Any additional material details, including footnotes to the table are below:

(1) On August 10, 2022, the Company issued a Senior Secured Convertible Promissory Note to Leonite Fund I, LP, in the principal amount of up to \$625,000. The Note was issued with an original issue discount of \$75,000, for gross proceeds of up to \$550,000, to be advanced in one or more tranches, with the original issue discount applied on a pro rata basis based on the percentage of the purchase price advanced. In total the Company received ten tranches of funding. The Note is secured by all of the assets of the Company. The Note/s bear interest at 12% per annum and each tranche matures and is payable 12 months following the advance date. The Note is convertible into common shares at the option of the holder at a fixed price of \$0.005 per share. As of the date of this Report the Note is past due.

As of December 31, 2025 the Company owed \$1,916,444 in principal to Leonite along with accrued interest of \$857,651 for a total due of \$1,774,095. The note does not require the lender to declare a default; however, the Company believes the note is in default due to the occurrence of events of default as defined in the agreement. Accordingly, the full outstanding balance may be immediately due and payable.

In addition to the stated interest rate on the outstanding loan balance, the lender has assessed penalty interest and fees as a result of non-payment and other events of default under the terms of the agreement, which have increased the amounts owed under the facility. The Company has engaged in discussions with the lender from time to time regarding potential modifications or forbearance arrangements; however, no agreement has been finalized. As of the date of this report, the loan is accruing interest at a rate of 24% per annum, plus applicable monitoring and related fees.

NOTES TO UNAUDITED FINANCIAL STATEMENTS

NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

International Star, Inc. was incorporated in Nevada in October 1993 (referred to herein as "the Company"). Historically, the Company's business operations were primarily focused on exploration of mining claims and mining properties. In June 2022, a controlling stake in International Star was acquired by ILST Holdco LLC, a limited liability company organized under the laws of the State of Delaware. Under its new management, the Company's strategic objective is to acquire, merge with and build revenue and cash flow producing companies in order to create successful and financially robust enterprises which would consistently create and build stakeholders' value.

On August 24, 2022, the Company entered into a transaction to acquire Budding Equity, Inc. ("BEi") a Canadian company that partners with movie studios and celebrities to monetize their intellectual property (IP) in the burgeoning global cannabis industry, using best in class manufacturers and distributors. On or about February 14, 2023, the Company completed its acquisition of BEi. As a result, ILST became the sole owner of all of BEi's outstanding shares, making BEi the Company's wholly-owned subsidiary.

The Company has a fiscal year end of December 31 and is listed on the OTC Pink Markets under the trading symbol ILST. Prior to the Company's acquisition by ILST Holdco LLC, the Company had abandoned its business and failed to take steps to dissolve, liquidate and distribute its assets. It had also failed to meet the required reporting requirements with the Nevada Secretary of State, hold an annual meeting of stockholders and pay its annual franchise tax from 2015 to 2021 which resulted in its Nevada charter being revoked. The Company also failed to provide adequate current public information as defined in Rule 144, promulgated under the Securities Act of 1933, and was thus subject to revocation by the Securities and Exchange Commission pursuant to Section 12(k) of the Exchange Act. On May 25, 2021, a shareholder filed a petition for custodianship, with the District Court, Clark County, Nevada and was appointed as the custodian of the Company on June 3, 2021. The Company's Nevada charter was reinstated on June 4, 2021, and all required reports were filed with the State of Nevada shortly thereafter.

The Company remains active as of the date of this report and provides adequate current public information to meet the requirements under the Securities Act of 1933.

The Company incurred operating losses in previous years, resulting in an accumulated deficit of \$6,419,202 on December 31, 2012. By November 8, 2013, the Company filed Form 15-12G with the SEC to terminate its reporting obligations under the 1934 Act. After their December 31, 2015 quarterly reports of December 31, 2015, the Company stopped all forms of making public reports of its operation and financial results.

On April 22, 2021, Alpharidge Capital, LLC, a shareholder of the Company, served a demand to the Company, at its last address of record, to comply with the Nevada Secretary of State statues N.R.S. 78.710 and N.R.S. 78.150. On May 25, 2021, a petition was filed against the Company in the District Court of Clark County, Nevada, entitled "In the Matter of International Star, Inc., a Nevada corporation" under case number A-21-835183-P by Alpharidge Capital, LLC, along with an Application for Appointment of Custodian, after several attempts to have prior management reinstate the Company's Nevada charter, which had been revoked.

On June 03, 2021, the District Court of Clark County, Nevada entered an Order Granting Application for Appointment of

Alpharidge Capital, LLC (the "Order"), as Custodian of the Company. Pursuant to the Order, Alpharidge Capital, LLC (the "Custodian") had the authority to take reasonable and prudent actions on behalf of the Company including, but not limited to, issuing shares of stock, and issuing new classes of stock, as well as entering in contracts on behalf of the Company. In addition, the Custodian, pursuant to the Order, was required to meet the requirements under the Nevada charter.

