4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

The Issuer functions as a strategic business incubator dedicated to the formation, acquisition, and operational development of transformative enterprises. Led by its majority owner and lead operator, Aeon Group, Inc., the Issuer maintains an active role in the lifecycle of its portfolio, having successfully incubated and transitioned subsidiary companies through various stages of growth and subsequent spin-off.

In July 2017, the Issuer's new management assumed control of the Issuer and continued its operations by forming two subsidiaries, Aster Brands, Inc., and MO Bloomfield, LLC. MO Bloomfield, LLC, and then acquiring the assets of Mangia Organica, LLC ("Mangia Organica"), an operating fast casual restaurant in Bloomfield, New Jersey. The Issuer's management applied for PPP loans to expand Mangia Organica from 1 to multiple locations. The Issuer's management was unsuccessful in obtaining the PPP loans, and expansion efforts were otherwise negatively impacted by the COVID pandemic; as a result, the Issuer terminated the Mangia Organica business.

In the 3rd quarter of 2022, the Issuer launched a startup subsidiary, Geneships Maritime, Inc., intending to pursue the maritime shipping business. As of the end of the calendar year 2022, Geneships Maritime, Inc. identified specific Maritime vessels to be leased and entered negotiations with the vessels' owners.

In the first quarter of 2023, the Issuer entered into a perpetual software license agreement with Aeon Group, M.I.K.E., to access the AeonX software platform, enabling the Issuer to offer services to potential clients using the AeonX platform. Subsequently, the Issuer entered into Service Agreements with multiple affiliated private fund managers to provide and be compensated for administrative, operating, and platform services. These agreements were made with affiliated parties and not at arm's length, and constitute related-party transactions.

In the second quarter of 2024, the Issuer formed a startup subsidiary, IDEA Mgmt., LLC which was formed as a private fund manager for various affiliated private investment funds. The formation of IDEA Mgmt., LLC is intended to continue incorporating Aeon Group's existing business lines through establishing new entities. With the establishment of IDEA Mgmt., LLC, the Issuer will form and manage new private investment funds.

In the third quarter of 2024, the Issuer's wholly-owned subsidiary, IDEA Mgmt., LLC, assumed the sponsorship and formation of Aeon Dragon Fund I, LLC ("the Fund") from The Aeon Group, Inc. Pursuant to the terms of the Fund's Operating Agreement and Private Placement Memorandum, IDEA Mgmt., LLC serves as the Fund Manager. The Fund is a Delaware series limited liability company currently conducting an offering of membership interests to non-U.S. persons in offshore transactions, pursuant to the safe harbor provided by Regulation S under the Securities Act of 1933. The Fund's primary investment objective is to deploy capital into a diversified portfolio of global startups, emerging growth companies, and late-stage technology enterprises through both primary issuances and secondary market acquisitions

B. List any subsidiaries, parent company, or affiliated companies.

- IDEA Mgmt., LLC, a wholly-owned subsidiary domiciled in Nevada.
- Aeon Dragon Fund I, LLC, an affiliated private investment fund formed as a Series Limited Liability Company in Delaware

C. Describe the issuers' principal products or services.

While maintaining its history as a technology incubator, management plans to incorporate select components of its existing financial technology ecosystem within the Issuer's operations, including established and to-be-formed entities and their respective business lines. The intended result is for the Issuer to be the fully reporting survivor to the Aeon financial technology ecosystem and its corresponding lines of business. The lines of business that the Issuer intends to take over from Management's existing businesses initially include providing administrative, operational, and digital platform services to private funds for a fee. To accomplish this, the Issuer has been developing the AeonX software platform in cooperation with affiliated companies in anticipation of taking over administrative and operational services for private fund management clients.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

Effective as of December 20, 2022, the Aeon Group, Inc., entered into a monthly contract for virtual mailbox and receptionist services from Starthubcenters.com for a monthly charge of \$49.00, which includes remote access for the Issuer's officers and directors.

6) All Officers, Directors, and 5% Beneficial Owners of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

Invent Ventures, Inc.
Notes to the Financial Statements

(Unaudited)

Invent Ventures, Inc. is referred to as the "Issuer".

NOTE 1 - NATURE OF OPERATIONS

In addition to continuing its history as an incubator, management intends to incorporate select components of its existing financial technology ecosystem, including established and to-be-formed entities and their respective business lines, into the Issuer's operations. The intended result is for the Issuer to be the fully reporting survivor to the Aeon financial technology ecosystem and its corresponding lines of business. Further, the Issuer's Management intends to utilize the Issuer as a vehicle for investing in and accelerating the growth of a select portfolio of companies in synergistic sectors and industries.

On September 9, 2022, the Issuer formed Geneships Maritime, Inc. ("Geneships", a Nevada corporation) as a wholly-owned subsidiary. The Issuer intends to invest globally in shipping vessels; subsequently, in month/year, Geneships was written off and is no longer an operating entity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Issuer's financial statements have been prepared by accounting principles generally accepted in the United States ("GAAP") as issued by the Financial Accounting Standards Board ("FASB"). The Issuer's financial statements have been prepared on a historical cost basis.

Revenue

During the period ended December 31, 2025, the Issuer had \$743,672 in revenues, compared to \$757,163 as of December 31, 2024.

Accounts Payable

During the period ending December 31, 2025, the Issuer had \$440,084 in accounts payable, ~~\$5,531 in accrued interest,~~ \$111,721 in accrued income tax, and \$17,014 as a note payable to a related party. As of December 31, 2024, the Issuer had \$305,596 in accounts payable, \$70,744 due to related party, \$4,226 in accrued interest, \$51,925 in accrued income tax, and \$70,432 as a note payable to a related party.

