Flowerkist Skin Care and Cosmetics, Inc. is pursuing a strategic repositioning under new management following the change in control completed on December 11, 2025. The Company is in the process of establishing two core business lines: (i) motion picture production financing, and (ii) a digital asset reserve strategy centered on Bitcoin accumulation.

As of December 31, 2025:

- The Company had **no revenue-generating operations** during the reporting period. Activities were focused on capital formation, management transition, and the initial groundwork for its planned business operations.

Motion Picture Production Financing. The Company intends to establish itself as a financing partner for independent and commercial motion picture productions. Management's strategy is to identify, evaluate, and provide structured capital to film projects across development, pre-production, production, and post-production stages. The Company aims to generate returns through a combination of profit participation, licensing arrangements, and distribution agreements. Management believes the entertainment finance sector presents a compelling opportunity to deploy capital into projects with defined timelines, contractual revenue structures, and meaningful upside participation.

Digital Asset Reserve Strategy. The Company also intends to develop a treasury reserve strategy incorporating Bitcoin as a long-term store-of-value asset. Management intends to allocate a portion of available capital toward the systematic acquisition and custodial holding of Bitcoin, with the objective of preserving and appreciating corporate value over time. This strategy is intended to complement the Company's operating businesses by providing a non-correlated, liquid balance sheet asset. The Company intends to adopt formal governance policies governing Bitcoin acquisition, custody, and reporting as it operationalizes this initiative.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The financial statements are unaudited and have been prepared by management.

Note 2 – Change in Control

On December 11, 2025, the Company completed a change in control transaction whereby new management assumed control of the Company. Prior officers and directors resigned and new management was appointed.

Note 3 – Nature of Operations

The Company had no active operations prior to December 11, 2025. Activities during the reporting period were limited to capital formation, organizational activities, and transaction execution. The Company did not generate revenue during the year ended December 31, 2025. The accumulated deficit includes historical losses incurred prior to the change in control. Financial activity prior to December 11, 2025 was nominal and not material to the financial statements. Subsequent to the change in control, new management has commenced planning for the Company's intended business operations in motion picture production financing and digital asset reserve accumulation, as described further in Item 4 of this disclosure statement.

Note 4 – Cash Activity

From December 11, 2025 through December 31, 2025, the Company received \$350,000 in capital, consisting of \$250,000 from stock subscription agreements and \$100,000 from a founder contribution.

Total cash outflows of approximately \$379,369 were primarily related to the change in control transaction, settlement of legacy obligations, and restructuring activities.

Bank account activity during the period reflects higher gross deposits and withdrawals due to transactional movements associated with restructuring and the change in control. These amounts do not represent additional capital inflows.

Net cash decreased by approximately \$33,737 during the period, resulting in an ending cash balance of \$26,654 as of December 31, 2025.

Note 5 – Founder Contribution

During the year ended December 31, 2025, the Company received a capital contribution of \$100,000 from an officer of the Company. The contribution was made in cash and has been recorded as additional paid-in capital.

No shares were issued in connection with this contribution during the reporting period. The contribution is non-refundable and no amounts are owed to the contributing officer as of December 31, 2025.

The contribution is reflected as a financing activity in the statement of cash flows.

Note 6 – Stockholders' Equity

The Company has 300,000,000 authorized shares of common stock with a par value of \$0.0001 per share. As of December 31, 2025, there were 3,519,612 shares issued and outstanding.

All issued and outstanding shares as of December 31, 2025 were issued prior to the change in control and represent legacy ownership.

During the year ended December 31, 2025, the Company received \$250,000 pursuant to stock subscription agreements. As the related shares had not been issued as of year-end, the amounts were recorded as a liability under common stock subscriptions payable. These amounts remain classified as stock subscriptions payable until the related shares were issued in 2026.

The shares associated with these subscription agreements were issued subsequent to year-end in 2026.

In addition, the Company received a \$100,000 capital contribution from an officer, which was recorded as additional paid-in capital.

No shares of common stock were issued during the reporting period.

No preferred stock was outstanding as of December 31, 2025. Preferred stock was issued in February 2026 as a subsequent event.

No changes occurred to issued and outstanding common shares during the reporting period. All issued shares represent legacy ownership prior to the change in control.

Note 7 – Liabilities

All liabilities incurred prior to the change in control, including convertible debt and related party obligations, were satisfied in cash prior to December 31, 2025. The Company's only liability as of December 31, 2025 is common stock subscriptions payable of approximately \$250,000, which arose during the current reporting period in connection with new capital raised by current management.

Note 8 – Going Concern

The Company has not generated revenues and is dependent on additional financing to fund operations. Management is actively pursuing its planned business operations in motion picture production financing and digital asset reserve accumulation, and intends to raise additional capital to fund these initiatives. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Note 9 – Subsequent Events

Management has evaluated subsequent events through the date these financial statements were prepared. In February 2026, the Company issued common stock related to prior period subscription agreements and issued preferred stock to Michael Henriksen.

Note 10 – Significant Accounting Policies