On June 11, 2021, pursuant to a Securities Purchase Agreement (SPA) the Custodian granted to Community Economic Development Capital, LLC. (“CED Capital”), 50 Series A preferred shares (convertible at 1 into 200,000,000 common shares, and having voting rights of 60% of all votes) in exchange for \$35,000 which the Company used to fund the reinstatement of the Company with the State of Nevada, which included the settlement of the Stock Transfer Agent’s balance. CED Capital also undertook to make all reasonable efforts to provide adequate current public information to meet the requirements under the Securities Act of 1933.

On June 15, 2021, the Company filed a Certificate of Revival with the Secretary State of the State of Nevada, which reinstated the Company’s charter and appointed a new Resident Agent in Nevada.

On June 16, 2021, the Custodian appointed Ambrose O Egbuonu, who is associated with Alpharidge Capital, LLC., as the Company’s president, CEO, secretary, treasurer, and director.

On December 9, 2021, the District Court of Clark County, Nevada entered an Order Granting Alpharidge Capital’s motion to terminate custodianship.

On April 15, 2022, Mr. Ambrose Egbuonu resigned from the position of director of the Company.

On July 20, 2021, the preferred shares were transferred to Caren D. Currier for \$75,000 paid in cash. Subsequently, Caren D Currier was elected as President, CEO, secretary, treasurer, and director of the Company. The holder of the 50 Series A preferred shares has control of the Company through 60% voting rights over all classes of stock and the 50 Series A preferred shares are convertible into 10,000,000,000 (50 Series A preferred shares multiplied by 200,000,000) shares of the Company’s common stock. Subsequently, on or about June 10, 2022, ILST Holdco LLC, through a private transaction, acquired the 50 Series A preferred shares from Caren Currier.

The shares of Special 2021 Series A Preferred Stock are convertible into 10,000,000,000 shares of the Company’s Common Stock, with each such share having one vote.

Following the election of Caren D. Currier as President, CEO, secretary and treasurer of the Company, Mr. Ambrose Egbuonu resigned from the position of President, CEO, secretary, and treasurer of the Company.

On February 14, 2023, the Company completed its acquisition (the “Acquisition”) of Budding Equity Inc. (“BEi”), and the Company is now the sole owner of all of BEi’s outstanding shares, making BEi the Company’s wholly-owned subsidiary. As of February 14, 2023, upon the completion of the Acquisition, the Company believes that it has ceased to be a shell company,” With the BEi acquisition, the Company is now operating an established cannabis royalty business with significant licensing agreements in place. This business generates royalty revenues from both the sale of celebrity cannabis strains (in multiple states) as well as licensed and branded cannabis-related hardware.

NOTE 2 – BASIS OF PRESENTATION AND GOING CONCERN

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. All intercompany transactions have been eliminated.

Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. As of December 31, 2025, the Company had an accumulated deficit of \$12,999,371 and \$121,095 in cash used in operating activities. The Company cannot be certain that it will be successful even if it

obtains outside funding. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include demand deposits, money market funds, and all highly liquid debt instruments with original maturities of three months or less.

Financial Instruments

The FASB issued ASC 820-10, Fair Value Measurements and Disclosures, for financial assets and liabilities. ASC 820-10 provides a framework for measuring fair value and requires expanded disclosures regarding fair value measurements.

ASC 820-10 defines fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. ASC 820-10 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required by the standard that the Company uses to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the related assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Concentrations and Credit Risks

The Company's financial instruments that are exposed to concentrations and credit risk primarily consist of its cash, sales, and accounts receivable. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. At times, its cash and cash equivalents with a particular financial institution may exceed any applicable government insurance limits. The Company's management plans to assess the financial strength and creditworthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

Foreign Currency Translation

The accounts of the Company are accounted for in accordance with the Statement of Financial Accounting Standards No. 52 ("SFAS 52"), "Foreign Currency Translation". The financial statements of the Company are

translated into US dollars as follows: assets and liabilities at year-end exchange rates; income, expenses, and cash flows at average exchange rates; and shareholders' equity at historical exchange rates.

Monetary assets and liabilities, and the related revenue, expense, gain and loss accounts, of the Company are re-measured at year-end exchange rates. Non-monetary assets and liabilities, and the related revenue, expense, gain, and loss accounts are re-measured at historical rates. Adjustments which result from the re-measurement of the assets and liabilities of the Company are included in net income.

Share-Based Compensation

ASC 718, Compensation – Stock Compensation, prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities, or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the financial statements based on their fair values. That expense is recognized in the period of grant.

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50, Equity – Based Payments to Non-Employees. Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier of performance commitment date or performance completion date.

As of December 31, 2025 and December 31, 2024, respectively, there was \$-0- and \$-0- of recognized expense related to non-vested stock-based compensation arrangements granted. There have been no options granted during the quarter ended June 30, 2025.

Income Taxes

The Company accounts for income taxes under ASC 740, Income Taxes. Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs.

A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations. Deferred tax assets or liabilities were offset by a 100% valuation allowance, therefore there has been no recognized benefit as of December 31, 2025 and December 31, 2024 respectively. Further it is unlikely with the change of control that the Company will have the ability to realize any future tax benefits that may exist.

