluates acquired assets for potential impairment indicators at least annually and more frequently upon the occurrence of such events.

**Advertising and Marketing Costs**

The Company's advertising costs are expensed as incurred. During the years ended December 31, 2025 and 2024, the Company recognized \$5,251,799 and \$912,243 advertising costs, respectively.

**OLIVEDA INTERNATIONAL, INC.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
For the Year ended December 31, 2025

**NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)**

**Foreign Currency Translation Gain (Loss)**

The Company's principal operations are located in Germany and the primary currency used is the Euro. Accordingly, the consolidated financial statements are first prepared in using Euros and then converted to US Dollars for reporting purposes, with the average conversion rate between January and December being used for income statement purposes and the closing exchange rate as of December 31<sup>st</sup> applied to the balance sheet. Differences resulting from the fluctuations in the exchange rates are recorded as a gain or loss on foreign currency translation as part of Other Comprehensive Income (Loss) and the cumulative effect of such fluctuations are included in the equity section of the balance sheet. The Company recorded a foreign currency translation gain of \$0 and \$31,167 for the years ended December 31, 2025 and 2024, respectively.

**Net Income (Loss) Per Common Share**

The Company adopted FASB ASC Topic 260, *Earnings Per Share*. Basic earnings per share is based on the weighted effect of all common shares issued and outstanding and is calculated by dividing net income (loss) available to common stockholders by the weighted average shares outstanding during the period. Diluted earnings per share is calculated by dividing net income available to common stockholders by the weighted average number of common shares used in the basic earnings per share calculation plus the number of common shares, if any, that would be issued assuming conversion of all potentially dilutive securities outstanding. For all periods diluted earnings per share is not presented, as potentially issuable securities are anti-dilutive.

**Recent Accounting Pronouncements**

Management has evaluated accounting standards update issued but not yet effective through the date of the filing of these financial statements and does not expect such pronouncements to have a material impact on the Company's financial position, operations, or cash flows.

**NOTE 3 – PROPERTY AND EQUIPEMENT**
