

MERCHANTS & MARINE BANCORP, INC.

2025

ANNUAL REPORT

Family of Brands

Merchants & Marine Bank exemplifies a community bank, offering dedicated service and financial guidance for over 125 years. Their core values of community, relationships, and personal service guide every decision. They support local businesses, help with financing, and actively participate in the Mississippi and Alabama communities they serve.

Mississippi River Bank has demonstrated a steadfast dedication to service and a community-centric approach for over 45 years. Founded in 1980, the bank set out to rejuvenate the banking sector that was departing from Plaquemines Parish. Its foundation was established on the principles of fostering business growth and delivering outstanding customer service, a commitment that continues to be at the heart of its mission today.

Canvas Mortgage helps clients achieve their homeownership goals with the support of experienced professionals. Serving communities along the Gulf Coast of Louisiana, Mississippi, Alabama, and beyond, their team of Mortgage Loan Officers offers a “community banking” style of service to home buyers.

CannaFirst Financial is a dedicated team of banking professionals aiding cannabis business owners in navigating regulations and protecting their income. They collaborate with FinTech providers to ensure that cannabis entrepreneurs stay informed and that their needs are met effectively.

Voyager Lending partners with small businesses to offer government-backed lending solutions. The team guides clients through the lending process, empowering them to succeed. With a commitment to the community and lending expertise, they provide personalized service for a smooth experience.

Community of Resources (COR) offers operational assistance and banking services to the Merchants & Marine Bancorp, Inc. Family of Brands. Comprising top talents in operations, technology, risk management, and financial services from across the Southeast, COR is dedicated to delivering best-in-class banking support to every member of the Family of Brands, along with their team members and clients.

MERCHANTS & MARINE BANCORP, INC.

April 2, 2026

Dear Fellow Shareholders,

2025 was an important year in the continued evolution of Merchants & Marine Bancorp, Inc.

During the year, we strengthened our financial foundation, continued refining our Family of Brands model, and announced the planned acquisition of Farmers-Merchants Bank & Trust Company in Louisiana. Each of these developments reflects steady progress toward a long-term objective that has guided our efforts for several years: building a resilient and scalable community banking organization capable of creating lasting value for our shareholders, clients, and communities.

Throughout this process, our guiding philosophy has remained consistent — maintaining a **Battle-Ready Balance Sheet** while investing thoughtfully in the people, infrastructure, and capabilities necessary to support long-term growth.

The financial highlights accompanying this report provide a detailed overview of the Company's performance during 2025. Net income totaled \$4.284 million, or \$2.46 per share, representing continued strength in our core operating performance alongside continued investments in our growth infrastructure.

Beyond the headline numbers, several underlying themes in our financial performance are worth noting. Over the past several years, our team has remained focused on maintaining what we often refer to internally as a **Battle-Ready Balance Sheet for your Company** — emphasizing strong capital levels, stable low-cost deposits, ample liquidity, and disciplined asset growth.

That focus continued paying dividends during 2025. Our cost of deposits remained lower than **99% of banks in our national peer group**, while our **net interest margin ranked in the 91st percentile** of that same peer group. Net interest margin represents the banking equivalent of gross margin in most other businesses. Maintaining strength in this area creates meaningful operating leverage as a company grows, allowing additional scale to translate into improved earnings capacity over time.

Operational Readiness

Over the past several years, your Company has undertaken a deliberate effort to strengthen the operational infrastructure that supports our organization. These efforts have included investments in leadership, technology, risk management systems, and organizational design.

While investments of this nature can sometimes weigh on short-term financial results, they are essential to building an institution capable of sustained growth over time.

An important benefit of this work has been the ability to thoughtfully evaluate a wide range of strategic opportunities while maintaining the discipline to pursue only those that are truly aligned with our long-term strategy. The announcement of our planned acquisition of Farmers-Merchants Bank in late 2025 reflects that discipline.

We believe the operational foundation established in recent years positions **your Company** to successfully support growth while continuing to maintain the high standards of client service, credit quality, and operational discipline that have long defined our organization.

The Family of Brands

A defining characteristic of our organization is our **Family of Brands** structure.

Under this model, our community banking brands remain locally focused and deeply embedded in their respective markets, while centralized operational resources provide scale, expertise, and efficiency across the broader organization.

In addition to our community banking brands, we have developed several specialized regional and national platforms, including **Canvas Mortgage, Voyager Lending, and CannaFirst Financial**. These businesses serve distinct client segments and provide additional diversification to our revenue streams.

One dynamic that has become increasingly evident is the ability of these specialized platforms to benefit from the broader community banking footprint of our organization. Referral activity between our banking brands and these specialized platforms has continued to grow, creating new opportunities for collaboration and client service.

As additional community banking brands join our organization, we believe this collaborative model will continue strengthening — supporting revenue growth while helping diversify our income streams and buffer against the cyclical nature of traditional banking activities.

Farmers-Merchants Bank Acquisition

In October 2025, we announced the planned acquisition of **Farmers-Merchants Bank & Trust Company**, a highly respected community bank headquartered in Louisiana with offices in Breaux Bridge, Lafayette, and Arnaudville in the Acadiana region.

Farmers-Merchants Bank has built an outstanding franchise supported by strong earnings performance, a robust deposit base, and markets that continue to demonstrate stability and growth. We believe the combination of our two organizations represents a natural strategic fit.

Financially, the addition of Farmers-Merchants Bank is expected to create meaningful operating leverage for your Company. Much of the operational infrastructure required to support a larger organization has already been established through the investments described earlier. As a result, we believe this transaction will enhance both core earnings capacity and long-term shareholder value.

Strategically, the transaction further validates our approach of building a **family of strong community banking brands**, each deeply connected to the communities it serves while benefiting from shared operational resources and expertise.

We expect the transaction to close during the second quarter of 2026, subject to customary regulatory approvals and closing conditions.

Looking Ahead

While the banking industry continues to operate in an environment shaped by changing interest rates, evolving technology, and increasing competition, we remain confident in the long-term opportunities available to well-managed community banking organizations.

Our priorities remain consistent.

We will continue maintaining a strong balance sheet, investing thoughtfully in our teams and technology, and pursuing opportunities that strengthen **your Company** while preserving the values that have guided this institution for generations.

We remain committed to the community banking model and the role it plays in helping build stronger communities and brighter futures across the markets we are privileged to serve.

The progress achieved during 2025 reflects the dedication and professionalism of the many team members who serve clients each day across **your Company's Family of Brands**. Their work continues strengthening both our organization and the communities we serve.

We cordially invite you to join us for our 2026 Annual Shareholder's Meeting, which will be held on:

- **Date:** Thursday, May 7, 2026
- **Time:** 10:00 a.m. Central Time
- **Location:** Pelican Landing Conference Center, 6217 Highway 613, Moss Point, MS 39563
- **Virtual Option:** a live webcast will be available via our Investor Relations website. More details on virtual attendance are provided in our proxy materials and will be shared on our Investor Relations website at www.mandmbank.com/investor-relations/.

On behalf of our Board of Directors and our entire team, thank you for your continued trust and support.

Sincerely,

Clayton Legear
Chairman & Chief Executive Officer

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Merchants & Marine Bancorp, Inc.

Opinion

We have audited the accompanying consolidated financial statements of Merchants & Marine Bancorp, Inc. and Subsidiary (the Bancorp) (a Mississippi Corporation), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the related consolidated statements of income, comprehensive income, changes in stockholders' equity and cash flows for the years then ended, and the related notes to consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Merchants & Marine Bancorp, Inc. and Subsidiary as of December 31, 2025 and 2024, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of Merchants & Marine Bancorp, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Merchants & Marine Bancorp, Inc.'s ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

To the Board of Directors
Merchants & Marine Bancorp, Inc.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Merchants & Marine Bancorp, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Merchants & Marine Bancorp, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Board of Directors
Merchants & Marine Bancorp, Inc.

Other Information Included in the Bancorp's Annual Report

Management is responsible for the other information included in the Bancorp's annual report. The other information comprises the Letter to Shareholders and the Financial Highlights but does not include the consolidated financial statements and our independent auditors' report thereon. Our opinion on the consolidated financial statements does not cover the other information, and we do not express an opinion or any form of assurance on it.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the consolidated financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Merchants & Marine Bancorp, Inc. (the “Bancorp”) and its wholly-owned subsidiary, Merchants & Marine Bank (the “Bank”) follow accounting principles generally accepted in the United States of America and, where applicable, general practices within the banking industry.

1. Nature of Operations

The Bancorp is a bank holding company and its principal activity is the ownership and management of the Bank. The Bancorp is subject to regulation by the Federal Reserve Bank. The Bank generates commercial, mortgage, and consumer loans and receives deposits from customers located in Jackson, George, Lamar, and Forrest counties in Mississippi; Baldwin and Mobile counties in Alabama; and Plaquemines Parish in Louisiana. The Bank operates under a state bank charter and provides full banking services.

Canvas Mortgage, a division of the Bank, originates mortgage loans for sale into the secondary market. CannaFirst Financial, a division of the Bank, provides banking services and regulatory guidance to cannabis business owners and affiliates. Voyager Lending, also a division of the Bank, originates government guaranteed loans to small businesses.

M & M Real Estate Bank Securities Corporation, a wholly-owned subsidiary of the Bank, was established to hold real property for potential future Bank utilization.

The Bank is subject to regulation by federal and state banking regulators. The Bank’s goal is to offer all the products and services of the larger banks and multi-bank holding corporations, while maintaining the personalized, local service of a community bank.

2. Basis of Consolidation

The consolidated financial statements include the accounts of the Bancorp, the Bank, and M & M Real Estate Bank Securities Corporation, after elimination of all material intercompany transactions and balances.

3. Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for credit losses on loans and off-balance sheet credit exposures, deferred tax assets, the fair values of financial instruments, and pension and deferred compensation obligations.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Cash and Cash Equivalents

For the purpose of reporting cash flows, cash and cash equivalents include cash on hand, amounts due from banks, interest-earning balances with banks with an original maturity less than ninety days and federal funds sold.