Commitments and Contingencies

The Company follows ASC 450-20, Loss Contingencies, to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

Earnings Per Share

Net income (loss) per share is calculated in accordance with ASC 260, Earnings Per Share. The weighted- average number of common shares outstanding during each period is used to compute basic earnings or loss per share. Diluted earnings or loss per share is computed using the weighted average number of shares and diluted potential common shares outstanding. Dilutive potential common shares are additional common shares assumed to be exercised.

Basic net income (loss) per common share is based on the weighted average number of shares of common stock outstanding on December 31, 2025 and December 31, 2024. Due to net operating loss, there is no presentation of dilutive earnings per share, as it would be anti-dilutive.

Accounting Pronouncements

There are no recently issued accounting pronouncements that will have a material impact on the Company.

NOTE 4 – INVESTMENTS

During the three months ending June 30, 2023, the Company invested \$200,000 in a film project. An additional \$85,000 was invested in another film project in the months ending September 30, 2023. \$5,000 was investment during the quarter ended June 30, 2024 and \$35,000 during the quarter ended September 30, 2024. The balance of investments was \$325,000 as of December 31, 2025.

NOTE 5 – BUSINESS ACQUISITION, PROMISSORY NOTE ACQUISITION

On February 14, 2023, the “Company” completed its acquisition (the “Acquisition”) of Budding Equity Inc. (“BEi”), and the Company is now the sole owner of all of BEi’s outstanding shares, making BEi the Company’s wholly-owned subsidiary. As of February 14, 2023, upon the completion of the Acquisition, the Company believes that it has ceased to be a “shell company.” With the BEi acquisition, the Company is now operating an established cannabis royalty business with significant licensing agreements in place. This business generates royalty revenues from both the sale of celebrity cannabis strains (in multiple states) as well as licensed and branded cannabis-related hardware.

The Company had previously acquired 7.5% of the common stock of BEi. Under the terms of the Acquisition the Company acquired the remaining 92.5% of the common stock of BEi by issuing a Promissory Note in the amount of \$1,094,000 with a zero percent interest rate (0%). On the date of acquisition, the Company also assumed \$47,666 in net liabilities, resulting in total purchase consideration and goodwill of \$1,144,996. As of June 30, 2023, the Company fully impaired the goodwill of \$1,144,996 resulting in an impairment charge of the same amount on its Consolidated Statements of Operations.

Subsequent to the Acquisition, the Company paid down the \$1,094,000 Promissory Note by issuing 58,200 Preferred B shares valued at \$582,000 -see Note 7 Equity, and by paying \$158,857 in cash during the three months ended June 30, 2023. During the three months ended June 30, 2023 the Company made additional payments of \$176,571 against the Promissory Note.

During the three months ended September 30, 2023 the Company made an additional payment of \$120,000 against the Promissory Note reducing the outstanding balance due to \$56,571. On September 22, 2023 the Company entered into a Modification Agreement (“Modification”) with the Sellers of BEi to reduce the balance due on the Promissory Note of \$56,571 to \$-0-, and for the sellers to return 5,723 shares of Preferred B shares they had received valued at \$57,230. These modifications arose as a result of the Company receiving less assets than originally forecast. The total value of the modification to the Company amounted to \$113,801 and reducing the impairment of goodwill to \$1,044,577.

NOTE 6 – CONVERTIBLE NOTES PAYABLE

On August 10, 2022, the Company issued a Senior Secured Convertible Promissory Note to Leonite Fund I, LP, in the principal amount of up to \$625,000. The Note was issued with an original issue discount of \$75,000, for gross proceeds of up to \$550,000, to be advanced in one or more tranches, with the original issue discount applied on a pro rata basis based on the percentage of the purchase price advanced. In total the Company received ten tranches of funding. The Note is secured by all of the assets of the Company. The Note/s bear interest at 12% per annum and each tranche matures and is payable 12 months following the advance date. The Note is convertible into common shares at the option of the holder at a fixed price of \$0.005 per share. As of the date of this Report the Note was past due.

As of December 31, 2025 the Company owed \$1,916,444 in principal to Leonite along with accrued interest of \$857,651 for a total due of \$1,774,095. The note does not require the lender to declare a default; however, the Company believes the note is in default due to the occurrence of events of default as defined in the agreement. Accordingly, the full outstanding balance may be immediately due and payable.

In addition to the stated interest rate on the outstanding loan balance, the lender has assessed penalty interest and fees as a result of non-payment and other events of default under the terms of the agreement, which have increased the amounts owed under the facility. The Company has engaged in discussions with the lender from time to time regarding potential modifications or forbearance arrangements; however, no agreement has been finalized. As of the date of this report, the loan is accruing interest at a rate of 24% per annum, plus applicable monitoring and related fees.

As additional consideration under the terms of this Senior Secured Convertible Promissory Note, the Company issued warrants to Leonite which are exercisable for 62,500,000 Common Shares of the Company. These warrants are exercisable for 60 Months, contain full-ratchet anti-dilution protection provisions, and have an exercise price of \$0.005. Using Black Scholes methodology, these warrants were valued at \$312,500 and immediately expensed as a financing cost during the year ended December 31, 2022.
