(Unaudited)

NOTE – 1 DESCRIPTION OF BUSINESS

Premier Biomedical, Inc. was incorporated in the State of Nevada on May 10, 2010 (“Inception”). Pursuant to a holding company reorganization in August 2020, the publicly traded company became Premier Holding Corp. (“the Company”), and was redomiciled in Colorado. Originally the Company was formed to develop and market medications. The company is now focused on complementing new EV battery technology as well as state of the art new generation ballistic gear, developing graphene enhanced formulations for a myriad of commercial and military applications.

NOTE – 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

For the purpose of the statements of cash flows, all highly liquid investments with an original maturity of three months or less are considered to be cash equivalents.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include valuation of convertible notes payable and the valuation allowance of deferred tax assets.

Fair value of financial instruments and financial statements

The Company measures financial assets and liabilities in accordance with generally accepted accounting principles. The financial statements have been prepared in accordance with generally accepted accounting principles.

(Unaudited)

Revenue recognition

Revenue from sales of products and services is recognized when persuasive evidence of an arrangement exists, products have been shipped or services have been delivered to the customer, the price is fixed or determinable and collection is reasonably assured.

Stock-based compensation

The Company accounts for stock-based instruments issued to employees in accordance with ASC Topic 718. ASC Topic 718 requires companies to recognize in the statement of operations the grant-date fair value of stock options and other equity based compensation issued to employees and earned. The Company accounts for non-employee share-based awards in accordance with ASC Topic 505-50.

Fixed Assets

Fixed assets are recorded at cost, net of accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Repairs and maintenance are charged to expense as incurred. Expenditures for betterments and renewals are capitalized. The cost of fixed assets and the related accumulated depreciation are removed from the accounts upon retirement or disposal with any resulting gain or loss being recorded in operations.

Intangible Assets

Intangible assets with no determinable life are initially assessed for impairment upon purchase, with subsequent assessments required annually. When there is reason to suspect that their values have been diminished or impaired, a write-down is recognized as necessary. Intangible assets with rights that expire over time are amortized over the time period that the rights exist.

Income taxes

Income Taxes - The Company accounts for income taxes using the provisions of Statement of Financial Accounting Standards ("SFAS") No.109, Accounting for Income Taxes. Under this standard, deferred tax assets and liabilities represent the estimated tax effects of future deductible or taxable amounts attributed to differences between the financial statements carrying amounts and the tax bases of existing assets and liabilities. The standard also allows recognition of income tax benefits for loss carry-forwards, credit carry-forwards and certain temporary differences for which tax benefits have not previously been recorded. Valuation allowances are provided for uncertainties associated with deferred tax assets.

Net loss per share

The Company computes net earnings (loss) per share in accordance with ASC 260-10, "Earnings per Share." ASC 260-10 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement. Basic EPS is computed by dividing net income (loss) available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period. Diluted EPS excludes all dilutive potential common shares if their effect is anti-dilutive.

NOTE 3 – Going Concern:

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. Currently, the Company has incurred operating losses, and as of December 31, 2025 the Company also had a working capital deficit and an accumulated deficit with no revenues since inception. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management believes that the Company's capital requirement will depend on many factors including the success of the Company's development efforts and its efforts to raise capital.

purpose. There is no assurance that such financing will be available in the future. The conditions described above raise substantial doubt about our ability to continue as a going concern. The financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amount and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.