5. Securities

Securities have been classified into one of three categories: trading, held-to-maturity or available-for-sale. Management determines the appropriate classification of debt and equity securities at the time of purchase and re-evaluates this classification periodically. Trading account securities are held for resale in anticipation of short-term market movements. Debt securities are classified as held-to-maturity when management has the positive intent and ability to hold the securities to maturity. Securities not classified as held-to-maturity or trading are classified as available-for-sale. The Bank had no trading securities during the periods ended December 31, 2025 and 2024. Held-to-maturity debt securities are stated at amortized cost. Debt securities available-for-sale are stated at fair value, with unrealized gains and losses, net of income taxes, reported in accumulated other comprehensive income (loss) as a separate component of stockholders' equity, until realized. Marketable equity securities are recorded at fair value, with unrealized gains and losses reported in net income.

The amortized cost of each debt security classified as held-to-maturity or available-for-sale is adjusted for amortization of premiums and accretion of discounts to maturity over the estimated life of the security. Amortization, accretion and accrued interest are included in interest on investment securities. Realized gains and losses and declines in fair value judged to be other-than-temporary are included in net security gains (losses). Gains and losses on the sale of securities available-for-sale are determined using the specific identification method.

The Bank also holds non-marketable securities. These securities include Federal Home Loan Bank (FHLB) stock, which the Bank accounts for in accordance with FASB ASC 942-325, *Financial Services-Depository and Lending Investments-Other*. FHLB stock is an equity security that does not have a readily determinable fair value because its ownership is restricted, and it lacks a market. FHLB stock is carried at cost and evaluated for impairment. The Bank's investment in FHLB stock is included in equity securities in the accompanying consolidated balance sheets. At December 31, 2025 and 2024, the Bank's investment in FHLB stock totaled \$8,884,500 and \$1,049,400, respectively. The carrying value of the Bank's FHLB stock gave rise to no other-than-temporary impairment for the years ended December 31, 2025 and 2024.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Allowance for Credit Losses - Held-to-Maturity Debt Securities

The Bancorp reports credit losses for assets held at amortized cost basis, including held -to-maturity debt securities according to Accounting Standards Update (ASU) 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The Bancorp's debt securities portfolio classified as held-to-maturity includes obligations of states and political subdivisions. Management measures expected credit losses on held-to-maturity debt securities on a collective basis by major security type. That is, for pools of such securities with common risk characteristics, the historical lifetime probability of default and severity of loss in the event of default is derived or obtained from external sources and adjusted for the expected effects of reasonable and supportable forecasts over the expected lives of the securities. Loss forecasts for held-to-maturity debt securities utilize Moody's municipal and corporate database, based on a scenario-conditioned probability of default and loss rate platform. The core of the stressed default probabilities and loss rates is based on the methodological relationship between key macroeconomic risk factors and historical defaults. Accrued interest receivable on held-to-maturity debt securities totaled \$197,417 and \$310,888 at December 31, 2025 and 2024, respectively and is excluded from the estimate of credit losses.

A substantial portion of held-to-maturity debt securities held by the Bancorp are obligations issued by U.S. government agency and U.S. government-sponsored enterprises, including mortgage-backed securities. These securities are either explicitly or implicitly guaranteed by the U.S. government, are highly rated by major credit rating agencies and have a long history of no credit losses. For these securities, management takes into consideration the long history of no credit losses and other factors to assess the risk of nonpayment even if the U.S. government were to default. As such, the Bancorp does not identify a credit loss estimate for these securities.

7. Allowance for Credit Losses - Available-for-Sale Debt Securities

The Bancorp reports credit losses for assets held at amortized cost basis and available -for-sale debt securities according to Accounting Standards Update (ASU) 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. For available-for-sale debt securities in an unrealized loss position, the Bancorp first assesses whether it intends to sell or is more likely than not that the Bancorp will be required to sell the security before recovery of its amortized cost basis. If either of the criteria regarding intent or requirement to sell is met, the security's amortized cost basis is written down to fair value through income. For securities that do not meet these criteria, the Bancorp evaluates whether the decline in fair value has resulted from credit losses or other factors. In making this assessment, the Bancorp considers the extent to which fair value is less than amortized cost, any changes to the rating of the security by a rating agency, and adverse conditions specifically related to the security, among other factors. If this assessment indicates that a credit loss exists, the present value of cash flows expected to be collected from the security is compared to the amortized cost basis of the security.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Allowance for Credit Losses - Available-for-Sale Debt Securities (Continued)

If the present value of cash flows expected to be collected is less than the amortized cost basis, a credit loss exists and an allowance for credit losses is recorded for the credit loss, limited by the amount that the fair value is less than the amortized cost basis.

Any impairment that has not been recorded through an allowance for credit losses is recognized in other comprehensive income. Changes in the allowance for credit losses are recorded as provision for or (recapture) of credit loss expense. Losses are charged against the allowance when management believes the uncollectability of a security is confirmed or when either of the criteria regarding intent or requirement to sell is met. Accrued interest receivable on available-for-sale debt securities totaled \$729,478 and \$793,634 at December 31, 2025 and 2024, respectively and is excluded from the estimate of credit losses.

8. Loans Held-for-Sale

Canvas Mortgage originates fixed rate single family, residential first mortgage loans on a presold basis. Rate lock commitments are issued to customers and concurrently “lock in” with a secondary market investor under a best efforts delivery mechanism. Mortgage loans originated and intended for sale in the secondary market are carried at the lower of aggregate cost or fair value, as determined by outstanding commitments from investors. Net unrealized losses, if any, are recorded as a valuation allowance and charged to earnings.

Mortgage loans held-for-sale are generally sold without the servicing rights retained by the Bancorp. Gains and losses on sales of mortgage loans are based on the difference between the selling price and the carrying value of the related loan sold. The Bancorp recognizes certain origination fees and service release fees upon the sale.

9. Loans

Loans are stated at the amount of unpaid principal. Interest on commercial and real estate mortgage loans is accrued and credited to income based on the principal amount outstanding. Income on installment loans is credited to income based on a method that approximates the interest method. Generally, the accrual of interest on loans is discontinued once the loan reaches 90 days past due unless the credit is well secured and in the process of collection. Upon such discontinuance, all unpaid accrued interest is reversed, and payments subsequently received are applied first to principal. Interest income is recorded after principal has been satisfied and as payments are received. Loans are returned to accrual status when all principal and interest contractually due are brought current and future amounts are reasonably assured. Loan origination fees are deferred and recognized in interest income over the remaining life of the loan without anticipating prepayments. Direct loan costs are recognized currently as period costs and do not vary materially from the results that would be recorded using the deferral method prescribed by ASC Topic 310, *Receivables*.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

10. Allowance for Credit Losses - Loans

The Bancorp reports credit loss for assets held at amortized cost basis, including loans according to Accounting Standards Update (ASU) 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. Management employs a process and methodology to estimate the allowance for credit losses (ACL) on loans that evaluates both quantitative and qualitative factors. The methodology for evaluating quantitative factors consists of two basic components. The first component involves pooling loans into portfolio segments for loans that share similar risk characteristics. Pooled loan portfolio segments include construction, commercial real estate, residential real estate, commercial loans, and other consumer loans. The second component involves identifying individually analyzed loans that do not share similar risk characteristics with loans that are pooled into portfolio segments. Individually analyzed loans include nonaccrual loans, loans to borrowers experiencing financial difficulty, as well as other loans based on the underlying risk characteristics and the discretion of management to individually analyze such loans.

Loans evaluated individually are not included in the collective evaluation. When management determines that foreclosure is probable, or when the borrower is experiencing financial difficulty at the reporting date and repayment is expected to be provided substantially through the operation or sale of the collateral, expected credit losses are measured based on the fair value of the collateral at the reporting date, adjusted for estimated selling costs as appropriate.

Loans with similar risk characteristics are evaluated in pools and, depending on the nature of each identified pool, the Bancorp utilizes a weighted average remaining maturity (WARM) method. The historical loss experience estimate by pool is then adjusted by forecast factors that are quantitatively related to the Bancorp's historical credit loss experience, such as unemployment rates. Losses are predicted over a period of time determined to be reasonable and supportable, and at the end of the reasonable and supportable period, losses revert to long-term historical averages. The reasonable and supportable period and reversion period are re-evaluated each quarter by the Bancorp and are dependent on the current economic environment and other factors.

Quantitative loss factors are also supplemented by certain qualitative risk factors reflecting management's view of how losses may vary from those represented by quantitative loss rates. These qualitative risk factors include: 1) levels of and trends in loan growth, delinquencies and non-accruals; 2) problem loan identification system; 3) experience, ability and depth of lending management and other relevant staff; 4) changes in national and local economic business conditions and developments that affect the collectability of the portfolio; 5) the existence and effect of any concentrations of credit, and changes in the level of such concentrations; 6) the effect of other internal factors such as changes in credit administration and results of examinations. Qualitative loss factors are applied to each portfolio segment.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

10. Allowance for Credit Losses - Loans (Continued)

Because the methodology is based upon historical experience and trends, current economic data, reasonable and supportable forecasts, as well as management's judgement, factors may arise that result in different estimations. Deteriorating conditions or assumptions could lead to further increases in the ACL on loans, conversely improving conditions or assumptions could lead to further reductions in the ACL on loans. In addition, various regulatory agencies periodically review the ACL on loans. Such agencies may require additions to the allowance based on their judgements about information available to them at the time of their examination. The ACL on loans is an estimate, and ultimate losses may vary from management's estimate. See Note D for further discussion regarding the allowance for credit losses on loans.

11. Property and Equipment, Net

Property and equipment are stated at cost, less accumulated depreciation. The provision for depreciation is computed by the straight-line method over the estimated useful lives of the related assets. Leasehold improvements are amortized over the shorter of the term of the lease or the asset's useful life.