Inventory & Costs of Goods Sold

The Issuer had no inventory or costs for goods sold during the period that ended December 31, 2025, and December 31, 2024.

Income Taxes

Deferred taxes are recognized for operating losses available to offset future federal income taxes.

Advertising

During the period ending December 31, 2025, the Issuer did not engage in advertising.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Net income (loss) per share

Basic loss per share is computed by dividing the net income (loss) by the weighted average number of common shares outstanding during the period.

Property and equipment

All property and equipment are recorded at cost and depreciated over their estimated useful lives using the straight-line method. Upon sale or retirement, the cost and related accumulated depreciation are eliminated from their respective accounts, and the resulting gain or loss is included in the results of operations. Repair and maintenance charges that do not extend the useful lives of the assets are charged to operations as incurred.

Cash and equivalents

For the statement of cash flows, the Issuer considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Financial Instruments

Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) 825, Disclosures about Fair Value of Financial Instruments, requires disclosures of the fair value of financial instruments. The carrying value of the Issuer's current financial instruments, which include cash and cash equivalents, accounts receivable, accounts payable, and accrued liabilities, and shareholder loans, approximates their fair values because of their short-term maturities.

Measurement

The Issuer initially measures its financial instruments at fair value, except for certain non-arm's-length transactions. Subsequently, the Issuer measures all its financial assets and liabilities at amortized cost, except for investments in equity instruments quoted in an active market, which are measured at fair value. Changes in fair value are recognized in earnings for the period in which they occur.

Financial liabilities include accounts payable and accrued liabilities.

Impairment

Financial assets measured at cost are tested for impairment when indicators of impairment exist. The write-down is recognized in earnings for the period. The previously identified impairment loss may be reversed to the extent of the improvement directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the reversal date had the impairment not been recognized previously. The amount of the reverse is recognized in earnings for the period.

Impairment of Long-Lived Assets

A long-lived asset is tested for impairment whenever events or changes in circumstances indicate that its carrying value amount may not be recoverable. An impairment loss is recognized when the asset's carrying amount exceeds the sum of the undiscounted cash flows resulting from its use and eventual disposition. The impairment loss is measured as the amount by which the carrying amount of the long-lived assets exceeds their fair value

Intangible Assets

The useful life of intangible assets is assessed as either finite or indefinite. Following the initial recognition, intangible assets are carried at a cost less than accumulated amortization and impairment losses, if any.

Intangible assets with finite useful lives are carried at a cost less than accumulated amortization. Amortization is calculated using the straight-line method over the estimated useful lives.

Intangible assets with indefinite useful lives are not amortized but tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether it remains supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. These assets are subject to an impairment review if impairment indicators are present. Any loss resulting from the impairment of intangible assets is expensed in the period the impairment is identified.

Recent Accounting Pronouncements.

The Issuer has considered recent accounting pronouncements while preparing these financial statements

NOTE 3 – RELATED PARTY TRANSACTIONS

Since the year ended December 31, 2018, the Issuer has been funded by a related party, The Aeon Group, Inc.

As of December 31, 2025, the balance, for the note payable and accrued interest on the note decreased to \$22,545 compared to \$74,658 as of December 31, 2024.

Additionally, the Issuer now has a receivable from the related party for due from related party of \$79,523 as of December 31, 2025, in comparison to a payable from due to related party of \$70,744 as of December 31, 2024.

NOTE 4 – LOANS PAYABLE

The Issuer had the following note payable, reflected above as a third-party short-term loan.

The remaining balance of \$17,014 is due in full, including the accrued interest of \$5,531 at 3% per annum.

Note 5 - INCOME TAXES

Provisions for income taxes are based on taxes payable or refundable for the current year and deferred taxes on temporary differences between the amount of taxable income and pretax financial income, and between the tax bases of assets and liabilities and their reported amounts in the financial statements. Deferred tax assets and liabilities are included in the consolidated financial statements at currently enacted income tax rates applicable to the period in which the deferred tax assets and liabilities are expected to be realized or settled as prescribed in FASB ASC 740. As tax laws or rates change, deferred tax assets and liabilities are adjusted through the provision for income taxes.

Tax positions need to be recognized in the financial statements when it is more likely than not that the positions will be sustained upon examination by the tax authorities.

NOTE 6 - GOING CONCERN

The Issuer's financial statements have been prepared on the assumption that the Issuer will continue as a going concern. The Issuer's financial position and operating results raise substantial doubt about its ability to continue as a going concern, as reflected by accounts receivable of \$1,108,816 and accumulated deficit of approximately \$326,422 through December 31, 2025, and its minimal working capital position. The Issuer's ability to continue as a going concern depends on continued and expanded operations, developing sales, and obtaining additional capital and financing. The financial statements do not include any adjustments that might be necessary if the Issuer cannot continue as a going concern. The Issuer is currently seeking additional capital to expand its operations.

NOTE 7 – CAPITAL STOCK

The Issuer has two classes of stock: common and preferred. On December 31, 2024, the Issuer had 94,658,151 shares of par value \$0.0001 common stock authorized and 94,658,151 issued and outstanding; no shares of preferred stock are issued and outstanding.

On October 1, 2022, the Issuer issued 25,000 restricted common shares to Anthony Mallios as a bonus for services.

On October 1, 2022, the Issuer issued 43,523,650 restricted common shares to The Aeon Group, Inc., in exchange for the partial outstanding balance of its accumulated notes payable.

On October 1, 2022, the Issuer issued 50,000 shares of restricted common stock to Andrew Martino as bonus compensation for his work with Mangia Organica, a subsidiary of Aster Brands, Inc.

On October 1, 2022, the Issuer issued 500,000 shares of restricted common stock to Aeon Capital, Inc., for services performed for Mangia Organica, a subsidiary of Aster Brands, Inc., as a registered placement agent.
