Commencing with a change in management control in 2019, the Company has been focused on acquiring and developing brands that provide disruptive technology for mobile applications for Telecommunications and Fintech services & solutions. To this end, on March 24, 2020, retroactive to October 1, 2019, the Company entered into a cooperation agreement with World International Services (WIS), a New York corporation controlled by one of our officers and directors, and Vox On Line Servicos De Comunicacoes Ltda (VOX) (d/b/a PayToGO), a corporation formed under the laws of Brazil, also controlled by one of our officers and directors, wherein WIS has agreed to pay expenses up to a maximum of \$50,000, on behalf of the Company, incurred by VOX, for its development of the software application "PayToGo" that will allow for electronic payment transactions, purchase of gift cards, GSM Top Ups, and sending payment processing. The PayToGo platform is centered around a proprietary Wallet Application ("Wallet") and will assist consumers and businesses to process payment transactions and manage their payments efficiently. The Company has expended a total of \$40,836 on the associated software development to date under its agreement with WIS. VOX launched the PaytoGo app in its local market, Brazil, in February 2021. The application is currently in the final testing phase for subsequent launches in Peru, Argentina, Mexico and the United Kingdom.

While during October 2020 the Company entered into an Acquisition and Exchange of Shares Agreement (the "Agreement") with Nextchampions Ltd., a corporation incorporated under the laws of the United Kingdom and the parent corporation of VOX, both entities being controlled by an officer and director of the Company, the Agreement did not close, and the parties agreed subsequently to enter into a licensing and usage agreement for the app PayToGo. Under the terms of agreements under negotiation, the ownership of PayToGo is to be transferred to VOX, and the Company would receive a royalty on all gross revenue generated in the local Brazilian market.