12. Leases

The Bancorp leases facilities in Mobile, Alabama, Fairhope, Alabama, Hattiesburg, Mississippi and Moss Point, Mississippi under operating leases. It also owns certain properties which are leased to outside parties under operating lessor leases; however, such leases are not significant. In accordance with ASU 2016-02, *Leases*, for operating leases other than those considered to be short-term, the Bancorp recognizes lease right-of-use assets and related lease liabilities. Short-term operating leases are not recognized on the balance sheet. A short-term operating lease has an original term of 12 months or less and does not have a purchase option that is likely to be exercised.

In recognizing lease right-of-use assets and related lease liabilities, the Bancorp accounts for lease and non-lease components (such as taxes, insurance, and common area maintenance costs) separately, as such amounts are generally readily determinable under lease contracts. Lease payments over the expected term are discounted using our incremental borrowing rate referenced to the Federal Home Loan Bank Secure Connect advance rates for borrowings of similar term. Renewal and termination options are also considered in the determination of the term of the lease. If it is reasonably certain that a renewal or termination option will be exercised, the effects of such options are included in the determination of the expected lease term. Generally, it is not reasonably possible to be certain about whether or not a lease will be renewed until such time the lease is within the last two years of the existing lease term. However, renewal options are evaluated on a case-by-case basis, typically in advance of such time frame. When management is reasonably certain that a renewal option will be exercised, a measure/remeasure the right-of-use asset and related lease liability process is implemented using the lease payments specified for the renewal period or, if such amounts are unspecified, an increase is generally assumed (evaluated on a case-by-case basis in light of prevailing market conditions) in the lease payment over the final period of the existing lease term.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

13. Other Real Estate Owned

Real estate properties acquired through or in lieu of loan foreclosure are initially recorded at the lower of cost or fair value, less estimated selling costs, at the date of foreclosure. Fair value is based primarily on independent appraisals and other relevant factors. Any write-downs based on the asset's fair value at the date of acquisition are charged to the allowance for credit losses. After foreclosure, valuations are periodically performed by management and any subsequent write-downs are recorded as a charge to operations, if necessary, to reduce the carrying value of a property to the lower of its cost or fair value, less cost to sell. Costs of significant property improvements are capitalized, whereas costs relating to holding property are expensed and included in non-interest expense. The portion of interest costs relating to development of real estate is capitalized.

14. Goodwill and Identifiable Intangible Assets

The Bancorp accounts for goodwill and other intangible assets in accordance with FASB ASC Topic 350, “*Intangibles - Goodwill and Other*”. Goodwill, which represents the excess of cost over the fair value of the net assets of an acquired business, is not amortized but tested on an annual basis or more often if events or circumstances indicate that there may be impairment.

Identifiable intangible assets are acquired assets that lack physical substance but can be distinguished from goodwill because of contractual or legal rights or because the assets are capable of being sold or exchanged either on their own or in a combination with a related contract asset or liability. The Bancorp’s identifiable intangible assets consist, primarily, of core deposits. These intangibles, which have definite useful lives, are amortized on a straight-line basis over their estimated useful lives. In addition, these intangibles are evaluated for impairment whenever events and changes in circumstances indicate that the carrying amount should be reevaluated.

15. Advertising Expense

The Bank expenses advertising costs as they are incurred. Advertising expenses amounted to \$372,930 and \$540,253 in 2025 and 2024, respectively.

16. Income Taxes

Provisions for income taxes are based on taxes payable or refundable for the current year (after exclusion of non-taxable income such as interest on state and municipal securities) and deferred taxes on temporary differences between the amount of taxable and pretax financial income and between the tax bases of assets and liabilities and their reported amounts in the financial statements. Deferred taxes on temporary differences are calculated at the currently enacted tax rates applicable to the period in which the deferred tax assets, liabilities, income or expense are expected to be realized or settled. As changes in tax laws or rates are enacted, deferred tax assets and liabilities are adjusted through the provision for income taxes.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

17. Comprehensive Income

Comprehensive income includes net income and other comprehensive income (loss) items which include unrealized gains and losses on debt securities available-for-sale and the gains or losses and prior service cost or credits that arise during the period related to the defined benefit pension plan but are not recognized as components of net periodic benefit cost. All items of comprehensive income are stated net of tax.

18. Fair Value Measurements

The Bank records fair value measurements using a specified hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). The following summarizes the fair value hierarchy:

- Level 1:* Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2:* Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.) or inputs that are derived principally from or corroborated by market data by correlation or other means.
- Level 3:* Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Bank uses observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within the fair value measurement is categorized based on the lowest level input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

19. Bank Owned Life Insurance

The Bank invests in bank owned life insurance (BOLI). BOLI involves the purchasing of life insurance on a chosen number of directors and officers. The Bank is the owner of the policies, and the cash surrender value of the policies is included as an asset in the consolidated balance sheets.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

20. Off-Balance Sheet Financial Instruments

In the ordinary course of business, the Bank enters into off-balance sheet financial instruments consisting of commitments to extend credit, credit card lines, commercial letters of credit and standby letters of credit. Such financial instruments are recorded in the financial statements when they are exercised.

21. Allowance for Credit Losses on Off-Balance Sheet Financial Instruments

The Bancorp reports credit losses for assets held at amortized cost basis, including off-balance sheet credit exposures according to Accounting Standards Update (ASU) 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The Bancorp estimates expected credit losses over the contractual period in which the Bancorp is exposed to credit risk via a contractual obligation to extend credit, unless that obligation is unconditionally cancellable by the Bancorp. Changes in the allowance for credit losses on off-balance sheet exposures are recorded as provision for or (recapture) of credit loss expense. The estimate includes consideration of the likelihood that funding will occur and an estimate of expected credit losses on commitments expected to be funded over its estimated life. The allowance for credit losses on off-balance sheet credit exposures is estimated by loan segment at each balance sheet date under the current expected credit loss model using the same methodologies as portfolio loans. The allowance for unfunded commitments is included in other liabilities on the Bancorp's consolidated balance sheets.

22. Revenue from Contracts with Customers

The Bancorp records revenue from contracts with customers in accordance with ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*. Under Topic 606, the Bancorp must identify the contract with a customer, identify the performance obligations in the contract, determine the transaction price, allocate the transaction price to the performance obligations in the contract, and recognize revenue when, or as, the Bancorp satisfies a performance obligation. Significant revenue has not been recognized in the current reporting period that results from performance obligations satisfied in previous periods.

The Bancorp's primary sources of revenue are derived from interest and dividends earned on loans, investment securities, and other financial instruments that are not within the scope of Topic 606. The Bancorp has evaluated the nature of its contracts with customers and determined that further disaggregation of revenue from contracts with customers into more granular categories beyond what is presented in the Consolidated Statements of Income was not necessary. The Bancorp generally fully satisfies its performance obligations on its contracts with customers as services are rendered and the transaction prices are fixed; the Bancorp has made no significant judgments in applying the revenue guidance prescribed in ASC 606 that affect the determination of the amount and timing of revenue from contracts with customers.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

23. Recent Accounting Pronouncements

In November 2024, the FASB issued ASU 2024-03, *Income Statement - Reporting Comprehensive Income - Expense Disaggregation (Topic 220)*. This update requires disclosure of certain costs and expenses in the notes to the consolidated financial statements. The amendments in this ASU will become effective for fiscal years beginning after December 15, 2026, and will be effective for interim periods within fiscal years beginning after December 15, 2027, with early adoption permitted. The amendments should be applied on a prospective basis, with retrospective application allowed. The adoption of this standard is not expected to have a material effect on the Bancorp's consolidated financial statements.

In November 2025, the FASB issued ASU 2025-08, *Financial Instruments - Credit Losses (Topic 326): Purchased Loans*. The ASU revises Topic 326 to simplify and improve the accounting for acquired financial assets. The update expands the application of the gross-up approach to include purchased seasoned loans, eliminating the complexity and inconsistency created by having separate models for PCD and non-PCD assets. Under the new guidance, the initial allowance for credit losses is added to the amortized cost basis rather than recorded as a Day 1 provision expense. The amendments in this update are effective for all entities for annual reporting periods beginning after December 15, 2026, and interim reporting periods within those annual reporting periods. Early adoption is permitted. The Bancorp is currently evaluating the impact of adopting this guidance on the consolidated financial statements.

24. Adoption of New Accounting Standards

On January 1, 2025, the Bancorp adopted ASU 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*. The amendments in this update require public business entities, on an annual basis, to disclose prescribed categories in the rate reconciliation and to provide additional information for reconciling items that meet a quantitative threshold, specifically when the effect of those reconciling items is equal to or greater than 5 percent of the amount computed by multiplying pretax income (or loss) from continuing operations by the applicable statutory income tax rate. The amendments further require all entities to disclose, on an annual basis, the amount of income taxes paid (net of refunds received), disaggregated by federal, state, and foreign taxes, as well as the amount of income taxes paid (net of refunds received) disaggregated by individual jurisdictions for which such amount is equal to or greater than 5 percent of total income taxes paid (net of refunds received). In addition, all entities are required to disclose income (or loss) from continuing operations before income tax expense (or benefit), disaggregated between domestic and foreign, and income tax expense (or benefit) from continuing operations, disaggregated by federal, state, and foreign. The adoption of this guidance did not have a material impact on the Bancorp's consolidated financial statements.

25. Reclassifications

Certain reclassifications have been made to the consolidated financial statements for the year ended December 31, 2024, to conform to the current year presentation.

Management evaluates securities for other-than-temporary impairment at least on a quarterly basis, and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and to the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer and (3) the intent and ability of the Bank to retain its investments in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value.

As of December 31, 2025, approximately 80% of the number of securities in the investment portfolio reflected an unrealized loss. Management is of the opinion the Bank has the ability to hold these securities until such time as the value recovers or the securities mature. Management also believes the deterioration in value is attributable to changes in market interest rates and not to the credit quality of the issuer.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE B - SECURITIES (Continued)

At December 31, 2025, the one hundred sixty-seven debt securities with unrealized losses have declined 2.99% from the amortized cost basis. These unrealized losses relate principally to current interest rates for similar types of securities and not credit quality. In analyzing an issuer's financial condition, management considers whether the securities are issued by the federal government or its agencies, whether downgrades by bond rating agencies have occurred and the results of reviews of the issuer's financial condition. As management has the ability to hold debt securities until maturity, or for the foreseeable future if classified as available-for-sale, no declines are deemed to be other-than-temporary.

The Bank holds equity securities, which include Federal Home Loan Bank stock, recorded at cost of \$8,884,500 and \$1,049,400 as of December 31, 2025 and 2024, respectively.

Additionally, the FNBB, Inc. equity investment of \$954,328, was reclassified from Equity securities to other assets in accordance with ASU 2016-01, which was adopted prospectively as allowed by the standard.

NOTE C - LOANS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE C - LOANS (Continued)

The Bank primarily grants commercial, residential and consumer loans to customers within its market area and immediate surrounding areas, all of which are affected by the general economic conditions of the area. Although the Bank regularly reviews the diversification of the loan portfolio to avoid concentrations of credit risk, the overall quality of the portfolio and the borrowers' ability to repay the loans are to an extent affected by the local economy.

NOTE D - ALLOWANCE FOR CREDIT LOSSES

The Bank has developed policies and procedures for evaluating the overall quality of its credit portfolio and the timely identification of potential problem loans. Management's judgment as to the adequacy of the allowance is based upon a number of assumptions which it believes to be reasonable, but which may not prove to be accurate. Thus, there can be no assurance that charge-offs in future periods will not exceed the allowance for credit losses on loans or that additional increases in the credit loss allowance will not be required.

The Bank's allowance consists of two components. The first component is determined in accordance with authoritative guidance regarding contingencies. The Bank's determination of this component of the allowance is based upon quantitative and qualitative factors. The Bancorp uses the weighted average remaining maturity (WARM) method, which annualizes the loss rate by defined segments and converts it to a life of loan Current Expected Credit Losses (CECL) application. The remaining contractual life is adjusted by scheduled payments and prepayment assumptions. Historical loss rates are calculated using the Bancorp's historical loss data. The loss rates are multiplied by the expected outstanding loan balances for each period. The sum of the estimated losses for all quarters is the total calculated allowance for the pool. The expected losses may also be modified based upon other qualitative factors including, but not limited to, local and national economic conditions, trends of delinquent loans and management's knowledge of the loan portfolio. These factors require judgment upon the part of management and are based upon state and national economic reports received from various institutions and agencies including the Federal Reserve Bank, United States Bureau of Economic Analysis, Bureau of Labor Statistics, meetings with the Bank's loan officers and loan committee, and data and guidance received or obtained from the Bank's regulatory authorities.

The second component of the allowance is determined in accordance with authoritative guidance for loans that are evaluated individually because they do not share similar risk characteristics with other loans. Loans evaluated individually are identified based upon a review by internal loan review and senior loan officers. A loan is evaluated individually when, based on current information and events, it is probable that the Bank will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. Factors considered by management in identifying such loans include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not evaluated individually. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE D - ALLOWANCE FOR CREDIT LOSSES (Continued)

Impairment is measured on a loan-by-loan basis, and a specific allowance is assigned to each loan determined to be impaired. Impaired loans not deemed collateral dependent are analyzed according to the ultimate repayment source, whether that is cash flow from the borrower, guarantor or some other source of repayment. Impaired loans are deemed collateral dependent if, in the Bank's opinion, the ultimate source of repayment will be generated from the liquidation of collateral.

Risk characteristics applicable to each segment of the loan portfolio are described as follows:

Residential Real Estate: The residential real estate loan portfolio consists of residential loans for single and multifamily properties. Residential loans are generally secured by owner occupied 1-4 family residences, multifamily residential properties and construction projects. Repayment of these loans is primarily dependent on the personal income and credit rating of the borrowers. Credit risk in these loans can be impacted by economic conditions within the Bank's market areas that might impact either property values or a borrower's personal income. Risk is mitigated by the fact that the loans are of smaller individual amounts and spread over a large number of borrowers.

Nonresidential Real Estate: Nonresidential real estate loans typically involve larger principal amounts, and repayment of these loans is generally dependent on the successful operations of the property securing the loan or the business conducted on the property securing the loan. Nonresidential loans generally consist of nonfarm nonresidential properties and farmland. These loans are viewed primarily as cash flow loans and secondarily as loans secured by real estate. Credit risk in these loans may be impacted by the creditworthiness of a borrower, property values and the local economies in the Bank's market areas.

Consumer: The consumer loan portfolio consists of various term and line-of-credit loans such as automobile loans and loans for other personal purposes. Repayment for these types of loans will come from a borrower's income sources that are typically independent of the loan purpose. Credit risk is driven by consumer economic factors (such as unemployment and general economic conditions in the Bank's market area) and the creditworthiness of a borrower.

Commercial and other: The commercial portfolio includes loans to commercial customers for use in financing working capital needs, equipment purchases and expansions. The loans in this category are repaid primarily from the cash flow of a borrower's principal business operation. Credit risk in these loans is driven by creditworthiness of a borrower and the economic conditions that impact the cash flow stability from business operations.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE D - ALLOWANCE FOR CREDIT LOSSES (Continued)

The following table is a summary of the Bancorp's nonaccrual loans by portfolio segment for the years ended December 31, 2025 and 2024 (In thousands):

	December 31, 2025		
	Nonaccrual Loans With No Allowance	Nonaccrual Loans With An Allowance	Total Nonaccrual Loans
Residential	\$ 1,787	\$ -	\$ 1,787
Non-Residential	4,270	-	4,270
Consumer	39	-	39
Commercial	1,736	71	1,807
	\$ 7,832	\$ 71	\$ 7,903

	December 31, 2024		
	Nonaccrual Loans With No Allowance	Nonaccrual Loans With An Allowance	Total Nonaccrual Loans
Residential	\$ 1,514	\$ -	\$ 1,514
Non-Residential	433	-	433
Consumer	36	-	36
Commercial	1,828	568	2,396
	\$ 3,811	\$ 568	\$ 4,379

The gross interest income that would have been recorded in the year, if the nonaccrual loans at December 31, 2025 and 2024, had been current in accordance with their original terms and had been outstanding throughout the year or since origination, if held for part of the years ended for December 31, 2025 and 2024, was \$497,603 and \$37,390, respectively.

The following table represents the accrued interest receivables written off by reversing interest income during the year ended December 31, 2025 (In thousands):

	For the Year Ended December 31, 2025
Residential	\$ 211
Non-Residential	19
Consumer	1
Commercial	267
	\$ 498

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE D - ALLOWANCE FOR CREDIT LOSSES (Continued)

The Bancorp designates individually evaluated loans on nonaccrual status as collateral dependent loans, as well as other loans that management designates as having higher risk. Collateral dependent loans are loans for which the repayment is expected to be provided substantially through the operation or sale of the collateral and the borrower is experiencing financial difficulty. These loans do not share common risk characteristics and are not included within the collectively evaluated loans for determining the allowance for credit losses. Under CECL, for collateral dependent loans, the Bancorp has adopted the practical expedient to measure the allowance for credit losses based on fair value of collateral. The allowance for credit losses is calculated on an individual loan basis based on the shortfall between the fair value of the loan's collateral, which is adjusted for liquidation costs, and amortized cost. If the fair value of the collateral exceeds the amortized cost, no allowance is required.

The following table presents an analysis of the recorded investment of collateral dependent loans of the Bancorp as of December 31, 2025 and 2024 (In thousands):

	<u>Real Estate</u>	<u>Business Assets</u>	<u>Total</u>	<u>ACL Allocation</u>
<i>December 31, 2025</i>				
Residential real estate	\$ 3,123	\$ -	\$ 3,123	\$ 27

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE D - ALLOWANCE FOR CREDIT LOSSES (Continued)

The Bank categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt, such as: current financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Bank uses the following definitions for risk ratings, which are consistent with the definitions used in supervisory guidance:

Special Supervision. Loans classified as special supervision are credits that show a sign of weakness in either sources of repayment or collateral but have mitigating factors that minimize the risk of loss.

Special Mention. Loans classified as special mention are credits that show a defined weakness in the primary repayment and / or collateral but are not to the point of substandard classification.

Substandard. Loans classified as substandard are credits that are inadequately protected by the worth and repayment capacity of the borrower or the collateral. The Bank has a distinct possibility of loss if weaknesses are not corrected.

Doubtful. Loans classified as doubtful are credits that meet characteristics of substandard with further weaknesses that make a collection of the full debt highly questionable and improbable.

Loss. Loans classified as loss are credits that are considered uncollectible and it is not practical to defer writing off. This classification does not mean that there is absolutely no possibility of recovery but that recovery is not practical enough to defer writing off as a worthless asset.

Loans not meeting the criteria above that are analyzed individually as part of the above described process are considered to be pass-rated loans.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE D - ALLOWANCE FOR CREDIT LOSSES (Continued)

From time-to-time, the Bancorp may modify certain loans to borrowers who are experiencing financial difficulty. In some cases, these modifications may result in new loans. Loan modifications to borrowers experiencing financial difficulty may be in the form of a principal forgiveness, an interest rate reduction, an other-than-insignificant payment delay, a term extension, or a combination thereof, among other things.

The following table presents the amortized cost of loans modified to borrowers experiencing financial difficulty disaggregated by portfolio segment and type of modification as of December 31, 2025. The percentage of the amortized cost basis of loans that were modified to borrowers in financial distress as compared to the amortized cost basis of each portfolio segment of loans is also presented below (\$ in thousands):

	<u>Term Extensions</u>	<u>Percentage of Total Loans</u>
December 31, 2025		
Residential	\$ 22	0.013%
Non-residential	4	0.002%
Consumer	<u>6</u>	<u>0.065%</u>
Total	<u>\$ 32</u>	<u>0.008%</u>

The financial effect of the loan modifications to borrowers experiencing financial difficulty presented above resulted in extended maturity dates of, at a minimum, twenty-four months.

The Bancorp had no unused commitments on modified loans to borrowers experiencing financial difficulty at December 31, 2025.

During the years ended December 31, 2025 and 2024, the Bancorp did not perform any loan modifications to borrowers experiencing financial difficulty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE E - PROPERTY AND EQUIPMENT, NET

Property and equipment as of December 31, 2025 and 2024, are stated at cost less accumulated depreciation as follows (In thousands):

	2025	2024
Land and buildings	\$ 47,702	\$ 38,392
Furniture and equipment	11,839	9,871
Leasehold improvements	666	647
	60,207	48,910
Accumulated depreciation	(22,211)	(20,450)
	37,996	28,460
Construction in process	-	2,256
Net property and equipment	\$ 37,996	\$ 30,716

Depreciation expense for the years ended December 31, 2025 and 2024, amounted to \$1,831,555 and \$1,754,108.

NOTE F - INCOME TAXES

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the deferred tax assets and liabilities included in other assets as of December 31, 2025 and 2024, were as follows (In thousands):

	2025	2024
Deferred tax assets:		
Allowance for credit losses	\$ 1,389	\$ 1,604
Deferred compensation	513	615
Loan origination costs	341	319
Interest on nonaccrual loans	201	171
Losses on defined benefit plan assets	1,108	1,427
Unrealized loss on securities available-for-sale	2,187	3,082
Loan impairment	106	114
Other	10	19
Gross deferred tax asset	5,855	7,351

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE F - INCOME TAXES (Continued)

	<u>2025</u>	<u>2024</u>
Deferred tax liabilities:		
Property and equipment	(1,616)	(1,391)
Core deposit intangible	(157)	(138)
Prepaid pension obligation	(892)	(977)
Prepaid expenses	(275)	(241)
Other	<u>(161)</u>	<u>(164)</u>
Gross deferred tax liability	<u>(3,101)</u>	<u>(2,911)</u>
 Net deferred tax asset	 <u>\$ 2,754</u>	 <u>\$ 4,440</u>

The Bank has evaluated the need for a valuation allowance and, based on the weight of the available evidence, has determined that it is more likely than not that all deferred tax assets will be realized.

Income taxes consisted of the following components for the years ended December 31, 2025 and 2024 (In thousands):

	<u>2025</u>	<u>2024</u>
Income tax expense (benefit):		
Current		
Federal	\$ 147	\$ 659
State	62	(36)
Foreign	-	N/A
Deferred		
Federal	371	345
State	101	129
Foreign	<u>-</u>	<u>N/A</u>
 Total income tax expense	 <u>\$ 681</u>	 <u>\$ 1,097</u>

Income taxes paid, net of refunds received were as follows: (In thousands)

	<u>2025</u>	<u>2024</u>
Federal	\$ 550	\$ 1,250
State and local		
Mississippi	80	275
All other states	6	20
Foreign	<u>-</u>	<u>-</u>
 Total	 <u>\$ 636</u>	 <u>\$ 1,545</u>

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE F - INCOME TAXES (Continued)

Income taxes were computed by applying the U.S. Federal income tax rate of 21.0% to income before taxes for the years ended December 31, 2025 and 2024. The reasons for the differences for the years ended December 31, 2025 and 2024, are as follows (\$ in thousands):

	2025		2024	
	Amount	Percent	Amount	Percent
Taxes computed at statutory rate	\$ 1,043	21.0%	\$ 1,477	21.0%
Increase/(decrease) in taxes resulting from:				
Tax-exempt life insurance income (net of expense)	(163)	(3.3%)	(157)	(2.2%)
Tax-exempt interest income	(250)	(5.0%)	(291)	(4.1%)
State income tax expense	129	2.6%	73	1.0%
Other, net	(78)	(1.6%)	(5)	(0.1%)
Total	\$ 681	13.7%	\$ 1,097	15.6%

ASC Topic 740, *Income Taxes*, provides guidance on financial statement recognition and measurement of tax positions taken, or expected to be taken, in tax returns. ASC Topic 740 requires an evaluation of tax positions to determine if the tax positions will more likely than not be sustainable upon examination by the appropriate tax authorities. The Bancorp, at December 31, 2025 and 2024, had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

NOTE G - DEPOSITS

Deposit account balances at December 31, 2025 and 2024, are summarized as follows (In thousands):

	2025	2024
Non-interest bearing demand	\$ 143,190	\$ 140,034
Interest bearing demand	286,366	270,590
Savings	115,491	109,270
Certificates of deposit	51,743	53,614
Total deposits	\$ 596,790	\$ 573,508

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE G - DEPOSITS (Continued)

Certificates of deposit by contractual maturity as of December 31, 2025, were as follows (In thousands):

2026	\$ 44,881
2027	2,937
2028	1,060
2029	1,729
2030	1,136
Thereafter	<u> -</u>
Total	<u><u>\$ 51,743</u></u>

Certificates of deposit in excess of \$250,000 aggregated approximately \$18,543,000 and \$17,407,000 at December 31, 2025 and 2024, respectively.

Overdrawn demand deposits, reclassified as loans, totaled approximately \$605,000 and \$470,000 at December 31, 2025 and 2024, respectively.

NOTE H - BORROWINGS

At December 31, 2025 and 2024, borrowed funds consisted of the following:

	2025	2024
Federal Home Loan Bank Advances –		
Maturity January 2, 2026, fixed rate 4.098%	\$201,000,000	\$ -

The Bancorp has established various lines of credit with financial institutions, allowing for maximum borrowings of \$179,283,464 at rates determined by the lender when borrowed. At December 31, 2025 and 2024, the Bancorp had an undisbursed direct standby letter of credit with the Federal Home Loan Bank in the amount of \$30,000,000. The notes payable to the Federal Home Loan Bank (FHLB) are collateralized by investment securities pledged to the FHLB, as well as FHLB stock and qualifying amounts on deposit with the FHLB, in an amount at least equal to the outstanding advances.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1 - BALANCE SHEET OFFSETTING AND REPURCHASE AGREEMENTS

Certain financial instruments, including repurchase agreements, may be eligible for offset in the consolidated balance sheets and/or subject to master netting arrangement or similar agreements. Nonetheless, the Bancorp does not generally offset such financial instruments for financial reporting purposes.

The following tables summarize information about financial instruments that are eligible for offset in the consolidated balances sheets as of December 31, 2025 and 2024:

December 31, 2025:

	Gross Amount <u>Recognized</u>	Gross Amount <u>Offset</u>	Net Amount <u>Recognized</u>	<u>Gross Amount Not Offset</u>		Net Amount <u> </u>
				<u>Financial</u>	<u>Collateral</u>	
				<u>Instruments</u>		
Securities sold under repurchase agreements	<u>\$1,482,039</u>	<u>\$ -</u>	<u>\$1,482,039</u>	<u>\$ -</u>	<u>\$(1,482,039)</u>	<u>\$ -</u>

December 31, 2024:

	Gross Amount <u>Recognized</u>	Gross Amount <u>Offset</u>	Net Amount <u>Recognized</u>	<u>Gross Amount Not Offset</u>		Net Amount <u> </u>
				<u>Financial</u>	<u>Collateral</u>	
				<u>Instruments</u>		
Securities sold under repurchase agreements	<u>\$4,336,218</u>	<u>\$ -</u>	<u>\$4,336,218</u>	<u>\$ -</u>	<u>\$(4,336,218)</u>	<u>\$ -</u>

Securities sold under repurchase agreements are utilized to facilitate the needs of our customers and to facilitate secured short-term funding needs. Securities sold under repurchase agreements are stated at the amount of cash received in connection with the transaction. The Bancorp monitors collateral levels on a continuous basis. Securities pledged as collateral under repurchase agreements are maintained with our safekeeping agents.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE J - EMPLOYEE BENEFIT PLANS

The Bank has a non-contributory defined benefit pension plan covering all employees who qualify under length of service and other requirements. The plan calls for benefits to be paid to eligible employees at retirement based primarily upon years of service and average earnings for the five consecutive plan years which produce the highest average. The pension plan was frozen effective January 1, 2013. Data relative to the pension plan as of December 31, 2025 and 2024, follows (In thousands):

	<u>2025</u>	<u>2024</u>
Reconciliation of benefit obligation:		
Projected benefit obligation at beginning of period	\$ 14,535	\$ 14,578
Interest cost	714	739
Actuarial gain (loss)	(489)	209
Distributions	(1,415)	(991)
Curtailements, settlement acquisition	<u>-</u>	<u>-</u>
Projected benefit obligation at end of period	13,345	14,535
Reconciliation of plan assets:		
Fair value of plan assets at beginning of period	12,742	13,747
Actual return on plan assets	850	(246)
Employer contributions	305	232
Benefit payments	(1,415)	(991)
Settlements	<u>-</u>	<u>-</u>
Fair value of plan assets at end of period	12,482	12,742

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE J - EMPLOYEE BENEFIT PLANS (Continued)

The accumulated benefit obligation for the defined benefit plan was \$13,345,013 and \$14,534,905 at December 31, 2025 and 2024, respectively.

	<u>2025</u>	<u>2024</u>
Rate assumptions:		
Discount rate	5.15%	5.31%
Long-term rate of investment return	5.50%	5.50%
Rate of compensation increase	N/A	N/A
Amortization period	6.98	6.61

The investment portfolio objective is to seek a balance of investment risk and return by investing in fixed income and equities using tactical asset allocation. In addition, the portfolio seeks to meet current beneficiary liabilities while at the same time grow the principal of the portfolio through price appreciation, dividend income and interest income. The Pension Plan Investment Committee, in establishing these objectives, acknowledges that any investment, other than cash, entails a risk of loss of principal value, but expects the evaluation of the risk to the potential return to be a significant factor in the selection of the investment assets. The Pension Plan's asset allocation targets are 80% fixed income and 20% equity, with no more than 5% of the total equity investment concentrated in international investments.

The fair values of the pension plan assets at December 31, 2025 and 2024, by asset category were as follows (In thousands):

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2025:				
Asset category:				
Cash and cash equivalents	\$ 129	\$ 129	\$ -	\$ -
Mutual funds:

Other equity	2,650	2,650	-	-
Fixed income	9,673	9,673	-	-
 Total pension plan assets	 \$ 12,742	 \$ 12,424	 \$ 318	 \$ -

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

2026	\$ 1,245,476
2027	1,228,253
2028	1,210,733
2029	1,199,049
2030	1,170,547
2031 - 2035	5,382,772

The Bank also has a 401(k) retirement plan, which covers all employees who have completed one year of service of 1,000 hours or more and have attained the age of 21. The employees may voluntarily contribute up to one hundred percent (100%) of their wages to the plan on a tax-deferred basis subject to IRS limitations. The Bank's contributions to the plan were \$486,017 and \$451,818, for the years ended December 31, 2025 and 2024, respectively. The plan was amended in January 2014, to provide a 3% safe harbor contribution by the Bank for the benefit of eligible employees. Also, the plan was amended to allow for separate classifications of participants in the event of discretionary contributions to the plan by the Bank.

The Bank has entered into certain deferred compensation agreements with certain directors. Expenses related to these deferred compensation plans amounted to approximately \$64,000 and \$28,000 for the years ended December 31, 2025 and 2024, respectively.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE K - REGULATORY CAPITAL

The Bancorp and the Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on the Bancorp's financial statements. Under the regulatory capital adequacy guidelines and the regulatory framework for prompt corrective action, the Bank must meet specific capital guidelines involving quantitative measures of the Bank's assets, liabilities and certain off-balance sheet items as calculated under regulatory accounting practices. The Bancorp's and the Bank's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors.

The prompt corrective action regulations define specific capital categories based on an institution's capital ratios. The capital categories, in declining order, are "well capitalized," "adequately capitalized," "undercapitalized," "significantly undercapitalized" and "criticality undercapitalized."

As of December 31, 2025 and 2024, the most recent notification from the Bancorp's and the Bank's regulator categorized the Bancorp and the Bank as "well capitalized" under the regulatory framework for prompt corrective action. To be categorized as "well capitalized," the Bancorp and the Bank must maintain minimum Common Equity Tier 1 risk-based, total risk-based, Tier 1 risk-based and Tier 1 leverage ratios as set forth in the table below. There are no conditions or events since that notification that management believes have changed the institution's regulatory designation as "well-capitalized" under the regulatory framework for prompt corrective action.

Quantitative measures established by regulation to ensure capital adequacy require the Bancorp and the Bank to maintain minimum amounts and ratios as set forth in the table below. At December 31, 2025 and 2024, the Bancorp's and the Bank's ratios exceeded the regulatory requirements. Management believes that the Bancorp and the Bank met all capital adequacy requirements to which they were subject as of December 31, 2025 and 2024. The Bancorp's and the Bank's regulatory capital ratios are set forth below.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE L - RELATED PARTIES

The Bank has entered into transactions with its officers, Bancorp's directors and significant stockholders and their affiliates. Such transactions were made in the ordinary course of business on substantially the same terms and conditions, including interest rates and collateral, as those prevailing at the same time for comparable transactions with other customers, and did not, in the opinion of management, involve more than normal credit risk or present other unfavorable features. Such loans amounted to approximately \$3,502,000 and \$2,468,000 at December 31, 2025 and 2024, respectively. In addition to these loans, the Bank has commitments to extend credit to these related parties, which amounted to approximately \$1,337,000 and \$1,007,000 at December 31, 2025 and 2024, respectively. The following is a summary of activity in related party loans:

	<u>2025</u>	<u>2024</u>
Balance, beginning of year	\$ 2,468,197	\$1,785,757
Advances	1,642,554	2,355,038
Effect of changes in composition of related parties	(425,443)	-
Repayments	<u>(183,104)</u>	<u>(1,672,598)</u>
Ending balance	<u>\$ 3,502,204</u>	<u>\$2,468,197</u>

Deposits from related parties held by the Bank at December 31, 2025 and 2024, totaled approximately \$4,281,100 and \$7,523,000, respectively.

During the ordinary course of business, the Bank may purchase goods and services from companies that have a relationship with individuals who are considered related parties to the Bank. Significant transactions of this type primarily consist of obtaining legal services.

During the years ended December 31, 2025 and 2024, the Bank paid \$180,406 and \$186,071, respectively, in fees to a law firm of which one of the partners is a member of the Bank's Board of Directors.

NOTE M - DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE M - DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurement of assets recognized in the accompanying consolidated balance sheets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024 (In thousands):

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Assets at December 31, 2025:				
Debt securities available-for-sale:				
U.S. Government Agency Funds	\$ 5,437	\$ -	\$ 5,437	\$ -
Mortgage-backed securities	246,631	-	246,631	-
State, county and municipal securities	48,027	-	48,027	-
	<u>\$ 300,095</u>	<u>\$ -</u>	<u>\$ 300,095</u>	<u>\$ -</u>
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Assets at December 31, 2024:				
Debt securities available-for-sale:				
U.S. Government Agency Funds	\$ 7,245	\$ -	\$ 7,245	\$ -
Mortgage-backed securities	44,031	-	44,031	-
State, county and municipal securities	47,999	-	47,999	-
	<u>\$ 99,275</u>	<u>\$ -</u>	<u>\$ 99,275</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during 2025 or 2024.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE M - DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Available-for-sale debt securities

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include the entirety of the Bank's available-for-sale securities. For these securities, the Bank obtains fair value measurements from an independent pricing service that considers observable data that may include dealer quotes, market spreads, cash flows, the U.S. Treasury yield curve, live trading levels, trade execution data, market consensus prepayment speeds, valuation matrices, credit information and the bond's terms and conditions. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There were no Level 3 securities.

Nonrecurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying consolidated balance sheets measured at fair value on a nonrecurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024 (In thousands):

	Total	Level 1	Level 2	Level 3
<i>Assets at December 31, 2025:</i>				
Impaired loans	\$ 7,904	\$ -	\$ -	\$ 7,904
Other real estate owned	-	-	-	-
<i>Assets at December 31, 2024:</i>				
Impaired loans	\$ 4,379	\$ -	\$ -	\$ 4,379
Other real estate owned	-	-	-	-

Following is a description of valuation methodologies and inputs used for assets measured at fair value on a nonrecurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during 2025 or 2024.

Impaired Loans

The estimated fair value of impaired loans is based on the appraised fair value of the collateral, less estimated cost to sell. Impaired loans are classified within Level 3 of the fair value hierarchy.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE M - DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Other Real Estate Owned

Other real estate owned is carried at the lower of fair value at acquisition date or current estimated fair value, less estimated cost to sell when the real estate is acquired. Estimated fair value is determined on the basis of appraisals and evaluations. The Bank's other real estate owned are classified within Level 3 of the fair value hierarchy. The Bank considers the appraisal or evaluation as the starting point for determining fair value and then considers other factors and events in the environment that may affect the fair value. Appraisals are obtained when the real estate is acquired and subsequently as deemed necessary by management. Appraisers are selected from the list of approved appraisers maintained by management. Another unobservable input used in the fair value measurement of collateral for impaired loans and other real estate owned relates to the discounting criteria used to consider lack of marketability and estimated costs to sell. These discounts and estimates are developed by management by comparison to historical results.

Fair Value of Financial Instruments

FASB ASC Topic 825 requires disclosure of the fair value of financial assets and financial liabilities, including those financial assets and financial liabilities that are not measured and reported at fair value on a recurring basis or non-recurring basis.

The carrying amounts and estimated fair values of financial instruments at December 31, 2025 and 2024 were as follows (In thousands):

	December 31, 2025		December 31, 2024	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
<i>Financial assets</i>				
Level 2 Inputs:				
Cash and due from banks	\$ 75,734	\$ 75,734	\$ 31,719	\$ 31,719

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE M - DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Fair Value of Financial Instruments (Continued)

In cases where quoted market prices are not available, fair values are generally based on estimates using present value techniques. The Bank's premise in present value techniques is to represent the fair values on a basis of replacement value of the existing instrument given observed market rates on the measurement date. These techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. In that regard, the derived fair value estimates for those assets or liabilities cannot be necessarily substantiated by comparison to independent markets and, in many cases, may not be realizable in immediate settlement of the instruments. The estimated fair value of financial instruments with immediate and shorter-term maturities (generally 90 days or less) is assumed to be the same as the recorded book value. All nonfinancial instruments, by definition, have been excluded from these disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of the Bank. The methodology and significant assumptions used in estimating the fair values presented above are as follows:

Cash and due from banks, time deposits due from banks, accrued income, FHLB stock, and interest payable

The carrying amount approximates fair value.

Loans

The fair value of loans is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities. The market rates used are based on current rates the Bank would impose for similar loans and reflect a market participant assumption about risks associated with nonperformance, illiquidity and the structure and term of the loans along with local economic and market conditions. Loans with similar characteristics were aggregated for purposes of the calculations.

Deposits

Deposits include demand deposits, money market, NOW and savings accounts. The carrying amount of these deposits approximates fair value. The fair value of fixed-maturity certificates of deposit is estimated using a discounted cash flow calculation that applies the rates currently offered for deposits of similar remaining maturities.

Borrowed funds

The fair value of borrowed funds is estimated using a discounted cash flow analysis based on the contractual terms of the borrowings and interest rates currently available to the Bancorp for borrowings with similar remaining maturities and terms. The market rates used reflect a market participant assumption about interest rate risk, the Bank's credit risk, prepayment or call features, and other factors a market participant would consider in pricing comparable obligations. For borrowings with short-term maturities or variable interest rates that reprice frequently, the carrying amount approximates fair value.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE N - CONCENTRATIONS OF CREDIT

All of the Bank's loans, commitments, commercial and standby letters of credit have been granted to customers in the Bank's market area. The concentrations of credit by type of loan are set forth in Note C. Commercial and standby letters of credit were granted primarily to commercial borrowers. Regulations limit the amount of credit that can be extended to any single borrower or group of related borrowers.

The Bank had due from bank balances in excess of the \$250,000 federal insurance limit as of December 31, 2025 and 2024, respectively, of approximately \$4,542,000 and \$11,138,000.

NOTE O - FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

The Bank is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and standby letters of credit, which are not reflected in the accompanying financial statements until they are funded or related fees are incurred or received.

The Bank's exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual amount of these instruments. The Bank uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments and may require collateral or other credit support for financial instruments with credit risk. These obligations are summarized below as of December 31, 2025 and 2024 (In thousands):

	<u>2025</u>	<u>2024</u>
Commitments to extend credit	\$ 77,150	\$ 76,124
Standby letters of credit	4,582	4,272

Commitments to extend credit are agreements to lend to a customer as long as conditions established in the agreement have been satisfied. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since commitments often expire without being fully drawn, the total commitment amounts do not necessarily represent future cash requirements. The Bank continually evaluates each customer's credit worthiness on a case-by-case basis. The amount of collateral obtained, if it is deemed necessary by the Bank upon extension of credit, is based on management's credit evaluation of the counterparty. Standby letters of credit are conditional commitments issued by the Bank to guarantee the performance of a customer to a third party. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending a loan.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE P - ALLOWANCE FOR OFF-BALANCE SHEET CREDIT EXPOSURES

The Bancorp maintains an allowance for off-balance sheet credit exposures such as unfunded balances for existing lines of credit, commitments to extend future credit, as well as standby letters of credit when there is a contractual obligation to extend credit when this extension of credit is not unconditionally cancellable. The allowance for off-balance sheet credit exposures is adjusted as a provision for credit loss expense. The estimate includes consideration of the likelihood that funding will occur, which is based on historical funding activity derived from internal information, and an estimate of expected credit losses on commitments expected to be funded over its estimated life, which are the same loss rates that are used in computing the allowance for credit losses on loans. The allowance for credit losses for unfunded loan commitments of \$168,000 and \$144,000 at December 31, 2025 and 2024, respectively, is separately classified on the balance sheet within other liabilities.

The following table presents the balance and activity in the allowance for credit losses for unfunded loan commitments for the year ended December 31, 2025 and 2024 (In thousands):

	<u>2025</u>	<u>2024</u>
Balance, beginning of year	\$ 144	\$ 622
Provision for unfunded commitments	<u>24</u>	<u>(478)</u>
Balance, end of year	<u>\$ 168</u>	<u>\$ 144</u>

NOTE Q - COMMITMENTS AND CONTINGENCIES

The Bank is a defendant in legal actions arising from its normal business activities. Management, on advice from counsel, believes that those actions are without merit or that the ultimate liability resulting from them, if any, will not materially affect the Bank's financial position.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE R - OPERATING LEASES

The Bancorp has adopted Accounting Standards Update (“ASU”) 2016-02 *Leases*, which requires the recognition of certain operating leases on the balance sheet as lease right-of-use assets and related lease liabilities. See Note A - Summary of Significant Accounting Policies. Rent expense totaled \$226,325 and \$253,132 in 2025 and 2024, respectively. Rent expense includes amounts related to items that are not included in the determination of lease right-of-use assets including expenses related to short-term leases totaling \$7,165 and \$5,023 in 2025 and 2024, respectively.

The Bancorp’s leases have remaining terms ranging from one to three years, one of which includes three options to extend the lease for five years, per option. As of December 31, 2025, it is not reasonably certain that the options will be exercised. Lease payments per the agreement are \$5,000 per month, and beginning in January 2019, the annual rent increases by 3% per year.

Lease payments under operating leases that were applied to our operating lease liability totaled \$215,253 and \$212,585 during 2025 and 2024, respectively. The following table reconciles future undiscounted lease payments due under non-cancelable operating leases (those amounts subject to recognition) to the aggregate operating lessee lease liability as of December 31, 2025.

A maturity analysis of the operating lease liability and reconciliation of the undiscounted cash flows to the total operating lease liability is as follows:

	2026	\$ 103,199
	2027	78,280
	2028	-
	2029	-
	2030	-
	Thereafter	-
Total undiscounted cash flows		181,479
Discount on cash flows		<u>(4,212)</u>
Total operating lease liability included in the accompanying balance sheet		<u>\$ 177,267</u>
Weighted-average remaining lease term in years		1.74
Weighted-average discount rate		2.29%

Gain on sale of bank property	9	1,124
Other	<u>797</u>	<u>1,046</u>
Other noninterest income	<u>1,580</u>	<u>3,867</u>
Total noninterest income	<u>\$ 8,551</u>	<u>\$ 10,984</u>

A description of the Bancorp's revenue streams accounted for under FASB ASC 606 follows:

Service Charges on Deposit Accounts: The Bancorp earns fees from its deposit customers for transaction-based, account maintenance, and overdraft services. Transaction-based fees, which include services such as wire fees, stop payment charges, statement rendering, ATM fees, and ACH fees, are recognized at the time the transaction is executed as that is the point in time the Bancorp fulfills the customer's request. Account maintenance fees, which relate primarily to monthly maintenance, are earned over the course of a month, representing the period over which the Bancorp satisfies the performance obligation. Overdraft fees are recognized at the point in time that the overdraft occurs.

Other Service Charges, Commissions, and Fees: The Bancorp earns interchange fees from debit cardholder transactions conducted through a payment network. Interchange fees from cardholder transactions represent a percentage of the underlying transaction value and are recognized daily, concurrently with the transaction processing services provided to the cardholder.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE S - REVENUE FROM CONTRACTS WITH CUSTOMERS (Continued)

Gains on Sales of Other Real Estate Owned: The Bancorp records a gain from the sale of other real estate owned when control of the property transfers to the buyer, which generally occurs at the time of an executed deed. When the Bancorp finances the sale of other real estate owned to the buyer, the Bancorp assesses whether the buyer is committed to perform their obligations under the contract and whether collectability of the transaction price is probable. Once these criteria are met, the other real estate asset is derecognized and the gain on sale is recorded upon the transfer of control of the property to the buyer. In determining the gain on the sale, the Bancorp adjusts the transaction price and related gain on sale if a significant financing component is present.

Income from Mortgage Loan Fees: The Bancorp earns fees for originating mortgage loans. The originated loans are pre-sold into the secondary market; therefore, the Bancorp recognizes these fees at the point in time when the loans are originated.

Other Income: Other income from contracts with customers include safe deposit fees and instant issue debit card fees. This revenue is recognized at the time the transaction is executed or over the period the Bancorp satisfies the performance obligation.

NOTE T - SENIOR PREFERRED STOCK

On December 27, 2020, the Consolidated Appropriations Act of 2021 (Act) was signed into law and added a new section 104A to the Community Development Banking and Financial Institutions Act of 1994. Section 104A authorized the United States Department of the Treasury (Treasury) to establish the Emergency Capital Investment Program (ECIP), through which the Treasury can make capital investments to certain low and moderate-income community financial institutions. The Act states that the purpose of these capital investments is to support the efforts of low and moderate-income community financial institutions to, among other things, provide loans, grants, and forbearance for small businesses, minority-owned businesses, and consumers in low-income and underserved communities, including persistent poverty counties, which may be disproportionately impacted by the economic effects of the COVID-19 pandemic. Under ECIP, a financial institution is generally eligible to receive capital investments from the Treasury if it is a low and moderate-income community financial institution, which is defined by the Act to include any financial institution that is (1) a community development financial institution (CDFI) or minority depository institution, and (2) an insured depository institution, bank holding company, savings and loan holding company, or federally insured credit union. Under ECIP, the Treasury can acquire senior preferred stock (Senior Preferred Stock) from eligible banking organizations. If the Treasury determines that an eligible banking organization cannot feasibly issue preferred stock, such as banks organized as S-Corporations or mutual banking organizations, the Treasury can acquire subordinated debt instruments. In 2022 the Bancorp issued 50,595 shares of no par non-cumulative senior preferred stock in exchange for ECIP funds totaling \$50,595,000.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE T - SENIOR PREFERRED STOCK (Continued)

The Senior Preferred Stock will pay quarterly non-cumulative dividends based on an increase in qualified lending compared to a baseline. An increase in qualified lending of less than 200% of the capital investment will yield a dividend of 2.00%. An increase between 200% and 400% of the capital investment will yield a dividend of 1.25%. An increase in qualified lending greater than 400% of the capital investment will yield a dividend of 0.05%. No dividends will accrue or be due for the first 24 months following the capital investment. Dividends will begin to accrue on the 2-year anniversary of the investment date. Dividends will be payable quarterly in arrears on March 15, June 15, September 15 and December 15. The first quarterly payment will be due on the first dividend payment date following the 2-year anniversary of the investment date. Following the 2-year anniversary of the investment date, if dividends are not declared, the Chief Executive Officer and Chief Financial Officer of the Bancorp will be required to provide written notice, no later than three business days prior to the payment date, informing the Treasury that dividends will not be declared and the rationale of the Bancorp's Board of Directors for not declaring dividends.

If dividends on the Senior Preferred Stock have not been declared and paid in full for five quarterly dividend periods or more, whether or not consecutive, Treasury will have the right, but not the obligation, to appoint a representative to serve as an observer on the Bancorp's Board of Directors. This right will end when full dividends have been paid for four consecutive subsequent dividend periods. If dividends on the Senior Preferred Stock have not been declared and paid in full for six quarterly dividend periods or more, whether or not consecutive, Treasury will have the right to elect two directors to the Bancorp's Board of Directors. The right to elect directors will end when the full dividends have been paid for four consecutive subsequent dividend periods.

NOTE U - BUSINESS COMBINATION

On April 10, 2024, the Bancorp completed a merger with Mississippi River Bank (MRB), whereby the Bancorp acquired substantially all of the assets and assumed substantially all of the liabilities of MRB, in a purchase and assumption transaction, in exchange for a cash consideration of \$27,694,068. The primary reasons for the acquisition were to realize cost synergies and to expand the Bancorp's footprint by acquiring a financial institution with banking operations in Belle Chasse, Louisiana and Port Sulphur, Louisiana. The disclosures of these amounts are impracticable due to the merging of certain processes and systems at the effective date. Acquisition related costs of \$242,870 are included in other noninterest expense in the Bancorp's Consolidated Statements of Income for the year ended December 31, 2024.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE U - BUSINESS COMBINATION (Continued)

In connection with the acquisition, the Bancorp recorded \$2,606,134 in goodwill, which will be deductible for income tax purposes over a period of fifteen years. Additionally, the Bancorp recognized \$5,322,992 of core deposit intangibles which will be amortized over ten years for financial statement purposes and fifteen years for income tax purposes. The following table summarizes the amounts of assets acquired and liabilities assumed at the acquisition date:

Fair Value of Consideration Transferred:	
Cash	\$ 27,694,068
Identifiable assets:	
Cash and due from banks	58,790,843
Available-for-sale debt securities	34,372,099
Equity securities	77,000
Loans	24,237,122
Property and equipment	2,560,068
Core deposit intangible	5,322,992
Other assets	369,463
Total assets	<u>125,729,587</u>
Identifiable liabilities	
Deposits	100,447,029
Other liabilities	194,624
Total liabilities	<u>100,641,653</u>
Identifiable net assets acquired	<u>25,087,934</u>
Goodwill resulting from acquisition	<u>\$ 2,606,134</u>

The fair value of net assets acquired includes fair value adjustments to certain loan receivables that were not considered impaired as of the acquisition date. The fair value adjustments were determined using discounted contractual cash flows. However, the Bancorp believes that all contractual cash flows related to these financial instruments will be collected. As such, these receivables were not considered impaired at the effective date of the merger and were not subject to the guidance related to purchased credit deteriorated loans, which have shown evidence of credit deterioration since origination. Receivables acquired that were not subject to these requirements include non-impaired loans with a fair value of \$24,237,122 and gross contractual amounts receivable of \$24,335,315. The fair value discount of \$98,193 represents expected credit losses and adjustments to market interest rates.

MERCHANTS & MARINE BANCORP, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE U - BUSINESS COMBINATION (Continued)

The Bancorp recognized contract assets and contract liabilities from revenue contracts with customers as a result of the business combination. The related revenue contracts with customers are recognized in accordance with ASC Topic 606. The Bancorp elected the following practical expedients on the date of acquisition:

1. The aggregate effect of all modifications that occurred before the acquisition date was reflected when:
 - a. Identifying the satisfied and unsatisfied performance obligations.
 - b. Determining the transaction price.
 - c. Allocating the transaction price to the satisfied and unsatisfied performance obligations.
2. The standalone selling price was determined at the acquisition date for all contracts, for the purpose of allocating the transaction price, of each performance obligation in the contract as opposed to using the contract inception date.

The application of the above expedients was designed to simplify the evaluation and allocation process for the acquired revenue contracts. The Bancorp has assessed the impact of applying these practical expedients and concluded that there was no material impact on the recognition or measurement of contract assets, contract liabilities, or the allocation of transaction price. Accordingly, the expedients did not have a material effect on the Bancorp's consolidated financial statements for the year ended December 31, 2024.

NOTE V - SUBSEQUENT EVENT - PENDING ACQUISITION

On September 19, 2025, the Bancorp entered into an agreement to acquire Farmers - Merchants Bank & Trust Company ("FMB"). Pursuant to this agreement, FMB will be merged into the Bank. Under the terms of the merger agreement, each share of FMB common stock outstanding immediately prior to the effective time of the merger will be converted into the right to receive a cash payment, subject to the terms and conditions of the merger agreement. FMB is headquartered in Breaux Bridge, Louisiana, and reported total assets of approximately \$467,175,000 and total liabilities of approximately \$406,608,000 at December 31, 2025, based on call report filings. This transaction has received approval from the shareholders of FMB and the FDIC and is anticipated to be completed during the second quarter of 2026. The Bancorp is in the process of determining the fair values of the assets acquired and liabilities assumed; therefore, the initial accounting for the business combination is incomplete.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS
(In Thousands)**

The Company is reporting Net Income of \$4,284, or \$2.46 per share, for the 12 months ended December 31, 2025 compared to \$5,935, or \$4.06 per share, for the 12 months ended December 31, 2024. Return on average assets totaled 0.49% and 0.76% for the years ended December 31, 2025, and December 31, 2024, respectively. Return on average common equity for the 12 months ended December 31, 2025 and December 31, 2024, totaled 5.52% and 7.23%, respectively. Income for the year ended December 31, 2025 was materially impacted by legal and consultant expenses associated with the company's pending acquisition of Farmers-Merchants Bank & Trust, along with expenses associated with scaling its back office in preparation for a material increase in business activity associated with the aforementioned merger. Management expects to realize substantial earnings improvement associated with the merger beginning in the second quarter of 2026.

The Company's net interest margin is a prime indicator of its profitability, and remains exceptionally healthy. The net interest margin (tax equivalent basis) reflects the spread between interest-earning asset yields and interest-bearing liability costs, and the percentage of interest-earning assets funded by interest-bearing liabilities. The Company's net interest margin (tax equivalent) decreased to 4.80% at December 31, 2025, from 5.35% in the same period in 2024; this ranked in the 91st percentile of our peer group. Ongoing enhancement of pricing strategies, paired with the company's liquidity position and low dependency on certificates of deposit served to hold average funding costs to 1.09% in 2025 from 0.61% in 2024. It should be noted that this number was inflated materially in 2025 due to the execution of a bond strategy devised to support income until the consummation of our pending merger. That bond strategy increased bond holdings by approximately \$200 million. The bonds were funded by equivalent borrowings from the Federal Home Loan Bank of Dallas (FHLB). Both the bonds and the borrowings reprice at the beginning of each month to market rates, and a spread of approximately 80 basis points is maintained between them. The bonds are explicitly guaranteed by the full faith and credit of the United States government. This strategy allowed management to add earning assets with no credit risk and negligible interest rate risk to the balance sheet, while supporting earnings until efficiencies could be gained with the addition of Farmers-Merchants Bank. Management expects to begin liquidating this position upon the consummation of the merger. Cost of deposits outside of the FHLB funding was just 43 basis points, lower than 99% of banks in our peer group.

Average assets totaled \$872,758 for the year ended December 31, 2025, an increase of \$144,988, or 19.92%, from \$727,770 through the year ended December 31, 2024. Average net loans totaled \$459,520 during 2025, an increase of \$20,868, or 4.76%, from 2024. Loan growth was generally driven by organic growth in the portfolios of the two commercial banking divisions, along with portfolio loan growth at Canvas Mortgage, and retained non-guaranteed loan portions of sold SBA-guaranteed loans at Voyager Lending. Overall asset growth outside of loans was primarily due to the aforementioned bond strategy.

Average total deposits grew by \$47,628, or 8.18%, to \$629,751 in 2025, while averaging \$582,123 during 2024. All deposit growth in 2025 was organic in nature, and concentrated in demand deposit accounts and savings accounts. Certificates of deposit did not materially increase during 2025, thus maintaining our peer-leading cost of deposits.

Total non-performing assets, including non-accrual loans, accruing loans past due over 90 days, and other real estate owned, totaled \$7,903 and \$4,889 in 2025 and 2024, respectively. While this rate has increased

somewhat, it remains well below the historical rate of non-performing assets at the company. Non-performing loans, as a percentage of net loans, were 1.77% as of December 31, 2025, and 1.10% as of December 31, 2024.

The Company places a great emphasis on maintaining its strong capital base. The Company's management and Board of Directors continually evaluate business decisions that may have an impact on the level of stockholders' equity. It is their goal that the bank maintains a "well-capitalized" equity position. The bank's regulator defines a "well-capitalized" institution as one that has at least a 10% total risk-based capital ratio, a 6.5% common equity Tier 1 capital ratio, an 8% Tier 1 risk-based capital ratio, and a 5% leverage ratio. The Company's capital ratios for 2025 were 25.02%, 14.60%, 23.99% and 13.67% compared to 21.98%, 12.61%, 20.92% and 17.78% for 2024, respectively. The Company's strong capital base not only protects the bank against risks presented by the industry and the economy, but also positions the company to take advantage of growth and expansion opportunities as they arise. Management expects to maintain healthy capital cushions post-merger as well.

Stockholders' equity (inclusive of preferred stock) to total assets for FYE 2025 and FYE 2024 was 14.06% and 17.62%, respectively. Common equity to total assets stood at 8.63% and 10.55% for the same periods. The decrease in those ratios was driven primarily by the increase in bond assets in 2025. Upon liquidation of that position, capital ratios will move higher. The very low risk associated with those assets is reflected in the risk-adjusted capital ratios in the preceding paragraph.

OTHER INFORMATION

Information Relating to Common Stock

At December 31, 2025, the Company's authorized capital stock consisted of 5,000,000 shares of common stock, par value \$2.50 per share, of which 1,330,338 were issued and outstanding. The Company joined the OTCQX Market Place on January 19, 2018, trading under the ticker symbol MNMB. The common stock was not traded on an exchange prior to this date, nor was there a known active trading market. As of December 31, 2025, the common stock of the Company was held of record by 844 stockholders. Based solely on information made available to the Company from limited numbers of buyers and sellers, the Company believes that the following table sets forth the quarterly range of sales prices for the Company's stock during the years 2025 and 2024.

Stock Prices

<u>2025</u>	<u>High</u>	<u>Low</u>
1 st Quarter	\$43.50	\$41.40
2 nd Quarter	43.00	38.02
3 rd Quarter	41.00	38.25
4 th Quarter	41.00	38.70

<u>2024</u>	<u>High</u>	<u>Low</u>
1 st Quarter	\$51.50	\$46.50
2 nd Quarter	47.20	44.15
3 rd Quarter	45.75	43.10
4 th Quarter	47.25	42.45

During each quarter of 2025 and 2024, cash dividends on common stock were paid as follows:

	<u>2025</u>	<u>2024</u>
1 st Quarter	\$0.55	\$0.55
2 nd Quarter	0.30	0.30
3 rd Quarter	0.30	0.30
4 th Quarter	<u>0.30</u>	<u>0.30</u>
Total	\$1.45	\$1.45

Although no assurances can be given, the Company anticipates that cash dividends on shares of the Company's common stock will continue to be paid during 2026, subject to the discretion of the Board of Directors.
